**MEMORANDUM**

**TO:** All House Members  
**FROM:** Representative Kathy Rapp *KR*  
**DATE:** May 13, 2011  
**SUBJECT:** Proposed Legislation – **UPDATED Fuels for Schools and Beyond Grant Program**

In the near future, I plan to introduce legislation that will create the Fuels for Schools and Beyond Program. Similar to legislation I have sponsored in the past, this legislation authorizes a \$5 million revolving loan fund to provide loans of up to \$300,000 to schools who are incorporating biomass heaters into their buildings.

Biomass heating and cogeneration are a proven technologies and Pennsylvania is home to a prosperous and vibrant biomass industry. Moreover, increased use of biomass as a fuel source can contribute to Pennsylvania's energy security through a more diversified mix of energy sources. In addition consider these facts about biomass heating:

- Utilizing one ton of wood for heat displaces approximately 79 gallons of fuel oil that would have otherwise been used.
- Biomass has been recognized as a cost-efficient fuel and can significantly reduce expenditures associated with energy needs.
- The economic value of biomass use is significant. Studies have indicated that 90% of the funds used to produce and utilize biomass energy remain in local economies, whereas only about 10% of the funds used to produce and utilize fossil fuels remain locally.
- Using biomass as a fuel source provides a beneficial use for underutilized low grade timber, resulting in healthier and more productive forests, and creates additional forestry and agricultural jobs for Pennsylvania residents.

After three years, the legislation requires that the Department of Environmental Protection, in addition to annual reports, make recommendations for changes that would allow this program to be extended beyond schools to other public buildings such as hospitals, municipal buildings, and prisons.

This bill replaces the earlier version sent out January, 2011. If you wish to co-sponsor this legislation, please contact Annette Mioff at [amioff@pahousegop.com](mailto:amioff@pahousegop.com) or 787-1367.
