SESSION OF 2006

190TH OF THE GENERAL ASSEMBLY

No. 22

HOUSE OF REPRESENTATIVES

The House convened at 10 a.m., e.d.t.

**THE SPEAKER (JOHN M. PERZEL)
PRESIDING**

PRAYER

REV. T. GLEN BAYLY, Chaplain of the House of Representatives, offered the following prayer:

Please join me in prayer.

Our gracious Heavenly Father, we once again come into Your presence and we seek Your blessing on this day. We thank You for Your many blessings. We thank You for a new day, and we ask You to be with us.

Today as we come before You, we would ask You to cleanse our hearts of sin, those things that we do and say and even think that are displeasing in Your sight. We would ask You to forgive us and help us to forgive others who offend us as well.

We pray today and ask You for Your guidance and wisdom in all that we do, that we might have wisdom from above and that we would have the right motivation to serve You and to serve others. We thank You for the gift of life, and may we use our lives in productive ways.

We think this morning of those who have lost loved ones in the recent tornadoes, and we would pray for their families – for the recovery of their lives, for their thoughts of the future – that You might give comfort and guidance.

Be with all the lost loved ones. We think of the passing of the former Speaker and ask Your blessing on his family at this time and comfort them.

Lord, we thank You today that we have had 4 1/2 years without a major terrorist attack on our homeland, and we give thanks for that. It is a great blessing, and we believe that You are involved in our protection and our guidance.

And we seek for protection over our troops today. We ask for Your blessing and wisdom for our President Bush and Governor Rendell. We pray for our Senators and Congressmen and for the members of the State Senate and also for the members of this House of Representatives.

We ask that Your spirit would be with us. May we know the blessing of Your spirit and the fruit of love and joy and peace in our lives.

Now would You guide this session, make it fruitful, give patience and endurance and cooperation among the members, and we pray all this in Your blessed and holy name. Amen.

PLEDGE OF ALLEGIANCE

known as the Public School Code of
1949.
State appropriation..... 12,500,000

On the question,
Will the House agree to the amendment?

Mr. S. SMITH. Mr. Speaker?

The SPEAKER. On that question, the Chair recognizes the gentleman from Jefferson, the majority leader, Mr. Smith.

Mr. S. SMITH. Thank you, Mr. Speaker.

Mr. Speaker, while I certainly do not want to disrupt or I regret having to disrupt the smooth flow that we started off on, I did want to point out to the members that this particular amendment has to do with what was a 5-year deal between the Schweiker administration and the mayor of Philadelphia for an additional source of funds. That 5-year deal ran out last year, and I, for one, Mr. Speaker, cannot agree to the substance of this amendment, which would continue that \$25 million special appropriation to the School District of Philadelphia.

So I am going to be opposing this amendment, Mr. Speaker, and just wanted the members to be aware of the substance of it.

Thank you, Mr. Speaker.

The SPEAKER. The Chair thanks the gentleman.

PARLIAMENTARY INQUIRY

AMENDMENT DIVIDED

The SPEAKER. The gentleman, Mr. Samuelson.
Mr. SAMUELSON. Thank you.

A parliamentary inquiry.

The SPEAKER. The gentleman will state it.

Mr. SAMUELSON. Is this amendment divisible between line 3 and line 4?

The SPEAKER. It is divisible between lines 3 and 4; yes.

Mr. SAMUELSON. Would a motion be in order?

The SPEAKER. Just give me one second, Mr. Samuelson.

The amendment is divisible. The first vote will be on lines 1, 2, and 3. The second portion will be lines 4 through 11.

Mr. SAMUELSON. Thank you, Mr. Speaker.

On the question,

Will the House agree to part 1 of the amendment?

The SPEAKER. On that question, Mr. Vitali.

Mr. VITALI. May I interrogate the maker?

The SPEAKER. Will the gentleman, Mr. Roebuck, stand for interrogation?

The gentleman, Mr. Evans, indicates he will stand.

Mr. VITALI. I am just a little confused. I just want to be very clear on what we are voting on in this amendment.

Mr. D. EVANS. Could you repeat your question, Mr. Speaker?

Mr. VITALI. I just want to be absolutely clear what this vote is. Tell me by voting “yes” on this what I will be voting for.

The SPEAKER. One second, Mr. Vitali.

The gentleman, Mr. Evans, for the explanation for Mr. Vitali.

On that question, Mr. Vitali.

Mr. VITALI. I just wanted to clarify— Okay. I will request interrogation. Is that where we are right now?

The SPEAKER. Yes.

Mr. VITALI. Okay. So the amendment has in fact been divided. Is that my understanding?

The SPEAKER. That is what I said, Mr. Vitali.

Mr. VITALI. Okay.

The SPEAKER. Lines 1, 2, and 3 and then lines 4 through 11.

Mr. VITALI. We are voting on lines 1, 2, and 3 right now or the balance?

The SPEAKER. Mr. Vitali, we just started. Lines 1, 2, and 3; yes.

Mr. VITALI. 1 through 3. Okay. Thank you.

The SPEAKER. And then we will do 4 through 11.

Mr. VITALI. Thank you.

The SPEAKER. Okay?

On that question, those in favor of the divided amendment, lines 1, 2, and 3, will vote “aye”; those opposed, “no.”

(Members proceeded to vote.)

VOTE STRICKEN

The SPEAKER. The clerk will strike the vote.

Mr. Evans.

(Conference held at Speaker’s podium.)

GUESTS INTRODUCED

The SPEAKER. The Chair would like to welcome some special guests. There are 24 students and 2 leaders from the German American Partnership Program from Altotting,

Germany. They are the guests today of Representative Thomas Creighton. They are in the back of the floor of the House. Would those guests please rise and be recognized.

CONSIDERATION OF HB 2499 CONTINUED

The SPEAKER. The gentleman, Mr. Samuelson, has withdrawn his motion.

So the amendment is lines 1 through 11. It is amendment A6698 as is, lines 1 through 11.

Will the House agree to the amendment?

The majority having voted in the affirmative, the question was determined in the affirmative and the amendment was agreed to.

On the question recurring,

Will the House agree to the bill on third consideration as amended?

Mr. **ROEBUCK** offered the following amendment No. **A06466**:

Amend Sec. 212, page 67, by inserting between lines 24 and 25 For payment to any school district of the first class which has been declared

distressed under section 691(c) of the act of March 10, 1949 (P.L.30, No.14), known as the Public School Code of 1949.

State appropriation..... 25,000,000

On the question,
Will the House agree to the amendment?

Mr. S. SMITH. Mr. Speaker?

The SPEAKER. The Chair recognizes the gentleman, Mr. Smith, the majority leader.

Mr. S. SMITH. Thank you, Mr. Speaker.

I would just like to point out this is back where we were a few minutes ago. This amendment is the amendment which would continue for the sixth year what was the 5-year agreement under the Schweiker administration. I just wanted to point that out to the members.

The SPEAKER. Mr. Evans.

Mr. D. EVANS. Mr. Speaker, what I would like to do is have the Democratic chairman— He has the actual agreement. So when the majority leader is stating what he says, he can read to you on the record exactly the agreement that was made with the Schweiker administration, and I would like for the Democratic chairman of the Education Committee to read what he has in the agreement.

Thank you.

The SPEAKER. The Chair thanks the gentleman.

The gentleman, Mr. Roebuck, is recognized.

Mr. ROEBUCK. Thank you, Mr. Speaker.

I would like to point out that although there is reference to a 5-year agreement, I do not find that in the language of the memorandum under which the State assumed responsibility for the Philadelphia School District.

I specifically point to the provisions which reference finances, and it says that “The Governor will ask the General Assembly to provide an additional \$75 million in general educational subsidy to the School District in FY '03, beyond the amount provided in FY '02 and across-the-board increases proposed for FY '03, increasing to a minimum of \$82 million additional subsidy in FY '06, with funds intended to continue thereafter.”

There is no provision here that suggests that this is a 5-year agreement or a 5-year subsidy, and I think that we ought to be clear on that, Mr. Speaker, and to suggest otherwise is I think to mischaracterize the agreement under which the School District of Philadelphia now operates.

Thank you.

The SPEAKER. The Chair thanks the gentleman.

The gentleman, Mr. Smith.

Mr. S. SMITH. Thank you, Mr. Speaker.

Mr. Speaker, I, too, have read through the agreement that was signed, which was a unique document in that at the time when Governor Schweiker was orchestrating this deal with the city of Philadelphia, it was something that was done legislatively, but the fact that it was actually committed to writing in terms of some memorandum of understanding or whatever this document actually would be characterized, the fact is, Mr. Speaker, the item the gentleman just read relative to the \$82 million, the State has far exceeded the \$82 million that was outlined in here as a minimum.

In talking with Governor Schweiker recently, he has affirmed also to me that the original agreement was \$25 million for 5 years, and that was certainly my recollection, Mr. Speaker. I simply think that the Commonwealth has certainly fulfilled its obligation relative to this memorandum of understanding from 5 years ago, 6 years ago, and that certainly at the very minimum, Mr. Speaker, we need to readdress it and not just assume that this money will continue to go to the Philadelphia schools when it otherwise could go to the rest of the school districts in Pennsylvania as well.

Thank you, Mr. Speaker.

The SPEAKER. The gentleman, Mr. Evans.

Mr. D. EVANS. Thank you, Mr. Speaker.

Mr. Speaker, about 5 or 6 years ago Governor Ridge and Governor Schweiker, we did a unique partnership with the city of Philadelphia and particularly with the children of the city of Philadelphia. I have heard what the gentleman just expressed, but I think he needs to understand that a commitment was made to the 200,000 children of the city of Philadelphia. And, Mr. Speaker, one of the things that used to always be the criticism was that the system was not meeting the needs of all the kids, that you were hearing stories about bankruptcy, you were hearing stories about name-calling that was taking place. Here, Mr. Speaker, the first time ever in the nation as well as Pennsylvania, we are trying something different, and if we now, Mr. Speaker, send messages to local school districts when we as the State have been trying something different, because all of a sudden we say we have solved the problem, we have not solved the problem, Mr. Speaker. The very same schools that are now under, that are now under this outside control by for-profits and nonprofit organizations, this is what this money pays for. The Speaker knows for himself – and he was supportive of that effort like I was supportive of the effort – now is not the time to go back. This investment is investing in those children.

Now, I do not disagree with the gentleman, because I also am prepared to vote for additional money for any other school district that needs help. We only need to look at school districts that have been having this difficult time.

Now, I think it is the wrong time, Mr. Speaker, to talk about the element of, you know, suddenly magically 5 years, because the agreement does not say that. The agreement specifically says, as the Democratic chairman of Education read, that it will continue on these investments on the basis of these particular schools. It is only about 45 schools that are being targeted. I do not think it is now the time to reverse that particular action. I think it is shortsighted, Mr. Speaker, and I think it is a mistake.

So I would hope, Mr. Speaker, that the majority leader— And I understand the environment that we are operating in and I understand how people look at this specifically relating to the city of Philadelphia, but Philadelphia is a part of the Commonwealth of Pennsylvania, and it is the largest city in the Commonwealth of Pennsylvania, and in my view, it is no time to suddenly be reversing a commitment that has been made.

So, Mr. Speaker, I would hope – and I have talked to the majority leader – I would hope the majority leader would fully understand that I understand the pressures that are put upon members and I understand how this is viewed and I know that this is an election year.

Mr. Speaker, can I get the attention, please.

The SPEAKER. The gentleman is entitled to be heard. Please break up the conferences in the aisles.

Mr. D. EVANS. Mr. Speaker, the reason I asked that I get attention is because I understand how sometimes we look at this process and we say that this is not real, but at the end of the day, this is real for those 200,000 children in the city of Philadelphia. And you know for a fact that if we have something that has been working and test scores have been increasing, there has been fundamental change in the way the leadership has been conducted, in my view, it is not time to go back.

I would hope, Mr. Speaker, that members— And I know how the process works. Members think, well, this is not for real. Well, just think about the message that we will be sending, Mr. Speaker. We need to continue the investment in the children of the city of Philadelphia. I hope that members recognize that at times this is something that may happen in their particular district. I do not think it is the time to reverse the particular position. I think the agreement is very clear. It states in the record, and I would like to make sure I put in the record the memo – I want to put the memo, the memo of agreement, on the record, because I want members to understand, in spite of what I tried to explain, that we have an agreement that was made by Governor Schweiker; Governor Schweiker, the agreement was made. I voted for it; the vast majority of you voted for it. You voted for it organizationally to make change, and you voted for the money. It is, in my view, Mr. Speaker, not the time to suddenly reverse the direction. It sends the wrong message.

In this agreement, and the agreement says— This agreement was made April 2002. This is 2006. It has Governor Schweiker's name on it, and just as the chairman of Education, the Democratic chairman said, he said, "The Governor will ask the General Assembly to provide an additional \$75 million in general educational subsidy to the School District in FY '03, beyond the amount...in FY '02 and across-the-board increases proposed for FY '03, increasing to a minimum of \$82 million additional subsidy in FY '06, with funds intended to continue thereafter"; to continue thereafter. What I will do, Mr. Speaker, is I will make sure you get a copy of this.

This is not, in my view, the time to be perverse when you start talking about progress. I do not disagree that every school district, every school district needs the help, and most of you know I have supported, no matter if it is a Democratic/Republican urban district, I have supported all of that, and I have supported that because I understand if we are going to grow Pennsylvania, every school district, every school district has to benefit. So we need to get away from this idea of pitting one school district against the other, and at the end of the day, we are not pitting. This was signed by Governor Mark Schweiker. I supported it.

I am saying to you, I understand the politics, I understand this is an election year and I understand people saying what they cannot vote for, but we now have got to begin to change that. We now have to begin to change it.

It is clear to me that this is long overdue. And I understand members want to be able to go out and say, well, we voted against them politically, but come on. Let us get passed the politics of this. If education is ever going to move forward in this State, it is going to be Democrat and Republican. That is the only way it is going to move, and it happened that way in 2002. It was Democrats who stood up with you.

So I think it is a mistake, Mr. Speaker. I think it is shortsighted. I think as usual it is the same old kind of game that

is always played, that we do one thing and then we go in the backroom and do something different.

The amendment Representative Roebuck is offering I think is an amendment that should be supported. Nobody is asking for any more than what is there, than what the commitment was made. It is written right here. Governor Schweiker signed this commitment. I do not think you want to renege on that commitment. I would hope all of the members would consider and be supportive of this amendment.

Thank you, Mr. Speaker.

The SPEAKER. The Chair thanks the gentleman.

DOCUMENT SUBMITTED FOR THE RECORD

Mr. D. EVANS submitted a document for the Legislative Journal.

(For document, see Appendix.)

CONSIDERATION OF HB 2499 CONTINUED

The SPEAKER. The gentleman, Mr. Smith.

Mr. S. SMITH. Thank you, Mr. Speaker.

Mr. Speaker, with all due respect, nobody is pulling the plug on something. We have completed what was a deal that was arranged, and in fact, Mr. Speaker, we have far exceeded what was agreed to, and in fact, Mr. Speaker, the School District of Philadelphia continues to get more money than any other school district receives on just a generalized basis.

I want to give you a few numbers, Mr. Speaker. In the first year it was almost \$27 million additional funding; in the second year it was \$18 million; in the third it was \$65 million; in the fourth it was \$110 million in additional funding over and above what their general basic education subsidy would have been otherwise. That does not include, Mr. Speaker, charter school reimbursement, which did not even exist in our funding system whenever this agreement was first arranged. It does not include the additional moneys they got from the block grant that we created just a couple of years ago.

Mr. Speaker, we are not, by voting against this amendment, you are not bashing Philadelphia, Mr. Speaker. You are not backing away from a deal; you are not pulling the plug on anything. We are just tempering back and leveling the playing field. The fact is, Mr. Speaker, if you want to talk about the Philadelphia School District relative to the rest of the State, the school district has 12 percent of the estimated 2005-2006 student population, the ADMs (average daily memberships). The Philadelphia School District receives 18 percent of the proposed basic education funding; 12 percent of the students, 18 percent of the money. The Philadelphia School District receives 20 percent of the accountability block grant. They probably will get \$50 million. If the block grant goes to \$250 million this year, which it may, they will probably get 20 percent of that, or \$50 million. That did not even exist when this Schweiker deal was originally put in place.

Mr. Speaker, this is not about anything other than trying to use the money that we have for education and use it in a fair and equitable way across the State. These numbers are not, they are not made up, Mr. Speaker. We are not pulling the plug. The city of Philadelphia School District has received far more money,

a lot more money than what we ever even agreed to – \$110 million in the fourth year. That is not \$25 million; that is \$110 million.

Mr. Speaker, I would ask the members to vote against the amendment, not because of it being Philadelphia, just being the fact that this money needs to be used in an equitable manner across the State. I think we have done what we agreed to do. We are seeing results. We are not pulling the plug, but we do have to wean them off, and that was what we originally agreed to.

Thank you, Mr. Speaker.

The SPEAKER. The Chair thanks the gentleman.

LEAVE OF ABSENCE

The SPEAKER. The Chair returns to leaves of absence, and the minority whip requests a leave of absence for the remainder of the day for the gentleman from Fayette, Mr. ROBERTS. Without objection, that leave is granted.

CONSIDERATION OF HB 2499 CONTINUED

The SPEAKER. The gentleman, Mr. Evans.

Mr. D. EVANS. Thank you, Mr. Speaker.

Mr. Speaker, in the proposed budget that the Governor recommended, there is a proposed increase of \$224 million, which everybody will get an increase. In the block grant, Mr. Speaker, that the majority leader spoke about, everybody gets an increase on the block grant.

Mr. Speaker, I heard the gentleman say that we are not pulling the plug. I do not know— You know, the measuring stick, Mr. Speaker, is when kids are at proficient and advanced proficient. When you have kids who have started so far behind, Mr. Speaker, and I am the first one who will say money in itself will not magically change it, but, Mr. Speaker, when you have – and I could show the test scores, I could show the test scores with No Child Left Behind – when you have the increases that have been occurring, all of a sudden, Mr. Speaker, no matter whatever my good friend may say, the headline will be “General Assembly pulls plug on education reform.” That will be the headline.

Now, like it or not, I do not think the gentleman wants to have that headline, because we worked together on the education reform. When the gentleman talked about the block grant, that is something that we supported. When he talks about the increase, that is something that we also supported. So the headline, in spite of what he is saying about weaning off, at the end of the day the headline will say, “General Assembly reneges on education reform to the children of the largest school district in the Commonwealth of Pennsylvania.”

And I know, Mr. Speaker, everybody will wink and nod and say, well, you know, you can really put it back some other time, but the fact of the matter is, Mr. Speaker, once and for all this body needs to face up to that this is a commitment to these kids, not to the adults. We need to understand that we as a State have tried something that no other State has accomplished, that our test scores have been increasing. Look at most major cities around the nation when you look at the problems and the challenges that they have. We are trying organizations – for-profits, not-for-profits, universities – in working with the schools that are at the lowest achievement.

So the only place I differ with the gentleman is that I believe that this is the wrong time; that is where I differ. I believe it is the wrong time, and I believe that it says this is a continuation. Now, when he states the increase in the block grant, the fact of the matter is everybody in this General Assembly will receive that. When he quotes those statistics of 12 and 20 percent, the reality of it, Mr. Speaker, is that we are talking about the 200,000 children. That is what we are talking about. We need to continue moving in that direction. It is wrong-headed, in my view, at this particular time to start talking about renegeing on those children.

So I would hope that we would support the Roebuck amendment.

Thank you, Mr. Speaker.

The SPEAKER. The Chair thanks the gentleman.

The Chair recognizes the gentleman, Mr. Thomas.

Mr. THOMAS. Thank you, Mr. Speaker.

Mr. Speaker, may I interrogate the majority leader?

The SPEAKER. The gentleman indicates he will stand for interrogation. The gentleman is in order.

Mr. THOMAS. Thank you, Mr. Speaker.

Mr. Speaker, you mentioned earlier about something to the effect about equity and equalizing the distribution of dollars, and so, Mr. Speaker, to that end I just have a couple questions.

Number one, are you aware of the fact that there are over 210,000 kids in the Philadelphia school system?

Mr. S. SMITH. Yes.

Mr. THOMAS. Are you aware that of those 210,000, that there are 33-plus different languages in that school system?

Mr. S. SMITH. I was not aware there were exactly 33, Mr. Speaker. I knew there were a lot.

Mr. THOMAS. Mr. Speaker, is there another school district in the Commonwealth of Pennsylvania that we can compare the Philadelphia School District with?

Mr. S. SMITH. Probably not when it comes to that kind of size and numbers; I would agree with you, Mr. Speaker.

Mr. THOMAS. Thank you, Mr. Speaker.

Mr. Speaker, not now but at some point would you pull me to the side and explain to me what you mean when you use the term "equitable distribution." We do not have to debate that now, but I am curious as to what do you mean when you say that so that when I hear it again, I will be clear.

Thank you, Mr. Speaker.

The SPEAKER. The Chair thanks the gentleman.

The Chair recognizes the gentleman from Philadelphia, Mr. Roebuck, for the second time.

Mr. ROEBUCK. Thank you, Mr. Speaker.

As this debate has evolved, I think it is important to focus on a number of issues that have been raised. The money that is incorporated within the language of the original agreement, the Schweiker agreement, if you want to call it that, was money that in fact went not only to Philadelphia, that money went into various line items and benefited every school district.

Clearly, let me be very clear, I support funding the needs of school districts across the Commonwealth. It is not just Philadelphia that benefits; it is all school districts. The School District of Philadelphia is particularly complex, as in part has been articulated by the gentleman from Philadelphia who spoke just before me, and the size of the district, the complexity of the student needs demands that this legislature respond in a positive way to those needs.

Now, in the debate the majority leader suggested that it was his recollection that certain things were done and that was part of a 5-year agreement. The reality is, Mr. Speaker, that the language of the agreement is clear. It does not speak about 5 years. It speaks about continuing thereafter the year, the fiscal year '06. So whatever the recollection is, the language of the agreement is very precise, and let us go to what is written, not what is thought, if you want to understand this.

The needs of Philadelphia are in some ways unique. The needs of all the school districts are great. We ought to be about putting more money in education across the State. We ought not to be talking about one school district as if it has somehow benefited in greater degree than any other district. I believe you ought to be about educating every kid across the Commonwealth, whether they live in Philadelphia or they live in Punxsutawney or they live in any other city or township or borough across this State.

Let us be fair. Let us keep the commitment we made to the students of Philadelphia and to the students across the Commonwealth.

Thank you, Mr. Speaker.

GUESTS INTRODUCED

The SPEAKER. The Chair would like to welcome some special guests, the Optimist Club of Daniel Boone – Tom Kirchner, Susan Flemming, and Matthew Robb, chaperons to the Daniel Boone advance placement and honors students. They are here today as the guests of Representative Dennis Leh. They are in the balcony. Would they please rise and be recognized by the House.

The Chair would also like to welcome to the floor of the House Father Bernard O'Connor, president of the DeSales University. He has several students with him here today – Brian Radziwill, Jeff Ratkawski, and Matthew Lezinsky. They are all the guests of Representative Karen Beyer. They are seated to the left of the Speaker. Would they please rise and be recognized.

CONSIDERATION OF HB 2499 CONTINUED

The SPEAKER. The gentleman, Mr. Taylor, is recognized.

Mr. TAYLOR. Thank you, Mr. Speaker.

Before we take this vote, I would just like to remind members of this chamber and particularly members of my caucus some of the things that affect the Philadelphia School District that we did here in this chamber. Not only did we do that, but we are very proud of some of these things and we talk about it very often, whether it is charter schools that Philadelphia greatly utilizes; whether it is the alternative schools where we initiated private schools to take care of disruptive and violent students; whether it is the creation of the Office of Safe Schools Advocate, which was the first of its kind in the nation; the introduction and passage of Act 88, which now prevents students from coming from institutional settings directly into the classroom; and the thing I guess we talk about the most, the creation of the School Reform Commission, which now oversees the Philadelphia public schools, was in our caucus where we embraced Jim Nevels, the chairman, and listened to his ideas for reform and under Governor Schweiker funded some of the very reforms that we are talking about.

The Roebuck amendment and the amendment that follows are really two parts of the overall funding for some of these very reforms that we are very proud of, and I would ask for your support of this amendment.

The SPEAKER. The Chair thanks the gentleman.

STATEMENT BY MR. SOLOBAY

The SPEAKER. The gentleman, Mr. Solobay.

Mr. SOLOBAY. Point of personal privilege, Mr. Speaker.

The SPEAKER. The gentleman will state it.

Mr. SOLOBAY. On each and every one of your desks, you received a little 3-by-5 card with a little pin on the card. Today is Lupus Advocacy Day here in the Capitol, and presently going on in Senate hearing room 8A in the East Wing is a hearing on juvenile lupus and the effects that it has on the juveniles here in our Commonwealth.

Several weeks ago we passed a resolution on the floor naming the month of April as "Lupus Awareness Day." There will be advocates from the Lupus Foundation of Pennsylvania that will be visiting with you today. We ask that you honor those folks by wearing the symbol, the international symbol of the lupus disease, and consider them especially later on today, Mr. Speaker, whenever we have a special amendment to increase the funding for educational awareness on lupus.

Thank you.

On the question,

Will the House agree to the amendment?

PARLIAMENTARY INQUIRY

AMENDMENT DIVIDED

The SPEAKER. On that question, the Chair recognizes the gentleman, Mr. Miller.

Mr. MILLER. Thank you, Mr. Speaker.

Mr. Speaker, I would like to make a motion to divide this amendment between lines 3 and 4.

The SPEAKER. The amendment is so divided between lines 3 and 4. The first vote will be on lines 1, 2, and 3.

Mr. MILLER. Mr. Speaker, would it be more appropriate or may I ask that we vote on lines 4 through the end of the amendment?

The SPEAKER. If you prefer that, we can do that.

Mr. MILLER. I do, sir. Thank you.

The SPEAKER. The motion is to vote after lines 1, 2, and 3; all other subsequent lines.

On the question,

Will the House agree to part 2 of the amendment?

The SPEAKER. Mr. Vitali.

Mr. VITALI. Thank you, Mr. Speaker.

Will the maker of the amendment stand for brief interrogation?

The SPEAKER. The gentleman indicates he will stand. The gentleman is in order.

Mr. VITALI. Could we just have a brief explanation of part 2 of this amendment?

Mr. MILLER. Mr. Speaker, this amendment attempts to address growth in all of our school districts equally across the Commonwealth of Pennsylvania. What it basically does is require a school district on November 15 of a school year to certify the number of students within their district, certified to the Department of Education. That is compared to the number of students in that school district in the prior school year on November 15. If that is a positive number, the Department of Education will use the money that is in this account, this appropriation, on a basis based on the average daily membership and what their subsidy was the year before from the State by dividing that. So if you got \$2,000 in basic education per student in your school district and you added one student, you would get \$2,000 more. If you added 10 students, you would get \$20,000 more.

And it does not matter what school district it is, we would account for growth. Interestingly enough, the city of Philadelphia would receive a significant amount of money. So would many other cities across the State as they grow. This is a way of making sure that we account for new students and we do not see a decline in the per-student funding in growth districts. And it would help if this were long term to keep us from needing to do special appropriations for supergrowth or any other growth, because we would truly account for new students.

Mr. VITALI. Now, do we not do a calculation as to the average daily attendance now and make that basic subsidy payment on that calculation?

Mr. MILLER. No, we do not.

Mr. VITALI. So we have just chosen a base year, and that is not revised annually or periodically?

Mr. MILLER. That is correct. We changed the way we fund it for new students in, I believe it was 1991.

Mr. VITALI. Okay. In addition to requiring a calculation each year and a certification each year as to the average daily membership, does it also change the way in which the money is distributed to these new students or newly recognized students?

Mr. MILLER. No, it does not.

Mr. VITALI. Thank you.

The SPEAKER. The Chair thanks the gentleman.

PARLIAMENTARY INQUIRY

The SPEAKER. The gentleman, Mr. Thomas.

Mr. THOMAS. Thank you, Mr. Speaker.

Mr. Speaker, a parliamentary inquiry.

The SPEAKER. The gentleman will state.

Mr. THOMAS. I believe that this is the second or third time that we have bifurcated an amendment or divided an amendment, and I guess I have been around here long enough, I thought I had an understanding of when an amendment is eligible for division. So to that end, it looks like we are going to be doing a lot of this around this budget process, and so to that end, I would like to ask the Parliamentarian if he would share with the House what the rule is regarding dividing an amendment and whether these previous divisions have satisfied that test.

The SPEAKER. Would the gentleman please come to the rostrum.

The gentleman, Mr. Scavello.

Mr. SCAVELLO. Thank you, Mr. Speaker.

I rise in support of the Miller amendment. Just recently we had a report back from the Legislative Budget and Finance Committee, and it was a report based off of HR 4 that spoke about the growth counties in our areas, and one of the topics was the growth school districts and how, since 1991, we are hurting, and this amendment will go a long way in helping fund public education in those school districts across our State that are increasing in student population. As a matter of fact, it even has something in here for Philadelphia, because they grew last year as well.

I think it is a fair amendment, and I urge the members to support the amendment.

Thank you, Mr. Speaker.

The SPEAKER. The Chair thanks the gentleman.

The gentleman, Mr. Allen.

Mr. ALLEN. Will the sponsor of the amendment stand for interrogation, please?

The SPEAKER. The gentleman indicates he will stand. The gentleman is in order.

Mr. ALLEN. My only question is this: This amendment, where does the money come from and is it going to deplete the allocations to other school districts at this time?

Mr. MILLER. It will not deplete the allocations to other school districts. It comes out of the certified surplus.

Mr. ALLEN. Thank you.

The SPEAKER. The Chair thanks the gentleman.

Does the gentleman, Mr. Grucela, wish to be recognized? The gentleman, Mr. Grucela.

Mr. GRUCELA. Thank you, Mr. Speaker.

Mr. Speaker, as a Representative of three growing school districts, rapidly growing school districts, I ask for support of this amendment. I think it is a good amendment, and I think it is a fair amendment, and I would ask the members to please consider a positive vote.

Thank you, Mr. Speaker.

The SPEAKER. The Chair thanks the gentleman.

The gentleman, Mr. Casorio.

Mr. CASORIO. Thank you, Mr. Speaker.

Mr. Speaker, I would just like to make the members aware, although the intent of the amendment may be appropriate, and just in the maker's mind, I wanted to let the members know as a member of the Fraternal Order of Police that we will probably start a long line of this today, and it is a slippery slope. The \$23.236 million which will be allocated in this amendment will come directly from a cut in the Department of Corrections. We will be gutting \$23.23 million out of the State Department of Corrections, Mr. Speaker, when at a time— Excuse me, Mr. Speaker.

Mr. Speaker, may I ask the maker of the amendment a question, please?

The SPEAKER. The gentleman indicates he will stand for interrogation. The gentleman is in order.

Mr. CASORIO. Thank you, Mr. Speaker.

Mr. Speaker, it was just brought to my attention about the division of the amendment. Does the \$23 million in fact, as it is stated in the amendment booklet that we have, is that coming from the Department of Corrections or not? Yes or no?

Mr. MILLER. It is not, after the division.

Mr. CASORIO. After the division it is not?

Mr. MILLER. No, it does not come from—

Mr. CASORIO. Thank you, Mr. Speaker.

Thank you, Mr. Speaker.

The SPEAKER. The Chair thanks the gentleman.

Will the House agree to part 2 of the amendment?

Representative Carole Rubley has two special guests visiting the Capitol today. They are Wendy Campbell and Erin Parker, associated with the Alzheimer's Association, and they are seated to the left of the Speaker. Would they please rise and be recognized.

FILMING PERMISSION

The SPEAKER. The Chair at this time is granting permission to Chris Knight from the Associated Press to do 10 minutes of still photographs on the floor of the House.

REYNOLDS HIGH SCHOOL WRESTLING TEAM PRESENTED

The SPEAKER. The Chair recognizes the gentleman, Rod Wilt, for the purpose of a citation.

Mr. WILT. Thank you very much, Mr. Speaker.

If I could have the members' attention for a brief moment, I would like to introduce three outstanding Pennsylvanians to you.

I have with me today the Reynolds High School Wrestling Team, who pulled off an outstanding achievement this year. They were the PIAA AA Dual Meet Champions, and then 5 weeks later they brought nine State individual qualifiers down to Hershey, and they almost doubled up the points on everybody, and they won the individual State championship also.

MATT DUNN INTRODUCED

Mr. WILT. Standing behind me is one of the most outstanding wrestlers that Pennsylvania has ever produced, and his name is Matt Dunn. Matt, if you could wave.

Matt is the fourth winningest wrestler in the history of Pennsylvania, with 176 wins against only 11 losses in his career. As a freshman back in 2003, he won the State championship at 103 pounds; the next year he came back and finished third at 112 pounds; the following year he finished second at 130 pounds; and this year he was the State champion again at 145 pounds.

Matt is going to attend Columbia University in New York City next year.

MIKE EDWARDS INTRODUCED

Mr. WILT. The second individual I would like to introduce is Mike Edwards. Mike is also a senior. Mike, if you would wave, please.

Mike has a career record of 133 wins against 43 losses. Last year he was the State qualifier, and this year he was the 275-pound State champion. So congratulations to you, Mike.

BRIAN HILLS INTRODUCED

Mr. WILT. And finally their head coach, Brian Hills, and Brian is right here. Brian has a unique position at Reynolds High School where he is the wrestling coach, but he does not work in the schools; he actually works for First National Bank of Pennsylvania.

Brian has been named this year's AA Coach of the Year, and it is the third time in his career that he has been so named by his colleagues in the coaching business in wrestling. He has an incredible record that he has been able to compile of 273 wins against only 32 losses, and this year they had an undefeated season of 19 and 0.

What they have produced in Mercer County has brought pride to all of us, and I also want to thank Representative Mike Gruitza, who shares Reynolds School District with me.

Finally, I would like to recognize in the rear of the House coach John Tofani. John teaches civics and law and history at Reynolds. John, if you could stand up and wave. And the rest of the 2006 State champion Reynolds Wrestling Team, please stand and be recognized.

Thank you very much, members, and thank you, Mr. Speaker.

GUESTS INTRODUCED

The SPEAKER. The Chair is pleased to welcome Chris Fellon and daughter Sarah Hoffman. They are the guests of Representative Merle Phillips. They are seated to the left of the Speaker. Would they please rise and be recognized.

ARTS IN EDUCATION DAY

The SPEAKER. Today is the 11th annual Arts in Education celebration here at the Capitol. Singers, dancers, musicians, actors, and visual artists from all corners of the Commonwealth have gathered here today to share with us their talents and their skills.

We have 18 performing arts groups and one visual art group at five different venues around the Capitol Complex – from the Main Capitol Rotunda to the East Wing, to the Ryan Office Building atrium and the lobby, and the Keystone Building. All sites will be “alive” with the remarkable talent of Pennsylvania's schoolchildren. I encourage the members to go watch these performances.

In addition, hundreds of students have submitted artwork to be hung in the Department of Education for a month-long exhibition. I ask that you please take the time out of your schedule to visit this magnificent display of artwork from our Commonwealth of Pennsylvania students.

It is appropriate that we recognize the arts in a location as grand and beautiful as our State Capitol, perhaps the most beautiful expression of artistic freedom in this Commonwealth. Such freedom has always been a proud part of Pennsylvania's history.

It is especially significant to recognize our State Capitol as 2006 marks the 100th birthday of this unique and majestic building. As part of Pennsylvania's Capitol Centennial Celebration, we asked students to design the reverse side of a commemorative centennial coin.

Today, as we recognize the importance of the arts, we would like to recognize the winning artist and the two runners-up for their commemorative centennial coin competition.

George Caputo, son of Mr. and Mrs. Karl Caputo of Beaver Falls, is the winning artist. This coin design will be featured on the reverse side of the Capitol Centennial Coin. He is a sixth grade student at the Highland Middle School in the Black Hawk School District. George, please stand to be recognized by the members of the General Assembly. Thank you, George. You have demonstrated how talented you are, and we are delighted to congratulate you on your creative design for the centennial coin.

Griffin Geehan and Monica Corsetti are the two runners-up. Monica is an eighth grade student at the

Springdale Junior/Senior High in the Allegheny Valley School District, and Griffin is a sixth grade student at the Highland Middle School in the Black Hawk School District. Monica and Griffin are seated in the gallery. Would they please both stand and be recognized. I am going to have to stop by the Black Hawk School District. They have got two of the top three. Thank you, Monica and Griffin. It is clear that both of you are talented individuals as well. It is our pleasure to have you both here and honor you for your skills.

Finally, we offer a sincere thanks to the educators who have guided and encouraged these students and the students performing here today to achieve such success.

There are other special guests here for the day, and I would like to introduce them. I would like to ask them to please stand when their names are called.

Mary Ellen Voden. She is the director for global affairs for Binney & Smith, the Crayola folks. Mary Ellen is also the vice chair for the Citizens for the Arts in Pennsylvania. Would she please rise.

Next, I would like you to meet Nora Burridge. She is president of the 5,000-member Music Educators Association. She and the members are strong supporters and advocates of music and all the arts in the Pennsylvania schools.

The president of the Pennsylvania Art Education Association, Randy Granger, has joined us this morning. Randy has been an art teacher in Pennsylvania public schools and private schools for the past 37 years. He is Pennsylvania's first national board certified teacher in the visual arts and supports integrated programs in the arts for all students.

And finally, please welcome Fran Cleland Donnelley. She is the president of the Pennsylvania State Association for Health, Physical Education, Recreation, and Dance. Fran is also a professor at West Chester University of Pennsylvania. Would she please rise.

All these fine folks are our partners in the Arts in Education Day here at the Capitol Complex. Let us give them a very warm welcome. Thank you very much for your presentations here today.

Your efforts to preserve and expand Pennsylvania's cultural heritage are truly noteworthy and deeply appreciated. So our best wishes for a successful day and a fun-filled Arts in Education Day.

Mr. O'BRIEN offered the following amendment No. A06424:

Amend Sec. 219, page 117, line 8, by striking out all of said line and inserting

State appropriation932,350,000

On the question, Will the House agree to the amendment?

The SPEAKER. On that question, the Chair recognizes the gentleman, Mr. Taylor.

Mr. TAYLOR. Thank you, Mr. Speaker. This is Representative O'Brien's amendment to increase the medical assistance outpatient State appropriation. It is something that Representative O'Brien has spoken about on the floor and in caucus. But these additional dollars will earn additional Federal matching funds for medical assistance, particularly benefiting the loophole kids that we are trying to help. So I would appreciate your support of this amendment.

CONSIDERATION OF HB 2499 CONTINUED

On the question recurring, Will the House agree to the bill on third consideration as amended?

Mr. PRESTON offered the following amendment No. A06568:

Amend Sec. 222, page 140, line 30, by striking out all of said line and inserting

State appropriation..... 299,442,000

On the question,
Will the House agree to the amendment?

The SPEAKER. On that question, the Chair recognizes the gentleman, Mr. Preston.

Mr. PRESTON. Thank you very much, Mr. Speaker.

This amendment increases the mass transit appropriation by 2 percent as recommended originally by the Governor. Thank you.

The SPEAKER. The Chair thanks the gentleman.

The Chair recognizes the gentelady, Ms. Harper.

Ms. HARPER. Thank you, Mr. Speaker.

Would the maker of the amendment stand for brief interrogation?

The SPEAKER. The gentleman indicates that he will.

Ms. HARPER. I need to ask the gentleman, Mr. Speaker, whether this amendment will make the mass transit systems in Pennsylvania whole.

Mr. PRESTON. Mr. Speaker, it would take an enormous effort for this House, and we still have a long way to go. This amendment only increases by 2 percent over the request of the previous year and brings it back to that standard requested by the Governor.

What would be able to make mass transit whole across this State? I have no idea what that figure is. I would suggest that you would ask your majority leader or your chairman of your Transportation. I have never even heard of the figure. All I know is it is something that we have to do eventually, but if you are recommending and would like to offer an amendment to increase more money for mass transit, I would be more than happy to be able to support you in it.

Ms. HARPER. Mr. Speaker, I would like to ask the gentleman whether the amendment increases the amount of money for mass transit above what the Governor's budget had in it for mass transit?

Mr. PRESTON. Well, it brings it back to its original request.

Ms. HARPER. So would it be fair, Mr. Speaker, and if the gentleman can answer whether the current proposal, even if we vote for it, will not fund mass transit as it needs to be funded in Pennsylvania in the coming fiscal year?

Mr. PRESTON. I do not know what it would take to be able to fund mass transit. I would suggest again that you would ask your Appropriations chairman to be able to ask us what it would take to fund mass transit across this State of Pennsylvania or your majority leader.

Ms. HARPER. Mr. Speaker, I do intend to vote for this amendment because I believe our mass transit systems need the funding, but I would like to point out to the members that this amendment will not solve the mass transit problems that we have had, nor would the Governor's own budget make a substantial impact on that problem.

Thank you, Mr. Speaker.

The SPEAKER. The Chair thanks the gentelady.

The gentleman, Mr. Preston.

Mr. PRESTON. I will agree with the lady, but again, as a person who lives in an urban area, I do not control the agenda. Your majority leader controls the agenda, and you have the majority Appropriations chairman. I do not think anyone on your side of the aisle as of yet has ever come up with what it would take to be able to fund mass transit in your area, my area, or anyplace else across this State, and I wish the majority side would finally step up to the plate, step up to the plate and put its

money where its mouth is so that we can fund mass transit, so senior citizens across this State, so those people who are physically handicapped and mentally challenged, can be able to receive the services that are necessary. Until then, we are still going to have to fund the minimum amount that we can in the budget. But you are free to offer an amendment any so chance that you have to be able to take money—

The SPEAKER. Mr. Preston.

Mr. PRESTON. —from somewhere else to be able to offer that.

The SPEAKER. Mr. Preston.

Mr. PRESTON. I am speaking on my amendment, Mr. Speaker.

The SPEAKER. That has nothing to do with your amendment, Mr. Preston.

The gentelady— It is only one time during the budget debate.

On the question recurring,
Will the House agree to the amendment?

(Members proceeded to vote.)

VOTE STRICKEN

The SPEAKER. The clerk will strike the vote.

Mr. Geist.

Mr. GEIST. Thank you very much, Mr. Speaker.

Even though we are doing this exercise, I was not going to speak, but after those remarks, I think I will say a few words.

First of all, this amendment does not fix a thing. Second of all, it does not address the formula which needs to be addressed for all over this State, not just SEPTA (Southeastern Pennsylvania Transportation Authority), not just PAT (Port Authority Transit), but the third- and fourth-class and fifth-class systems. So rather than vote for an amendment like this, I would urge a "no" vote.

The **SPEAKER**. On that question, Mr. Samuelson.
Mr. **SAMUELSON**. I just would like to ask the gentleman for a brief interrogation.

The **SPEAKER**. The gentleman indicates he will stand for interrogation. The gentleman is in order and may proceed.

Mr. **SAMUELSON**. I would just like a brief explanation of the amendment and also the source of the funds on amendment 6483. Thank you.

Mr. CIVERA. Thank you, Mr. Speaker.

Mr. Speaker, the amendment creates a \$2 million State appropriation for the expansion of the Community Health Data Base in the Department of Health. Right now it is a company called the Philadelphia Health Management Corporation, which is a nonprofit organization that only does this within the southeast. By us allowing the \$2 million to go into it, it would be a statewide database that has been recognized from the Department of Health and throughout the State.

Mr. HUTCHINSON. Mr. Speaker, I would like to know, we have been running amendments that have spent surplus funds, the estimated surplus funds. At this point have we essentially used up those surplus funds?

Mr. FEESE. Mr. Speaker, in response to the gentleman's question, yes, we have. We have used all but \$1,171,000.

Mr. HUTCHINSON. As a follow-up question, Mr. Speaker, I would like to know if essentially this bill, as it now stands, if it could, if we could run State government as an entity for the coming year with the budget as it now stands?

Mr. FEESE. Mr. Speaker, people have varying opinions on that issue, but I believe that we could. We have completed all the surplus amendments. The ones that remain are the revenue-neutral amendments where we begin to strip line items bare so we cannot run State government.

Mr. HUTCHINSON. Thank you. That ends my interrogation.

MOTION FOR PREVIOUS QUESTION

Mr. HUTCHINSON. Mr. Speaker, I would like to make a motion.

The SPEAKER. The gentleman will state.

Mr. HUTCHINSON. Mr. Speaker, I would like to move the previous question and vote on this budget bill as amended right now.

The SPEAKER. A motion for the previous question requires 20 members to stand and second the previous question. Anyone who wishes to second the motion, please stand.

The Chair notes the following seconds: Mr. Maitland, Ms. Pickett, Mr. Good, Mr. Ross, Mr. Nickol, Mrs. Mackereth, Mr. Miller, Mr. Birmelin, Mr. Saylor, Mr. Gillespie, Mr. McNaughton, Mr. Schroder, Mr. Wilt, Mr. Rohrer, Mr. Marsico, Mrs. Gingrich.

We are counting. We have to get to our 20. We need five more: Mr. Hickernell, Mrs. True, Mr. Metcalfe, Mr. Baldwin, and Mr. Ellis. We have 20.

On the question,
Will the House agree to the motion?

The SPEAKER. This motion is not debatable. It is customary that we allow the leaders to speak. I am assuming the leader is deferring to the gentleman, Mr. Evans. Mr. Evans?

Mr. D. EVANS. Mr. Speaker, we have had over the last couple of years a lot of debate about how we conduct ourselves relating to this process, and there have been organizations from the outside that have sued the General Assembly and said fundamentally that we did not have an open process.

I understand what the gentleman has raised, but the way that the process works is, we have debate and discussion. I wonder what the members have learned from what just happened this summer. People raised the concern that we have not been open, we have not been open to the public, and that we conduct too much business behind closed doors.

I would argue, Mr. Speaker, that the members on that side are making a mistake. Now, people have a right to be a part of the process. We went through an entire process with your Appropriations Committee. We had a discussion about the amendments. The members on both sides of the aisle, in my view, require to have an opportunity to have a debate. I think this continues to erode the aspect of what this body should be about, and this body should always be about openness. This body should always be about, this body should always be about, the fact of the matter is, that we give a chance for people to have a debate. I think that this is a mistake. I think that it again continues to send the wrong kind of image for this body and this General Assembly. Now, remember something. This is not just about an individual. This is about the House of Representatives. This is about openness.

Now, I say to all of you, I understand that you do not think much of what you just did, but I am expressing to you, you can reconsider what you just did. This should not be a partisan issue. This should be an issue about, we are going through a process. Now, exactly where are we going? We have got today. We have got tomorrow. We should finish this process. This should not be something where all of a sudden we say to ourselves that we do not want to hear any more debate. I think it is a mistake.

Now, I understand, I understand that people may get a little tired and not think people are taking this seriously, but we went through a lot of work to put these amendments together. We went through a lot of debate, and we did go line by line to look at the process. We did have that kind of discussion.

Mr. Speaker, can I get the attention, please.

The SPEAKER. The gentleman is entitled to be heard.

Mr. D. EVANS. So in spite of the fact of what you may think, we went through a process, and believe me, like it or not, the only thing we have is time. That is what people are paying us for, for being here. We are having a debate; we are having a discussion; we are going through a process.

I understand that the surplus issue was resolved, but it is strange to me when I hear members always talk about what they do not want the leaders to decide. You have a House process. It is open; it is on the floor, and then all of a sudden it seems like to me you want to go back to the way things were. You cannot have it both ways. You cannot all of a sudden say that we want to change the process but we really do not want to change the process.

So if we want to change the process, I would ask people to vote "no" on moving the previous question. I am not just saying it to the side that I am on. I am saying to everybody, if you believe in the idea of openness, if you believe in the idea of changing this process, and if you believe in the idea of wanting to make a difference, it does not start by moving the previous question.

One of my members said that to me in caucus the other day, and I just kind of smiled because— I laughed about it because that is constantly what we hear as leaders. We always hear that rank-and-file members are saying they are not involved in this

process. Well, you have got a chance to be involved in the process. Even if you may not agree with all that is taking place, you vote the amendment either up or down; you do not move the previous question.

So, Mr. Speaker, I would ask and hope that my colleagues on the other side, particularly the leader, recognize that if we keep going down this path, if we keep going down this path, what kind of process do we really have?

I think that this is a mistake, I think that this is wrong, and I would ask us “no” on moving the previous question. Thank you, Mr. Speaker.

The SPEAKER. The Chair thanks the gentleman.

The Chair recognizes the majority leader, the gentleman, Mr. Smith.

Mr. S. SMITH. Thank you, Mr. Speaker.

Mr. Speaker, I do not disagree with some of the comments the previous speaker just made, especially his reference to the irony of how this process works. But, Mr. Speaker, I will tell you this: We introduced an appropriations bill this year that was in a different model and I believe a much more open and transparent version of what the budget really will look like. I realize that ruffled the feathers of the administration because we did not start with their plan, but in all fairness, in all fairness, many of the items that were not proposed for funding in the Governor’s proposal and some of the increases that he wanted to achieve are not realistic. And I could point to several of these, as we have in the media, but I am not going to go to those specific lines now, because they are lines that we support, that Democrats support; some are maybe a little more controversial than others. The fact is, the appropriations bill that was introduced was much more reflective and closer to what the final budget will look like than the Governor’s proposed budget. At this point in time, what we have done so far today is take whatever money was available over and above what was spent last year – the surplus is what it has been referred to; the surplus amendments, as they were referred to – and we have appropriated that additional money, that which was available over and above what we spent last year.

Right now as this budget, as this appropriations bill, if we were to have it reprinted right now, it would be even closer, dollar for dollar, line for line, pure reality, closer to what the final budget will look like than any other document that we have looked at till now, than when it was introduced, than when the Governor proposed a budget back in February. This budget document, this appropriations bill right now, is much closer to reality.

So when we are being told that moving the previous question is removing people from the process or somehow closing out the process, while it is saying we should not consider these other amendments, I would argue that in fact if we were to pass this budget right now, we will have passed the most responsible and genuine budget document that this legislature has passed the first time through, you know, the first move through the budget process, than what the Senate has ever seen us do, and I think it is something that you could be proud of and responsible for. You are being responsible if we were to pass this budget today, as it is right now.

If we get into all these other amendments – and I do not want to be a demagogue about this because I know how this will go – these additional amendments, many of them are great amendments, they propose to fund programs at a higher level than what they are currently in, but they are going to start taking

money away from things that probably is not realistic. When you completely take the funding away from the, you know, the administration’s office, the Governor’s Office, or you completely defund the Department of Corrections or we completely defund the Department of Public Welfare, whatever – I do not know how they are all drafted – whatever the pet peeve of the day is, whoever that target is, we are making the budget less realistic.

A lot of this budget process is about where the House takes a position. That position is subdivided. The Democratic Caucus and the Republican Caucus each take a position, but ultimately as a House, we take a position on this budget process and send the Senate a bill. That is our position at the moment. They will do what they will with it, and at some point we will sit down with the four caucuses and the Governor’s Office and come to an agreement on a final budget document, where all this money will be spent.

The stronger a message this House sends in terms of an actual appropriations bill— And this bill, as it stands right now, is real. Lots of times people have talked about phony budget day. This is the phony day; all the phony budget amendments where everybody gets up and offers their amendments so they can come back and say, oh, I supported this or I supported that. See, Mr. Speaker, it is not that those were phony budgets, because I have often argued that that was important, as the Democratic Appropriations chair has just said, and it is important for members to be able to voice their interests in those various programs that are in all these other amendments that would be dispensed of if this question, if this question, moving the previous question passed. But, Mr. Speaker, please think about what is before you right now. It is a real budget; it is comprehensive, and it is very close to what a final budget document will look like, and I think for us to then morph it into some other animal with all these other amendments— We have done it before. It is okay to do it, I guess, but it undermines our credibility and undermines the position the House has in terms of making a statement as to what the budget should be or what it should look like.

So, Mr. Speaker, I absolutely— I mean, I do not like moving the previous question per se. I do understand some of what the previous speaker said, but I think by supporting moving the question, you are supporting passing a real budget and not one that will be kind of morphed into a feel-good budget.

Thank you, Mr. Speaker.

The SPEAKER. For what purpose does the gentleman, Mr. Pallone, rise?

Mr. PALLONE. A parliamentary inquiry.

The SPEAKER. The gentleman will state.

Mr. PALLONE. Thank you, Mr. Speaker.

I just have a – I think it is a parliamentary inquiry – a question about the budget, the issue that is before us, I guess.

It is my understanding the 5 years I have been here that each year we do this it is, that it is a real budget. It is not really a phony budget, correct?

The SPEAKER. That is not a parliamentary inquiry, Mr. Pallone; that is a statement.

Mr. PALLONE. Query then, in the form of a question. Is this a real budget, or is it a phony budget?

The SPEAKER. That is not a question to be addressed by the rostrum, by the Speaker.

Mr. PALLONE. It is not a parliamentary inquiry? Then whom would I pose that query to?

The SPEAKER. Normally, that would go to the Appropriations chairman, but it is inappropriate because we are on the previous question.

Mr. PALLONE. I understand that. Thank you, Mr. Speaker.

The SPEAKER. The Chair thanks the gentleman.

PARLIAMENTARY INQUIRY

The SPEAKER. For what purpose does the gentleman, Mr. Samuelson, rise?

Mr. SAMUELSON. A parliamentary inquiry.

The SPEAKER. The gentleman will state.

Mr. SAMUELSON. My inquiry is whether the remarks of the majority leader regarding this being a phony budget can be stricken from the record. I offered an amendment on library funding, Representative Pat Fleagle offered an amendment on library funding, and the majority leader characterizes our budget and our amendments as a phony budget. I think it is real dollars. There was a real cut to libraries and we restored the money. I ask that those remarks about this being a phony budget be stricken from the record.

Thank you, Mr. Speaker.

Mr. S. SMITH. Mr. Speaker?

The SPEAKER. Mr. Smith.

Mr. S. SMITH. Let me set the record straight. I did not characterize it as a phony budget. What I said, if you listened carefully, was that when we go through this budget process, it has been characterized as a phony budget, that it is phony in the process that we take money from places that will ultimately be funded and we spend money in places that may not ultimately be funded. It is not a reference to the budget. I have actually argued that the budget, even when it gets twisted and turned in the past, I have actually been one that has argued that that was a realistic process.

I was referencing how it gets characterized once it gets twisted with all of the other amendments, and if someone wants to sit down and look at that document when it is done here, assuming this goes the way it is going to go and we run all those other amendments and you see where, pick a line, the Department of Corrections or the administration's office, whatever one that you want to pick, that will get, you know, over half their appropriation wiped out and you want to tell me that that is going to be a more realistic budget document, Mr. Speaker, then so be it. You can say that, but I do not believe it. But, Mr. Speaker, if someone wants to characterize that I am saying that this is a phony budget or that is a phony budget process, those were not my words; those are what it was reported in the past in the media, and I can dig up the clips if you need to see them, Mr. Speaker.

The SPEAKER. The Chair thanks the gentleman.

The Chair recognizes the gentleman, Mr. Evans.

Mr. D. EVANS. Thank you, Mr. Speaker.

Mr. Speaker, I have listened very carefully to what the majority leader said, and you know, the majority leader has a very, very tough job. It is not easy being a majority leader to lead other leaders, because at the end of the day, you elect him and the members on this side elect us. And a lot of times when you elect us, what we sometimes as leaders are very guilty of is not telling you no. See, as a leader, you have to have the ability

to tell somebody no. Even though, even though you may do something that you think politically is expedient, any leader who stands in the position has to tell you no. And I do not want you to take that lightly, because I know him well. He has a very good heart. He wants to do the right thing.

If you listen to his words carefully, he was a very reluctant speaker about taking this position. You know, he was not unequivocal. He basically said both sides. He kind of said that certain things that I am right about, but yet you elect him. I do not elect him. So he has to come in your caucus and he has to talk to you. So it is easier for him, it is easier for him to say certain things to you, even though he knows in his heart that this is wrong.

Now, if we wanted to stop this process, the way we should have stopped this process when we agreed, is what we should have done is we should have said we were going to stop after the supplemental. That is what we should have said. Now all of a sudden we want to change the rules in midstream when we have members, very legitimately, who put their amendments in.

The thing you need to understand is that it is called responsibility; that is what it is called, and if our members, if our members vote to defund a department, they are wrong, too, just as well as you would be wrong. So if you want to go along with this game and have the public kind of laugh at this process, you do not have to vote for these amendments. You can vote "no." Nobody is telling you, you have got to vote for these amendments. It is almost like you want us to save you from you.

Now, the majority leader, I know in his heart, I know in his heart he knows this is wrong; this is wrong. You know it is wrong. Now, if we wanted to know the rules from the beginning, we should have explained to people about it being wrong. When are we going to learn, when are we going to learn as a General Assembly?

You know, just this week I had the pleasure of going to K. Leroy Irvis' funeral, and you know, when I think about him as Speaker and I think about the standing, that he had raised the bar, K. Leroy Irvis had raised the bar in terms of our former behavior. As a matter of fact, the current Speaker gave a speech, I remember to the press club, and he talked about civility; he talked about civility, meaning we could disagree but we should not do things that are somewhat destructive.

Now, I am telling you, if you vote for this amendment and you leave this room and you smile and you figure you declared a victory, you have not declared a victory. The only thing you have done is taken this body continually down, and the more you continue to take this body down, the less respect that people will have for us as a collective, not just the Democrats but the Republicans, too; the less respect they will have for this body.

Now, I know some of you, I know you do not feel that way. Why work in a body that nobody respects? Why work in a body that fundamentally people do not think it makes any difference? So when do we stop? When do we stop?

There are members over here who are suggesting certain techniques we can use. I am not interested in using those techniques, because I am going to vote "no" on the previous question. I am not interested in using any technique regarding you. The issue is what the issue is. You know full well, there are a number of you who know, who are thinking right now, you know this is wrong; you know this is not right. You have got a chance; you have got a chance. My question to you, are you up to it? Are you really up to making this body different than what it is, or is this something we are going to continue doing?

Are you just going to continue sitting there, kind of going through the motions, and fundamentally thinking it does not mean anything?

The question is, Mr. Speaker, everybody wants it better but nobody wants it different. This is a test. This is a test for all of us. Are we going to do it differently? Do we really want it better, or do we want to just send press releases out and have press conferences? Do we really want it better? Do we really want it different? That is the question I raise.

I really believe in my heart the majority leader wants it better, but he— And I cannot vote for it. Now, I have no influence. The 109, 110, you have got far more influence, but he has to have the ability to say no to you, because the members on this side will tell you, you know, I have had a little battle within my side. They know me. You have got to have the ability to say no. Now, members will tell you on this side – they know me – I tell them no. Where I agree with them, I go along with them; where I disagree with them, I tell them no, because at the end of the day, it is about 12 million people. It is not about me. It is about the people.

So you know, you go home and you ask your constituents the idea of shutting down debate. We have got a lot of discussion going on around the world in Iraq and Afghanistan about democracy. We constantly talk about people participating in the process. It is rather strange that democracy ends in the General Assembly in Harrisburg. Something is wrong when democracy stops here in this General Assembly.

The way it works is simple. We get elected. You have got a voice; you have got a vote. Even if you do not agree, you have got a vote and you have got a voice. Do not shut off the debate just because you do not like what is being said. Be responsible; be responsible; be responsible. You tell your kids that, you tell your district that, and now all of a sudden you want to come here and not be responsible.

And you know what? I am not trying to get one-upmanship on you. We put a lot of work in this. My staff and the chairman's staff over there, we put a lot of work in these amendments, and there is no way we all of a sudden should play business as usual. When are we going to learn? When are we going to learn?

Now, this is what I would like to do, Mr. Speaker, to make this thing easier. If the gentleman who made the motion, what he could do, in my view, is those people who stood up and gave the seconds, you know how you can make this easier so nobody looks like the winner? One thing is, it would be nice if he withdrew the amendment. Secondly, those who did the seconds should say to him, let the process go through, because what I am going to do is I am going to continue talking about this, and I am going to continue talking about this because the fact of the matter is, that gentleman of well intent, in my view, why would he shut the process down now? That is a mistake.

So what I would do is, I would hope I would appeal to him. He goes to his majority leader, those of you who voted second, go to the majority leader and basically say to him, let us have this process go through; members deserve to have a right involved in this process. So I am asking you, I am asking you, let us go— I am just wondering— I was still talking. Is the gentleman— I am still talking.

PARLIAMENTARY INQUIRY

The SPEAKER. For what purpose does the gentleman, Mr. Metcalfe, rise?

Mr. METCALFE. A parliamentary inquiry, Mr. Speaker.

The SPEAKER. The gentleman will state.

Mr. METCALFE. In regards to a move to the previous question, you said it was traditional to allow the speakers to address the Assembly on the issue, but I think the issue has gone far afield and now it seems to be a lobbying effort to get the motion, the maker of that amendment to withdraw it or the seconds to withdraw it. It seems to be a filibuster attempt rather than allowing us actually to vote on the motion, and I could understand making your case, but it seems like the case has turned into a lobbying endeavor rather than making a case.

The SPEAKER. That is part of the speaking on the motion, Mr. Metcalfe. We have always allowed the majority and minority leaders, as long as I have been here, which it is my 28th year, to have their say, and the gentleman, Mr. Evans, has been given that permission by the gentleman, Mr. DeWeese.

Mr. D. EVANS. Thank you, Mr. Speaker.

I guess, Mr. Speaker, I also probably was given that right because I was elected by 58,000 people. I represent a district. It is a democracy. I do have a right to offer my point of view. Even if somebody disagrees with me, the last time I checked, I have got a right to offer my opinion. This is the one place that I thought— Even if people would disagree with me, I tried to make my case; I tried to make my case anywhere I could. If I make somebody feel a little uncomfortable, that is all a part of it, too.

You know, Harry Truman says that if you cannot stand the heat, you have got to get out of the kitchen. Now, he used a word a little stronger. I try not to use those words. Now, I am only raising something, in my view, that is serious. I am not trying to pick on anybody. I am just trying to say to you, we have got a process. We have debates and we have discussions. This is my opinion. I am one vote. I only got one vote. I only have one vote. I think you know what my vote is going to be, because I have announced it. I have got one vote. So I just want to do my one vote, but in doing my one vote, in doing my one vote, in doing my one vote, I figured that I should give my opinion, and I am giving my opinion.

I think a lot of this institution and this organization. I think this is a great institution. I have learned a lot. You know, I have been around for Manderino and Irvis and Matt Ryan and Bob O'Donnell and Bill DeWeese and now John Perzel, and I have been around for a lot of Speakers and I know it is not an easy job being Speaker of the House or being majority leader. I recognize how difficult it is. So I am sympathetic to the majority leader; I am very sympathetic, but the majority leader does know, in my view, may he say it publicly or not, that this is not the way the process should be conducted. Everybody knows this is not the way the process should be conducted, and as a result, why cannot we do business differently? When are we going to begin to learn? You know, there is a public out there, and this public keeps raising questions about how we conduct business. I am only saying that moving the previous question on the most important vote is not in the best interest.

So I would ask, Mr. Speaker, I would ask, Mr. Speaker, that we vote "no" on—

The SPEAKER. Would the gentleman suspend.

PARLIAMENTARY INQUIRY

The SPEAKER. For what purpose does the gentleman, Mr. Hutchinson, rise?

Mr. HUTCHINSON. A parliamentary inquiry.

The SPEAKER. The gentleman will state.

Mr. HUTCHINSON. Mr. Speaker, as I read House rule 61 on previous questions, it says that this "...shall put an" immediate "end to all debate and bring the House to an immediate vote on the question then pending...." I wonder what the meaning of the word "immediate" is.

The SPEAKER. It was past practices and precedent of the House to allow the two leaders to speak.

Mr. HUTCHINSON. Indefinitely?

The SPEAKER. Mr. Hutchinson, if you would like to appeal the ruling of the Chair, you are entitled to do that.

Mr. Evans.

Mr. D. EVANS. Thank you, Mr. Speaker.

Mr. Speaker, I can only say that most of you know me, and I have tried to appeal to you one on one and tried to say to you that we have to change as we move towards the future. Calling a previous question on the most important vote that we have in the House, which is the \$52 billion of Federal and State money which belongs to the taxpayers – it does not belong to us; it belongs to the taxpayers – this is the most important vote; members, in my view, will not have had the opportunity to fully debate all the things that are here available to us. So again, I want to stress, I hope, Mr. Speaker, even those who saw fit to second it will take a reconsideration and will vote "no" on the previous question.

And in closing, Mr. Speaker, in closing, to the majority leader, to the majority leader, who does not have an easy job, I know it is tough; I know that he is good at heart, but he cannot tell me that this is right. I understand this may be politically— Remember I talked about civility? I know that does not mean anything. You know, when you were talking, I listened; when the majority leader was talking, I listened. That is all I did. I listened to them. I am only asking you to listen to me; that is all. You can vote the way you want to vote, but at the end of the day, I am only asking you to listen.

The majority leader has a tough job. I do not envy his job. It is difficult when you are leading other leaders. It is not easy, but at the end of the day, I would hope— And he cannot say it to me – I know his father when his father was here – he cannot say it to me because he has got to come to appeal to you. He knows, he knows this is wrong. He knows full well as a leader, this is wrong. This continues to bring the standards of this House down. Mark my word on this day. It is going to continue to bring the standards— And some people do not seem to care about the standards, but from Matt Ryan to K. Leroy Irvis to Bob O'Donnell to Bill DeWeese to John Perzel to Jim Manderino, everybody who is in this position has to maintain the standards of this House, and I think we have lost focus.

So I am saying to you that this is a mistake. I would hope you would reconsider, and again, I would ask "no" on the previous question. Thank you, Mr. Speaker.

The SPEAKER. The Chair thanks the gentleman.

The majority leader, the gentleman, Mr. Smith.

Mr. S. SMITH. Thank you, Mr. Speaker. Just real briefly, Mr. Speaker.

The previous speaker, the Appropriations chair, was making a few comments, putting words in my mouth to things that I may know or not know, and I just wanted to maybe put a few in his, because I think the Democratic Appropriations chairman knows in his heart that this budget as it stands before us as amended right now is a very realistic document. It may not be one we all agree on every element of it, but it is very realistic and that when the amendments go into it later, when this motion presumably does not pass and we will go through the rest of the amendments and we completely take the funding away because members will vote for amendments to do so, all the funding from the Department of Corrections or the Governor's Office or wherever they come out of, the document then that will be passed finally here is not a more real document in terms of what will ultimately— And I think the gentleman knows that that is also true.

Whether moving the previous question is right or wrong, I disagree, Mr. Speaker, that it is an element of right or wrong. It is a matter of procedure. It is part of the rules. It is part of the democratic process of the representative democracy. So I do not view someone moving a previous question as being undemocratic. Yes, it does cut off debate at some point, but that does not mean that it is un-American. It is just a move to try to pass a budget that is, what I have been harping on all day here, a more realistic budget, and that has been my motive, Mr. Speaker, from the beginning of this budget process when we introduced the appropriations bill. I know the administration did not like it. I know that some on the other side had concerns, but, Mr. Speaker, I believe it was important for us to try to pass a budget that is closer to realistic, closer to what we really will end up with and want.

I may lose in that process; I may lose, and the budget we pass here later today or tonight or whenever, may be twisted a little out of shape, and it is not the end of the day, and I am not going to feel like we have failed. I will feel like we could have done better, but I will not have felt like we have failed here today.

So a vote to move the previous question is not so much a move to cut off debate or to disallow members to vote for or against other amendments; it is a motion to try and pass a budget that is contained within itself, that is realistic, and likely one that could literally go straight to the Governor's desk, and that is all I would argue, Mr. Speaker. It is not a matter of right or wrong. It is a matter of a process in which to achieve an end, the end being a good budget, and I think that is what stands before us right now, and that is all I would suggest.

The majority having voted in the affirmative, the question was determined in the affirmative and the amendment was agreed to.

On the question recurring,
 Will the House agree to the bill on third consideration as amended?

Ms. **BEBKO-JONES** offered the following amendment No. **A06488**:

Amend Sec. 202, page 22, line 28, by striking out all of said line and inserting
 State appropriation..... 59,915,000
 Amend Sec. 233, page 155, line 20, by striking out all of said line and inserting
 State appropriation..... 8,950,000

On the question,
 Will the House agree to the amendment?

The **SPEAKER**. For what purpose does the gentleman, Mr. Samuelson, rise?

Mr. **SAMUELSON**. Thank you, Mr. Speaker.

On the previous amendment, there was no amendment available on the screen, and I was seeking to get recognition to ask for a text of 6487. It said that this amendment has been withdrawn, I think is what the screen said.

The **SPEAKER**. The Democrat Appropriations staff indicated they gave you hard copies of all the amendments and a book that outlined the description of each and every amendment. Is that true, Mr. Samuelson, or is that not true?

Mr. **SAMUELSON**. Yes, that is true, and in that book there is no amendment 6487. It skips right from 6486 to 6488, and on the computer screen it says that amendment has been withdrawn, request for drafting of this amendment has been withdrawn. So I do not have text of 6487, which was just called up.

The **SPEAKER**. Your people indicated they gave you a copy. We will send you a copy down.

If the gentleman, Mr. Samuelson, would like to reconsider, the papers are at the minority leader's desk.

Mr. **SAMUELSON**. Thank you.

VOTE CORRECTION

Mr. **SAMUELSON**. Mr. Speaker?

The **SPEAKER**. Yes.

Mr. **SAMUELSON**. I have been handed a copy of this amendment, and from what I read, it concerns expanding

LIHEAP (Low-Income Home Energy Assistance Program) funding.

I was not recorded on the previous vote because I was seeking recognition. I would like to be recorded as a "yes" vote on amendment 6487, having seen the text.

The SPEAKER. The gentleman's remarks will be spread across the record.

The SPEAKER. The gentleman, Mr. Pistella.

Mr. PISTELLA. Mr. Speaker, I was wondering if the gentleman would be kind enough just to answer a couple of questions about the amendment, please, the program.

The SPEAKER. The gentleman indicates he will stand and answer a few questions. The gentleman is in order.

Mr. PISTELLA. Thank you, Mr. Speaker.

Mr. Speaker, the first question I have is, the presumption I am making is that this will be a new initiative that will be instituted in the department under the auspices of the money that you would be appropriating here. Is that correct?

Mr. FEESE. Mr. Speaker, in response to the gentleman's question, that is my understanding. It is Representative George's amendment. I just wanted— When I filed the motion to reconsider, I was under the assumption that some members did not have all the information they needed when they voted the first time. So that is why I spoke on the amendment.

Mr. PISTELLA. I am sorry. Then perhaps maybe, Mr. Speaker, it would be appropriate for me to ask Mr. George if he could answer a few questions.

Mr. GEORGE. Yes, Mr. Speaker.

Mr. PISTELLA. I thank you, Mr. Speaker.

Mr. Speaker, the question I have is, we are talking about the development of a new program to assist veteran families. The question that I have for you, sir, is, with this particular program, is this going to be targeted or directed to some of the newer veterans, those that would be from the gulf war of 1991-1993 to those currently serving in Afghanistan and in Iraq currently?

Mr. GEORGE. That is our opinion; yes.

Mr. PISTELLA. And the presumption I am making is that this will be dedicated to programs for them that would be spread across the State, that they would be able to come and get some type of assistance for whatever purpose they may wish to choose. Correct?

Mr. GEORGE. That is the intention.

Mr. PISTELLA. Okay. That is great.

Thank you very much, Mr. Speaker. I appreciate that.

I just wanted to for the record make sure that I understood the gentleman's intention. I know that there has been some attempt to develop these types of programs with nonprofit organizations and foundations, and I would ask the members to support this.

I had been involved with one of the local veterans organizations in Allegheny County, and they had been approached with a need for those men and women currently serving to have this type of assistance.

Thank you, Mr. Speaker.

On the question recurring,
Will the House agree to the amendment?

Project staff must be knowledgeable about available social services and entitlement programs and the project must document numbers and types of referrals provided.

Amend Sec. 219, page 125, line 29, by inserting after "incest."

AMENDMENT PASSED OVER TEMPORARILY

The SPEAKER. We will temporarily go over 6613.

On the question recurring, Will the House agree to the bill on third consideration as amended?

Mr. COHEN offered the following amendment No. A06614:

Amend Sec. 215, page 86, line 3, by striking out all of said line and inserting

State appropriation	26,034,000
Amend Sec. 215, page 96, by inserting between lines 25 and 26	
For suicide prevention programs.	
State appropriation	100,000

On the question, Will the House agree to the amendment?

The SPEAKER. On that question, Mr. Cohen.

Mr. COHEN. Thank you, Mr. Speaker.

Mr. Speaker, I rise today to seek your support for the prevention of suicide.

Suicide is a public health threat. Suicide is on the rise. The highest suicide rates of any age group occur among persons age 65 years and older. There is an average of one suicide among the elderly every 90 minutes.

Suicide is the second leading cause of death among college-age students. Eighteen- to twenty-four-year-olds think about suicide more often than any other age group.

Every day, 80 Americans take their own lives and over 1900 Americans visit emergency departments for self-inflicted injury. The National Hospital Ambulatory Medical Care Survey says that there are a total of 706,000 people who visited emergency departments in one recent year. For every two victims of homicide in the U.S., there are three persons who take their own lives.

Mr. Speaker, suicide is preventable. We can and we must prevent the loss of a precious Pennsylvania resource, our elderly and our youth. Mr. Speaker, Pennsylvania needs a public health approach to prevent suicide. I ask for your support of amendment A6614, giving the Department of Health \$100,000 for suicide prevention programs.

On the question recurring,

Will the House agree to the bill on third consideration as amended?

Mr. METCALFE offered the following amendment No. A06491:

Amend Sec. 215, page 92, line 20, by striking out all of said line and inserting

State appropriation..... 6,520,000

Amend Sec. 219, page 123, lines 28 through 30; pages 124 and 125, lines 1 through 30; by striking out all of said lines on said pages and inserting

State appropriation..... 4,430,000

On the question,

Will the House agree to the amendment?

The SPEAKER. On that question, the Chair recognizes the gentleman, Mr. Metcalfe.

Mr. METCALFE. Thank you, Mr. Speaker.

Mr. Speaker, amendment 6491 eliminates the language in State funding for half of the expanded medical services appropriation. The resulting \$4.43 million is used to increase the maternal and child health State appropriation, Department of Health. The maternal and child health appropriation will increase from \$2.09 million to \$6.52 million. This appropriation supports a wide range of maternal and child health programs to address better pregnancy outcomes and the importance of primary-care services and services through infancy.

Mr. Speaker, this amendment is being offered because some of the funds that are allocated through the current structure benefit a group that is widely known to many as Planned Parenthood, the largest provider of abortion services in our country. Many taxpayers, both those against abortion and even those that are in favor of legalized abortion, do not support

tax dollars being used for the benefit of abortionists and for abortions. Now, we have had separations language in the past to try and require them to separate their facilities that do perform those services from other facilities that they have to provide women's health services, but there is no clear-cut auditing mechanism or enforcement to ensure that those moneys are not being mixed and that taxpayer dollars are not being used to benefit those who are performing abortions.

I think that this change in the budget would ensure that the General Assembly sends a clear message that they are concerned about women's health, they are concerned about both the born and the unborn, and that they want to ensure that they are all healthy and that we would not be allocating money to abortionists who are ending the lives of the unborn.

Thank you, Mr. Speaker.

The SPEAKER. The Chair thanks the gentleman.

The Chair recognizes the gentleman from Allegheny, Mr. Frankel.

Mr. FRANKEL. Thank you, Mr. Speaker.

Well, this is an annual event, and as in the past, in the great wisdom of this General Assembly, this amendment or something very similar to it has been rejected. Why? Well, let us be clear about something. None of this money can be used for abortions. Let us be very clear: State and Federal dollars for family planning cannot be used for abortions – period; end of story.

What is this money used for? This money is critical to provide services to uninsured and underinsured women. It provides services for sexually transmitted disease detection, breast and cervical cancer screenings, and family planning advice that help prevent unintended pregnancies.

Now, I know from experience here for all these years that I have been here that there is a great divide in the General Assembly on the issue of a woman's right to choose. I accept that divide. However, there is an area, a great area of common ground that we should all be able to embrace, and that is providing health services for women who are uninsured or underinsured and providing family planning services that prevent unwanted pregnancies that result in abortions in this State. That is what we should embrace.

We all agree we should reduce the number of abortions. This funding helps to do that. So let us be clear. None of this funding provides services for abortions; they prevent unwanted and unintended pregnancies that result in abortions. We all should agree, I believe every single member of this General Assembly agrees, on reducing the number of abortions in Pennsylvania. This funding is promoting that goal as well as protecting uninsured women in this State who desperately need our help. This is no time, this is no time to play with this money.

Thank you very much, Mr. Speaker. I ask you all to again, as we have in the past, roundly defeat this amendment. Thank you.

The SPEAKER. The Chair thanks the gentleman.

The Chair recognizes the gentleman from Elk, Mr. Surra.

Mr. SURRA. Thank you, Mr. Speaker.

Mr. Speaker, I rise to oppose the Metcalfe amendment, and I want to preface my comments by telling all of you, if you do not know it already, that I consider myself a pro-life legislator, and I have an excellent voting record when it comes to supporting the unborn. While this amendment is being prefaced to do that, it does nothing like that at all. The expanded-medical-services-for-women appropriation, which this amendment would gut, supports two separate statewide

programs, the women's medical services program and the alternatives to abortion program – the alternatives to abortion program. This amendment would gut that funding. A similar amendment was proposed by the gentleman from Butler in 2002, and I think it is important that we all understand that it was soundly defeated by a 165-to-31 vote. It failed 165 to 31.

You know, of the 320,000 patients served in 2005, an average of 55 percent of them were uninsured. This program funds things like approved contraceptives, screening for sexually transmitted diseases, laboratory analyses and follow-ups of tests for those analyses. This is something we should be supporting.

Now, if you are pro-life, Mr. Speaker, we should be about preventing unwanted pregnancies. So I would ask that everybody in this General Assembly vote "no" on the Metcalfe amendment. Thank you.

The SPEAKER. The Chair thanks the gentleman.

The Chair recognizes the gentleman from Chester, Mr. Ross.

Mr. ROSS. Thank you, Mr. Speaker.

And I am not going to repeat what has already been said here on the floor beyond simply reinforcing the concept that we have discussed this many times before. The comments that I have made to you in the past still apply. In particular, there is a clear audit path that makes sure that none of the moneys that we are spending here are spent on any abortion services. The department routinely goes every year and reviews all the services and makes sure that they are medical services, which have been clearly enumerated, which are part of a long-standing compromise that the members have agreed to in the past.

Importantly, it has been mentioned that we are working here to prevent unwanted pregnancies, but I do not want the members to miss the important medical services that are also provided at the same time, provided to women that are otherwise uninsured, services such as screening for breast and cervical cancer. These uninsured women will simply not get these services if you cut this out. The dollars would go to entirely different kinds of programs, and the checkups that these people so desperately need will not happen, and it is fair to say that some women will be seriously harmed if we allow this amendment to go forward.

We have turned it down in the past. I hope that once again the members will rally around and say "no" to this particular amendment.

Thank you, Mr. Speaker.

The SPEAKER. The Chair thanks the gentleman.

The Chair recognizes the gentleman from Montgomery, Mr. Gerber.

Mr. GERBER. Thank you, Mr. Speaker.

I just want to reiterate what some of our colleagues have already stated. First and foremost, I hope it is perfectly clear that it is disingenuous to intimate that these moneys would be used for abortions. I sat through this debate last year, my first time going through the budget process, kept quiet and made my votes, but this year I have to stand up and speak out against this amendment.

It is different for me, because my mom is now going through breast cancer and going through chemotherapy, and it is an incredibly difficult experience, not just for my mom but for all of us that are going through it with her. And for anyone that has had family go through those processes and those experiences, you know how important these health-care programs are. Thank goodness my mom has the health care she needs, the

health-care coverage she needs to get through these trying times, but for those 320,000 women that sought out health-care services in 2005 through those programs, they are not as fortunate.

We have to do the right thing. We have to fund these critical health-care programs for women to get breast cancer and cervical cancer screenings and all of the other medical services that are provided.

Thank you, Mr. Speaker.

The SPEAKER. The Chair thanks the gentleman.

The Chair recognizes the gentleman from Philadelphia, Mr. Williams.

Mr. WILLIAMS. Thank you, Mr. Speaker.

I rise in opposition to the Metcalfe amendment. You know, we need to stop playing games around here when we talk about taking away medical benefits and services for our women who may not have the funding to pay for medical services. Once again we hear it is about abortions and things like that. We send these mixed messages to people and children or college students all across this State who may have to go into Planned Parenthood to get these special services. They will be hurt if this amendment passes.

So I rise to encourage my colleagues not to support this amendment, and let us stop playing games with the people who are unfortunate in this State, particularly the women who cannot afford medical services, who do not have a job, who are working under minimum wage, who have to work at fast food places with no medical benefits. Sometimes Planned Parenthood and agencies like that are the best services for people. If you want to make our State disease-free, then we need to vote this amendment down.

Thank you, Mr. Speaker.

The SPEAKER. The Chair thanks the gentleman.

The Chair recognizes— Representative Metcalfe, I see no other speakers. I know you wanted to be last.

The Chair apologizes. The gentleman, Mr. Tangretti.

Mr. TANGRETTI. Thank you, Mr. Speaker.

Mr. Speaker, I rise with some reluctance to speak on this amendment. I do not think I have to list my credentials as a pro-life member of this House. I have been on that side since I have been here. I feel that deeply in my heart. But I can tell you that this money that has been set up for both the alternatives to abortion and the money going to women's medical services was a deal that was struck a long time ago during the Casey administration, and it has been from time to time a contentious issue, but we on both sides of this issue have agreed to disagree but allowed the funding to proceed.

And in my heart I know that that money should not be used for abortion, but in my heart I also know that we need the program money for the alternatives, and I know that this is going to create a split in this deal that we have with respect to this line item. So I am speaking as a pro-life member and I am saying that we should defeat the Metcalfe amendment and move on and continue with the funding process as we have established in the past and continue in the future.

As contentious as this issue is, I know that there are many of us who think and believe that we can separate out what we know is important on behalf of women's health services from those that deal with abortion and abortion counseling. I believe that, I sincerely believe that, and I think we can do it as we have in the past. So I would ask for the defeat of the Metcalfe amendment.

The SPEAKER. The Chair recognizes the gentleman, Mr. Metcalfe, for the second time.

Mr. METCALFE. Thank you, Mr. Speaker.

Mr. Speaker, the amendment that we are discussing provides \$4.43 million, and it is benefiting our nation's largest abortion provider. Receiving the money under the cover of delivering health services for women, my amendment would redirect this controversial \$4 1/2 million to the line item for maternity and children to ensure that the funding does not assist abortion providers in any way but does help women and their unborn and newborn children.

Why do we object to Planned Parenthood receiving this \$4 1/2 million? Well, according to their annual report, Planned Parenthood, quote, "believes that everyone has the right to choose when or whether to have a child," unquote. Their ultimate and most executed solution is abortion of unborn children. In 2003 they ended the lives of 244,628 unborn children. In 2004 they increased the number of lives they ended to 255,015, and 36,030 of the unborn children were Pennsylvanians.

Many taxpayers who oppose abortion and many who support legalized abortion do not support their tax dollars being used to benefit abortionists. Planned Parenthood is a radical liberal organization that works against the family values that the majority of Pennsylvanians hold. Let me share a few examples of their extreme antifamily positions, besides the fact that they provide services to end the lives of thousands of children every year.

The Michigan legislature has recently proposed that an abortion provider be required to ask if a woman seeking an abortion is being forced or pressured into having an abortion. If so, the woman is to be given 24 hours to change her mind. According to Federal and Pennsylvania law, if a door-to-door salesperson makes a sale to you in your home, then you have 72 hours to change your mind about the purchase.

Mr. DeWEESE. Mr. Speaker?

Mr. METCALFE. The proposed law would give the same right to a woman being pressured by a boyfriend, husband, parent, or molester into having an abortion, but Planned Parenthood opposes that legislation—

Mr. DeWEESE. Mr. Speaker?

The SPEAKER. Would the gentleman suspend.

Mr. METCALFE. —claiming that it is just—

The SPEAKER. The gentleman suspend.

PARLIAMENTARY INQUIRY

The SPEAKER. For what purpose does the gentleman, Mr. DeWeese, rise?

Mr. DeWEESE. A point of parliamentary inquiry.

The SPEAKER. The gentleman will state his point.

Mr. DeWEESE. Is the gentleman still referring to the amendment per se?

The SPEAKER. The Parliamentarian says he has strayed a little bit, but—

Mr. DeWEESE. I just would like to politely ask the Chair to make certain that the focus is the amendment.

Thank you very much, Mr. Speaker.

The SPEAKER. The Chair thanks the gentleman.

The gentleman, Mr. Metcalfe.

Mr. METCALFE. Thank you.

Just to be clear, this amendment would stop money from being shipped to Planned Parenthood, Planned Parenthood who opposes legislation that keeps a woman from being pressured into having an abortion. They say that it is just directing more barriers to a woman's right to choose an abortion. Or maybe when they say they believe that everyone has the right to choose when or whether to have a child, they really mean they also support a man in forcing a woman that he got pregnant to have an abortion so he does not have to father a child. This abuse of women should not be tolerated, and that is what this amendment would do, is to bring an end to that kind of funding in our State.

In a Life Dynamics special report titled "Child Predators," the report states, "By almost any standard, our country is experiencing an epidemic of child sexual abuse. In this report you will see that the driving force behind this tragedy is the fact that men who prey on underage girls have powerful national organizations that are willing to harbor them. Our investigation has uncovered irrefutable evidence that Planned Parenthood and the National Abortion Federation – often operating on taxpayer dollars – knowingly conceal these crimes while aiding and abetting the sexual predators who commit them." This amendment would stop that taxpayer funding in Pennsylvania.

According to a report from LifeSiteNews.com, a suit was filed on March 29 last year against Planned Parenthood in Ohio involving a 14-year-old girl who was compelled by her—

Mr. DeWEESE. Mr. Speaker? Mr. Speaker?

Mr. METCALFE. —21-year-old boyfriend—

Mr. DeWEESE. Mr. Speaker?

Mr. METCALFE. —to have an abortion at a Planned Parenthood facility.

The SPEAKER. Would the gentleman suspend.

Mr. DeWEESE. With all due respect, Mr. Speaker, a child sexual predator is somewhere apart from the amendment, and I am only asking that the honorable gentleman from Butler focus on the amendment.

The SPEAKER. Mr. Thomas. For what purpose does the gentleman rise?

Mr. THOMAS. Mr. Speaker, you allowed him to stray. He has now run around the corner. He is way off track, and I ask that you caution him.

The SPEAKER. Mr. Thomas, we have allowed way too many members to stray. He has just strayed one more time.

Would the gentleman please try to keep his remarks to the amendment.

The gentlelady Bebko-Jones. For what purpose does she rise?

Ms. BEBKO-JONES. Now, Mr. Speaker, I just wanted to echo, you know, two of my colleagues. But, you know, enough is enough. The maker of the amendment has made his point. Let us get on with it. We have dealt with this for years and years. Let us just take the vote.

Mr. S. SMITH. Mr. Speaker?

The SPEAKER. The majority leader, the gentleman, Mr. Smith.

Mr. S. SMITH. With all due respect, Mr. Speaker, and you know we all know that sometimes members do get afield from the issue to make their point in a little bit of a different way, but with the 5-minute rule in effect, if someone does get astray, they are only going 5 minutes astray. So I would ask for the

indulgence of the members. I think we have all been indulgent from time to time.

The SPEAKER. The Chair thanks the gentleman.

The gentleman, Mr. Metcalfe.

Mr. METCALFE. Thank you, Mr. Speaker.

Mr. Speaker, this amendment would stop taxpayer money from benefiting Planned Parenthood in Pennsylvania. In Planned Parenthood's recent candidate information, they also have opposed efforts to establish fetal personhood, because they say it creates a, quote, "conflict with a woman's right to choose." In the same survey they have also come out against our marriage protection amendment.

It should be obvious from their actions that Planned Parenthood is a radical, liberal, antifamily group. Last month it was reported that two more women— If you want to hide it, then hide it on your own time. Last month it was reported that two more women have died as a result of using RU-486, the abortion pill. Planned Parenthood clinics dispensed RU-486, the kill pill, to these two women. It is known that at least six women in the United States have lost their lives as a result of taking the abortion pill. Four of the six were given the pill by Planned Parenthood clinics. What is even more outrageous is Planned Parenthood's total disregard for the FDA's (Food and Drug Administration's) restrictions on the use of the drug and, until the most recent deaths, had ignored the FDA rulings.

Mr. Speaker, Planned Parenthood and some of our colleagues would lead you to believe that this is about a woman's health. I would agree. It is about a woman's health, and many women would be much healthier if we defund Planned Parenthood and their radical antifamily agenda.

Mr. Speaker, Mr. Speaker, so much for their wanting the democratic process and amendments to be spoken about. They want to hide the fact that Planned Parenthood is covering this, and they have tried to cover it with what they have done.

The SPEAKER. The Chair thanks the gentleman.

Mr. Preston.

Mr. PRESTON. Would the gentleman stand for interrogation on his comments? I did not think he would, Mr. Speaker.

Mr. Speaker, I am going to speak very kind of the gentleman, because I had questions. One, he said about "our investigation." He did not validate who, what, what forensic, what type of proof. I was listening. There was no bibliography; there was no text. He said "our investigation." I would like for him to at least have the courtesy for the House—

The SPEAKER. Mr. Preston.

Mr. PRESTON. You let him stray afar, and I am not straying afar. I am questioning the amendment.

The SPEAKER. You are not on it at all, Mr. Preston.

Mr. PRESTON. Yes, I am, sir. I am directly asking about his direct statement "our investigation."

The SPEAKER. And the gentleman indicated he is not standing for interrogation, so whom are you asking, Mr. Preston?

Mr. PRESTON. May I comment on the amendment—

The SPEAKER. On the amendment.

Mr. PRESTON. —of his investigation.

The SPEAKER. On the amendment, Mr. Preston.

Mr. PRESTON. On the amendment.

The amendment was quoted by the gentleman that he backed it up about an investigation of which I did not hear anything about, no declarative statement in any kind of way. I am not going to feel offended of it, because constitutionally it is our

right to be able to let people be able to speak however they want to, and he is entitled to be able to have an opinion just as well as any of us are able to disagree, to disagree and to be able to use some of the verbalizations that he used as pointing out different areas of certain personalities. I could do that about his own personality, but I will not. I would like to think that I am above that, and it is a shame that he is not, and I would vote against the Metcalfe amendment because there are no facts to his statement. I would still like to be able to hear for the record where his investigation came from.

The SPEAKER. The Chair thanks the gentleman.

On the question recurring,
Will the House agree to the amendment?

Amend Sec. 212, page 70, line 4, by inserting after "components."

Supplemental payments shall be made to school districts with an incidence rate of children receiving special education, gifted not included, which is greater than 16% of a school district's average daily membership. A school district's incidence rate shall be found by dividing a school district's number of children receiving special education as reported by school district, by Administrative Unit Number, by Intermediate Unit, school age only, gifted not included, and based on the December 1, 2005, Child Count by a school district's 2005-2006 average daily membership. Qualifying school districts shall receive an amount equal to \$238 multiplied by the school district's total number of special education students identified in the above-referenced child count.

On the question,
Will the House agree to the amendment?

The **SPEAKER**. On that question, the gentleman, Mr. Samuelson.

Mr. **SAMUELSON**. Thank you.
I rise to interrogate the gentleman from Lancaster.

The **SPEAKER**. Mr. Sturla.
Mr. **SAMUELSON**. Thank you, Mr. Speaker.

Amendments 6647, 6648, and 6649 appear to have very similar language. I just wanted to ask the gentleman which of the three he intends to offer. We have already voted on 6647 and I believe 6648. Is it three different appropriations, or is it his intention to offer one of the three?

Mr. **STURLA**. Mr. Speaker, if this one passes, I will take this one.

Mr. **SAMUELSON**. So your preferred amendment is 6649?
Mr. **STURLA**. Yes, Mr. Speaker.
Mr. **SAMUELSON**. Thank you, Mr. Speaker.
The **SPEAKER**. The Chair thanks the gentleman.

 The reading on the screen indicates that it has not been filed yet, and the language is not on the screen.
 The SPEAKER. Mr. Vitali, all we can tell you is, we have it in our packets, and every indication we were given was the Democrat Appropriations people handed out the same packets.
 Mr. VITALI. Well, can you tell me, A, why the screen reads, "It has not been filed yet," and B—
 The SPEAKER. I cannot tell you that, Mr. Vitali. It is a corrective reprint for 6602.

Mr. VITALI. But we have this problem here that we have an amendment that, A, the language is not on the screen, and B, there is an indication it has not been filed yet.

The SPEAKER. Well, go back and check for amendment 6602. It is a corrective reprint. The Chair has it in front of it. I have the same things that both sides of the aisle have that were handed out in packets. It does not necessarily need to be on the screen if you have it in the packet.

Mr. VITALI. A parliamentary inquiry.

I mean, is the House permitted to vote on something, even though it is a corrective reprint, if it has not in fact been filed and the language is not before the members? Is the House—

The SPEAKER. It was filed March 24, 2006, at 2:31 p.m., Mr. Vitali.

Mr. VITALI. Do we need the language to vote on it? I am looking right at the screen right now. There is no language, and it indicates it has not been filed.

The SPEAKER. I will give you my copy, Mr. Vitali.

Mr. SAYLOR. Mr. Speaker, it is on the computer at this time.

The SPEAKER. The Chair thanks the gentleman.

Mr. SAYLOR. He may need to reset his.

Mr. VITALI. Okay. I have reset it. I now see it. Could I have, again, a brief explanation?

The SPEAKER. He gave you a brief explanation, Mr. Vitali. He told me that it was \$75 million more for growing schools. Would Mr. Saylor please say that again for Mr. Vitali. Mr. Saylor—

Mr. VITALI. No; no. I will go with the Speaker's explanation. That is fine. Thank you.

Mr. SAYLOR. Thank you.

The SPEAKER. Are we okay to go now?

A majority of the members required by the rules having voted in the affirmative, the question was determined in the affirmative and the motion was agreed to.

On the question recurring,

Will the House agree to the bill on third consideration as amended?

Mr. MAHER offered the following amendment No. A06709:

Amend Sec. 209, page 49, line 17, by striking out all of said line and inserting

State appropriation 48,500,000

Amend Sec. 218, page 106, by inserting between lines 24 and 25

For the United States Merchant Marine World War II Veterans' Bonus Fund.

State appropriation 500,000

On the question,

Will the House agree to the amendment?

The SPEAKER. The Chair recognizes the gentleman, Mr. Maher, for a brief explanation.

Mr. MAHER. Thank you, Mr. Speaker.

Earlier today this House acted to pass HB 58 on concurrence with Senate amendments. This amendment simply provides the funding to make that bill operable when signed into law. It is for recognizing our World War II merchant marine veterans.

Thank you, Mr. Speaker.

The SPEAKER. The Chair thanks the gentleman.

Mr. Vitali?

Mr. VITALI. May I just ask one quick question of the maker?

The SPEAKER. Sure.

Mr. VITALI. There is a line that has a \$48 million total to it. Could you tell me how that fits into this?

Mr. MAHER. That line is from DCED (Department of Community and Economic Development) opportunity grants, and that would be the residual after \$500,000 was designated for the World War II Merchant Marine Veterans' Bonus Fund.

Mr. VITALI. Thank you. No further questions.

The SPEAKER. The Chair thanks the gentleman.
