RE: SUT Exemption for Non-Profit Schools

Current tax law provides Pennsylvania's public schools with an exemption related to construction materials. This exemption is essential in any school district's efforts to keep costs in check as it relates to construction projects.

However, this exemption has yet to be extended to any other type of non-profit school. With this in mind, I will be re-introducing legislation with the intent of providing this exemption to any school designated as a non-profit.

By enacting legislation such as this, the General Assembly can take an important step in its efforts to reduce costs for all Pennsylvania schools.
