LEWISTOWN HIGH SCHOOL GIRLS BASKETBALL TEAM PRESENTED

The SPEAKER. The gentlemen, Mr. Benninghoff and Mr. Clark, please come to the rostrum.

The Chair recognizes the gentleman, Mr. Benninghoff.

Mr. BENNINGHOFF. Thank you, Mr. Speaker.

I stand before you today, a very proud Representative, to present to you the Lewistown Lady Panthers basketball team. They are our AAA State champions not just this year but for 2 consecutive years in a row, and we are very, very proud of them.

The young ladies behind me are the seniors representing the team. The rest of the team is in the back of the hall. We are very proud of them. The seniors are Heather McElwain, Jada Pursel, Krista Gingrich, Maggie Johnston, and Kimberly Maxwell.

Joining me also is Representative Dan Clark, who will share some statistical data with you. But I just want to say for my own remarks that these young ladies are not just wonderful basketball players but they are terrific students and have really been great members of our community and have done a lot for our community. So many times the young people in our area are looking for people to look up to. Well, me personally speaking, I have to look up to these young ladies, but so do the young people in our area, and we are very proud of them.

Mr. CLARK. This year the Lady Panthers' record was 31 and 1. They were the Mountain League champions. They were District 6 champions, PIAA western champions, PIAA State champions. They were the first ever back-to-back State champions in Mifflin County and the second central Pennsylvania girls team to win back to back.

USA Today ranked them as 17th in the country, and they were ranked number one in the State in the AAA field all year. In the last 4 years, their record has been 118 wins, 7 losses, 4 Mountain League championships, and 3 District 6 championships.

Also, their coach, Kevin Kodish, has been named the Western Pennsylvania Coach of the Year and the Pennsylvania Coach of the Year by the National High School Federation of Coaches.

And with that, I want you to again congratulate the Lewistown Lady Panthers on an outstanding season, an outstanding 2 years, along with their coach, Kevin Kodish. Thank you.

Mr. HERSHEY. Thank you, Mr. Speaker.

With us today, seated in the rear of the House, are guests of the House Veterans Affairs and Emergency Preparedness Committee, and we are happy to have Mr. John Moon, national commander in chief of the Veterans of Foreign Wars. Commander in Chief Moon is on his 50-State tour of the various VFW State headquarters and posts. Today it is my honor to welcome him here to the hall of the House. As well, Mr. Speaker and Mr. Minority Leader, I think you will find comfort in the fact that Commander in Chief Moon is a Marine Corps veteran who served in Vietnam from 1968 to 1970. Commander in Chief, you have strong allies here in the chamber today.

Now, accompanying the commander in chief today are, also seated in the rear of the House, Mr. Peter Krenitsky, State commander, Pennsylvania Department of Veterans of Foreign Wars; Mr. John Neeves, State adjutant for the Pennsylvania Department of Veterans of Foreign Wars; Mr. George Mullen, past State adjutant; Mr. Frank Lopes, Jr., vice commander; Mr. Larry Reece, quartermaster; Mr. Joseph Tragis, chief of staff; Mr. Charles Feltenberger, national council member; Mr. Jack Gunn, membership chairman; and Mr. Carl DeFebo, public relations coordinator. Gentlemen, welcome to the House chamber. It is a pleasure to have you and your commander as our honored guests today.

Thank you, Mr. Speaker. Let us give them a good welcome. Commander Moon.

JACOB STORK PRESENTED

The SPEAKER. The lady, Mrs. Miller. The Chair recognizes the lady from Berks, Mrs. Miller.

Mrs. MILLER. Thank you, Mr. Speaker.

On behalf of Representatives Dante Santoni, David Argall, and myself, and the entire Berks County delegation in the House of Representatives, I would like to introduce to the House of

Representatives my constituent, a PIAA Class AA State wrestling champion from Berks County, Jacob Stork.

With him today are his parents — and I would like them to rise at this time — Cathy and Thomas Stork, and his sister, Carrie, seated to my left.

Unfortunately, Jake's coach, Dwayne Maurer, could not be with us today.

The Commonwealth of Pennsylvania is always proud of its young citizens who strive tirelessly — and I must say, Jake's practicing is tireless — toward achievements in their competitive endeavors. Jake captured the PIAA Class AA State wrestling championship in the 140-pound weight class in Hershey, Pennsylvania. His stellar performance has propelled him to become the fifth State wrestling champion in Berks County's history.

Jake is currently a senior at Schuylkill Valley High School, a school district which is shared in representation by myself and Representatives Argall and Santoni.

Jake is truly deserving of our praise and commendation for his ability, dedication, and tireless pursuit of athletic excellence. Jake has 35 wins and 3 losses this season and a record of 132 and 16 during his career.

The House of Representatives of the Commonwealth of Pennsylvania congratulates Jake upon winning the State wrestling championship, and I would like you to join me in offering to Jake and his entire family best wishes for continued success.

RIDGWAY HIGH SCHOOL WRESTLING TEAM PRESENTED

The SPEAKER. The Chair recognizes the gentleman, Mr. Surra.

Now, we could do something here today. This next group is also involved as championship wrestlers. Now, maybe we could pit the last guest with some of these guests.

Mr. Surra, you are recognized to introduce the competitors.

Mr. SURRA. Thank you, Mr. Speaker.

My fellow colleagues, I am very honored today to have with us in the hall of the House the number one ranked team in AA wrestling in off-the-mat rankings for the last 3 years, the Ridgway Elkers from Elk County. They come from the county seat. The team is in the back. I have four young men I will tell you a little bit more about right behind me. But these young men practice the oldest sport, the sport of wrestling. It is a tough, demanding, highly disciplined sport, and they do excel at it.

Under Coach Gerber, in the last 15 years they have 207 wins and 28 losses. In fact, they only had eight losses in the last 10 years. This year they compiled a 14-and-1 record and again ranked number one in the State by off-the-mat rankings, which if you would like one of these, Wally has a few copies of them and you can get them from Wally, but they have the final AAA, AA, and team rankings in the State of Pennsylvania.

Behind me I have 152-pounder David Shilk, who is a senior; 125-pound Jeremiah Steger; 103-pound Bruno Iorfido — and Bruno is a two-time State place winner, and he eclipsed the 100-win mark as a junior, and he has another year to go; he is an outstanding competitor — 112-pound junior and a State qualifier, Davey Predko.

Sadly for one of my colleagues, Representative Wilt, and I believe his teammates are here, the Reynolds team, in off-the-mat they are ranked number one in the Keystone rankings. Originally, we were ranked number one in the off-the-mat rankings, but on the mat, I am proud to say that the Elkers defeated the Reynolds team, so I think we proved who is number one. But it is similar to the problems that we have all the time in the AP (Associated Press) and UPI (United Press International) rankings in college football.

But these young men are all to be commended, and I would like to present them with a House citation at this time:

"WHEREAS, Ranked No. 1 in the state" — by off-the-mat — "for the third straight year, the Ridgway High School Wrestling Team has won the PIAA Class AA State Wrestling Championship; and

"WHEREAS, The Ridgway High School Wrestling Team has enjoyed phenomenal success over the past fifteen years. It has experienced thirty-one consecutive winning seasons, amassed seventy District IX Class AA championships and has been a place winner twenty times in state competition. Led by head coach Gary Gerber, rightfully acknowledged as the winningest coach in Ridgway history, the team has lost only eight games" — eight matches — "in the past ten years. Members of the Ridgway High School Wrestling Team include Dave Predko, Andy Steger, Joe Bolitiski, Jeremiah Steger, Justin Costion, Greg Puncheon, Mike Predko, Brad Dutchtot, Paul Shilk, Nate Luch, Scott Cyphert, Dave Shilk, Nick Zameroski, Curt Gerber, Josh Gustafson, Chris Shilk, Scott Brigger, Bruno Iorfido and Matt Buhler; and

"WHEREAS, Coach Gerber has had a remarkable career record as well. Named PIAA State Coach of the Year on numerous occasions, he has amassed two hundred dual meet victories and coached thirty-six district champions, twenty-eight northwest regional place winners, nine northwest regional champions, twenty PIAA state place winners and one PIAA state champion.

"NOW THEREFORE, The House of Representatives of the Commonwealth of Pennsylvania congratulates the Ridgway High School Wrestling Team upon its thrilling gold-medal performance in the PIAA Class AA state championships; commends the players and coaches for the stellar athleticism, skill, hard work and dedication they have demonstrated in achieving continuing success...."

If the rest of the team in the corner of the House would all rise, I wish my colleagues would give them a hearty congratulation. Thank you.

ANNOUNCEMENT BY MR. EACHUS

The SPEAKER. The Chair recognizes the gentleman, Mr. Eachus.

Mr. EACHUS. Thank you, Mr. Speaker.

Just a moment of personal privilege.

It is an honor to have these young men here who have worked so hard and wrestled. It is a very demanding sport.

I just would like to take a moment and congratulate my son, my 7-year-old son, Nathan Eachus, who took third place in the junior national wrestling championships at Cornell University this weekend. Nathan finished the season with a record of 35 and 4. He is 7 years old, and maybe someday I will be lucky enough to have him stand with you at the dais, sir.

The SPEAKER. I am sure I will still be here.

REYNOLDS HIGH SCHOOL WRESTLING TEAM PRESENTED

The SPEAKER. The Chair recognizes the gentleman, Mr. Wilt. Mr. WILT. Thank you, Speaker Ryan.

It is indeed an honor for me today as a former wrestler to recognize the Reynolds High School Raider wrestling team. They are led this year as they have been for many, many years by head coach Brian Hills, who was named the PIAA Class AA High School Wrestling Coach of the Year for the second time. Brian is right here to the right.

With no disrespect to the speaker that preceded me, this is the wrestling team that claimed the 1998 PIAA Class AA wrestling championship on the mats in Hershey, and they were led this year by junior Steve Popovich, who could not be here today — he is with the baseball team — senior Dan Svirbly, 275 pounds, who placed fourth; senior Bob Tumpak, 145 pounds, who placed sixth; junior Jason Nestor, 125 pounds, who placed fourth. Also, they had two freshmen at the State championships this year. One was Rocky Habel, who won a match as a freshman. Then it is indeed my honor to introduce the first ever freshman from Mercer County to win a PIAA State wrestling championship, and that is Justin Nestor.

We in northwest Pennsylvania, in District 10, are extremely proud of Reynolds' wrestling team and what they stand for in Mercer County. Please join me in congratulating them as the 1998 Class AA State wrestling champions from on-the-mat, and, Mr. Speaker, if I may, anyone who wishes to perhaps place a friendly wager on the dual meet that we will be having in the rotunda later on between this team and Ridgway, please stop at seat 140. Thank you.

The SPEAKER. The Chair thanks the gentleman.

A. J. NASTASI PRESENTED

The SPEAKER. The Chair recognizes the gentleman, Mr. Hess. Mr. HESS. Thank you, Mr. Speaker.

Before I start, I would ask that Representative Stern maybe join me here at the podium.

It is certainly an honor and privilege for me this morning to be here to introduce a young man who has had an outstanding athletic career in high school athletics.

On February 7, 1998, you may have heard a large boom in Pennsylvania. This boom did not come from a gun or a cannon. This boom came from a young man breaking the State scoring record in basketball at Northern Bedford High School by shooting a three-point shot.

He has had an outstanding career at Northern Bedford. He will graduate this year and be attending West Virginia University with an NCAA Division I — and listen to this; not only basketball — he is going to be playing on a football scholarship. That shows you the caliber of athlete that A. J. is.

A. J. broke a 28-year record that was established by Tom McMillen, a former Mansfield High School graduate who played for the Washington Bullets, in 1970. The record previously was 3,608 points, and A. J. not only broke the record but he crushed the record with 3,662 points.

On the night that A. J. broke the record, before an audience he said that the goals of his team were more important than his

personal record. Mr. Speaker, those are words of a champion, truly a champion.

So today I would like to ask my colleagues to honor A. J. with a resounding, standing applause for his excellent career and his feat in setting a State scoring record, which I am sure is going to stand for many, many years. If you would join me, please. A. J.

So he does not forget that he is a Pennsylvanian, although he is going to West Virginia, I would like to present him with a House of Representatives, seal of Pennsylvania sweatshirt that hopefully he can wear proudly as he is crossing the campus at West Virginia.

Also, I would be remiss if I did not make an introduction of those people who played a large role in his success through his high school career. At my left are his mother and father, Rena and Joe Nastasi, if you would please stand; Lou Ewert, who is the coach and athletic director; and Mr. Ralph Scott, who is the middle school principal.

Now, I would like to say congratulations to the gentleman, and I wish him a great career at West Virginia.

REMARKS SUBMITTED FOR THE RECORD

Mr. HESS. Mr. Speaker, I would like to submit additional remarks for the record, if I may.

The SPEAKER. You certainly may.

The Chair thanks the gentleman and congratulates the young man.

Mr. Hess, Mr. Daley would like you to introduce this young man to the House. He is not sure that you mentioned his name.

Mr. HESS. Excuse me. I would like to introduce the gentleman that scored all these points, Mr. A. J. Nastasi, to my rear.

The SPEAKER. The Chair thanks the gentleman.

Mr. HESS submitted the following remarks for the Legislative Journal:

Mr. Speaker, on February 7, 1998, a "shot was heard around the State."

No, it was not one of guns or cannons, but when a young man from Northern Bedford High School let a shot go from behind the "three-point" line, it indeed was a shot heard around the State!

Mr. Speaker, it gives me great pleasure to have here today a fine young man who has placed himself in Pennsylvania's sporting record books.

A. J. Nastasi will graduate from Northern Bedford High School. Recently he signed with the University of West Virginia with an NCAA Division I football scholarship.

Mr. Speaker, on February 7, A. J. broke the all-time State basketball scoring record that had been established 28 years ago.

The old record was established by Tom McMillen, a former Mansfield High School graduate and Washington Bullets player, in 1970. Until A. J.'s spectacular feat, the old record was 3,608 points. A. J. finished his high school basketball career with 3,662 points.

Thousands of fans, friends, and family congregated at Hollidaysburg High School to see the once-in-a-lifetime record-breaking event.

When the record was set, this young man said before the audience that the goals of his team were more important to him than his personal record. That, Mr. Speaker, is words from a champion!

Not only has A. J. broken the all-time State scoring record in basketball with a career total of 3,662 points, but he has continued to excel in the classroom. Recently the Bedford County Board of Commissioners adopted a resolution honoring A. J. with a

Good Citizenship Award for his record-setting feat and for his outstanding work ethic and good academic standing. A. J. is indeed a class act.

Mr. Speaker, joining A. J. are his proud parents, Joe and Rena Nastasi. His one brother, Joseph; his sister, Danielle; and his coach, Mr. Lou Ewert, are here today as well. They all were a part of this milestone in A. J.'s life.

Mr. Speaker, it is my honor to ask my fellow colleagues in the House of Representatives to join with me in congratulating A. J. Nastasi for his amazing accomplishments, as his name will be a part of the record books for years to come.

Thank you!

GUESTS INTRODUCED

The SPEAKER. The Chair is pleased to welcome to the hall of the House today, as the guests of Representative Steelman, three guest pages — Clayton Meals, Mark Cicola, and Walter Kealey. They are here today from the East Pike Elementary School. Accompanying them is Dr. Walter Kealey, the principal of East Pike School in Indiana County. Would the guests please rise.

The Chair is pleased to welcome to the hall of the House today the wife of Representative Jere Strittmatter, Marianne, together with her daughter, Charlotte Clay. They are seated here to the left of the Speaker. Would the guests please rise.

REMARKS SUBMITTED FOR THE RECORD

The SPEAKER. The gentleman, Mr. McIlhinney, desires recognition?

Mr. McILHINNEY. Yes. Mr. Speaker, I would like to submit some comments as a matter of record, please. Thank you.

The SPEAKER. The remarks of the gentleman will be gratefully received by the clerk.

Mr. McILHINNEY submitted the following remarks for the Legislative Journal:

Mr. Speaker, it is my privilege to bring to the attention of the Speaker and the members of the Pennsylvania House of Representatives the name of Matthew Gerdes, who has recently been awarded Scouting's highest honor — Eagle Scout.

Mr. Speaker, I would like to read to the members of the House of Representatives the following citation of merit honoring Matthew Gerdes.

Whereas, Matthew Gerdes earned the Eagle Award in Scouting. This is the highest award that Boy Scouts can bestow and as such represents great sacrifice and tremendous effort on the part of this young man. He is a member of Troop 59 of Buckingham, PA.

Now therefore, Mr. Speaker and the members of the House of Representatives, it is my privilege to congratulate and place in the Legislative Journal the name of Matthew Gerdes.

ANNOUNCEMENT BY MR. STURLA

The SPEAKER. The gentleman from Lancaster, Mr. Sturla. For what purpose does the gentleman seek recognition?

Mr. STURLA. Point of personal privilege, Mr. Speaker.

The SPEAKER. The gentleman will state his point of personal privilege.

Mr. STURLA. Thank you, Mr. Speaker.

Mr. Speaker, tomorrow will be national Take Your Daughter to Work Day, and it is my hope that we will not be here tomorrow,

as I am sure it is the hope of many members in the House, and so I brought my daughter with me today, Katie, who just turned 8 on Monday. To give you an idea of how perceptive she is about how to do this job, she has already been staring at the ceiling, reading a book, spinning in her chair, and asking when we get to go home.

BILLS PASSED OVER

The SPEAKER. HB 1115 is over.

All of the bills on page 6 are over, except HB 1472, which has already been passed over temporarily.

* * *

The House proceeded to third consideration of SB 5, PN 1890, entitled:

An Act amending Titles 62 (Procurement), 1 (General Provisions) and 42 (Judiciary and Judicial Procedure) of the Pennsylvania Consolidated Statutes, adding provisions relating to procurement; and making repeals.

On the question,

Will the House agree to the bill on third consideration?

The SPEAKER. The Chair recognizes the gentleman, Mr. Vitali. It is the understanding of the Chair that the gentleman, Mr. Vitali, has withdrawn one amendment and is offering one other amendment. Would you identify the number of the amendment you would wish read.

Mr. VITALI. Mr. Speaker, amendment 2107 has been withdrawn, and I would like to run amendment 2104.

On the question recurring,

Will the House agree to the bill on third consideration?

Mr. VITALI offered the following amendment No. A2104:

Amend Bill, page 138, by inserting after line 30

Section 8. The Legislative Budget and Finance Committee is directed to study the practice of bond issuance by the Commonwealth, its agencies, authorities and commissions. The committee shall address specifically:

(1) Whether use of the request for proposal process and whether awarding bond contracts to the lowest responsible bidder has any effect on the quality of work performed by the bond service provider. The term "bond service provider" includes underwriter, financial advisor, bond counsel, loan and transfer agent, verification agent and printer.

(2) Whether use of the request for proposal process and whether awarding bond contracts to the lowest responsible bidder may result in lower issuance costs.

(3) Whether the current practice of employing bond cocounsel is cost effective.

(4) Whether use of Internet auctions of municipal bonds, such as done by the City of Pittsburgh, might be cost effective.

This study with recommendations shall be completed within six months of the effective date of this act and forwarded to the Secretary of General Services and to each member of the General Assembly for review.

Amend Sec. 8, page 139, line 1, by striking out "8" and inserting

9

On the question,

Will the House agree to the amendment?

The SPEAKER. On the question of the adoption of the Vitali amendment, the Chair recognizes the gentleman.

Mr. VITALI. Thank you, Mr. Speaker.

Mr. Speaker, what this amendment would do would be to authorize the Legislative Budget and Finance Committee to study the practice of bond issuance in the Commonwealth. Mr. Speaker, this study is needed because the practice of pay-to-play has been widely criticized, not only by myself but through other reputable organizations throughout the State and country. The practice of pay-to-play has been condemned by the American Bar

Association; Arthur Levitt, chairman of the Securities and Exchange Commission, has referred to it as commercial bribery; and even our own Legislative Budget and Finance Committee, in its audit of the Turnpike Commission, has suggested competitive bidding for bond counsel work.

Mr. Speaker, pay-to-play has been used as a political fundraising tool by elected officials in this Commonwealth through a number of years, and the use of the awarding of government contracts to fund campaigns is simply wrong. Not only that, Mr. Speaker, but failure to use the competitive bidding process has cost taxpayers money. Other States which have employed the request-for-proposal process have saved greatly with regard to bond issuance costs.

Mr. Speaker, other jurisdictions have taken a more progressive approach with regard to the issuance of bonds, and that is something that this study covers. Mr. Speaker, for example, the city of Pittsburgh in November took groundbreaking steps and bid its underwriting work on its municipal bonds via the Internet. That is something this study would direct be undertaken. Mr. Speaker, even yesterday, following the lead of the city of Pittsburgh, the city of Portland also conducted an Internet bond auction.

Mr. Speaker, there is much confusion on this issue, and each time I have gotten up to speak on the House floor on this issue, questions have been raised by numerous other House members; questions have been raised, is this going to affect the quality of bond counsel work, is this going to result in lower fees, and so forth and so on. There are a lot of questions that have been raised again and again, and the purpose of this amendment, Mr. Speaker, is to try to get some answers to those questions.

Specifically, this report requests four things: It directs the study of whether the request-for-proposal process affects the quality of work; it directs the study of whether the request-for-proposal process in issuing bonds affects the issuance cost; it focuses or requests that a study be done, is bond cocounsel really necessary; and finally, it directs a study of the whole emerging field of Internet bond auctions.

Mr. Speaker, I can understand how House members, in listening to speakers who have raised these questions, have had concern about bidding. Now is an opportunity for this House, in a systematic fashion, to have a study done in-house of this practice, and that is what this amendment does; it simply requires a study.

I would ask for an affirmative vote.

THE SPEAKER PRO TEMPORE (J. SCOT CHADWICK) PRESIDING

The SPEAKER pro tempore. The Chair recognizes the gentleman, Mr. Markosek, on the amendment.

Mr. MARKOSEK. Thank you, Mr. Speaker.

Mr. Speaker, I rise to respectfully ask for a "no" vote on this amendment, and it is not necessarily because I have a problem with the language or what the gentleman is trying to do. I do respect what he is trying to do.

This bill, however, is very important, particularly to a lot of different agencies, including the Port Authority of Allegheny County, of which I am a board member, that is certainly interested in this procurement legislation, and this will help, greatly help the Port Authority of Allegheny County.

Therefore, I respectfully ask that we oppose this amendment to ensure swift passage of SB 5 today. Thank you, Mr. Speaker.

The SPEAKER pro tempore. The Chair recognizes the lady from Indiana County, Representative Steelman, on the amendment.

Ms. STEELMAN. Thank you, Mr. Speaker.

I would like to encourage my colleagues to vote for this amendment on the basis of a very simple principle: knowledge is preferable to ignorance.

We have been making our decisions about the bond counsel issue largely out of partial knowledge at best. Through the study that would be mandated by this amendment, we would be able to make an informed judgment.

So I would suggest that if, in the conduct of legislative business, you believe that knowledge is preferable to ignorance, you should vote "yes," and if you prefer to make decisions on the basis of ignorance rather than knowledge, you should vote "no." Thank you.

The SPEAKER pro tempore. The gentleman, Mr. Snyder, on the amendment.

Mr. SNYDER. Thank you, Mr. Speaker.

Mr. Speaker, I am sure it comes as no surprise to the maker of this amendment that I stand to oppose this amendment.

First of all, Mr. Speaker, we are dealing with SB 5, which is a Procurement Code bill. SB 5 contains language of a codification of how the State purchases services, contracts for purchases, and it codifies the law of the Commonwealth so it makes it as an easy reference for future persons dealing with the State government.

To the best of my knowledge, Mr. Speaker, we have never put into statute the request for studies, particularly issues that are a very short time period. We are doing this codification, Mr. Speaker, to clarify the law and to purify the law so that the statute really is an easy reference for people.

So number one, I ask that you oppose it for the fact that it sets a very dangerous precedent in terms of putting requests for studies in statute.

Number two, there are several processes available to the maker of this amendment to have this study done, and a subsequent speaker, who represents the Legislative Budget and Finance Committee, will address that particular issue. But most members of this House who have asked for the Legislative Budget and Finance Committee to do a study have either done it through the form of a resolution that allows us to consider that matter or in the form of simply a letter to the commission asking for a study to be done. Neither one of those actions have been taken by the maker of this amendment.

Mr. Speaker, also, just on the merits of this whole issue, the maker of this amendment is an attorney. We had the opportunity to go to law school together, and certainly one of the things that we emphasize in law school is quality of work and recognize the fact that a lawyer is someone who provides personal service. Certainly when you go to a lawyer, the first question you do not ask him is, how much is this going to cost me? The first thing you do is determine if the lawyer is going to provide you the best service, because your goal is to either win a case or to be protected.

The people that he is talking about here are the lawyers for the Commonwealth. They are the people who keep us out of trouble, particularly with bond law and the intricacies of that, the conflicts that could arise with Federal law that could jeopardize our

tax-exempt status. A small mistake, Mr. Speaker, could cost this Commonwealth hundreds of millions of dollars if we would lose the tax exemption of our bond.

Mr. Speaker, our bond rating is one of the best in the country right now. If we get bond counsel that is inappropriate or not as qualified as we would like to have in that area of expertise, certainly that could again jeopardize our bond rating and cost the taxpayers hundreds of millions of dollars in potential liability and potential costs.

Mr. Speaker, we have debated this issue. I think the point is that each administration needs the ability to determine, based on quality, based on relationships, based on expertise, who they want to represent themselves as lawyers.

The questions before us in this amendment are totally subjective questions. It is nothing that can be specifically quantified. Yes, there may be some parts of this that raise what the costs are. We have had studies done already. The Office of General Counsel did a 1997 nationwide bond counsel survey to measure some of the objective costs that you can measure. And as I said, the Legislative Budget and Finance Committee perhaps could do some analysis cost-wise, but when you are talking about subjective areas, such as the quality of work, that is really difficult perhaps to put down in the form of a study or report that is fair in comparisons.

I really think, Mr. Speaker, that the maker of this amendment has several options available to him, and I think those should be pursued before we attempt to adopt this amendment and put into statute a study. Thank you very much, Mr. Speaker.

The SPEAKER pro tempore. The gentleman from Delaware County, Mr. Raymond, on the amendment.

Mr. RAYMOND. Thank you, Mr. Speaker.

Mr. Speaker, I would just like to echo the comments of the prior speaker with regards to the Legislative Budget and Finance Committee. I serve as secretary of that committee, and we have always entertained any request from a member, whether it be verbal or written. And I suggested to the maker of the amendment that he might want to submit in writing a request or verbally and we would be happy to take it up at a meeting of the Budget and Finance Committee to consider doing a report on this issue. The last resort should be offering a resolution or an amendment of this nature, if you have been rejected by the committee or refused an opportunity to have a report looked at. I suggested he ask the Budget and Finance Committee to look at this issue and see what happens, and then in that case, if it is rejected or refused, he might want to offer a resolution or amendment to this effect, but this is putting the cart before the horse. There are procedures and proper things in order here to be done that have not been done with regards to this issue, and I would suggest that he do that, and I would urge a "no" vote. Thank you.

The SPEAKER pro tempore. The Chair recognizes the gentleman from Somerset County, Mr. Lloyd, on the amendment.

Mr. LLOYD. Thank you, Mr. Speaker.

Mr. Speaker, I had not intended to say anything about this amendment; it is not my issue, but I think that there have been some statements which need to be put into context.

It has been suggested that the maker of the amendment should not be pursuing a statutory mandate because somehow that is something which is almost unheard of. I would suggest that that is just simply not correct.

In 1981 I sponsored legislation, which this General Assembly approved, which mandates the Legislative Budget and Finance Committee to do a performance audit of the Department of Transportation every 6 years. My recollection is that when we had some legislation overhauling the certificate-of-need law, there was a line in that law which required the Legislative Budget and Finance Committee to do an audit and come up with recommendations about whether the CON law should be continued or should be replaced or should be revised.

My recollection is that when the legislation was passed by the instigation of this administration and the majority in this House to abolish the Department of Community Affairs, that an amendment was placed into that bill requiring the Legislative Budget and Finance Committee to do an audit of two different things: number one, how successful the Local Government Center was in responding to requests, and number two, to do an audit of some of the economic development programs which were being transferred to the new DCED (Department of Community and Economic Development). So you can argue whatever way you want, but it is certainly not without precedent to do this by statute.

Second, Mr. Speaker, there have been questions raised about the legal authority of the Legislative Budget and Finance Committee under its current enabling legislation. Most of those requests have come from the side of the aisle which is leading the charge against this amendment. I think that the maker of the amendment is very prudent in saying, let us not get into that argument; let us pass statutory authorization and mandate to do this study.

The third point I would make, Mr. Speaker, is, this is a way to get rid of this issue and to have a fair recommendation. The Legislative Budget and Finance Committee is bipartisan and bicameral — equal number of Representatives and Senators, equal number of Democrats and Republicans. I think that it produces, through its staff, a quality work product. I do not see any reason why the things which are in this amendment could not be addressed by the Legislative Budget and Finance Committee, and that is a way to not have this amendment appear constantly on the floor of this House and, the next time the issue is raised, to have some authoritative pronouncement on whether this is a good idea or a bad idea.

This amendment does not threaten the State with the loss of money. This amendment says, let us find out whether this State would lose money or save money if it went to a different way of selecting bond counsel.

The final point I would like to make, Mr. Speaker, is that it was suggested that you should be against this amendment because the administration has the right to pick its own lawyer. That is not what bond counsel are for. Bond counsel are not individual lawyers for the Governor of this State or for any executive officer of this State. The job of the bond counsel is to represent the taxpayers of this State, and you and I have as much responsibility for picking those people as the administration does.

Mr. Speaker, I think this is a reasonable compromise, and I think we ought to vote for it.

The SPEAKER pro tempore. The Chair recognizes the gentleman from Greene County, Mr. DeWeese.

Mr. DeWEESE. Thank you, Mr. Speaker.

Just to reinforce the gentleman from Somerset's observation, just to reinforce it a little bit. The inexorable motivations of the

gentleman from Delaware County are such that again and again and again, this issue is going to come before us, and are we going to have big law firms in the big cities making hundreds of thousands of dollars in this underwriting process and then contributing tens of thousands of dollars to gubernatorial campaigns on both sides of the aisle or are we going to look at it, are we going to study it, are we going to dissect it, are we going to try to learn more about it? That is the issue here. The gentleman from Somerset made that quite clear.

We have an entity within our process, and if we send this proposal to that committee for a date certain, then I am sure that the gentleman from Delaware County's insistence that this measure be debated again and again and again will be assuaged, and if it is not assuaged, then some of us will not be as supportive in the future.

But we are attempting, through processes inherent to our Assembly, to take a look at what is perceived by the general public, Mr. Speaker, as being a very pernicious phenomenon — big law firms, big cities, big payouts by the Commonwealth, and then tens of thousands of dollars of campaign contributions coming back in; both parties. I am not casting any aspersions on any administration or any party. There is a structural deformity, and this structural deformity needs to be looked at; it needs to be scrutinized.

This should be a unanimous vote; this should be a unanimous vote to send it to one of our internal organizations for a few months to see how we can straighten this problem out. It is a problem. It is at least a step toward campaign finance reform, and I would challenge the Republican members to vote favorably upon Mr. Vitali's amendment. Thank you.

The SPEAKER pro tempore. The Chair thanks the gentleman.

Those in favor of the amendment will vote "aye"; those opposed will vote "no."

Does the gentleman, Mr. Snyder, seek recognition again? The gentleman is in order.

Mr. DeWEESE. Will the gentleman yield for a moment?

I was just going to say, if the tote board was having this much confusion today, just think what it is going to be like when we are in tent city downstairs.

The SPEAKER pro tempore. Mr. Snyder.

Mr. SNYDER. Thank you, Mr. Speaker.

I am sure the minority leader at times has moments that he wants to converse with other members of his caucus during a vote.

You know, the argument is that this is just a study, but why just on this area then? You know, one of the previous speakers noted that this is our responsibility. As far as I know, we are a legislature. It is our job to provide for the statutory authority for implementing our laws, appropriating the funds to carry out the administration of government in Pennsylvania. This Procurement Code gives the authority to the administration to spend the money that we just authorized yesterday. We do not sit here and look at every vendor; we do not examine every contract. That is not our job. We are the legislature. The fact is, people who do business with this Commonwealth also participate in the electoral process on both sides of this aisle, and if the only reason we are doing this is because some bond counsel give donations, they give donations on both sides, if you notice that.

You can do what you want with this amendment. I am voting "no" because I think we are getting into a very dangerous area of

starting to study just one small aspect of State government that is in the executive branch, and I think that we ought to draw the line here now and recognize what our responsibilities and duties are and leave up to the administration what they think is best to carry out their responsibilities. Thank you very much.

Less than the majority having voted in the affirmative, the question was determined in the negative and the amendment was not agreed to.

The SPEAKER pro tempore. The Chair understands the gentleman, Mr. Lescovitz, withdraws his amendment. The Chair thanks the gentleman.

On the question recurring,
Will the House agree to the bill on third consideration?

Mr. **CLYMER** offered the following amendment No. **A2127**:

Amend Sec. 102, page 10, lines 5 through 8, by striking out "This part does not apply" in line 5, all of lines 6 and 7 and "GRANTOR." in line 8

Amend Sec. 102, page 11, by inserting between lines 2 and 3

(f) Application to grants.—This part does not apply to grants. For the purpose of this part, a grant is the furnishing of assistance by the Commonwealth or any person, whether financial or otherwise, to any person to support a program. The term does not include an award whose primary purpose is to procure construction for the grantor. Any contract resulting from such an award is not a grant but a procurement contract.

Amend Sec. 102, page 11, line 3, by striking out "(F)" and inserting (g)

Amend Sec. 3902, page 107, line 25, by inserting after "funds" directly or indirectly

On the question,
Will the House agree to the amendment?

The SPEAKER pro tempore. On that question, the Chair recognizes the gentleman from Bucks County, Mr. Clymer.

Mr. **CLYMER**. Thank you, Mr. Speaker.

This amendment is technical in nature. Earlier in the process there was removed the definition of "grant," but we failed to recodify that language in the "Application of part" section of the bill. This amendment fixes that oversight.

Secondly, the amendment deals with State-aided institutions. This, too, is a technical, agreed-to amendment intended to preserve the statutory status quo with the definition of "State-aided institutions." Currently in the Public Works Contractors' Bond Law, a State-aided institution is defined to include institutions which receive State funds directly or indirectly for construction. In restoring the phrase "directly or indirectly," we reaffirm the intent to maintain the existing law and practice.

This amendment has the support of the administration, of Representative Steil, who was the sponsor of HB 923, of Chairman Gruitza, the Pennsylvania Building and Construction Trades Council, and the State-related universities.

I respectfully ask for an affirmative vote. Thank you.

CONSIDERATION OF SB 5 CONTINUED

On the question recurring,

Will the House agree to the bill on third consideration as amended?

Mr. ARGALL offered the following amendment No. A2197:

Amend Sec. 1, page 29, by inserting between lines 11 and 12
§ 323. Downtown area leases.

(a) General rule.—The department shall devise and promulgate guidelines to encourage Commonwealth agencies to locate all facilities that are established in a new location after the effective date of this part in a downtown area. In addition, each year 10% of all existing renewal leases shall be selected at random and reviewed by the department to determine if the facility for which the lease is being renewed can be located in a downtown area. The department shall:

(1) Give primary consideration to the restoration and/or reuse of existing structures within the downtown area. When using existing structures reasonable efforts shall be made to:

(i) Restore or rebuild the structure's facade which maintains the architectural integrity of the building and streetscape according to the U.S. Secretary of the Interior's Standards for Rehabilitation set forth in 36 CFR Part 68 (relating to the Secretary of the Interior's standards for the treatment of historic properties).

(ii) Ensure that the structure meets the Americans with Disabilities Act of 1990 (Public Law 101-336, 104 Stat. 327) requirements in an aesthetically pleasing manner.

(2) If the restoration or reuse of existing structures within the downtown area is not determined to be a reasonable alternative by the department, give secondary consideration to the use of in-fill construction within the downtown area. When using in-fill structures reasonable efforts shall be made to:

(i) Have the in-fill structure in scale and the facade maintain the architectural integrity of the existing streetscape.

(ii) Ensure that the structure meets the requirements of the Americans with Disabilities Act of 1990, in an aesthetically pleasing manner.

(3) Deny requests from Commonwealth agencies to locate outside a downtown area unless it is documented that no reasonable alternative exists. Lack of onsite parking shall not alone be sufficient documentation of no reasonable alternative if offsite parking is available within the downtown area.

(4) Coordinate the location of State facilities with existing public/private sector organizations committed to community development, downtown revitalization and historic preservation.

(b) Definition.—As used in this section, the term “downtown area” means the central business district of a city, borough, incorporated town or township, or any commercial or mixed use area within a neighborhood of a city, borough, incorporated town or township, in every case that has traditionally served, since the founding of the community as the retail, service and communal focal point within that community.

Amend Sec. 1 (Sec. 326), page 29, line 19, by inserting before “No”

(a) Review and approval.—

Amend Sec. 1 (Sec. 326), page 29, line 24, by striking out all of said line and inserting

Commissioners of Public Grounds and Buildings.

(b) Downtown area leases.—Where the board is reviewing a lease of real estate under subsection (a) and the lease involves a request from a Commonwealth agency to locate outside a downtown area in accordance with section 323(a)(3) (relating to downtown area leases), the board shall review the documentation that no reasonable alternative exists prior to approval of the lease.

(c) Voting.—Where the board

On the question,

Will the House agree to the amendment?

The SPEAKER. On the question of the adoption of the Argall amendment, the Chair recognizes the gentleman, Mr. Argall.

Mr. ARGALL. Thank you, Mr. Speaker.

Mr. Speaker, this is the proposed downtown location law, which has been introduced and approved on a couple of different versions unanimously by the House Urban Affairs Committee. It grew out of the bipartisan efforts of the House Urban Affairs Committee and the House Local Government Committee in the last term under the terms of HR 91. Representative Fichter, then Representative Wozniak and I, worked on it along with many other legislators from both sides of the aisle. Many bills have been produced from that effort, and this is just one.

The basic goal of this legislation — and you have all received a copy of a segment which I have reproduced with the approval and permission of the National Trust for Historic Preservation on what other States have done — its goal is quite simple. I think it speaks with common sense. It would encourage the Department of General Services to locate offices downtown rather than on greenfield locations.

Representative Petrone in an earlier time had talked about this bill and the other bills in the package as a result of what he thought was one of the most genuinely bipartisan, successful legislative efforts in his many years here in the legislature. We do not hear those kinds of words often at press conferences in Harrisburg, and so they have stuck in my mind for several months.

Many States have already taken this step. The Federal government under Presidents Nixon, Carter, and Clinton have done this in various steps. I think what we are trying to do is give the State government another tool in the economic development toolbox for improving our downtowns.

The Department of Community and Economic Development, its forerunners in the Department of Commerce and DCA (Department of Community Affairs), have provided many grants over the years to improve our downtowns, which in many cases, our villages, our boroughs, and our cities just are not what they used to be. This would add to that guidance which we provide

those downtowns; it would add to those grants which we provide to our downtowns. By locating a State office in a downtown rather than out in a greenfield, it really provides additional jobs in the downtown. Those jobs then have lunch next door. They might buy some socks or a hat while they are in the downtown. It can really help to breathe some new vitality into many of our troubled downtowns, both large and small. This is one that can help communities such as Tamaqua in my district and communities as large as the city of Philadelphia, as well as those smaller than Tamaqua and those somewhere in between.

So, Mr. Speaker, I would ask that the House would approve this bill. It is one that we have been working on now for longer than I want to remember, at least 2 years, and I am pleased to recommend it for your consideration today.

PARLIAMENTARY INQUIRY

The SPEAKER. The gentleman, Mr. Steil.

Mr. STEIL. Thank you, Mr. Speaker.

A parliamentary inquiry.

The SPEAKER. The gentleman will state his point of parliamentary inquiry.

Mr. STEIL. Mr. Speaker, has this amendment been submitted in time, or must it require a suspension of the rules to be offered?

The SPEAKER. No, we are having that discussion right now. The Parliamentarian and I had that discussion before we accepted the amendment. This amendment was offered and timely filed under a separate printer's number. The printer's number to the bill changed, and the amendment was not redrafted — pardon me — and then the amendment was redrafted. But this amendment was filed previously, filed timely, and was posted.

Mr. STEIL. Thank you, Mr. Speaker.

I would like to speak on the—

The SPEAKER. And we have, and it may be that we started a bad practice some years ago in allowing this, and we were just talking about revisiting this practice, but—

Mr. STEIL. Thank you, Mr. Speaker.

The SPEAKER. —we have allowed it in the past and we will allow it again.

Mr. STEIL. I would like then to speak on the amendment.

The SPEAKER. The gentleman is in order.

Mr. STEIL. With all due respect to the gentleman, I would ask the House to not approve this amendment, amendment No. A2197. The reason for that has nothing to do with the issue. The issue is a good issue. The issue has been before the Urban Affairs Committee several times and has been voted out nearly unanimously each time.

There is no one in this House that is a bigger supporter of our small towns than I am, but SB 5 has been in the making for a lot of years. It has been before a number of committees, there have been a number of compromises, but most important, over 25 interest groups have been involved in reaching the compromise that we are at today. This amendment will break that compromise, and if we break that compromise, we have broken the committee process and we have not addressed the issues that they have brought before us and that we had previously agreed upon.

So therefore, I ask that we cast a “no” vote for this amendment so that we maintain the process on SB 5 and make sure we

continue to establish the integrity with all the groups that were involved in the process of developing SB 5. Thank you, Mr. Speaker.

The SPEAKER. The gentleman, Mr. Markosek.

Mr. MARKOSEK. Thank you, Mr. Speaker.

Mr. Speaker, again, I respectfully rise in opposition to another very well intended amendment, and it is a little bit uncomfortable to be against such an amendment, because certainly on another bill at another time I would wholeheartedly support my friend, Mr. Argall, in his attempts to do what he is trying to do for his community.

Earlier today I spoke in the same fashion relative to the amendment offered by the gentleman from Delaware County, Mr. Vitali, not speaking against the substance of his amendment but rather the timeliness of it and the need for swift action on SB 5 and the need to have an unfettered SB 5 move from this House. We cannot afford, the Allegheny County Port Authority, of which I am a member, cannot afford to have this delayed. It would help them substantially. It is very good legislation we have worked a long time with and for, and to be fair to the gentleman on our side of the aisle, I must respectfully also oppose the gentleman, my friend, on the other side of the aisle for the same purpose.

So I would ask for a "no" vote. Thank you, Mr. Speaker.

The SPEAKER. The gentleman, Mr. Gruitza.

Mr. GRUITZA. Thank you, Mr. Speaker.

I would just like to raise the question here as to whether or not there has been a fiscal note prepared for this amendment. I do not think there is any question that if this is adopted and incorporated into this bill, that there would be fiscal ramifications as far as costs incurred by the Commonwealth in shifting around some of these projects, particularly the 10-percent requirement. And I would add, if there is no fiscal note, then I would move that—

The SPEAKER. The gentleman will yield.

AMENDMENT RULED OUT OF ORDER

The SPEAKER. It is the opinion of the Chair that this amendment does require a fiscal note. It is the information of the Chair that no fiscal note was requested. Accordingly, the amendment is out of order.

MOTION TO PLACE BILL ON THIRD CONSIDERATION POSTPONED CALENDAR

The SPEAKER. The gentleman, Mr. Argall.

Mr. ARGALL. Would a motion to postpone this bill until, I suppose Monday would be long enough to prepare the necessary fiscal note, be in order at this time?

The SPEAKER. Yes; that would be in order.

Mr. ARGALL. I would like to so move, Mr. Speaker.

The SPEAKER. The gentleman, Mr. Argall, moves that SB 5, together with the amendments, be placed on the postponed calendar until Monday, April 27. Is that right?

On the question,

Will the House agree to the motion?

The SPEAKER. On the question, the gentleman, Mr. Markosek.

Mr. MARKOSEK. Thank you, Mr. Speaker.

Is this debatable, Mr. Speaker?

The SPEAKER. Yes.

Mr. MARKOSEK. I would, for the same purposes that I rose before, I would ask a "no" vote on this motion. Thank you.

The SPEAKER. The Chair thanks the gentleman.

Mr. Clymer.

Mr. CLYMER. Thank you, Mr. Speaker.

Mr. Speaker, we have put a lot of work into SB 5. We were told that it was going to run today without reservation, that this was the time to run it, and I would oppose postponing a vote on this bill at this time and would ask the members to oppose any motion to postpone this particular piece of legislation, that we do the bill today.

The SPEAKER. The Chair thanks the gentleman.

PARLIAMENTARY INQUIRY

The SPEAKER. The gentleman, Mr. McCall, question of postponement.

Mr. MCCALL. A point of parliamentary inquiry, Mr. Speaker.

The SPEAKER. The gentleman will state it.

Mr. MCCALL. Is it possible to suspend the rules?

The SPEAKER. The gentleman will yield.

MOTION WITHDRAWN

The SPEAKER. Mr. Argall.

Mr. ARGALL. I would like to withdraw the motion, Mr. Speaker. I believe there is another way to handle this, and let us get on to other issues.

The SPEAKER. The Chair thanks the gentleman.

On the question recurring,

Will the House agree to the bill on third consideration as amended?

Bill as amended was agreed to.

The SPEAKER. This bill has been considered on three different days and agreed to and is now on final passage.

The question is, shall the bill pass finally?

Agreeable to the provisions of the Constitution, the yeas and nays will now be taken.

PARLIAMENTARY INQUIRY

Mr. DeWEESE. Mr. Speaker? Mr. Speaker?

The SPEAKER. I will take announcements now.

The gentleman, Mr. DeWeese, do you have an announcement or are you going to make a speech? I would rather the announcements first.

Mr. DeWEESE. I am not going to make a speech, Mr. Speaker. I have a point of parliamentary inquiry which would be helpful for all of us.

The SPEAKER. The gentleman will state his point of parliamentary inquiry.

Mr. DeWEESE. And this is not meant adversarially; it is meant constructively for the future.

On recent business, the Chair pronounced that the amendment was not filed timely to this printer's number but it had been filed timely to a previous printer's number and, therefore, was acceptable to be discussed today without a suspension of the rules. We had tried that same phenomenon a time or two since January without success, and although I am not going to be keen in my lamentation, I want to find out what kind of ruling we shall expect from the Chair in the next month or 2 or 3 or 4. The gentleman, Mr. Lloyd, may have a more clear recollection, but I just want to know prospectively what we are going to be doing.

The SPEAKER. Mr. DeWeese, the advice I received while presiding was to the effect that over a long period of time, the Chair — not necessarily this individual in the Chair, but the Chair — had, since these rules of timing had been adopted, which are, I am going to say, some 8 or 10 years old — I am not sure just how old they are, but they are relatively new — that over a period of I am guessing some 6 or 8 years hence, this has been adopted in the sense of fair play that a person has amendments, the amendments were prepared properly, they were filed timely, and now all of a sudden the bill has a new printer's number and the amendments are not quite right because they have the wrong printer's number up in the corner. We have allowed that in the past; we will allow that in the future. Although we are not sure it is the right thing to do, we will continue to allow it until we can think of a better way to modernize that particular rule.

Mr. DeWEESE. I thank the Speaker. I concur with your judgment, and I would hope that there is always a little bit of flexibility in this process, and I think your ruling and our previous Speakers' rulings allow for that appropriate flexibility. Thank you.

The SPEAKER. The Chair thanks the gentleman.

ANNOUNCEMENT BY MR. FLICK

The SPEAKER. Mr. Flick.

Mr. FLICK. Thank you, Mr. Speaker.

I was hoping to get the attention of the Speaker before the members left the chamber. I wanted to announce that the Keystone State Games legislative caucus reception is being held now in room 60 and will continue to be held until 2:30.
