### HOUSE OF REPRESENTATIVES

**THE SPEAKER PRO TEMPORE  
(MATTHEW E. BAKER) PRESIDING**

#### PRAYER

The SPEAKER pro tempore. The prayer will be offered by Rabbi Shloime Isaacson, Congregation Beth Solomon Community Center, Philadelphia. He is a guest of Representative Murt.

RABBI SHLOIME ISAACSON, Guest Chaplain of the House of Representatives, offered the following prayer:

I would like to take this opportunity to thank a close friend of our community center, a close friend of mine, Representative Tom Murt, for his friendship and commitment to our community. May he be blessed with many years of health, happiness, and strength to continue his devoted work each and every day. Thank you for inviting me here today.

(Prayer in Hebrew.)

He who grants salvation to kings and dominion to rulers, whose kingdom is a kingdom spanning all eternities; who releases David, His servant, from the evil sword; who places a road in the sea and a path in the mighty waters, may He bless, safeguard, preserve, help, exalt, make great, extol, and raise high the Representatives of the House of Representatives, the officials, the President, the Vice President, and all the officials of this land and the great city of Harrisburg.

The King who reigns over kings, in His mercy may He sustain them and protect them from every trouble, woe, and injury; may He rescue them; may He gather peoples under their sway and cause their enemies to fall before them. Wherever they turn, may they succeed.

The King who reigns over kings, in His mercy may He put into their heart and into the heart of all of their counsels and officials compassion to do good with us and with all Israel. In their days and in ours, may Judah be saved and Israel dwell securely. May the redeemer come to Zion so may be His will. Now let us respond: Amen.

Mr. SANTORA. Thank you, Mr. Speaker.

It is my pleasure to present this citation to Anastasia Babayeva, who was honored this year as the 2015 Outstanding Teacher for the Youth America Grand Prix. Anastasia was born in Moscow, Russia. Ms. Babayeva began dancing at the age of 4. She is a graduate of the world-renowned Bolshoi Ballet Academy, Moscow, and she danced professionally with the Bolshoi Theatre in Russia and became the principal soloist.

The SPEAKER pro tempore. Will the gentleman suspend.

Mr. SANTORA. Thank you, Mr. Speaker.

Ms. Babayeva has performed as the principal dancer for the Chicago Ballet and the Richmond Ballet. She has performed principal roles in classics such as "Swan Lake," "The Nutcracker," "Giselle," "Romeo and Juliet," and "Sleeping Beauty." Now she dedicates her life to the youth of dance. She teaches them right in Media, Pennsylvania, in my distinguished colleague's district, Representative Killion, in Media. She is trying to instill the teachings of the Bolshoi Ballet in the youth of today so that they can carry on that tradition. Her students are in the back. If they would just rise and be acknowledged.

So we are here today to present this citation to Ms. Babayeva. On behalf of all of the members of the House of Representatives, we congratulate you on your distinguished honor.

## STATEMENT BY MR. NEILSON

The SPEAKER pro tempore. Representative Neilson is recognized to speak on HR 504.

Mr. NEILSON. Thank you, Mr. Speaker.

I would like to thank the members for unanimous support of HR 504, declaring October "Dyslexia Awareness Month." It was not too long ago when this body passed HB 198, or Act 69, with a small step in the right direction to address dyslexia in PA.

One of the inspirations behind this legislation, as many of you know, was my son, Ryan. I would like to give him a shout-out today and wish him a happy birthday. He turns 10 today. And I wanted to let you know his progress. Although he still struggles, as tens of thousands of children in Pennsylvania, there is a serious learning disability affecting reading comprehensions and other skills that often goes undiagnosed. Studies show approximately 15 percent of the general population is affected by dyslexia.

Now, this subject is something I would love to talk about all day, but out of respect to the members, I would like to submit the rest of my remarks for the record. But before I do that, I want to invite them all to join the Pennsylvania Dyslexia Coalition this Wednesday, 10 a.m., in the rotunda for an opportunity to meet some of those affected, both positively and negatively, with dyslexia.

Thanks again, Mr. Speaker.

The SPEAKER pro tempore. The Chair thanks the gentleman.

### REMARKS SUBMITTED FOR THE RECORD

Mr. NEILSON submitted the following remarks for the Legislative Journal:

In addition to the 15-percent number stated above, studies also show that between 25-40 percent of children with dyslexia also have ADHD (attention deficit hyperactivity disorder), and conversely, approximately 25 percent of children with ADHD also have dyslexia.

The good news is that these days we have more research to show what dyslexia is and what it is not. We know dyslexia reflects an inefficient functioning of neural systems. We know it does not reflect a person's intelligence or potential to learn. And we know we have the means to help students, and even adults, coping with dyslexia to succeed.

Since our understanding of dyslexia has grown, we have to work to ensure that it no longer causes students serious strife in the classroom. Evidence-based intervention can offer real hope for these students, but only if their dyslexia is diagnosed.

Thank you again for your vote to recognize October as "Dyslexia Awareness Month." The more awareness we raise and the more people who know about this condition will hopefully allow students who need help to get it so they are not left behind.

**STATEMENT BY MS. KLUNK**

The SPEAKER pro tempore. Representative Klunk is recognized on HR 549.

Ms. KLUNK. Thank you, Mr. Speaker.

This afternoon I rise to thank my colleagues for their support of HR 549, designating October 23 to October 31, 2015, as "Red Ribbon Week" here in Pennsylvania. Red Ribbon Week raises awareness of drug use and the problems related to drugs facing our local communities.

Red Ribbon Week helps to encourage our parents, educators, business owners, and other community organizations to promote drug-free lifestyles. The red ribbon symbolizes a continuing commitment to help to reduce the demand for illicit drugs in our local communities.

In 1985 U.S. Drug Enforcement Administration Special Agent Enrique "Kiki" Camarena was killed by drug traffickers. Shortly after his death, citizens from his hometown began wearing red ribbons to remember him and commemorate his sacrifice.

I am fortunate to have an organization in my district, the Hanover Area Young Marines, that focuses their work in the area of drug awareness to children to help ensure that young people are aware of the dangers of drug abuse and addiction. Recently the Hanover Area Young Marines was awarded the "Kiki" Camarena Award by the U.S. DEA. Organizations like the Hanover Area Young Marines, the Pennsylvania Elks State Association, and many others throughout this Commonwealth will be participating in Red Ribbon Week.

As stewards of this Commonwealth, we must work collectively to spread awareness about drug abuse. We thank these organizations for their efforts during Red Ribbon Week and beyond, and I thank my colleagues again for their support.

Thank you, Mr. Speaker.

**STATEMENT BY MR. MURT**

The SPEAKER. On unanimous consent, Representative Tom Murt is recognized.

Mr. MURT. Thank you, Mr. Speaker.

Mr. Speaker, a quarter century ago the United States took a major step forward fulfilling the promise of giving equal access to all with the passage of the Americans with Disabilities Act. While much has been accomplished, much work still remains.

During National Disability Employment Awareness Month this October, we celebrate the ways that individuals with disabilities strengthen our workforce, our communities, and our country, and we recommit to cultivating an America where all

people are able to build vibrant futures for themselves and for their families.

Mr. Speaker, Americans with disabilities make up one-fifth of the population in our great nation, but are unemployed at a rate that is twice that of people without disabilities. It is clear that those with disabilities still face discrimination by employers, which limits access to skills training. As Pennsylvanians, we must continue to promote inclusion in the workplace and to tear down the preconceptions that prevent those with disabilities from achieving the security and prosperity that comes with stable jobs. We must actively foster a culture in which individuals are supported and accepted for who they are, and to never fear disclosing one's disability without fear of discrimination.

Pennsylvania is at its strongest, Mr. Speaker, when we harness the talents and celebrate the distinct gifts of all of our people.

Thank you, Mr. Speaker.

The SPEAKER. Thank you, Representative.

Members, would you please take your seats. We have some distinguished guests that we are going to be introducing to the House. Members, please take your seats. I would ask all conversations to be, please, taken to the anterooms outside of the chamber of this august body.

Representative Regan, Representative Delozier, and Representative Rothman are all invited to the rostrum for the purpose of presenting a citation to the Red Land Little League Baseball Team.

As you know, they are the United States Little League World Series Champions. Young men, it is great to have you here. I want you to know you are going to be on television here.

### FILMING PERMISSION

The SPEAKER. Mark Pynes from pennlive.com will be taking, actually, still photos at this time of the team and our sponsors of the resolution.

### RED LAND LITTLE LEAGUE BASEBALL TEAM PRESENTED

The SPEAKER. Representative Regan, the floor is yours.

Mr. REGAN. Thank you, Mr. Speaker.

I know these guys need no introduction anywhere in the free world, but for those of you who have been living under a rock, we are going to introduce them to you anyway, beginning with left fielder, Camden Walter; pitcher, second baseman, shortstop, Braden Kolmansberger; third baseman, second baseman, Bailey Wirt; pitcher, center fielder, Adam Cramer; left fielder, right fielder, Zack Sooy; pitcher, catcher, Kaden Peifer; left fielder, right fielder, Ethan Phillips; pitcher and first baseman, Cole Wagner; pitcher, first baseman, and shortstop, Chayton Krauss. How about a big round of applause for these guys, please.

We are going to have to talk to a staffer. Jaden Henline, I forgot to mention his name. Jaden Henline as well.

Mr. Speaker, I rise today to present an amazing group of young men, their coaches, and families to the members of the hall of the House. Today we are honored by the presence of true champions, the Red Land Little League Team that represented the Mid-Atlantic Region in the 2015 Little League World

Series. I know that we all crowded around our TVs, glued to ESPN, where we saw this team dismantle opponents from around the country as record crowds flooded into Williamsport hoping to catch a glimpse of history. This team overcame extremely stiff competition and seemingly insurmountable odds to become the United States champions, all the while motivated by the mantra "Why not us?"

Mr. Speaker, it is a tremendous honor and privilege today to present House citations to this incredible team. I have received many great words of encouragement and congratulations from the members on both sides of the aisle who, along the way, became huge Red Land fans. I know the players, coaches, and families all deeply appreciated your support, and I thank you.

For 2 weeks in August we huddled around our TVs and we became a State and a country united by a group of 12-year-old boys. They captured the imaginations of fans everywhere and the hearts of adolescent girls all across the free world. They are the team of a generation, a team of destiny, and they very gallantly carried the banner of Lewisberry in the State of Pennsylvania and the United States of America to a very high place, and did so with gracious and impeccable sportsmanship.

On behalf of the members of the House of Representatives, thank you, Red Land. Thank you for showing the nation and the world how we play baseball in Pennsylvania. We are indeed proud beyond words of all of you, and we all want to say, thank you so very much for the memories.

Thank you, Mr. Speaker.

### STATEMENT BY MS. DELOZIER

The SPEAKER. Representative Delozier, the floor is yours.

Ms. DELOZIER. Thank you, Mr. Speaker.

Not a lot more to add. The only thing that I wanted to add was simply the fact that in talking to a lot of these players' families, a lot of effort goes in by the coaches, by the parents, by the siblings that are up and back when the games are going on. These families put a lot of miles on their cars and all for, obviously, us to be very, very proud of the players.

They work so hard. So much practice goes into this. You know, everybody that knows anybody that has a kid in sports knows how much it is truly a family affair. So thank you to the parents and the coaches for putting all those hours of effort into it. And boys, thank you for making us so proud, because we truly made sure that everybody in the State of Pennsylvania and our nation knew exactly where Red Land, Pennsylvania, was, so congratulations.

The SPEAKER. Young men, it was just a blast watching you on TV. Congratulations, and thank you for joining us here today.

One last round of applause, and we will take some photos. Thank you.

Jarrett Wisman, I think we missed your name. Jarrett, would you raise your hand, please? Go right ahead. And then also Dylan Rodenhauer. Dylan, thank you, buddy.

Thank you, everybody.

We are going to stand at ease for a few minutes.

The House will come to order.

Members, we are moving to a more somber note here. HR 525, PN 2293, is called up by Representative Neuman. I apologize; that is not the somber one.

My apologies. Actually, this is a resolution commemorating the American Bar Association. We will be doing the condolence resolution in a few minutes.

### RESOLUTION PURSUANT TO RULE 35

Mr. NEUMAN called up **HR 525, PN 2293**, entitled:

#### REMARKS BY MR. DALEY

The SPEAKER pro tempore. The gentleman, Mr. Daley, is recognized.

Mr. DALEY. Thank you, Mr. Speaker.

I think the most wonderful experience we have as legislators is that our constituency gives us an opportunity to come here and meet different people of different backgrounds and persuasions. And in my 33 years in the legislature, I have had the honor and privilege to serve with Fred Taylor for about 10 years, five terms. He served 12 terms. He represented Fayette County.

Fred was a remarkable man. He came from Fayette County, and many of you know, it is very poor. Our county is probably the third poorest in the State, behind Greene and right behind Philadelphia. And he grew up in a little town called Adah. Adah is a company town in German Township, and all those little towns in Fayette County, we had several little company towns that were wrapped around the coke ovens or the coal mines. And Fred's father, he was a coal operator; he was a coal miner, and he also delivered gas at some point for Consolidated Coal.

And Fred learned well as a young man that you have to work very hard to do what you have to do to be able to survive. Fred

then married a wonderful lady and had a bunch of wonderful children, and one of which, Patsy, is here today with us.

But I guess my father always told me that in life I guess you do not know how long or short it is. It is like a tunnel, and what we need to do as human beings in the tunnel, that God gives us the opportunity to change people in the world, is to touch as much as you can of the walls of the tunnel, because you do not know how long you are going to be here, and you are going to be out of that tunnel.

Fred was one of those guys that really touched the tunnel. Fayette County has a lot of poverty. He addressed that. He was concerned about business. He chaired the Business and Commerce Committee for several years. He was concerned about the people of Fayette County and the poverty of Fayette County and the way we live in western Pennsylvania. And Fred was that type of man.

He went to Fairchance High School, and he went to business school. He opened up his own business. But the thing he loved most was being here on the floor, being with all of us, learning the camaraderie of being a member of a group that really can change the destiny of 12 or 13 million people by a fell swoop of a vote, and Fred always respected that. If Fred was here, he would tell you, keep up the good work, keep up the fight, because Fred Taylor was that type of man.

#### GUESTS INTRODUCED

Mr. DALEY. With us on the floor is Patsy Taylor-Moore with her friend, Joe Marachi – would you please stand up, Patsy, Joe – along with our good friend, Tim Mahoney. Tim, please stand up, because this is actually Tim's resolution. And let us give her a round of applause.

Amend Bill, page 11, line 15, by striking out "] or"

Amend Bill, page 11, lines 21 and 22, by striking out "or 15 legislative days, whichever is longer."

On the question,

Will the House agree to the amendment?

The SPEAKER. On that question, the Chair recognizes Representative Vitali.

Mr. VITALI. Thank you, Mr. Speaker.

HB 965 attempts to improve the regulatory review process, and that bill contains both controversial provisions and noncontroversial provisions. What my amendment tends to do is excise and remove the controversial provisions of this bill. The regulatory review process is mind-numbing and extremely convoluted, and it takes, very commonly, over 2 years to get a regulation promulgated and into law.

Regrettably, what this bill would do if it is enacted is extend the process for getting a regulation into law even further, and it also would serve to keep the public in the dark about the purpose behind regulations. Specifically what my amendment would do would be delete any references to legislative days. Right now the independent Regulatory Review Act in this bill contains references to calendar days. This bill also adds, in addition to calendar days, legislative days at various parts of the bill. The problem is, if you, for example, have 9 calendar days – if the legislature has 9 calendar days to act on something, and that starts on July 1 when we are out of session, it might take until October to get through 9 calendar days. So if the legislative day language is allowed to remain, we could bring the regulatory process to a grinding halt for months at a time, and that is not something we should be doing, especially given the fact of the lengthy process it also takes.

Secondarily, this amendment deletes a provision in the bill which prohibits a committee from publication or prohibits the publication of a statement of purpose for a regulation. That is found in, that is found in section 5(a)(1). We delete that language so that the public will be allowed to see, through publication in the PA Bulletin, the statement of purpose for a regulation. This is something that the public is entitled to and would help them better understand the legislative process.

The bill as it is currently written is opposed by the administration. It is opposed by many environmental groups, and although they have not taken a position on this particular amendment, we have tried to address, through this amendment, many of the concerns both the administration and these environmental groups have raised.

So I would ask for an affirmative vote on this amendment.

The SPEAKER. On the amendment, the Chair recognizes Representative Godshall.

Mr. GODSHALL. Thank you, Mr. Speaker.

I am going to be very brief. This amendment strikes all of the bill provisions that ensure standing committees and the General Assembly from ample time to review and take action on regulations being promulgated by an agency. I ask the members for a "no" vote. This amendment strikes all of the bill provisions to ensure that standing committees are not given a say, and this is what the bill is for. I ask for a "no" vote.

## LEAVE OF ABSENCE CANCELED

The SPEAKER. Representative Petri has indicated to the majority whip that he would like to be placed back on the master roll. Please mark Representative Petri, without objection.

## LEAVE OF ABSENCE

The SPEAKER. The majority whip has also indicated that Representative Mauree GINGRICH would like to be marked as on leave for the rest of the day. Without objection, that request for leave will be granted.

Less than the majority having voted in the affirmative, the question was determined in the negative and the amendment was not agreed to.

On the question,  
Will the House agree to the bill on second consideration?  
Bill was agreed to.

\* \* \*

The House proceeded to second consideration of **HB 1326, PN 1787**, entitled:

An Act amending Title 66 (Public Utilities) of the Pennsylvania Consolidated Statutes, in rates and distribution systems, providing for valuation of acquired water and wastewater systems for ratemaking purposes.

On the question,  
Will the House agree to the bill on second consideration?

The SPEAKER. Representative Schweyer has amendment 3661, which is filed late and it would require a motion to suspend.

Representative Schweyer, the floor is yours.

Mr. SCHWEYER. Thank you, Mr. Speaker.

My amendment today, A03661, would simply add a provision to HB 1326 that would mandate that any acquisition of a water and sewer company by a private entity would have to go through an RFP (request for proposal) or other competitive bidding process.

I understand this amendment was filed late, Mr. Speaker, so I am going to withdraw the amendment, but I appreciate the opportunity.

Thank you, sir.

The SPEAKER. Representative Schweyer, thank you.

The amendment has been withdrawn.

On the question recurring,  
Will the House agree to the bill on second consideration?

Mr. **GODSHALL** offered the following amendment  
No. **A03467**:

Amend Bill, page 1, lines 7 through 19; pages 2 through 5, lines 1 through 30; page 6, lines 1 through 17; by striking out all of said lines on said pages and inserting

Section 1. Title 66 of the Pennsylvania Consolidated Statutes is amended by adding a section to read:

§ 1329. Valuation of acquired water and wastewater systems.

(a) Process to establish fair market value of selling utility.—Upon agreement by both the acquiring public utility or entity and the selling utility, the following procedure shall be used to determine the fair market value of the selling utility:

(1) The commission will maintain a list of utility valuation experts from which the acquiring public utility or entity and selling utility will choose.

(2) Two utility valuation experts shall perform two separate appraisals of the selling utility for the purpose of establishing its fair market value.

(3) Each utility valuation expert shall determine fair market value in compliance with the Uniform Standards of Professional Appraisal Practice, employing the cost, market and income approaches.

(4) The acquiring public utility or entity and selling utility shall engage the services of the same licensed engineer to conduct an assessment of the tangible assets of the selling utility. The assessment shall be incorporated into the appraisal under the cost approach required under paragraph (3).

(5) Each utility valuation expert shall provide the completed appraisal to the acquiring public utility or entity and selling utility within 90 days of execution of the service contract.  
(b) Utility valuation experts.—

(1) The utility valuation experts required under subsection (a) shall be selected as follows:

(i) one shall be selected by the acquiring public utility or entity; and

(ii) one shall be selected by the selling utility.

(2) The utility valuation experts shall not:

(i) derive any material financial benefit from the sale of the selling utility other than fees for services rendered; or

(ii) be an immediate family member of a director, officer or employee of either the acquiring public utility, entity or selling utility within a 12-month period of the date of hire to perform an appraisal.

(3) Fees paid to utility valuation experts may be included in the transaction and closing costs associated with acquisition by the acquiring utility or entity. Fees eligible for inclusion may be of an amount not exceeding 5% of the fair market value of the selling utility or a fee approved by the commission.

(c) Ratemaking rate base.—The following apply:

(1) The ratemaking rate base of the selling utility shall be incorporated into the rate base of:

(i) the acquiring public utility during the acquiring public utility's next base rate case; or

(ii) the entity in its initial tariff filing.

(2) The ratemaking rate base of the selling utility shall be the lesser of the purchase price negotiated by the acquiring public utility or entity and selling utility or the fair market value of the selling utility.

(d) Acquisitions by public utility.—The following apply:

(1) If the acquiring public utility and selling utility agree to use the process outlined in subsection (a), the acquiring public utility shall include the following as an attachment to its application for commission approval of the acquisition filed pursuant to section 1102 (relating to enumeration of acts requiring certificate):

(i) Copies of the two appraisals performed by the utility valuation experts under subsection (a).

(ii) The purchase price of the selling utility as agreed to by the acquiring public utility and selling utility.

(iii) The ratemaking rate base determined pursuant to subsection (c)(2).

(iv) The transaction and closing costs incurred by the acquiring public utility that will be included in its rate base.

(v) A tariff containing a rate equal to the existing rates of the selling utility at the time of the acquisition and a rate stabilization plan, if applicable to the acquisition.

(2) The commission shall issue a final order on an application submitted under this section within six months of the filing date of an application meeting the requirements of subsection (d)(1).

(3) If the commission issues an order approving the application for acquisition, the order shall include:

(i) The ratemaking rate base of the selling utility, as determined under subsection (c)(2).

(ii) Additional conditions of approval as may be required by the commission.

(4) The tariff submitted pursuant to subsection (d)(1)(v) shall remain in effect until such time as new rates are approved for the acquiring public utility as the result of a base rate case proceeding before the commission. The acquiring public utility may collect a distribution system improvement charge during this time, as approved by the commission under this chapter.

(5) The selling utility's cost of service shall be incorporated into the revenue requirement of the acquiring public utility as part of the acquiring utility's next base rate case proceeding. The original source of funding for any part of the water or sewer assets of the selling utility shall not be relevant to determine the value of said assets.

(e) Acquisitions by entity.—An entity shall provide all the information required by subsection (d)(1) to the commission as an attachment to its application for a certificate of public convenience filed pursuant to section 1102.

(f) Postacquisition projects.—The following apply:

(1) An acquiring public utility's postacquisition improvements that are not included in a distribution improvement charge shall accrue allowance for funds used during construction after the date the cost was incurred until the asset has been in service for a period of four years or until the asset is included in the acquiring public utility's next base rate case, whichever is earlier.

(2) Depreciation on an acquiring public utility's postacquisition improvements that have not been included in the calculation of a distribution system improvement charge shall be deferred for book and ratemaking purposes.

(g) Definitions.—The following words and phrases when used in this section shall have the meanings given to them in this section unless the context clearly indicates otherwise:

"Acquiring public utility." A water or wastewater public utility subject to regulation under this title that is acquiring a selling utility as the result of a voluntary arm's-length transaction between the buyer and seller.

"Allowance of funds used during construction." An accounting practice that recognizes the capital costs, including debt and equity funds that are used to finance the construction costs of an improvement to a selling utility's assets by an acquiring public utility.

"Entity." A person, partnership or corporation that is acquiring a selling utility and has filed or whose affiliate has filed an application with the commission seeking public utility status pursuant to section 1102.

"Fair market value." The average of the two utility valuation

expert appraisals conducted under subsection (a)(2).

"Rate-making rate base." The dollar value of a selling utility which, for postacquisition ratemaking purposes, is incorporated into the rate base of the acquiring public utility or entity.

"Rate stabilization plan." A plan that will hold rates constant or phase rates in over a period of time after the next base rate case.

"Selling utility." A water or wastewater company located in this Commonwealth, owned by a municipal corporation or authority that is being purchased by an acquiring public utility or entity as the result of a voluntary arm's-length transaction between the buyer and seller.

"Utility valuation expert." A person hired by an acquiring public utility and selling utility for the purpose of conducting an economic valuation of the selling utility to determine its fair market value.

Section 2. This act shall take effect in 60 days.

On the question,

Will the House agree to the amendment?

The SPEAKER. On the amendment. It is offered by Representative Godshall.

Representative Godshall is recognized.

Mr. GODSHALL. Thank you, Mr. Speaker.

This amendment establishes a voluntary process – I would like to repeat – a voluntary process used upon agreement by both the buyer and the seller to determine the value of a selling wastewater treatment system that will be included in the pro-acquisition rates of the buyer, a private utility company. The amendment narrowly tailors the use of process and contains consumer protections, such as ensuring that no rate changes will be put in place until the purchaser for the private utility goes to the PUC (Public Utility Commission) for a base rate case, requiring independently conducting appraisals of the value of the selling system used, and the PUC-approved evaluation experts.

Really what it does, it establishes the true value of a facility. And it is agreed to, worked out with the PUC. I would ask for a favorable vote.

The SPEAKER. Thank you, Representative.

Representative Pete Daley, on the amendment.

Mr. DALEY. Thank you, Mr. Speaker.

This amendment is a product of the stakeholders getting together and reaching a consensus on concerns and clarifications. While we were not able to get everyone on board, I think we have done a good job working through the issues. I want to thank everyone for their time and effort on this and commend Chairman Godshall for giving everyone this opportunity. I support this amendment and would ask my colleagues for an affirmative vote.

Thank you, Mr. Speaker.

The SPEAKER. Thank you, Representative.

Representative Harper, on the amendment.

Ms. HARPER. Thank you, Mr. Speaker.

Will the maker of the amendment stand for brief interrogation?

The SPEAKER. Chairman Godshall, will you stand for interrogation, please?

The Chair has indicated he will stand for interrogation.

You may proceed, Representative Harper.

Ms. HARPER. Thank you.

We have had a number of transactions occur in Montgomery County and Bucks County, where locally owned water systems were sold to stockholder-owned companies, and the rates increased dramatically shortly thereafter. What, if any,

protections are there in this amendment, or in this bill, for the consumer, for the people who are currently buying water from a local government municipal authority or from a local government in this process?

Mr. GODSHALL. The answer is very simple, that those acquisitions that were made by, in that case, Aqua, were systems that were bankrupt or almost bankrupt and the municipality and/or the municipal authority wanted to get rid of them, and that is why they were sold. When the buyer goes to the PUC for a base rate case following the acquisition, it will include the ratemaking rate base for the acquiring system into its rates.

No rate changes will take place until the amendment or as part of the PUC's order approving an acquisition. The rates of the selling system remain in place until changed through a base rate case, and this has happened in Bucks County. It is something I mentioned this morning at a meeting pertaining to it was an almost bankrupt system. I said bankrupt. It was changed to almost bankrupt. And it was good for the residents of that municipality, and it was also good for the buyer because the buyer needed the water that was there that that municipality had loads of.

Ms. HARPER. Mr. Speaker, the gentleman misperceived my question. I am not opposed to the free and voluntary sale of an asset like a water company if it is in the best interest of the people of a municipal government. My question was, what protection, if any, is in your bill or your amendment for the consumers? Because we have seen acquisitions in suburban Philadelphia of functioning water systems that were not bankrupt, where the rates increased substantially because they were purchased by a stockholder-owned company that needed to pay dividends. So what protections, if any, are in this bill or in this amendment for the people who buy the water right now?

Mr. GODSHALL. What protects, I guess, the consumer was mentioned to my interrogator this morning at the meeting that we had. The improvements to the system, the improvements to the system have got to be made by the municipality. In most cases, the municipality that is selling does not want to make the improvements or has not made the improvements, and so they want to get rid of the asset, which is going to cost them and their constituents a lot of money. And the PUC determines if acquisition is in the best public interest; the PUC determines if an acquisition is in the best public interest, and rates stay in place until all PUC rate cases are heard.

Ms. HARPER. I have another question. What protection, if any, is given to the local government or the local government municipal authority that is selling the asset, the water system – or in many cases, selling the customer base – which has a value far and beyond the pipes to the acquiring water company and its shareholders?

Mr. GODSHALL. I have answered that question three times, and that is enough. I am not going to go to four. Thank you.

Ms. HARPER. On the amendment then, Mr. Speaker.

The SPEAKER. On the amendment.

Ms. HARPER. Mr. Speaker, I oppose this amendment and I oppose this bill. Despite the chairman's best intentions, it provides absolutely no protection to the consumers presently served by the selling water company or municipality. It provides a salve or a benefit to the shareholder-owned company that wants to buy the customer base and raise the rates. It provides nothing at all to the people we represent up here.

So I would urge a "no" vote on the amendment and a "no" vote on the bill.

Thank you, Mr. Speaker.

On the question recurring,

Will the House agree to the amendment?

The House proceeded to third consideration of **HB 1317, PN 1765**, entitled:

An Act designating a bridge on that portion of U.S. Route 15 over State Route 114, Mechanicsburg Borough, Cumberland County as the Corporal Jonathan Dean Faircloth Memorial Bridge.

On the question,  
Will the House agree to the bill on third consideration?  
Bill was agreed to.

(Bill analysis was read.)

The SPEAKER. This bill has been considered on three different days and agreed to and is now on final passage.

The question is, shall the bill pass finally?

On the bill, Representative Delozier is recognized.  
Ms. DELOZIER. Thank you, Mr. Speaker.

HB 1317 will designate a bridge on a portion of U.S. Route 15 over State Route 114 in Cumberland County as the Corporal Jonathan Dean Faircloth Memorial Bridge.

Corporal Faircloth was only 22 years old when he was killed in a Sea Stallion helicopter crash during a training exercise off the coast of Hawaii in March of this year. Corporal Faircloth served as an aerial observer and aircraft mechanic with the Marine Heavy Helicopter Squadron 363, Marine Air Group 24.

Corporal Faircloth served tours of duty in both Iraq and Afghanistan, and at all times throughout his military career, Corporal Faircloth served his nation with pride, devotion, honor, and skill, and his tragic death during a training maneuver exemplifies the dangers that our brave young service men and women face every day as they safeguard our freedoms.

Corporal Faircloth's family was extremely proud of his career as a Marine, and this bridge is one that his family and friends travel under and over on a frequent basis. It is a small memorial to be able to honor Corporal Faircloth's service and that of his family.

I ask for the support of HB 1317 in honor of Corporal Faircloth. Thank you very much, Mr. Speaker.

The SPEAKER. Thank you, Representative.

Members, I would ask that you please stand in remembrance of this fallen soldier before we take our vote. We will have a moment of silence.

(Whereupon, the members of the House and all visitors stood in a moment of silence in solemn respect to the memory of Cpl. Jonathan Dean Faircloth.)

The SPEAKER. Please be seated.

On the question recurring,  
Shall the bill pass finally?

The SPEAKER. Agreeable to the provisions of the Constitution, the yeas and nays will now be taken.
