Let us pray:

Almighty God, we thank You for bringing us to this new day to celebrate the wonder and awe of Your glorious creation. You have set us as the stewards of Your bountiful creation and entrusted to us the obligation to care for Your world and those creatures within it.

You have also set before us the ways of life and death and given us the opportunity to use the talents and abundant gifts You have given us to ensure that all of Your creation and humanity have a place in Your world to feed, clothe, and shelter their families and practice the faith they choose to follow.

As this new day of deliberation, discussion, presentation, and decision is about to begin in this distinguished House, we ask that You bless each one here as they keep in mind those they are representing and those who are here on their behalf. Give guidance to each person gathered here and the will to promote the welfare of all those who inhabit this great Commonwealth. Guard this precious Commonwealth, which we call our home. Pour out Your spirit of civility on these members of the House as the difficult questions of this day and time are debated.

SARAH SHANNON PRESENTED

The SPEAKER pro tempore. The gentleman may proceed. Thank you.

Mr. WENTLING. Mr. Speaker and colleagues, as a former teacher, I take great joy in being able to recognize the outstanding achievements of our State's top students. We are privileged to have with us today Sarah Shannon, who is one of only two recipients to be awarded our Pennsylvania House of Representatives Scholarship.

Sarah is a senior at my alma mater, Greenville High School, where she continues to make all of us Trojans, past and present, proud of her exceptional academic work. The House scholarships are highly competitive, and it is no small feat that she was selected. The education dollars will go a long way toward financing her studies. She intends to begin this fall at Geneva College in Beaver Falls.

In addition to the House scholarship, she has been named a Horatio Alger Pennsylvania Scholar. She was also awarded a scholarship from Greenville High School band boosters. Sarah has been an outstanding member of the band for several years. Sarah is regarded by her friends, teachers, and neighbors as not only a gifted student, but also a kind, caring, and considerate young woman who serves as a role model for all young people. Please join me in giving Sarah a warm welcome.

Thank you very much.

The SPEAKER pro tempore. The Chair thanks the gentleman.

It is my great pleasure and honor today to introduce the Constitution High School 2014-15 PIAA State Class A Boys Basketball Champions. With a record of 24-8, they went into the finals and not won the game but crushed, but crushed their opponents 85 to 53. This was the team's third State title in 4 years.

Their starters, Chad Andrews-Fulton, Ahmad Gilbert, Akeem King, Haneef Vaughn, and Kimar Williams, could not do it alone. Every cake needs to be iced. And their team, the team coach, Robert Moore, was selected as the Associated Press State Class A Coach of the Year. I would ask you to join me in welcoming them.

Now, their colleagues and the rest of the team are back in the corner. I would ask them all to rise, and I would ask us all to recognize them.

Thank you, Mr. Speaker.

The SPEAKER pro tempore. The Chair thanks the gentleman and congratulates the team.

#### STATEMENT BY MR. KELLER

The SPEAKER pro tempore. Representative Fred Keller is recognized to speak on HR 349.

Mr. F. KELLER. Thank you, Mr. Speaker.

Representative Linda Culver and I would like to thank our colleagues for joining us in recognizing Pennsylvania Cystic Fibrosis, Inc., for their extraordinary and tireless efforts over the past 30 years raising awareness and working to find a cure for this fatal disease. Now we are going to get a little participative, okay? I am going to ask everybody that is here today to please take a nice, big, deep breath. Now imagine going through your entire life without being able to breathe like that. For people with cystic fibrosis, not being able to breathe like this is an ever-present reality of everyday living.

This tragic reality touched the lives of Mifflinburg residents Bob and Linda Derr, who lost their son, Burke, to this disease in 1997. Two years later, then Representatives Merle Phillips and Russ Fairchild teamed together to recognize the work of the Derr family by cosponsoring and successfully advancing HR 198. HR 198 proclaimed Burke P. Bear – unfortunately, Burke could not be with us today, but we will talk a little bit about him – Burke P. Bear is named in memory of Burke Derr, and is now a world-famous member of the Boyd's teddy bear collection as the Pennsylvania "Ambassador for Love, Peace, Having Fun" and curing cystic fibrosis.

At that time Pennsylvania Cystic Fibrosis, Inc., and the Derr family had only just begun their Million Dollar Bear and Burke's Bear Tour campaigns to raise awareness of cystic fibrosis and to help fund cystic fibrosis cure research. This...
transforming work started in the small town of Mifflinburg, Pennsylvania, in 1985, and would go on to achieve worldwide recognition – thanks in large part to Bob and Linda Derr and a small teddy bear named "Burke." This work continues today as the Pennsylvania Cystic Fibrosis, Inc., will celebrate its 30th anniversary this coming October. The Million Dollar Bear Campaign and Burke's Bear Tour have reached all 50 States and 23 countries.

Garnering countless individual donations, this all-volunteer nonprofit organization has raised more than $565,000 for cystic fibrosis cure research, which continues at some of America's top medical research universities. The long list of accomplishments contained in HR 349 more than speak for themselves. Representative Culver and I sincerely congratulate the Derr family; Logan Roush, president of Pennsylvania Cystic Fibrosis; and everyone at the Pennsylvania Cystic Fibrosis, Inc., on their well-deserved 30th anniversary. Best wishes for even greater success in the future as you lead the fight across the nation and around the world to find a cure for cystic fibrosis.

Again, thank you, Mr. Speaker, and to all of our colleagues for supporting HR 349.

The SPEAKER pro tempore. The Chair thanks the gentleman.

On the question,
Will the House agree to the bill on second consideration?

Mr. KILLION offered the following amendment No. A01657:

Amend Bill, page 2, line 1, by inserting after "prohibit"
or penalize
Amend Bill, page 2, line 4, by striking out the period after"leachate" and inserting provided that:

(1) Trucking of leachate may be conducted using vehicles with enclosed tanks if they are operated in compliance with all applicable regulations promulgated by the Federal Motor Carrier Safety Administration regulations under 49 CFR (relating to transportation).

(2) If the daily number of tanker vehicles transporting leachate will be greater than 10% of the total number of vehicles delivering waste and materials to the site as evaluated in the most recent traffic study for the facility, a new traffic impact analysis shall be conducted and reviewed pursuant to applicable regulations of the Department of Transportation. The facility may be required to submit an updated environmental assessment that includes the new traffic impact analysis to the department for its consideration in accordance with 25 Pa. Code §§ 271.126 (relating to requirement for environmental assessment) and 271.127 (relating to environmental assessment).

(3) To the extent an existing permitted landfill, or expansion thereof, proposes to use leachate transportation as a basic treatment method for some or all of the daily volume of leachate calculated pursuant to 25 Pa. Code § 273.162(a)(1) (relating to leachate treatment plan), the facility closure and post closure financial assurance shall be recalculated and increased, if required, to cover the costs associated with that volume and duration of the proposed leachate transportation. No financial assurance modification shall be required for the use of transportation for management of leachate volumes related to excess rainfall, open cell conditions, system interruptions or emergencies.

Amend Bill, page 2, line 5, by striking out "Definition--" Amend Bill, page 2, line 9, by striking out "§" and inserting §§ 273.163(b) (relating to modification of leachate treatment plan) and

On the question,
Will the House agree to the amendment?

The SPEAKER. On that question, the Chair recognizes Mr. Killion.

Mr. KILLION. Thank you, Mr. Speaker.

This amendment is an amendment that was worked on due to some of the concerns that DEP (Department of Environmental Protection) had with the bill. It has really three parts. One deals with transportation of the leachate, one deals with bonding after a landfill is closed, and the third deals with traffic. Now the DEP is neutral on the legislation if this amendment goes in.

Thank you, Mr. Speaker.

The SPEAKER. Representative Vitali, on the amendment, sir.

Mr. VITALI. Thank you, Mr. Speaker.

If I may just give a little bit of background to give my comments on the amendment a little bit of context. The existing law with regard to leachate—

The SPEAKER. Sir, please suspend.

Members, please give Representative Vitali the floor. He has some remarks on amendment 1657. If all members could please take their seats and if we could give Representative Vitali the opportunity to speak on the amendment.

Sir, the floor is yours.

Mr. VITALI. Thank you, Mr. Speaker.

The bill in chief deals with the transportation of leachate generated from the 47 landfills in Pennsylvania. Current law, with regard to the disposal of leachate generated in landfills in Pennsylvania, is that they must, leachate must be either treated on-site or piped to a treatment facility. After a landfill has been in operation for 3 years, it can no longer be trucked by vehicle. What the Killion bill does, before I get to the amendment, is it prohibits the DEP from prohibiting the transport of leachate by truck. In other words, leachate transport by truck will be allowed under the Killion bill.

Now, to this amendment, what this amendment does is attempts to modify the bill, and I have some concerns with the way this amendment does that. I think the amendment is defective in at least two regards. The first thing the amendment purports to do is require the use of certain trucks which meet the regulations of the Federal Motor Carrier Safety Administration. The problem with that provision is it is a "may" provision, not a "shall" provision, so that it is entirely optional whether the landfill in fact has to use those trucks. And that "may" provision, as I see Representative Killion moving to the mike, that "may" provision is in (1). It says, "Trucking of leachate may—" not shall, but may—"be conducted using..." certain "vehicles."

So the first problem with this amendment is that the requirement of the use of the certified trucks is illusory. It is not an actual requirement. The second problem with this amendment, which I also think has an illusory aspect to it, is that the amendment purports to require a traffic impact study and an environmental assessment. But the problem is, regardless of what that traffic study or environmental impact assessment states, I do not see any requirements that allow the DEP to prohibit trucks, so I think that provision is also illusory. I think the amendment attempts to do something but fails to do it, that is why I would ask for a "no."

I also have two other amendments, one of which would be necessary if this amendment succeeds, and the other if it does not succeed. But because I think this amendment fails to do what it purports to do, I would ask for a "no" vote.
The SPEAKER. Any other members wishing to speak before I turn it over to the maker of the amendment?
Representative Killion, the floor is yours.
Mr. KILLION. Thank you, Mr. Speaker.
And all due respect for my colleague from Delaware County.
You need to realize, we have been trucking leachate for years, and leachate is not considered a hazardous substance. So as far as the transportation, what we put in the bill has made DEP happy, so I believe that is fine. As far as, he talked about traffic. The bill deals with that, that if traffic is increased over 10 percent due to trucking, a new traffic study has to be done, and that would involve the Department of Transportation taking a look at that.
So this is a good amendment. Not just because it is mine, it is a good amendment. It is a good amendment because it makes this bill better. We have the full support of the industry as well as, and I must repeat, DEP is neutral on the bill.
Thank you, Mr. Speaker.

The SPEAKER. Representative Vitali, sir, I have you listed for two amendments. We are going to call up 1725 first; 1725.

On the question recurring,
Will the House agree to the bill on second consideration as amended?

Mr. VITALI offered the following amendment No. A01725:

Amend Bill, page 1, lines 1 and 2 (A01657), by striking out all of said lines and inserting
Amend Bill, page 2, line 1, by striking out "not prohibit" and inserting permit

The updated environmental assessment must:
(i) include a new traffic impact analysis that takes into account the anticipated impact of the vehicles used for the trucking of leachate; and
(ii) meet the approval of the department.

Amend Bill, page 1, lines 31 through 34 (A01657), by striking out "No financial assurance modification" in line 31 and all of lines 32 through 34 Amend Bill, page 2, lines 1 through 3 (A01657), by striking out all of said lines and inserting Amend Bill, page 2, lines 8 through 11, by striking out all of said lines Amend Bill, page 2, line 12, by striking out "3" and inserting 2
On the question, 
Will the House agree to the amendment?

The SPEAKER. On that question, the Chair recognizes Representative Vitali.

Mr. VITALI. Thank you, Mr. Speaker.

I think in short what this amendment does is makes the Killion amendment as he just described it. In other words, this amendment makes the Killion amendment do what he purports it already, his bill does as amended. And let me get specific on that. What this does with regard to the transportation of leachate in certain safe trucks, just like we all hear about the Bakken crude and the safe train trucks, it is the same concept here, although a much safer substance. This amendment makes it mandatory that trucks that have to comply with certain Federal regulations are used in the transport of leachate. What the Killion amendment language is is, “may be” used. What this says is that they are to be used, so it makes those safer trucks part of the allowance of the transport of leachate.

The second thing this bill does is, we heard in the Killion amendment that a traffic study and an environment assessment have to be submitted, and that is good. But what this amendment requires is that they have to be satisfactory. In other words, I believe under the Killion amendment, if a traffic study is submitted and it shows the worst possible traffic impacts, the DEP still cannot prohibit the transport. What this amendment says is, yes, you have to conduct your traffic impact study. Yes, you have to have the environmental assessment, but it has to be satisfactory. That is a key thing. So these are just little tweaks that I think make the Killion amendment do what I think it claims to do.

So I would ask that this amendment be approved by the committee.

The SPEAKER. Representative Killion.

Mr. KILLION. Thank you, Mr. Speaker.

I will be very brief. My good colleague from Havertown, the first comments he made, they were answered. I answered them when I spoke the first time on the first amendment. On the second one, if we followed what he wants to do – we have done traffic studies, impact studies, here in Pennsylvania for years, and have done well by PENNDOT. He now wants to move the responsibility for looking at those traffic studies from PENNDOT, which is the agency we have to do that, to DEP. I do not believe that is the way we want to go.

I would ask for a “no” vote on amendment 1725.

The SPEAKER. Any other members wish to be recognized?

Representative Vitali, for the second time.

Mr. VITALI. Just to be clear, it is the Killion amendment that requires the traffic study to be reviewed by the DEP. I am not doing that. It is Killion. All I am saying is that this traffic study, which is part of the environmental assessment as provided in the Killion amendment, it has to be satisfactory. It has to be approved. That is all I am saying. I am just making it clear that it is not enough simply to do the study, but the study has to be satisfactory. I am not changing any law with regard to who does the traffic impact studies. All I am saying is, they have to be— You just cannot do a study and it says, “This is going to be absolutely terrible. Fine. We are going to let it go anyway.” All I am saying is, making clear the requirement it has to be satisfactory, period.

The majority having voted in the affirmative, the question was determined in the affirmative and the amendment was agreed to.

On the question,
Will the House agree to the bill on second consideration as amended?

VOTE CORRECTION

The SPEAKER. Representative Santora, on unanimous consent.

Mr. SANTORA. Mr. Speaker, I just would like to be recorded on HB 339, amendment 1695, in the affirmative. I hit the wrong button, sir.

The SPEAKER. The record will so reflect.

CONSIDERATION OF HB 1038 CONTINUED

On the question recurring,
Will the House agree to the bill on second consideration as amended?

Mr. MULLERY offered the following amendment No. A01801:

Amend Bill, page 2, by inserting between lines 20 and 21
(d) Notwithstanding the prohibitions on the use of public assistance funds in this section, this section shall not be construed to apply to funds deposited onto the electronic benefits transfer card which relate to child support or the State blind pension.

On the question,
Will the House agree to the amendment?

The SPEAKER. On that question, the Chair recognizes Representative Mullery. The gentleman will please suspend.

Members, please give Representative Mullery the opportunity to speak on his amendment. Thank you.

Mr. MULLERY. Thank you, Mr. Speaker.

Amendment A01801 is an agreed-to amendment. In some instances, child support is placed on the EBT (electronic benefit transfer) card. This amendment ensures that in those cases, money that is related to child support which provides private funds are not subject to the restrictions outlined in this legislation.

And again, this is an agreed-to amendment, and I ask for an affirmative vote.

The SPEAKER. Thank you, sir.

Representative Reese, on the amendment.

Mr. REESE. Thank you, Mr. Speaker.

I thank the Representative for offering the amendment, and it is agreed to. I urge an affirmative vote.

Thank you, Mr. Speaker.

Will the House agree to the amendment?

The majority having voted in the affirmative, the question was determined in the affirmative and the amendment was agreed to.

On the question recurring,

Will the House agree to the bill on second consideration as amended?

Mr. O'BRIEN offered the following amendment No. A01638:

Amend Bill, page 2, by inserting between lines 20 and 21

(d) Nothing in this section may be construed as to prohibit the purchase of items to be used in religious ceremonies.

On the question,

Will the House agree the amendment?

The SPEAKER. On that question, Representative O'Brien is recognized.

Mr. O'BRIEN. Thank you, Mr. Speaker.

This amendment at first blush may seem like an exercise in silliness, but—

The SPEAKER. Sir, please suspend.

Members, if we could, Representative O'Brien is outlining his amendment, 1638. Representative O'Brien, the floor is yours.

Mr. O'BRIEN. Thank you, Mr. Speaker.

As I was saying, at first blush this amendment may seem like an exercise in silliness, that the card can be used to purchase tobacco used for religious purposes. But let us think for one moment about Native Americans who use tobacco in religious and cultural ceremonies. It seems to me this chamber is very, very concerned about Christian values but loses sight of other values and the diversity of this Commonwealth.

AMENDMENT WITHDRAWN

Mr. O'BRIEN. That said, Mr. Speaker, I withdraw the amendment.

The SPEAKER. All those in favor of the amendment will vote "aye"; those opposed, "nay." Members will proceed to vote—Oh, I am sorry.

Representative Reese.

Mr. O'BRIEN. Mr. Speaker, I withdrew that amendment, sir.

The SPEAKER. I apologize. Staff and I did not hear that, and I apologize.

On the question recurring,

Will the House agree to the bill on second consideration as amended?

The SPEAKER. Representative Brandon Neuman, your amendments, sir, are they withdrawn? Thank you, sir.

Have all other amendments been withdrawn from this particular bill, 1038?

On the question recurring,

Will the House agree to the bill on second consideration as amended?

Bill as amended was agreed to.

The SPEAKER. The bill as amended will be reprinted.
RESOLUTION

Mr. DiGIROLAMO called up HR 305, PN 1398, entitled:
