

COMMONWEALTH OF PENNSYLVANIA

LEGISLATIVE JOURNAL

TUESDAY, APRIL 11, 1989

SESSION OF 1989

173D OF THE GENERAL ASSEMBLY

No. 24

HOUSE OF REPRESENTATIVES

The House convened at 11 a.m., e.d.t.

THE SPEAKER (JAMES J. MANDERINO) IN THE CHAIR PRAYER

REV. CLYDE W. ROACH, Chaplain of the House of Representatives, from Harrisburg, Pennsylvania, offered the following prayer:

Let us pray:

Eternal God, our Father, grant unto the officers and members of this body a moment of quietness to reflect on Your goodness before beginning the legislative duties that You have ordained.

Turn their thoughts to You and open their hearts to Your Holy Spirit that they might have the wisdom and understanding to accomplish Your will. Draw near unto them as they labor to promote the interests and concerns of their constituents.

Let them not think, when this prayer is over, that their dependence upon You is over and forget Your counsels for the remainder of the day. But, Lord, cause us to do what is pleasing in Your sight both now and forevermore, we pray. Amen.

PLEDGE OF ALLEGIANCE

(The Pledge of Allegiance was recited by members and visitors.)

JOURNAL APPROVAL POSTPONED

The SPEAKER. Without objection, we will postpone until printed the approval of the Journal dated Monday, April 10, 1989. The Chair hears and sees no objection.

The majority required by the Constitution having voted in the affirmative, the question was determined in the affirmative and the bill passed finally.

Ordered, That the clerk present the same to the Senate for concurrence.

* * *

The House proceeded to third consideration of **HB 54, PN 1083**, entitled:

An Act providing for a Statewide emergency telephone number "911" system; providing for no-interest loans to help establish 911 emergency communication systems, for a referendum and for contributions from telephone subscribers; providing a penalty; and making a repeal.

On the question,
Will the House agree to the bill on third consideration?

Mr. McHALE offered the following amendment No. A0808:

Amend Sec. 5, page 11, line 10, by inserting after "service." The money collected from the contribution rate is a county fee collected by the telephone company; the money is not subject to taxes or charges levied on or by the telephone company. The money collected from the contribution rate shall not be considered revenue of the telephone company for any purpose.

On the question,
Will the House agree to the amendment?

The **SPEAKER**. On that question, the gentleman from Lehigh, Mr. McHale, is recognized.

Mr. McHALE. Thank you, Mr. Speaker.

Mr. Speaker, to the best of my knowledge, this is the only amendment which will be offered to the bill. It is a technical amendment. It clarifies the original intent of the legislation, which is to say that we want to make it clear that the money collected by the telephone company, in order to maintain the existing 911 system, not be used as a basis for further taxation upon either the municipality or that phone company.

That was our intent originally. We are simply clarifying that. I would seek an affirmative vote.

On the question recurring,
Will the House agree to the amendment?

The following roll call was recorded:

The question was determined in the affirmative, and the amendment was agreed to.

On the question,

Will the House agree to the bill on third consideration as amended?

Bill as amended was agreed to.

The SPEAKER. This bill has been considered on three different days and agreed to and is now on final passage.

The question is, shall the bill pass finally?

The Chair recognizes the gentleman, Mr. Wass, from Indiana.

Mr. WASS. Thank you, Mr. Speaker.

Mr. Speaker, may I interrogate the maker of the bill?

The SPEAKER. The gentleman indicates he will stand for interrogation. Mr. Wass may proceed.

Mr. WASS. Mr. Speaker, for the record, we in Indiana County have in place the 911. How will this particular legislation impact on our system?

Mr. McHALE. Mr. Speaker, I am having difficulty hearing you, but as I understand your question, it is that your constituency in Indiana County already has a 911 system; how would HB 54 impact upon your community. Is that the question, sir?

Mr. WASS. Yes, sir.

Mr. McHALE. What this would do is it would provide two major forms of assistance to Indiana County and to all other counties similarly situated which have already instituted 911 service.

The two benefits to Indiana County would be these: First of all, if you have a basic 911 system as opposed to an enhanced 911 system, you would be able to use the no-interest loan money provided in this legislation to upgrade your existing system to a more technically and technologically proficient system. Over the last decade, 911 systems have developed, and there have been steady improvements in the technical quality of those systems. Money would be available at the present time, and hopefully into the future, for Indiana County to stay abreast of that changing technology by using no-interest loans to upgrade the current equipment.

Secondly, you now maintain your system, I assume, through tax revenues.

Mr. WASS. Right.

Mr. McHALE. This would provide an alternative funding mechanism that could, at the option of your county, be adopted to pay for the recurring costs, and that would be a contribution rate that would appear monthly on the phone bill. A very small amount—pennies is what we are talking about—could be imposed on the phone bill in order to provide a stable funding mechanism as an alternative to taxes in order to guarantee the recurring costs of the system.

So in summary, you would be able to improve your system using no-interest loans. You would be able to maintain your system through the contribution rate.

Mr. WASS. Thank you very much, Mr. Speaker.

The SPEAKER. On the question, the gentleman, Mr. McNally, from Allegheny County is recognized.

Mr. McNALLY. Mr. Speaker, would Mr. McHale stand for interrogation?

Mr. McHALE. Yes, Mr. Speaker.

The SPEAKER. The sponsor of the amendment and bill, Mr. McHale, indicates he will stand for interrogation. You may proceed.

Mr. McNALLY. Mr. Speaker, does this bill provide for some statewide system of assuring certain standards of proficiency in a 911 system established under this bill?

Mr. McHALE. Yes, it does, Mr. Speaker. It does it in two ways, and let me mention them briefly.

Under the language of my bill, the Pennsylvania Emergency Management Agency, PEMA, would be required to establish technical standards that must be met on a statewide basis, so

that as a community develops a 911 plan, that plan would subsequently be reviewed by PEMA to make sure that it was technically proficient, that in fact when someone dialed 911, access would be provided to a local emergency operator. So the technical standards would be established and supervised by PEMA. Now, that has to do with hardware.

I think a second aspect of your question has to do with the proficiency of operators who would answer the calls. The bill does not mandate that proficiency, but I certainly would encourage PEMA to establish a program providing assistance to individual counties in the training of their operators. Most of the difficulties, indeed virtually all of the difficulties, that have ever occurred concerning 911 service have been related not to the hardware but to the human errors that have been made in answering the calls.

The technical problems are directly addressed in this bill. Indirectly I think we should encourage PEMA to provide professional training to operators throughout the State so that they are able to take full advantage of the technical improvements in the quality of communication.

The SPEAKER. The gentleman is in order to remark.

Mr. McNALLY. Thank you, Mr. Speaker.

I appreciate the gentleman's comments on this particular issue. It would be of great concern to my constituents who live in the city of Pittsburgh where they have a 911 system operated by the Department of Public Safety, which has had a history of inefficiency and incompetence, and we would welcome a statewide system that would assure that every 911 operator and every 911 system in the Commonwealth of Pennsylvania has attained a certain status and certain proficiency to serve the community.

Thank you very much.

The SPEAKER. The Chair recognizes the gentleman from Lehigh, Mr. McHale, on the question of final passage.

Mr. McHALE. Thank you, Mr. Speaker.

Mr. Speaker, as we take up consideration of HB 54 on final passage, let me briefly provide a summary of where we stand in providing 911 service statewide.

At the present time, roughly one-third of the citizens of the Commonwealth of Pennsylvania live within jurisdictions that have previously adopted 911 emergency telephone communication. That means that two-thirds of our constituents live in jurisdictions throughout the Commonwealth not currently served by 911. The legislation that I bring before the House today is intended to provide a framework and significant financial incentives in order to guarantee that within the next 5 or 6 years, we have adopted a truly comprehensive statewide 911 system of emergency telecommunications.

Now, let me just briefly explain the elements of this bill. I understand that both caucuses have considered the bill, and I do not think that lengthy debate is necessary on this subject.

Essentially what would happen is this: If a community wants to adopt 911 service following the enactment of HB 54, that community—and the community would normally be a county—would in fact appoint a system coordinator. That system coordinator would be a local official who would in

effect serve as a liaison to the Department of Community Affairs. DCA would accept loan applications, which would be processed, and money would be distributed to establish 911 communication in that county. Once the plan was developed and initially reviewed by DCA, it would also be reviewed by the Public Utility Commission to make sure that the cost was fair and reasonable. Further, it would be reviewed by PEMA to make sure that the system would work technologically. Then the plan would be referred to DCA for final approval and ultimately would be submitted to the voters of that jurisdiction for approval at a referendum occurring either at a primary or a general election.

A great deal of thought has gone into this legislation over the last 5 years, and I sense today that we have finally reached a consensus as to what we can possibly afford and what will truly be a major step forward in a lifesaving effort.

I simply want to close by saying that I thank a number of people for participating in the negotiations that led to this bill. The Governor's Office has been extremely helpful. Secretary Hershock has been very supportive. Representative Pievsky has put in many long hours on this. Representative O'Donnell and his staff were very helpful. I believe what we have is a consensus that truly will save human lives. I urge an affirmative vote.

The SPEAKER. The Chair thanks the gentleman.

MEMBER'S PRESENCE RECORDED

The SPEAKER. The gentleman from Delaware, Mr. Adolph, is to be added to the master roll call.

CONSIDERATION OF HB 54 CONTINUED

Will the House agree to the bill on third consideration?

Mr. REBER offered the following amendment No. A0839:

Amend Sec. 1 (Sec. 6314), page 2, line 24, by inserting after "university"
; a playground, video arcade, or community recreational center;

On the question,

Will the House agree to the amendment?

The SPEAKER. On that question, the Chair recognizes the gentleman from Montgomery, Mr. Reber.

Mr. REBER. Thank you, Mr. Speaker.

Mr. Speaker, I would want to say initially for the record that I have discussed this amendment with the prime sponsor of the legislation, and for purposes of legislative intent, I just do want to clarify one aspect of the amendment as drafted.

This particular amendment, Mr. Speaker, will in essence increase the areas or the vicinities, if you will, on which the offense in question can be perpetrated and appropriate sentences can be imposed. In essence, Mr. Speaker, what the amendment does is add the language to the school areas as well as the child-care-facility areas for the imposition of drug-free zones to additionally encompass playgrounds, video arcades, and community recreational centers. Obviously, Mr. Speaker, these are three areas that are highly and prominently frequented by minors, are areas that are notoriously used for the selling of drugs, and I think goes a long way to strengthen the intent of the General Assembly which was carried out last May when this particular concept was enacted into law.

Mr. Speaker, I think for clarification purposes the words "video arcade" should be specifically noted to mean just that - a particular establishment whose primary purpose, its occupancy purpose, is for the operation of video games. Normally there are a multitude of various forms of video games appearing on a premises which has an occupancy-and-use permit for

that particular concept and that particular concept alone. Obviously, Mr. Speaker, we are not concerned about a restaurant or some other establishment that may have one type of amusement game in the waiting-room-type concept. This is really that particular area which holds itself out solely for the purposes of playing video games and caters and panders, if you will, to the frequency of minors on the premises to carry out the playing of video games.

I would urge all members to join in an affirmative vote on this bill. Thank you.

On the question recurring,

Will the House agree to the amendment?

The House proceeded to third consideration of **HB 12, PN 1082**, entitled:

An Act regulating the right to practice electrology; requiring the licensing of electrologists; providing for an Electrology Advisory Committee to the State Board of Cosmetology; making an appropriation; and providing penalties.

On the question,

Will the House agree to the bill on third consideration?

Mr. LLOYD offered the following amendments No. A0781:

Amend Sec. 6, page 4, line 24, by inserting after "the" where it appears the second time
 biennial

Amend Sec. 6, page 4, line 30; page 5, lines 1 through 13, by striking out all of said lines on said pages and inserting
 Regulatory Review Act and to section 16(c) and (d) of the act of May 3, 1933 (P.L.242, No.86), referred to as the Cosmetology Law.

On the question,

Will the House agree to the amendments?

The SPEAKER. On that question, the gentleman, Mr. Lloyd, from Somerset is recognized.

Mr. LLOYD. Thank you, Mr. Speaker.

Mr. Speaker, this amendment makes two technical corrections. First, it makes clear that licenses must be renewed every 2 years; and second, it ties the balanced budget requirements of the Cosmetology Board to the electrologists, so that rather than the electrologists having to be self-supporting, they are required to participate in supporting the Cosmetology Board.

I ask for an affirmative vote on the amendment.

Amend Sec. 1 (Sec. 102), page 2, line 9, by inserting a bracket after "calls"

Amend Sec. 1 (Sec. 102), page 2, line 9, by striking out the bracket after "or"

Amend Sec. 1 (Sec. 102), page 2, lines 12 through 21, by striking out "or one private vehicle of any of the following" in line 12 and all of lines 13 through 21 and inserting or a privately owned vehicle used in answering an emergency call when used by any of the following:

(1) A police chief and assistant chief.

(2) A fire chief, assistant chief, and when a fire company has three or more fire vehicles, a second assistant chief.

(3) A fire police captain and fire police lieutenant.

(4) An ambulance corps commander and assistant commander.

(5) A river rescue commander and assistant commander.

(6) An emergency management coordinator.

(7) A fire marshal.

On the question,

Will the House agree to the amendments?

The SPEAKER. On the amendment, the Chair recognizes the gentleman from Union, Mr. Fairchild.

Mr. FAIRCHILD. Mr. Speaker, this amendment will further clarify and specifically identify which private vehicles are designated as emergency vehicles when responding to an emergency call. Much confusion has existed with this definition, and this amendment will especially benefit our volunteers who protect our property and our lives within our communities.

I ask for unanimous support on this amendment by all the members.
