

HOUSE OF REPRESENTATIVES  
COMMONWEALTH OF PENNSYLVANIA  
HARRISBURG

**MEMORANDUM**

**TO:** Members of the House of Representatives

**FROM:** Representative Jennifer L. Mann, Democratic Caucus Secretary *JLM*

**DATE:** March 29, 2011

**SUBJECT:** Co-Sponsorship of Resolution Honoring Bayada Nurses

---

Since their inception in Philadelphia in 1975, Bayada Nurses have been providing skilled rehabilitative, therapeutic and personal home health care services for Pennsylvanians of all ages.

Providing services that cover the entire spectrum of care from home palliative care to pediatric rehabilitative nursing, Bayada Nurses care for their clients 24 hours a day, seven days a week. They have helped ailing Pennsylvanians experience a better quality of life through care in the comfort of their own homes. Their compassion, excellence in care, and reliability help alleviate the unique demands and stresses that caring for a loved one can place on families.

Because Bayada Nurses help support families by helping their clients have a safe home life with comfort, independence, and dignity, I hope that you will join with me to co-sponsor this legislation honoring their outstanding dedication and service to the Commonwealth.

If you would like to become a co-sponsor, please contact Kira Zickler in my office via email at [kzickler@pahouse.net](mailto:kzickler@pahouse.net).
