SESSION OF 2016

200TH OF THE GENERAL ASSEMBLY

No. 46

### HOUSE OF REPRESENTATIVES

The House convened at 11 a.m., e.d.t.

**THE SPEAKER (MIKE TURZAI)  
PRESIDING**

#### PRAYER

HON. HAROLD A. ENGLISH, member of the House of Representatives, offered the following prayer:

Friends, I know many of you read the Bible daily, read devotions or Scriptures, and if you do not, I encourage you to. Just a little devotional book that I wish to share with you today is "Jesus Calling," by Sarah Young, and a passage a few days ago just kind of struck me that I thought may be appropriate for you today – although today's was pretty good, too, that I read.

But from a few days ago, please bow your heads and hear Jesus talking to you: "Rest with Me a while. You have journeyed up a steep, rugged path in recent days. The way ahead is shrouded in uncertainty. Look neither behind you nor before you. Instead, focus your attention on Me, your constant Companion. Trust that I will equip you fully for whatever awaits you on your journey.

"I designed time to be a protection for you. You couldn't bear to see all your life at once. Though I am unlimited by time, it is in the present moment that I meet you. Refresh yourself in My company, breathing deep draughts of My Presence. The highest level of trust is to enjoy Me moment by moment. I am with you, watching over you wherever you go."

Amen.

#### PLEDGE OF ALLEGIANCE

(The Pledge of Allegiance was recited by members and visitors.)

The SPEAKER. One hundred and ninety-nine members having voted on the master roll, there is a quorum present for today.

### HEMPFIELD HIGH SCHOOL BOYS VOLLEYBALL TEAM PRESENTED

The SPEAKER. Members, please take your seats.

I invite our colleague, Representative Brett Miller, to come to the rostrum at this time for the purpose of presenting a citation to one of our championship teams. I think he is going to be joined by some of the players on the team. Representative Miller is joined by Representative Fee and Representative Hickernell. I would ask all the members to please take their seats.

These young men and their coaches – and some parents, I believe – have taken the time to travel to be with us today, so if we could give them our attention, it would mean very much to them and to our members. If everybody could please take their seats.

Representative Miller, the floor is yours, sir.

Mr. B. MILLER. Thank you, Mr. Speaker.

Good morning, everyone. Today I am joined by my colleagues, Representative Mindy Fee and Representative Dave Hickernell, each of us having the privilege of representing portions of the Hempfield School District in Lancaster County, and we are here today to congratulate the Hempfield High School Boys Volleyball Team for winning the PIAA AAA State Volleyball Championship earlier this month.

In the State championship tournament, the Hempfield Boys Volleyball Team played an exciting five sets to win both the quarterfinal and semifinal rounds, and then went on to win the State championship in another nail-biting five-set victory over a very tough Penn Manor team, also from Lancaster County. Though faced with many challenges through the season, the Hempfield team rose above them all. They kept focused, and with purpose, discipline, and perseverance, they achieved their goal of a State championship.

This victory marks an incredible 10th PIAA championship for the Hempfield Black Knights. The volleyball program at Hempfield has a solid tradition of winning, and I would like to highlight just a few statistics to demonstrate this. Over the past 25 years since 1991, the Hempfield Boys Volleyball Team has won 21 out of 25 league championships, 13 out of 25 district championships, and most impressively, with their victory just this month, 10 out of the last 25 State championship titles. This record of achievement is nothing short of amazing.

At this time I would like to recognize the coaches and team members who are here with us today. Joining us on the rostrum are head coach Mike Vogel, assistant coach Michael Bouril; and team captains Nicholas Oleksa, Tyler Buterbaugh, and Ethan Williams.

I also want to introduce the other coaches and team members who are seated in the rear of the House, and I ask them to please stand as I call their names. With us today are teammates Zachary Wilson, Evan Weaver, Elliot De La Torre, Gavin Hanzelman, Jonathan Lawrence, Mason Scott, Ian Flood, Daniel Hester; as well as volunteer assistant coaches, Ryan Haines and Karren Wonders; and finally, team managers, Marrisa Wonders and Mariah Cadzow.

Other team members and coaches that unfortunately could not be with us today, whom I would like to read into the record as well, include assistant coach Gary Dimm; volunteer assistant coaches Steven Griffiths, Jeff Kiel, and Gary Vogel; teammates Logan Smiley, Shawn Weidman, Matthew Sheerin; and managers Cayden Musso and Eldin Lupic.

To all the team members, the dedicated coaches, and to the family members who have offered so much support along the way, Representative Fee and Representative Hickernell and I want to extend our sincerest congratulations on achieving another State champion title and say to each of you, "Job well done."

We call on the members of the House to join us in giving a round of applause to the coaches, athletes, and managers of the Hempfield Boys State Championship Volleyball Team. Congratulations.

Thank you, Mr. Speaker.

The SPEAKER. Thank you, Representative Miller.

And to the Hempfield team, congratulations, just outstanding, and thank you for joining us.

Thank you, members.

That was my soon-to-be high school senior calling me, and he said, "Wish those guys from Hempfield High School all the best."

### GUESTS INTRODUCED

The SPEAKER. We are going to move to some other guest introductions, if we may.

Representative Stephen Barrar has, in the rear of the House, Ciara and Bryan Rodriguez, Rosa Guzman, and Jonathan, Marisol, Jonny, Soledad, and Joaquin Timmons. If they will all stand. Thank you so much for being with us. They are back there with Representative Barrar. It is great to have you on the House floor.

Representative Schreiber has some guest interns with us today: David Brubaker – please stand – Adam Bittner, David Nichols, Devin Yeatter, and David Ponta. If you could all stand, please. It is great to have you here today. Thank you so much for being with us.

Representative Vanessa Brown and the Pennsylvania Legislative Black Caucus have some very, very special guests with us today. These are recipients of the 2016 Pennsylvania Legislative Black Caucus Scholarship Awards, and they include – as I say your name, please stand – Ricardo Burton, Jr., Rianna Graham, Taylor Brown, Raihanah Siddiq, Jamel Shockley, Justin Johnson, Eiman Eltigani, and Wells Jordan Daisy Powell. Thank you so much for being with us today. I think you may have some parents or friends with you. They can stand as well. Thanks so much for being with us here today.

**STATEMENT BY MS. BROWN**

The SPEAKER. Representative Brown is recognized on unanimous consent.

Ms. V. BROWN. Thank you, Mr. Speaker.

What I would like to do is just once again congratulate our 2016 Pennsylvania Legislative Black Caucus Scholarship Award winners. This is our eighth year implementing this program. And, Mr. Speaker, I would like to invite all of the members of the House to our celebration and our ceremony to award them their \$1,000 scholarships in the media center at the break.

Thank you so much, Mr. Speaker.

The SPEAKER. Thank you, Representative Brown.

For the young man named Justin Johnson, I just wanted to point out to you, there was a pretty well-known and esteemed Superior Court judge here in the Commonwealth of Pennsylvania by the same name – I was actually very good friends with his son – Superior Court Judge Justin Johnson. So if you have a chance, look up that history. He was from the Pittsburgh area.

Members, I am going to ask if you would please take your seats. This is a very important opportunity to honor one of our longtime employees who has served us so graciously, so I would ask everybody to please take their seats at this time.

The House will stand at ease for just a few moments. I know that we are having some photos taken in the back of the House so we are going to stand at ease for just a few moments.

The House will come to order.

Thank you. I would appreciate if everybody could please take their seats.

**DEBBIE PAROBK PRESENTED**

The SPEAKER. Members, with us today is a very special guest, one who has been working so honorably and responsibly in the Speaker's Office, and she is retiring after 28 years of service to the House of Representatives – actually, 35 years of outstanding service to the House of Representatives total, 35 years. But she served originally as an administrative assistant to Representative Eugene "Snuffy" Smith, for 5 years, and then for 28 years with the former House Speaker, Sam Smith, and then in our office, the Speaker's Office, where she was certainly serving with great honor and distinction. She had begun the service in the Speaker's Office under former Speaker Sam Smith. Debbie Parobek is being recognized today for that 35 years of outstanding service to the House Republican Caucus.

I want to introduce Debbie's family first. With her today are her husband, Joe – if you will stand, Joe – her son, Nick, age 15; son Andrew, age 14; and son Justin, age 12. Look at this fine family. It is so great to have you here on the House floor to honor your mom today and your wife. Thank you so much for being with us. Give them a big round of applause. I am not mixing it up with any of those boys; they look like strong young men.

Let me tell you a little bit about Debbie, and then Representative Tobash, who is her State Representative and good friend, is going to read from a citation. But Debbie is just

one of these individuals that is so professional, treats everybody with such decency, and gets the job done. And for many of us, like myself, you think you know how to get items done, but what you are really doing is, you are relying on people who know the operations of the House of Representatives and the services that we offer to the citizens of Pennsylvania and to the membership, in terms of being able to provide quality service to our constituents that bring us all here. Debbie is one of those outstanding individuals who knows, you know, at the back of her hand, the operations of the House of Representatives and has positive networking relationships throughout this great institution. She is going to be sorely missed.

In addition to serving Representative Eugene Smith, she ably, just so ably served former House Speaker Sam Smith. Sam often spoke of Debbie's talents and her demeanor and just how important she was to his office as Speaker of the House.

Debbie is going to retire after these 35 years of service. Debbie, I cannot thank you enough for your hard work, your perseverance, and your outstanding dedication and loyalty to this institution. We congratulate you and wish you the best as you begin the next chapter of your life, which I understand is going to include some camping, maybe a little time for shopping, and a lot of ball games to watch while your boys are playing.

Debbie, if you will stand, I would like this great institution to give you a standing round of applause. Thank you for your service.

**REMARKS BY MR. TOBASH**

The SPEAKER. Representative Mike Tobash is recognized to speak at the rostrum.

Mr. TOBASH. Thank you, Mr. Speaker.

Thank you, Debbie. It is my honor oftentimes to recognize outstanding work, and this is 35 years of outstanding work. As the Speaker said, it was July of 1981, right out of high school, that you came here to the House of Representatives and started working for the Smith family, Speaker Smith and his father, and then working with Speaker Turzai. I understand it was your responsibility to keep him focused, so I am not sure where we are going to go from here, but you have done outstanding work.

And I had a chance to talk to your carpooling friend, Jess Henninger, this morning for a little while, and she just gave me a couple of additional comments. They include the fact that you are going to have a lot more time to spend with your sports boosters activity, and I know that you are proud of the athletic prowess of your sons, spend a little bit more time with family, but also maybe a little bit more time to go to Bon Jovi concerts. And she also indicated that the traffic flow will maybe be a little bit slower on Interstate 81 since you will not be making that commute every day from the beautiful Hegins Valley.

So we are very proud of the work that you have done for the House of Representatives, and I am going to present you with this citation. It just talks about what we have just said here and mentions the fact that you have done and demonstrated remarkable knowledge, ability, and integrity in carrying out your many responsibilities, thus earning the respect and gratitude of all those who receive the benefit of your tireless devotion to duty.

So now, therefore, the House of Representatives of the Commonwealth of Pennsylvania congratulates you upon your richly deserved retirement, heartily commends your exemplary record of service in keeping with the highest ideals and traditions of this Commonwealth, and offers you the best wishes for every future success and happiness. Congratulations and best of luck in this next phase of your life.

Debbie, thank you very much.  
The SPEAKER. Thank you, Representative Tobash.

On the question,  
Will the House agree to the amendment?

The SPEAKER. On the question, Representative Truitt has stood and is ready to speak on amendment 9215.

Members, I would ask you to please take your seats.  
Members, please take your seats.

Representative Truitt, you may proceed, sir.

Mr. TRUITT. Thank you, Mr. Speaker.

Mr. Speaker, I rise to ask for my colleagues' support of amendment A9215.

The SPEAKER. Sir, please suspend; please suspend.

Members, Representative Truitt has filed an amendment, 9215. He is asking for members' support of that amendment, and he would like to have the opportunity to be able to explain what the amendment does.

If all members could please take their seats. Any conversations I would very much appreciate if you could take to the anterooms off the House floor. Members, please take your seats.

**LEAVE OF ABSENCE CANCELED**

The SPEAKER. Representative Galloway is on the House floor, and he should be placed back on the master roll call.

**CONSIDERATION OF SB 1227 CONTINUED**

The SPEAKER. Representative Truitt, the floor is yours, sir.  
Mr. TRUITT. Thank you, Mr. Speaker.

Again, I rise to ask my colleagues for their support of amendment A9215 to SB 1227.

What this bill would do is prevent situations where members' good-faith-filed amendments to bills that affect the pension system could still be considered on the floor even if your PERC (Public Employee Retirement Commission) note does not come in on time. Just to give you an example, we have had a number of incidents recently where we ran a pension bill, members filed amendments to the pension bills in good faith, the PERC notes were supposedly requested to go with those amendments, but then the bill was brought up for consideration before the PERC notes came back from the Public Employee Retirement

Commission. The effect of that is that amendments that were filed in good faith could not be considered on the House floor. Each one of us in this room represents 63,000 people, and if our amendments are not considered, our constituents are not being adequately represented. And it is not within our control to determine when our PERC notes are ordered and when those PERC notes come back, what order the actuarial analysis – in what sequence it is done by the folks over at the Public Employee Retirement Commission. So it is completely outside of our control, and I think it is completely inappropriate for our amendments to be ruled out of order because of technical matters that are not within our control.

So I think this is extremely important for members of the rank and file to ensure that your position here, that you are able to adequately represent your constituents so you do not have to worry about, if you have an idea to improve a bill that affects the retirement systems, that your bill will get fair consideration.

So again, I ask my colleagues for their support, and that is all, Mr. Speaker. Thank you.

The SPEAKER. Thank you, Representative Truitt.

Representative Evankovich and Representative Tobash.

Representative Evankovich, you are next. Representative Evankovich, the floor is yours, sir.

Mr. EVANKOVICH. Thank you, Mr. Speaker.

Mr. Speaker, I was just reviewing the Legislative Journal from December 18, 2015, a day where we considered SB 1071 on second consideration for the first time. Mr. Speaker, on that day I had an amendment, amendment 5316, that I believe would have received large bipartisan support in this chamber. Mr. Speaker, that amendment was ruled out of order because PERC had not issued their note, their actuarial analysis at the time that that amendment was ruled out of order.

Mr. Speaker, I would just ask the members to please support the Truitt amendment, 9215, so that we do not continue to allow PERC, or any entity outside the legislature, to be determining whether or not our amendments are in order or not, and essentially giving that outside organization veto power on our amendments or the ability to withdraw our amendments without the House or the Speaker having a say. Thank you.

The SPEAKER. Thank you, sir.

Representative Tobash, on the amendment, please.

Mr. TOBASH. Thank you, Mr. Speaker.

I rise in opposition to amendment A9215.

In 1981 Act 66 was passed, which gave the Public Employee Retirement Commission the responsibility of providing fiscal analyses to the General Assembly on all pension-related legislation. Through this bill, we are transferring that responsibility to the Independent Fiscal Office; however, the spirit of the law remains that this General Assembly needs financial information before they make votes that will impact the future of this State, positively or negatively, in regard to these pension votes.

So, Mr. Speaker, with the transfer of this function to the Independent Fiscal Office, we still need good financial data to be presented to this membership. In essence, this amendment would make that requirement null and void.

I ask for a "no" vote on this amendment. Thank you, Mr. Speaker.

The SPEAKER. Would any other member— Representative Truitt, just before, let me, because I will call on you to be last. I just want to see if anybody else wishes to speak on the amendment.

Representative Cutler, on the amendment.

Mr. CUTLER. Thank you, Mr. Speaker.

As the prior speaker pointed out, the substance of this bill is needed, given what happened during the budget discussions late last year. As many of the members might recall, there was a legal battle regarding the duties of PERC – where those duties should lie and what should be done. That piece is paramount that we get that corrected going forward so that pension reform cannot be stopped by simply defunding the organization as it currently exists.

While I understand the gentleman's position and I certainly respect and agree with the ability of us as members to engage in debate here on the House floor, I also think that we should be engaging in debate that has the facts behind it. For that reason I believe that the PERC notes are important, as the prior speaker pointed out, and that we should consider them in conjunction with each amendment.

Mr. Speaker, while this amendment would allow more amendments to be considered, I would urge a "no" vote at this time so that we can get the piece of the bill that we would all hopefully agree on completed while this discussion is ongoing on how best to handle the multitude of amendments that might be considered.

I urge a "no" vote. Thank you, Mr. Speaker.

The SPEAKER. Representative Truitt, I do want to save you to have the last word on the amendment.

Representative Hanna has risen to speak. Representative Hanna.

Mr. HANNA. Thank you, Mr. Speaker.

Mr. Speaker, I likewise rise to oppose the Truitt amendment.

Like the gentleman from Schuylkill County, I believe that it is important for us to have complete actuarial information before we act on these types of issues, and that would not be possible if this amendment is adopted, so I oppose this amendment.

Thank you, Mr. Speaker.

The SPEAKER. Representative Dan Truitt.

Mr. TRUITT. Thank you, Mr. Speaker.

I want to emphasize a couple things here. First of all, as the bill is written without my amendment, it already says that if you ask for a PERC note and you wait 20 legislative days and your PERC note does not come back, that your amendment can still be considered as if it has a PERC note. All we are doing is shortening the timetable so that it does not have to be 20 days. It can be as short as 2 days; as long as you put your request for the PERC note in in a timely fashion, your bill should get consideration.

And I want to also emphasize, if we get to a point where we are considering an amendment without a PERC note, that is a self-inflicted wound. There is no reason why we cannot stop and wait until the PERC notes actually arrive. Unless we have done some poor time management and forced ourselves to run a bill through here in a really short time schedule, we ought to be able to allow time for the PERC notes to come back on all the timely filed amendments.

For example, a few weeks ago when we ran the pension bill through this chamber, I had an amendment and a PERC note had been requested. It did not come back. My amendment was ruled out of order. I asked the chamber, "Hey, let's wait for 2 weeks until the rest of the PERC notes come in." We could do something like that. We can bring a bill up on second

consideration, which stops the filing of additional amendments, and then we can table it until such time as all the PERC notes come in.

So there is no reason at all, other than poor planning, why we should ever be forced to consider amendments without PERC notes, but if poor planning is what happens, I think that all members in this room should have the opportunity to be considered, for their amendments to be considered whether or not the time was allowed for the PERC notes to come in.

I think there is no reason why this has to be a bad thing for us. It is just a function of planning our legislative schedule appropriately so that we can start second consideration on a bill and wait for all those PERC notes to come in so that everybody gets a fair shot to be part of the process of developing legislation that affects a system. Every time we make a change, the impact of it lasts 80 years. That is a big deal. Everybody in this room should have a part in that.

So I ask my colleagues, all of you, please vote "yes" on amendment A9215. Thank you, Mr. Speaker.

The SPEAKER. Yes, sir.

Less than the majority having voted in the affirmative, the question was determined in the negative and the amendment was not agreed to.

On the question recurring,  
Will the House agree to the bill on second consideration?

Mr. **TRUITT** offered the following amendment No. **A09216**:

Amend Bill, page 15, lines 13 through 29, by striking out "of the following:" in line 13 and all of lines 14 through 29 and inserting member of the General Assembly.

On the question,  
Will the House agree to the amendment?

The SPEAKER. On the question, Representative Dan Truitt is recognized.

Mr. TRUITT. Mr. Speaker, thank you.

Again, I am going to try again here. I am going to ask my colleagues to support amendment A9216. All this one does is makes sure that everybody in this room can request an actuarial note to go with your amendment; that way you do not have to worry that someone else who is supposed to do it for you might forget and, you know, conveniently, your amendment does not get a PERC note in time for second consideration. I want to put some power into the hands of all the rank-and-file members so that it is within your control to make sure that your PERC note gets requested and hopefully it gets back in time so that your amendment can be considered.

Thank you, Mr. Speaker.

The SPEAKER. Representative Tobash, on the amendment, please.

Mr. TOBASH. Thank you, Mr. Speaker.

I rise in opposition to amendment 09216.

There was a committee that was formed to work through this transfer of these functions from the Public Employee Retirement Commission to the IFO. After this amendment was offered, we went to the IFO and asked them to comment on their ability to effectively do this work, and their comment reads as such – and I did make sure that every member of the General Assembly got a copy of what they had sent out. It says, briefly,

"If all members...request actuarial notes, it likely will...increase costs for contracting with qualified firms and...require additional time to respond to all requests.... The increased costs and time are not possible to quantify at this point, but they could be substantial depending on the number and nature of the requests...."

Mr. Speaker, these financial reports require resources, time, and money, and for the IFO, who is willing and capable of doing this work for the General Assembly, to get it done effectively, they have asked that we narrow the queue.

I empathize with the maker of this amendment. I realize that we need a process to effectively distribute and get these financial reports to the General Assembly, but taking in consideration the wishes of this organization that can do this work for us, I respectfully rise in opposition to this amendment, and I ask for a "no" vote.

Thank you, Mr. Speaker.

The SPEAKER. Representative McGinnis.

Mr. MCGINNIS. Thank you, Mr. Speaker.

Mr. Speaker, we are equals here. Mr. Speaker, we have a duty to produce legislation in the best interest of this Commonwealth; each of us has that duty. And if I happen to write a pension bill – and I know something about pensions and actuarial science – I do not see why I have to get somebody else's permission to get the actuarial note that is necessary to bring it to everybody else's attention.

And this idea that there is some huge cost involved is nonsense. We pay to retirees more than \$10 billion a year, and every change in the pension legislation is going to have an 80-year life. Even if the actuarial notes cost \$50,000 each, we could afford thousands of them to be sure that we are getting good pension legislation that the taxpayers of the Commonwealth are going to bear for generations to come.

This is absolutely a good amendment, a right amendment, and I ask your support. Thank you, Mr. Speaker.

The SPEAKER. Representative Gene DiGirolamo.

Mr. DIGIROLAMO. Thank you, Mr. Speaker.

I think what the gentleman from Chester is trying to do is reasonable and good public policy when we are making decisions on an important issue like pensions, and I would ask for an affirmative vote. Thank you.

The SPEAKER. Does anybody else wish to be recognized?  
Representative Hanna.

Mr. HANNA. Thank you, Mr. Speaker.

Mr. Speaker, I rise in opposition to the amendment.

As indicated in the earlier debate, there is a tremendous cost to all of the actuarial notes, and in order to control those costs, we need to continue to do it the way the bill analyzes it.

So for that reason, Mr. Speaker, I would encourage a "no" vote on the Truitt amendment.

The SPEAKER. Representative Dan Truitt, on the amendment.

Mr. TRUITT. Thank you, Mr. Speaker.

I just want to double down on the comments from the gentleman from Altoona. These things should not be that expensive, actuarial analyses. You have got much better technology today than we had in the 1980s with spreadsheets and things like that. There is no reason why they should be that expensive, but even if they were, again, we are talking about something, a system with hundreds of billions of dollars of assets, and the decisions that we make here have effects of billions and billions of dollars. I do not see any reason why we

cannot spend a little bit of money to get good actuarial analyses of the proposals by every member of the General Assembly.

So thank you, Mr. Speaker.

Less than the majority having voted in the affirmative, the question was determined in the negative and the amendment was not agreed to.

On the question recurring,  
Will the House agree to the bill on second consideration?

Mr. **TRUITT** offered the following amendment  
No. **A09217**:

Amend Bill, page 15, line 11, by inserting after "notes"  
in electronic form

Amend Bill, page 16, line 8, by inserting after "submitted"  
in electronic form

On the question,  
Will the House agree to the amendment?

The **SPEAKER**. On the question, the Chair recognizes Representative Dan Truitt.

Mr. **TRUITT**. Thank you, Mr. Speaker.

I think we are building some momentum here, so I hope I have better luck asking my colleagues for their support on amendment A9217.

This is an easy one. All this says is that when the IFO issues its actuarial reports, that it will do them electronically. That serves two purposes. Number one, it will get the information to all the recipients more quickly, and it will save some paper, it will save some time, and it will save money. And let us face facts: technology is different today. There is no reason for them to be printing out reams and reams of paper and distributing it manually to all the different offices that are on the list of people who are allowed to get these reports.

So I ask my colleagues for their support. Thank you, Mr. Speaker.

The **SPEAKER**. Representative Tobash.

Mr. **TOBASH**. Thank you, Mr. Speaker.

I rise in support of amendment 09217.

I appreciate my colleague from Chester County making sure that we are a well-informed body as we consider these important issues. I think that this helps make sure that we get the information in a timely fashion. And as I mentioned before, the IFO has weighed in and they can deliver that information I think easily and quickly without great cost.

So I encourage a "yes" vote on this amendment. Thank you very much, Mr. Speaker.

The **SPEAKER**. Thank you, sir.

Representative DeLissio.

Ms. **DeLISSIO**. Thank you, Mr. Speaker.

Mr. Speaker, will the maker of the amendment stand for interrogation?

The **SPEAKER**. The good gentleman has indicated he will so stand.

Ms. **DeLISSIO**. Thank you.

Mr. Speaker, it is my understanding that some of these documents might be really unwieldy – hundreds of pages, perhaps, have to be scanned in or they are already up on a Web site. Would this electronic communication include maybe just notifying people by sending a link to that Web site so that we are not inadvertently creating busywork?

Mr. **TRUITT**. Thank you, Mr. Speaker.

Yes. The way it is written, it just simply says that the IFO will transmit the information electronically, so they could simply put the report on their Web site and send everybody an e-mail that says the report is available, or I would think it would be better to stick the report into an enclosure and e-mail it to everybody. That way it gets to everybody as quickly as possible and no paper is wasted.

Ms. **DeLISSIO**. So it is not tied in to one particular means of transmitting?

Mr. **TRUITT**. No. We kept the amendment as simple as possible. It simply says that the report shall be transmitted in electronic form.

Ms. **DeLISSIO**. Thank you, Mr. Speaker.

Mr. **TRUITT**. Thank you.

The **SPEAKER**. Representative McCarter.

Mr. **McCARTER**. Thank you, Mr. Speaker.

Again, would the Representative please stand for interrogation?

The **SPEAKER**. Representative Truitt has agreed to. You may proceed.

Mr. **McCARTER**. Mr. Speaker, again, I guess my question is similar to the last one. If the posting is going to be made electronically on a Web site, at that point then I would assume also that it could be transmitted – and again, this goes, I think, to the next amendment – it could be transmitted easily to everyone, that way also in terms of not only a link, as the past person has suggested, but also in e-mail form. Is that correct?

Mr. **TRUITT**. Yes, Mr. Speaker. I thank you for the segue to my next amendment.

Mr. **McCARTER**. On the amendment, Mr. Speaker.

The **SPEAKER**. Yes, sir. You may proceed on the amendment.

Mr. **McCARTER**. Mr. Speaker, I think that what the good gentleman is suggesting is something that is very useful for all of us. Information in this day and age, while we do not all use it in the same way, we surely would like to have it available to us. So I think these particular things are well within the scope of the capability that they would have minimal cost, if any, surely to the legislature here and would give us the opportunity to see the fiscal notes in the quickest possible way.

So I would support the gentleman in his action. Thank you.

The majority having voted in the affirmative, the question was determined in the affirmative and the amendment was agreed to.

On the question,

Will the House agree to the bill on second consideration as amended?

Mr. **TRUITT** offered the following amendment No. **A09218**:

Amend Bill, page 15, lines 11 and 12, by striking out "the officers listed in this subsection" and inserting all members of the General Assembly

Amend Bill, page 16, lines 8 and 9, by striking out "the officers listed in subsection (a)" and inserting all members of the General Assembly

On the question,

Will the House agree to the amendment?

The SPEAKER. On the question, the Chair recognizes Representative Truitt.

Mr. TRUITT. Thank you, Mr. Speaker.

And I want to thank my colleagues for your affirmative vote on the last amendment to make the reports available electronically.

Going to the comments of one of my colleagues, this is a complementary amendment. The idea is, now that they are available electronically, let us send them to everybody. So what this just simply says is, all the reports will be sent to all of the members of the General Assembly as soon as they are available, at the same time.

Thank you, Mr. Speaker.

The SPEAKER. Representative Tobash, on the amendment, please.

Mr. TOBASH. Thank you, Mr. Speaker.

I also rise in support of this amendment. I believe it also allows the Governor to get a copy of the electronically submitted reports, and I guess that is okay too. So I rise in support of this amendment.

Thank you very much, Mr. Speaker.

On the question recurring,

Will the House agree to the amendment?

The majority having voted in the affirmative, the question was determined in the affirmative and the resolution was adopted.

**STATEMENT BY MR. MATZIE**

The SPEAKER. Representative Matzie is recognized on unanimous consent.

Mr. MATZIE. Mr. Speaker, I would like to thank all those members for their votes in support of HR 619, a resolution urging Congress to lift the Federal ban on sports betting. I want to especially thank the majority and minority chairmen, Chairman Payne and Chairman Kotik, for their leadership, allowing for a hearing and allowing for this to come up for a vote out of committee to come to the floor for consideration.

Sports betting, or sports book, in the United States totals an estimated \$400 billion per year, with only 1 percent taking place in legal form. Now, over time the perception of sports betting has undoubtedly changed with more and more people wagering on sports every day in many different ways. The vast majority, however, are not doing it legally. We heard a lot of debate over the last couple of weeks here on this floor relative to gaming.

Now, not only has public perception changed, so has the opinion of some of the major sports leagues that have traditionally opposed the legalization of sports betting. NBA (National Basketball Association) Commissioner Adam Silver has come out in favor of federally legalizing sports betting. Major League Baseball Commissioner Rob Manfred has acknowledged how society's views on gambling have evolved and is open to fresh consideration of baseball's official position on the issue.

Now, most recently and most importantly, last week when we were debating gaming on this floor, the National Hockey League announced the awarding of a franchise to the city of Las Vegas in Nevada, the first professional sports league to do so. This delivers what should be a killing blow to the notion that professional athletics cannot coexist with legal sports wagering.

The U.S. Professional and Amateur Sports Protection Act of 1992 bans sports betting in all but four States. This act has been most recently challenged by the State of New Jersey, when they enacted a law legalizing sports betting in 2014. Their law was struck down, and their two attempts at appeal have failed; however, on February 17 of this year, the United States Court of Appeals, Third Circuit, heard what looks to be, by all indications, a final attempt at an appeal. A decision is expected literally any day, but if this appeal fails, the only way forward is to have the Federal law revised or repealed.

In Pennsylvania the implementation and expansion of gaming has been an overwhelming success. It has demonstrated our ability to proficiently and responsibly oversee gaming in our Commonwealth. We are already authorizing, licensing, and regulating casino gaming, and we are uniquely positioned to implement sports betting. The time has come for Congress to

act and direct the Federal government to allow all States to make their own decisions on sports betting. By our vote today, we send a clear message to the U.S. Congress.

Thank you, Mr. Speaker.

The SPEAKER. Thank you, Representative Matzie.

**STATEMENT BY MR. SANTORA**

The SPEAKER. On unanimous consent, the Chair recognizes Representative Jamie Santora.

Mr. SANTORA. Thank you, Mr. Speaker.

Mr. Speaker, on January 30, 2002, it was probably the worst day in Upper Darby Township Police history. It is the first time a member of the Upper Darby Police Department was killed – actually, murdered – in the line of duty.

Dennis McNamara and his family were very involved in our community. Dennis was a member of the Armed Forces, served his country, came back and served his local community, and today this unanimous vote means so much to each and every one of those police officers back home.

And I just, once again, want to thank each and every one of you for your support on this bill.

Thank you, Mr. Speaker.

The SPEAKER. Thank you, Representative Santora.

## SUPPLEMENTAL CALENDAR C

BILL ON CONCURRENCE  
IN SENATE AMENDMENTS

The House proceeded to consideration of concurrence in Senate amendments to **HB 1877, PN 3321**, entitled:

An Act amending Title 35 (Health and Safety) of the Pennsylvania Consolidated Statutes, in grants to fire companies and volunteer services, further providing for scope of chapter, for definitions, for award of grants for volunteer fire companies, for establishment, for award of grants for emergency medical services companies, for the Volunteer Fire Company Grant Program, for the Volunteer Ambulance Service Grant Program, for allocation of appropriated funds, for expiration of authority and for special provisions; and making an editorial change.

On the question,  
Will the House concur in Senate amendments?

The SPEAKER. Moved by the gentleman, Representative Barrar, that the House concur in the amendments inserted by the Senate.

The Chair recognizes Representative Barrar for a brief description of the Senate amendments and any remarks on the bill itself.

Sir, you may proceed.

Mr. BARRAR. Thank you, Mr. Speaker.

Mr. Speaker, the Senate added technical amendments that corrected a drafting oversight. The language now makes it clear that a hospital-based ambulance service is now qualified for the grant if they are contracted with the local government to be their primary ambulance service for the municipality.

Mr. Speaker, this is the EMS (emergency medical services) and fire grant, the \$30 million grant. What this bill does in total, it increases to 4 more years the life of the grant program.

I would ask the members to vote "yes" on it. This is a very important bill to our fire and EMS people.

Thank you, Mr. Speaker.

The SPEAKER. Thank you, sir.
