SESSION OF 2013

197TH OF THE GENERAL ASSEMBLY

No. 21

### HOUSE OF REPRESENTATIVES

The House convened at 1 p.m., e.d.t.

**THE SPEAKER (SAMUEL H. SMITH)  
PRESIDING**

#### PRAYER

The SPEAKER. Today the prayer will be offered by State Police Chaplain Roger Myers.

CHAPLAIN ROGER K. MYERS, Guest Chaplain of the House of Representatives, offered the following prayer:

Let us pray:

Almighty God and gracious Father, we thank You for this day that You have given to us. It is a day of life and opportunity, and I pray that all of us might use this day well. Father, Your Word tells us, and our Founding Fathers clearly understood, that You are the one who establishes and removes nations, and so I ask that You would grant us Your mercy and protection.

I especially pray for this assembled body of men and women who have been chosen by the citizens of their respective districts to represent them and to carry on the business of the Commonwealth. Grant Your blessing upon all of these who serve. I ask that You would give them wisdom and discernment as they debate and decide the issues before them. May they uphold the principles of truth, liberty, and justice, and may their efforts result in benefit to all of our citizens.

Father, I also pray for the members of the Pennsylvania State Police, and especially for the family and friends of Trooper Blake T. Coble, who gave his life in service to the citizens of Pennsylvania last October 4. All of us are humbled to realize that there are those among us who place their lives in mortal danger each day so that we, the citizens of this land, might live in peace.

Father, I ask that You would bless and protect all the members of the State Police as they perform their work. Grant them courage and wisdom, and make them effective as they stand against the forces of evil, which if left unchecked would soon overwhelm and destroy us all. Father, I ask that You would comfort the Coble family and the loved ones of all those who have made that ultimate sacrifice so that we might continue to live in peace.

I am reminded of the Scripture that says that unless the Lord builds the house, they who labor, labor in vain. Unless the Lord guards the city, they who watch, watch in vain.

May all of us look to You to be the one who guards and builds and protects this Commonwealth for Your glory and for the good of all its citizens. Thank You, gracious Lord, for hearing our prayer and for granting us Your blessing and Your peace. Amen.

Welcome to the hall of the House.

### STATEMENT BY MR. SAINATO

The SPEAKER. Is the gentleman from Lawrence County, Mr. Sainato, seeking recognition under unanimous consent relative to his guests?

The gentleman is in order and may proceed.

Mr. SAINATO. Thank you, Mr. Speaker.

It is truly an honor and a privilege to have these gentlemen here on the House floor today. For those who had an opportunity at noon, they performed in the Capitol Main Rotunda, and the sound that they gave was simply amazing, with the acoustics of our Capitol really showing how great they are. They are one of the finest singing groups that we have.

The Eintracht Singing Society is an all-male choir that practices a form of Saxon hospitality. Founded in 1894 from a love for German culture and singing, the Eintracht Singing Society of New Castle is one of the oldest Transylvania Saxon Societies in the United States. Based on clubs and societies in their homeland, the original choir was composed of immigrants from Saxony and Transylvania.

Today the Eintracht Singing Society serves as a meeting place where cherished Saxon and German traditions survive. Their bilingual repertoire contains both German/Saxon folk songs and English songs performed in a cappella style. The group is comprised of 28 active singers, some of whom have been singing for over 50 years. In fact, current members have a combined 816 years of singing experience with the New Castle Eintracht Maennerchor.

I would like to thank them for coming to Harrisburg today to perform for us. I thank you, Mr. Speaker, for allowing them to come on the House floor, and I look forward to hearing their great sound and music for many years in the Lawrence County area.

Thank you, Mr. Speaker.

The SPEAKER. The Speaker thanks the gentleman.

### BENSALEM TOWNSHIP HIGH SCHOOL BOYS TRACK AND FIELD TEAM PRESENTED

The SPEAKER. I would like to invite the gentleman from Bucks County, Mr. DiGirolamo, to the rostrum for the purpose of presenting a citation to the Bensalem Township High School Track and Field Team.

Mr. DiGIROLAMO. Good afternoon, everyone.

I have a distinct pleasure and honor this afternoon. For those of you who do not know, Bensalem Township is presently about 95 percent of my legislative district. If the new reapportionment plan goes into effect, it will be my whole district. So my district is one township, Bensalem Township.

Last year, with Money magazine, Bensalem Township was voted one of the "100 Best Places to Live" in the United States of America. We are very, very proud of Bensalem Township. And part of the reason that we are one of the "100 Best Places to Live" in the United States of America is because of our school district. And today I have the honor, again, and pleasure of introducing to you the 2013 Boys Indoor Track State Champions from Bensalem Township.

In back of me, I would like to introduce the people who are with me. First is Brad Rivera. Brad, raise your hand. Brad is the 800-meter State champion. And also with him are Matt French and Kyle Francis, who were part of the 4 x 800 team State champions. And with them also is a member of the school board, Brad's mother, Kim Rivera; and also, the coach of the Bensalem Boys Track Team, Mary Ellen Malloy. And seated in

the back, I would like the rest of the team and the members who have traveled to stand up. Thank you. Thank you.

In the back we have Ralph Douglass, who is chairman of the school board; Val Ridge, who is the athletic director; Kerron Holley; Tarif Walker; Hamzah Massaquoi; Daquan Bowser-Guerra; Jahleel Weems, Pratik Patel; Alex Ramirez; and also an assistant coach, Marcus Bradshaw. So again, congratulations to the team and the coaches and the school district. And I have a citation I would like to present to Kim Rivera for the school board. Kim.

And also, another personal honor. This is a person who I have known for over 30 years. She is the coach, Mary Ellen Malloy. She was also named State Coach of the Year, Indoor Track in the State of Pennsylvania. Why do we not give Mary Ellen and the team another round of applause and congratulations.

The SPEAKER. The Speaker thanks the gentleman.

The House will be at ease for a moment.

The House will come to order.

If I could ask the members to kindly take their seats. Members will please clear the aisles and take their seats. If members would kindly take their seats, I would like to recognize one other guest that is with us prior to calling up a condolence resolution.

#### RESOLUTION PURSUANT TO RULE 35

Mr. MARSHALL called up **HR 189, PN 1265**, entitled:

A Resolution honoring the life and expressing condolences upon the passing of Trooper First Class Blake T. Coble, a member of the Pennsylvania State Police who was tragically killed in the line of duty on October 4, 2012.

On the question,  
Will the House adopt the resolution?

The SPEAKER. On that question, the Speaker recognizes the gentleman from Beaver County, Mr. Marshall.

Mr. MARSHALL. Thank you, Mr. Speaker.

It is with respect and sadness that I rise to honor Trooper First Class Blake T. Coble, a Pennsylvania State Police officer and resident of South Beaver Township, who lost his life in the line of duty at the age of 47 on October 4, 2012.

Trooper Coble was a member of the Pennsylvania State Police for more than 24 years and had been attached to the Brighton Township barracks. Blake was just 3 months from

retirement when the police cruiser he was driving was struck by a tractor-trailer.

GUESTS INTRODUCED

Mr. MARSHALL. In addition to being a dedicated police officer and avowed community steward, Trooper Coble was a beloved family member. Today I would like you to join me in welcoming his parents, Tom and Judy Coble; Brenda Coble, his wife; Jimmy and Savannah, his son and daughter; as well as Col. Frank Noonan, who are all seated to the left of the Speaker.

In addition to his immediate family, other family members, friends, and colleagues have joined us today and are seated in the back of the House.

Trooper First Class Blake T. Coble truly exemplified the best qualities of the human experience, and he will forever be remembered. As we take a moment here today to honor Blake's memory, I am personally thankful for the men and women who share in the sense of community by becoming police officers. They put their lives on the line to protect us, and for that we are all grateful.

Mr. Speaker, I ask that members join with Blake's family, friends, and colleagues here today in honoring the memory of this fine trooper and collectively passing HR 189. Thank you.

The SPEAKER. The question is, will the House adopt the resolution?

Members and all guests will please rise as a sign of respect to a fallen trooper and in prayer for the family, friends, and colleagues.

(Whereupon, the members of the House and all visitors stood in a moment of silence in solemn respect to the memory of Trooper First Class Blake T. Coble.)

On the question recurring,  
Will the House adopt the resolution?

## STATEMENT BY MR. ROEBUCK

The SPEAKER. Is the gentleman from Philadelphia, Mr. Roebuck, seeking recognition under unanimous consent relative to one of the resolutions just adopted? The gentleman is in order under unanimous consent.

Mr. ROEBUCK. Thank you, Mr. Speaker.

Mr. Speaker, April is National Community College Month, and we have been joined today by students and their families from our 14 community colleges. These students that are with us today are members of the 2013 All-Pennsylvania Academic Team. Representative Clymer and I are sharing in the introduction of these students because of our chairmanship of the House Education Committee.

Many of the students that are with us today are pursuing 4-year degrees and are planning to attend State System universities, while others will transfer to private universities and colleges or enter the workforce.

This year's all-academic team students have plans to enter any number of different fields, from social work to criminal justice to psychology, medicine, law research, communication, business, and perhaps the most important career that anyone can choose, education.

These students signify the importance of community college in the higher education system of the Commonwealth, and they represent the strength and diversity of our community colleges. The students here today come with a long list not only of academic achievement but also in terms of their commitment to their communities and their extensive volunteer and community service.

And, Mr. Speaker, if it is in order, I would like to pass the microphone to Chairman Clymer, who also has remarks on the Community College Month. Thank you, Mr. Speaker.

The SPEAKER. The Speaker thanks the gentleman.

## STATEMENT BY MR. CLYMER

The SPEAKER. The Speaker recognizes the gentleman from Bucks County, Mr. Clymer, under unanimous consent.

Mr. CLYMER. Thank you, Mr. Speaker.

As has been just mentioned, the academic team represents but a few of the best and brightest of our community college students. Each year they come to Harrisburg to receive this special recognition from the Pennsylvania Commission for Community Colleges and from Phi Theta Kappa, the international honor society for 2-year colleges.

These students are selected by their colleges for their academic achievement as well as leadership and service to others. The students also compete at the national level as part of the All-USA Academic Team, which is sponsored by Coca-Cola and featured in the USA Today. Among this year's 45-member all-academic team are Pennsylvania's New Century Scholar, Jonathan Webster, of Bucks County Community College, and four other Coca-Cola scholars.

I am honored to be part of this day and to recognize the accomplishments of community college students. Please join me in welcoming this 2013 All-Pennsylvania Academic Team. They have already been introduced. You have already acknowledged them, and I thank you very much.

Just a footnote: We are very proud here in the Bucks County delegation that Jonathan Webster is Pennsylvania's New Century Scholar. We take pride in that, but we certainly appreciate the good work of all of these scholars.

Thank you, Mr. Speaker.

The SPEAKER. The Speaker thanks the gentleman.

### STATEMENT BY MR. THOMAS

The SPEAKER. The Speaker recognizes the gentleman from Philadelphia County, Mr. Thomas, under unanimous consent relative to one of the resolutions just adopted.

Mr. THOMAS. Thank you, Mr. Speaker.

Mr. Speaker, I rise to thank my colleagues and former State Representative George Kenney for all of their support on HR 211.

In the fall of 1862, Dr. John Hugh McQuillen resigned his position as chairman of operative dentistry and physiology at the Pennsylvania College of Dental Surgery, and recognizing a need for more degreed dentists, he began preparations for a second dental school in Philadelphia.

His vision and work resulted in the Pennsylvania General Assembly passing, and Gov. Andrew Curtin signing on April 18, 1863, legislation to create the Philadelphia Dental College. The new dental college began operations on November 1, 1863, with a class of 11 students enrolled, and Dr. McQuillen served as dean. Over the years the school grew and evolved, becoming Temple University School of Dentistry in 1913 and being renamed in 2007 in honor of Maurice Kornberg, a 1921 graduate of Temple Dental School.

With this resolution, we recognize the pioneering vision of Dr. McQuillen and the contribution the dental school has made not only in advancing the field of dentistry but in educating dentists from around the world and touching millions of lives both in Pennsylvania and abroad.

And more recently, the Commonwealth of Pennsylvania, in partnership with the Kornberg School of Dentistry and a major health-care provider, has made a commitment to make sure that all children between 1 and 3 years of age will have access to quality dental services. It is this public-private partnership that is going to make sure that children in need of dental services between 1 and 3 will be able to get those services.

And so I stand to thank my colleagues, thank the Kornberg School of Dentistry, and thank you, Mr. Speaker, for joining in support of HR 211. Thank you.

The SPEAKER. The Speaker thanks the gentleman.

Titles 3 (Agriculture) and

Amend Bill, page 1, line 2, by inserting after "Statutes,"  
in domestic animals, further providing for definitions and for keeping  
and handling of domestic animals; and, in preliminary provisions  
relating to game,

Amend Bill, page 1, lines 6 and 7, by striking out all of said lines  
and inserting

Section 1. The definition of "domestic animal" in section 2303  
of Title 3 of the Pennsylvania Consolidated Statutes is amended to  
read:

## § 2303. Definitions.

The following words and phrases when used in this chapter shall have the meanings given to them in this section unless the context clearly indicates otherwise:

\* \* \*

"Domestic animal." An animal maintained in captivity. The term also includes the germ plasm, embryos and fertile ova of such animals. The term also includes any species or variation of swine, pig or boar held in captivity.

\* \* \*

Section 2. Section 2305 of Title 3 is amended to read:  
§ 2305. Keeping and handling of domestic animals.

(a) General rule.—The department shall have authority to regulate the keeping and handling of domestic animals to exclude or contain dangerous transmissible diseases and hazardous substances and to protect the environment, including the authority to require the establishment of an agricultural biosecurity area and that all such agricultural biosecurity areas so established be clearly and conspicuously posted. The department may develop a regulation to govern the form and content of posted notice to identify an agricultural biosecurity area.

(b) Sterilization of boars.—No person may keep or handle a domestic male pig for the purpose of recreational harvesting unless the pig has been rendered sterile.

(c) Construction.—Nothing in this section shall be construed to authorize the department to require vaccination of any animal to prevent or control rabies whenever that animal is exempt from vaccination under the act of December 15, 1986 (P.L.1610, No.181), known as the Rabies Prevention and Control in Domestic Animals and Wildlife Act.

Section 3. The definition of "wild animals" in Title 34 is amended to read:

Amend Bill, page 2, line 2, by striking out "2" and inserting

On the question,  
Will the House agree to the amendment?

The SPEAKER. On that question, the Speaker recognizes the gentleman from Cambria County, Mr. Haluska.

Mr. HALUSKA. Thank you, Mr. Speaker.

Mr. Speaker, anybody that owns property in Pennsylvania should pay attention to this amendment. What this amendment does, it puts a little insurance. The bill basically is going to transfer the oversight of wild boar to the Agriculture Department from the Game Commission. Unfortunately, if you look at the Southern States, the problem that they have had with wild boar, if they do get outside of captivity, they proliferate, and there is just no stopping them once they get out of these fences.

So this amendment is a very simple amendment that asks that if they are raised for hunting and they are wild boars, that they be neutered before they go to these game farms, which we have approximately 20 across the State that people do come and hunt wild boar. We do not want to put them out of business, and that is not the intent of this amendment. The intent is it is a safety precaution for us. If these feral hogs get out from under the fence in game farms – which has happened in a neighboring district of mine, when Big Mike's game farm left some out – they start to multiply very quickly, and they can do tremendous damage to the environment, whether it is your backyard or whether it is State forest or whether it is farm fields.

So what this amendment does, it basically says and it puts it in statute – because it is not an Executive order; it is a statute, because if it is in statute, then there is a fine that can go along

with it. As far as an Executive order, I do not think that they can back it up with any kind of fines if they do not comply.

So what the amendment does is just simply states that if these wild boars are transferred to game farms for the specific reason for hunting purposes, that the males have to be neutered, and I would appreciate an affirmative vote.

The SPEAKER. The question is, will the House agree to the amendment?

On that question, the Speaker recognizes the gentleman from Tioga County, Mr. Baker.

Mr. BAKER. Thank you very much, Mr. Speaker.

Mr. Speaker, I understand what the gentleman is trying to do, and perhaps at another point in time we could do an ag bill that addresses some of the issues that he is concerned about, but I rise to oppose this amendment.

What this amendment does is it seeks to amend the definition of "domestic animal" in the Agriculture Code to clarify that all swine, pigs, boars, etc., held in captivity are considered domestic animals.

The amendment also seeks to add a new section in the law, in the Agriculture Code, to require the sterilization of all male pigs used for recreational harvesting.

The amendment to the definition of the "domestic animal" is redundant, as all animals maintained in captivity are already considered domestic. The sterilization of boars is already required under a Department of Agriculture order that went into effect in 2010.

The bill and the amendment deal with two separate and distinct subjects. The amendment deals with domestic animals under the Agriculture Code, while the bill deals with wild animals under the Game Code. So there is a question as to whether the amendment is even germane to the bill, notwithstanding raising potential single-subject constitutional issues, which I will not raise.

Suffice it to say, Mr. Speaker, I ask my colleagues to please oppose this amendment.

The SPEAKER. The question is, will the House agree to the amendment?

On that question, the Speaker recognizes the gentleman from McKean County, Mr. Causer.

Mr. CAUSER. Thank you, Mr. Speaker.

Mr. Speaker, I also rise in opposition to the Haluska amendment. I understand what the chairman is attempting to accomplish with this amendment. However, in consultation with the Department of Agriculture, it appears to me as though the amendment is unnecessary because it seeks to change the current definition of "domestic animal," which already covers boar. It also relates to the sterilization of boars, and that is also unnecessary, because there is a current quarantine order in place by the Department of Agriculture that has been in place since 2009, which requires these animals to be sterilized.

Mr. Speaker, this amendment is unnecessary. We do need to move forward with the legislation.

It is important to point out – and we had a lot of questions from members in caucus about this particular bill – what we are really seeking to accomplish is to take the Game Commission out of regulating those wild boars on hunting preserves, and when those boars become wild and they are out in the wild, the Game Commission certainly can regulate them and those animals can be eradicated.

So I think that the legislation is necessary and needed, but the Haluska amendment is certainly not needed. The underlying

bill is supported by the Department of Agriculture and the Governor's Office, and I would suggest that maybe we consider, if the gentleman wants to consider further legislation, we could consider an agriculture bill to make additional changes, but at this point I would oppose the amendment.

Thank you, Mr. Speaker.

The SPEAKER. May I ask the members to kindly hold the conversations down. It is getting a little hard to hear the members speaking on the floor. I would appreciate if the members would take their conversations to the rear of the House.

The question is, will the House agree to the amendment?

On that question, the Speaker recognizes the gentleman from Clinton County, Mr. Hanna.

Mr. HANNA. Thank you, Mr. Speaker.

Mr. Speaker, I rise in support of the Haluska amendment. Mr. Speaker, I think it is important that we start from what we all agree on, and that is that we have seen what can happen when States fail to properly regulate the spread of pigs or boars: property is destroyed, crops are destroyed, land is destroyed. These animals are extremely destructive.

Now, understand that there is not a major disagreement between the prime sponsor of the bill and the prime sponsor of the amendment. They want these animals regulated. They do not want them destroying property throughout the State, and they are very, very destructive. So there is no real disagreement that they need to be regulated. The difference is that under the argument put forth by the prime sponsor of the bill, they would be regulated by a Department of Agriculture order. That is not law. That is simply regulation. That is something that could change with any future Secretary of Agriculture. What the prime sponsor of the amendment chooses to do is to put into law that the Department of Agriculture will take care of regulating these boars and making sure that they do not become widespread throughout Pennsylvania and destructive to all our property.

I urge a favorable vote because I believe we need to put it in law that the Department of Agriculture has to properly regulate these animals. So, Mr. Speaker, I urge a "yes" vote on the Haluska amendment. If you want to protect your property owners in your region, you will be sure to vote "yes" on the Haluska amendment.

Thank you, Mr. Speaker.

The SPEAKER. The question is, will the House agree to the amendment?

On that question, the Speaker recognizes the gentleman from Cambria County, Mr. Haluska, for the second time.

Mr. HALUSKA. Thank you, Mr. Speaker.

Mr. Speaker, I just want to make sure everybody understands, once Pandora's box is open, there is no going back. The U.S. Department of Agriculture reported there are over 4 million wild pigs in about 45 States. The damage to agriculture crops and the environment is approximately \$1.5 billion each year. There are a lot of States that probably wish they had the opportunity that we have today to stem this before it really gets out of control. If we do not put this amendment in today, in a year or two from now when we have feral hogs running around here causing all kinds of damage, you can say to yourself, "I had a chance to stop it, but I figured that I did not want to put it in statute so that it would be enforced."

I would appreciate an affirmative vote.

The SPEAKER. The question is, will the House agree to the amendment?

Is the gentleman from York County, Mr. Saylor, seeking recognition on the amendment? The gentleman is in order on the amendment.

Mr. SAYLOR. Mr. Speaker, I think the chairman of the Fish and Game Committee has made it very clear how this is handled, and I would ask that the members of the House vote "no" on this amendment. Thank you.

On the question recurring,

Will the House agree to the amendment?

Less than the majority having voted in the affirmative, the question was determined in the negative and the amendment was not agreed to.

On the question recurring,  
Will the House agree to the bill on second consideration?  
Bill was agreed to.

\* \* \*

The House proceeded to second consideration of **HB 403, PN 1124**, entitled:

An Act amending the act of December 5, 1936 (2nd Sp.Sess., 1937 P.L.2897, No.1), known as the Unemployment Compensation Law, further providing for records of and reports by employers, for certain agreements void and penalty, for false statements and representations to obtain or increase compensation, for false statements and representations to prevent or reduce compensation and other offenses and for violation of act and rules and regulations.

On the question,  
Will the House agree to the bill on second consideration?

Mr. **STEPHENS** offered the following amendment No. **A00572**:

Amend Bill, page 1, line 16, by inserting after "EMPLOYERS," for ineligibility of incarcerated employee,  
Amend Bill, page 3, by inserting between lines 29 and 30 Section 1.1. Section 402.6 of the act, amended December 9, 2002 (P.L.1330, No.156), is amended to read:  
Section 402.6. Ineligibility of Incarcerated Employee.—(a) An employe shall not be eligible for payment of unemployment compensation benefits for any weeks of unemployment during which the employe is incarcerated after a conviction.  
(b) The department shall utilize any reasonable means determined necessary by the secretary to identify and prevent the payment of benefits to incarcerated individuals who are disqualified under this section. At a minimum, the means shall include a cross-check of county prison inmate records with records kept by the department of current benefit recipients. An expense incurred under this subsection is hereby declared to be an administrative expense to be paid from the Administrative Fund.

On the question,  
Will the House agree to the amendment?

The SPEAKER. On that question, the Speaker recognizes the gentleman from Montgomery County, Mr. Stephens.

Mr. STEPHENS. Thank you, Mr. Speaker.

Mr. Speaker, this amendment is very simple. As a matter of fact, this administration is already doing exactly what this amendment calls for it to continue doing and also would require future administrations to do.

And it is very simple. It simply prevents inmates who are in prison from collecting unemployment benefits, and I would urge the members to vote affirmatively for this amendment.

Thank you, Mr. Speaker.

The SPEAKER. The question is, will the House agree to the amendment?

On that question, the Speaker recognizes the gentleman from York County, Mr. Grove, on the amendment.

Mr. GROVE. Thank you, Mr. Speaker.

I stand in support of amendment A00572 as it will add additional protections to ensure those who are trying to commit willful fraud will not be entering into our unemployment system.

Thank you, Mr. Speaker, and I appreciate the gentleman's amendment.

On the question,

Will the House agree to the amendment?

The SPEAKER. On that question, the Speaker recognizes the gentleman from Washington County, Mr. Neuman.

Mr. NEUMAN. Thank you, Mr. Speaker.

At a time when we have seen a lot of pay-to-play action in Pennsylvania and people being brought to justice, this will allow for full transparency when people are applying for State contracts in their contributions that are made to members in this body, in all State government, and local government. So this is a good-government, good-transparency amendment, and I hope that the members can support it. Thank you.

The SPEAKER. The question is, will the House agree to the amendment?

On that question, the Speaker recognizes the lady from Montgomery County, Ms. Harper.

Ms. HARPER. Thank you, Mr. Speaker.

Would the maker of the amendment stand for brief interrogation?

The SPEAKER. The gentleman indicates he will stand for interrogation. You may proceed.

Ms. HARPER. My question to the gentleman is – I am trying to find the amendment here; sorry – does this ban all political contributions or does this require reporting of all political contributions whether at the Commonwealth level or not?

Mr. NEUMAN. This is not the ban amendment. This is the amendment, the reporting amendment of all contributions to elected officials.

Ms. HARPER. Okay. So if a member of a 100-member law firm gave 25 bucks to their local township supervisor, no one in the law firm could do any work for the Commonwealth of Pennsylvania. Is that it?

Mr. NEUMAN. No, that is not it at all.

Ms. HARPER. Well, how would that work?

Mr. NEUMAN. They would have to disclose their contribution.

Ms. HARPER. And does this amendment also include a definition of "family" that includes brothers and sisters?

Mr. NEUMAN. If the brother or sister is going to have a contract with a government entity, yes.

Ms. HARPER. I think the gentleman misunderstood my question, and I am working from your older amendment so maybe I do not have the right one in front of me. The issue was if "immediate family" includes brothers and sisters, and if a member of that 100-member law firm is required to report all political contributions from any partner or any partner's brothers or sisters at any level. Is that what your amendment requires?

Mr. NEUMAN. The requirements are only if they are going to have a contract with the State. It is not a disclosure altogether of familial relationships.

Ms. HARPER. No; I am sorry. I think you misunderstood my question. The way you have written the amendment with the definition of "immediate family" and the definition of "contribution," it appears that the definition of "contribution" would take in contributions that are completely irrelevant to whatever job or work you are trying to get from the Commonwealth of Pennsylvania.

Mr. NEUMAN. Your question specifically, the definition of "immediate family" reads as is, "A parent, spouse, child, brother or sister." So that would include your immediate family; yes.

Ms. HARPER. Right. So in a 100-member law firm, the contributions of the brothers and sisters of all of the partners, be they 50 or 70 or however many there are, would at whatever level, in whatever amount, would need to be disclosed any time you wanted to work for the Commonwealth?

Mr. NEUMAN. If you want to work for the Commonwealth and you are making a contribution to an elected official, yes, it needs to be disclosed.

Ms. HARPER. Thank you.

On the amendment, Mr. Speaker.

The SPEAKER. The lady is in order on the amendment.

Ms. HARPER. I certainly appreciate what the gentleman is trying to do. However, the way he has written his amendment goes far and beyond what he is trying to do and gets into a situation that will merely be a trap for the unwary. Someday someone who is a member of a 100-person law firm will have a brother or sister who makes a contribution to his local township supervisor not even knowing that the partner is a partner of somebody else in the law firm who wants to do work for the Commonwealth.

The gentleman has a good idea. Had he drafted his idea more narrowly and more stringently to try to avoid pay-to-play, I would support his amendment, but he did not. The amendment goes far beyond what it should do for pay-to-play and instead is going to just trap people who have no knowledge and no intention of influencing anything at the Commonwealth procurement level.

I respectfully request that the gentleman withdraw the amendment and do a better job rewriting it. If he cannot withdraw the amendment, if he cannot withdraw the amendment, Mr. Speaker, I would respectfully suggest the body vote it down and he can try again later to get it right. Thank you.

The SPEAKER. The question is, will the House agree to the amendment?

On that question, the Speaker recognizes the gentleman from Westmoreland County, Mr. Dunbar.

Mr. DUNBAR. Thank you, Mr. Speaker.

Although I appreciate where the gentleman from Washington County was going with his amendment, the scope and breadth of this is too far-reaching and will put too much of a burden on our small businesses, and I would ask for a "no" vote on A00263. Thank you.

The SPEAKER. The question is, will the House agree to the amendment?

On that question, the Speaker recognizes the gentleman from Washington County, Mr. Neuman, for a second time.

Mr. NEUMAN. Thank you, Mr. Speaker.

I think it is imperative that we vote for this amendment. The instance which the gentelady from Montgomery County gave is

exactly why we need this amendment. If your family member is going to have a contract with the State or with any government official, would not, should the government not know that? Should the public not know who is giving our elected officials money? Is it your family? Is it your brother, your sister, your father?

Let us go for full disclosure. We have to do it. If people want to donate to political campaigns, they should have to do it, and if you are having a contract with the State, apply State rules that we go by. We need to know who is giving elected officials money. The public needs to know who is giving elected officials money. This is a good-government amendment. It is about transparency. It is about knowing who in this State is trying to pay to play, and with this transparency, we can see who is giving money to us and other elected officials, and the public – our voters – can make the determination on if that is pay-to-play or not.

Let us end this practice in Pennsylvania. Let us educate the voters. Let us educate our constituencies, and let us start with good government today. Thank you.

The SPEAKER. The question is, will the House agree to the amendment?

On that question, the Speaker recognizes the gentleman from Westmoreland County, Mr. Evankovich.

Mr. EVANKOVICH. Thank you, Mr. Speaker.

Mr. Speaker, would the maker of the amendment please stand for brief interrogation?

The SPEAKER. The gentleman indicates he will stand for interrogation. You may proceed.

Mr. EVANKOVICH. Thank you, Mr. Speaker.

I did not really have enough of an opportunity to do research on the amendment in its entirety. Does this language apply to any contractor that would also be receiving State money through any secondary source, in other words, a company doing work through a school district or a company that receives local share gambling money to build projects in a county or a municipality?

Mr. NEUMAN. This only applies to Commonwealth contracts.

Mr. EVANKOVICH. If I can ask the maker of the amendment real briefly, is there a particular reason that you did not go down the road of applying it to county contracts and turnpike and every intergovernmental agency in Pennsylvania?

Mr. NEUMAN. We started with the State contracts. Those are our contracts. Those are something we are starting to move towards full transparency when it comes to any type of contract within the State, any public money going to contractors, and this is a great step towards allowing our constituency, our voters, to see the money that we are doling out in the State, where it is going, and who these people got contributions from.

Mr. EVANKOVICH. Thank you, Mr. Speaker.

On the question recurring,

Will the House agree to the amendment?

Less than the majority having voted in the affirmative, the question was determined in the negative and the amendment was not agreed to.

On the question recurring,  
Will the House agree to the bill on second consideration?

Mr. NEUMAN offered the following amendment No. **A00309**:

Amend Bill, page 1, line 3, by inserting after "proposals" ; and, in ethics in public contracting, further providing for policy, and providing for definitions and for contributions by applicants and contractors

Amend Bill, page 1, lines 6 and 7, by striking out all of said lines and inserting

Section 1. Sections 513(e) and 2301 of Title 62 of the Pennsylvania Consolidated Statutes are amended to read:

Amend Bill, page 1, by inserting after line 17 § 2301. Policy.

Public employment is a public trust. It is the policy of this Commonwealth to promote and balance the objective of protecting government integrity and the objective of facilitating the recruitment and retention of personnel needed by this Commonwealth. Implementation of this policy requires that public employees discharge their duties impartially so as to assure fair competitive access to Commonwealth agency procurement by responsible contractors and that they conduct themselves in a manner that fosters public confidence in the integrity of the Commonwealth procurement process. It is also essential that those doing business with the Commonwealth agencies observe high standards of honesty and integrity. The General Assembly declares that banning all types of political campaign contributions by a contractor and those who desire to be a contractor is necessary to prevent corruption and the appearance of corruption that may arise when political campaign contributions and the awarding of contracts with the Commonwealth are intermingled.

Section 2. Title 62 is amended by adding sections to read:  
§ 2301.1. Definitions.

The following words and phrases when used in this chapter shall have the meanings given to them in this section unless the context clearly indicates otherwise:

"Affiliate." Any of the following:

(1) A parent, subsidiary or otherwise affiliated entity of an applicant or a contractor.

(2) An officer, director, associate, controlling shareholder, individual owner, partner or limited partner of an applicant or a contractor.

(3) An officer, director, associate, controlling shareholder, individual owner, partner or limited partner of a parent, subsidiary or otherwise affiliated entity of an applicant or a contractor.

(4) A political committee controlled by an applicant or a contractor.

(5) A political committee controlled by a parent, subsidiary or otherwise affiliated entity of an applicant or a contractor.

(6) A member of the immediate family of an individual described in paragraphs (1), (2), (3), (4) and (5).

"Applicant." A bidder, offeror or other person seeking a contract, which is to be awarded under section 513 (relating to competitive sealed proposals), 514 (relating to small procurements), 515 (relating to sole source procurement), 516 (relating to emergency procurement), 518 (relating to competitive selection procedures for certain services) or 519 (relating to selection procedure for insurance and notary bonds).

"Elected official." An individual elected by the public to serve a term in an elective office. The term shall include an individual appointed to fill an unexpired term in an elective office.

"Elective office." A position in a governmental body to which an individual is required under the Constitution of the Commonwealth or by State law to be elected by the public.

"Immediate family." A parent, spouse, child, brother or sister.

"Prohibited contribution." Any of the following:

(1) A contribution made by an applicant or contractor or an affiliate of an applicant or a contractor to:

(i) a candidate for nomination or election to an elective office or to the candidate's political committee;

(ii) an elected official or to the elected official's candidate political committee; or

(iii) a political committee not described in subparagraph (i) with the purpose and intent that the political committee will, directly or indirectly, make the contribution available to a candidate for nomination or election to an elective office or to the candidate's

political committee, or to an elected official or the elected official's candidate political committee.

(2) A contribution made by a person to a candidate for nomination or election to an elective office or to the candidate's political committee, or to an elected official or to the elected official's candidate political committee, for which a person who is an applicant or contractor or any of their respective affiliates acts as an intermediary.

§ 2304. Contributions by applicants and contractors.

(a) Applicants.—

(1) No Commonwealth agency may award a contract to an applicant under section 513 (relating to competitive sealed proposals), 514 (relating to small procurements), 515 (relating to sole source procurement), 516 (relating to emergency procurement), 518 (relating to competitive selection procedures for certain services) or 519 (relating to selection procedure for insurance and notary bonds) if the applicant or an affiliate of the applicant has made a prohibited contribution within four years prior to becoming an applicant.

(2) Except as provided in paragraph (3), an applicant shall submit a signed affidavit to the agency with other bid or proposal materials relating to the contract on or prior to the time and date established by the agency for receipt of bids or proposals. The affidavit shall be made under oath and shall state that neither the applicant nor any of the applicant's affiliates has made a prohibited contribution within four years prior to the applicant's becoming an applicant.

(3) For contracts to be awarded under section 514, 515 or 516 that do not require the submission of bids or offers, an applicant shall submit a signed affidavit as directed by the agency, but prior to the agency's award of the contract.

(4) A bid or offer made without a signed affidavit shall not be considered a responsive bid or offer.

(b) Contractors.—

(1) A contractor who has been awarded a contract under section 513, 514, 515, 516, 518 or 519 shall not make a prohibited contribution and shall prohibit the contractor's affiliates from making a prohibited contribution, during the term of the contract.

(2) Each contract awarded under section 513, 514, 515, 516, 518 or 519 shall contain a provision requiring the contractor to submit a signed affidavit made under oath, stating that the contractor and all of its affiliates are in compliance with the requirements of paragraph (1). The affidavit shall be submitted at the commencement of the contract, on each anniversary of the commencement of the contract and upon expiration of the contract.

(c) Form of affidavit.—

(1) The Department of General Services shall develop the form of affidavit to be used by applicants and contractors under this section.

(2) All invitations for bids, requests for proposals and other agency communications with prospective contractors regarding a contract awarded under section 513, 514, 515, 516, 518 or 519 shall include an affidavit form and information regarding the prohibitions contained under this section.

(3) The Department of General Services and the Department of State shall post the affidavit form and information regarding the prohibitions of this section on their respective publicly accessible Internet websites and shall otherwise make the forms and information available upon request.

(d) Penalties.—An applicant, contractor or affiliate of a contractor who submits a false affidavit or makes a prohibited contribution in violation of this section may, in addition to penalties imposed by law other than under this section, be debarred or suspended under section 531 (relating to debarment or suspension).

(e) Application of section.—This section shall apply to bids, offers or proposals that are solicited, and contracts that are awarded, on

or after the effective date of this section.

On the question,

Will the House agree to the amendment?

The SPEAKER. On that question, the Speaker recognizes the gentleman from Washington County, Mr. Neuman.

Mr. NEUMAN. Well, if you think that one went too far, you are really not going to like this one.

This would put a ban on all campaign contributions for people that are applying for State contracts and getting State contracts. I think that if you are serious, really serious about ending pay-to-play, we did not have to go this route, but this is where everybody wants to go.

If you want a ban on political contributions that involve contractors from the State, then you are going to support this amendment. It is a good-government amendment. It makes this bill, it makes this State a more transparent State, and it makes our constituencies feel safer that every State contract that is given out is given out not because of campaign contributions but given out because of merit. Thank you.

The SPEAKER. The question is, will the House agree to the amendment?

On that question, the Speaker recognizes the gentleman from Westmoreland County, Mr. Dunbar.

Mr. DUNBAR. Thank you, Mr. Speaker.

And like the gentleman from Washington said, this amendment goes quite a bit further than the previous amendment. This bans all contributions greater than \$25. It would actually make it very difficult for anybody to bid on any State contract. It would certainly limit the amount of vendors we have in Pennsylvania, and in turn will increase prices that we are getting on our contracts.

So I would ask for a negative vote on A00309. Thank you.

The SPEAKER. The question is, will the House agree to the amendment?

On that question, the Speaker recognizes the lady from Montgomery County, Ms. Harper.

Ms. HARPER. Thank you, Mr. Speaker.

Would the gentleman stand for brief interrogation?

The SPEAKER. The gentleman who sponsored the amendment?

Ms. HARPER. Yes.

The SPEAKER. The gentleman indicates he will stand for interrogation. You may proceed.

Ms. HARPER. Thank you.

I am reading the expansive definition of the word "affiliate" here in this amendment, and I am wondering if it would apply to a labor union PAC (political action committee) and therefore apply to all of the labor union members and all of their brothers and sisters and all of the contributions that they may have made to anybody, whether or not the Commonwealth?

Mr. NEUMAN. It applies to anybody that will be applying to be awarded a State contract.

Ms. HARPER. No; I am sorry. The gentleman misunderstood my question. Let me try again. Let us say that the labor union is applying or some officer of the labor union is

applying for a State contract. Under the definition of "affiliate" in this amendment, which is very, very broad, would a contribution made by the brother or sister of some union member, who happens to be in the same union in leadership, to anybody other than the Commonwealth apply in this case? And would the person who is applying for the government contract be responsible for knowing whether the brother or sister of any other union member made any contribution at any time to anybody in elected office?

Mr. NEUMAN. Yes.

Ms. HARPER. Yes? Was the answer yes?

Mr. NEUMAN. If somebody was related to somebody— In this list, if somebody is related to somebody in this list applying for a State contract, then yes.

Ms. HARPER. Thank you, Mr. Speaker.

On the amendment.

The SPEAKER. The lady is in order on the amendment.

Ms. HARPER. Once again, Mr. Speaker, I think the gentleman had a good idea, but he went way, way, way too far with it. Getting rid of pay-to-play is a very good idea. Getting rid of everybody in the Commonwealth of Pennsylvania, having to ask their brothers and sisters whether they have at any time ever made a contribution of \$25 to anybody anywhere, I think is way beyond the pale.

Once again, if the gentleman will not withdraw this amendment, I respectfully request that the members vote it down. He can come back on another day with a better-drafted amendment and do what he really seeks to do.

Thank you, Mr. Speaker.

The SPEAKER. The question is, will the House agree to the amendment?

Those in favor of the amendment—

The gentleman, Mr. Neuman, is not in order. You have been recognized twice on the amendment.

The Parliamentarian tells me that maybe I am wrong. I said maybe.

On the question, the gentleman, Mr. Neuman, is recognized for a second time.

Mr. NEUMAN. Thank you, Mr. Speaker.

I think it is important that the Commonwealth know what is going on today. This language, which both sides of the aisle supported, is very similar, if not identical, to the gaming language that we put forward in Pennsylvania to ban contributions of people that are affiliated with the gaming.

If you are going to do contracts in Pennsylvania, you have got to follow the rules, and we need to change the rules. We need to know who is related to these contractors if they want to funnel money through their relatives to give to candidates.

I disagree that it is going to increase the cost of contracts. It is actually going to decrease the cost of contracts because they do not have to have a political fund anymore. They do not have to give to people that require pay-to-play before you get a State contract. They do not have to give to us and to the Senate and to the Governor and to whoever is involved in State contracts. They do not have to give money to show that they have merit, to show that they are responsible contractors that are going to do the job that Pennsylvanians expect them to do. An honest bid and an honest – it will produce a more honest and transparent process, and that is what we are for.

This is a good amendment to open up all transparency in Pennsylvania and figure out who, who is giving money to politicians and putting bids in for contracts.

I request a "yes" vote on this amendment. Thank you, Mr. Speaker.

Less than the majority having voted in the affirmative, the question was determined in the negative and the amendment was not agreed to.

On the question recurring,  
Will the House agree to the bill on second consideration?

Mr. **SAMUELSON** offered the following amendment No. **A00308**:

Amend Bill, page 1, line 3, by inserting after "proposals" and for multiterm contracts

Amend Bill, page 1, lines 6 and 7, by striking out all of said lines and inserting

Section 1. Sections 513(e) and 542(a) of Title 62 of the Pennsylvania Consolidated Statutes are amended to read:

Amend Bill, page 1, by inserting after line 17 § 542. Multiterm contracts.

(a) Specified period.—A contract for supplies, construction or services may be entered into for a period of time deemed to be in the best interests of the Commonwealth, but not to exceed a period of four years. The term of the contract and conditions of renewal or extension, if any, shall be included in the solicitation, and funds shall be available for the first fiscal period at the time of contracting. Payment and performance obligations for succeeding fiscal periods shall be subject to the availability and appropriation of funds.

\* \* \*

On the question,  
Will the House agree to the amendment?

The **SPEAKER**. On that question, the Speaker recognizes the gentleman from Northampton County, Mr. Samuelson.

Mr. **SAMUELSON**. Hello. Thank you, Mr. Speaker.

This amendment would limit the length of contracts entered into by a Governor's administration to 4 years. When you think about it, our Governors are elected for a period of 4 years, and yet sometimes Governors would like to enter into contracts that go 10, 15, 20, or 30 years. This is a taxpayer protection by saying that if the voters say a Governor has a 4-year term of office, that Governor should not be allowed to enter into contracts for a period longer than 4 years. I believe that is an important check and balance that could be added by this amendment.

Currently we have a Governor proposing a 20-year contract for privatization of the Pennsylvania Lottery with potential fees of up to \$2 billion over the next 20 years. When you think about that, over the next 20 years we may have five different Governors during that period, and the voters would be sending those Governors to Harrisburg. The voters may have a different idea, and yet if we have a 20-year contract, those future Governors are locked into a multiyear contract that goes well beyond the 4-year term of our current Governor.

I believe this is a bipartisan taxpayer protection. The case I just spoke about was a Republican Governor trying to lock up a lottery contract for 20 years. If you remember about two decades ago, we had a Democratic Governor by the name of Bob Casey, who late in his term tried to lock up a multiyear contract for centralization of auto emissions inspection stations. In 1994 the voters spoke. A new Governor came in. Tom Ridge came in and tried to get out of that contract that was entered into by his predecessor, a Democrat, Bob Casey. You all know the end to this story. There was litigation, and the State had to pay

millions of dollars to get out of that contract that was entered into by one Governor that would have extended well beyond his term of office. I believe limiting the contracts to 4 years, the same length of time for a Governor's term, respects the will of the voters.

And one more point: There is another branch of government, the Pennsylvania Legislature. We already have this limitation on our own offices. When you are elected to a 2-year term of office as a legislator, you know that you cannot enter into contracts for longer than 2 years, and when you take out a lease for your district office, the Chief Clerk will tell you that that lease cannot go beyond November 30 of 2014 for this current term. You are elected to a 2-year term. You cannot enter into any contract or lease that extends beyond that 2-year term.

So I think this amendment would respect the will of the voters. The voters speak in each election, and by putting a 4-year limit on the length of a contract a Governor can enter into, we are respecting the will of the voters, and I ask for a "yes" vote.

The **SPEAKER**. The question is, will the House agree to the amendment?

On that question, the Speaker recognizes the gentleman from Lancaster County, Mr. Cutler.

Mr. **CUTLER**. Thank you, Mr. Speaker.

I was wondering if I could briefly interrogate the maker of the amendment?

The **SPEAKER**. The gentleman indicates he will stand for interrogation. You may proceed.

Mr. **CUTLER**. Mr. Speaker, in regards to your amendment, my question would be this: The government has multiple labor agreements with many of the service unions in the area — AFSCME (American Federation of State, County, and Municipal Employees), SCIU (Service Employees International Union). How would your amendment impact those negotiations?

Mr. **SAMUELSON**. I believe a contract should be for no more than 4 years. That would also affect that situation as well.

Mr. **CUTLER**. Mr. Speaker, does your amendment contemplate preexisting contracts that may already extend beyond the length of service for the first term of our current Governor?

Mr. **SAMUELSON**. No. Like all amendments, this amendment is prospective in nature.

Mr. **CUTLER**. Thank you, Mr. Speaker.

If I may briefly speak on the amendment?

The **SPEAKER**. The gentleman is in order on the amendment.

Mr. **CUTLER**. Mr. Speaker, I believe that there are multiple reasons why we should vote down this amendment. I will name just a few. I think the first one is, Mr. Speaker, I think that our workers deserve some form of stability going forward greater than 4 years. I think that that is one of the reasons why sometimes individuals ask for longer contracts. They want the stability related to that.

More importantly, Mr. Speaker, I think it is also important to point out, the inclusion of this amendment could cost the Commonwealth a great deal of money, and I would like to provide an example. If we are going to enter into some kind of long-term power procurement agreement where we would purchase power or we would agree to do a long-term service, the value for the individual making the bid may only be recognized over a longer term than 4 years.

Mr. Speaker, additionally, and I think this is more of an administrative problem but one that we must contemplate in this amendment, if an issue is brought up in the last year of a Governor's term, it would essentially be a truncated contract. By the time negotiations are over, Mr. Speaker – perhaps they take 3 months, 6 months – you have only got 6 months left on a Governor's term, and at that point, I think it becomes an administrative nightmare and would actually handicap us from the ability to do our job, which is making sure that taxpayers have the best value for their money, and I think we should be looking for that even if it does extend beyond a 4-year term.

Thank you, Mr. Speaker.

The SPEAKER. The question is, will the House agree to the amendment?

On that question, the Speaker recognizes the gentleman from Delaware County, Mr. Adolph.

Mr. ADOLPH. Thank you very much, Mr. Speaker.

Mr. Speaker, I rise to oppose the gentleman's amendment.

I think the gentleman is well-intentioned but obviously very well misinformed. It is almost impossible to try to run State government, county government, city government, and subject our folks to a lease or a contract of 4 years.

How many times have you heard from your constituents, "Why do you not run government like a business?" You are really handcuffing our Governor by limiting the amount of years that they think ahead and forward thinking. That is one of the reasons why sometimes I speak up against term limits, because sometimes our Governors think very short-term instead of thinking for the future.

Whether it is a previous administration or our current administration, I would hate to handcuff any of our Governors from making a good deal when it is best for the taxpayers. And then to compare, then to compare government work with that of a legislator's office who is elected every 2 years, you are actually comparing apples and oranges.

So for all of those reasons and for good government that saves the taxpayers money, I oppose this amendment. Thank you.

The SPEAKER. The question is, will the House agree to the amendment?

On that question, the Speaker recognizes the gentleman from Allegheny County, Mr. Dermody.

Mr. DERMODY. Thank you, Mr. Speaker.

Mr. Speaker, we should support this amendment because it protects our taxpayers and makes our contractors more accountable. It is obvious from Governor Corbett's lottery scheme that we must begin to put some commonsense limits on our State contracts, and that is exactly what this amendment does. It limits contracts to 4 years. Our Governor has a 4-year term. Our State Senate has a 4-year term. If it is good enough for them, it should be good enough for Pennsylvania's contractors.

We should support the amendment, the Samuelson amendment. Thank you, Mr. Speaker.

The SPEAKER. The question is, will the House agree to the amendment?

The Speaker recognizes the gentleman, Mr. Samuelson, for the second time.

Mr. SAMUELSON. Thank you.

Just one clarification, that the Governor would be limited to a period of 4 years whether he or she enters into that contract at the beginning of his term or the end of his term. So if you had a

4-year limit, the next Governor would get a chance to have a say, either through a contract extension or a review of that contract. So it is a 4-year limit. The earlier example that someone used about having 6-month or 3-month contracts, the language in this amendment is clear. It is for a period of 4 years.

Secondly, one of the speakers said we might be prohibited from getting good deals, multiyear contracts that are good deals. I believe this would add accountability, because often in these multiyear contracts, all the prospective savings are tacked on to the out-years. There is a big cost in the early years, and then you are promised, oh, guess what? You are going to save money in year 12, year 13, year 20. I think limiting contracts to 4 years would increase accountability, because each Governor would have to evaluate contracts for their impact on the State over the next 4 years and we would not have any contracts that make false promises about the future.

Conversely, what if you have a contract that is a bad deal that you are locked into for 20 or 30 years or longer? This would give the opportunity for the next Governor to come in and make changes. Ultimately, I think this limit, a 4-year contract limit – for 4 years, because our Governors are elected for periods of 4 years – is an important taxpayer protection. Each of us in elected office is here because the voters sent us here, and by putting this limit on our contracts, I think that respects the will of the voters.

I urge a "yes" vote. Thank you, Mr. Speaker.

No. **A00315**:

Amend Bill, page 1, line 3, by inserting after "proposals"  
; providing for investment activities in Iran; and imposing  
civil penalties

Amend Bill, page 1, by inserting after line 17

Section 2. The heading of Chapter 35 of Title 62 is amended to  
read:

CHAPTER 35  
[(RESERVED)]

**IRAN FREE PROCUREMENT**

Section 3. Title 62 is amended by adding sections to read:

**§ 3501. Definitions.**

"Department." The Department of General Services of the Commonwealth.

"Financial institution." The term as defined in section 14 of the Iran Sanctions Act of 1996 (Public Law 104-172, 50 U.S.C. § 1701).

"Iran." The government of Iran or an agency or instrumentality of Iran.

"Person." An individual, organization, a financial institution, sole proprietorship, association, corporation, partnership, joint venture, limited partnership, limited liability partnership, limited liability company or other entity or business association that exists for the purpose of making a profit or government entity that includes a multilateral development institution as defined in section 1701 of the International Financial Institutions Act (Public Law 95-118, 22 U.S.C. 262r).

**§ 3502. Engaging in investment activities.**

A person or financial institution engages in an investment activity by doing any of the following:

(1) Providing goods or services worth at least \$200,000, including oil tankers or transporters and liquefied natural gas tankers or transporters, to the energy sector of Iran, or products used to construct or maintain pipelines used to transport oil or liquefied natural gas for the energy sector of Iran.

(2) Extending at least \$1,000,000 in credit to a person for 45 days or more if all of the following apply:

(i) The person uses the credit to provide goods or services to the energy sector in Iran.

(ii) The person is identified on a list created under section 3503 (relating to list of persons engaged in investment activities).

**§ 3503. List of persons engaged in investment activities.**

(a) List.—The department shall develop a list of persons whom the department determines are engaged in investment activities in Iran as described in section 3502 (relating to engaging in investment activities). The department shall make its determination based on publicly available, credible information. The department shall update the list every 180 days. Ninety days prior adding a person to the list, the department shall do all of the following:

(1) Provide notice to the person of the department's intention to add the person to the list. The notice shall inform the person that inclusion on the list makes the person ineligible to enter into a contract with a Commonwealth entity for goods or services worth at least \$1,000,000. The notice shall specify that if the person ceases to engage in investment activities in Iran, the person may regain eligibility upon removal from the list.

(2) Provide the person an opportunity to comment in writing to the department. The person shall maintain eligibility if the person demonstrates no engagement in investment activities in Iran.

(b) Ineligibility of persons on list.—A person identified on a list under subsection (a) shall be ineligible to enter into a contract with a Commonwealth entity for goods or services worth at least \$1,000,000.

(c) Fee.—The department may assess a fee to obtain a copy of the list. Upon request, the department shall provide the list free of charge to the General Assembly or a public entity.

(d) Retirement system investments.—A person who enters into a contract with the Public School Employees' Retirement System or the State Employees' Retirement System shall not be deemed a person who engages in investment activities in Iran on the basis of the person's investments with the retirement system.

(e) Exception.—On a case-by-case basis, the department may permit a person engaging in investment activities in Iran to enter a contract with a Commonwealth entity for goods or services worth at least \$1,000,000 if all of the following apply:

(1) The investment activities in Iran were made before and were not expanded after July 1, 2010.

(2) The person refrains from engaging in any future investment activities in Iran.

(3) The department determines that the Commonwealth entity has no other method of obtaining the goods or services than entering into a contract with the person.

**§ 3504. Certification.**

The department shall make available a certification form indicating that a person is not on the list under section 3503(a) (relating to list of persons engaged in investment activities) and is eligible under this chapter to contract with the Commonwealth. Prior to entering into a contract with a Commonwealth entity, a person shall provide a certification form to the Commonwealth entity, unless the person is exempt under section 3503(e).

**§ 3505. Penalties for false certification.**

(a) Penalties.—Upon determination by the department that a person has provided a false certification form to a Commonwealth entity under section 3504 (relating to certification), the person shall be subject to the following:

(1) A civil penalty in the amount of \$250,000 or twice the amount of the investment, whichever is greater. Only one civil penalty may be imposed upon a person per investment.

(2) Termination of the existing contract with the Commonwealth entity for a period of three years from the date of the determination that the person submitted the false

certification. Following the three-year period, the Commonwealth entity or the department may permanently terminate the contract.

(b) Report of false certification.—The department shall report to the Attorney General the name of the person who submitted the false certification and the pertinent information that led to the department's determination. No later than three years after the department makes a determination under subsection (a), the Attorney General shall determine whether to bring a civil action against the person to collect the penalty described in subsection (a). If a court determines the person submitted a false certification, the person shall pay all reasonable costs and fees incurred in the civil action. Reasonable costs shall include the reasonable costs incurred by the Commonwealth entity in investigating the authenticity of the certification. Only one civil action against the person may be brought for a false certification on a contract.

(c) No private right of action.—Nothing in this section may be construed to create or authorize a private right of action.  
§ 3506. Expiration.

The department shall have no obligations under this chapter with respect to a company engaged in business activities in Iran upon the occurrence of any of the following:

(1) Iran does not appear on the List of State Sponsors of Terrorism.

(2) The President or Congress of the United States, through legislation or executive order, declares that mandatory divestment of the type provided for in this chapter interferes with the conduct of United States foreign policy.

Amend Bill, page 2, line 1, by striking out "2" and inserting

Amend Bill, page 2, line 1, by striking out "60 days." and inserting  
as follows:

- (1) The amendment of 62 Pa.C.S. Ch. 35 shall take effect January 1, 2014, or immediately, whichever is later.
- (2) This section shall take effect immediately.
- (3) The remainder of this act shall take effect in 60 days.

On the question,  
Will the House agree to the amendment?

The SPEAKER. On that question, the Speaker recognizes the gentleman from Allegheny County, Mr. Frankel.

Mr. FRANKEL. Thank you, Mr. Speaker.

I rise to offer amendment 00315. Mr. Speaker, the intention of this amendment is to ensure that the Commonwealth conducts its business with companies that keep good company. I believe that time is of the essence and it is our duty to address crises as they arise.

The nation of Iran has been and continues to be a threat to the countries both in its immediate region and across the globe. One of the ways in which Iran is able to fund its State-sponsored terrorism is through its lucrative energy contracts with companies all over the world.

My amendment would make it clear that Pennsylvania is not interested in Iran's blood money. This amendment would prohibit a company that invests more than \$20 million in Iran's energy sector from entering into State procurement contracts with Pennsylvania. Under my amendment, persons or institutions seeking procurement contracts through the Department of General Services would be required to certify that they are not conducting business in Iran. The amendment is the second part of an organized, cohesive plan that the General Assembly embarked upon with the passage of Act 44 of 2010, which requires that our State's pension funds divest from companies that do business with Iran.

A report issued earlier this year from the Pennsylvania Treasury Department showed that Act 44 is working. Almost 25 companies have stopped doing business with Iran as a result of this act. My amendment is the next logical step. Pennsylvania needs to draw a clear line in the sand. A company can either do business with Iran or they can do business with the Commonwealth of Pennsylvania, but they cannot do both.

Mr. Speaker, I have been working on this issue closely with Senator Stack in the Senate and others, and we have both introduced bills on this topic with bipartisan support. This amendment makes sense and it aligns Pennsylvania with seven other States who have already prohibited contracting with companies that invest in Iran. We would join California, New York, Florida, Indiana, Maryland, New Jersey, and Michigan in this endeavor, and many others are in the process of considering similar legislation as we speak.

I ask my colleagues for their support, and I do believe that this is an agreed-to amendment. Thank you.

The SPEAKER. The question is, will the House agree to the amendment?

On that question, the Speaker recognizes the gentleman from Westmoreland County, Mr. Dunbar.

Mr. DUNBAR. Thank you, Mr. Speaker.

I would like to thank the gentleman from Allegheny County. This is an agreed-to amendment. We all agree that prohibiting contracts with companies that do business with Iran is in our best interest, and I would urge an affirmative vote. Thank you.

Will the House agree to the amendment?

The majority having voted in the affirmative, the question was determined in the affirmative and the amendment was agreed to.

On the question,  
Will the House agree to the bill on second consideration as amended?

Mr. **MATZIE** offered the following amendment No. **A00323**:

Amend Bill, page 1, line 2, by inserting after "Statutes," in general provisions, further providing for definitions and providing for charging Internet convenience fee; and  
Amend Bill, page 1, lines 6 and 7, by striking out all of said lines and inserting  
Section 1. Section 103 of Title 62 of the Pennsylvania Consolidated Statutes is amended by adding a definition to read: § 103. Definitions.  
Subject to additional definitions contained in subsequent provisions of this part which are applicable to specific provisions of this part, the following words and phrases when used in this part shall have the meanings given to them in this section unless the context clearly indicates otherwise:

\*\*\*  
"Internet convenience fee." An additional fee for an online transaction of an executive agency, including, but not limited to, a fee for ordering an online search or an online filing of any application, license, permit, registration or form, if the fee is separate from and in addition to the fee for the same search, application, license, permit, registration or form when the transaction is made in person or by mail. The term shall also include any additional online fee for a person to use a credit card, debit card or electronic transfer from a checking account in paying for an online search or an online filing of any application, license, permit, registration or form.  
\*\*\*

Section 2. Title 62 is amended by adding a section to read: § 109. Internet convenience fee.  
No contract pursuant to this title shall authorize and no executive agency is permitted to establish any Internet convenience fee without specific authorization from the General Assembly. This limitation shall not preclude any type of credit card or debit card processing fee for the payment of any type of tax or fee to the Department of Revenue or the

Pennsylvania Public Utility Commission or for the payment of any fine or penalty to an executive agency.

Section 3. Section 513(e) of Title 62 is amended to read:  
Amend Bill, page 2, line 1, by striking out "2" and inserting  
4

On the question,  
Will the House agree to the amendment?

The SPEAKER. On that question, the Speaker recognizes the gentleman from Beaver County, Mr. Matzie.

Mr. MATZIE. Thank you, Mr. Speaker.

HB 201, the bill that I am offering amendment A323, is about reforming our procurement process. It is about correcting an imbalance that lets a person who evaluates a contract from a company he or she used to work for.

Mr. Speaker, A323, which I am offering amending the Procurement Code, is in the same spirit of the underlying bill. It corrects an imbalance. The very reason I am offering this amendment is this Commonwealth just several weeks ago picked, for what could be a 10-year contract, a company to run our State's Web site without issuing an RFP (request for proposal), without letting any other company compete for the contract, and will charge convenience fees set by the administration and the company, not the General Assembly, again, without open bidding, without competition. Along with the Web site, it appears that the contract may also give the company the right to do the credit card processing for the electronic transactions through the Web site for up to 10 years. That could be millions and millions of dollars without any bidding.

Now, Mr. Speaker, in publicizing the deal, I could only find a press release by the company, not the Commonwealth, issued more than 35 days after the deal was done. You know, when we had a contract done to save some money for the Commonwealth with Camelot for the lottery, that press release was issued in minutes. So, Mr. Speaker, who is going to pay for the 10 years of Web services? Mr. Speaker, who is going to pay for the contract? This is supposed to be a no-cost contract, Mr. Speaker. We know who is going to pay for it. It is going to be these convenience fees, and those convenience fees are not going to be set by us, the General Assembly. The Constitution set up our government in a way where the General Assembly has a discussion, not the administration making up these fees along with this company.

So there are a lot of great mysteries, and, Mr. Speaker, I have the 456-page document that I referred to. That contract was submitted to the State Treasurer. If you search for the term "government transaction," you will find a brief mention of the term in the description of the contract in its first and second pages. But if you actually look at how new convenience fees – and they actually use the term "convenience fees" in the contract, is in the rest of the 453 pages of the contract – there is no limit to placing these fees, so they could put whatever amount they want as far as these convenience fees are.

So, Mr. Speaker, in this 456-page document that describes how the company and the Commonwealth has the right to suggest a new convenience fee for every project, for every new service offered on the Internet, where is the General Assembly? I believe that is our job and that is something we should be doing. There are a lot of other things going on with this contract that we will touch on in due time, but as far as the convenience

fees are concerned, I believe we should have a right to set those fees here in the General Assembly. It should not be set by the administration. It should not be set by a private company.

I urge a "yes" vote on A323.

The SPEAKER. The question is, will the House agree to the amendment?

On that question, the Speaker recognizes the gentleman from Somerset County, Mr. Metzgar.

Mr. METZGAR. Thank you, Mr. Speaker.

Will the maker of the amendment stand for brief interrogation?

The SPEAKER. The gentleman indicates he will stand for interrogation. You may proceed.

Mr. METZGAR. Thank you, Mr. Speaker.

Mr. Speaker, is the object of your amendment, or maybe I should say, is your issue with the process in regard to the contract not being put out for a bid or is the issue that the General Assembly does not have input?

Mr. MATZIE. Both.

Mr. METZGAR. What does the General Assembly's lack of input have to do with a competitive bidding process?

Mr. MATZIE. I used that as an example as to how I came up with the language for the amendment. The amendment clearly talks about Internet convenience fees. It does not deal with the RFP. It does not deal with the bidding. I used that as an example as to how I came up with the language to get rid of the convenience fees without our approval.

Mr. METZGAR. But I guess my question would be, why would the amendment not just say put it out for bid as opposed to saying that the General Assembly has to deliberate on the issue?

Mr. MATZIE. Because we set fees everywhere. We did it most recently in the Fish and Boat Commission and Game Commission, where we put a ceiling of \$1 for Internet transactions. That currently is being assessed at 70 cents.

Mr. METZGAR. Very good.

On the bill, Mr. Speaker.

The SPEAKER. The gentleman is in order on the amendment.

Mr. METZGAR. Thank you, Mr. Speaker.

On the amendment. I believe that while well-meaning, the gentleman from Beaver County's amendment seeks to force the General Assembly to micromanage small contracts that are not necessarily nearly as big a deal as what we could do with some of the other amendments that we are on today. I think a far better approach would just to be simply forcing the executive branch to put it out for bid, but this is far more solution than we have problem, I believe.

Thank you, Mr. Speaker.

The SPEAKER. The question is, will the House agree to the amendment?

On that question, the Speaker recognizes the gentleman from Westmoreland County, Mr. Dunbar.

Mr. DUNBAR. Thank you, Mr. Speaker.

This amendment will impede the ability of the Commonwealth to modernize our Web portal and ensure that it can provide the type of services that its citizens of Pennsylvania are seeking to obtain in a more efficient and user-friendly manner.

Essentially, the Commonwealth has entered into a contract to build a Web portal to meet the needs of Pennsylvanians, in addition to replacing an outdated portal. Without this contract, it

will help the Commonwealth save approximately \$38 million that would need to be spent on updates and service and other hardware for portal and State Web sites. This amendment will severely impede that ability, and thus I would ask for a negative vote on A00323. Thank you.

The SPEAKER. The question is, will the House agree to the amendment?

On that question, the Speaker recognizes the gentleman from Clinton County, Mr. Hanna.

Mr. HANNA. Thank you, Mr. Speaker.

Mr. Speaker, I rise in support of the Matzie amendment.

Mr. Speaker, the most important portion of the amendment is that it will eliminate the potential for a hidden Web tax. Many of us have heard about a tax on the Internet. This is the first time that you are actually faced where this possibility could happen. On State Web sites, there now could be a tax on your use of the Internet if we do not adopt the Matzie amendment.

Mr. Speaker, if we are serious about openness, transparency, then we need to make sure that we retain, the legislature retains its ability to control fees and taxes, and that means that we should adopt the Matzie amendment and eliminate the possibility of an Internet tax that otherwise could happen without the Matzie amendment.

I urge a "yes" vote.

The SPEAKER. The question is, will the House agree to the amendment?

On that question, the Speaker recognizes the gentleman, Mr. Matzie, for the second time.

Mr. MATZIE. Thank you, Mr. Speaker.

Mr. Speaker, I know I am using the sole-source contract as my example. In their summary of the summary document from the executive branch necessary for bypassing the free market competition and public bidding, it was written that the contractor obtains its revenue through a self-funding model, as the gentleman from Westmoreland said. Well, as of Friday, the Treasurer informs me that this company has submitted invoices to close to \$2 million. This is supposed to be a no-cost contract. How much more is this company, how much more is this company going to be assessing receipts to the Treasury for payment?

Convenience fees should be set by us, and in the sole-source document, it talks about other States that this company does business with, and I am not taking anything out against this company. They may be the best people to do this job, but they talk about the convenience fees paying the bill. Well, then why are they submitting the bill for \$1.7 million? This is supposed to be a no-cost contract, according to the documents from General Services.

Furthermore, in other States that they do business, most recently in Arizona, they talk about this being an exclusive issue that they do. They currently are doing business in Arizona. They are not even bidding for the new work; nine other companies are. Well, if nine other companies can bid on it in Arizona, how come only one company bid on it and got free rein to do everything including the credit card processing, which can end up being billions of dollars, quite honestly?

So I am saying convenience fees should be set by the General Assembly. Convenience fees should not be set by the Governor. Convenience fees should not be set by a private company. That is what we were sent here to do.

I urge a "yes" vote for transparency on amendment 323. Thank you.

Bill as amended was agreed to.

(Bill as amended will be reprinted.)

The House proceeded to second consideration of **HB 472, PN 478**, entitled:

An Act amending the act of December 15, 1982 (P.L.1266, No.287), entitled, as amended, "An act conferring limited residency status on military personnel, their dependents and civilian personnel assigned to an active duty station in Pennsylvania," further providing for attendance at State-related and State-owned institutions of higher learning and community colleges.

On the question,  
Will the House agree to the bill on second consideration?

Mr. **PAINTER** offered the following amendment  
No. **A00580**:

Amend Bill, page 3, by inserting between lines 3 and 4  
(a.4) Additional eligibility.—A child, a spouse or a surviving spouse who is eligible to receive benefits under 38 U.S.C. Ch. 35 (relating to survivors' and dependents' educational assistance) shall also be charged a resident tuition rate or local sponsor rate under the appropriate terms and conditions of subsection (a.1), (a.2) or (a.3).

Amend Bill, page 4, line 4, by striking out "38 U.S.C. Ch." and inserting  
10 U.S.C. Chs. 1606 (relating to educational assistance for members of the selected reserve) and 1607 (relating to educational assistance for reserve component members supporting contingency operations and certain other operations) and 38 U.S.C. Chs. 30 (relating to all-volunteer force educational assistance program), 31 (relating to training and rehabilitation for veterans with service-connected disabilities) and

On the question,  
Will the House agree to the amendment?

The **SPEAKER**. On that question, the Speaker recognizes the gentleman from Montgomery County, Mr. Painter.

Mr. **PAINTER**. Thank you, Mr. Speaker.

Mr. Speaker, as I am sure all the members know, the underlying bill grants instate tuition to veterans who are beneficiaries of the post-9/11 GI bill.

The purpose of this amendment is to extend that benefit to all GI bill beneficiaries. The collection of benefits that we refer to colloquially as the GI bill are actually five different U.S. government benefits. This bill only recognizes recipients of one.

I support the bill. I cosponsored the bill. My father was a member of the Merchant Marine during World War II and he missed out on the GI bill because it did not extend to the Merchant Marine. My wife is a veteran, but she is a pre-9/11 veteran, so this subject hits close to home for me and my family. I believe all beneficiaries – veterans, spouses, and dependents of all forms of the GI bill – should be entitled to instate tuition, and so I offer this amendment.

The amendment is supported by the Department of Veterans Affairs. It is supported by the community colleges and the State System of Higher Education. I understand it is agreed to, and I ask the members to vote "yes." Thank you.

The SPEAKER. The question is, will the House agree to the amendment?

On that question, the Speaker recognizes the gentleman from Delaware County, Mr. Barrar.

Mr. BARRAR. Thank you, Mr. Speaker.

Mr. Speaker, I do believe that this amendment enhances the bill, and I would ask the members for an affirmative vote also. Thank you.

#### RULES SUSPENDED

The SPEAKER. On that question, the Speaker recognizes the gentleman from Dauphin County, Mr. Marsico, for the purpose of making a motion to suspend the rules.

Mr. MARSICO. Thank you, Mr. Speaker.

I ask for suspension of the rules to offer amendment A00595.

The SPEAKER. Would the gentleman kindly give a brief description of the amendment.

Mr. MARSICO. Yes. Mr. Speaker, I believe this is an agreed-to amendment. It removes language allowing a minimum of 24 hours to comply with production of records, where an administrative subpoena is made returnable as soon as possible.

Gergely                      Maher                      Wheatley

The majority having voted in the affirmative, the question was determined in the affirmative and the amendment was agreed to.

On the question,

Will the House agree to the bill on third consideration as amended?

Bill as amended was agreed to.

(Bill analysis was read.)

The SPEAKER. This bill has been considered on three different days and agreed to and is now on final passage.

The question is, shall the bill pass finally?

On that question, the Speaker recognizes the gentleman from Philadelphia County, Mr. Harris.

Mr. HARRIS. On the bill, Mr. Speaker.

The SPEAKER. The gentleman is in order on the bill.

Mr. HARRIS. Mr. Speaker, I rise today because I support this bill and I support the intent of this bill, yet, Mr. Speaker, I believe this bill continues to perpetuate a problem that we have in the Commonwealth enforcing this bill with regards to our current legislation not keeping track with technology.

Currently, Mr. Speaker, as this bill is written, when a person gets an administrative subpoena, they would be getting an administrative subpoena on the IP (Internet provider) address that will be downloading child pornography. The IP address is registered to the person that owns the modem. Now, if you own a wireless router, the IP address would be assessed to the wireless router. That creates a problem, Mr. Speaker, because if you live in an apartment complex and you have a wireless router that is unlocked, if you have a person who just sits outside in their car, they can tap into anybody's wireless router that is unlocked. They could then download child pornography. When the administrative subpoena is requested, it is going to come up under your name as if you downloaded this material yourself when it is just somebody else who is tapping into your wireless router.

Mr. Speaker, this causes a major problem, because we have teachers in this Commonwealth, we have folks who, if a search warrant is executed in their home for something that they did not do, the perception alone could be devastating. And as we try to go after anyone who is harming our young people and harming our children, which I totally support, Mr. Speaker, we must be careful that as we cast this net, that we are not getting innocent citizens of this Commonwealth into any type of trouble when they had nothing to do with it.

So, Mr. Speaker, while I support this, I urge that our members work together to make sure that our legislation is keeping up with technology, because this could be very problematic. It could affect, negatively affect many of our constituents. Thank you, Mr. Speaker.

The SPEAKER. The question is, shall the bill pass finally?

On that question, the Speaker recognizes the lady from Montgomery County, Mrs. Dean.

Mrs. DEAN. Thank you, Mr. Speaker.

On the bill. I rise to comment on HB 90. I wanted to just very briefly put on the record, discuss some of my real concerns with the bill, and yet I wanted to also note that I am going to support this temporary power to law enforcement.

Article I, section 8, of the Pennsylvania Constitution, as we all know, provides that "The people shall be secure in their persons, houses, papers and possessions from unreasonable searches and seizures...." We have a sworn duty to uphold the Constitution of Pennsylvania as well as the Constitution of the United States, and with this bill what we are doing is balancing that duty – not to erode our civil liberties nor our rights to privacy – with what is my belief that we must also provide law enforcement with the tools necessary to combat crime; in this case, those who are so heinously trafficking child pornography online. To me the numbers are startling. According to Attorney General Kathleen Kane, nearly 3,000 IP addresses in Pennsylvania have been identified by the Internet Crimes Against Children Task Force as having downloaded child pornography – 3,000 addresses. Law enforcement has requested this tool.

The bill has changed since it was first considered in the Judiciary Committee. I am pleased with the amendment by my friend from Lancaster County, which would place a 2017 sunset on the bill, and more importantly, provide data in the form of annual reports that will include important information such as the number of administrative subpoenas issued, the number of arrests and prosecutions retained, and the number of cases where no arrest or prosecution resulted but an administrative subpoena had been used. These reports will provide accountability with this additional grant of power, and I will be closely monitoring these reports to see the effectiveness of this grant of power. If it proves to be unsuccessful or at variance with our civil liberties, I will work to repeal this bill. I will also work to oppose its extension.

In the meantime, I urge all members to continue to be mindful of our responsibilities, as I know you all are, under the Constitution and pay attention to any bills that may infringe upon our rights.

Thank you for the time, Mr. Speaker.

On the question recurring,  
Shall the bill pass finally?

The SPEAKER. Agreeable to the provisions of the Constitution, the yeas and nays will now be taken.
