Subject: Co-sponsorship – ADHD Awareness Week

In the near future I intend to introduce a resolution in honor of Attention Deficit Hyperactivity Disorder (ADHD) Awareness Week which will be celebrated during the week of October 16-22, 2011.

At least four million children, or 5% of the pediatric population, and at least nine million adults, or 4% of the adult population, in the United States have ADHD. ADHD is the result of an imbalance of neurotransmitters in the brain and the primary symptoms of it are inattention, impulsiveness and hyperactivity.

If you would to co-sponsor this resolution, please email Anne Foreman at aforeman@pahouse.net or call 705-7011. Thank you.
