SESSION OF 2004

188TH OF THE GENERAL ASSEMBLY

No. 41

HOUSE OF REPRESENTATIVES

The House convened at 1 p.m., e.d.t.

THE SPEAKER PRO TEMPORE (JERRY BIRMELIN) PRESIDING

PRAYER

REV. JULIANN V. WHIPPLE, Chaplain of the House of Representatives, offered the following prayer:

Let us pray:

This afternoon, O God, our Creator, we bow before You in thanks for this glorious day. The air is so clear and the skies so blue, our souls long to walk through the grass in our bare feet, with all of our cares pushed aside. We should be thankful for every day, but our nature keeps us from seeking the beauty in every hot, humid, or stormy day. Forgive our feeble excuses for not looking up in thanksgiving for each day that we have to right old wrongs, enjoy laughter with a friend, and tell someone special we love them.

Yesterday was a day we set aside to remember our fathers. For some, the memories were joyful and uplifting. We recall a father who loved us, cared for us, aided us in our dreams, and most importantly, was always there for us regardless what took place in our lives. For others of us, Father's Day brought feelings of emptiness and pain. In some instances it was a relationship filled with heated words and misunderstanding. And for a few of us who never knew our fathers, we wonder what might have been. Still, O Lord, we express gratitude for those who have been our fathers throughout our lives, those who have been guides and mentors. We thank You for what we have learned from them and continue to learn still.

We thank You for the Founding Fathers of our nation, the gallant and perceptive Washingtons, Franklins, Jeffersons, and Lincolns. We look back on their accomplishments and wisdom and can scarcely believe that we are the heirs of their work. We are most fortunate. May all of us who serve this Commonwealth do so with wisdom and leave a legacy from which others could follow. May we rise to follow the example of those leaders who came before us, but may our inspiration always come from You.

What a wonder that You would visit us here this afternoon and turn Your ear to our prayers. We thank You, Father of all. Amen.

PLEDGE OF ALLEGIANCE

Through processing and inventorying committee records, members' papers, photographic and audio collections, the students continue to better document the historical significance of the House of Representatives. We welcome to the hall of the House today the five archival interns who began on May 17 and who will be here through August 13, and if they would please rise when I mention their name so that they can be recognized.

**FUTURE CITY COMPETITION
WINNERS PRESENTED**

The SPEAKER pro tempore. At this time the Chair would like to recognize Representative Frank Dermody for the presentation of a citation.

Members, if you would, please take your seats. Members, please take your seats. We have the presentation of a citation.

Representative Dermody, you are recognized.

Mr. DERMODY. Thank you, Mr. Speaker.

Mr. Speaker, we often say that the youth of today shape the future of tomorrow. If this is correct, ladies and gentlemen, then we should feel secure in the years to come. The students that we recognize today from the 33d Legislative District really amaze me with their creativity and their foresight that is way beyond their years.

The students we recognize today are from the Riverview School District. Riverview is represented by myself and Representative Tony DeLuca. A team of three students represented the Riverview Junior/Senior High School in the 2004 National Engineers Week Future City Competition.

The competition paired seventh and eighth grade students with a volunteer engineer mentor, and every team had a mission. Their mission was to design a city for the future. This was no small challenge. The students had to account for residential, commercial, and industrial zoning, powerplants, transportation systems, communication systems, pollution, traffic problems, and last but not least, taxes. The most amazing thing is that all this had to be accomplished with a balanced budget. Perhaps we could learn a thing or two from their plan.

Today I would like to welcome the team members: Allison Garda – the team members should be right behind me here – Allison Garda, Natalie French, and Cara Hartz. I would like to welcome you all to Harrisburg. These three young women from Riverview outclassed more than 30,000 students from across the nation and were awarded first place by the judges in Washington, DC.

I would also like to recognize their team mentor, engineer Bill Brooks, as well as two dedicated Riverview teachers here with us today – Brian Ludwig and Janeice Calfe. Without dedicated teachers like these, our students would not be successful.

We also have in the gallery here today Natalie's mom, Janice French, who is in the gallery, along with Allison's dad, Steven Garda. Also here today is the principal at Riverview High School, Richard Rosenberger.

On behalf of myself, Representative DeLuca, and the House of Representatives, I would like to thank all of you for being such remarkable representatives of the great Commonwealth of Pennsylvania. Congratulations to all of you on your achievements.

Seated in the back of the House are the students that participated: Lauren Bene, Brittany Perfetti, Daniel Matarazzo, Matthew Collins, teacher George Hight, and the cooperating engineer, William Waldron. If they could all stand for the members to see them. Members could you give them a nice—

In the balcony, I am proud to announce from the Drexel Hill Middle School Jonathan Ross, the principal of the Drexel Hill Middle School; Daniel Horan, assistant principal; Jennifer Saksa, vice principal; and Holly Farnese, athletic director. If they would please rise.

KYLE BRADY PRESENTED

The SPEAKER. Members will please take their seats. We have a special citation offered here today by the gentleman from Chester, Mr. Hershey.

Mr. HERSHEY. Thank you, Mr. Speaker.

Today Representative Nailor and I are honored to introduce to you Kyle Brady. Kyle Brady is a tight end with the Jacksonville Jaguars since 1999. He will be the featured speaker at the Capitol Ministries fundraiser this evening at the Tuesday Club. We still have a few seats available.

Mr. Brady is a native of New Cumberland, Pennsylvania; was one of the most highly sought after prep players at Cedar Cliff High School in Camp Hill. He was a Parade Magazine/USA Today All-American and Gatorade Player of the Year in Pennsylvania as a senior at Cedar Cliff. At Penn State Mr. Brady was a two-time All-Big 10 Selection Consensus All-America Choice. He also helped lead the Nittany Lions to an undefeated season, a Big 10 championship, and the school's first-ever Rose Bowl victory. Formerly with the New York Jets, Mr. Brady is considered one of the best blocking tight ends in professional football.

In 2000 Mr. Brady was the recipient of the NFL Extra Effort Award for his community involvement. He is very active in his community, including the Fellowship of Christian Athletes ministry and Faith Community Foundation in Jacksonville, Florida. Kyle's motto is this, taken from Colossians: "Whatever you do, work at it with all your heart as working for the Lord, not for men, because you know that it is the Lord Christ you are serving."

At this time join Representative Nailor and I and give him a good Pennsylvania welcome.

Thank you.

BILL ON THIRD CONSIDERATION

The House proceeded to third consideration of **HB 121, PN 3548**, entitled:

An Act authorizing investment tax credits for qualified alternative energy enterprises; establishing the Pennsylvania Clean Energy Fund; and making a transfer of funds.

On the question,

Will the House agree to the bill on third consideration?

Bill was agreed to.

The SPEAKER. This bill has been considered on three different days and agreed to and is now on final passage.

The question is, shall the bill pass finally?

The Chair recognizes the gentlelady from Montgomery, Ms. Bard.

Ms. BARD. Thank you, Mr. Speaker.

This legislation provides tax incentives and investment and loan funds for the purpose of encouraging economic development of alternative energy and renewable resources. Developing new energy technologies and alternative fuels provides new business opportunities and jobs growth within the Commonwealth. These efforts will benefit the environment and our energy security as well.

The legislation was initiated in response to the recommendations of the Task Force on 21st Century Energy Policy for Pennsylvania, which I had the privilege of chairing. The legislation has been the subject of hearings held by the Environmental Resources and Energy Committee and has

received the review of both the environmental and the business communities, and I ask for the support of my House colleagues.

Thank you very much, Mr. Speaker.

The SPEAKER. The Chair thanks the gentlelady.

On the question recurring,

Shall the bill pass finally?

The SPEAKER. Agreeable to the provisions of the Constitution, the yeas and nays will now be taken.
