## LEGISLATIVE JOURNAL

TUESDAY, OCTOBER 7, 2014

SESSION OF 2014

198TH OF THE GENERAL ASSEMBLY

No. 62

### HOUSE OF REPRESENTATIVES

The House convened at 11 a.m., e.d.t.

#### THE SPEAKER (SAMUEL H. SMITH) PRESIDING

#### PRAYER

The SPEAKER. Today the prayer will be offered by Rabbi Peter Kessler, Temple Ohev Sholom, Harrisburg, Pennsylvania.

RABBI PETER KESSLER, Guest Chaplain of the House of Representatives, offered the following prayer:

Heavenly Father, we pray for all who hold positions of leadership and responsibility in the Commonwealth of Pennsylvania. Let Your blessing rest upon them, make them responsive to Your will so that our government may be to the world an example of justice and compassion.

Deepen our love for our country and our desire to serve it. Strengthen our power of self-sacrifice for our nation's welfare. Teach us to uphold its good name by our own right conduct, and cause us to see that the well-being of our Commonwealth is in the hands of all its citizens. Imbue us with zeal for the cause of liberty in our own land and in all lands, and help us always to keep our homes safe from affliction, strife, and war. Amen.

#### PLEDGE OF ALLEGIANCE

(The Pledge of Allegiance was recited by members and visitors.)

**STATEMENT BY MS. TOOHL**

The SPEAKER. The Speaker recognizes the lady from Luzerne County, Ms. Toohil, under unanimous consent.

Ms. TOOHL. Thank you, Mr. Speaker.

I wanted to take a brief moment to talk a little bit about my guests from southern Luzerne County, from the 116th Legislative District, the Fatula family.

The Fatula family contacted me awhile back and they wanted to raise awareness about mesothelioma. And I know many of you legislators have heard oftentimes – you know, you see it on commercials – about mesothelioma, and the Fatula family are survivors of this aggressive disease. They have lost three family members to this mesothelioma, which is an asbestos-related cancer.

And they are here today because when they requested that we raise awareness, we in the legislature did do that and we passed HR 957 in September, and the Fatula family wants to thank you for doing that and to ask you to go home into your districts and talk about mesothelioma and about this cancer, because in their family what happened was their father, many years ago, had worked at a plant, and he would come home, and the girls remember, his daughters remember that there would be chalk in the morning when they would wake up. There would be chalk covering clothing, that they would see the chalk covering the clothing.

And what happened in the family is, it really is an aggressive, aggressive cancer, but it does lie dormant for many, many years, so people in Pennsylvania right now, your constituents, that may be affected by mesothelioma, they would have no idea. And a doctor in Pennsylvania, unfortunately, right now, due to a lack of research and a lack of education, if one of your constituents goes to them and they are not feeling well, something is wrong with their lungs, their stomach, their heart, they are often misdiagnosed and there is a failure to diagnose this cancer that is in their body. So they will be treated the wrong way and they will go through surgeries that they do not have to go through. And in this family, the Fatulas from Hazleton, Michael Fatula was the father, he was the worker, and

unfortunately, this asbestos that came home on his clothing, he died from this. He was diagnosed in December of 2013 and passed away February 2014. His daughter, Cindy, she was diagnosed August 13, 2010, and she passed away 2 years later after many surgeries and a lot of really, really terrible medical treatments that she had to go through when, the family says, because of the lack of research, maybe she would not have had to go through that. And then their aunt also passed away, the father's sister, November 2010, and she passed away right after Christmas.

So we honor you, the Fatula family. We do hold this in great importance and we did pass HR 957, and I just wanted you to once again stand so we can remember you and remember your family and what you have been through as we work in our jobs here in Pennsylvania. Thank you for your advocacy on this issue, and thank you, Mr. Speaker.

The SPEAKER. The Speaker thanks the lady.

### GUESTS INTRODUCED

The SPEAKER. A couple of guest pages are with us today. Located in the well of the House, we would like to welcome Ashlie Bedford, a senior at Hershey High School, and she is here today as a guest of Representative Payne. Welcome to the hall of the House.

And also serving as a guest page today is Marco DeFilippo. Marco is a homeschooled senior and dual-enrollment student at Messiah College. His mother, Kathy, and brother, Max, are seated in the gallery, and they are here today as guests of Representative Grell. Welcome to the hall of the House – mom and brother too.

**STATEMENT BY MR. KINSEY**

The SPEAKER. The Speaker recognizes the gentleman from Philadelphia County, Mr. Kinsey, under unanimous consent relative to one of the resolutions just adopted.

Mr. KINSEY. Thank you, Mr. Speaker.

I want to thank you for allowing me to share a few remarks about HR 1000, Kappa Alpha Psi Day in the Commonwealth of Pennsylvania.

Kappa Alpha Psi Fraternity, Inc., was founded January 5, 1911, at Indiana University in Bloomington, Indiana. It was the crystallization of a dream come true, a shared vision of 10 African-American men: Elder Watson Diggs, John Milton Lee, Byron K. Armstrong, Guy L. Grant, Ezra D. Alexander, Henry T. Asher, Marcus P. Blakemore, Paul W. Caine, Edward G. Irvin, and George W. Edmonds, all students at Indiana University.

To see organizations like Kappa Alpha Psi Fraternity, Inc., continue to grow and prosper in this day and time is remarkable. This organization, headquartered in our Commonwealth, with over 600 active graduate and undergraduate chapters across the world and with over 100,000 members, continues to be in the forefront of training for leadership through programs such as Kappa Guide Right, Kappa League, Healthy Communities, Kappa Camp, Undergraduate Leadership Institute, and the Kappa Alpha Psi Achievement Academy.

Mr. Speaker, fraternities and sororities play an important role and impact the lives of many. Like my good friend, Representative Pyle, a member of Sigma Pi, and Representative Parker, a member of Delta Sigma Theta, or any member of the Divine Nine, we all have been impacted. But today we recognize Kappa Alpha Psi Fraternity, Inc., and its 103 years of

existence. We recognize Kappa's good deeds and their achievements.

I thank the members of this House for their overwhelming support of HR 1000 and ask the members of this chamber to join me in welcoming the members of Kappa Alpha Psi to the Pennsylvania House of Representatives. Will the members please stand of Kappa Alpha Psi.

Thank you, Mr. Speaker.

#### STATEMENT BY MR. HEFFLEY

The SPEAKER. The Speaker recognizes the gentleman from Carbon County, Mr. Heffley, under unanimous consent relative to one of the resolutions just adopted.

Mr. HEFFLEY. Thank you, Mr. Speaker.

I am very pleased today to be joined on the House floor by a young man from the 122d District, Carbon County, who has demonstrated his athletic excellence at one of the highest levels. Austin Shupp, a 2014 graduate of Palmerton High School this past spring, took home quite a few pieces of hardware from the PIAA Track and Field Championships – gold, silver, and bronze medals. He won the 110-meter hurdles and placed second in the 300-meter hurdles, but he credits his relays as his most rewarding races. He and his team placed third in the 400-meter relay.

I think we can honestly say that Austin truly embodies the spirit of a team. In fact, he was quoted in a local newspaper article as saying, "It's just really cool to get medals with the team."

Austin has been named twice as Outstanding Male Track Athlete of the Year, named to the All-State Pennsylvania Track and Field Team for the 100- and 300-meter hurdles, and is a State Games of America champion in the 100- and 400-meter hurdles.

Austin is very humble, and for someone who has this incredible record, that really says something. "Everybody shoots for gold," he said, "but it's really pretty neat to get all three medals – a gold, silver, and bronze."

Austin's many accolades on the track: Austin won every hurdles race he entered as a Blue Bombers senior, with the exception of his final one at States. He won Colonial League and District 11 titles. He set league and district records, and at the league meet, he set the school record for the triple jump with a distance of 47 feet, 2 1/2 inches – a jump that would have won a State title.

His achievements are a testament to his tireless work ethic and relentless drive to be the best. He is now a freshman at Shippensburg University of Pennsylvania, and I am sure that someday down the road, maybe in the not-too-distant future, this House will be honoring a State championship athlete or team of athletes that he has coached to the highest of his abilities.

Being a student athlete, I am sure it is difficult at times to balance all the activities between school, homework, and practice, and that is what makes his achievements so very special.

On behalf of the House of Representatives, I extend my heartfelt congratulations to Austin and his family on his achievements. Thank you, Mr. Speaker.

The SPEAKER. The Speaker thanks the gentleman.

#### STATEMENT BY MR. O'BRIEN

The SPEAKER. The Speaker recognizes the gentleman from Philadelphia County, Mr. O'Brien, under unanimous consent relative to one of the resolutions just adopted.

Mr. O'BRIEN. Suicide, the "suicide disease"; that is what trigeminal neuralgia is referred to, with a pain so intense and debilitating that many people who suffer from it commit suicide. There is no known cause. There is no known treatment. It is a series of hit and miss, a misunderstood disease. Today I simply wish to bring attention to a disease that is very often misdiagnosed. One in 20,000 people suffer from it and live a life of needless pain.

Thank you, Mr. Speaker.

The SPEAKER. The Speaker thanks the gentleman.

The Speaker recognizes the gentleman from Westmoreland County, Mr. Harhai, under unanimous consent relative to one of the resolutions just adopted. The gentleman waives off.

#### STATEMENT BY MR. GILLEN

The SPEAKER. The Speaker recognizes the gentleman from Berks County, Mr. Gillen, under unanimous consent relative to one of the resolutions just adopted.

Mr. GILLEN. Thank you, Mr. Speaker, and thank you to my colleagues on the floor of the House of Representatives for voting unanimously for HR 657, the Leyte landing in the Philippines.

Hours after Pearl Harbor was attacked on December 7, 1941, on December 8, 1941, the Japanese onslaught began against MacArthur's forces in the Philippines. The United States had to withdraw its naval power, and essentially, those that were marooned at Corregidor and the Bataan Peninsula and other places were left to fend for themselves. From December of 1941 until May of 1942 those forces valiantly held out. Franklin Delano Roosevelt ordered MacArthur out with his staff and his family in March of 1942.

In a storied career that began in the Old American West – he was born in 1880 – he entered the United States Military Academy at West Point. In 1899 and 1903 he finished first in his class, fought in the Mexican campaign, the First World War, and later on became the superintendent of the academy, and then from 1936 until 1951 he began a period of uninterrupted service whereas he did not return to the United States during that period of time. But in October of 1944, 70 years ago this month, Douglas MacArthur returned back to the Philippines to fulfill his promise to the American and the Philippine people. And at that moment where he landed at Leyte Gulf – and incidentally, the fighting had just begun, and that fighting would endure in the Philippines until the end of the war, costing tens of thousands of American lives and an estimated 1 million Filipino lives – Douglas MacArthur said, "By the grace of Almighty God our forces stand again on Philippine soil...."

And so I thank you for joining me in commemorating that 70th anniversary of the return of MacArthur and the United States forces to the Philippines.

Thank you, Mr. Speaker.

The SPEAKER. The Speaker thanks the gentleman.

**STATEMENT BY MR. DeLUCA**

The SPEAKER. The Speaker recognizes the gentleman from Allegheny County, Mr. DeLuca, under unanimous consent relative to one of the resolutions just adopted.

Mr. DeLUCA. Thank you, Mr. Speaker, and I want to thank my colleagues today for unanimous consent.

As the chairman of the Italian-American Caucus, today we are honored to introduce this resolution recognizing Italian heritage, which is richly entwined in the history of our country. This heritage did not begin and end with the well-known voyage of Christopher Columbus, but continues to the present day in fields of exploration, science, arts, literature, as well as business and development.

Italians and those of Italian descent have made remarkable contributions to our nation. The list is quite long. American history is replete with citizens of Italian lineage, including the signing of the Declaration of Independence and the formation of the United States Constitution. Italian-Americans have fought in every war from the Revolutionary War to recent conflicts and have served with distinction, including several Congressional Medal of Honor recipients. Italian-Americans were instrumental in building and developing many of our major cities, and Italian immigrants built bridges and roads that we use today. Several major United States universities have been founded and directed by Italian-Americans, and valuable discoveries in science and medicine are credited to those of Italian heritage as well.

Mr. Speaker, I would just like to mention a few, as the list goes too long to keep mentioning them, but let me mention John Basilone, the only enlisted marine in World War II that won the nation's two highest military honors: the Navy Cross and United States Congressional Medal of Honor. John was a United States Marine from New Jersey who fell during the Battle of Iwo Jima in 1945.

The first American saint to be canonized was Mother Cabrini, who became a United States citizen in 1909.

We also know about Lee Iacocca. I do not know how many people know the fact that he was born in Allentown; he is from Allentown. And we all know about all the contributions he has made.

So today we are proud to recognize October as Italian Heritage Month, and I would like to thank everyone for their support for this resolution. Thank you very much, Mr. Speaker.

**STATEMENT BY MRS. FEE**

The SPEAKER. For what purpose does the lady from Lancaster County, Mrs. Fee, rise?

Mrs. FEE. On the resolution.

The SPEAKER. Are you seeking recognition under unanimous consent?

Mrs. FEE. Yes.

The SPEAKER. The lady is in order under unanimous consent relative to one of the resolutions just adopted.

Mrs. FEE. Thank you, Mr. Speaker.

Thank you for your support for HR 1046 recognizing American Made Matters Day on November 19.

Pennsylvania's economy and the American economy can only thrive and grow when we prioritize buying American. I am grateful that the American Made Matters movement continues

to put this effort in the forefront and encourages consumers to prioritize American-made products when making their holiday purchases.

Thank you also to Don Rongione, president of the Bollman Hat Company in Adamstown, and his assistant, Ruthanne Khoury, for their continued leadership in this movement. Let us keep American businesses strong, and just remember that American made does matter. Thank you.

The SPEAKER. The Speaker thanks the lady.

On the question,  
Will the House agree to the amendment?

The SPEAKER. For the information of the members, that amendment had been filed under the lady, Mrs. Watson's name; however, the gentleman, Mr. Moul, is offering the amendment.

The question is, will the House agree to the amendment?

On that question, the Speaker recognizes the gentleman from Adams County, Mr. Moul.

Mr. MOUL. Thank you, Mr. Speaker.

This amendment changes the term "licensed medical practitioner" to "certified medical practitioner" so as to include only physicians, physician assistants, and nurse practitioners as those required to submit medical information in a case of suspected child abuse or neglect. "Certified medical practitioner" is currently defined in regulation.

It also adds language to specify that submissions must be made in a timely manner, and I do believe that this is an agreed-to amendment. Thank you, Mr. Speaker.

### LEAVE OF ABSENCE CANCELED

The SPEAKER. The Speaker returns to leaves of absence and recognizes the presence on the floor of the gentleman, Mr. Pete Daley, from Washington County. Without objection, his name will be added back to the master roll call.

The House will come to order.

I would appreciate if the members would take their seats, kindly hold the conversations down. I would like to offer an opportunity for another member to make some farewell remarks. I would appreciate your courtesy and your attention. Thank you.

### FAREWELL ADDRESS BY MS. MOLCHANY

The SPEAKER. At this point in time we will invite the Representative from Allegheny County, Ms. Molchany, to the dais, and I would appreciate if you give her your attention.

Ms. MOLCHANY. Thank you, Mr. Speaker, and thank you for affording me some time today.

I was not going to give remarks but I did not want to have any regrets as I leave this House. I know that I only served for 2 years – sometimes it feels like 10 – but I realize that there are so few people who have the opportunity to not only hold

elective office, but also to address the General Assembly of Pennsylvania, so I could not let this moment go.

I ran for office because as a nonprofit professional I spent 12 years helping people. I realized through my work in the nonprofit sector that government had a very personal impact on people's everyday lives. I ran for office because I saw public service as a natural extension of how I could continue to help people. I never thought that this work would have such a personal and profound effect on me, and I truly feel that public service is my calling.

Some days in this job are hard – really hard. The challenges we face are huge and the problems are almost too big to solve, but having the opportunity to work with so many people committed to solving the really big issues makes it all worth it.

I will say, just as a sidebar, that when I ran in 2012 all I wanted was to get to the House and find a sustainable funding source for our transportation infrastructure and transit, so I want to thank you, Mr. Speaker, for helping me fulfill that campaign promise. Thank you.

I look around the chamber and see so many friendly faces, people that in just 2 short years I have come to know and have a great respect for. Many of you I expect to know for the rest of my life. Your kindness, acceptance, and mentorship have made me a better legislator than I ever thought possible. It is a distinction to serve in this House, and so many of you remind me that even though I will be leaving the House, the title "Honorable" is now part of my history.

When I was elected to serve I knew that helping would be a little tougher here than it may be in the real world or outside world. There would be a little bit more frustration and institutional hurdles that I never thought possible to overcome, but I knew that what I did would have a significant impact on people's everyday lives.

Here our actions can make life easier or more difficult for hardworking people. Our actions can mean that someone can gain access to affordable healthcare for themselves and their families. Here our actions determine who can marry whom. Our actions determine if our children go to school in a learning environment that is safe and that affords them an opportunity to figure out the kind of citizen they want to be.

These are not just votes that we take here every day; they are game changers for all Pennsylvanians. It is a huge responsibility, and there was not a single day that I served that I did not take that completely to heart. And even though there are some aspects of this job and this place that frustrate me, I am an optimist. I believe it is all worth it – worth the time and energy to honor our democracy through conversation, debate, and consensus.

I have been honored and humbled to serve the people of the 22d Legislative District in Allegheny County. To speak for them, advocate for them, and address their needs and concerns on a daily basis has been the greatest opportunity I have ever been afforded. I thank them for their support and their appreciation.

I want to thank my staff here in Harrisburg and the staff past and present in my district office, some of whom are here today. My chief of staff, Justin Wasser, is here in the gallery. Thank you for being here. We have done incredible things in just such a short period of time.

Finally, I want to thank my family. I could never have done this without their love and support. My dad, the big guy, sitting over here – just wave, there you go; my sister and my

brother-in-law, who could not be here today; and I am certain if she was still with us today, my mom would have been my biggest champion.

So for me this is not a retirement speech – I am only 37 years old – it is more of an until-we-meet-again speech. I thank you for our conversations, our spirited debates, and your friendship and your support. I believe that we agree far more than we disagree. And in whatever capacity I find to continue helping the Commonwealth of Pennsylvania and the people of Allegheny, I am all in. So I look forward to working with all of you in the future. Thank you so much.

### REMARKS BY SPEAKER

The SPEAKER. Erin, those were very nice remarks, especially given the circumstances that you have not been here that long and it takes a little while to get to know people around here just because of the busy schedules we all keep. And you get to know some of the people on your committee or the people you sit by on the floor of the House, but it is difficult to really get to know each other in a way that makes this place productive. Your upbeat and positive outlook and the experience that you gained here I think will serve you well going forward, wherever your life leads you, and I wish you the best.

### COMMEMORATIVE GAVEL PRESENTED

The SPEAKER. And I have a commemorative gavel to present to you at this point in time. God bless you.

Ms. MOLCHANY. Thank you.

The SPEAKER. The House will come to order.

### BILLS ON SECOND CONSIDERATION

The House proceeded to second consideration of **SB 621, PN 2322**, entitled:

An Act amending Title 20 (Decedents, Estates and Fiduciaries) of the Pennsylvania Consolidated Statutes, in orphans' court divisions, further providing for nonmandatory exercise of jurisdiction through orphans' court division; in wills, further providing for rules of interpretation; in dispositions independent of letters, family exemption, probate of wills and grant of letters, providing for submission to jurisdiction; in administration and personal representatives, further providing for continuation of business and for incorporation of estate's business; in accounts and distribution, further providing for determination of title to decedent's interest in real estate; in health care, further providing for authority of health care agent and for relation of health care agent to court-appointed guardian and other agents; in powers of attorney, further providing for general provisions, for form of power of attorney, for implementation of power of attorney, for durable powers of attorney and for account; providing for jurisdiction and venue; in estates, further providing for release or disclaimer of powers or interests; in estates, providing for release of powers and interests and disclaimer of powers; providing for powers of appointment; in trusts, further providing for nonjudicial settlement agreements - UTC 111, for representation of parties in interest in general, for division of trusts, for resignation of trustee and filing resignation, for duty to inform and report, for limitation of action against trustee and for powers, duties and liabilities identical with personal representatives; codifying provisions of the Charitable Instruments Act of 1971; in principal and income, further providing for charitable trusts; and making a related repeal.

On the question,

Will the House agree to the bill on second consideration?

The SPEAKER. On that question, the gentleman from Westmoreland County, Mr. Petrarca, has filed amendment A09815, which the Chair is ruling out of order.

The Speaker thanks the gentleman.

The majority having voted in the affirmative, the question was determined in the affirmative and the amendment was agreed to.

On the question,  
Will the House agree to the bill on second consideration as amended?

Mr. **CUTLER** offered the following amendment  
No. **A09913**:

Amend Bill, page 7, line 27, by inserting after "designees"  
so long as each individual designee has a unique  
identifier when accessing the database  
Amend Bill, page 13, line 26, by inserting after "APPLICABLE."  
Each individual designee of the Office of  
Attorney General shall have a unique identifier when  
accessing the database.

On the question,  
Will the House agree to the amendment?

The **SPEAKER**. On that question, the Speaker recognizes the  
gentleman from Lancaster County, Mr. Cutler.

Mr. **CUTLER**. Thank you, Mr. Speaker.

Mr. Speaker, very briefly, this would require anybody who is  
accessing the database to have a unique identifier and be  
password protected. I think that is an important function of this  
database. If individuals are accessing medical records, I think  
that we should know specifically who that person is, not just the  
office or the location where they are from. And I believe it is an  
agreed-to amendment.

gentleman from Lancaster County, Mr. Cutler.

Mr. **CUTLER**. Thank you, Mr. Speaker.

This is also an agreed-to amendment that adds an additional  
reporting requirement. It will contrast the number of times the  
database is accessed and compare it to the number of search  
warrants that are ultimately issued to determine its  
effectiveness. Thank you.

On the question,

Will the House agree to the amendment?

The SPEAKER. On that question, the Speaker recognizes the lady from Montgomery County, Mrs. Dean.

Mrs. DEAN. Thank you, Mr. Speaker.

This is an amendment that would simply require dual reporting annually, not only by the board but also by the Attorney General's Office on behalf of law enforcement. I believe it is an agreed-to amendment.

Thank you, Mr. Speaker.

The SPEAKER. The question is, will the House agree to the amendment?

On that question, the Speaker recognizes the gentleman from Tioga County, Mr. Baker.

Mr. BAKER. Thank you, Mr. Speaker.

We are not opposed to this amendment.

The SPEAKER. That is one way to put it.

The SPEAKER. On that question, the Speaker recognizes the lady from Montgomery County, Mrs. Dean.

Mrs. DEAN. Thank you, Mr. Speaker.

Like my colleague from Lancaster County, I, too, offer an amendment that would sunset this legislation in 4 years. Because of the newness of this and the newness of this urgent problem and the change of technology and the change of use, I suggest we sunset it in 4 so that we are forced to look at this again.

I ask for an affirmative vote.

The SPEAKER. The question is, will the House agree to the amendment?

On that question, the Speaker recognizes the gentleman from Tioga County, Mr. Baker.

Mr. BAKER. Thank you, Mr. Speaker.

This is not an agreed-to amendment.

We just adopted a 7-year sunset by the gentleman from Lancaster County, and this changes that from 7 years to 4 years, so we cannot support this amendment.

Thank you, Mr. Speaker.

Less than the majority having voted in the affirmative, the question was determined in the negative and the amendment was not agreed to.

On the question recurring,

Will the House agree to the bill on second consideration as amended?

Mr. **KRIEGER** offered the following amendment No. **A09949**:

Amend Bill, page 3, line 5, by inserting after "1236)."

The term does not include those drugs, substances or immediate precursors included in Schedule V of the Controlled Substance Act, provided that it has been identified under 21 CFR § 1308.15 (relating to Schedule V).

On the question,

Will the House agree to the amendment?

The **SPEAKER**. On that question, the Speaker recognizes the gentleman from Westmoreland County, Mr. Krieger.

Mr. **KRIEGER**. Thank you, Mr. Speaker.

This amendment would remove schedule V drugs from the operation of the underlying bill. Let me explain to you what my thinking is here and why I am asking you to consider this.

First of all, I think we need to think about the purpose of the underlying bill. As I understand the purpose, it is to give us a tool for pharmacists and medical professionals to determine whether someone is doctor shopping and to enable us to identify those problems and to stop that problem. That is the main purpose of this bill.

The secondary purpose and the peripheral purpose that has kind of come into this and complicated it is law enforcement's access to the database. Once law enforcement has access there are complicating factors. Constitutional requirements come into play. We have, of course, the Fourth Amendment.

Pennsylvania's Constitution says this: "The people shall be secure in their persons, houses, papers and possessions from unreasonable searches and seizures, and no warrant to search any place or to seize any person or things shall issue without describing them as nearly as may be, nor without probable cause, supported by oath or affirmation subscribed by the affiant."

That is to say, we are creating an exception here, because the general rule is that this is a search – first of all, I guess, we need to determine, is this something we think our people have a reasonable expectation of privacy in? These are prescription records, their medical records; some of this could be very sensitive. I think it is very clear they have a reasonable expectation of privacy.

So the Fourth Amendment in our Constitution comes into play and we have to determine: Are we going to make an exception here? We have made exceptions in a narrow range of cases from the general rule, and again, that general rule is you

need probable cause and you need a search warrant. We have been asked to forgo that.

So the issue is, let us balance that out. Let us figure out how we are going to do that and address this very real problem, this prescription drug overdose problem, this problem where this leads to other drug issues. How are we going to balance that with the privacy of our people and their reasonable expectation of privacy in their medical records?

Well, there are lots of ways we could do that. The reason I am asking you to take a look at schedule V is because – let us take a look at what the schedule V drugs are.

If you take a look at both the DEA (Drug Enforcement Administration) and Pennsylvania's Code, it says the "Schedule V drugs..." are "drugs with a lower potential for abuse..." DEA says, "Schedule V drugs are generally used for antidiarrheal, antitussive, and analgesic purposes."

You have all heard of Robitussin. Robitussin is one that we have probably all had as kids and you can still get. If your kids get Robitussin with codeine, they will be in this database. So obviously there is a burden on our people.

We then need to balance that out with, okay, what are we trying to achieve to stop the overdose of prescription drugs and the abuse? And we are also trying to balance out these constitutional requirements.

What are the drugs that are abused most? If you ask your police officers, if you ask those people on the streets, it is opioids. It is those drugs we all know about that are not schedule V drugs. So we can achieve all the good purposes this bill seeks to achieve and still at least narrow the privacy concerns of our people by removing the schedule V drugs, and again, for the most part are not abused and are not the focus of law enforcement.

I think the thing to remember here is, again, we have a charge to balance. Now, there are arguments that, hey, we can change schedule V. We can move things from schedule V to schedule IV. And of course, that is true and that is an argument I think for restriction on this, because if there is a drug that is a schedule V drug that is abused, either the Pennsylvania regulators or the DEA can move that to schedule IV. We can look at this again. We should narrowly tailor any items that may potentially infringe upon constitutional rights.

And the thing about this amendment, the last thing I think I would say to you, you can do both with this amendment. We can still achieve the good results of this bill. We can still cut down on most of the problems. We can still have this database that is going to catch most, if not all, of the problems we are concerned about, and at the same time show our people we are concerned with their privacy. We do think that if their kid gets Robitussin with codeine that there is no reason that that child should be in that database.

So I would ask you to balance this, to take your responsibility here seriously, to balance these issues, to really get the best of both worlds here by supporting this amendment. So I would ask for support for the amendment, Mr. Speaker. Thank you.

The **SPEAKER**. The question is, will the House agree to the amendment?

On that question, the Speaker recognizes the gentleman from Cambria County, Mr. Barbin.

Mr. **BARBIN**. Thank you, Mr. Speaker.

I rise in opposition to this amendment.

It is my understanding this amendment is opposed by law enforcement. I know specifically it is opposed by the State Attorney General.

We have spent over a year in hearings, in Judiciary hearings, to define the causes of our current heroin epidemic, and in the process of both the Judiciary hearings as well as the rural center for wellness, their findings were that things that you did not expect were gateways to heroin were. The bill as it currently sits, without this amendment, says we are going to provide a tool to law enforcement that will have all drugs reviewed.

Right now we are in the middle of epidemic. If this should be taken out at some place, at a later date, maybe after this 7 years is done, that would be an appropriate time to do it. But right now Cambria County, where I live, has the highest overdose rate of heroin in the whole State. It is an epidemic. We have the same violence problem that is associated with the heroin epidemic. If law enforcement says they need schedule V, we should give it to them.

The SPEAKER. The question is, will the House agree to the amendment?

On that question, the Speaker recognizes the gentleman from Tioga County, Mr. Baker.

Mr. BAKER. Thank you very much, Mr. Speaker.

I, too, rise in opposition to this amendment.

Just to remind the members, this amendment was proffered the last time around when it was under my legislation. We did defeat this amendment by a vote of 145-50. And I just want to remind the good members what precipitated that vote in terms of the debate regarding schedule V drugs, and I would like to just recite that a little bit so everybody understands why we are opposing this. It is very, very important.

Consider the drug Suboxone, for instance. It was once a schedule V drug; it is now a schedule III drug. Schedule V drugs are included as a controlled substance because if it is not used correctly, they can be extremely addictive. They can cause serious harm to the user and there are many statistics to prove that out.

It has also been found that even Lomotil, an antidiarrheal medication, has been used recreationally. At high doses, Lomotil exhibits codeine-like subjective effects; therefore, abusers take up to triple the recommended dosage to experience an opiate-like high.

But again, do not just believe me, listen to the experts. The pharmacists who are on the front lines, the Pharmacists Association and the chain drugstores all oppose exempting schedule V's. Exempting schedule V drugs from being submitted would be a major hindrance to the goal of reducing drug diversion and abuse. There is much diversion of promethazine with codeine, which is a schedule V drug, along with other schedule V drugs.

Additionally, since we last had this debate, it was 28 States, now it has grown to 31 States that have a database that requires schedule V drugs to be reported to the database, and we are hopeful that Pennsylvania eventually will also join those other States.

Let me also reflect on the fact that the schedule V definition of some of these drugs that are being attempted to be exempted that are getting people into trouble, that people are getting extremely addicted to, in some cases causing much, much harm to health and causing crime, potentially: codeine, dihydrocodeine, ethylmorphine, diphenoxylate, opium. You are asking with this amendment that we exempt this from schedule

V drugs. When these drugs are abused, they can be extremely harmful and addictive.

It is like the previous speaker said, the law enforcement community is strongly opposed to this, as well as the pharmacy community, the District Attorneys Association, the Attorneys General Association, the medical profession, nearly all the stakeholders, they are not supportive of exempting schedule V, and I kindly ask for the defeat of this amendment.

Thank you, Mr. Speaker.

The SPEAKER. The question is, will the House agree to the amendment?

On that question, the Speaker recognizes the gentleman from Bucks County, Mr. DiGirolamo.

Mr. DiGIROLAMO. Thank you, Mr. Speaker.

I also rise in opposition to the amendment that we have before us.

And just quickly, the reason that we are doing this bill is to stop the epidemic – doctor shopping and pharmacy shopping that is going on around the State of Pennsylvania concerning these addictive drugs. There are many, many dangerous addictive drugs in schedule V.

And my friends, I want to tell you, addicts are very entrepreneurial people. They will do anything to continue their addiction. It will not take them long to figure out that schedule V's are not included in the database, and they are going to be all over the place doctor shopping and pharmacy shopping for schedule V drugs because they know that they are not included in the database.

We have got to have schedule V included in the database; almost every other State does. Law enforcement is against this amendment. I beg you to please vote "no" against the amendment we have before us. Thank you.

The SPEAKER. The question is, will the House agree to the amendment?

On that question, the Speaker recognizes the gentleman from Washington County, Mr. Neuman.

Mr. NEUMAN. Thank you, Mr. Speaker.

I also rise to oppose this amendment.

This would leave a glaring loophole within the database, and when you come from an area where I come from, when you are 20 minutes from West Virginia and you are 30 minutes from Ohio, not only do we create a loophole in our system, we create a loophole in the whole corridor, because the way that it works is, if you have a Pennsylvania script, the other States abide by Pennsylvania law. And all of our surrounding States have schedule V's, which could potentially have very dangerous and addictive drugs within them. We become a mecca for out of State pharmacy shopping and doctor shopping, and this leaves a glaring loophole that will make Pennsylvania different from the surrounding States that could potentially harm my area in particular, but anybody that borders another State.

So I encourage people to vote this amendment down and make sure that we do not have a loophole in this bill. Thank you.

The SPEAKER. The question is, will the House agree to the amendment?

Is the gentleman, Mr. Krieger, seeking a second shot at that? You do not have to.

Mr. KRIEGER. You tempted me, Mr. Speaker.

Again, I understand there may be some differences of opinion here, but I would observe – the gentleman mentions a loophole. I mean, I guess depending on your viewpoints you

could argue that model glue – the old, back in the day, you used to sniff that. That is not here. That is a loophole. You can get high on gasoline. That is a not loophole.

It is about balancing. It is about—

Yeah, we understand that there are schedule V drugs that someone can abuse. You can get enough codeine in Robitussin to abuse it, but again, we are looking at a balance here between our people's rights, which we all agree that they have a right to privacy and we all agree we are making an exception in this case because we think there is a good reason to do it. The question is, where do we draw the line?

And I would argue, where I am asking you to draw the line is a very reasonable place to do it, and we can revisit it later if we find out that that is not a good place.

So again, thank you, Mr. Speaker, for the encouragement.

The SPEAKER. The question is, will the House agree to the amendment?

On that question, the Speaker recognizes the gentleman from Allegheny County, Mr. Wheatley.

Mr. WHEATLEY. Thank you, Mr. Speaker.

I was wondering if the maker of this amendment would stand for interrogation.

The SPEAKER. The gentleman, Mr. Krieger, indicates he will stand for interrogation. You may proceed.

Mr. WHEATLEY. Thank you, Mr. Speaker.

I am wondering if you could – because I do not know all the list of the schedule V drugs, but could you give me some examples of some of the drugs that might be now considered a part of this database that are on the schedule V drug list?

Mr. KRIEGER. Thank you, Mr. Speaker.

I can give you some of the sources I have here.

Now, I will tell you, some of these are scientific names. I looked them up on the Internet, but I want to make sure – I am not an expert on exactly what these are used for.

Robitussin AC, which is a Robitussin with codeine, is a schedule V drug. Dihydrocodeine in amounts up to 100 milliliters; according to the Internet, that is an analgesic, an antitussin, and antidiarrheal. One hundred milligrams of dihydrocodeine, according to the Internet, used as an antitussive, which I understand is like to get rid of congestion in your lungs. Up to 100 milligrams of ethylmorphine, used to treat a dry cough. Not more than 2.5 milligrams of diphenoxylate, used for the treatment of diarrhea. Propylhexedrine, used to treat temporary nasal congestion, and pyrovalerone used to treat chronic fatigue.

Mr. WHEATLEY. Thank you, Mr. Speaker.

Mr. Speaker, if I may speak on the amendment?

The SPEAKER. The gentleman is in order on the amendment.

Mr. WHEATLEY. And so just from a cursory review of some of those drugs that might be under the schedule V and what we are about to do, and understanding that we do have this epidemic that is happening in our neighborhoods and communities, I think it is also important for us not to go overboard and overregulate and bring innocent folks into a possible situation that might expose them and their privacy in an effort to try to pretend like we are making people safer.

Now, I, for one, believe that the Founding Fathers, if we were going to err, they would tend to want to err on the side of individual rights and not of the rights of the institutions that can be abused. And being from a class of folks who have certainly seen their share of abuse from the legal system, I think we

should be very careful when we do these types of things that we do not start to have an environment in our rush to try to please segments of our law enforcement, that we make sure we protect people first.

And my statement is, this amendment at least tries to find a delicate balance, not to want to rush and go overboard but also understand that there are real people out there who are just trying to live their life who do not want government and law enforcement in their business. They are not doing anything illegal. They are not doing anything wrong, so why should we allow for them – and many of you, I have had this conversation before. When we talk about gun databases, you do not want people's privacy put into that, but now you want people's privacy around their prescriptions put into a database that will be used for law enforcement to peek into what they are doing.

So I think this amendment is one that at least attempts to try to find a balance. So I would ask you all to support the amendment, because if you do not want government in your business around guns, you certainly do not want them in your business around prescriptions.

Thank you, Mr. Speaker.

The SPEAKER. The question is, will the House agree to the amendment?

On that question, the Speaker recognizes the gentleman from Washington County, Mr. Neuman, for the second time.

Mr. NEUMAN. Thank you, Mr. Speaker.

Let us be clear: This amendment does not just limit access to law enforcement; it also limits access to our health-care professionals, the ones that are most important to see who is getting schedule V drugs, and if they are doctor shopping or pharmacy shopping. This is not just a limitation on law enforcement; it is a limitation on our health-care professionals who need access to see the database to see if people are doctor shopping for schedule V's.

So let us be clear: It is not just about law enforcement; it is also about our health-care professionals. Thank you, Mr. Speaker.

The SPEAKER. The question is, will the House agree to the amendment?

On that question, the Speaker recognizes the gentleman from Delaware County, Mr. Miccarelli.

Mr. MICCARELLI. Thank you very much, Mr. Speaker.

I rise in opposition to this amendment.

Just recently I had a conversation with my local CVS (Consumer Value Stores) pharmacist who was telling me, CVSs can talk, Rite Aids can talk, but they cannot talk across different pharmacies because they do not have the ability. Now, insurance companies can already share information. Your pharmacist knows what it is you are taking. They know what kind of medication that we are taking.

The gentleman from Allegheny brought up the gun argument. Prescription drug abuse and prescription drug overdoses, drug overdoses in general, kill many more people than guns in Pennsylvania.

This is an epidemic. This is something that needs to happen. This is something that we need to take care of and take care of quickly. Thank you very much, Mr. Speaker.

The SPEAKER. The question is, will the House agree to the amendment?

Is the gentleman seeking recognition for the second time?

The question is, will the House agree to the amendment?

On that question, the Speaker recognizes the gentleman from Allegheny County, Mr. Wheatley, for the second time.

Mr. WHEATLEY. Mr. Speaker, I just want to clarify for the record, and I am not trying to divert this conversation from what it is, because it is a very important conversation to have around the epidemic that we are seeing, not only from our drug overdoses but the epidemic that we are seeing in our streets from guns.

And all I am saying is, for me and many of us in this room, we have talked about the issue of personal rights and responsibilities. And what I am saying is, if we believe there is an epidemic and crisis around drugs and prescriptions to the degree where we are willing to infringe upon people's freedoms and the right to assume privacy, to have a database and allow for access to that database from law enforcement, to prevent drugs, from the abuses of drugs, then we certainly should agree that guns are killing people on our streets as well, and that there should be a database and access to eliminate that.

So if we do not believe that as a principle and we do not think there is a crisis – as much of a crisis or more behind what is happening with gun violence on our streets – this makes no sense to me. Why are we moving this? But this is off the conversation.

I think this is a balance on the amendment, the amendment itself. I think some of these schedule V drugs that we have as schedule V drugs are so commonplace that that makes most of us, when we go into our pharmacies, when we are assuming that whatever we are doing between us and our pharmacists is going to be protected and private now is becoming a part of public record that someone can review, and on top of reviewing us, they do not even have to notify that someone is looking at our records. So if that is not a great governmental move and infringement upon a person's rights and privacies, I do not know what it is. And if we are willing to do it for this, then certainly we should do it for guns. Thank you.

LEAVE OF ABSENCE

The SPEAKER. The Speaker returns to leaves of absence and recognizes the majority whip, who requests a leave of absence for the gentleman from Chester County, Mr. HENNESSEY, for the remainder of the day. Without objection, the leave will be granted.
