SESSION OF 2009

193D OF THE GENERAL ASSEMBLY

No. 24

HOUSE OF REPRESENTATIVES

The House convened at 1 p.m., e.d.t.

THE SPEAKER (KEITH R. McCALL)
PRESIDING

PRAYER

The SPEAKER. The prayer will be offered by Rev. Glen Bayly, who is the guest of Representative Fairchild.

PASTOR GLEN BAYLY, Guest Chaplain of the House of Representatives, offered the following prayer:

Will you join me in prayer.

Our gracious Heavenly Father, we pause at this time to recognize Your presence in our midst, to seek Your blessing and Your wisdom in this session of business. We do ask You to be with us today and guide us that we might know Your presence and know Your will in our lives. We thank You for Your many blessings to us, for this great State that we live in, and our great nation. We are so blessed materially and with the great freedoms that we share. We ask that we might be appreciative of those things and remember Your part in allowing us to be in this place.

Lord, today we would remember those who are in harm's way for our nation in the nations of Iraq and Afghanistan. We ask Your protection over them. We ask that peace might come to those nations in the very near future.

We also ask for Your blessing upon all of our nation's leaders – our President, our Congress – and for this body, we ask a special blessing today. May You be with each member, and may they know Your presence in their lives, may they know the forgiveness of sins and the hope of eternal life that You offer. We pray for their families, we pray for their health, for all of their needs we commit to Your care today, and may they know You as the one who provides for body, soul, and spirit.

And, Lord, we pray for the people of Pennsylvania today. We know these are difficult times, especially with the economy the way it is. We know there are many who are looking for work at this very hour. We ask that You would give them Your peace and that You would provide for each one who seeks to supply for their needs and for the needs of their family, that they would have that provision.

And so we commit the work of this chamber to You today. We ask that all that is said and done might be pleasing in Your sight, that it would bring about good results for the people of the State of Pennsylvania and not harm. We pray all this in Your precious and holy name. Amen.

EVAN CRAIG PRESENTED

The SPEAKER. The Chair recognizes the gentleman from Lackawanna County, Representative Murphy, who will make the following presentation of a citation.

Mr. MURPHY. Thank you, Mr. Speaker.

I am so proud to stand here today to give an accolade to a young man in my home district for earning the highest achievement that can be received for an athletic competition at the high school level.

In March of this year Evan Craig brought home the title for State wrestling champion in the 285-pound heavyweight class. Evan, currently only a junior at Abington Heights, claimed the 2009 title of PIAA Champion for Class AAA in wrestling this year at the State finals. He also leads the State in pins this year as well.

Evan has been training his whole young life for this achievement, since he began his wrestling career at age 5. To date he has placed three times in States in succession, when entering high school, no less. As a freshman in 2007, he placed eighth, then again last year in 2008 he placed second, and now this year he is State champ in the toughest wrestling State in the nation.

Evan is the first State wrestling champion in his school's history, the Abington Heights Comets. He has 1 year left at Abington Heights to claim another State title, and I wish him the best of luck.

Evan's father is seated to the left of the Speaker. He joins Evan today. Please join me in a round of applause for them both.

**GREATER LATROBE SENIOR HIGH SCHOOL
ICE HOCKEY TEAM PRESENTED**

The SPEAKER. The Chair recognizes the gentleman from Westmoreland County, Representative Krieger, for the purpose of presenting a citation.

Mr. KRIEGER. Thank you, Mr. Speaker.

It gives me immense pleasure, along with Representatives Petrarca and Reese, to welcome to the House chamber today the 2009 Class AA Ice Hockey Championship Team, the Greater Latrobe Senior High School Wildcats.

Coming into this season as the defending champions, this year's team had high goals for a repeat performance. I am proud to say they not only met their goal but finished the season undefeated at 26-0 and brought the State championship back to Greater Latrobe. With the Wildcats' repeat performance, the Greater Latrobe Ice Hockey Team became one of only five teams from western Pennsylvania to win consecutive State titles.

Under the expert guidance of their head coach, Dan Ridder, and assistant coaches Geno Ray, Ken Repak, and Greg Smith, the Wildcats were able to find the proper balance of talent, instinct, and heart to turn their dream into a reality.

Legendary football coach Vince Lombardi once said that "The price of success is hard work, dedication to the job at hand, and the determination that whether we win or lose, we have applied the best of ourselves to the task at hand."

By their dedication and hard work, it is obvious that these young men have given all they had in order to accomplish their goal, and in the end, they were successful.

We are extremely proud to honor this team's accomplishments with a House citation.

Mr. REESE. I, too, want to congratulate these outstanding young men for such a tremendous accomplishment.

Legendary coach Vince Lombardi once said, "...any man's finest hour, the greatest fulfillment of all that he holds dear, is the moment when he has worked his heart out in a good cause and lies exhausted on the field of battle – victorious." I know you have now experienced what Coach Lombardi described, but the details of that moment may fade. In years to come, you may forget the date or how much time was on the clock when those winning goals were scored.

Remember, you will only be high school athletes for a short time and then you will travel different roads. Maybe there are great college and professional athletes among you, but I am sure there are also great doctors, businessmen, and educators. Whatever road you travel, please remember to apply the same principles of dedication and teamwork that I am sure you have relied on throughout the season.

So again, congratulations to Latrobe on a job well done, and enjoy the rest of your day in your Capitol.

The SPEAKER. The Chair thanks the gentleman, Representative Reese, and now recognizes the gentleman from Westmoreland, Representative Petrarca.

Mr. PETRARCA. Thank you, Mr. Speaker.

I stood here last year welcoming the Latrobe Ice Cats to the State Capitol in what was their first State championship, and I was very impressed with the season that they had and the performances that they undertook last year. Little did I know that they would be back this year.

It is certainly a fantastic season, and all of us in the Latrobe area are proud of what they did, and I guess we look forward to seeing you here next year for the three-peat.

So with that, I would ask that you join me and my colleagues in giving the Latrobe Ice Cats a warm House welcome here and at the back of the House. Thank you.

The SPEAKER. Will the rest of the team please rise.

The House will come to order.

SPEAKER MICHAEL POLLEY PRESENTED

The SPEAKER. I have the distinct pleasure of introducing to the hall of the House a very special guest. We have a very special guest with us today, who traveled a very long distance to be with us. He is the Speaker of the House from Tasmania, the Tasmania House of Assembly.

I should tell you in conversing with the Speaker that we have a lot in common, both in Tasmania as it relates to Pennsylvania and both he and I personally. He was elected to the House of Assembly at the age of 22 like I was elected to this General Assembly. Although I was elected in 1982, he was elected in 1972 and has served 37 years in the House of Assembly. As such, he is the longest-serving Speaker of the House or of the Parliament in Tasmania. He was the youngest cabinet minister in Tasmanian history, appointed at the age of 27 years old. This is his second term as Speaker. He first served as Speaker in 1989, left the position, and then returned to Speaker in 1998, and has served ever since. He has served as Minister for Welfare, Land, Mines, National Parks and Wildlife. The similarity between Pennsylvania is uncanny; whereas mining,

agriculture, and tourism are their top or primary industries, likewise in Pennsylvania, mining, agriculture, and tourism are the same thing.

The country is governed according to the principles of the Westminster system, a form of parliamentary government based on the model of the United Kingdom. There are three branches of government: the Crown, represented by the Governor of Tasmania, and the two Houses of Parliament, the Tasmanian Legislative Council and the Tasmanian House of Assembly.

It is with great pleasure that I present to you the Speaker of the House of Assembly, Mike Polley. Mike.

Mr. POLLEY. Thank you. Thank you very much for that warm welcome.

Mr. Speaker, the only thing I can advise you to do when you have served 37 years, as I have done in the House – I face my 12th election for a 4-year term in March of next year – when I was first elected in '72, I used the slogan "Tasmania Needs Youth." Now at 59 my slogan is "Tasmania Needs Experience."

And what I do want to say today – and it is particularly an honor for me to be asked to address this chamber of Pennsylvania. Most of you probably would not realize that the Australian Constitution was modeled on the American Constitution, and in fact, there was an American who was one of our founding fathers in 1901. In 1901 we federated the States of Australia into one country to make Australia. His name was King O'Malley, and he came, of course, from Kansas. He was born in Kansas. He stood for the Federal Parliament, would become one of the founding fathers and an architect, of course, of our Constitution, and that is why the Constitution of Australia is so similar to yours, and it stood as well now for the last 108 years.

But the other reason why I am particularly pleased to be addressing you today as a visitor from Australia is to say, on behalf of the Australian nation, a big thank-you not only to the State of Pennsylvania but also to America for its great, close alliance with Australia. Australia has had a close alliance since the Second World War when we turned to the United States of America when we ourselves were under attack, of course, as you were at Pearl Harbor. And by coming together, and particularly with the support and leadership of a great American by the name of Gen. Douglas MacArthur, we were able to protect our nation of Australia and eventually, of course, triumph as far as freedom was concerned and the protection of our way of life because of the American people.

A large number of Pennsylvanian young men and women perished in that war, as they have done since that war, and it so happens that this coming Saturday, when I return to Australia, it is the national Day of Mourning, when we remember all the fallen that defended our democracy since the birth of our nation, into the federation in 1901, and before that when we were an English colony. We will have memorial services throughout our land, and in that, we will commemorate, as we do every year led by those people who represent your country – your Ambassador and your consul generals – across Australia in that memorial day when we will remember those fighting men and women who perished in our defense. That is why, since the Second World War, Australia has become very close to the United States of America regardless of who happens to be occupying the White House. We have had that ongoing, strong relationship, and at this time we are in Afghanistan and Iraq as we were in Vietnam and Korea.

And the other thing I just want to say, in conclusion, is this: every time I meet an American, including here today, people say to me, is there a Tasmanian devil? Well, I can confirm to you, there is a Tasmanian devil. There has always been a Tasmanian devil. It is a very vicious animal. It is roughly about that long and about that high, and it is a scavenger, and it is something that everybody seems to know Tasmania by, which is one of the smallest States of the federation of Australia.

The other thing, in conclusion, I just want to say, may God bless Pennsylvania, may God bless America, and thank you very much.

COMMEMORATIVE GAVEL PRESENTED

The SPEAKER. The Chair thanks the Speaker and would like to offer a small token of his appreciation, a ceremonial gavel that we would like you to take back to the people of Tasmania. We certainly do appreciate the alliance between both Australia and the United States. It is long and continuing, and I am sure will continue well into our history, but this is just a small token of our appreciation.

And we could thank, I guess, Looney Tunes and Bugs Bunny for giving us the story of the Tasmanian devil, but that is how our history with the Tasmanian devil, I think with all of our members, and the knowledge of that scavenger came to be.

GUEST INTRODUCED

The SPEAKER. To the left of the Speaker, the Chair welcomes Dr. Vincent Bellwoar, director of Springfield Psychological Associates and treasurer of the Pennsylvania Psychological Association. He is the guest of Representative Duane Milne. Will the guest please rise. Welcome to the hall of the House.

The Chair thanks the General Assembly for their patience this morning.

Mr. ROEBUCK called up **HR 228, PN 1491**, entitled:

A Resolution honoring the life of Drexel University President Constantine Papadakis and expressing condolences upon his death on April 5, 2009, as the result of complications from lung cancer.

On the question,
Will the House adopt the resolution?

The SPEAKER. On that question, the Chair recognizes the gentleman from Philadelphia, Representative Roebuck.

Mr. ROEBUCK. Thank you, Mr. Speaker.

I just wanted to make some very brief remarks in reference to this resolution. I want to, in doing this, recognize the very dynamic and energetic leadership of Constantine Papadakis, who served as president of Drexel University from the middle 1990s.

Taki, as he was called, took Drexel from a point of mere collapse and brought it to a high level of excellence. Under his leadership, the enrollment of the university expanded. The university embarked upon major construction projects. He added to the university a new medical school, he added to the university a new law school, and he also expanded the university beyond the Commonwealth by creating a Drexel campus in California.

He was an outgoing, warm individual who made you really feel that he cared about you. He was the kind of person who engaged you, who had the energy and the commitment to put together the necessary resources to do great things, and I think that under his leadership you saw much more of Drexel leadership and presence here in Harrisburg. He was a frequent visitor to the Capitol. He positioned the university in many of the dialogues about education in the Commonwealth.

He was a man of vision. If I might paraphrase the poet who said, some men see things as they are and ask why? Taki dreamed of things that never were and asked, why not?

He will be greatly missed. Certainly, I will miss his friendship and his leadership, and I would ask that this body might commemorate his excellent life by adopting this resolution.

Thank you, Mr. Speaker.

The SPEAKER. The Chair thanks the gentleman.

The Chair recognizes the gentleman from Delaware County, Representative Civera.

Mr. CIVERA. Thank you, Mr. Speaker.

I rise today to ask the members of this chamber to support this resolution.

But the comments that I would like to make on Dr. Papadakis are: I have known him since 1996 when he first came into the Philadelphia area to take on an institution that was, basically, slowly dying. Drexel University had its problems, and the board of directors of that university went out and tried to seek a person that could bring back that university. Dr. Papadakis was that gentleman. He was a gentleman that had future ideas for that university, but future ideas for higher education in Pennsylvania. His charge was, basically, at that point in time in his life, to put Drexel University back on its feet. Not only did he succeed in that, he devised a medical school, a law school, and he doubled or tripled the enrollment within 11 years of his stay there.

Dr. Papadakis came from out of New York. He was a gentleman that Pennsylvanians will miss. He was a gentleman that mastered the higher education of not only this State but this country.

We should, all of us, take a page out of his book for his dedication, his belief, not only in his fellow man but his family. He will be one person that will be highly missed, and I would hope that we, and I am sure we all will, adopt this resolution. Thank you, Mr. Speaker.

The SPEAKER. The Chair thanks the gentleman.

Amend Bill, page 2, line 21, by striking out the bracket before "ten]"
Amend Bill, page 2, line 21, by striking out "]" twenty-four"

On the question,
Will the House agree to the amendment?

The **SPEAKER**. On the question, the Chair recognizes the gentleman from Crawford County, Representative Roae.

Mr. **ROAE**. Thank you, Mr. Speaker.

My amendment is real simple. Currently you need 10 hours of continuing education for every 2-year period. The bill would make it 24 hours. My amendment simply keeps it at the current 10 hours that is required by the law now.

I just feel, with the state of our economy, with all the challenges facing business owners, with all the tough economic situations we are in, to ask these people to spend a lot more time on continuing education is going to take away from their businesses.

Landscape architecture is not a real major thing. It is not like bridge engineering or dam engineering or anything like that where you need a lot of con ed, so I would ask the members to support my amendment, please.

The **SPEAKER**. On the question, the Chair recognizes the majority leader, Representative Eachus.

Mr. **EACHUS**. Thank you, Mr. Speaker.

I rise to oppose this amendment. I just wanted the members to know. Thank you.

The **SPEAKER**. The question recurs, will the House adopt the amendment?

On the question, the Chair recognizes the gentleman from Philadelphia, Representative McGeehan.

Mr. **McGEEHAN**. Thank you very much, Mr. Speaker.

Mr. Speaker, while I have great respect for the author of this amendment, I would ask the members on both sides of the aisle to oppose it.

The language of this bill and the language that Representative Roae wants to strip out of the bill is vitally important to the landscape architects. It would bring us in line with our sister States of New Jersey, New York, and Ohio and allow landscape architects to have a reciprocal license with these individuals.

In fact, Mr. Speaker, the landscape architects themselves have asked for the change in this language, and what this amendment would do is radically alter those changes that the professionals themselves have requested.

So I would ask for a negative vote on the amendment.

On the question recurring,
Will the House agree to the amendment?
