LEGISLATIVE JOURNAL

SESSION OF 2013

197TH OF THE GENERAL ASSEMBLY

No. 45

HOUSE OF REPRESENTATIVES

The House convened at 11 a.m., e.d.t.

THE SPEAKER PRO TEMPORE (GORDON DENLINGER) PRESIDING

PRAYER

HON. THADDEUS KIRKLAND, member of the House of Representatives, offered the following prayer:

Let us pray:

Our Father and our God, it is once again, O Lord, that we have come into Your presence with thanksgiving, thanking You, God, for life, health, and strength, and thanking You, God, for yet another day's journey for which we are so glad – a new day, a day filled with brand-new mercies, another opportunity to get things right.

And so, God, we give You honor, we give You glory, we give You praise simply because of who You are in our lives. You are the alpha and the omega, the beginning and the end. And, God, as we humble ourselves before You, we can do nothing without the presence of Your Holy Spirit in this place and in our lives. So, Holy Spirit, You are welcome in all that we say and do. Guide our footsteps, guide our hearts, and guide our tongues. Allow us to speak in a manner that is respectful to not only one another but pleasing in Your sight.

We thank You, O God, for these men and women who call it not robbery to come and work on behalf of the people of Pennsylvania. So now, O God, we ask that You would just step in and use us as You see fit. Bless this entire body. Bless all those who enter this Capitol. Shower them with Your love and Your peace and Your understanding.

Now, O God, as we prepare to go through the budget process, God, You be the listener. You provide us with wisdom from on high. And we know if You do it, O God, we get it right.

We say this prayer in the mighty and matchless name of Your son, Jesus the Christ. With thanksgiving, our soul says, Amen.

PLEDGE OF ALLEGIANCE

(The Pledge of Allegiance was recited by members and visitors.)

SUPPLEMENTAL CALENDAR A

BILLS ON SECOND CONSIDERATION

The House proceeded to second consideration of **HB 1465, PN 1906**, entitled:

A Supplement to the act of July 7, 1972 (P.L.743, No.176), known as the Lincoln University—Commonwealth Act, making an appropriation for carrying the same into effect; providing for a basis for payments of the appropriation; and providing a method of accounting for the funds appropriated and for certain fiscal information disclosure.

On the question,

Will the House agree to the bill on second consideration?

The SPEAKER. The amendment filed by the gentleman from Allegheny County, Mr. Markosek, is not revenue-neutral and therefore will be out of order under rule 19(b).

The question is, will the House agree to the bill?

Is the gentleman from Allegheny County, Mr. Markosek, seeking recognition? The gentleman may proceed.

Mr. MARKOSEK. Thank you, Mr. Speaker.

Mr. Speaker, HB 1465 is the nonpreferred bill for Lincoln University. As we all know, Pennsylvania has the second highest debt of graduating college students in the nation. Let me repeat that. Pennsylvania has the second highest debt of college students in America when they graduate. As you recall, last week when we were doing the general appropriations budget, I had an omnibus amendment that had a plan in it to restore funding for higher education in Pennsylvania over a 3-year period. It would incrementally restore the major cuts that have

occurred in the last 2 years over a 3-year period, starting with this budget and moving forward. The amendment that I had prepared today, amendment 2393, would have started that process for Lincoln University. It would have increased the appropriation for Lincoln University in the amount of \$873,000. It would bring it up to a total of \$12,036,000 for Lincoln University.

MOTION TO SUSPEND RULES

Mr. MARKOSEK. Mr. Speaker, I rise to suspend the rules, to make a motion to suspend the rules, which will allow us to vote on and consider amendment, my amendment, 2393, to HB 1465, which would increase—

The SPEAKER. The gentleman will just hold on a minute.

Let me put the motion before us, since you made the motion, and I will recognize you under that, arguing that point then.

The gentleman from Allegheny County, Mr. Markosek, moves for a suspension of the rules, specifically rule 19(b), which requires the budget neutrality.

On the question,

Will the House agree to the motion?

The SPEAKER. On the motion to suspend the rules, the Speaker recognizes the gentleman, Mr. Markosek.

Mr. MARKOSEK. Thank you, Mr. Speaker.

As I have stated, and we all know it is true, Pennsylvania students when they graduate from college have the second highest debt of any State in the nation; far, far too high. And part of the reason for that is because of the horrendous cuts to higher education in the last two Corbett administration budgets that have passed.

This amendment, if we approve this motion, and we can consider this amendment, it would increase the nonpreferred appropriation for Lincoln University by \$873,000, which is a down payment on getting them back to where they were 2 years ago. Over a 3-year period at this amount, we would restore Lincoln University's appropriation to where they were 3 years ago so that students that go to Lincoln, more and more students could afford to go to Lincoln and have less debt when they graduate.

Mr. Speaker, I would ask all of the members to vote "yes" on suspending the rules so we can offer amendment 2393. Thank you.

The SPEAKER. On the motion to suspend the rules, the Speaker recognizes the gentleman from Delaware County, Mr. Adolph.

Mr. ADOLPH. Thank you very much, Mr. Speaker.

Mr. Speaker, I rise to oppose the motion to suspend, and I want to clear up one bit of information that I think we need to take a look at. This amendment is on Lincoln University, and the gentleman from Allegheny talks about the student debt of Pennsylvania residents. And you know, you can get an awful lot of statistics out there, but you have to remember that in the Commonwealth of Pennsylvania, we probably have the most diverse higher education institutions in the nation.

In my legislative district alone, I have a 20,000-plus community college, 4 or 5 private institutions, and obviously, this institution, the General Assembly, once again provides State grants to these individual students that go to these private

universities. We have contributed hundreds of millions of dollars to our State-related and State universities. If the gentleman was really serious about his amendment, would it not really be important to file these amendments on time? He knows the rules of the House regarding you cannot increase appropriations for one line item without subtracting it from the other.

So I understand the spin that is going out there regarding the education funding, but I have to really question whether it is just spin or if you are serious, why are the gentleman's amendments not ever filed on time or follow the rules of the House?

Mr. DERMODY. Mr. Speaker?

Mr. ADOLPH. I urge those to say—

Mr. DERMODY. Mr. Speaker?

Mr. ADOLPH. —"no" to this suspension.

THE SPEAKER PRO TEMPORE (JOHN MAHER) PRESIDING

PARLIAMENTARY INQUIRY

The SPEAKER pro tempore. For what purpose does the minority leader seek recognition?

Mr. DERMODY. Parliamentary inquiry, I believe.

The SPEAKER pro tempore. Please proceed.

Mr. DERMODY. I believe that the gentleman was questioning the motive of the gentleman from Allegheny County in offering this amendment. I believe that is improper.

The SPEAKER pro tempore. I thank the gentleman for his comments. I certainly hope that was not the intent, but I am sure my friend will be mindful as he proceeds.

Is the gentleman from Allegheny, the Appropriations minority chairman, seeking recognition for the second time on the motion for suspension? You may proceed.

Mr. MARKOSEK. Thank you, Mr. Speaker.

Let me correct my colleague. These amendments are filed on time. They are timely filed. They are out of order for another reason, but they are timely filed.

And let me also respond, and I know the gentleman from Delaware is very proud of the institutions not only in his district but here in Pennsylvania as I am, as we all are, but keep in mind, a week ago we had the omnibus amendment that would have put more money in for PHEAA (Pennsylvania Higher Education Assistance Agency) grants, which his schools and his districts would have benefited from. The institutional assistance grant fund would have been increased, which private schools in his district and all over the State would have benefited from as well.

So I think, I think, let us get beyond that, and we cannot deal with those now. That is not what is in front of us. What is in front of us is the appropriation for Lincoln University and my motion to suspend the rules so that we can increase, and if we are interested in helping higher education throughout the Commonwealth, here is a very good way to help at least one school at this particular time to get more State funding so that their students will not have to bear as great a burden in student loans and that more students, more citizens of the Commonwealth would have an opportunity to attend Lincoln University.

Thank you, Mr. Speaker.

The SPEAKER pro tempore. The Chair thanks the gentleman.

LEAVE OF ABSENCE

The SPEAKER pro tempore. The Chair recognizes the minority whip, who asks that the gentleman from Philadelphia, Mr. CRUZ, be placed on leave for the balance of the day. Without objection, that leave is granted.

Less than a majority of the members required by the rules having voted in the affirmative, the question was determined in the negative and the motion was not agreed to.

On the question recurring,
Will the House agree to the bill on second consideration?
Bill was agreed to.

* * *

The House proceeded to second consideration of **HB 1466, PN 1907**, entitled:

A Supplement to the act of April 1, 1863 (P.L.213, No.227), entitled "An act to accept the grant of Public Lands, by the United States, to the several states, for the endowment of Agricultural Colleges," making appropriations for carrying the same into effect; providing for a basis for payments of such appropriations, for a method of accounting for the funds appropriated and for certain fiscal information disclosure; and making an appropriation from a restricted account within the Agricultural College Land Scrip Fund.

On the question,
Will the House agree to the bill on second consideration?

The SPEAKER pro tempore. The Chair notes that amendment A02394 was filed to this bill but is out of order for violation of House rules.

MOTION TO SUSPEND RULES

The SPEAKER pro tempore. For what purpose is the gentleman from Allegheny County, Representative Markosek, seeking recognition?

Mr. MARKOSEK. Thank you, Mr. Speaker.

Mr. Speaker, HB 1466 is the appropriations bill for—

The SPEAKER pro tempore. If the gentleman would suspend. For what purpose are you seeking recognition?

Mr. MARKOSEK. Mr. Speaker, I rise to move for suspension of the rules so that I can offer amendment 2394 to HB 1466.

The SPEAKER pro tempore. The Chair thanks the gentleman.

The gentleman from Allegheny County has moved to suspend the rules for immediate consideration of amendment A2394.

On the question,
Will the House agree to the motion?

The SPEAKER pro tempore. On that question, the Chair recognizes the gentleman from Allegheny County, Mr. Markosek.

Mr. MARKOSEK. Thank you, Mr. Speaker.

Mr. Speaker, I again stand before you asking you to suspend the rules. We have here in front of us the nonpreferred appropriation for Penn State University. My amendment, 2394, will increase the general support appropriation for Penn State by \$16.785 million. It will bring up the total appropriation to \$230,895,000. It will also increase the appropriation for Pennsylvania College of Technology by \$1.65 million to \$14,649,000, and the total increase for Penn State under this amendment will be \$17.85 million.

And again, all the arguments that I have made previously on the previous bill still stand. Our students have the highest debt when they retire, second highest debt in the nation when they graduate from college. That is unacceptable and should be unacceptable to all of us here in the General Assembly. Those are our constituents, and it does not matter which party you belong to or where you sit here on the House floor. Our constituents back home, our students trying to go to Penn State are paying more and more; less and less can go. And as a result, we need to increase their appropriation. And again, this will do that in a three-pronged way over the next 3 years. This is the first installment to get them up to where they were 3 years ago.

The SPEAKER pro tempore. Will the gentleman please suspend.

Mr. MARKOSEK. I ask all the members to please vote for this suspension of the rules. Thank you, Mr. Speaker.

The SPEAKER pro tempore. The Chair thanks the gentleman and reminds the members who may be speaking on suspension that remarks should be focused on the question of suspension and not the merits of underlying legislation or amendments.

On the question of suspension, the Chair recognizes the gentleman from Delaware County, the majority Appropriations chairman, Representative Adolph.

Mr. ADOLPH. Thank you, Mr. Speaker.

Mr. Speaker, I want to remind the members of this House that we have a simple rule to follow when it comes to appropriations budget bills. If you have an amendment that you would like to increase the funding for, whatever that line item may be, you have to decrease some other line item. That is why the amendment is out of order. I also want to remind everybody in this House that in February of 2013, the leaders of this House, along with the Governor and the presidents of various universities, including Penn State University, had a press conference, and the level funding that we are giving Penn State University, which totals \$28,137,000 – \$28,137,000 – was agreed to. I think the gentleman's amendment would make the whole budget system unbalanced. Thank you.

The SPEAKER pro tempore. The Chair thanks the gentleman and will recognize the gentleman from Allegheny County, the minority Appropriations chairman, for a second time in just a moment, but with one further homily to all involved, let us please stay on the question of suspension.

Mr. MARKOSEK. Thank you, Mr. Speaker.

I continue to ask the members to suspend the rules so that we can offer this amendment. This amendment, under the rules, is in order. We cannot reduce another line item in a nonpreferred appropriations bill because there is not any other line item in a nonpreferred appropriations bill. So I think we are looking at a

situation of semantics, and that is why I ask for a suspension of the rules so that we can get this done, so that we can add more money for the Penn State nonpreferred appropriation.

Thank you, Mr. Speaker.

The SPEAKER pro tempore. On the question of suspension, the Chair recognizes the gentleman from York County, the minority whip, in lieu of the majority leader, on the question of suspension.

Mr. SAYLOR. Thank you, Mr. Speaker.

As we have seen in the previous amendment as well as this amendment, no matter— We all in this House believe in education, but truthfully and honestly, the suspending of the rules to offer these amendments truly puts our budget out of balance, and I think we all are about fiscal responsibility in this Commonwealth and particularly in this chamber. To spend more money than we are bringing in through this kind of an amendment just goes beyond what our rules normally allow for.

So, Mr. Speaker, I ask that the members of this General Assembly consider the fact that voting to put this amendment in or suspending the rules to put this amendment in would truly unbalance our budget and not be fiscally responsible. While we all have our favorites in funding in the budget, we still have to be held accountable as Representatives of this chamber to have a budget that is balanced, not be like the Federal government, where we spend money we do not have.

Let us be honest here. We have all had discussions with Penn State and many of these universities. They are agreeable to what is already in the budget. So let us move forward and vote this suspension of the rules down. Thank you, Mr. Speaker.

The SPEAKER pro tempore. The Chair thanks the gentleman.

On the question of suspension, the Chair recognizes the minority leader, the gentleman from Allegheny County, Representative Dermody.

Mr. DERMODY. Thank you, Mr. Speaker.

Mr. Speaker, the only way the minority party has any opportunity to amend a nonpreferred or to adjust a nonpreferred clearly after the ruling is to suspend the rules. So we are here today asking you to suspend these rules because it is most important. As the gentleman from Allegheny County has stated, we have the highest debt for students graduating from college or the second highest in the country. We have an opportunity to change that. We offered an amendment before that not only increased the funding for our nonpreferreds for our State-related universities, but it also gave the funding mechanisms and a way to pay for those. We are ready to do that. We can suspend the rules to do that today to make sure that our students get the education they deserve and one they can afford.

Thank you, Mr. Speaker.

The SPEAKER pro tempore. The Chair thanks the gentleman.

The House proceeded to second consideration of **HB 1468, PN 1909**, entitled:

A Supplement to the act of November 30, 1965 (P.L.843, No.355), known as the Temple University–Commonwealth Act, making an appropriation for carrying the same into effect; providing for a basis for payments of such appropriation; and providing a method of accounting for the funds appropriated and for certain fiscal information disclosure.

On the question,
Will the House agree to the bill on second consideration?

The SPEAKER pro tempore. For the information of the members, amendment A02395 is out of order for violation of the House rules.

MOTION TO SUSPEND RULES

The SPEAKER pro tempore. For what purpose does the gentleman from Allegheny County, the minority Appropriations chairman, seek recognition?

Mr. MARKOSEK. Thank you, Mr. Speaker.

Again, very similarly to the last several issues, I would move that we suspend the rules on HB 1468, which is the nonpreferred appropriations bill for Temple University. My amendment, 2395, I would like to—

The SPEAKER pro tempore. The gentleman from Allegheny County, Mr. Markosek, has moved that the rules be suspended for the immediate consideration of amendment A02395.

On the question,
Will the House agree to the motion?

The SPEAKER pro tempore. On that question, the gentleman from Allegheny County, Representative Markosek, is recognized.

Mr. MARKOSEK. Thank you, Mr. Speaker.

Amendment 2395 will increase the appropriations for Temple University by \$10.94 million. It will bring up their total appropriation to \$150,857,000. And again, this is the first installment of a 3-year installment program that we have devised to get Temple and all these other State-related universities back up to where they were 3 years ago before the Corbett administration brought in the wrecking ball and cut the heck out of their appropriations.

So again, we have the second highest debt in the nation of graduating graduates from college, and I would ask all the members, please support the suspension of the rules so we can offer this very worthwhile amendment. Thank you.

The SPEAKER pro tempore. The Chair thanks the gentleman.

On the question of suspension, the Chair recognizes the gentleman from Delaware County, the Appropriations chairman, Representative Adolph.

Mr. ADOLPH. Thank you, Mr. Speaker.

Mr. Speaker, I rise to oppose the gentleman's amendment. The bill appropriates \$139,917,000 to Temple University. When we made that announcement, I have a quote here from the Temple University president, Neil Theobald, "Today's announcement of an affordability partnership between the Commonwealth and its universities is welcome news for students and their families...."

So if the president of Temple acknowledged the fact that close to \$140 million was being appropriated to Temple under this appropriation, I certainly feel that in time, in time, when the economy comes back and we have a better revenue source, we will be able to help our students even more through grants as well as direct assistance.

I also want to state the fact that, and the gentleman never mentions that the Federal stimulus money was also a source of revenue for these universities prior to the Corbett administration, and to be fair, we all know that there were some State decreases as a result of the recession and so forth, but please, I really believe that you every once in a while have to mention the loss of Federal stimulus money.

I urge the members of this House to vote "no" on this amendment. Thank you.

The SPEAKER pro tempore. The Chair thanks the gentleman and recognizes for the second time, on the question of suspension, the gentleman from Allegheny County, Representative Markosek.

And the Chair has been exhibiting a considerable amount of leeway on the focus on the question of suspension, but I think we have been down the broader paths frequently enough now that I will strongly encourage that remarks be strictly on the question of suspension from all involved.

The gentleman may proceed.

Mr. MARKOSEK. Thank you, Mr. Speaker.

Again, I rise on suspension of the rules to— And I am very happy and pleased that the president of Temple is having a good day today with the announcement that the chairman mentioned, and he will have even a better day if we suspend the rules and give Temple more money through my amendment.

So I would ask all the members to please suspend the rules. Thank you.

The SPEAKER pro tempore. The Chair thanks the gentleman.

On the question of suspension, the Chair recognizes the gentleman from York County, the majority whip, in lieu of the majority leader.

Mr. SAYLOR. Thank you, Mr. Speaker.

Again, I hate to keep repeating myself, but we need to vote "no" on the suspension of the rules here. This amendment is fiscally irresponsible. It spends more money than the budget has coming in. We need to keep our House and our budget fiscally balanced for the benefit of our taxpayers in Pennsylvania.

I ask for a "no" vote on suspension of the rules.

The SPEAKER pro tempore. The Chair thanks the gentleman and recognizes, on the question of suspension, the minority leader, the gentleman from Allegheny County, Representative Dermody.

Mr. DERMODY. Thank you, Mr. Speaker.

Mr. Speaker, we need to suspend the rules so we can begin restoring the devastating cuts that took place to higher ed 3 years ago, and this amendment helps us do that. It just simply is not accurate to state that these cuts are due to the Federal stimulus funding because these cuts to all our State-related universities went much deeper than that, were not just cuts in stimulus money. They were cuts to their budget, and we can begin the restoration process if we suspend the rules and do it today.

Thank you, Mr. Speaker.

The SPEAKER pro tempore. The Chair thanks the gentleman.

Bill was agreed to.

The House proceeded to second consideration of **HB 1469, PN 1910**, entitled:

A Supplement to the act of July 28, 1966 (3rd Sp.Sess., P.L.87, No.3), known as the University of Pittsburgh—Commonwealth Act, making appropriations for carrying the same into effect; and providing for a basis for payments of such appropriations, for a method of accounting for the funds appropriated and for certain fiscal information disclosure.

On the question,
Will the House agree to the bill on second consideration?

The SPEAKER pro tempore. The Chair notes that amendment A02396 is out of order for violation of House rules.

MOTION TO SUSPEND RULES

The SPEAKER pro tempore. For what purpose does the gentleman from Allegheny County, Representative Markosek, seek recognition?

Mr. MARKOSEK. Thank you, Mr. Speaker.

Again, to suspend the rules, and I would like to speak on suspension when it is appropriate. Thank you.

The SPEAKER pro tempore. The Chair thanks the gentleman.

The gentleman, Mr. Markosek, has asked for an immediate suspension of the rules to consider amendment A02396.

On the question,
Will the House agree to the motion?

The SPEAKER pro tempore. On that question, the Chair recognizes the gentleman, Mr. Markosek.

Mr. MARKOSEK. Thank you, Mr. Speaker.

This is the University of Pittsburgh's nonpreferred appropriation bill, and my amendment would increase the general support appropriation by \$10,477,000 to \$144,470,000. It would also increase the rural education outreach appropriation by \$163,000, which would bring that up to \$2,246,000. The total increase for Pitt will be \$10.64 million. And certainly, as we all know, Pitt is much more than a university and an educational institution; it is a huge economic generator for southwestern Pennsylvania. It is a huge economic generator for southwestern Pennsylvania as well as one of our great institutions of higher learning.

I think this is a very worthwhile amendment. I would ask the members to please support my motion to suspend the rules so that we can offer this amendment. Thank you, Mr. Speaker.

The SPEAKER pro tempore. The Chair thanks the gentleman.

On the question of suspension of the rules, the Chair recognizes the majority Appropriations chairman from Delaware County, Representative Adolph.

Mr. ADOLPH. Thank you, Mr. Speaker.

I will not belabor this debate, but the gentleman's amendment is out of order. In order to remain revenue-neutral, you have to make a subtraction; he did not. He is just adding money to the current appropriation. Pitt receives in the bill \$136 million. I just want to remind the members of the House that all these great universities also receive additional funding in other line items and other departments in the budget. This is just a direct appropriation for general operations.

So I urge you to vote "no" on the suspension of the rules. Thank you.

Less than a majority of the members required by the rules having voted in the affirmative, the question was determined in the negative and the motion was not agreed to.

On the question recurring,

Will the House agree to the bill on second consideration?

The SPEAKER pro tempore. For what purpose does the gentleman, Mr. Markosek, seek recognition?

Mr. MARKOSEK. Thank you, Mr. Speaker.

I would like to just speak briefly on second consideration.

The SPEAKER pro tempore. You are in order.

Mr. MARKOSEK. Thank you.

Just very briefly, I would like to just point out that I believe that our students that attend the various State-related institutions, particularly the University of Pittsburgh, are certainly not out of order. They are our students. They are our families. They are our constituents. And I would ask that certainly we want to get their appropriation. I am disappointed that we were unable to suspend the rules to give them the proper increases in their appropriation. Thank you, Mr. Speaker.

The SPEAKER pro tempore. As a trustee of the University of Pittsburgh, I certainly agree with much of what the gentleman had to say.

For what purpose does the minority whip seek recognition?

Mr. SAYLOR. Speaking on second consideration of 1469, Mr. Speaker.

The SPEAKER pro tempore. You may proceed.

Mr. SAYLOR. Mr. Speaker, I agree with both of you, the Speaker and the gentleman, the Appropriations chairman on the Democratic side of the aisle, about the importance of our students all across this Commonwealth. Earlier the Democratic leader spoke about the cuts that were suffered by these universities, and I sympathize with that. But this Governor and this General Assembly were left, when Governor Rendell left here, with a \$4.2 billion deficit. The decisions had to be made, whether to raise taxes or be fiscally responsible and reduce some spending.

This General Assembly and this Governor decided to be fiscally responsible and reduce spending instead of raising taxes on the taxpayers of this Commonwealth in a very tough and difficult time, Mr. Speaker. While I think all of us very much appreciate our universities and how they contribute to our job creation and the education of our children, sometimes you have to make the best decisions that are based upon fiscal responsibility and what is best for the taxpayers of this Commonwealth. Thank you, Mr. Speaker.

The SPEAKER pro tempore. The Chair thanks the gentleman.

Was the gentleman from Philadelphia, Mr. Thomas, seeking recognition?

For what purpose does the gentleman seek recognition?

Mr. THOMAS. Thank you, Mr. Speaker.

Mr. Speaker, I am going to follow the lead of my leadership—

The SPEAKER pro tempore. I am sorry. Your microphone was not functioning correctly.

For what purpose does the gentleman seek recognition?

Mr. THOMAS. On second consideration.

The SPEAKER pro tempore. You are in order and may proceed.

Mr. THOMAS. And to follow the lead of my leader.

Mr. Speaker, I understand that we have some constraints. I thank the Governor for making an appropriation. I am more appreciative of the Republicans who took another step, but, Mr. Speaker, when you put that next to what the need is, when you put that next to, one, the cost of higher education in 2013; the number of people that need higher education but need help; and thirdly, when you put it next to how important it is to prepare, provide Pennsylvanians with the appropriate skills to participate in the global marketplace, now, we can talk all we want about how bad things are, but it is going to be worse if we do not make the investment today.

Now, the chairman did not try to bankrupt the budget. He provided modest increases that could be translated into more young people taking advantage of higher education and increasing the capacity of these young people to complete the higher education. Because of these rising costs in higher education and our unwillingness to invest more, we are creating a revolving-door syndrome, whereas we are having young people that are able to come in but are unable to come out. We need our young people to stay in. We need them to complete, and we need them to become competitive partners in the global marketplace.

So, Mr. Speaker, the question is not what the constraints are; the question really runs to the consequences if we fail to provide an appropriate investment. Mr. Speaker, open the door and

allow for this and maybe other reasonable amendments that will increase higher education in a way that gives our young people real hope and not disappointment.

Thank you, Mr. Speaker.

The SPEAKER pro tempore. The Chair thanks the gentleman.

On the question of second consideration, the Chair recognizes the gentleman from Allegheny County, Representative Dermody.

Mr. DERMODY. Thank you, Mr. Speaker.

Mr. Speaker, over the last 2 years, the last two budgets, we have spent over \$28 billion each year. So what this budget process comes down to is a matter of priorities, and we are suggesting to you here today that your priorities are all screwed up. Is it better, is it a priority to send \$2 billion back in tax credits and tax cuts to the richest corporations in the world, or should we make a decision to invest in our children, invest in their education, invest in an educated workforce? That is what we should be doing.

You spent \$28 billion, and you spent it on the wrong areas. This is all about priorities, and we say our priorities ought to be our kids. Thank you, Mr. Speaker.

The SPEAKER pro tempore. The Chair thanks the gentleman.

On the question of second consideration, the Chair recognizes the majority Appropriations chairman, Representative Adolph.

Mr. ADOLPH. Thank you. Thank you very much, Mr. Speaker.

Mr. Speaker, you talk about priorities. Well, how does \$1.6 billion sound for higher education for this current year, \$1.6 billion? Let me remind this General Assembly, it was not too many years ago a prior administration zeroed out money for higher education and put it into some type of gambling scheme. So I remember standing here on the floor of the House, we are putting this, we are putting higher education as a priority. The taxpayers are paying for it, and this amendment is in balance. So please support higher education by supporting HB 1469. Thank you very much.

The SPEAKER pro tempore. The Chair thanks the gentleman.

Is the gentleman from Monroe County seeking recognition? The Chair thanks the gentleman.

Is the minority Appropriations chairman seeking recognition for a second time?

I am not encouraging you; I was just inquiring.

Mr. MARKOSEK. I do not know if I would follow your advice anyway, but— Thank you, Mr. Speaker.

The SPEAKER pro tempore. I will take that as a yes.

Mr. MARKOSEK. The Speaker and I are long-time friends.

Just to follow up here, we are really not— This by no means makes higher ed a priority in Pennsylvania when we basically hold harmless the huge cuts that we have, that this General Assembly and the majority party has instituted on our institutions over the last 2 years. You know, we have many, many folks that come into our office from all of these institutions and many others and they are coming in and they are saying, just please, give us what we had last year. We have dumbed down the whole situation to the point where flat funding is now all that they can hope for. That is wrong,

because when we offer flat funding for higher ed or anything else, we are really falling behind. And that was the purpose of my amendments. That was the purpose of my amendment last week. We have ways that we could have raised funds, and the priorities could have been higher ed or basic ed or K-12, or Medicaid expansion is another good example.

Mr. Speaker, I would offer that folks need to understand that we, the Democratic Caucus, have different priorities than our friends and neighbors over on the other side of the aisle, and our priorities are for the children, the workers, and the families of Pennsylvania, not the major corporations that we have cut huge benefits for and huge tax cuts to the corporate world. Thank you, Mr. Speaker.

The SPEAKER pro tempore. The Chair thanks the gentleman.

The majority having voted in the affirmative, the question was determined in the affirmative and the amendment was agreed to.

On the question,

Will the House agree to the bill on second consideration as amended?

Mr. **SAMUELSON** offered the following amendment No. **A02258**:

Amend Bill, page 19, by inserting between lines 7 and 8

(h) Restriction on authority to convey.—Notwithstanding any other provision of this section to the contrary, the Secretary of General Services shall have no authority to grant and convey the tracts of land together with any buildings, structures or improvements thereon, as authorized pursuant to subsection (a) and described under subsection (b), until an independent appraisal of the subject land has been completed.

On the question,

Will the House agree to the amendment?

The **SPEAKER** pro tempore. On the question of that amendment, the Chair recognizes the gentleman, Mr. Samuelson, for a brief description of his amendment.

Mr. **SAMUELSON**. Thank you, Mr. Speaker.

During the State Government Committee meeting a week ago, there was discussion about the need for the Department of General Services to do an appraisal on this property, the 195-acre Allentown State Hospital property. The Department of General Services has indicated that they are in the process of ordering such an appraisal. This amendment puts that requirement in writing and says, it is a one-paragraph amendment that says that the land cannot be sold until an independent appraisal of the subject land has been completed. I ask for a "yes" vote.

The **SPEAKER** pro tempore. The Chair thanks the gentleman.

On the question of the amendment, the Chair recognizes the gentleman from Cumberland County, Representative Bloom.

Mr. **SAMUELSON** offered the following amendment
No. **A02329**:

Amend Bill, page 3, by inserting between lines 22 and 23

(f) Gaming restriction.—The conveyance authorized by this section shall be made under and subject to the condition, which shall be contained in the deed of conveyance, that no portion of the property conveyed shall be used as a licensed facility, as defined in 4 Pa.C.S. § 1103 (relating to definitions), or any other similar type facility authorized under State law. The condition shall be a covenant running with the land and shall be binding upon the grantee, its successors and assigns. Should the grantee, its successors or assigns permit any portion of the property authorized to be conveyed in this section to be used in violation of this subsection, the title shall immediately revert to and revest in the grantor.

(h) Gaming restriction.—The conveyances authorized by this section shall be made under and subject to the condition, which shall be contained in the deed of conveyance, that no portion of the property conveyed shall be used as a licensed facility, as defined in 4 Pa.C.S. § 1103 (relating to definitions), or any other similar type facility authorized under State law. On the question,
Will the House agree to the amendment?

The **SPEAKER** pro tempore. On the question of that amendment, the Chair recognizes the gentleman, Mr. Samuelson, for a brief description.

Mr. **SAMUELSON**. Thank you, Mr. Speaker.

This amendment would put a deed restriction on the property, both the 195-acre Allentown State Hospital property and the 2.3-acre property in Carlisle, and that deed restriction would say that the land subject to the – the land being conveyed cannot be used for gaming. This is standard language that has been included for most land transfers that the State has done over the last several years. I like to call it the Clymer rule. This amendment makes sure that that restriction is put into this bill concerning these two properties.

The **SPEAKER** pro tempore. The Chair thanks the gentleman.

On the question of the amendment, the Chair recognizes the gentleman from Cumberland County, Representative Bloom.

Mr. **BLOOM**. Thank you, Mr. Speaker.

SUPPLEMENTAL CALENDAR B

BILLS ON THIRD CONSIDERATION

The House proceeded to third consideration of **HB 430, PN 2007**, entitled:

An Act amending Title 23 (Domestic Relations) of the Pennsylvania Consolidated Statutes, in child protective services, further providing for definitions; providing for advanced communication technologies and for regulations; further providing for persons required to report suspected child abuse, for reporting procedure, for photographs, medical tests and X-rays of child subject to report, for establishment of Statewide toll-free telephone number, for continuous availability of Department of Public Welfare and for disposition of complaints received; providing for responsibility for investigation; and further providing for information in Statewide central register, for continuous availability to receive reports and for education and training.

On the question,
Will the House agree to the bill on third consideration?
Bill was agreed to.

(Bill analysis was read.)

The SPEAKER pro tempore. This bill has been considered on three different days and agreed to and is now on final passage.

The question is, shall the bill pass finally?

On the question before the House, the Chair recognizes the gentleman from Westmoreland County, Representative Krieger.

Mr. KRIEGER. Thank you, Mr. Speaker.

I have learned something as I have been in this House, and that is we are very good at examining the intentions of a bill, we are very often bad at examining the unintended consequences of a bill. I have absolutely no doubt that the intentions of the drafter and the sponsors of this bill are very good. I think we should think about the unintended consequences, for example.

And I can tell you that there is not a parent in this Commonwealth that is not concerned about disciplining their child in public, and I know that because, one, I am a parent, and two, I have talked to them. I am concerned about this bill in particular in conjunction with some of the other bills we will consider next week that would allow the law enforcement or the county agency to make immediate reasonable efforts to ensure the safety of the child. Now, that sounds very good. In most cases, I am sure it is.

My concern is, you are a parent; are you now concerned that not only you might get reported to CYS (Children and Youth Services) by some good-intentioned person, but you may also then have law enforcement take that child till that issue is resolved. And if you do not think power, however well-intended, can be abused, I would ask you to consider those folks in this nation that were subject to the IRS (Internal Revenue Service) in recent days, weeks, and months.

One frustration I have had in talking about this bill is many have expressed privately concerns to me, that they share my concerns, but they are concerned about voting for this bill

because how that may be perceived. I would ask those members to consider the people that put them here, consider their judgment and the fact that they are going to understand that by voting "no" on this bill, you are not saying you somehow support child abuse. I certainly have more faith in my members, my people, to know that they know me; they know I am not doing that for this reason.

Again, I want to emphasize that I know this is well-intentioned, and I know there would be differences of opinion here, but I would ask those who share my concerns to have the courage of their convictions and make those known.

Thank you, Mr. Speaker.

The SPEAKER pro tempore. The Chair thanks the gentleman.

On the question, the Chair recognizes the gentlelady from Bucks County, Representative Watson.

Mrs. WATSON. Thank you, Mr. Speaker.

Yes, this is my bill, HB 430. It is part of a package. I am the chairman of Children and Youth, and I have been joined by different members to do a whole package of bills as we seek to further protect children and enhance. I would be happy to respond. It was not an interrogation, but I want to at least make people aware of what really happens, what the bill does.

Right now the only one, you would have to be found to be very negligent, and there is a procedure whereby Children and Youth or the police would come in to take a child. That is already in place. This does not change that in any way. What it does do, and we recognize, we allow for, and I know the concern was for some kind of corporal punishment in spanking your child or smacking them when the child pulls a tantrum at the Target store or the grocery store or whatever. First of all, if there was a well-meaning individual – and we always say, child protection is everybody's business – but they would call to make a report. They would talk to ChildLine. ChildLine is staffed by social workers, people well trained to ask a lot of questions and to make that kind of a judgment based on what you say you saw. Would that be something that then would be reported to the police? No. In most cases, they would just say, well, look, it is parental— Was the child seriously hurt? Did you see suddenly a welt spring up on the child's face or the child went unconscious or whatever it might be, and the answer would be no.

There is no intent in the child protection package, this bill or any other, to interfere with what I would call – what society calls acceptable parental action and control. But what we are dealing with in this bill and others would be in fact when there is a real lack of control or people who really do not know how to take care of a child in their care, whether it is their own or somebody else's. But let me assure those who are listening and those who are here in the hall of the House that that is really not the intent, and if we talk about having this discussion, I think that explains under the phrase "legislative intent" what this is really all about.

Thank you, Mr. Speaker.

The SPEAKER pro tempore. The Chair thanks the gentlelady and, on the question, recognizes the gentleman from Bucks County, Representative Petri.

Mr. PETRI. Thank you, Mr. Speaker.

Mr. Speaker, I rise in support of the gentlelady's bill and actually commend her for her work. What this bill does is enhance a problem that we have in Pennsylvania that has existed for a long time with regard to the reporting system.

Many of you may remember reading about a little girl named Porchia Bennett, who died tragically in the corner stuffed underneath a mattress years ago, and part of the problem identified in that case was in fact the very issue the gentlelady is trying to resolve with regard to reporting, how it is handled, the responsibility, and the signoff.

Look, I think most of us as parents recognize there is no more precious asset than our children, and children who are placed in protective custody standards, whether it be through an adoptive parent, a grandparent, a guardian, they deserve as much protection as my child. While I understand the previous speaker and his concerns with regard to corporal punishment, let me assure everyone, with respect to this package of bills, appropriate discipline is still allowed and will still be allowed when these bills get signed into law. But make no mistake, there is a major problem in Pennsylvania and it goes well beyond the Sandusky case. The task force spent an enormous amount of time giving us recommendations. For us to ignore them would be irresponsible. This problem has existed a long time. Pennsylvania has long been known as a statistical outlier. Our threshold level on child abuse is so high that, believe it or not, intentionally starving a child when you have the assets to take care of that child and feed that child is not child abuse. Raping a child is not necessarily child abuse. It is criminal, but it may not be child abuse.

Let us get serious about protecting children. Vote for this bill and every other package. Do the right thing. Thank you.

The SPEAKER pro tempore. The Chair thanks the gentleman.

LEAVE OF ABSENCE

The SPEAKER pro tempore. The Chair recognizes the majority whip, who asks that the gentleman from Delaware County, Representative ADOLPH, be placed on leave for the balance of the day. Without objection, that leave is granted.

The House proceeded to third consideration of **HB 433, PN 2008**, entitled:

An Act amending Title 23 (Domestic Relations) of the Pennsylvania Consolidated Statutes, in child protective services, further providing for disposition of founded and indicated reports, for amendment or expunction of information, for investigation of reports; and for evidence in court proceedings.

On the question,
Will the House agree to the bill on third consideration?
Bill was agreed to.

(Bill analysis was read.)

The SPEAKER pro tempore. This bill has been considered on three different days and agreed to and is now on final passage.

The question is, shall the bill pass finally?

On that question, the gentleman from Lancaster County, Representative Aument, is recognized.

Mr. AUMENT. Thank you, Mr. Speaker.

I appreciate this opportunity to speak on behalf of HB 433. HB 433 seeks to amend the Child Protective Services Law to provide for safeguards and due process with respect to the outcome of a child abuse investigation. This legislation is based on the recommendations of the Task Force on Child Protection. The bill requires that the Children and Youth administrator and the agency solicitor approve all indicated reports of child abuse; provides for a timely notification upon the completion of a child abuse investigation to all subjects of the report, the alleged perpetrator and the mandated reporter, if the report was filed by a mandated reporter; and it requires a specific timeline for appeals to DPW's (Department of Public Welfare) Bureau of Hearings and Appeals and requires that decisions be made promptly after an appeal is heard.

I believe it is critical that as we broaden the definition of "child abuse" and expand and clarify the list of mandated reporters, which I fully support, that we also provide for these important safeguards and due process protections.

I would appreciate a vote in support of HB 433. Thank you, Mr. Speaker.

The SPEAKER pro tempore. The Chair thanks the gentleman.

On the question recurring,
Shall the bill pass finally?

The SPEAKER pro tempore. Agreeable to the provisions of the Constitution, the yeas and nays will now be taken.

STATEMENT BY MR. CLYMER

The SPEAKER pro tempore. The Chair understands the gentleman from Bucks County, Mr. Clymer, is seeking brief recognition under unanimous consent? The gentleman may proceed.

Mr. CLYMER. Thank you, Mr. Speaker.

Mr. Speaker, I want to thank the members of this General Assembly for their support of HB 1424, and I do have some brief remarks which I think are apropos at this time.

Mr. Speaker, in our lifetime we will always remember those events that were inspirational, uplifting, and showed the human spirit at its very best. Conversely, our minds will reflect on those events that showed the very worst of mankind.

HB 1424 will allow our public schools to teach about the Holocaust and other groups suffering from genocide and religious persecution, the very worst of mankind, who, through hate, intolerance, and greed, turned their governments into killing machines, taking the lives of innocent men and women and children. Of all of man's treachery and evil, the Holocaust remains a primary example of a nation using its power to persecute and annihilate a race of people.

Unfortunately, even today in countries around the world, tyrants work overtime to remove their opposition by death or imprisonment or to persecute a group of people because they are different. Our founder, William Penn, was persecuted by those who were intolerant of his religious belief.

I have mentioned the dark side of mankind. Let those who teach about the Holocaust, genocide, and religious persecution so note that many individuals throughout the world were willing to risk their lives to assist members of the Jewish faith. These noble and courageous individuals knew the death sentence awaited them if caught. However, for conscience' sake, they could not be still and allow this reign of terror to go unchallenged. This is the redeeming side of mankind, and these heroes exist even today in helping those trapped in countries where human rights are nonexistent.

Mr. Speaker, HB 1424 is a message from the people of Pennsylvania that there is no welcome mat for evildoers and that the torch of freedom and justice will never grow dim in this great State.

Thank you, Mr. Speaker. May God bless America.

STATEMENT BY MR. COHEN

The SPEAKER pro tempore. The Chair understands the gentleman from Philadelphia, Mr. Cohen, seeks recognition under unanimous consent for brief remarks concerning the bill which was just considered?

Mr. COHEN. Yes, Mr. Speaker.

The SPEAKER pro tempore. Please proceed.

Mr. COHEN. Thank you, Mr. Speaker.

Mr. Speaker, it is a positive step that the House has passed this bill setting forth a statutory framework for allowing school districts to teach the Holocaust. We previously, years ago, had passed a resolution urging school districts to teach the Holocaust.

It is my hope, however, that in the future, after the Senate passes this bill, the House will take into consideration the desire of many to have Holocaust education in all school districts of Pennsylvania, and that would require the State to actually mandate that the school districts have Holocaust education. Representative Boyle has introduced a bill seeking to mandate it. There is a similar bill in the Senate, introduced by Senator Anthony Williams, and I would hope that that proposal would be ultimately taken seriously and enacted by both the House and the Senate.

The SPEAKER pro tempore. The Chair thanks the gentleman for his remarks.

The House proceeded to third consideration of **SB 579, PN 1193**, entitled:

An Act amending the act of April 9, 1929 (P.L.177, No.175), known as The Administrative Code of 1929, further providing for the Pennsylvania State Police; and repealing an act relating to limitation on complement of the Pennsylvania State Police.

(Bill analysis was read.)

The SPEAKER pro tempore. This bill has been considered on three different days and agreed to and is now on final passage.

The question is, shall the bill pass finally?

On that question, the Chair recognizes the gentleman from Delaware County, Representative Vitali.

Mr. VITALI. Thank you, Mr. Speaker.

I had an amendment filed to this bill. I do have an amendment filed to this bill and was considering requesting suspension, but I think rather than doing that, I am just going to outline what the amendment would have done, because I think it is important to have this dialogue on this.

This is an Administrative Code bill, and that sets out the duties of various departments, including the Department of Health. I think it is vital that the Department of Health have a role in the potential health consequences of Marcellus drilling. What this amendment would have done would be to give the Department of Health the duty to do a number of things: one, start to collect data about health-related problems with regard to Marcellus drilling; two, it would also require the Department of Health to do an epidemiological study with regard to the health consequences of Marcellus drilling, looking at an area where a lot of drilling is going on and comparing it to a controlled area; third, what it would do is have the Department of Health do a long-term study of the consequences of Marcellus drilling. It does a number of other things.

I am withdrawing it because I hope at some other point in this budget process, we do provide for the Department of Health to really take an active role so we can answer the question, does Marcellus drilling have health-related consequences? I hope in the next week when people behind closed doors start to discuss what is in the budget, that the Department of Health and funding that to do this would have a place there.

So thank you, Mr. Speaker.
