Subject: *Water and Sewer System Rehabilitation*

In the near future, I plan to introduce legislation to address Pennsylvania's infrastructure needs through water and sewer system rehabilitation. My legislation would transfer \$50 million originally designated for flood control to water and sewer rehabilitation through H2O Pennsylvania.

Pennsylvania's economic recovery remains fragile and unsteady. It is critical that we pursue policies that stimulate the economy, move business forward, and create jobs even in the midst of difficult fiscal times.

This legislation is one part of a legislative package called PA Works that is designed to create 28,000 new jobs, leverage over \$2 billion in new private investment and save \$150 million.
