A RESOLUTION

1 Designating the month of September 2019 as "Polycystic Ovarian
2 Syndrome Awareness Month" in Pennsylvania.

3 WHEREAS, Polycystic ovarian syndrome is a hormonal disorder
4 that affects approximately 5 million women in the United States;
5 and

6 WHEREAS, One of the leading causes of infertility, polycystic
7 ovarian syndrome affects approximately 1 in 10 women of
8 childbearing age; and

9 WHEREAS, Polycystic ovarian syndrome is defined as the
10 presence of cysts on the ovaries combined with the absence of
11 ovulation; and

12 WHEREAS, While the cause of polycystic ovarian syndrome is
13 unknown, most experts believe that several factors, including
14 genetics, could play a role; and

15 WHEREAS, Polycystic ovarian syndrome can begin in the teenage
16 years with symptoms such as irregular or absent menstrual
17 periods, acne, obesity, weight gain, inability to lose weight,

1 breathing problems while sleeping, depression, oily skin,
2 infertility, skin discolorations, high cholesterol levels,
3 elevated blood pressure, excess or abnormal hair growth and
4 distribution, pain in the lower abdomen and pelvis, multiple
5 ovarian cysts and skin tags; and

6 WHEREAS, Women with polycystic ovarian syndrome have a
7 greater chance of developing several serious health conditions,
8 including life-threatening diseases such as diabetes and heart
9 disease; and

10 WHEREAS, There is no known cure for polycystic ovarian
11 syndrome; and

12 WHEREAS, By changing lifestyle habits and making small
13 changes to diet and exercise, women afflicted with the disease
14 can not only feel better, but can also improve their chances of
15 conception; therefore be it

16 RESOLVED, That the House of Representatives designate the
17 month of September 2019 as "Polycystic Ovarian Syndrome
18 Awareness Month" in Pennsylvania.
