ORGANIZATION OF STANDING COMMITTEES

GROUP I

The SPEAKER. The Chair recognizes the majority leader.

Mr. HAYES. At this time, Mr. Speaker, I would move to Group I. The House Committee on Agriculture will meet in room 401; the House Committee on Appropriations in room 245; Business and Commerce, room 115A; Conservation in the majority caucus room, and I would ask the chairmen, as they come back to this House floor, to report to you, Mr. Speaker, as having organized their committees. Thank you, Mr. Speaker.

The SPEAKER. Will the first group kindly leave for the committee rooms that were designated by the majority leader? Again, Group I: Agriculture, room 401; Appropriations, room 245; Business and Commerce, 115A; Conservation, in the majority caucus room. Will the members of those various committees kindly leave for organization?

The House will be at ease, awaiting the return of the various committee chairmen.

REPORT OF COMMITTEE ON APPROPRIATIONS

The SPEAKER. The Chair recognizes the gentleman from Dauphin, Mr. Manmiller. For what purpose does the gentleman rise?

Mr. HAYES. Mr. Speaker, our purpose for meeting today is to formally organize the standing committees of this House of Representatives for 1981-82, and each member has on his or her desk a list of all the standing committees broken into groups for the purpose of organizing those committees today.

It will be necessary for the chairmen of the respective committees to retire from this House chamber to a designated meeting room so that they can formally organize their committees and report back to you, Mr. Speaker.

As I mentioned, on each member’s desk is a memorandum from me which organizes the committees according to group. I am asking the chairmen, when their group is recognized, to go to the meeting room, meet for 15 minutes, and report back to this House chamber. If we keep to this schedule, we will conduct our business, conclude our business by midafternoon and it will not be necessary for us to be in session for a long time today.

I would ask all the Representatives to report to their designated committee rooms as soon as the groups are announced, and those Representatives who happen to be assigned to more than one committee in any one group to please hurry from committee to committee. I have talked to the committee chairmen. They will patiently wait for you to

come and answer the roll so that we can formally organize ourselves today.
Mr. HAYES. Mr. Speaker, it is my understanding that the House Committee on Agriculture has organized and is prepared to do business, and I believe we should go to Group II at this time. Group II includes the House Committee on Consumer Affairs, which will meet in room 245; Education, in 115A; Federal-State Relations, in room 401; and the House Committee on Finance, in the majority caucus room.

The SPEAKER. Will the members of the Consumer Affairs Committee report to room 245; the members of the Education Committee report to 115A; the members of the Federal-State Relations Committee report to room 401; and the members of the Finance Committee report to the majority caucus room?

The House will be at ease.

REPORT OF COMMITTEE ON AGRICULTURE AND RURAL AFFAIRS

Mr. WILT. Mr. Speaker, I would like to report that the Committee on Agriculture and Rural Affairs is organized and ready to do business.

The SPEAKER. The Chair thanks the gentleman.

The SPEAKER. The Chair recognizes the gentleman from Philadelphia, Mr. Pievsky.

Mr. PIEVSKY. I did not know whether to introduce that after all those condolences resolutions; that is, you know, being a little superstitious. However, Mr. Speaker, if I may, can you instruct the Chief Clerk to affix the signature of the entire membership of the House of Representatives? That is if there are no squawks about it.

The SPEAKER. Mr. Pievsky, has this been cleared by the members from the Pittsburgh Steelers' area?

Mr. PIEVSKY. Well, if there are any objections, I am sure they will let us know about it.

There is always next year, Mr. Speaker. This year it belongs to the City of Champions, the Philadelphia Eagles and Coach Vermeil.

The SPEAKER. The Chair recognizes the majority whip.

Mr. CESSAR. For the information of the distinguished gentleman from Philadelphia, the original City of Champions, Pittsburgh, wishes your city well in the coming game this Sunday against that bad team out on the coast, Oakland. And we certainly hope that on Sunday you will be victorious and you will be the new City of Champions in the State of Pennsylvania. We are for you; we support Philadelphia. Thank you, Mr. Speaker.

Mr. PIEVSKY. Thank you, Mr. Speaker, and thank you Mr. Majority Whip.

On the question, Will the House adopt the citation?
Citation was unanimously adopted.

The SPEAKER. The Chief Clerk is instructed to add to the list of sponsors of the citation the names of all the members of the House unless objection is filed with the Chief Clerk's office.

The Chair recognizes the majority leader.

COMMUNICATION FROM DEPARTMENT OF ENVIRONMENTAL RESOURCES

The SPEAKER. The Chair presents the following communication from the Department of Environmental Resources, which the clerk will read.

The following communication was read:

Commonwealth of Pennsylvania
Department of Environmental Resources
Harrisburg, Pa. 17120
January 6, 1981

TO THE GENERAL ASSEMBLY
OF THE COMMONWEALTH OF PENNSYLVANIA:
I am pleased to submit to the General Assembly these storm water management guidelines and model ordinances as directed by Section 14(b), Act of October 4, 1978 (P. L. 864, No. 167), known as the "Storm Water Management Act", and under the procedures provided in the Act of April 7, 1955 (P. L. 23, No. 8), known as the "Reorganization Act of 1955".

The Storm Water Management Act is a major step toward stabilizing Pennsylvania's flooding problems. Flood control projects designed in years past are losing their effectiveness as new developments increase the rate and quantity of storm water entering our streams. In Pennsylvania intensity of land use has caused a sharp rise in the number of flooding events. Since 1936 Pennsylvania has suffered 18 major floods accounting for total damages in excess of $8 billion dollars. Although there is a tendency to look upon the great floods, such as 1936 and 1972, as remote and unprecedented events, the fact is that serious and moderate floods frequently cause extensive, localized damage to communities throughout the Commonwealth.

Storm water management is concerned with the planning, design and management of the flow and storage of surface waters resulting from large and small storms, including considered water quality and interaction with ground water.

The storm water management plans will stabilize the quantity and velocity of storm water which enters our streams. The plans will help to prevent downstream flooding, stream channel erosion and resulting siltation, provide a balance for existing biological habitat in streams, maintain or increase the flow to ground water and reduce the amount of non point source pollution.

Approval of these guidelines will give assistance to counties and local governments facing the increasing problems of accel-
erated storm water runoff. By passing the Storm Water Management Act, the General Assembly determined that proper storm water management is fundamental to the public health, safety and welfare and the protection of the people of the Commonwealth, their resources and the environment.

ADMINISTRATIVE RULES REPORT
NO. 1 OF 1981

Section 1. Under the authority of section 14(a) (3) of the act of October 4, 1978 (P. L. 864, No. 167), known as the “Storm Water Management Act,” the Department of Environmental Resources established guidelines for storm water management and model storm water ordinances, copies of which are on file in the Offices of the Secretary of the Senate and the Chief Clerk of the House of Representatives.

Section 2. Upon the approval of these guidelines and model ordinances by the General Assembly pursuant to the provisions of section 14(b), act of October 4, 1978 (P. L. 864, No. 167), known as the “Storm Water Management Act,” and the act of April 7, 1955 (P. L. 23, No. 8), known as the “Reorganization Act of 1955,” the Department of Environmental Resources shall publish the guidelines and model ordinances.

COMMUNICATION FROM HOUSING AGENCY

The SPEAKER. The Chair acknowledges receipt of the communication from William M. Cleveland, executive director of the Pennsylvania Housing Finance Agency, dated November 18, 1980, regarding the agency obligations falling due in 1981 and how the agency will pay for them.

Subject: Agency Obligations Falling Due in 1981 and How Agency Will Pay Them

To: Governor of Pennsylvania,

Speaker, House of Representatives,
Honorable H. Jack Seltzer

From: William M. Cleveland, Executive Director
Pennsylvania Housing Finance Agency

Act 33 of April 7, 1976, requires that the Agency inform you of agency obligations falling due within calendar year 1981, and the manner in which the Agency anticipates paying for such obligations. Section 504 (A) (c) of Act 33 states:

"To assure the continued operation and solvency of the Agency, for the carrying out of its corporate purposes, provision is made in subsection (a) for the accumulation in each capital reserve fund of an amount equal to the minimum capital reserve fund requirement for such fund. In order further to assure the maintenance of such capital reserve funds, the agency, at least thirty days before the beginning of each legislative session, shall submit to the Governor and the General Assembly a written statement of the obligations of the agency falling due within the succeeding twelve month period and of the manner in which the agency anticipates providing for such obligations by way of payment, extension, renewal or otherwise and an estimate of the funds, if any, expected to be necessary during the following year to restore to each such capital reserve fund any deficiencies in the minimum capital reserve fund requirement for such fund or "otherwise to avoid default in the payment of interest or principal upon bonds or notes issued by the agency, or in sinking fund payments required to be made, and the Governor shall cause the amount of such moneys, if any, to be placed in the budget of the Commonwealth for the next succeeding fiscal year, so that the General Assembly shall be enabled to provide appropriations sufficient to restore any such deficiencies or otherwise to avoid any default. Such appropriations, if any, shall be repaid to the Commonwealth as soon as possible by the agency from moneys of the agency in excess of the amount required to make and keep the agency self-supporting."

Accordingly, as Executive Director of the Pennsylvania Housing Finance Agency, I enclose an Exhibit reflecting this information.

The Agency does not intend to request an appropriation from the Commonwealth to pay off any obligations shown on the attached Exhibit.
