30 No.24), are amended to read:

1 Section 2541. Payments on Account of Pupil Transportation.--
2 (a) School districts shall be paid by the Commonwealth for
3 every school year through the school year 2012-2013 on account
4 of pupil transportation which, and the means and contracts
5 providing for which, have been approved by the Department of
6 Education, in the cases hereinafter enumerated, an amount to be
7 determined by multiplying the cost of approved reimbursable
8 pupil transportation incurred by the district by the district's
9 aid ratio. In determining the formula for the cost of approved
10 reimbursable transportation, the Secretary of Education may
11 prescribe the methods of determining approved mileages and the
12 utilized passenger capacity of vehicles for reimbursement
13 purposes. For the school year 1998-1999 [and each school year
14 thereafter] through the school year 2012-2013, any school entity
15 which contracts with one or more school entities to provide
16 pupil transportation services shall be reimbursed in accordance
17 with the formula specified by the Department of Education for
18 district-owned vehicles. In addition thereto, the Commonwealth
19 shall pay to each district qualifying a payment for excessive
20 cost of transportation, said amount to be determined by
21 subtracting from the cost of the approved reimbursable
22 transportation the sum of the Commonwealth transportation
23 payment immediately above, plus the product of one-half mill
24 (0.0005) times the latest market value of the district as
25 determined by the State Tax Equalization Board, provided such
26 amount is not negative. In addition thereto, the Commonwealth
27 shall pay to school districts which own their own vehicles, an
28 annual depreciation charge of ten per centum (10%), to be
29 calculated on the basis of the approved cost at which the
30 district acquired the vehicle for which depreciation is claimed.

1 With respect to vehicles purchased prior to January 1, 1956, the
2 number of depreciation payments shall be limited to ten such
3 payments. With respect to vehicles purchased on or after January
4 1, 1956, the annual depreciation charge shall not exceed seven
5 hundred dollars (\$700) for such vehicles. The number of annual
6 depreciation charges shall be limited, so that the total amount
7 of such payments shall not exceed the cost of the vehicle as
8 approved by the Department of Education at the time of the
9 purchase. In no case shall the Commonwealth pay, in depreciation
10 charges, more than ten thousand five hundred dollars (\$10,500)
11 for any one vehicle.

12 * * *

13 (c) Payments for pupil transportation on account of the
14 school year 1979-1980 [and every school year thereafter] through
15 the school year 2012-2013 shall be made only in the following
16 cases:

17 * * *

18 (d) The Commonwealth shall reimburse the school districts
19 for the school year 1973-1974 [and for each year thereafter]
20 through the school year 2012-2013 for the approved reimbursable
21 costs incurred in providing transportation under section 1361
22 for nonpublic school pupils and under section 1362 for hazardous
23 conditions: Provided, however, That no district shall receive
24 less than fifty percent (50%) of such approved reimbursable
25 costs.

27 (f) Effective for the 2007-2008 school year through the
28 school year 2012-2013, any school district that is required to
29 transport resident students of a distressed school district
30 pursuant to section 1607(b) shall be reimbursed by the

1 Commonwealth the additional sum of three hundred eighty-five
2 dollars (\$385) for each student reassigned to a school district
3 designated pursuant to section 1607.

4 Section 6. This act shall take effect July 1, 2013, or
5 immediately, whichever is later.
