HOUSE OF REPRESENTATIVES

THE SPEAKER (K. LEROY IRVIS) IN THE CHAIR PRAYER

REV. DR. DAVID R. HOOVER, chaplain of the House of Representatives, from McConnellsburg, Pennsylvania, offered the following prayer:

Eternal and Most Vigilant Lord God, in the beauty and glory of this day, we bow before Thee as true and faithful stewards of Thine. We are aware that Thy guiding hand and protective care are over all, and we beseech Thee to continue Thy watchful eye and counseling spirit in the life of each of us.

O God, we ask that Thou wilt especially be with the members of this legislature as they wrestle with the financial problems of this great Keystone State. Give them the discernment to bring forth an adequate budget for this Commonwealth, bestow upon them the business acumen to compile a forward-looking fiscal goal, and direct them in the accomplishment of the best interests of every Pennsylvanian. Amen.

COMMUNICATION FROM ATTORNEY GENERAL

The SPEAKER. The Chair acknowledges receipt from the Attorney General, LeRoy Zimmerman, of the report he files

The following communication was submitted:

Commonwealth of Pennsylvania Office of Attorney General Harrisburg, Pa. 17120

June 27, 1988

Honorable K. Leroy Irvis Speaker of the House of Representatives Main Capitol Building, Rm. 139 Harrisburg, PA 17120

> Re: Report to the Governor and the General Assembly on the Operation of the Wiretapping and Electronic Surveillance Control Act and Recommendations for Legislative Changes

Dear Mr. Speaker:

As required by law, I am forwarding my annual report on the operation of the Wiretapping and Electronic Surveillance Control Act.

This year marks the tenth anniversary of the enactment of the Wiretapping and Electronic Surveillance Control Act and the fifth anniversary of its reenactment. The results obtained during this period with the aid of the invaluable tools provided in the Act as detailed in my report demonstrate the wisdom of this legislation and its importance to prosecutors in the fight against organized criminals and drug dealers. The Act's generally favorable reception in the courts shows that the Act has been utilized in a sound and professional manner by prosecutors and law enforcement officials throughout the Commonwealth with due regard for the constitutional and statutory rights of the people of the Commonwealth. These factors lead to the conclusion that the Act should again be extended, a question which the Legislature must address this year.

Last year I proposed several legislative changes and improvements to effectuate the purposes of the Act. My proposal became Senate Bill 1101 which has been passed by the Senate and is awaiting action by the House. The proposed changes are necessitated by technological advancements which have been made since our original Act was passed and to bring our Act into full compliance with recent changes in the federal wiretap law effected by the Electronic Communications Privacy Act of 1986. My proposal would provide protection to the people of the Commonwealth in conducting electronic, as well as wire and oral communications, and records pertaining to such communications. At the same time, it gives law enforcement authorities access to this type of information, which is often crucial to the successful prosecution of sophisticated crime, pursuant to procedures designed to fully protect the privacy interests of our citizenry. I believe that Senate Bill 1101 appropriately balances the privacy interests of our people with the legitimate needs of law enforcement in the effort to investigate and prosecute the sophisticated crime of this era. It is my hope that you will join me in working for the enactment of Senate Bill 1101.

I continue my oft-stated pledge to use the Act's invaluable tools wherever and whenever appropriate in the fight against dangerous and organized criminals while being ever vigilant to assure that these important powers will always be used in a manner consistent with the constitutional and statutory rights of the citizens of Pennsylvania.

> Very truly yours, LeRoy S. Zimmerman Attorney General

(Copy of report is on file with the Journal clerk.)

MISS PENNSYLVANIA-USA PRESENTED

The SPEAKER. The Chair invites Representative Saurman and Representative Godshall to bring Miss Denise Epps forward. Representative Saurman, Representative Godshall, please escort Denise Epps, who is Miss Pennsylvania in the Miss Universe contest.

The Chair recognizes the gentleman from Montgomery, Mr. Saurman.

Mr. SAURMAN. Thank you, Mr. Speaker.

Members of the House, it is indeed a great pleasure for me to present to you Denise Epps, who is the 1989 Miss Pennsylvania in the Miss USA-Miss Universe contest.

Miss Epps is a native of Ambler and attended our Wissahickon School District. Now she has moved into Representative Godshall's district, to my dismay and to his pleasure.

I would like to read this citation on behalf of both of us.

Whereas, Denise Epps of Lansdale, has been named Miss Pennsylvania in the Miss USA Contest. Miss Epps, who graduated from the Indiana University of Pennsylvania, was Homecoming Queen at Wissahickon and a professional model for the past four years, paying for her education by modeling. She majored in marketing at Indiana and her long-term goal is to own her own modeling agency.

She has done volunteer work with those in drug abuse and in the prevention of teenage suicide.

Now therefore, The House of Representatives of the Commonwealth of Pennsylvania extends hearty congratulations to Denise Epps, the Miss Pennsylvania of the Miss USA contest; notes with pride, admiration and respect her accomplishments; wishes her the best for continued success in the Miss Universe contest.

And we will bring her back when she is Miss USA and when she is Miss Universe.

Denise, congratulations.

The SPEAKER. Denise's father and mother. John and Jacqueline, are to the left of the Speaker. Both of them are there. Please rise. Welcome to the hall of the House. You have every reason to be proud of a very beautiful daughter and a very bright one. We congratulate you.

I knew Paul Wass was not going to let this one go by without grabbing part of the honor.

The Chair recognizes the gentleman from Indiana, Mr. Wass:

Mr. WASS. Thank you, Mr. Speaker.

Only to make certain that the record is clear that she graduated from IUP, Indiana University of Pennsylvania, and on behalf of IUP, their 13,000 students, their faculty, and staff, we want to congratulate her today.

The SPEAKER. The Chair thanks the gentleman.

ROY BRUNGARD PRESENTED

The SPEAKER. The Chair would ask Roy Brungard to come forward to stand beside the Chair.

The Chair would ask your attention. The Chair believes, without taking any investigation of the fact, that there probably is no one on the floor of this House who has served as many years as the gentleman who stands to my left, Roy Brungard. You pay very little attention to his work as you pay very little attention to the activities of the general staff, because they do their work so well that there has been no complaint about them in many, many months. Roy particularly does his work so well that one time when he had gone home under instructions and we needed to get a certain bill out of the safe, we could not break the door of the safe down to get it. We had to get him back to break it down, seriously.

Men and women of our staff are the reasons that we are able to function at all, and we sometimes pay too little in gratitude to all of their efforts in our behalf and in behalf of the people of this Commonwealth. Roy is retiring at the end of this month after 43 years of service here.

You may be amazed to find out, as I am, that he is not the first of his line to so serve here. His grandfather, born in 1850, a lawyer when most people in the United States had not reached beyond the fifth grade, a judge, and a legislator on the floor of this House, served here before Roy.

Roy, we are honored to have you here. We are delighted that you have been with us. We express a personal dismay at your leaving. I am rather glad that I am not going to be here many months after you leave, because I do not know how I would function without you, but thank you for your years of service.

This is not a man given to many words. This is the sort of man who built this Commonwealth - bright, dedicated, honest. It has been our honor to have served with him. And so that you may remember these years of service kindly, the Chair presents to you this commemorative gavel engraved with your name, the Speaker's name, and the years of your service in the House of Representatives of the fine Commonwealth of Pennsylvania. Keep it in good health, and for the first time in your life, answer their call by speaking.

Mr. BRUNGARD. Thank you, Mr. Speaker.

I will cherish this gavel.

To retire or not to retire, that was the question. It was a tough decision to make. This place has been home to me. When I walked through those doors at the rear of the hall of the House the first time as a page in January 1945, I never dreamt I would spend my whole life here. They have been good years for the most part.

I thank the Lord for being able to work in one of the most beautiful rooms in the world. I am thankful for all the friends I have made, all the great people I have worked with, all the great bosses I have had. My cup is full and running over. Thank you and God bless you.

The SPEAKER. Roy, I think if any man or woman can work the way you have worked for the benefit of this Commonwealth and could receive the applause and the honors which have been given you this day, you must understand they were well earned; they were not given lightly. You deserve every handclap, every applause that you got today. We are honored to have you with us. We give you this so that you may have it in your den at home. Try to remember the days you were with us, and we hope that we have treated you at least fairly well, for you have treated us extremely well, and we are grateful to you. Thank you for being Roy Brungard.

The Brungard family is here: Mrs. Brungard, would you rise; his son, Roy, and his daughter-in-law, Penny, with their two children, Brady and Jesse, would you rise—Brady and Jesse were up first—his daughter, Cheryl, and her husband,

Ray, and their two children, Sheila and Andy, will you please rise; his son, William, and his son's wife, Sharon, will you please rise; his daughter, Sue, and her husband, Fabio, will you please rise; his son, David, and his wife, Debbie, will you please rise; his son, Mark, and his daughter, Rebecca, and his son, Paul, will you three please rise. Welcome to the hall of the House.

Again we thank you for your years of service. Believe me, the Commonwealth is better for you and the Brungard family. Thank you again, Roy.

The Chair recognizes the gentleman from Perry, Mr. Noye. Are you ready with the citation? Would you like to read it from the podium? Please come forth.

Mr. NOYE. Thank you, Mr. Speaker.

It is a great honor today to take part in this recognition of a man who has given so much to all of us here in the House. Forty-three years, I am certain, is a record for employment for the House of Representatives. All of us on the Republican side of the aisle have heard the stories for years, intriguing stories, about Norman Wood, who served in this body for 42 years as a member. We often wondered how anybody could put up with serving here for 42 years. Well, here is a man who has surpassed and now holds the record for the longest service in this body as one of our most loyal employees.

Roy is a constituent of mine in Perry County. He has a very loving and close-knit family which you have met. A couple of weeks ago I had the pleasure of speaking at the commencement service. In that class was his daughter, and I can tell you she had the loudest cheering section there that night.

Roy, on behalf of all the members of this body, it is my pleasure to present this citation, which reads:

WHEREAS, Mr. Roy Brungard will be retiring from the Pennsylvania House of Representatives with forty-three years of service; and

WHEREAS, Mr. Brungard started his employment with the House of Representatives as a Page/Messenger in 1945. Since that time he has held various positions such as Speaker's Page, Speaker's Page/Legislative Clerk, Assistant Calendar and Amendment Clerk, Calendar and Amendment Clerk, Message Clerk and Supervisor of the Calendar and Amendment Room/Message Clerk.

NOW THEREFORE, The House of Representatives of the Commonwealth of Pennsylvania extends its heartiest congratulations and best wishes to Mr. Roy Brungard on his retirement; commends him on his dedication and service to the House of Representatives over the past forty-three years; and further directs that a copy of this citation be delivered to Mr. Roy Brungard, R.D. #1, Marysville, Pennsylvania.

Roy, from all of us to you and to your family, we wish you Godspeed, and the nice thing is you are still very young and can now start a new career.

Roy, congratulations.

The SPEAKER. He does not want to make another speech. I knew that.

The House will stand at ease.

FINANCE COMMITTEE MEETING

The SPEAKER. The Chair recognizes the gentleman from Allegheny, Mr. Trello. Do you want an immediate meeting or are you waiting to announce a later one?

Mr. TRELLO. Mr. Speaker, there will be a meeting of the House Finance Committee immediately upon the call of the recess at the back of the House.

The SPEAKER. The House will return to order.

WELCOME

The SPEAKER. We have a guest page who is the guest of Karen Ritter. Her name is Anne Hoppes, and she is a guest page. Welcome to the hall of the House. We are delighted to have you here.

FILMING PERMISSION

The SPEAKER. John Sanks, WPVI, permission to film; WITF-TV, permission to film; and "The People's Business" with Kate Megargee, permission to film is granted. The House proceeded to third consideration of HB 1662, PN 2072, entitled:

An Act amending Title 2 (Administrative Law and Procedure) of the Pennsylvania Consolidated Statutes, exempting certain proceedings before the State System of Higher Education.

On the question,

Will the House agree to the bill on third consideration? Bill was agreed to.

The SPEAKER. This bill has been considered on three different days and agreed to and is now on final passage.

The question is, shall the bill pass finally?

On final passage, the Chair recognizes the gentleman from Montgomery, Mr. Reber.

Mr. REBER. Thank you, Mr. Speaker.

Mr. Speaker, would the prime sponsor of the bill stand for brief interrogation?

The SPEAKER. Mr. David Wright indicates he will stand for interrogation. You may proceed, Mr. Reber.

Mr. REBER. Thank you, Mr. Speaker.

Mr. Speaker, it is my understanding that this particular piece of legislation will in effect exempt proceedings before the State System of Higher Education involving student discipline from various regulations under subchapter A of section 501 of the Administrative Law and Procedure Code of Pennsylvania.

Mr. Speaker, it is my concern that sections 502, 504, and 505 of that subchapter that relate to the authority to allow a party to such a disciplinary proceeding to be represented by counsel and to also have the opportunity of reasonable notice of such hearing and also the opportunity to be heard at such hearing, and obviously an outgrowth of that in the final section, the right of examination and cross-examination of witnesses, that those particular types of safeguards or particular types of statutory rights in such a proceeding would not be mandated if this particular provision goes into effect. Am I correct in that analysis, Mr. Speaker?

Mr. D. R. WRIGHT. I believe you are correct that it would not be mandated. What clarification may be necessary, however, is that all of the State-related institutions do not have the provisions. All we are trying to do with this legislation is to bring the State System of Higher Education institutions into conformity with the State-related institutions. It would be the same procedure for the State colleges, the State institutions, as for the State-related ones.

Mr. REBER. Mr. Speaker, I guess my concern is very simple, that when we are talking about, as the amendatory language on the second page of the bill in subparagraph (4) speaks to, we are talking about proceedings involving student discipline, and I know you have a concern, as I am sure all of us have, that when student discipline comes into an adversarial type of proceeding, there is quite a bit of concern for the student himself and the student's family. I am just wondering why we would want to limit what I consider to be fundamental constitutional due-process considerations, fundamental fairness, if you will, in the adversarial proceeding and in the representation of students that may or may not justifiably be caught up in that kind of process. It just seems to me to be some kind of field that I do not necessarily think we should be exempting and taking away, if you will, certain fundamental due-process rights. I guess my question is, why are we doing it, and if the simple reason is that we have done it in other areas, I do not think that indiscretion or that incorrect action in other areas justifies going down the road even that much further.

Mr. D. R. WRIGHT. I am not sure, Mr. Speaker, that it was ever intended that these provisions apply as stringently to students as they do. One of the things that has happened on the State college campuses is that because of the due-process provisions to which you refer, it is very possible for a student to commit an infraction or to be accused of an infraction at the sophomore level and not have that adjudicated until the person graduates. It seems to me that there are certain kinds of responsibilities that the administrators of a college have in performing functions of discipline. If there are major infractions, then the student does have access, of course, to legal counsel, to representation, and all of the other things that would be in due process. But the issue is the cumbersome untimeliness of the disposition of those relatively minor cases.

Mr. REBER. Thank you, Mr. Speaker.

That concludes my interrogation. Could I be recognized on the bill?

The SPEAKER. The gentleman is in order and may proceed on final passage.

Mr. REBER. Thank you, Mr. Speaker.

Mr. Speaker, I can somewhat understand the justification of the maker of this particular piece of legislation in what he is trying to do. However, with the deepest due respect, I personally find it very concerning, in student discipline matters very specifically, to in essence take away fundamental, constitutional due-process considerations that are otherwise afforded to other parties in similar types of administrative-proceeding, agency-proceeding formats, and I think, as the interrogation had earlier gone, you can begin to appreciate the concern why this particular type of representation and particular fundamental rights, if you will, of due process should be afforded very specifically to students in such a disciplinary proceeding.

I do not know if there is any way that this could be remediated to strike some form of balance, but for the time being, Mr. Speaker, I think I would have to individually urge opposition to this particular House bill as a result of the fact that student disciplinary proceedings do in fact deserve, I think, the appropriate constitutional guarantees that are in fact currently statutorily mandated and I think, frankly, are constitutionally required. Thank you, Mr. Speaker.

The SPEAKER. On final passage, the Chair recognizes the gentleman from Allegheny, Mr. Cowell.

Mr. COWELL. Thank you, Mr. Speaker.

Mr. Speaker, I would urge that we approve HB 1662. This legislation was earlier considered by and unanimously approved by the House Education Committee.

We cannot, by changing this law, take away any fundamental, constitutional rights of students or any other citizens. We simply cannot do that by changing the law if we are dealing with fundamental, constitutional rights.

What this legislation would do is remove an extraordinary process that is provided for in the Administrative Code which currently applies only to students who happen to attend State universities, the 14 universities of the State System of Higher Education. This is an extraordinary process that is imposed upon the universities of the State System which we do not impose upon the universities and the students and the disciplinarians in our private colleges and universities, in our community colleges, in our State-related or our State-aided institutions. We are not taking away any fundamental, constitutional rights. We are simply saying that this extraordinary process that really inadvertently has been applied to disciplinary issues is not appropriate and the process ought to be removed, and the institutions-as all other institutions in this Commonwealth can already do-these 14 institutions ought to be able to operate their disciplinary process and their procedures as the other institutions do, keeping in mind that we cannot remove-and they cannot remove-the constitutional rights or the fundamental rights that students may have, students who may be involved in these procedures.

I would urge that we approve this legislation.

On the question recurring,

Shall the bill pass finally?

The SPEAKER. Agreeable to the provisions of the Constitution, the yeas and nays will now be taken.

The majority required by the Constitution having voted in the affirmative, the question was determined in the affirmative and the bill passed finally.

Ordered, That the clerk present the same to the Senate for concurrence.

The House proceeded to third consideration of SB 831, PN 2195, entitled:

An Act amending the act of June 5, 1968 (P. L. 140, No. 78), entitled "An act regulating the writing, cancellation of or refusal to renew policies of automobile insurance;...," further prohibiting policy cancellation, refusal to write or renew insurance and imposition of a surcharge.

On the question,

Will the House agree to the bill on third consideration?

Mr. GAMBLE offered the following amendments No. A3871:

Amend Title, page 1, line 9, by removing the period after "SURCHARGE" and inserting

; and providing for a statement of the components of insurance premiums.

Amend Sec. 2 (Sec. 4.1), page 4, by inserting between lines 3 and 4

Components of premium.-All insurers shall provide to (c) insureds a detailed statement of the components of a premium and shall specifically show the amount of a surcharge or other additional amount that is charged as a result of a claim having been made under a policy of insurance or as a result of any other factors.

On the question,

Will the House agree to the amendments?

The SPEAKER. On the amendment, the Chair recognizes the gentleman from Allegheny, Mr. Gamble.

Mr. GAMBLE. Mr. Speaker, my amendment addresses the question of how your premium is determined on your policy. I believe that policyholders have a right to know what they are paying for. As you know, as members of the House over the years we have increased the fines for motor vehicle violations. we have increased points, and we have increased penalties as a

deterrent to unsafe driving and to promote safe driving across the State, but the real penalty lies with the insurance company when they penalize the drivers for having incurred points. So what we are saying is that the insurance company has to itemize what is premium and what is penalty on your policy, and we feel that will go a long way in promoting safe driving just as increased fines and penalties do.

I would appreciate your "yes" vote.

On the question recurring, Will the House agree to the amendments?

The question was determined in the affirmative, and the amendments were agreed to.

On the question,

Will the House agree to the bill on third consideration as amended?

Mr. FOX offered the following amendments No. A3821:

Amend Title, page 1, line 9, by removing the period after "SURCHARGE" and inserting

; and further providing for notice of cancellation or refusal to renew policies.

Amend Sec. 3, page 4, line 5, by striking out "BY ADDING A PARAGRAPH"

Amend Sec. 3, page 4, line 11, by striking out all of said line and inserting

(1) Be approved as to form by the Insurance Commissioner prior to use;

(2) State the date, not less than [thirty] <u>sixty</u> days after the date of such mailing or delivering on which such cancellation or refusal to renew shall become effective, except that such effective date may be fifteen days from the date of mailing or delivery when it is being cancelled or not renewed for the reasons set forth in clauses (1) and (2) of section 4;

(3) State the specific reason or reasons of the insurer for cancellation or refusal to renew;

(4) Advise the insured of his right to request in writing, within [twenty] thirty days of the receipt of the notice of cancellation or intention not to renew, and of the receipt of the reason or reasons for the cancellation or refusal to renew as stated in the notice of cancellation or of intention not to renew, that the Insurance Commissioner review the action of the insurer;

(5) Either in the notice or in an accompanying statement advise the insured of his possible eligibility for insurance through the automobile assigned risk plan;

(6) Advise the insured that he must obtain compulsory automobile insurance coverage if he operates or registers a motor vehicle in the Commonwealth, that the insurer is notifying the Department of Transportation that the insurance is being cancelled or not renewed, and that the insured must notify the Department of Transportation that he has replaced said coverage.

On the question,

Will the House agree to the amendments?

The SPEAKER. On the amendment, the Chair recognizes the gentleman from Montgomery, Mr. Fox.

Mr. FOX. Thank you, Mr. Speaker.

This amendment would provide that the insurer would have to notify the Department of Transportation that insurance is being canceled or not renewed. As you know, part of our whole insurance problem in Pennsylvania is the fact of lack of knowledge. We believe this amendment would be a positive step in the right direction to having more compliance with the law and therefore hopefully lower rates because more people will be driving with insurance.

BILL ON SECOND CONSIDERATION

The following bill, having been called up, was considered for the second time and agreed to, and ordered transcribed for third consideration:

HB 2583, PN 3570.

COMMITTEE MEETING

The SPEAKER. Mr. Pistella, do you wish to announce a meeting at the break? The Chair recognizes the gentleman.

Mr. PISTELLA. Thank you, Mr. Speaker.

The select committee on long-term care will reconvene in room 39E of the annex at the break.

ANNOUNCEMENT BY SPEAKER

The SPEAKER. At the break for lunch, remember, all of you are invited to have lunch with Roy Brungard in our cafeteria. All of you were invited. I am sure he would appreciate everyone showing up.

STATEMENT BY MINORITY LEADER

The SPEAKER. The Chair recognizes the minority leader.

Mr. RYAN, Mr. Speaker, prior to the caucus announcements, because too often our members leave immediately for caucus-you know we have such high attendance-1 think everyone should know that the gentleman, Mr. Manderino, announced last night that there would be four major bills brought up today with four major votes. If he is able to hold to that schedule, and I have no reason to believe that he will not be able to, I would echo his remarks of last night which were that politically, as well as for the Commonwealth, it may very well be that today could be a very, very important day for each of us. I am sure that the gentleman, Mr. Manderino, feels as I feel, that it is important enough that everyone be in attendance for each of those votes that will be cast, and I urge our members and members on the other side to be sure to be present for all of the festivities of the day. Thank you, Mr. Speaker.

REMARKS ON VOTE

The SPEAKER. The Chair recognizes the gentleman from Montgomery, Mr. Saurman. Why do you rise?

Mr. SAURMAN. To correct the record, Mr. Speaker.

The SPEAKER. You may proceed.

Mr. SAURMAN. My switch failed to operate on final passage of HB 1662. I would like to be recorded in the affirmative.

The SPEAKER. The gentleman's remarks will be spread upon the record.

Mr. SAURMAN. Thank you.

DEMOCRATIC CAUCUS

The SPEAKER. The Chair recognizes the gentleman from Allegheny, Mr. Itkin.

Mr. ITKIN. Mr. Speaker, I am going to suggest that we now recess the House for lunch. Democrats will go to caucus at 1 o'clock. Go to the majority caucus room at 1 o'clock and back on the floor at 2.

The SPEAKER. Immediate caucus on the part of the Democrats— No; correction. The Chair corrects itself. Caucus after lunch beginning at 1 o'clock for the Democrats and return at 2 o'clock.

REPUBLICAN CAUCUS

The SPEAKER. The Chair recognizes the gentleman from Perry, Mr. Noye.

Mr. NOYE. Thank you, Mr. Speaker.

We will do the same thing in anticipation of votes this afternoon on tax reform on the two bills that were sent over from the Senate, HB 9 and HB 14 of the special session, as well as the Senate budget. So I would ask all members to be present at 1 o'clock.

The SPEAKER. The Chair recognizes the minority leader.

Mr. RYAN. Mr. Speaker, in the rumor mill there has been a suggestion that a motion will be made to revert to a prior printer's number on at least one bill that is coming over from the Senate. Now, the only thing I am asking is, if that is the case, I wonder if the gentleman, Mr. Manderino, would be kind enough to tell us so that we are not caucusing on the latest printer's number to be faced with a vote on a prior printer's number. If that is the case, then, of course, I would reserve the right to return to caucus to—

The SPEAKER. Mr. Ryan, the Chair does not think the majority leader even heard you. Let us wait until we get his attention.

Mr. RYAN. He has got his own problem right now. I will give him plenty of time. I believe he is working out some staffing problems, Mr. Speaker.

The SPEAKER. Mr. Manderino, while you were busy at your desk, Mr. Ryan was asking a question which the Chair thought you ought to hear and decide for yourself whether you wish to answer it.

Mr. Ryan, repeat the question, will you?

Mr. RYAN. Mr. Speaker, the rumor mill, and I am not suggesting that it is accurate; I am simply saying that in the rumor mill there has been a suggestion that we may deal with a vote on a prior printer's number of one of the measures that we have all discussed is going to be brought up today, and if that is the case, then it is going to be necessary for us to know that prior printer's number so that we can caucus on it. Now, if the gentleman does not feel at this time he should tell us that, I am simply saying to the Chair that I would reserve the right to have a further caucus in the event this prior-printer's-number problem does come up.

The SPEAKER. The Chair recognizes the majority leader.

Mr. MANDERINO. Mr. Speaker, I have never attempted to carry out the duties of the majority leader's office based on rumor, and I would hope that Mr. Ryan does not either. But I think he is entitled to an answer to the question.

The bill that he is concerned with that we may move to a prior printer's number is HB 14. HB 14 is a constitutional amendment providing for a homestead exemption. HB 14 that provides for a homestead exemption will not be able to be advertised for the first time in this session of the Assembly unless we do it before we break for the summer, unless we pass a version of HB 14. HB 14 must be advertised by an August date to count for the first session of the General Assembly.

So that is the bill that we are talking about. Now, there are only three printer's numbers: One, our version, the Democrat version, which was a 30-percent differential on residential and commercial property; a version very similar and maybe identical to the Peck Foster version of a uniform exemption; and a proposal that Mr. Stauffer made in the Senate and received on party-line vote 25 Republican votes, which said that in essence the constitutional amendment would permit the General Assembly to either authorize or require a differential in real estate assessments for residential property to make up for any additional burden imposed on individuals by a personal income tax that municipalities might levy. That is very significant, because the personal income tax that municipalities might levy— No municipality can levy a personal income tax as we know it; they levy wage taxes at this time, which is different than a personal income tax. We have not given the authority to municipalities to levy a personal income tax, and when Mr. Stauffer made that proposal, it was linked to the proposal that he was making and the proposal that, frankly, we made to allow municipalities to levy limited personal income tax.

Now, with that lengthy explanation, you might think that that is what we are going to revert to. That is not necessarily the case. We will either revert to the version that we put in or that version that Mr. Stauffer put in, or we will attempt to do that, and I think it is easy enough for you to consider both of those.

Mr. RYAN. That was a very clear explanation, Mr. Speaker, of what we are doing this afternoon.

RECESS

The SPEAKER. The House will stand in recess until 2 p.m.

AFTER RECESS

The time of recess having expired, the House was called to order.

CALENDAR CONTINUED

BILLS ON THIRD CONSIDERATION

The House proceeded to third consideration of SB 1438, PN 2207, entitled:

An Act to provide from the General Fund for the expenses of the Executive, Legislative and Judicial Departments of the Commonwealth, the public debt and for the public schools for the fiscal year July 1, 1988, to June 30, 1989, and for the payment of bills incurred and remaining unpaid at the close of the fiscal year ending June 30, 1988; to provide appropriations from the Lottery Fund, the Pennsylvania Economic Revitalization Fund, the Energy Conservation and Assistance Fund, the Emergency Medical Services Operating Fund and the Unemployment Compensation Interest Fund to the Executive Department; to provide appropriations from the Judicial Computer System Augmentation Account to the Judicial Department; to provide for the appropriation of Federal funds to the Executive and Judicial Departments of the Commonwealth and for the establishment of restricted receipts accounts for the fiscal year July 1, 1988, to June 30, 1989, and for the payment of bills incurred and remaining unpaid at the close of the fiscal year ending June 30, 1988.

On the question,

Will the House agree to the bill on third consideration? Bill was agreed to.

The SPEAKER. This bill has been considered on three different days and agreed to and is now on final passage.

The question is, shall the bill pass finally?

PARLIAMENTARY INQUIRY

The SPEAKER. The Chair recognizes the minority leader. Mr. RYAN. A point of parliamentary inquiry, Mr. Speaker.

The SPEAKER. What is the gentleman's point?

Mr. RYAN. Mr. Speaker, I have two amendments to offer to SB 1438. Now, what I also have is a form of resolution that I have asked to be circulated—I do not know whether it is necessary, and this is what prompts my parliamentary inquiry to abolish the temporary rule.

Now, my understanding of the temporary rule is that in order to offer an amendment, I need two-thirds vote in this democracy that we have. Mr. Manderino explained that if we are not happy with the temporary rule, we can abolish it. Well, I am suggesting that we abolish it, at least for the purpose of offering a couple of amendments.

My question, Mr. Speaker, is, is it necessary to do that by a printed resolution or can I do that by a simple oral motion?

The SPEAKER. As the Chair reads the temporary rule—we will check it out carefully—you do not have to have a twothirds vote to offer an amendment to a bill which is on the calendar. All you would have to do is offer it the same as any other amendment would be offered and a simple majority would cover it. You do not need the two-thirds. Let me check and make sure.

Mr. RYAN. Oh, that is fine. I have two amendments, Mr. Speaker.

The SPEAKER. No; I think the two-thirds is to abolish the temporary rule—

Mr. MANDERINO. No. Mr. Speaker-

The SPEAKER. —or to suspend it, but not to offer an amendment to the bill.

Mr. RYAN. Well, I have two amendments, Mr. Speaker, that are being circulated. I would ask that they be called up. Thank you for the ruling.

The SPEAKER. Just a moment. Wait a moment.

The Chair has had pointed out to him by the Parliamentarian—do you have a copy of the temporary rule?—you cannot really offer your amendments because the deadline has passed, and the only way you could offer them would be to have the Committee on Appropriations for special and proper reason by majority vote waive the deadline. Mr. RYAN. Mr. Speaker, thank you. I knew there was some way that Mr. Manderino had me tied up. Now I am trying to get untied, and I know I can get untied with a majority of 99 people saying, yes, we are going to allow you to offer an amendment for agriculture and child welfare, and if the only way you can offer that amendment for child welfare and agriculture—

Mr. MANDERINO. Mr. Speaker, a point of order.

Mr. RYAN. —is to do away with the temporary rule, then I am asking you, how do I do that?

POINT OF ORDER

Mr. MANDERINO. Point of order, Mr. Speaker.

The SPEAKER. What is your point of order, Mr. Manderino?

Mr. MANDERINO. Mr. Speaker, does the gentleman have the floor for a specific purpose?

The SPEAKER. Yes. He asked a parliamentary inquiry as to what would be the rule.

Mr. MANDERINO. He is making a speech. I do not hear the parliamentary inquiry.

The SPEAKER. His parliamentary inquiry is whether or not it would be necessary for him to offer a resolution to abolish the temporary rule.

Mr. MANDERINO. And I also heard the Speaker's answer to that question. Now what is he talking about?

The SPEAKER. The Chair recognizes the minority leader.

Mr. RYAN. No; I disagree with what the gentleman said.

The Speaker said that I could not do this because I missed the deadline. My question then is, how do I abolish this temporary rule so that I can offer an amendment for the benefit of the agricultural community and children and youth services?

Mr. MANDERINO. He is making a speech again, Mr. Speaker.

Mr. RYAN. No, I am not. You know, Mr. Speaker, that if I want to make a speech, it goes a lot longer than that.

The SPEAKER. The way that you would do that is to have the House abolish the temporary rule, and to do that, of course, you would require that the resolution be adopted by a constitutional majority because you would be in effect amending the current rules of the House.

The unfortunate part, however, is that your parliamentary inquiry is in order, because it always is, but nothing else before the House is except the question of final passage of SB 1438.

MOTION FOR PREVIOUS QUESTION

The SPEAKER. The Chair recognizes the majority leader. Mr. MANDERINO. Mr. Speaker, have you answered the parliamentary inquiry? I gained recognition, Mr. Speaker.

The SPEAKER. I believe so.

Mr. MANDERINO. Mr. Speaker, I move the previous question.

The SPEAKER. The previous question requires a seconding of 20 members standing on the floor. There must be 20 seconds: David Wright, 1; Coy, 2; Pievsky, 3; Oliver, 4; Donatucci, 5; Rieger, 6; Roebuck, 7; Fattah, 8; Kosinski, 9; Jarolin, 10; Gruitza, 11; Ritter, 12; Linton, 13; Broujos, 14; Duffy, 15; Petrone, 16; Hutchinson, 17—he has never been 17—Fee, 18; Rybak, 19; Kitchen, 20; Trello, 21. No, there is no need to go beyond that count.

The motion has been seconded, and now the question is on the motion. It is not debatable, but it is a simple majority.

Those in favor of the previous question motion will vote "ave"-

The Chair recognizes the minority leader.

Mr. RYAN. Mr. Speaker, it is my understanding that I have the privilege of the floor?

The SPEAKER. The floor leaders always do. The Chair recognizes Mr. Ryan.

Mr. RYAN. Thank you.

Mr. Speaker, frankly I do not know whether I was preempted in the course of my questions of a parliamentary nature. Something is not right in this so-called deliberative body when a budget that affects this whole Commonwealth twice has been prevented from being debated by the majority leader. What is he afraid of, Mr. Speaker? What is he afraid of?

Now, Mr. Speaker-

The SPEAKER. Just a moment, Mr. Ryan.

Now, you have done very well under trying circumstances. Let us not blow it. The floor leader has a right to the floor. Our floor leader will have the right to the floor. There will be no booing on this floor. Let it alone.

Go ahead, Mr. Ryan.

Mr. RYAN. Mr. Speaker, I was attempting to offer two amendments-

POINT OF ORDER

Mr. MANDERINO. Point of order, Mr. Speaker.

The SPEAKER. What is the point of order?

Mr. MANDERINO. Mr. Speaker, as I read the rules, the privilege of the majority and minority leaders speaking on every subject is to the exclusion of the motion for previous question, and, Mr. Speaker, I would ask that the Parliamentarian check the matter.

The SPEAKER. The Parliamentarian and the Chair believe that there are no limits as to the availability of the floor to either floor leader. The previous question is not exempted from that.

The Chair recognizes the minority leader.

Mr. RYAN. Thank you.

Thank you for that ruling, Mr. Speaker.

PARLIAMENTARY INQUIRY

Mr. MANDERINO. Parliamentary inquiry, Mr. Speaker. The SPEAKER. What is the gentleman's parliamentary inquiry?

Mr. MANDERINO. Is the privilege accorded the floor leaders-which I will not concede until I have had my people check it; you may be right—is it a privilege accorded to speak on the motion for previous question or generally?

The SPEAKER. Floor leaders have been known in times past to speak generally about all subjects.

Mr. MANDERINO. Thank you, Mr. Speaker.

The SPEAKER. But the Chair would advise the floor leaders on this particular dueling match that it would be wise to maintain the limits of the question, which is, shall we adopt the previous question or shall we not?

Now, Mr. Ryan.

Mr. RYAN. Thank you, Mr. Speaker.

Mr. Speaker, the motion on the previous question is something that is resorted to infrequently in the legislative process. The effect of it, of course, is to limit debate.

Now. I have participated in motions such as this over the years and many of us here have. We usually do this when we are just worn out and it is 3 in the morning and there have been 1,800 speeches on the same subject, and finally in frustration someone stands up and says, "I move the previous question." Twenty-five other people wanting to get out say, "I second it," and we take a vote and that is the end of it. Rarely-and think about this, those of you who have been around a little while-rarely has it ever been used-in fact, I am searching my recollection now to try and remember when it has ever been used-to absolutely cut off any debate. Any debate whatsoever is being cut off if this motion carries, and that is why I say, what are you afraid of? Think about it. We have never cut off debate without debate.

I have two amendments. One of them happens to help the agricultural community and the other one helps children and youth services in our various counties. It gives additional money to children and youth services.

The SPEAKER. Now, Mr. Ryan, you are going beyond the limits. Let us limit it now to your reasons for objecting to the previous question.

And for those members who are running to the rule book, the Chair ruled on the reading of rule 61, which says, "A motion for the previous question, seconded by 20 members...shall put an end to all debate " But if the Chair were to rule that the phraseology "all debate" in that rule meant no debate by the majority leader and no debate by the minority leader, then under all motions which are not debatable, neither floor leader could be recognized, and that has not been the precedent.

Mr. RYAN. Mr. Speaker?

The SPEAKER. The Chair recognizes the minority leader.

Mr. RYAN. I was prepared, in order to have my couple of sentences, few moments, to move that the bill be laid on the table, which would take priority over your previous question, and that way get a little bit of debate in. I come back-And I appreciate it, however, what the Speaker has ruled on. I just come back to say to you, I do not think it is fair, and I am appealing now to a sense of fairness that over the years has been displayed by this House on a number of occasions. We

have never done this before. Remember, it is a two-edged sword; it is a two-edged sword.

I would ask for a negative vote. Thank you.

The SPEAKER. The Chair recognizes the majority leader.

Mr. MANDERINO. Mr. Speaker, the gentleman talks of fairness and the gentleman talks of courtesy. He talked about it the other day.

When we adopted the temporary rule, he complained that I only gave him an hour and a half's notice. He shaved it a little bit. I had given him about 3 hours' notice. I did not complain. I was fair in letting him know, through his staff, to his office. I gave him a copy of the rule that we intended to adopt. I thought that was fair.

He asked me yesterday what we were going to do today and he asked me today what we were going to do today, and in fairness and in courtesy, I told him which bills we were going to handle. I told him what he could expect on each of the bills. what my motions would be. I told him there were two possible printer's numbers that we could revert to, and it was not difficult to check both of them. We had not really made up our mind on which way we wanted to go. I thought that was fair. I thought that was courteous.

Mr. Ryan had prepared a resolution to destroy the temporary rule. He had it circulated, at least to the amendment clerk. His courtesy did not extend to letting the majority leader know. I never got any advance communication.

We told him of the amendments that we wanted to offer to whatever bills we were dealing with today. He never once informed the majority leader's office that he had two amendments.

The amendment clerk was checked when we broke for caucus to see if there were any amendments filed with the amendment clerk. There were none filed. Do not talk to me about fairness. Do not talk to me about courtesy.

Mr. Speaker, I ask that we vote on the motion for the previous question and get on with the business of adopting a budget for this Commonwealth.

On the question,

Will the House agree to the motion?

The majority required by the Constitution having voted in the affirmative, the question was determined in the affirmative and the bill passed finally.

Ordered, That the clerk return the same to the Senate with the information that the House has passed the same without amendment.

The SPEAKER. The Chair recognizes the minority leader.

Mr. RYAN. Mr. Speaker, now that we have this budget to keep the Commonwealth running for the next year, are we about to break for the summer recess?

The SPEAKER. The Chair does not believe that will happen this soon.

Turn to supplemental calendar A.

The Chair recognizes the minority leader.

Mr. RYAN. Mr. Speaker, again on the question of fairness and courtesy, we do not even have a supplemental calendar.

The SPEAKER. Have they not been distributed? The Chair apologizes. The Chair had it and thought they had been distributed.

The House will stand at ease for a few minutes.

Mr. Ryan, the reason was that there is a reconsideration motion which has to be passed first. So the calendar really should not be in the hands of the members unless the reconsideration motion is passed.

The SPEAKER. We have a reconsideration motion filed by Mr. Manderino whereby the vote by which HB 1480 was nonconcurred in on the 22d day of June be reconsidered.

The question was determined in the affirmative, and the motion was agreed to.

The SPEAKER. The House has immediately before it HB 1480, PN 3498. Now please see to it that the supplemental calendars have been distributed.

The Chair just called to order the House of Representatives using the commemorative mallet you and I rewarded Roy Brungard with earlier in this session. Again, Roy, we thank you for your devotion to this House, and we give you your commemorative mallet which has officially called the House to order.

SUPPLEMENTAL CALENDAR A BILL ON CONCURRENCE IN SENATE AMENDMENTS

The clerk of the Senate, being introduced, returned the following **HB 1480**, **PN 3498**, with information that the Senate has passed the same with amendment in which the concurrence of the House of Representatives is requested:

An Act amending the act of March 4, 1971 (P. L. 6, No. 2), known as the "Tax Reform Code of 1971," further providing for the utilities gross receipts tax.

On the question,

Will the House concur in Senate amendments?

RULES SUSPENDED

The SPEAKER. The Chair recognizes the majority leader, who moves that the rules of this House be temporarily suspended.

The Chair recognizes the majority leader.

Mr. MANDERINO. Mr. Speaker, my motion is that the rules be temporarily suspended so that I may offer amendment A4141 to the House bill before us and to the Senate amendments in the bill, Mr. Speaker.

On the question,

Will the House agree to the motion?

The SPEAKER. The Chair recognizes the minority leader.

Mr. RYAN. Mr. Speaker, I rise in opposition to the suspension of the rules. What the gentleman is intending to do by suspension of the rules is to do away with a tax cut. Now, there are a lot of things we can do in life and few we regret for a long period of time, but when you do away with a tax cut, that has got to be disheartening to the people of the Commonwealth.

Now, we just passed one budget, which was a pretty good budget except for the absence of my amendment for agriculture and my amendment for children and youth services. Now the gentleman, Mr. Manderino, is going to ask us to suspend the rules so he can pass another budget. Now, that puts the Governor in the crazy situation of trying to figure out, what has the legislature done? What is the legislature asking me to

Dininnì

do? How can I depend on my majority leader who cannot decide which budget he likes? I do not want the majority leader to look foolish in the eyes of his Governor, so let us not allow the Governor to do that by saying, Jim, which one do you want me to pick from?

Let us not suspend the rules. Let us keep the tax cut and get on with the business of the Commonwealth.

The SPEAKER. On the question of suspension of the rules, the Chair recognizes the majority leader.

Mr. MANDERINO. Mr. Speaker, the budget that we just passed, which will go to the Governor, which will continue State services, is a piece of legislation that, again, we decided to send to the Governor to keep State services going. Those of you on the other side of the aisle that have chosen to play obstructionist and those in the Senate that have chosen to play obstructionist on the State budget will not win.

Mr. Speaker, I sent in plenty of time for a June 30 deadline a House bill to the Senate. It has not moved to one reading in the Senate. It was a budget bill. They chose not to move it, not to do anything with it - not to amend it, not to move it up, not to do anything. They sent me a Senate bill. They sent me a Senate bill at a time that amendment process and days left would not have allowed us to have a budget on time, and that is why they sent it to me and that is why they sent me a bill that cut many essential State services.

They sent me a bill that we have sent to the Governor that cuts out all economic development programs in this Commonwealth. They sent a bill that does all sorts of horrendous things, but it is a bill that still keeps government going. The Governor has said that he will not accept tax cuts because there is not money for tax cuts at the expense of programs that he deems important - PENNVEST, which has been cut severely; water and sewer programs; the incubator program for businesses; all of the PERF (Pennsylvania Economic Revitalization Fund) programs; all the economic development programs, and a lot of other things. I do not want to go into that in detail.

What we do today, what we do today in asking to suspend the rules and insert the kind of a budget that we originally sent to the Senate in a House bill-and that is what we are doingwe further the process. I do not expect the Senate to send it to the Governor the way we send it to them, but we will have narrowed the issues between the parties. We will know exactly what has to be done and what has to be dealt with, what few issues there are, and we will call a conference committee before the end of the fiscal year. The Senate gives us that opportunity by nonconcurring in this bill, and we will attempt to get a full budget before the Governor before the end of the fiscal year. I cannot promise you that we will be successful. I can predict that we probably will not be successful if the obstructionist tactic that we have seen continues. I would expect that we would have difficulty.

Be that as it may, Mr. Speaker, I would ask that we vote in the affirmative for the suspension of the rules so that I may offer the budget that I told Mr. Ryan earlier today and yesterday we would be offering to this bill, and let us get on with the business of trying to get a full budget, not just a budget that keeps services going, before the end of the fiscal year. Let us try to get that budget.

The SPEAKER. Those in favor of suspending the rules of the House will vote "aye"; those opposed, "no."

On the question, Will the House agree to the amendments?

WELCOME

The SPEAKER. The Chair welcomes Mr. Jim Tayoun back to the floor of the House. He is to the left of the Speaker. Welcome, Jim. We are glad to see you here.

CONSIDERATION OF HB 1480 CONTINUED

The SPEAKER. The Chair recognizes the minority leader. Mr. RYAN. Mr. Speaker, as I view this vote, I view it not as a sincere attempt to pass a budget, because we have already passed Mr. Manderino's budget once, a couple of weeks ago as he points out, but rather as a devious way of doing away with a tax cut.

Now, we just passed a budget 5 minutes ago. We passed this very budget, this very bill, I believe—I do not believe there are any changes in it. If there are, I would ask the gentleman, Mr. Manderino, to point them out—but I believe this is the exact same amendment that was offered before. Why are we doing it again? We are doing it, you are being asked to do it, to do away with a tax decrease.

Now, because it is a budget and a lot of people are nervous about voting against a budget, I can understand someone worrying politically about what to do, but I think what you are doing now is you are voting against a tax decrease.

The SPEAKER. The Chair recognizes the majority leader.

Mr. MANDERINO. Mr. Speaker, very briefly.

There is no mystery in what we do. We indicated that we certainly want to send a message to the Senate that we are not in favor and the Governor is not in favor of the tax decrease, and yes, we do take the tax decrease out of this bill, but we all expect that this bill is not going to be concurred in by the Senate, and we will have narrowed the issues. What will be in conference is a bill that at one time did contain, if my amendment is successful, that did contain a tax cut that the Governor said is onerous and militates against a good spending plan for the Commonwealth this year. And, Mr. Speaker, yes, the budget that we have in here is the kind of a Democratic budget that we passed before; there is no question about that.

Mr. Speaker, I think we all know what the issues are here. This is a sincere effort to adopt this coming year's fiscal budget, and I ask for an affirmative vote on the amendment.

The SPEAKER. On the amendment, the Chair recognizes the minority leader.

Mr. RYAN. Mr. Speaker, will the gentleman stand for a brief period of interrogation?

The SPEAKER. Mr. Manderino indicates that he will so stand. You may proceed, Mr. Ryan.

Mr. RYAN. Mr. Speaker, in my remarks I said, I am assuming that what is before us is the exact duplicate of what we had a little while ago - last week - and I asked if I was wrong, would the gentleman correct me. The gentleman in his remarks said, this is the kind of a budget that the Democratic Party offered before. Now, I ask the gentleman specifically, does this amendment track exactly the budget that you offered a week ago?

Mr. MANDERINO. Mr. Speaker, the budget that we offered a week ago contained some 2,000 line items or thereabout. There have been about 30 line items that are changed. If you remember the budget that we offered—I do not know whether it was a week ago or so-that budget reduced proportionately, in order to bring it into balance, every line item in that budget. We have not done it that way this time. We have reduced where it is felt that moneys were available for reduction - those line items that both caucuses, I think, indicated that there was more money than was needed. You indicated that you thought cash grants were \$30 million overstated. We have taken \$24 million of that money, because we thought they were overstated also, instead of reducing proportionately. It is no longer there, Mr. Speaker. We reduced about \$9 million debt service. I think both staffs came to a conclusion that there was more money than should be in debt service. So we made our balancing in this manner. Cash refunds, I believe, were reduced to where we think they ought to be.

Mr. Speaker, you will be happy to know, I am sure-

Mr. RYAN. Mr. Speaker, if I may, if the gentleman would yield for a moment.

The SPEAKER. Will the gentleman yield?

Mr. RYAN. Would the gentleman yield for a moment?

Mr. MANDERINO. For what purpose, Mr. Speaker?

The SPEAKER. For what purpose do you ask the gentleman to yield?

Mr. RYAN. I want to find out, Mr. Speaker, what this gentleman has put before us 2 minutes ago, when it was just distributed, when it is an \$11-billion budget—

Mr. MANDERINO. Mr. Speaker, I do not yield.

Mr. RYAN. —and we are now getting it and we are now finding out there are 30 changes in it.

The SPEAKER. Mr. Manderino does not yield.

Mr. RYAN. What are you people voting on that you do not know about? You are going to move the previous question again, I guess.

The SPEAKER. Go ahead, Mr. Manderino.

Mr. MANDERINO. Mr. Speaker, I told the gentleman that we were going to do this. I did certainly tell you that we were going to put the kind of a budget in, and I said again, we are going to put the kind of a budget in, and I am saying now, we are going to put the kind of a budget in. Now, I have used those words. I am sorry if you missed what I was saying, but, Mr. Speaker, you certainly know that this amendment has been in preparation all day, and you could have asked what the changes were. There are not that many of them; there are not that many of them.

Mr. RYAN. Do your members know what the changes are?

Mr. MANDERINO. Yes; they know.

Mr. RYAN. I will bet.

Mr. MANDERINO. They know. I told them.

Mr. RYAN. I will bet they do not.

Mr. MANDERINO. I told them; I told them.

Mr. RYAN. Mr. Speaker, do the gentlemen know that \$28 million—

The SPEAKER. Just a moment, Mr. Ryan.

Mr. RYAN. —came out of cash grants? Mr. MAND-ERINO. Mr. Speaker, will you get some order? Will you have the Sergeant at Arms make that man be quiet while I am speaking?

The SPEAKER. Mr. Ryan, you do not have the floor. Mr. Manderino has the floor.

Proceed, Mr. Manderino.

Mr. MANDERINO. Mr. Speaker, we would be happy to have told them. Mr. Ryan knows that the Republican Senate is not going to pass this, and he knows that what I am saying is correct, that we are trying to move the process ahead; we only have 2 days till the end of the fiscal year. He knows all of that is correct. And if he really were serious, if he really were serious about moving that process and what is really in here, he would have found out. He is not serious, because he knows that the Republican counterparts to him in the Senate are not going to pass this budget, and they are going to be at a conference table, and he also knows that it takes two Republican Senators to sign any conference report that will ever come back to this House; he knows that. So I thought that the reason he did not inquire what changes we were making is it really did not make any difference, and that is true. It really did not make any difference, as long as he knew that it was a Democratic budget and it pretty well paralleled what we did the other day. And I have given him some of the basic changes, and I will tell him what some of the other changes are.

One of your amendments was for child welfare. Well, we have included it in here. You ought to be happy about that. You want more money for child welfare? We put it in here. We got it from some of those line items that I just told you we had to reduce.

Mr. RYAN. Did the staff get returned, too?

The SPEAKER. Mr. Ryan, I know, you could not let it go by, but you have to let it go by.

Go ahead, Mr. Manderino.

MOTION FOR PREVIOUS QUESTION

Mr. MANDERINO. Mr. Speaker, I move the previous question on the amendment also; on the amendment.

PARLIAMENTARY INQUIRY

The SPEAKER. The Chair recognizes the majority leader.

Mr. MANDERINO. Mr. Speaker, my parliamentary inquiry at this time is, if the previous question is moved, do we not move to a vote on the amendment and then the final bill without further debate?

The SPEAKER. No. Again we would have to leave the floor open for you and for Mr. Ryan to debate.

Mr. MANDERINO. Other than the floor leaders.

The SPEAKER. It does not make any difference what it says. Those are the precedents of the House, and that is how the Chair rules.

Mr. MANDERINO. Mr. Speaker, the question goes to the amendment and then the question goes to the bill.

The SPEAKER. That would be true unless you or Mr. Ryan decided to rise.

MOTION WITHDRAWN

Mr. MANDERINO. I am going to be fair. I am going to withdraw the previous question motion.

The SPEAKER. All right.

On the amendment, the Chair recognizes the minority leader.

Mr. RYAN. Mr. Speaker, I have to correct a few things.

First off, we, through our staff, attempted this morning to find out what we were doing today. We could not even find out what we were doing, let alone what was going to be in what we were doing. Try and figure that one out. We were told there were four bills to be run today. We saw no amendments.

Fairness - now, I look to you the jury. For a change I am being serious. You heard me ask the gentleman, Mr. Manderino, 10 or 15 minutes ago, if there are changes in this bill, I assume you will let me know, and I got no answer—

Mr. MANDERINO. That is because you assumed incorrectly.

Mr. RYAN. —until specifically asked. Now I specifically request the chairman of the Appropriations Committee to stand for interrogation and tell us what lines were affected by this amendment over the last budget.

The SPEAKER. Mr. Pievsky, do you agree to interrogation?

Mr. PIEVSKY. The majority leader wants me to yield to him, Mr. Speaker.

The SPEAKER. Mr. Pievsky agrees to interrogation, and he yields to the majority leader.

You may begin the interrogation, Mr. Ryan.

Mr. RYAN. Mr. Speaker, I would like either a printout or a sheet of some sort—and I feel certain that there is some available—showing how this budget proposal differs from the last one. Absent that, Mr. Speaker, if I am told that I have to figure out for myself these 30 changes that were made, which were delivered to us 3 minutes before this bill was called up, I have to ask for a caucus so our staff can find out. Now, our staffs over the years have cooperated in some of these ministerial-type things. I am simply asking, please tell us what we are voting on, or I have to ask for a caucus so that I can find out what we are voting on. I am not going to ask my members to vote for or against a multibillion-dollar budget without knowing what is in it. Please let us know what changes have been made. Where have you taken? Where have you added?

The SPEAKER. The Chair recognizes the majority leader. Mr. MANDERINO. Mr. Speaker, I am going to repeat myself because Mr. Ryan must not have heard me. If you assumed I was going to tell you something, that is your assumption. If you ask me something, I will tell you, but what I am going to tell you is, this budget changes about 30 lines out of the 2,000. I mentioned several of them to you. I will categorize them. I will tell you that we have restored to the Governor's general government lines in various departments, about a dozen departments, to a figure that the Governor and my staff calculated was necessary to pay for the recently enacted and recently approved settlement with employees.

In addition, there was child welfare money put into the budget, Mr. Speaker.

Mr. RYAN. Mr. Speaker, would the gentleman give us amounts as he does this?

Mr. MANDERINO. I will make my speech, Mr. Speaker. I will tell you, because I have already told you, that you had every opportunity to ask this question. I stayed in the Capitol—

PARLIAMENTARY INQUIRY

Mr. RYAN. Mr. Speaker, if I may, a parliamentary inquiry.

Mr. MANDERINO. No, you may not; no, you may not. I have the floor.

Mr. RYAN. No you do not. I asked to have-

The SPEAKER. Yes he does.

Mr. MANDERINO. You do not have the floor until you are recognized.

Mr. RYAN. Mr. Speaker-

The SPEAKER. Wait a moment. Yes he does.

Mr. RYAN. A parliamentary inquiry.

The SPEAKER. You may ask that, but he still has the floor. Go ahead.

Mr. RYAN. I asked the gentleman if he would—well, I asked Mr. Pievsky, who yielded—I asked for interrogation on the budget. Now, I believe that when I have someone under interrogation, I control the questions. I have asked if I could have specific amounts. That is my interrogation. If he wants to make a speech, let him make a speech at a later date, but now I am interrogating the majority side in an attempt to find out what they are hiding from us.

The SPEAKER. If you will ask your specific questions, I am sure the majority leader will attempt to answer them.

Mr. RYAN. Mr. Speaker, you have heard me. I cannot be any clearer. Would the gentleman tell us what lines were subtracted from and how much and what lines were added to and how much? That is my question.

Mr. MANDERINO. And when you asked that, Mr. Speaker, I told you I would categorize. If you are not satisfied with that answer, I am sorry.

Mr. RYAN. I am not satisfied with it.

Mr. MANDERINO. Fine; then I will not yield to any further interrogation, Mr. Ryan.

Mr. RYAN. Would the gentleman, Mr. Pievsky, consent to interrogation?

The SPEAKER. Mr. Pievsky, will you consent to interrogation?

Mr. PIEVSKY. Mr. Speaker, the amendment we are speaking about right now is Mr. Manderino's amendment, and if he refuses to answer questions on his amendment, then I will have to refuse also, Mr. Speaker.

The SPEAKER. Mr. Ryan, Mr. Pievsky has rejected interrogation.

REQUEST FOR CAUCUS

Mr. RYAN. Mr. Speaker, I request a 1-hour caucus for the purpose of discovering what it is we are about to vote on.

The SPEAKER. The Chair recognizes the majority leader.

Mr. MANDERINO. Mr. Speaker, long after most of the members of this chamber left the building the other night, I listened to Senate debate where my counterparts, the Democrats in the Senate, were asking to go to caucus on a most important bill, and I heard your counterparts in the Senate say, no, sir; no way. They did not let them look at an amendment. They did not let them prepare amendments. They treated them with the courtesy and the kindness and the respect that they felt should be accorded under those circumstances.

Mr. Speaker, under these circumstances I want to oppose the motion to go to caucus.

The SPEAKER. We are faced with something new up here. All you courthouse lawyers there who have your books of rules, get them out and see if you can figure it out before I can.

PARLIAMENTARY INQUIRY

Mr. MANDERINO. A parliamentary inquiry, Mr. Speaker.

The SPEAKER. What is the gentleman's point?

Mr. MANDERINO. I am unable to understand what the problem is. He has made a motion; I have opposed it. I am willing to take a vote.

The SPEAKER. No; that is the problem. He did not make a motion. He simply said he is asking for a caucus. If he made a motion, that is very simple.

Do you make such a motion?

Mr. RYAN. Not if I can do it by the way we always do it. I would like to caucus for an hour.

Mr. MANDERINO. No, Mr. Speaker. When Jack Seltzer, one of your predecessors, was in the Chair, I tried to get recognition here to do what the gentleman is trying to do, asking them to stay here—and Mr. Ryan was here at that time—and Mr. Seltzer just banged the gavel and left the podium and did not recognize me.

The SPEAKER. Well, this Speaker will not do that.

MOTION TO RECESS

The SPEAKER. The Chair will consider the statement of the leader of the Republican Party as a motion for recess. Then the question is, will the House adopt the motion for recess? If the House votes "yes," there is a recess; if it votes "no," there is no recess. The question is on the motion to recess.

On the question,

Will the House agree to the motion?

The SPEAKER. And for the information again of the jailhouse lawyers—I always love the ones who sit back with their rule books and do not stand up here to make decisions— under chapter 22, "Motion to Recess," "The motion to recess is not debatable," with the exception, of course, of the floor leaders, so the rest of you must remain silent.

On the motion, the floor leaders have a right to be recognized. The Chair recognizes the minority leader on the motion.

Mr. RYAN. Thank you.

Mr. Speaker, this is not an attempt to be dilatory. I have asked several times—and I daresay, you people do not know what it is either—I have asked several times to find out what the differences are in the amendment which contains the majority leader's budget, the difference between the document that we received moments ago and the budget that we passed on here a week or 2 weeks ago, and I have had evasive answers.

I have asked legitimate questions: Tell me where you have subtracted money and tell me where you have added money, specifically - something that every member of this House is entitled to know before they vote on a budget. How many of you knew that \$20 million went into children and youth? How many know where it came from? We do not.

Why this is going on, I do not know. I do not know what is being attempted to be pulled over on us. I mean, that is the only answer I can come to: something is hidden here.

We kid around a lot on the floor and in person off the floor, but legitimate inquiries have never been evaded by either the gentleman, Mr. Manderino, or myself in the past. Simple everyday courtesies have been extended in the past. This is something that is the most basic courtesy that each member is entitled to, and that is information on a budget. I am asking that we be permitted to go to caucus to find out what we are voting on, for 1 hour. Thank you, Mr. Speaker.

The SPEAKER. On the motion, the Chair recognizes the majority leader.

Mr. MANDERINO. Mr. Speaker, what is going on here is a true attempt to forward the process. I did not hide the fact that this is about the same Democratic budget that we had before. I told you that. I said those same words or something similar before.

I do not believe, Mr. Ryan, that you truly care about what has been changed. You do care, you do care to delay the process, in hopes that one of my members will wander off because we have them all here now, in hopes that somebody will become ill and not be able to return to the floor, because you do not want to see the process moved ahead. That has been the suggestion that you have made all day. Mr. Speaker, I do not like the action that I am taking, and I said, under these circumstances I believe it is what I should do because of what you have been doing. Mr. Speaker, I again ask that we move ahead on the process and not waste time with a recess.

On the question recurring, Will the House agree to the motion?
