

MEMORANDUM

June 8, 2011

TO: All House Members
FROM: Rep. Paul Costa
SUBJECT: Proposed Legislation – **Video Gaming**

In the near future, I will be re-introducing legislation that would allow for the placement of video gaming machines at businesses holding a liquor license.

My legislation would allow up to 5 video gaming machines in a licensed facility that would require each machine to be centrally connected to a computer system run by the Department of Revenue, similar to the lottery system we have in place. This legislation would generate an estimated \$700 million dollars for the Commonwealth.

If you would like to co-sponsor this legislation, please contact Peggy Kieres in my office at 783-1914 (Ext. 6194) or via e-mail pkieres@pahouse.net.
