SESSION OF 2008

192D OF THE GENERAL ASSEMBLY

No. 51

### HOUSE OF REPRESENTATIVES

The House convened at 11 a.m., e.d.t.

#### THE SPEAKER (DENNIS M. O'BRIEN) PRESIDING

#### PRAYER

The SPEAKER. The prayer will be offered by Representative Gordon Denlinger.

HON. GORDON R. DENLINGER, member of the House of Representatives, offered the following prayer:

Would you please join me in prayer:

Father in heaven, we come before You today full of praise for who You are and for the outworking of Your grace in our lives and in our Commonwealth. We recognize You as the God of creation, the God of redemption, and the one in whom there is no shadow of turning. We bring glory to You, and we exalt Your name as we begin the work of this new day.

In Your Holy Word, we read that Your mercies are new to us each morning. In light of that, Father, we ask for Your guidance and strength as we labor to craft laws which will have a positive impact on the citizens of our land. Keep us mindful that the freedom and liberty we often take so lightly was purchased for us by the blood and suffering of our forebearers, and prevent us from going down that subtle road of chipping away at the freedoms of our fellow citizens.

Never let us forget that the enemies of freedom are ever present, and we, the elected representatives of the people, must remain vigilant in the defense of liberty.

Father, we do also ask that You would provide for the needs of each member of this Assembly. Our hearts are heavy as we reflect on the losses of the Gerber and the Petrone families, and Father, we lift them up to You today asking that You will be their strength.

Father, we also bring before You our fellow Representative, Kerry Benninghoff, and his daughter, and pray that as You are the great physician, that You will provide healing to that young girl and that You will sustain them by Your spirit also.

And Father, there are a hundred other needs here in this chamber and beyond, and Father, many unknown except to that member alone. Father, we pray that You will provide healing and strength and guidance wherever it is needed, and Father, we lift these, our friends, up to You.

We ask You to provide healing where there is illness, comfort where there is sorrow, and spiritual enlightenment for those who seek to know You in a real and personal way.

Through Your spirit, Father, work in our midst today, and believing that You will, we ask these things through Him, whom to know is life eternal. Amen.

#### PLEDGE OF ALLEGIANCE

(The Pledge of Allegiance was recited by members and visitors.)

#### JOURNAL APPROVAL POSTPONED

The SPEAKER. Without objection, approval of the Journal of Sunday, June 29, 2008, will be postponed until printed. The Chair hears no objection.

#### LEAVES OF ABSENCE

The SPEAKER. The Chair turns to requests for leaves of absence and recognizes the majority whip, who requests that Representative DONATUCCI of Philadelphia and Representative GERBER of Montgomery County be placed on leave. The Chair hears no objection.

The Chair turns to the minority whip, Representative Argall, who requests that Representative HENNESSEY of Chester County and Representative NICKOL of York County be placed on leave. The Chair hears no objection. These leaves will also be granted.

Members will report to the floor.

ENVIRONMENTAL RESOURCES AND ENERGY.

The SPEAKER. The Chair recognizes Representative Boyd under the provision of unanimous consent. The gentleman waives off for the moment.

**GUESTS INTRODUCED**

The SPEAKER. The Chair would like to welcome, as the guests of Representative Gerber, seated to the left of the Speaker, Perry Rothaus, Barry Kaufman, Richard Balko, and Stuart Goldsmith. Would you please stand and be recognized.

**CALENDAR****BILL ON THIRD CONSIDERATION**

The House proceeded to third consideration of **HB 2648, PN 4035**, entitled:

An Act amending the act of July 8, 1986 (P.L.408, No.89), known as the Health Care Cost Containment Act, defining "committee"; further providing for powers and duties of the council; providing for the establishment of a Health Care Cost Containment Council Act Review Committee; and further providing for expiration.

On the question,

Will the House agree to the bill on third consideration?

Bill was agreed to.

The SPEAKER. This bill has been considered on three different days and agreed to and is now on final passage.

(Bill analysis was read.)

The SPEAKER. The question is, shall the bill pass finally?

The House will be at ease.

The House will come to order.

**LEAVE OF ABSENCE**

The SPEAKER. The Chair recognizes the minority whip, who requests that Representative KENNEY be placed on leave. The Chair hears no objection. Leave will be granted.

**CONSIDERATION OF HB 2648 CONTINUED****DECISION OF CHAIR RESCINDED**

On the question recurring,

Will the House agree to the bill on third consideration?

**BILL PASSED OVER TEMPORARILY**

The SPEAKER. This bill will be over temporarily.

**RANDEE DECHESNE PRESENTED**

The SPEAKER. The Chair invites Representative Grell to the podium for a presentation.

The Chair will ask all members to please take their seats. We are about to recognize a very special person in this chamber.

Representative Grell.

Mr. GRELL. Thank you, Mr. Speaker.

Ladies and gentlemen, I have the great privilege of recognizing the young lady standing behind me, whom all of you should recognize. Yeah, Randee.

Randee Dechesne is being honored today upon June 30, 2008, being her retirement from the House of Representatives as records clerk, after 35 years of distinguished service.

Believe it or not, Randee began her tenure in the House of Representatives in 1973. She became a page on August 31, 1978, and was promoted to chief page on February 1, 1979, and page supervisor later that year. She became the legislative clerical supervisor in July of 1981 and was named records clerk on October 31, 2001, the position from which she is now retiring. Throughout her tenure, she has been an invaluable staff member and one of the many people up here who make this place operate in spite of all of us.

I wish my personal congratulations to her and ask that you would also recognize her, once again, as I present this citation to her.

Congratulations and best wishes.

The SPEAKER. Often many of us are embarrassed by the pictures that are taken out of photo albums in our youth, and I am certainly one that would be embarrassed of the pictures that were taken of me in my twenties. But when we were discussing Randee's retirement, I asked people to go out and look for a picture from when she started here 35 years ago, and remarkably, it has not changed. But also very remarkable is the level of service that she has given to our institution, and again, I think we should applaud her for that service.

Members and guests, at this moment, I would like to invite Randee Dechesne to come up and share a few thoughts with this General Assembly. Randee.

Mrs. DECHESNE. Wow, this is different.

I just want to thank you for this recognition. I have never, I have never lost sight of the beauty and the power that surrounds us every day, and I am honored. And I will miss my surrogate family, the Chief Clerk's Office and the front row, and I just want to thank you. It has been a pleasure working for the House. Thanks.

#### GUESTS INTRODUCED

The SPEAKER. The Chair would also like to recognize special guests of Randee's. We have Raymond Dechesne, who is her husband; Virginia Souder, who is Randee's mom; we have Bonnie Sohmer, who is her sister; Robin Mills, also her sister; Courtney Mills, her niece; Rick Stafford, an old member of a former administration and a good friend; and John Sheaffer. Would you please stand and be recognized, and welcome to the floor for this special event.

#### STATEMENT BY MR. STURLA

The SPEAKER. The Chair recognizes Representative Boyd, under the provision of unanimous consent.

Mr. BOYD. Thank you, Mr. Speaker.

Actually, I am going to yield the podium to my colleague and friend from Lancaster, Mr. Sturla.

Mr. STURLA. Thank you.

What some of you may not realize is that you all thought that you did not have anything to do when we got done with the budget and you were not sure when we were going to get done with the budget, but we set this up so that the budget would be done just in time for all of you to attend a play that is occurring in my district, and Representative Boyd can tell you a little bit more about it; his daughter is involved with this.

Between July 5 and July 27, there is a play called "Seed of a Nation" which unfolds in Lancaster and will tell the story of Pennsylvania's history as it relates to what goes on in this Commonwealth and what this Commonwealth has been about.

It is the Theater of the Seventh Sister that is doing this, and this will become a standing performance. I will let Representative Boyd tell you a little bit more about it.

#### STATEMENT BY MR. BOYD

Mr. BOYD. As my good friend and colleague, Representative Sturla, said, my daughter is involved with this show. She is actually, this is her world premiere as a stage manager for "Seed of a Nation," and it is going to become a standing presentation in Lancaster County.

The world premiere is on July 3, and it is going to run from the 5th through the 27th. So if something happens and Representative Sturla and I are successful in blowing up the budget, maybe we will be here for a little bit longer and you will be able to head down to Lancaster and see this show.

But I would encourage everybody to consider coming back and stopping in Lancaster, in the tourism capital of Pennsylvania, and watch "Seed of a Nation" and give us some inspiration, maybe, so our budget process unfolds next year.

Thank you, Mr. Speaker.

The SPEAKER. The Chair thanks the gentleman.

The House will be at ease.

The House will come to order.

#### BILLS ON THIRD CONSIDERATION

The House proceeded to third consideration of **HB 2629, PN 3939**, entitled:

An Act amending the act of July 19, 1979 (P.L.130, No.48), known as the Health Care Facilities Act, further providing for licensure.

On the question,

Will the House agree to the bill on third consideration?

Bill was agreed to.

The SPEAKER. This bill has been considered on three different days and agreed to and is now on final passage.

(Bill analysis was read.)

The SPEAKER. The question is, shall the bill pass finally?

Agreeable to the provisions of the Constitution, the yeas and nays will now be taken.

The following roll call was recorded:

### **DEMOCRATIC CAUCUS**

#### **APPROPRIATIONS AND RULES COMMITTEE MEETINGS**

The SPEAKER. The Chair recognizes Representative Cohen for an announcement.

Mr. COHEN. Thank you, Mr. Speaker.

Mr. Speaker, I have a series of announcements.

First, there will be a Democratic caucus at 12:15. Second, there will be a meeting of the Appropriations Committee at 2 p.m. There will be a meeting of the Rules Committee at 2:15, and our goal is to return to the floor at 2:30.

All of the above meetings will take place in the majority caucus room.

The SPEAKER. Appropriations will meet at 2 and Rules will meet at 2:15, both in the majority caucus room.

### **REPUBLICAN CAUCUS**

The SPEAKER. Representative Major.

Miss MAJOR. Thank you, Mr. Speaker.

I would like to announce a Republican caucus at 12:15. That is, Republicans will caucus at 12:15. Thank you.

The SPEAKER. The Chair thanks the lady.

### **CHILDREN AND YOUTH COMMITTEE MEETING**

The SPEAKER. Are there any announcements?  
Representative Bishop.

Ms. BISHOP. Thank you, Mr. Speaker.

I wish to announce that there will be a brief committee meeting of the Children and Youth Committee immediately following the break, and it will be in room 40E. And it is quick, so I would ask all members to try to be there. Thank you.

The SPEAKER. The Chair thanks the lady.

Children and Youth will meet in room 40E following the break.

### **QUESTION OF PERSONAL PRIVILEGE**

The SPEAKER. For what purpose does the gentleman, Representative Marsico, rise?

Mr. MARSICO. Thank you, Mr. Speaker.

A point of personal privilege, please.

The SPEAKER. The House will come to order. The House will come to order.

Mr. MARSICO. Mr. Speaker, it is the sixth year in a row that we have not passed a budget on time, and it does not look like we are going to do it again this year. And my remarks last evening were actually taken out of context and misconstrued. But I want to say that I never intended to offend anyone nor did I intend to disrespect anyone. I was surprised by the

announcement that we were going to have a budget in place by today or tonight and signed.

So I just wanted to say that, obviously, this is a stressful time of the year. Everyone is tense, at least I know in this area we are tense, because we have a very serious concern about our State workers being furloughed. Some people take a more casual approach to this, but I can tell you that those in this area, we do not.

And things were said last night. There were some very rash and harsh statements made to what people supposedly thought I said. I have it on record here, and you are certainly welcome to look at the record, what was said. I never called anybody crazy; I never said he was nuts. I responded to and was surprised by the comments that were made that there was going to be a budget in place by today.

So, once again, I do apologize if you took it the wrong way, and once again, if you want to look at the record, my remarks are reflected in the record.

Mr. Speaker, thank you.

The SPEAKER. The Chair thanks the gentleman.

### **STATEMENT BY SPEAKER**

The SPEAKER. The Chair would also like to reflect for a moment on the wonderful words of Representative Gordon Denlinger today. I think when he suggested that all of us focus our attention and our prayers to the families of the members who are hurting at this moment and those beyond this chamber, I think that is an appropriate reflection as we go through these very difficult issues at hand, and thank you, Representative Denlinger, for that wonderful spiritual message today.

And thank you, Representative Marsico.

The Chair recognizes Representative Solobay for an introduction.

The House will be temporarily at ease.

The House will come to order.

### **ANNOUNCEMENT BY MS. BISHOP**

The SPEAKER. For what purpose does Representative Bishop rise?

Ms. BISHOP. Thank you, Mr. Speaker.

I do wish to correct the location of the meeting that I announced. It is in 39, room 39E. Thank you.

The SPEAKER. The Chair thanks the lady.

The House will be temporarily at ease as it awaits Representative Solobay's guests.

The House will come to order.

### **CANON-McMILLAN SENIOR HIGH SCHOOL BOYS BASEBALL TEAM PRESENTED**

The SPEAKER. The Chair recognizes that Representative Solobay has entered the chamber with his guests. The gentleman is invited to make his presentation.

The Chair does not see what the gentleman is wearing on his head, so he does not have to give permission for the gentleman to wear it.

The gentleman is in order and may proceed.

Mr. SOLOBAY. Thank you, Mr. Speaker. Thank you for the indulgence.

And sorry we held everybody up a little bit here for lunch, but I am sure that in spite of all the good news we got last evening, that the budget is imminent, a couple minutes of time here will not hurt anything.

On behalf of myself and Representative Jesse White, we are very proud today to bring to the floor of the House the AAAA State Baseball Champions from the Canon-McMillan High School Big Macs, as they successfully had a great baseball year this year and cultivated that entire season with an overwhelming win in Altoona a couple of weeks ago against a suburban Philadelphia team. The west beat the east on this one, guys; sorry about that. That is it, Jeff; stand up and clap.

With us today are the four senior captains – Chris Dittmar, Chris Douglas, Charles Murphy, and Aaron Wiegel – and their head coach, Steve Bucci, whom we will be having lunch with a little later on, and Jesse and I will be presenting some certificates and House citations to them.

I am going to give Jesse a couple opportunities here to talk about the rest of the team that is seated in the rear.

Mr. WHITE. Thank you.

In addition to offering my congratulations to the team for their championship, which I would like to note is the first baseball championship that Canon-McMillan has ever brought home, I think it is also important to realize the effect of the work that these young men have done and it has had on the community.

I was at a recent baseball field opening for a field that had been recently designed for a Little League and T-ball program in my hometown in Cecil, and they brought a couple members of the team out beforehand. I think that for those of them that were there that day, in addition to the excitement of actually being a State champion, the looks on these kids' faces and the fact that they are such role models for all the young kids in our district and in the area, I think it is something they can really be proud of.

So I want to congratulate you on your achievements, and we will see you up here next year when you win again.

Mr. SOLOBAY. Thank you.

If the rest of the team would please rise in the rear, and if the House would please give them all a warm welcome and congratulations.

I would just like to add one last thing: Not only were they the State champions here in Pennsylvania, but they ranked 10th in USA Today's baseball rankings. They were 10th in the nation in the Northeast, and nationally, they ended up 22d out of 15,000 high school baseball teams.

So again, congratulations to my alma mater, Canon-Mac.

### ANNOUNCEMENTS BY SPEAKER

The SPEAKER. This House will be in recess until 2:30 p.m., unless sooner recalled by the Chair.

The Chair advises members that there is cake in the rear of the House chamber for Randee Dechesne.

### QUESTION OF PERSONAL PRIVILEGE

The SPEAKER. For what purpose does the gentleman, Representative Geist, rise?

Mr. GEIST. Thank you, Mr. Speaker.

I just wondered if you had eased the rules today of the House. I know that we have to ask permission of the Speaker to doff our coats. I just wondered if you had changed the rules to allow Representative Solobay to wear a baseball cap on the floor of the House?

The SPEAKER. The Chair responded to that in anticipation of the gentleman's remarks. The Chair stated that he did not see what the gentleman was wearing on his head.

Are there any other announcements?

### RECESS

The SPEAKER. This House will stand in recess until 2:30 p.m., unless sooner recalled by the Speaker.

### AFTER RECESS

The time of recess having expired, the House was called to order.

### LEAVES OF ABSENCE CANCELED

The SPEAKER. The Chair recognizes the presence of Representative Hennessey on the floor. His name will be added to the master roll.

The Chair acknowledges the presence of Representative Donatucci on the floor. His name will be added to the master roll.

### BILLS REREPORTED FROM COMMITTEE

#### HB 2313, PN 3348

By Rep. D. EVANS

### **BILL ON SECOND CONSIDERATION**

The House proceeded to second consideration of **HB 2113, PN 3453**, entitled:

An Act amending the act of May 11, 1972 (P.L.286, No.70), known as the Industrialized Housing Act, further providing for definitions and for promulgation of rules and regulations by the department.

On the question,  
Will the House agree to the bill on second consideration?

The SPEAKER. The Chair recognizes the gentleman from Northumberland County, Representative Belfanti.

The House will be at ease.

The House will come to order.

On the question recurring,  
Will the House agree to the bill on second consideration?

Mr. **GERGELY** offered the following amendment No. **A07914**:

Amend Sec. 2 (Sec. 5), page 3, line 25, by inserting after "BUILDINGS"

based upon the Model Rules and Regulations as promulgated by the Interstate Industrialized Buildings Commission

On the question,  
Will the House agree to the amendment?

The SPEAKER. The Chair recognizes Representative Gergely on the amendment.

Mr. **GERGELY**. Thank you, Mr. Speaker.

I ask for a suspension of the rules to introduce an agreed-to amendment that we have worked out with both Labor Committees relevant to the bill for—

The SPEAKER. The gentleman does not require suspension of the rules. If the gentleman will just speak to the amendment.

Mr. **GERGELY**. Yes; it does, Mr. Speaker. It has just been filed.

The SPEAKER. Will the gentleman approach the rostrum.

(Conference held at Speaker's podium.)

### **LEAVE OF ABSENCE CANCELED**

The SPEAKER. The Chair recognizes the presence of Representative Kenney on the floor. His name will be added to the master roll.

### **CONSIDERATION OF HB 2113 CONTINUED**

### **RULES SUSPENDED**

The SPEAKER. The Chair recognizes Representative Gergely, who moves that the rules be suspended for the immediate consideration of amendment A08398, which the clerk will read.

The clerk read the following amendment No. **A08398**:

Amend Title, page 1, lines 11 and 12, by striking out "PROMULGATION OF RULES AND REGULATIONS BY THE" in line 11 and all of line 12 and inserting  
regulations, insignia of certification required.

Amend Sec. 2, page 3, lines 20 through 27, by striking out all of said lines and inserting

Section 2. Section 4 of the act is amended by adding a subsection to read:

## Section 4. Regulations, Insignia of Certification Required.—\* \* \*

(j) The department is authorized to enter into a multistate agreement for the purpose of regulating the construction of components of industrialized/commercial modular buildings. The department shall adopt regulations to administer the program that are based on the Model Rules and Regulations promulgated by the Interstate Industrialized Buildings Commission. Components of industrialized/commercial modular buildings that are certified under the program established pursuant to this subsection shall be deemed to meet the requirements of the act of November 10, 1999 (P.L.491, No.45), known as the Pennsylvania Construction Code Act.

On the question,  
Will the House agree to the motion?

The SPEAKER. The Chair recognizes Representative Gergely on the motion to suspend.

Mr. GERGELY. Thank you, Mr. Speaker.

Again, my apologies, this will just clean up some of the language in the bill that makes it more feasible for us to have reciprocity. It is agreed to by both sides of the House.

On the question recurring,  
Will the House agree to the motion?

## SUPPLEMENTAL CALENDAR C

### BILL ON CONCURRENCE IN SENATE AMENDMENTS

The House proceeded to consideration of concurrence in Senate amendments to **HB 2179, PN 4020**, entitled:

An Act amending Titles 7 (Banks and Banking) and 18 (Crimes and Offenses) of the Pennsylvania Consolidated Statutes, regulating the mortgage loan industry in terms of practice, licensure and penalties; providing for unlicensed mortgage loan activity; and making related repeals.

On the question,  
Will the House concur in Senate amendments?

The SPEAKER. The Chair recognizes Representative Daley on concurrence.

Mr. DALEY. Thank you, Mr. Speaker.

Briefly, the journey for reform of the mortgage industry has been long and taken hard work and responsibility and thoughtful negotiation by all of us and by all the parties concerned, including the lenders, the brokers, the appraisers, bankers, consumer advocates, all of the members of the Commerce Committee in the House, on both sides, as well as all of us in the House of Representatives, the Senate, and not the least, the Secretary of Banking and the Governor.

This last bill that we were going to consider on concurrence today is the core bill that started in the House of Representatives of this package, the licensure portion. The four Senate bills that we passed the other day, we will have back, in return from the Senate on concurrence. Those two final actions today and the concurrence on those Senate bills will establish what Secretary Kaplan has called a national model for reform of the mortgage industry.

On behalf of all the members of the Commerce Committee, I thank all those who attended numerous hearings across the State, who provided information and comment along the way, who attended a variety of negotiation sessions. I especially and personally would like to thank my cochairman, Chairman Hess, who has partnered with me on this licensure bill. I also thank Senator Browne in our other chamber, our former colleague here, who worked with us very closely on assembling this overall final package of reform.

I ask, Mr. Speaker, on HB 2179, an affirmative vote. Thank you very much.

On the question recurring,  
Will the House concur in Senate amendments?

The SPEAKER. Agreeable to the provisions of the Constitution, the yeas and nays will now be taken.

## MOTION TO SUSPEND RULES

The SPEAKER. The Chair recognizes the gentleman from Bucks County, Representative Petri, who moves to suspend the rules for the immediate consideration of amendment A08276, which the clerk will read.

The clerk read the following amendment No. **A08276**:

Amend Title, page 1, line 10, by inserting after "COMMITTEE"  
and for abatement under the Health Care  
Provider Retention Program  
Amend Sec. 3, page 5, line 17, by striking out "A SECTION" and  
inserting

sections

Amend Sec. 3, page 9, by inserting between lines 3 and 4  
Section 17.3. Abatement under Health Care Provider Retention  
Program.

(a) Program.—The Insurance Department shall continue the  
Health Care Provider Retention Program, originally established in  
section 1102 of the act of March 20, 2002 (P.L.154, No.13), known as  
the Medical Care Availability and Reduction of Error (Mcare) Act, for  
all health care providers as set forth in Chapter 11. This section shall  
apply to calendar years 2008 and 2009.

(b) Abatement.—Notwithstanding section 1104(b)(2) of the  
Medical Care Availability and Reduction of Error (Mcare) Act, birth  
centers shall be eligible for abatement under subsection (a).

(c) Definitions.—As used in this section, the following words and  
phrases shall have the meanings given to them in this subsection:

"Birth center." As defined in section 103 of the act of March 20,  
2002 (P.L.154, No.13), known as the Medical Care Availability and  
Reduction of Error (Mcare) Act.

"Health care provider." As defined in section 103 of the act of  
March 20, 2002 (P.L.154, No.13), known as the Medical Care  
Availability and Reduction of Error (Mcare) Act.

On the question,  
Will the House agree to the motion?

The SPEAKER. The Chair recognizes Representative Petri  
on suspension of the rules.

Mr. PETRI. Thank you, Mr. Speaker.

I seek to suspend the rules to offer this amendment, which  
will solve a very, very important issue that has been  
long-standing in this chamber, namely Mcare (Medical Care  
Availability and Reduction of Error) extension for our doctors,  
our physicians, and our hospitals. I would ask the members to  
support the suspension of the rules.

The SPEAKER. The Chair recognizes Representative  
Eachus.

Mr. EACHUS. Thank you, Mr. Speaker.

This policy is opposed by Democratic leadership, opposed  
by the Governor's Office, and I stand to oppose the suspension  
today.

The SPEAKER. On the motion to suspend the rules, those in  
favor—

Mr. LENTZ. Mr. Speaker?

The SPEAKER. Representative Lentz.

The gentleman will suspend.

For the information of the members, this motion is debatable  
by the majority leader, minority leader, the maker of the motion,  
and the maker of the amendment under consideration, and the  
prime sponsor of the bill under consideration.

On the motion to suspend, Representative Smith.

Mr. S. SMITH. Thank you, Mr. Speaker.

Mr. Speaker, I would rise to support the motion to suspend  
the rules for the consideration of this amendment.

Mr. Speaker, this amendment basically deals with an  
extension to the Mcare program. I think most of you are familiar  
with Mcare, most of you realize what this program means to the  
successful and continued delivery of health care in Pennsylvania

over the long haul. We all know that the administration has put out the word that we are not supposed to extend Mcare unless something is done with the Governor's ABC (Access to Basic Care) proposal, his Cover All Pennsylvanians proposal.

The fact is, Mr. Speaker, that this program is going to go by the wayside; it is going to leave many of the medical providers in Pennsylvania in a very, very bad way, and the fact that the administration has chosen to link these two issues is certainly their prerogative, Mr. Speaker, but I do not think it is the best policy for Pennsylvania.

This, Mr. Speaker, may be— There are a couple of other bills floating around this building between the House and the Senate that deal with the extension of the Mcare program, and clearly some would like to look at it with the phaseout that has been discussed in the past, but given the short timeframe we are in, Mr. Speaker, I believe that this amendment is timely in that regard. It is something that is necessary. A vote against this motion to suspend the rules, Mr. Speaker, is saying that you are not voting to support the medical providers and service providers of Pennsylvania that have relied on this Mcare program over the last several years to remain successful in Pennsylvania.

So, Mr. Speaker, given the fact that this is June 30 – even the underlying legislation, Mr. Speaker, I think there are some questions we will talk about there – but to the degree that this amendment, offered by the gentleman from Bucks, would propose to expand the Mcare program for 2 years, I think that is a reasonable and a logical solution to put forth before this House at this timeline at this late date.

So I would urge the members to support the motion to suspend the rules, in order that we might be able to vote to extend the Mcare program for 2 years.

Thank you, Mr. Speaker.

The SPEAKER. Representative Eachus, on the motion to suspend.

Mr. EACHUS. Thank you, Mr. Speaker.

While I respect the minority leader's position on this suspension, this is clearly about health-care access today. As the minority leader knows, we have passed a comprehensive health-care bill that waits for action in the Senate. That bill attempts to cover those 250,000 additional Pennsylvanians who need access to health care as a component of that. This Mcare linkage has been a way to make sure that we can guarantee and fundamentally cover those individuals who are working in Pennsylvania who do not have access to affordable health insurance. This is at the root of it. This amendment and the attempt to move forward to, really, circumvent the process of negotiation between the two bodies fundamentally disengages the ability to pay for health-care access going forward.

I want to say, the other thing about this is that it is disruptive to the main bill that I am the prime sponsor of because health-care data is at the core of making sure that we have patient safety, and what this does is it puts money before people. And I have to say, what we are focused on in the House Democratic Caucus is guaranteeing that Pennsylvania has a very comprehensive model on making sure that physicians get paid but also that Pennsylvanians get health-care access.

The other issue relating to Mcare abatement is that this Democratic Caucus has a very sound policy with regard to making sure and guaranteeing that we maintain the Mcare abatement for a 10-year period, that we allow for physicians of all categories to share in that over that time period. It also

guarantees the ability to pay down the unfunded liability in the fund. So we have already passed and sent to the Senate from this caucus an affirmative strategy to ensure that we can guarantee physicians get the money that they are due. We intend to make sure we deliver that promise but not without access to affordable health care to Pennsylvanians, and this amendment strikes at the heart, at the very heart of the policy that we put forward under the Pennsylvania ABC Program.

And I ask, with all due respect, for the members of this body to not support the suspension motion. It strikes a death knell in the policy that we passed on PA ABC and guarantees that we have no access to health care going forward. So I rise to oppose the suspension of the rules.

## LEAVE OF ABSENCE

The SPEAKER. The Chair recognizes the majority whip, who requests that Representative TANGRETTI be placed on leave. The Chair sees no objection, and the leave will be granted.

## CONSIDERATION OF HB 2648 CONTINUED

The SPEAKER. The Chair recognizes Representative Petri for the second time.

Mr. PETRI. Thank you, Mr. Speaker.

The maker of this bill and I have similar goals. We would like to see the continuation of the Health Care Cost Containment Council. Unfortunately, this bill, even if passed today, will not do that for members because it has to go over to the Senate, but there is a Senate bill, SB 1372, that could accomplish both of our goals and that could be run today, and that would save the four Cs and it would also save our doctors.

What your vote is today, you have the opportunity to help our doctors and our hospitals who continue to indicate that with the medical malpractice premiums they pay, they are struggling to stay in Pennsylvania.

Mr. EACHUS. Mr. Speaker, point of order.

The SPEAKER. Representative Eachus.

The gentleman's point is implied.

The gentleman will speak to the motion to suspend and not on the underlying premise of his amendment.

Mr. PETRI. Thank you, Mr. Speaker.

I was only responding to some of the issues he raised.

In any event, you have an opportunity today to suspend the rules and show the doctors and physicians that you support them in their quest to stay and remain in Pennsylvania. We cannot have a health-care system without providers. So please think very long and carefully about this suspension, because I am sure every doctor, every physician, and every hospital will be watching your vote on suspension.

I urge the members to support this motion to suspend the rules.

The SPEAKER. Those in favor of the motion—

Mr. S. SMITH. Mr. Speaker?

The SPEAKER. Representative Smith.

Mr. S. SMITH. Mr. Speaker, just to support the argument to move to suspend the rules, I kind of wanted to bring to the attention of the members a letter that was just brought to my attention. It was sent to the Democratic members of leadership, and it specifically says that since the Governor— Well, let me

read it, specifically; I will not paraphrase. "It has been reported that the Governor has advised consideration of legislation to expand health insurance to the uninsured is likely to be postponed until the fall. Given this development, I call upon House leadership to position a bill to extend the Mcare abatement program. Mcare abatement is critical to maintaining access to medical care." It goes on to talk about a couple of bills that are possibly in position.

It is my understanding, Mr. Speaker— I have got a list. I did not have a chance to count them, but it looks like there are 25- or 30-some members of the Democratic Caucus who recently sent this letter June 23, that is fairly recently, with this message that, fundamentally, if the whole health-care issue that the Governor has been proposing is going to be put off to the fall – and the Governor has pretty much stated that, that it was not tied into this budget per se – that there is a need to extend the Mcare program at this time and it should be delinked, in essence. That is the gist of this letter, that members of the Democratic Caucus, at least 30 or so of them that signed this letter, would like to see these issues – this issue, the Mcare issue – delinked from the Governor's ABC Program.

So, Mr. Speaker, I wanted to put that on the record, I think, as a probably less-than-subtle reminder to those that signed this letter that, in fact, this is at least one decent opportunity. I think there is a better opportunity in the process over the next few days, quite frankly, given that this is a House bill and would have to go through the Senate for 3 days, it is not exactly on a fast track to the Governor's desk. But, Mr. Speaker, this is an important issue to the people that provide medical services in Pennsylvania, and we should afford ourselves the opportunity to vote on this amendment today. A vote to suspend the rules would give us that opportunity to continue to fight for both the extension of the Health Care Cost Containment Council as well as the extension of the Mcare program.

So I would ask the members to support the motion to suspend the rules. Thank you.

On the question recurring,  
Will the House agree to the motion?

### REMARKS SUBMITTED FOR THE RECORD

Mrs. RUBLEY and Mr. MILNE submitted the following remarks for the Legislative Journal:

Today we have with us, as a guest of Representative Carole Rubley, Lara Phillips. Lara is a recent graduate of Phoenixville High School and a member of the Pennsylvania National Guard. She is the daughter

of Amy and Richard Phillips of Kimberton and is joined today by her parents and sister, Melissa.

In her senior year of high school, Lara has gone through a heroic battle against a very difficult and aggressive form of cancer. During her graduation ceremony from the Phoenixville Area High School, Lara gave an inspirational speech about never giving up, fighting against the odds, and for fighting for what you want and believe. She credits her Pennsylvania National Guard training for giving her the courage and strategies to stand up against her cancer. Lara's goal is to return to active duty with the Guard.

### APPROPRIATIONS COMMITTEE MEETING

The SPEAKER. The Chair recognizes Representative Evans for an announcement.

Mr. D. EVANS. Mr. Speaker, I would like to call the House Appropriations Committee meeting in the majority caucus room immediately.

The SPEAKER. The Chair thanks the gentleman.

Does the gentleman want to repeat that announcement?

In case members did not hear the announcement, there will be an immediate meeting of the House Appropriations Committee in the majority caucus room.

The House will be at ease.

The House will come to order.

The Chair rescinds that announcement.

### RECESS

The SPEAKER. The House will stand in recess to the call of the Chair.

### AFTER RECESS

The time of recess having expired, the House was called to order.

### COMMERCE COMMITTEE MEETING

The SPEAKER. For what purpose does the gentleman, Representative Daley, rise?

Mr. DALEY. Thank you, Mr. Speaker.

To announce a Commerce Committee meeting immediately at the call of the Chair, when we recess briefly. It is going to be in the majority caucus room immediately as soon as we break, Mr. Speaker; now, Mr. Speaker; right now.

The SPEAKER. There will be a Commerce Committee meeting in the majority caucus room immediately.

### STATEMENT BY MR. ELLIS

The SPEAKER. For what purpose does the gentleman, Representative Ellis, rise?

Mr. ELLIS. Unanimous consent, Mr. Speaker.

The SPEAKER. The gentleman will proceed under the provision of unanimous consent.

Mr. ELLIS. Thank you very much, Mr. Speaker.

Tonight I just wanted to take a little time to do something that I have not been able to do in person in the last 4 years,

being June 30 is my mother's birthday, and I just want to tell her, happy birthday, Mom. I love you. I wish I was home.

Thank you, Mr. Speaker.

The SPEAKER. You are a good son.

## CALENDAR CONTINUED

### BILL ON SECOND CONSIDERATION

The House proceeded to second consideration of **HB 2231, PN 4088**, entitled:

An Act amending the act of February 9, 1999 (P.L.1, No.1), known as the Capital Facilities Debt Enabling Act, further providing for appropriation for and limitation on redevelopment assistance capital projects.

On the question,  
Will the House agree to the bill on second consideration?

Mr. **PERRY** offered the following amendment No. **A08181**:

Amend Sec. 1 (Sec. 317), page 2, line 4, by striking out "\$3,450,000,000" and inserting  
\$2,000,000,000

On the question,  
Will the House agree to the amendment?

The SPEAKER. The Chair recognizes Representative Perry on the amendment.

Mr. **PERRY**. Thank you, Mr. Speaker.

I want to start out by saying what RCAP (Redevelopment Assistance Capital Program) is, and I know that everybody in this room knows what it is, but for anybody that might be watching on TV, I would like to just explain to them that it stands for redevelopment assistance capital projects, and I would like to just name some. The stadiums in Philadelphia and Pittsburgh, the Andy Warhol Museum, Geneva College Stadium in Beaver County, and Philadelphia Zoo are just a few.

To be more clear, I just want to make a metaphor of what I think RCAP is. Think of yourself as having a credit card. Say it has a limit of \$1,500, and you spend all that \$1,500 buying things. Then you make a \$500 payment and then you can spend \$500 again. So it is a revolving charge card.

Now, in 2003 when Governor Rendell took office, it was \$1.46 billion. That was our credit card limit at that time, and since then the Governor asked for and received a \$640 million increase in 2004. And then the Governor asked for again and received a \$500 million increase in 2005, and now he would like another \$800 million increase. Now, it is currently \$2.65 billion, Mr. Speaker. It would be increased with this \$800 million to \$3.45 billion, and I say, for what? More stadiums, more convention centers, more special projects. Now, keep in mind, as you spend on that credit card, the amount is available, as you repay it, it is available to be respent again, and

this administration has already spent \$1.5 billion on these special projects.

Now, we are already currently, currently, if you include all the debt – State debt, general obligation debt, nongeneral obligation debt, local municipality, authority and school district debt – approximately \$110.317 billion in debt in Pennsylvania. How much is enough? Is that not enough? I think it is enough.

I am asking that we stop mortgaging our future, our children and grandchildren's future. I am asking that we stop charging like Hollywood starlets whose parents do not care about the bill. I am asking that we please vote in favor of this amendment to reduce our spending, to reduce the RCAP to \$2 billion as opposed to increasing it.

Thank you, Mr. Speaker.

The SPEAKER. The Chair recognizes Representative Evans.

Mr. D. EVANS. Mr. Speaker, the gentleman's amendment, in my view, would not help the investment of the Commonwealth of Pennsylvania. We have worked in a bipartisan manner, being very responsible as we approach the use of the redevelopment assistance in terms of the investment.

I recognize what the gentleman is saying, but he shows there will be no effect in our debt service column over the next 4 to 5 years and it will have no direct impact, but it could have an impact in terms of the jobs it creates, directly in terms of construction, and other kinds of investments. In this type of economy, we still need to keep some investment taking place.

So I would ask that we be a negative on the gentleman's amendment.

Thank you, Mr. Speaker.

The SPEAKER. Is the gentleman, Representative Turzai, seeking recognition?

Mr. TURZAI. Yes.

The SPEAKER. The gentleman is in order.

Mr. TURZAI. Thank you very much, Mr. Speaker.

Mr. Speaker, I think there is another important point. First of all, I rise in support of the Perry amendment, but I think there is another important point with respect to the RCAP. As Representative Perry pointed out, with the additional \$800 million that the Governor seeks, which is the fourth RCAP credit card— Keep in mind, under this RCAP, this Redevelopment Assistance Capital Program, the \$1.5 billion that existed – \$1.5 billion, with a b – that existed at the end of the Schweiker administration was the first credit card. That is a line of credit. As that amount gets paid off by tax dollars for principal, interest, and fees, the Governor can regive out that dollar under that \$1.5 billion limit. The second credit card took it up to \$2.15 billion, and then the third credit card took that limit up to \$2.65 billion. What the Governor is looking for is to take it above \$3 billion, and again, that is a revolving line of credit; that is not one-time borrowing. As that money gets paid off with your tax dollars and your kids' tax dollars, that money can be regiven out throughout the Commonwealth at the Governor's discretion.

There is, the amount of RCAP debt that is retired each year – for '07-'08 it was \$65 million – as your tax dollars paid off that \$65 million off those credit cards, that meant that the Governor could reuse that on his credit card, that \$65 million, in terms of passing out checks. This request for an additional \$800 million is actually increasing the amount that can be used on the credit card.

Let me say, those families that have four credit cards, they are having a tough time making ends meet because they are

always paying off the interest and fees and never paying down the principal. It is no different with the State of Pennsylvania nor is it any different in terms of what this RCAP is used for. It is, in essence, the Governor's discretionary walking-around money to take around the State to curry favor in particular areas.

The total RCAP spending so far to date, in terms of RCAP authorization, was \$1.1 billion plus payment and reauthorization of about \$380 million, for a total of about \$1.5 billion – a total of about \$1.5 billion. In 5 years' time, as I indicated, that increase was already at over almost \$1.2 billion. If we, in fact, do this next \$800 million on top of it, we will have doubled the amount of the limit from the end of the Ridge-Schweiker years; we will have doubled the amount of that credit card limit.

I think that the only sanity that needs to happen is, in the first instance, we should not be increasing it, but I think Representative Perry's measure to, in fact, reduce what the ultimate limit on that credit card is makes sense, and I support his motion.

Thank you very much.

The SPEAKER. Representative Stevenson.

Mr. STEVENSON. Thank you, Mr. Speaker.

I also would like to rise to support the Perry amendment.

I think there are many of us in this chamber who are growing more and more concerned as the years go by about the amount of debt that is being assumed by the Commonwealth of Pennsylvania. When Governor Rendell took office in 2003, the debt limit on RCAP was \$1.5 billion. The debt limit on RCAP now is \$2.6 billion-plus. With this addition, we would be close to a \$3 billion RCAP limit. And as has been explained already, this is money which is borrowed and then handed out, and then the person, the group who receives the money, then pays it back over time.

The amount of RCAP debt that has been retired year by year – in 2002-2003, \$38 million was retired; in 2003-04, \$44 million; 2004-05, \$49 million; 2005-06, \$54 million; 2006-07, \$59 million; 2007-08, \$64 million; 2008-09, \$69 million. The total retired debt during those years was \$379,132,827, which, when added to the RCAP authorization during that time of \$1.1 billion, gives the total payment reauthorization and total RCAP spending under this administration of over \$1.5 billion.

I think this is the wrong direction for Pennsylvania to go. We all understand that there has to be borrowing from time to time for fixed assets and roads, bridges, and those types of things, but when we are borrowing just to hand out to various projects all across the State and that borrowing continues to increase at this rate, I think we are on the wrong path.

I, therefore, encourage the support for the Perry amendment. Thank you.

The SPEAKER. Representative Cutler.

Mr. CUTLER. Thank you, Mr. Speaker.

I would also like to rise in support of the Perry amendment for a variety of reasons. We are being told that currently our credit rating score is excellent and that now is a great time to borrow money. We are being told that the interest rates have never been better, and that all may be true, Mr. Speaker, but we need to look at the fact that our State currently has a surplus. It is not as much as we had hoped for, certainly not as much as we wanted, but a surplus does exist nonetheless. And if you look at all the surrounding States that we are being compared to, whether they be New Jersey to the east or New York to the north, Mr. Speaker, these States probably are not in the best

financial health and yet we are being told we can borrow just like them; it is okay.

Mr. Speaker, while we may have a budget surplus and we may have a good credit rating, I am not sure, Mr. Speaker, that those two things will stay the same if we continue to borrow at the rate that we currently are doing so. And I would actually argue, Mr. Speaker, that our excellent credit rating and our ability to even be able to borrow is a direct result of our lower borrowing amount and our lower debt load that we currently enjoy. Why would we want to change that, Mr. Speaker?

Even though it may be a good time to borrow does not mean that we should. Mr. Speaker, just because my credit card company sends me a letter notifying me that I now have a credit limit that is twice what I had previously does not mean that I should go out and spend it.

Mr. Speaker, if we would use the analogy of this being a race and those who borrow the most can go the fastest, I do not think this is a race that I want to enter, much less win.

Mr. Speaker, if we want to continue our good credit rating and if we want to continue our lower debt load, I suggest that we support the Perry amendment and move it forward, because it is the sound financial thing to do.

Furthermore, Mr. Speaker, I would like to point out with regard to this amendment, it is not that this money will just cease to exist and we cannot reborrow it, as my colleague so eloquently pointed out. We can regive this money and recycle it as we go forward. So it is not as if we lose this money forever. We can recycle it going forward. We should recycle it and we should award it based on need, Mr. Speaker, and the viability of the projects, and it should not be based solely on political favors and the locations of certain areas within the State.

Mr. Speaker, I think it is time that we treat the entire State equally and we allow everyone to benefit from it, and I would argue that we would be much better off to perhaps spend this money on tax cuts that benefit every business in this State.

Mr. Speaker, times are tough. Our constituents are telling us that it is difficult going forward with the cost of fuel and food. We all share in that pain as well, Mr. Speaker. But let me say this: If our constituents are cutting expenses, we should too.

Thank you, Mr. Speaker.

The SPEAKER. Representative Metcalfe.

Mr. METCALFE. Thank you, Mr. Speaker.

Mr. Speaker, I rise in support of the Perry amendment. I think the amendment takes us in the right direction, Mr. Speaker.

Mr. Speaker, as some of the former speakers had outlined, the Rendell administration has asked for one increase after another since they have been in office. The debt was increased, the ceiling was increased by \$640 million in 2004, \$500 million in 2005, and now we are being asked for an \$800 million increase, Mr. Speaker.

Mr. Speaker, I think the Perry amendment takes us back in the right direction of decreasing debt. I know, as I hear from constituents, Mr. Speaker, they are concerned with government spending. Mr. Speaker, as you talk to constituents in my district or citizens across the Commonwealth, all of them are concerned with the bill that is delivered to them from State government in the form of the taxes that they pay.

Well, Mr. Speaker, this debt increase, this increase in the debt ceiling that we are being asked to approve through the legislation – which would be stopped by the Perry amendment, Mr. Speaker – today's debt increase is tomorrow's tax increase;

today's debt increase is tomorrow's tax increase. And for that reason, Mr. Speaker, I think that the Perry amendment moves us in the direction of protecting the taxpayers of tomorrow and protecting their wallets from the tax increases that will most assuredly be brought by this, once again, request for an increase in the debt ceiling here in the State of Pennsylvania.

We should concur and vote affirmative on the Perry amendment. Thank you, Mr. Speaker.

The SPEAKER. Representative Hutchinson.

Mr. HUTCHINSON. Thank you, Mr. Speaker.

I, too, rise in favor of the Perry amendment.

We have heard a lot about numbers, and I want to reiterate a few of those. I think one of the important points we must remember is that not only are we borrowing huge amounts of money, but the bang for the buck means that we have to pay back far in excess of the amount that is borrowed. Not only are we going to today— Not only is it proposed that we borrow 800 million more dollars, but on top of that, the taxpayers of Pennsylvania will have to pay back not just that \$800 million but an additional \$302 million in bond counsel fees, issuance fees, and interest.

Let us go back. Since this Governor took office, we have had two other increases in RCAP. Back in 2004 we had an increase, and that amount was \$640 million. That \$640 million magically turned into \$930 million that the taxpayers had to pay back. Then we go fast-forward to 2005; this administration increased RCAP again by \$500 million. That magically turned into \$752 million that the taxpayers of Pennsylvania had to pay back.

Mr. Speaker, I think this is unconscionable. With all these— In this time of otherwise vastly increased spending by State government, that not only are we taking General Fund expenditures through the roof; on top of that, we are spending on these kinds of projects.

I think RCAP should be renamed the Santa Claus program, because this is a way for State government to do so many things that are not the function of government – paying for stadiums. How many major league stadiums do we need in Pennsylvania? How many new minor league baseball stadiums do we need in Pennsylvania? How many new convention centers, which we later end up subsidizing their operations?

Clearly, clearly, this program is used for spending. This is not the business of State government. And then on top of that, not only are we requiring the folks to pay back this outrageous amount of borrowed money, but on top of that we have the bond counsel fees, we have issuance fees, and we have massive amounts of new interest – in this case, \$302 million in interest – and what do we get for that? Nothing. It is a way to play Santa Claus. It is the wrong thing for Pennsylvania to do, and that is why I concur with the Perry amendment to bring a little bit of fiscal sanity back to Pennsylvania.

Thank you, Mr. Speaker.

The SPEAKER. Representative Roae.

Mr. BOYD. Thank you, Mr. Speaker.

I was wondering if the maker of the amendment would stand for interrogation?

The SPEAKER. The gentleman, Representative Perry, will stand for interrogation. Representative Roae is in order and may proceed.

Mr. BOYD. Thank you, Mr. Speaker.

Mr. Speaker, I am curious how this amendment, if it is adopted, would operate. Currently—

The SPEAKER. Will the gentleman suspend.

Mr. BOYD. Sure.

The SPEAKER. The Chair recognized Representative Roae not Boyd.

Mr. BOYD. Oh; I am sorry.

The SPEAKER. That is all right. I thought we had a ventriloquist down there.

The gentleman is in order and may proceed.

Is the microphone not on, Representative? Our system indicates that it is on. Could you use another microphone?

Mr. ROAE. Thank you, Mr. Speaker.

I stand to support the Perry amendment.

I am concerned, Mr. Speaker, that the budget agreement that was recently obtained called for scaling back on the Governor's plan to fund basic education. The budget agreement called for scaling – okay; the light went off for a second – the budget deal that was struck plans on cutting back on money that would go into the retired teachers' pension plan.

Mr. Speaker, I am concerned. The fiscal note states that for every \$100 million of new borrowing, we have about \$8 million of debt service. That would be \$64 million of new debt service. So that would be even less money for education, less money for the pension plans, less money for health insurance, less money for everything that the people here want to do.

So I would encourage my colleagues to support the Perry amendment.

Thank you.

The SPEAKER. Representative Stern.

Mr. STERN. Thank you, Mr. Speaker.

I stand to support the Perry amendment. And as many families, I believe, and businesses in Pennsylvania are facing dire consequences right now, for us to be increasing the RCAP – and I have nothing against the RCAP spending project act, because I have benefitted from RCAP in the past – it is not the issue of supporting this or not supporting it. What I am questioning is the \$800 million, that we are attempting to increase the borrowing amount. And with that \$800 million in increase, we are going to be looking at paying 1 point, as the previous speaker mentioned, we are going to be paying \$1.2 billion back in debt over 30-some years. This will not be paid off until 2032 and 2033. We are strapping our children and our grandchildren with a debt here. If we do not think that this is not a future tax increase waiting to happen, wait until we try to pay this off through debt service and as we are paying these moneys out of the General Fund.

I just think this is the wrong way to go. I think that the RCAP spending formula should be reduced this year in the dire economic straights that we are in in the Commonwealth. I support the Perry amendment and would ask for an affirmative vote.

The SPEAKER. The Chair recognizes Representative Boyd.

Mr. BOYD. Thank you, Mr. Speaker.

And again, my apologies for the last error.

If the gentleman would stand again for brief interrogation?

The SPEAKER. Representative Perry indicates he will stand for interrogation. Representative Boyd is in order and may proceed.

Mr. BOYD. Thank you, Mr. Speaker.

Before I was so rude to interrupt my colleague, the question I was about to ask is, do you know currently what the debt limit – how many actual dollars are out in bonds now?

Mr. PERRY. I am not sure how much is currently committed, but the current cap is \$2.65 billion.

Mr. BOYD. Right; the cap is at \$2.65 billion, and I am trying to determine – and your amendment would lower the cap to \$2 billion. If we currently have more money out than the \$2 billion, what does that do statutorily to the State if we then will have more money out than we said we are allowed to have? Do we have to satisfy some specific bonds to bring us in compliance to the law, or what do we do in that case? Are we going to put ourselves in a position of violating the statute?

Mr. PERRY. It is my understanding that, of course, the limit where we are is a moving target because we continually loan out or give out money and then currently it is repaid. So it is a constantly moving target. It is my understanding the intention is that as those obligations are paid down below \$2 billion, we would no longer be allowed to go above \$2 billion, should this amendment pass.

Mr. BOYD. If we are currently over the \$2 billion limit in either actual dollars borrowed or actual projects committed, what do we do?

Mr. PERRY. I am sorry, Mr. Speaker. Could you restate?

Mr. BOYD. I understand. We are currently— Oh; did you get the question?

Mr. PERRY. We are currently at \$1.3 billion committed; \$1.3 out and \$1.3 committed.

Mr. BOYD. Okay. That is good. So what we established is, we currently have \$1.3 billion in debt and we have had commitments from the administration of another \$1.3 billion. Is that a correct statement?

Mr. PERRY. That is correct, as I understand it.

Mr. BOYD. Okay. Now, my question is, those commitments are in the form of commitment letters. They are sent to organizations that have applied for these grants. Many of us have some in those districts. Those are contracts that I happen to know that certain municipalities, organizations are beginning to do— Actually, I was at a groundbreaking a few weeks ago that has to do with one of those commitments. Do I run the risk, if the Perry amendment is adopted, of having those funds that have been committed but not distributed dry up?

Mr. PERRY. Well, there certainly is some element of risk. However, the process, as I understand it, is that there is a letter written that says it is authorized or committed, and then, at that point, application has to be made and then the match has to start going into effect before the Commonwealth actually starts incurring the debt or has to issue the funds. So at this point, I would say that even though a promise has been made, it is contingent upon action on the part of the municipality or the requester, and oftentimes they do not take action in a timely fashion.

Mr. BOYD. And I am aware of that. I certainly understand the RCAP being kind of a wish list, and I recognize the goal, and I agree with the goal. My concern is, if I have a project that the commitment letter has been made, the capital campaign is going on, they have really started down the road of the groundbreaking and getting that process going but the money has not come in, is it possible that those funds could be withdrawn by the State? And if it is, it could be a problem for some of us.

Mr. PERRY. And you are absolutely right, but it is my understanding that the current commitments that have been made, the current promises that have been made, we will not have to – the State will not default on any of those promises.

Mr. BOYD. So for a season, if we have got \$1.3 billion out and \$1.3 billion committed, for a season, we will be over that \$2 billion limit, and as some of those notes are satisfied and we come down to \$2 billion, that will be the cap. Is that the way you see this working?

Mr. PERRY. That is as I understand it, because currently a season is about \$650 million are sent out. So again, we would be below the \$2 billion, and then as we continue to pay down the debt, then there would be more to satisfy those other requests and still stay below the \$2 billion.

Mr. BOYD. So just to clarify, if I can, from a legislative intent standpoint, there is no intent within this amendment of any project that has been committed by a letter from the administration that it would be defunded because of the Perry amendment?

Mr. PERRY. That is correct.

Mr. BOYD. Thank you, Mr. Speaker.

The SPEAKER. The Chair recognizes Representative Turzai for the second time. The gentleman waives off.

Is there anyone seeking recognition?

Representative Perry.

Mr. PERRY. Thank you, Mr. Speaker.

If we approve this additional debt, as opposed to the amendment I have offered, our bond service payment will be \$140 million estimated each fiscal year; \$140 million just to pay the debt service just on this one debt, just on this one thing.

At a time when I am being told it is raining in Pennsylvania, we have got to look at taking the Rainy Day Fund. I am being told that we do not have enough money to fix our roads and our bridges and we do not have enough money to fix a whole lot of things and do a lot of things in the Commonwealth, and the reason we do not have a lot of money to do these things is because we are spending too much money in the wrong place, and I submit to you that debt service is not where we want to be spending our money.

Mr. Speaker, just to conclude, I want to echo the sentiments of one of the individuals I met this week at a town hall meeting, and he said to me, what is wrong with you politicians in Harrisburg? Do you not get it? We cannot afford any more of your spending. Stop spending all of our money. Mr. Speaker, here is an opportunity.

I ask you to vote in favor of this amendment to cut the RCAP to \$2 billion.

Thank you, Mr. Speaker.

## EXCUSED—4

Benninghoff	Nickol	Tangretti	True
-------------	--------	-----------	------

Less than the majority having voted in the affirmative, the question was determined in the negative and the amendment was not agreed to.

On the question recurring,  
Will the House agree to the bill on second consideration?

Mr. **PERRY** offered the following amendment No. **A08182**:

Amend Sec. 1 (Sec. 317), page 2, by inserting between lines 4 and 5

(b.1) Proportional distribution.—Any amount authorized for use under subsection (b) which has not been committed prior to the effective date of this subsection shall be awarded on a pro rata basis based on county population.

On the question,  
Will the House agree to the amendment?

The SPEAKER. The Chair recognizes Representative Perry on the amendment.

Mr. PERRY. Thank you, Mr. Speaker.

The premise of this amendment is that the RCAP distribution is unfair. Now, as you know, I am not for increasing or borrowing or our debt, even though many of you apparently are. But I have got to say, if we are going to do that, if we are going to increase our borrowing and our debt for ourselves, our future, our children, our grandchildren, the least we could do is distribute it fairly. This amendment would ensure any increase, any increase would be distributed fairly.

Now, when it comes to taxes, Mr. Speaker, all citizens in the Commonwealth are not treated equally. Some get to pay much more than others, and I would like to just recount some of that for you. In Allegheny County, which, by the way, has 10.3 percent of the population, they receive 22.47 percent of the money from RCAP; Philadelphia County, Mr. Speaker, a whopping 12.10 percent of the population, receives 33.57 percent. Now, in dollar figures, they received last year \$902,775,600, but they paid in \$500 million. Now, I would like to juxtapose that with Cameron County, who received zero, \$0 under RCAP, and their taxpayers were lucky enough and privileged enough to pay \$1,958,463. Clearly, Mr. Speaker, clearly, this is a travesty, and I could go on. Let us look at Armstrong County; they received \$5,450,000, but they got to pay in \$24,023,000, and the list goes on and on, and I would be happy to provide the information if anybody is interested.

Mr. Speaker, if we are going to require every taxpayer — and we are — to repay this debt, to repay this debt service on an annual basis, should each of them not receive some of that same money in return to their county? Again, I do not want more debt, and if we are going to vote for this, if we are going to vote for more debt, I ask that we approve this amendment and make sure that this \$800 million increase is spread out fairly among the counties.

Thank you, Mr. Speaker.

The SPEAKER. Representative Mustio.

Will the gentleman use another microphone. We have had a problem with that microphone before.

Mr. MUSTIO. Thank you, Mr. Speaker.

I would like to interrogate the maker of the amendment, please?

The SPEAKER. Representative Perry indicates he will stand for interrogation. Representative Mustio is in order and may proceed.

Mr. MUSTIO. Would it be fair to say that a majority of this money that is being requested to increasing the RCAP goes to business development or economic development activities?

Mr. PERRY. If I can just repeat the question, you are asking if it would be fair to say that the bulk of this money is going to redevelopment?

Mr. MUSTIO. Economic development activities; generating business.

Mr. PERRY. Well, I think that is a matter of opinion, Mr. Speaker.

Mr. MUSTIO. Okay. Whether it generates it or not—Excuse me, I interrupted your answer; go ahead.

Mr. PERRY. I will conclude by saying, I think that is a matter of opinion. I mean, it might generate some economic activity in some cases, but in some cases maybe that economic activity was going to happen anyhow. However, we will never know.

Mr. MUSTIO. Right; okay.

Your basis for determining the proportional split on population, explain a little further on the logic behind that.

Mr. PERRY. Well, the logic is pretty simple. I mean, the taxpayers in York County, for instance, are paying; correction, have received \$36,842,000 in projects over the term of RCAP. However, they have been privileged to pay in taxes \$130,455,458. So strictly in terms of fairness, I would think that we would want to be our brother's keeper and not be keeping our hand in our brother's pocket to satisfy our own county. It should be, each taxpayer has to pay in; we should be able to receive an appropriate amount back for our county. That is the impetus.

Mr. MUSTIO. I guess what I see every day in Pittsburgh or Allegheny County is a significant amount of traffic coming down I-79 south towards Pittsburgh from Butler, Crawford, Lawrence Counties, where people go to work, where a lot of these dollars have been requested or spent to either expand business or, in other programs, expand infrastructure to enable developments to take place. So I think it is not necessarily an accurate portrayal of saying that either in Philadelphia and perhaps the surrounding counties there, where a majority may take the train in to work or whatever. So I think there is a lot of investment and reward to the individuals that live in these other counties that will be able to benefit by having a place to work or, when more jobs are added, they are able to go to work there as well.

Mr. PERRY. If I might respond, Mr. Speaker, it would seem to me that maybe if some of that money or more of that money were spent in the other counties, say, north of Allegheny County, maybe so many folks would not be driving down that highway to Allegheny County because there would be revitalization and vitalization happening in their home county, and they would seek employment there.

Mr. MUSTIO. And I think the proper analysis that would be done then would be, analyze how many requests have been made in the past for those counties and how many have been turned down. I would doubt, and I would be surprised, but I think that might be an interesting study to take place, to see how many in those surrounding counties have actually requested the funds. You know, I do not represent that county; you do. So maybe you could tell us how many businesses or economic opportunities in your county have made requests in the past and have been turned down. Then I think maybe you have a valid argument, but if you have not had requests that have been turned down and the money has not been provided because you have been short, then I think that that argument is not worth making.

Mr. PERRY. I mean, I hate to say this, I really do, but it seems to me from the year and a few months that I have been here that it is much more based on politically motivated reasons which counties, which projects receive the money than on efficacy and who requests. I think the requests are made and never even considered, quite honestly. I might be wrong, but I suspect I am not.

Mr. MUSTIO. I do not know, I have not looked specifically at the requests of individual ones that you have made and been turned down on. I can only look at the ones that have affected Allegheny County and myself or other members have requested, and it seems that we as a caucus work together to work to provide opportunities for any part of our county, and I do not know how you work in your county.

But that concludes my interrogation. Thank you.

The SPEAKER. Representative Fairchild.

Mr. FAIRCHILD. Thank you, Mr. Speaker.

Would the maker of the amendment stand for brief interrogation?

The SPEAKER. The gentleman, Representative Perry, indicates he will stand for interrogation. Representative Fairchild, you are in order and may proceed.

Mr. FAIRCHILD. Thank you, Mr. Speaker.

Mr. Speaker, as I understand it, RCAP funds can be used for a variety of mechanisms – projects involving universities; projects, I understand, we were told in caucus, that the RCAP money can be used with the problem we are having with the Federal court decision in the EPA (Environmental Protection Agency) and the Chesapeake Bay problem with our sewer plants. Also, I know in central Pennsylvania, there is a proposed children's hospital, state of the art, in central Pennsylvania.

My question is, your amendment speaks to county level. How does that address a regional need when it may be advantageous or maybe just by happenchance that that sewer plant, hospital, children's hospital, is located in one county that may have a higher population, lower population, but may not be relevant to the whole surrounding community and counties and regions that would depend on that facility?

Mr. PERRY. It strictly allocates the money by county population. That is exactly what it does. I mean, if you look at Union and Snyder Counties, Union County, for instance, received \$3,350,000 in RCAP spending, yet their taxpayers paid \$14 million 79 and change. Snyder County received zero, but their taxpayers paid \$12,679,226. So it does not look at it from a regional approach; however, maybe there is a problem with that. But certainly the current allocation is badly flawed.

Mr. FAIRCHILD. Well, my question was simply, how do you— If you are saying that it does not take into consideration the regional impact of a facility, that is fine, and I accept that as your answer. But I was just curious, because so many of these types of facilities, especially in rural Pennsylvania, depend on a wide area to encompass the needs and take care of the needs, that becomes a little problem, I think.

Thank you, Mr. Speaker. I have completed my interrogation.

The SPEAKER. Does the gentleman wish to speak on the amendment?

Mr. FAIRCHILD. And I have already overstayed my stay there by making a brief statement, so thank you.

The SPEAKER. The gentleman is in order.

Mr. FAIRCHILD. I am finished.

The SPEAKER. Representative Payton.

Mr. PAYTON. Mr. Speaker, I rise in opposition to this amendment for many reasons, but the most important is that it is just as important for our families to have economic security as it is to have national security, and that is just precisely what this does.

This fund provides jobs during construction and family-sustaining jobs postconstruction. So I think we should vote in the negative on this amendment and move forward. Thank you.

The SPEAKER. Is anyone else seeking recognition before the Chair recognizes the prime sponsor of the amendment?

Representative Perry.

Mr. PERRY. Thank you, Mr. Speaker.

Again, I just want to clarify the discussion with Representative Fairchild. It does not stop counties from getting

together, so to speak, and taking the money they would receive towards one joint project, but their allocation would be based on their county populations. If they had to pool both county populations to get the appropriate amount to do that, that is what they would have to do. It would not stop them from regionally working on a project, but the money would be meted out on a per-county basis.

Mr. Speaker, this is simply an issue of fairness. I mean, why is it that the biggest recipient should receive 33.57 percent of the money, which is Philadelphia County? I have nothing against Philadelphia County, but for every percent that they are receiving more than their population is money out of everybody else's pocket. That is just how it works.

If you want to support your own taxpayers, I urge you to vote for this amendment. If you do not want to take the money out of your neighbor's pocket, if you want to be your brother's keeper and do the right thing and use the Golden Rule, this is an appropriate amendment. Why would you want more than you really deserve, especially when you are taking, literally, you are literally taking it from your neighbor? That is exactly what you are doing.

Mr. Speaker, I would ask for an affirmative vote on this amendment just for the sake of fairness. Thank you.

On the question recurring,  
Will the House agree to the amendment?

The **SPEAKER**. The Chair recognizes Representative Clymer on the amendment.

Mr. **CLYMER**. Thank you, Mr. Speaker.

Mr. Speaker, what my amendment does, it amends HB 2231 by reducing the maximum amount of the redevelopment assistance capital project debt that may be outstanding in the bill from \$3.45 billion to \$3.15 billion, a decrease of \$300 million.

Let me put it this way: In the RCAP, in the bill itself, it is \$800 million. What I do is reduce that by \$300 million. So I am saying that the increase is \$500 million and that is how you get the figure of \$3.15 billion.

And I ask for an affirmative vote on this legislation. I think it is reasonable. You have heard the debate prior on the Perry amendment. Certainly, if we are going to enter an era of fiscal responsibility, this certainly is a step in the right direction, and I urge a positive vote.

**BILLS ON THIRD CONSIDERATION**

The House proceeded to third consideration of **HB 2112, PN 4116**, entitled:

An Act amending Title 35 (Health and Safety) of the Pennsylvania Consolidated Statutes, providing for mutual aid.

On the question,  
Will the House agree to the bill on third consideration?  
Bill was agreed to.

(Bill analysis was read.)

The SPEAKER. The question is, shall the bill pass finally?

The Chair recognizes Representative Costa.

Mr. COSTA. Thank you, Mr. Speaker.

This bill started about 3, 4 years ago, working along with Senator Pippy, former Representative Tom Michlovic, myself, the University of Pittsburgh Institute of Politics, and the Veterans Affairs and Emergency Preparedness Committee. We have worked on this. It has actually passed the Senate. We amended it a couple of different ways here in the House. And what it does, it allows local municipalities to help each other out in time of need without having an agreement in writing. This will permit all the ones.

I guess the easiest way to explain this, since my friend, Tony Payton, quoted his favorite singer, Michael Jackson, I would like to quote Bob Marley, that when the rain falls, it does not just fall on one man's home, and when disaster hits, when disaster hits, it does not just hit one municipality, it crosses borders, and this will allow all municipalities to help each other out.

It has been agreed to by anyone who is involved. Even Representative Solobay thinks that it is a good bill, so I would appreciate all voting for it. Thank you.

On the question recurring,  
Shall the bill pass finally?

The SPEAKER. Agreeable to the provisions of the Constitution, the yeas and nays will now be taken.

#### REMARKS SUBMITTED FOR THE RECORD

The SPEAKER. Representative Pallone. For what purpose does the gentleman rise?

Mr. PALLONE. Thank you, Mr. Speaker.

I just have some remarks to submit for the record on HB 2625.

The SPEAKER. The Chair thanks the gentleman. His remarks will be spread upon the record.

Mr. PALLONE. Thank you.

Mr. PALLONE submitted the following remarks for the Legislative Journal:

One of the single biggest impediments to good health is a lack of access to care. However, through a coordinated, cohesive, and concerted effort on the part of public officials, health-care providers, community activists, health advocates, and others, a new approach to community health could facilitate access to care and raise the overall health status of those who are uninsured and underinsured. This legislation basically proposes a program that creates methods to increase access to health care and related services.

HB 2625 provides for a review assessment of health care generally throughout a county or designated catchment area through a community-based health improvement partnership. The assessment will review the demographics of the county and identify community health needs and available services, including the health-care provider community and networks within the county and/or community at large. Once the assessment has been completed, a county-based agency or contract provider will be charged with the responsibility to develop a plan to establish a system for a continuum of health care and related service.

HB 2625 works hand-in-glove with HB 1824 (J. Evans - on tomorrow's calendar) addressing the needs of community clinics and to provide opportunities for improved delivery of health care and related services. The primary components of the review assessment are simple and include, but are not limited to, accountability, prevention, and financial tools.

**Accountability** – The legislation calls for an entity to work with both county government and local county health improvement partners to facilitate access to care and address health-care issues for the uninsured and underinsured. This can be an existing entity, such as a government agency or a large provider or insurer of care, or it could be a new entity, such as a consortium of public and private organizations rallying around a common goal. Regardless of which it is, the first steps toward achieving a goal of raising the resident's overall health status should be to vest responsibility for achieving such a goal in some entity and begin improving access to care.

**Prevention** – Under the bill, each community-based health improvement partner can access the needs of residents in the county and link those needs with providers. One of the best-known and widely accepted tenets of health care is that "an ounce of prevention is worth a pound of cure." The effort to raise the health status of the uninsured and underinsured in a county should be built around this simple but enduring precept, and to do this, the county and its improvement partners should use the following tools:

1. **Outreach** – Identify the underinsured and uninsured that need care and help them get the services they need. The cost of providing basic care, even for those who cannot afford it, is dwarfed by the cost of providing such individuals with hospital care if small medical problems become large ones or if chronic conditions require hospitalization. Reaching out to identify and help the uninsured who need care is far more effective and economical than waiting until their health problems are so great that they require significant care – especially hospitalization.
2. **Chronic condition management** – Studies show that effective management of chronic medical conditions can generate enormous savings. Over the years, numerous organizations have developed effective approaches to dealing with chronic conditions such as diabetes, asthma, sickle-cell disease, HIV, hypertension, chronic obstructive pulmonary disease, heart disease, and others. Such approaches to managing care have been proven to keep people healthier, on the job, and out of hospitals. People can be taught how to manage their medical conditions, and taught when their medical problems do and do not require the services of a hospital emergency room.
3. **Health and wellness education** – Investing in providing information about smoking cessation, the benefits of proper nutrition and exercise, proper prenatal care, and the dangers of alcohol and drug abuse can pay huge dividends by creating a healthier population.
4. **Alternatives to hospital emergency rooms** – Much, if not most, of the non-emergency care that hospital emergency rooms provide can be avoided. If the uninsured or underinsured have an alternative to emergency rooms, like clinics, community health facilities, nurse-managed clinics, county health facilities, Federally qualified health centers (FQHC), or others, and are properly directed to these alternatives, they can use them instead of seeking costly and sometimes inappropriate emergency room services.

Through these means – by identifying the underinsured and uninsured that need care and then truly helping them to manage their own health – it should be possible to raise the health status of this segment of the local population at a very reasonable and affordable cost.

**Financial Tools** – All of these activities listed above cost money, and money is a key factor that will unquestionably drive this undertaking. Various types of resources that already exist in the

community and should be maximized to help fund these activities include:

1. **Medical Assistance** – Ensure that all eligible individuals enroll and that providers that receive additional medical assistance money to care for the uninsured actually use that money for this purpose.
2. **CHIP** – Ensure that all eligible children are enrolled.
3. **adultBasic** – Ensure that all eligible individuals are enrolled.
4. **Community health centers, clinics, and FQHC's** – Publicize the availability of these alternatives to hospital emergency rooms and, if necessary, establish additional non-emergency room sources of primary health care.
5. **Take advantage of State health care reform** – Build on the Governor's new health insurance program, Pennsylvania Access to Basic Care Program, that currently is being considered by the General Assembly. If this is enacted, this could maximize insurance coverage for as many people as possible.
6. **Realign the reimbursement system** – Create a new reimbursement system for care for the underinsured and uninsured that creates financial incentives for health-care providers. Give primary caregivers financial incentives to engage in outreach and provide primary-care services to the underinsured and uninsured and give hospitals financial incentives to serve this population at the primary-care level and keep them out of the hospital.

In summary, the County Access to Community-Based Care and Extended Safety-Net Services Program (County ACCESS) will essentially take an inventory of health-care providers throughout the county to determine what services are available – what they do and do not do – then develop a plan to coordinate services that will provide a continuum of care to the uninsured and the underinsured.

**FUNDING:** To be negotiated in the budget – \$10-\$25 million or about \$2-\$2.5 million for demonstration project in four or five counties.

**SOURCES OF FUNDS:** Could be the Health Care Provider Retention Account or General Fund allocation.

## APPROPRIATIONS COMMITTEE MEETING

#### BILL ON THIRD CONSIDERATION

The House proceeded to third consideration of **HB 1824, PN 4118**, entitled:

An Act establishing the Community-Based Health Care Provider Assistance Program in the Department of Health; setting criteria for eligibility for and authorizing payments to community-based health care providers to assist in providing medically necessary care to Pennsylvanians; providing for powers and duties of the Department of Health; and establishing the Community-Based Health Care Provider Assistance Fund.

On the question,

Will the House agree to the bill on third consideration?

Bill was agreed to.

The SPEAKER. This bill has been considered on three different days and agreed to and is now on final passage.

(Bill analysis was read.)

The SPEAKER. The question is, shall the bill pass finally?

Representative Evans.

Mr. J. EVANS. Thank you, Mr. Speaker.

I am pleased today to rise and ask the members to support HB 1824.

This bill is before us today because people on both sides of the aisle and the administration understand that it is the right and necessary thing to do, and I appreciate the bipartisan support this bill has received.

Although part of the House Republican Health Care Task Force recommendations, this bill has drawn support from across the chamber and across this Commonwealth. It is a measure that offers us the opportunity to direct health-care dollars to the communities and people who need it most, and in an efficient way. Representative Pallone's legislation, which passed just a few minutes ago, HB 2625, also will play a big role in reaching that goal, and I support that wholeheartedly as well.

HB 1824 extends assistance to nonprofit, community-based health-care providers, which primarily serve the underinsured, the uninsured, and users of public health-care programs. It uses a system that is already in place and which works well. We do not have to wait for the creation of a new bureaucracy or for the Federal government to get around to issuing waivers. The bill is designed to encourage creative approaches which address local needs. It is not a one-size-fits-all or top-down approach; it is designed to get services to where they are most needed, increase access, reduce costs, and give people an opportunity to have a medical home.

It is clear that people who have well-established relationships with their health-care professionals are more likely to get preventative care, avoid complications, and not use the emergency room.

In 2006 community health centers, based at more than 174 sites across Pennsylvania, recorded more than 1.7 million encounters, serving almost half a million people, and almost a quarter of those people were uninsured. This bill anticipates that the Commonwealth will provide annual funding to support

health centers located in underserved areas or who assist underserved populations.

Fifty percent would be used to improve existing health centers and support the creation of new locations; 25 percent would go to prenatal, obstetric, postpartum, and newborn care, including the funding of at least two mobile clinics, one rural and one urban, with a focus on taking medical care directly to expectant mothers; and 25 percent would be invested in measures intended to reduce unnecessary emergency room use, such things as extended hours, urgent-care services, and alternative-service arrangements.

After the General Assembly sets the program in place by the approval of this bill, hopefully tonight, it is up to us to step up and provide adequate and predictable funding to meet those needs. Given the size of our State's budget, we can surely identify money to fund this initiative. I initially had proposed spending \$22 million each year, and we ought to be able to show enough political will as part of the annual budget process to allocate at least that amount – less than one-tenth of 1 percent of what the Commonwealth spends – to help our most needy neighbors.

I believe that we can more than make up what we spend on this initiative by using it to generate savings to the system from reducing those unnecessary emergency room visits, addressing pre- and postpartum needs of mothers and their children, and otherwise bringing health care to people when and where they need it.

I urge your support and a "yes" vote for HB 1824. Thank you, Mr. Speaker.

On the question recurring,  
Shall the bill pass finally?

The SPEAKER. Agreeable to the provisions of the Constitution, the yeas and nays will now be taken.

### BILL REREPORTED FROM COMMITTEE

**SB 1297, PN 2232**

By Rep. D. EVANS

An Act amending the act of April 9, 1929 (P.L.343, No.176), known as The Fiscal Code, further providing for the expiration of provisions relating to prudent investments; providing for investment policy, for annual investment report, for segregation of duties and for audit of securities deposited with State Treasurer; in disposition of abandoned and unclaimed property, further providing for judicial action upon determination; and making a related repeal.

#### APPROPRIATIONS.

The SPEAKER. The bill will be placed on the supplemental calendar.

### BILL REREPORTED FROM COMMITTEE

**SB 1412, PN 2285 (Amended)**

By Rep. D. EVANS

An Act amending the act of October 6, 1998 (P.L.705, No.92), known as the Keystone Opportunity Zone, Keystone Opportunity Expansion Zone and Keystone Opportunity Improvement Zone Act, defining "unoccupied parcel"; providing for extensions for unoccupied parcels, for additional keystone opportunity expansion zones, for substitution of parcels outside a subzone and for payments; prohibiting illegal alien labor in zones; and further providing for sales and use tax, for corporate net income tax and for local earned income net profits taxes, local sales and use tax and business privilege taxes.

#### APPROPRIATIONS.

The SPEAKER. The bill will be placed on the active calendar.

The House will be at ease.

The House will come to order.

### HOUSE SCHEDULE

The SPEAKER. The Chair recognizes the majority leader, Representative DeWeese.

Mr. DeWEESE. For the information of the members relative to schedule, we are waiting for the proofreading of one last amendment to the projects bill. Other than that amendment being proofread as we speak and the projects bill hopefully being voted on within a very, very short matter of time, that will conclude our voting session for this evening.

Tomorrow, due to the mechanisms in place pursuant to the handshake last night, we are putting bills in a position to run, and we will caucus at 1 o'clock tomorrow and go into session at 2. I apologize for the several moments where we were waiting. It is a very, very challenging process, as you all know. But I am trying, with the help of our leadership team, to make certain that we do not waste your time. So I would suggest that your constituent phone calls, e-mails, and dictation can be attended to in the morning, caucus at 1, and back on the floor at 2.

We are going to strive mightily to conclude our business Tuesday, Wednesday, Thursday, Thursday into the evening, potentially. That is the optimal, best-case scenario. Naturally, there are other potentials, but I do not see that being a probability.

So I wanted to at least bring you up to date on this evening's schedule, tomorrow's schedule, and hopefully the rest of the week as it appears to us just now. We spent some time with our Senate counterparts around 6:30 or 7 o'clock, and we are all trying to achieve those timeline goals.

Thank you very much, Mr. Speaker.

The SPEAKER. The House will be at ease.

The House will come to order.

### ANNOUNCEMENT BY SPEAKER

The SPEAKER. May I have the attention of the members. The House will come to order.

The Chair is in possession of a Dodge car key that was found somewhere by the post office in the rear of the House. Would you check your pockets and see if this key belongs to you. It will be at the rostrum.

### RULES SUSPENDED

The SPEAKER. The Chair recognizes the majority leader, who moves that rule 21 and rule 30 be suspended for the immediate consideration of HB 1589, PN 3496, and the subsequent amendment A08281 on concurrence.

Once again, the Chair recognizes the majority leader, Representative DeWeese, who moves to suspend the rules for the immediate consideration of HB 1589, PN 3496, on concurrence and subsequently for the consideration of Representative Evans's amendment, A08281. The request would be to suspend rule 30.

On the question,

Will the House agree to the motion?
