Re: Co-sponsorship of Legislation

Following up on the legislation I introduced regarding definitions and penalties for bullying (HB 271); I have introduced the next piece of legislation under the school code regarding bullying. This legislation focuses on the school environment and protection and expansion of student's rights. Recently the New Jersey legislature with the signature of Governor Christie enacted similar legislation, I am hopeful we can protect the children of this Commonwealth as they have in New Jersey.

This Bill is House Bill 879. It would be greatly appreciated if you could add on to this Legislation.
