SESSION OF 2017

201ST OF THE GENERAL ASSEMBLY

No. 60

HOUSE OF REPRESENTATIVES

The House convened at 1 p.m., e.d.t.

THE SPEAKER PRO TEMPORE (MATTHEW E. BAKER) PRESIDING

PRAYER

The SPEAKER pro tempore. The prayer today will be offered by Rev. Norman Lawrence, Millersburg Assembly of God Church, Millersburg, Pennsylvania. He is the guest of Representative Helm.

REV. NORMAN LAWRENCE, Guest Chaplain of the House of Representatives, offered the following prayer:

Shall we pray:

Heavenly Father, I come to You today on behalf of this distinguished body and ask for Your blessings upon them as they meet and share in their responsibility of governing and leading this great State of Pennsylvania, wherever mindful of our need for not only knowledge, but wisdom, to help each one to appropriate that knowledge both compassionately and correctly. The Bible reminds us that we must look to You and ask You for this wisdom. James 1:5: "If any of you lacks wisdom, he should ask God, who gives generously to all without finding fault, and it will be given to him." God, we ask You for wisdom.

I pray for an outpouring of Your love and grace upon each and every member of this body as well as their families, who often are asked to sacrifice so much, since leadership is, in reality, servanthood, and along with true service comes many hours of labor, time away from those who mean so much to us. Protect and provide for every family member today.

The issues that confront us in Pennsylvania cannot be solved with finances or political power alone but with the dependence upon God. And we acknowledge our need of You to lead in a right way that will be right. William Penn said, "Right is right, even if everyone is against it, and wrong is wrong, even if everyone is for it." God, please help every member to do right.

May we continue to be a people who not only seek Your guidance in times of crisis and calamity, but we pray for a spirit of consistency as we ask for guidance in times of prosperity as well. In Your powerful name I pray. Amen.

PLEDGE OF ALLEGIANCE

**NEWTOWN AMERICAN LEGION
JUNIOR PREP BASEBALL TEAM
PRESENTED**

The SPEAKER pro tempore. Representative Warren and Representative Petri are invited to the rostrum for the purpose of presenting a citation to the Newtown American Legion Junior Prep Baseball Team.

Representative Warren.

Mr. WARREN. Thank you, Mr. Speaker.

I am pleased, along with Representative Petri, to recognize the State champion American Legion Newtown Morell Smith Post 440 Junior Prep Baseball Team.

On August 2, at Berwyn Paoli Area Little League complex, Newtown defeated Plumstead 8 to 5. The team went 32 and 3 overall, with a 22-and-2 regular season mark en route to a first-place finish in the Lower Bucks League. In their county playoff run, they began a run of dramatic come-from-behind wins that would become the trademark of the team's postseason success. In the State tournament, Newtown won two one-run games and came from behind to win twice. In fact, Newtown and Plumstead – from our fellow Bucks County colleague's district – met seven times during the regular season, the county championship tournament, and in the double elimination State tournament.

Newtown was led by State tournament MVP (most valuable player) Bernie Parent, who won two games on the mound and posted a 2.00 ERA (earned run average). On top of that, at the plate he hit for a .667 average. Catcher Chase Coren had four RBIs (runs batted in) in the championship game.

Joining me from the State champion team in the front of the House are Chase Coren, Jack Harar, Bernie Parent, Billy Salvadore, and Austin Stalker. And many of their parents and relatives are seated in the back of the floor as well, joined by other members of the team. If you can stand as I recognize each of you: Dominic Edwards, Nicholas Focella, Joshua Huddy, Andrew Jones, Nathan Rambo, and Zachary Van Arsdale; along with coaches Paul Jones, Duane Van Arsdale, Scott Coren, and Earl Stalker. I have known several of these athletes and their siblings and their parents for years, so it is especially gratifying to welcome them and honor them here today.

Representative Petri.

Mr. PETRI. Thank you, Representative.

Personal shout-out to the Newtown organization. I want to thank you as a parent for the great work you did when my son was playing and the great work you are doing now. Coaches, believe me, you will remember these days all of your lives and you will look back fondly at the work you have done with these young men, and I do not want to understate the value. You know, my son is 20 now, and he still remembers playing for the Newtown Post, and the coaches that served at that time put a mark on him just as you are putting a mark on these young men.

So I want to congratulate the young men and certainly congratulate the coaches, not only for the work you have done as far as winning, but most importantly, for the work you have done with these young men and the work you will continue to do in making them fine, upstanding citizens. Congratulations.

Mr. WARREN. I would add that, as Representative Petri suggested, the American Legion Morell Smith Post 440 baseball program has a long history of success, and this is the first junior prep State championship for the organization. We are very proud of them throughout the community.

Colleagues, please join me and Representative Petri in congratulating our 2017 State Champion Newtown American Legion Morell Smith Post 440 Junior Prep Baseball Team.

The SPEAKER pro tempore. The Chair thanks the gentlemen and congratulates the champion baseball team.

The SPEAKER pro tempore. The majority whip requests a leave of absence for the gentledady, Mrs. WATSON, for the day. Without objection, the leave of absence will be so granted.

KAU JUNIOR LEAGUE BASEBALL TEAM PRESENTED

The SPEAKER pro tempore. Representative Barrar is invited to the rostrum for the purpose of presenting a citation to the KAU Junior League Baseball Team.

Representative Barrar.

Mr. BARRAR. Thank you, Mr. Speaker.

Mr. Speaker, we all know that big dreams and hard work will take us anywhere. This baseball team certainly understood that and it took them to the national championship and a chance for a title, a shot at a title of the best in the world.

Members of this team reside in Kennett and Unionville-Chadds Ford School Districts. They are the United States Junior League national champions. Three times this KAU Junior League has made it to the World Series but have never won the big game. It looks like three times is a charm.

Going into the World Series, the KAU national champs did not lose a single game during their playoff run through the districts, through the sectionals, through the States, and the regional tournament, outscoring their opponent by an incredible, remarkable 150 to 19 in that period of time.

After winning the national championship, they would face a very tough Taipei team for the World Series title. Although they lost the matchup against Taipei, they are still the United States national champions, which is such an incredible, remarkable journey that they went on.

They became the talk of the sports world with an amazing catch by one of the players named Jack Regenye, who literally leaped over a fence, the center field fence, to deny the batter a home run, and the sports channels played that catch of his, which was just remarkable, over and over, and it is great to have them here.

These champions are coached, first of all, by – in the back of the room are the coaches – Matt Patterson, Sean Burns, and Brian Regenye. Would you stand up, gentlemen. These are the coaches. They did a remarkable job. From my understanding, they spent about 21 days in Michigan during that period of time that their team was fighting to win this championship, and I had asked them all, "Where do you guys work that you could literally get your bosses to give you that time off?" And luckily they all had good bosses who did not fire them for taking 21 days in Michigan.

So after a long summer and numerous days in the State of Michigan, the KAU team ended up as the United States national champions. They should be proud of what they have accomplished. They will carry with them their experiences and memories of hard work, challenges, and most of all, friendships that they made during this quest for a national title.

Behind me today, as members of the world championship team – I could only bring five up, but they all deserve recognition. I have with me Cory Burns – Cory, raise your hand; all right – Patrick Methlie, Nick Patterson, Jack Regenye, and Louis Sharp.

Let us have a big House of Representatives welcome for this national championship team.

**THE SPEAKER (MIKE TURZAI)
PRESIDING**

The SPEAKER. Congratulations, gentlemen.

Mr. BARRAR. Thank you, Mr. Speaker.

The SPEAKER. Thank you, Representative Barrar and Representative Roe.

STATEMENT BY MR. MURT

The SPEAKER. Representative Murt, the floor is yours.

Mr. MURT. Thank you, Mr. Speaker.

Mr. Speaker, I want to thank my colleagues for their support of HR 447, which establishes October as "Lifesharing Awareness Month" in our Commonwealth.

Mr. Speaker, lifesharing is when a family and a person with an intellectual or developmental disability choose to share a home and life experiences together. This is intended to be a long-term and a lasting relationship in which the supported person becomes an extension of the family. Lifesharing provides an individual with a disability choice and true community integration.

Mentors in the Lifesharing Program, Mr. Speaker, open their hearts, their families, and their homes to those with developmental disabilities. When a mentor takes in and cares for an adult with special needs, they give something that money cannot buy – a helping hand, a home, and a family. Through their actions, these mentors show that every Pennsylvanian deserves to live life to the fullest. These families are more than home providers; they are teachers, advocates, friends, and a family unit.

For the person being mentored, lifesharing offers the opportunity to live in the community of their choice. By sharing their mentor's home, individuals are able to take part in the everyday, but critically important, activities of family life, while still receiving the supports they need. They can socialize with family and friends, manage household chores, discover new hobbies, and learn new skills to the best of their abilities. Lifesharing helps individuals with special needs lead fuller, more independent lives in the communities in which they live.

Mr. Speaker, I would like to add that the coprime sponsor of this resolution, my friend and my colleague, Representative Steve Kinsey, from Philadelphia, serves as a mentor in the Lifesharing Program.

Mr. Speaker, while there are many programs that offer mentoring services, lifesharing is an example of how to do it most efficiently and with greatest success, and as the need for these services increases, it is crucial that lifesharing continues to stand as an example of how to improve the lives of those who cannot help themselves. In that way, the Lifesharing Program is an invaluable resource to our community and to our Commonwealth, and this is why it is so important that we recognize the achievements of lifesharing and mark October as "Lifesharing Awareness Month."

Thank you, Mr. Speaker.

The SPEAKER. Thank you, Representative Murt.

Representative Kinsey, do you wish to— No. Okay. Thank you very much.

STATEMENT BY MS. BOBACK

The SPEAKER. Representative Karen Boback is recognized to speak on HR 564.

Members, please take your seats. Please take your seats.

Representative Boback, the floor is yours.

Ms. BOBACK. Thank you, Mr. Speaker.

Colleagues, I rise in thanking you for your support of HR 564, which designates October 16 through 20 as "National Business Women's Week."

At this time I would like to invite my female colleagues who support this legislation to the podium, as many of you are, were, or in your former lives were businesswomen. Please join me.

I hear that I was not understood. So any women who support this legislation who are businesswomen, were businesswomen, or you still are businesswomen, if you would join me at the podium, please. Thank you.

This cause is incredibly dear to not only me but to all of us. I belong to the national Business and Professional Women's Club, which is a national organization. The Business and Professional Women's Club, which many of us belong to, was the first foundation dedicated to conducting research and providing information solely about working women. Since then they have partnered with employers to create successful workplaces that embrace and practice diversity, equity, and work-life balance, convening employers, working women, policymakers, and everyone who has a stake in the game to promote systemic workplace change.

The purpose of National Business Women's Week is to honor the contributions of working women and employers who support women and their families. It provides an opportunity to recognize women who have been the cornerstone of businesses in Pennsylvania and the United States.

Today there are 7.2 million majority-owned, privately held, women-owned businesses in the United States. These firms employ 7.3 million people and generate \$1.3 trillion – that is trillion – in sales.

For these compelling reasons and many others, I thank you for your support of HR 564, honoring the many contributions made by professional women on behalf of our communities, our Commonwealth, and our nation.

Thank you. Thank you, ladies.

The SPEAKER. Thank you, Representative Boback.

REMARKS SUBMITTED FOR THE RECORD

The SPEAKER. Representative Phillips-Hill.

Mrs. HILL. Thank you, Mr. Speaker.

And thank you, members, for supporting HR 559, which recognizes the 250th anniversary of the Mason-Dixon line.

Mr. Speaker, I would like to submit prepared remarks for the record.

The SPEAKER. Yes. Thank you, Representative Phillips-Hill.

Mrs. HILL submitted the following remarks for the Legislative Journal:

Thank you, Mr. Speaker, and thank you, members, for supporting HR 559, which recognizes the 250th anniversary of the Mason-Dixon line. While often referred to strictly as the border between Pennsylvania and Maryland, the Mason-Dixon line also forms parts of borders with West Virginia and Delaware.

The English team of Charles Mason and Jeremiah Dixon was commissioned in 1763 to end a boundary dispute and survey the newly established boundaries between the Province of Pennsylvania, the Province of Maryland, and Delaware Colony. It took 4 years to complete the process, with the Virginia portion, which later became West Virginia, being added in 1779.

The Mason-Dixon line was originally marked every mile by stones and crownstones with the appropriate coats of arms every 5 miles, using stone shipped from England. Today, while a number of the original stones are missing or buried, many are still visible, resting on public land and protected by iron cages.

Thank you again, members, for your support of HR 559, and thank you, Mr. Speaker.

STATEMENT BY MRS. WATSON

The SPEAKER. Representative Watson, you may proceed.

Mrs. WATSON. Thank you, Mr. Speaker.

Thank you to my colleagues for your attention.

I also want to thank my colleagues for support of HR 556, which designates October 15 to 21 as "National Teen Driver Safety Week." Those of you who have been in the House for a number of years know that this is one of the issues that I devoted actually 8 years to, in trying to, through the Transportation Committee, updating our teen driver laws.

Mr. Speaker, in spite of what we have done, we still know that motor vehicle crashes are the leading cause of death for adolescents and young adults in the United States, and as we also know, many of the deaths are preventable. Yes, we have made important strides in protecting young drivers behind the wheel. Thanks to you and your votes, we limited the number of passengers in a vehicle operated by a new, young driver; we expanded their training to include practice during inclement weather; and we banned texting behind the wheel, which included all drivers.

But sadly, Mr. Speaker, teens are still being seriously injured and some even killed while behind the wheel. Last year in Pennsylvania there were 46 young people killed, including four 16-year-olds, brand-new drivers, and all were young people loved by their families. We always call them the good kids – good kids who are full of dreams and hopes for long and meaningful lives. We all know that too many teen crashes resulting in death have occurred in our own legislative districts, and sadly, if we were to stand up and talk about it, probably each of you has a story that you could tell.

That is why we are here to further raise awareness of teen driver safety. This year's theme for teen driver safety is "U Drive. U Text. U Pay." This theme is all about the consequences of teens' actions, because as we well know, especially those of us who are now parenting a teenager or have grandchildren who are teenagers, they are invincible. They are all-knowing, especially if you are a grandparent, but they are invincible, and they believe that while bad things happen to other people, nothing is ever going to happen to them. But you and I know differently. We know that consequences do happen and, particularly, we know they happen to young drivers. The toughest time for a young driver is the first 2 years that they are

behind the wheel. That is probably the time we need to be the most vigilant, and since that usually occurs from, say, 16 to 18 years, that may be the last and only time that you as a parent, an aunt, an uncle, a grandparent have them around to make comments and to effect change.

I should remind us all, too, ladies and gentlemen, that there are studies that show that young people get some of their driving habits by watching us – their parents, their grandparents, their older brothers and sisters, on how they drive – and they start looking by the time they are 9 years old. Scary thought, is it not, when you go back and think, what did I do in the car when he was sitting back there in that child safety seat?

One of the major factors we know is, of course, impaired driving, and our research has shown that, as I said, most teens are very vulnerable, particularly in the first 2 years. We know that driving and using the phone is dangerous, but for them, they think it is just something that is a part of life, you know, that hand automatically goes up, or they think that texting is important. So therefore, it is up to us to make sure teens know and fully understand what are the risks when they are behind the wheel: certainly, distractions from other passengers; being tired; experiencing strong emotions and taking it out when you are behind the wheel; or being under, we know, the influence of alcohol or drugs.

Mr. Speaker, let us use National Teen Driver Safety Week to engage and empower licensed teen drivers to become skilled drivers and safe drivers, and really, if I could, Mr. Speaker, we would like them to get to be old drivers, just like I am.

Thank you, Mr. Speaker.

The SPEAKER. Thank you, Representative Watson.

The Sergeants at Arms will open the doors of the House.

Representative Watson, what year was it that your landmark legislation was passed and signed into law?

Mrs. WATSON. 2012.

The SPEAKER. 2012. I would just advise everybody if you have an opportunity, teen safe driving legislation was undertaken by Representative Watson and became law in 2012 and I know there are efforts that could be used to build upon that. Thank you.

BILL ON THIRD CONSIDERATION

The House proceeded to third consideration of **HB 1646, PN 2466**, entitled:

An Act amending Title 75 (Vehicles) of the Pennsylvania Consolidated Statutes, in general provisions, further providing for definitions; in licensing of drivers, further providing for suspension of operating privilege; and, in miscellaneous provisions, further providing for careless driving.

On the question,
Will the House agree to the bill on third consideration?
Bill was agreed to.

(Bill analysis was read.)

The SPEAKER. This bill has been considered on three different days and agreed to and is now on final passage.

The question is, shall the bill pass finally?

REMARKS SUBMITTED FOR THE RECORD

The SPEAKER. Representative Brett Miller, on the bill.

Mr. B. MILLER. Thank you, Mr. Speaker.

I would just like to ask the members respectfully for their support for HB 1646.

I would like to submit the rest of my comments for the record. Thank you, Mr. Speaker.

The SPEAKER. Yes, sir. Thank you very much.

Mr. B. MILLER submitted the following remarks for the Legislative Journal:

Thank you, Mr. Speaker.

Mr. Speaker, I rise in support of HB 1646, which seeks to add additional protections to Pennsylvania's vulnerable roadway users by increasing penalties for those convicted of careless driving in order to deter as many people as possible from driving in a careless manner.

As we all know, our modern transportation culture operates largely around the use of the automobile. But the motorist driving an automobile is not the only person who is lawfully allowed to use the roadways. Other such users of our roadways include pedestrians, bicyclists, motorcyclists, horseback riders, horse and carriages, farm equipment, and those on wheelchairs. While modern vehicles have the added benefit of decades of research, technological innovations, government regulations, and advanced design engineering in constructing a vehicle to maximize safety, there is a very large segment of roadway users who, by means of their mode of transportation, do not benefit from the added protection of seat belts, air bags, steel cages that crumple in such a way to protect the passengers, and more. Those using these means of transportation on our roadway are obviously far more vulnerable to the physical dangers present on our highways, not only because they lack the extra safety protections in their given mode of travel, but also because they lack deterrent protections in the scope of the law. Since the likelihood of injury is so much greater for vulnerable road users who are involved in an accident, the law ought to offer these individuals far greater protections from careless drivers.

Here are some statistics to demonstrate the gravity of the problem:

In 2016 Pennsylvania experienced a significant increase in pedestrian, bicycle, and motorcycle injuries and fatalities with approximately 4,218 pedestrian injuries and 172 fatalities; 1,298 bicyclist injuries and 16 fatalities; and 3,321 motorcycle injuries and 192 fatalities. (Bureau of Maintenance and Operations, 2016 Pennsylvania Crash Facts & Statistics, published by PENNDOT.)

Over the last 5 years, total bicycle crashes were 6,637 with 78 fatalities; total accidents involving pedestrians over the last 5 years were 2,116 with 810 fatalities. Within the last 3 weeks in my county, Lancaster County, an Amish family was hit by a careless driver leaving their buggy completely destroyed, their horse traumatized and running away, and the parents and children badly injured. And within the last 2 weeks in my district, a jogger was struck by a car. Sadly, each of us can recount these types of stories from within our own districts and counties.

Over 90 percent of vehicle crashes are attributable to driver error, and many of the above-cited injuries and fatalities were the result of a motor vehicle operator driving in careless disregard for the safety of persons or property, otherwise known as careless driving. Unfortunately, the existing language of the Vehicle Code does not provide fines and penalties for careless driving in a manner proportionate to the physical, financial, and emotional damages

suffered by vulnerable roadway users. For example, the penalties of a person convicted of careless driving are such that they may only be fined \$250 for causing serious bodily injury or \$500 for causing the death of another person. These penalties fail to emphasize the significant life-changing impacts of injuring or killing a vulnerable roadway user. They also, in my opinion, fail to provide sufficient deterrence.

HB 1646 seeks to provide additional protections to PA's vulnerable roadway users by increasing fines and penalties for those convicted of careless driving, and it is hoped that this law will help to educate motorists and provide a greater deterrence to prevent these types of accidents from happening.

Mr. Speaker, I think it is notable that this bill has the support of the Pennsylvania State Police, PENNDOT, AAA (American Automobile Association), and multiple bicycling groups who recognize the need for these additional protections.

I ask that the members join me in recognizing that more than just motorists in automobiles are legally allowed to use our roadways and that those roadway users who are the most vulnerable, such as pedestrians, bicyclists, motorcyclists, those on wheelchairs, or the Amish who use horse and buggies, are deserving of the additional safeguards to protect them from those who drive carelessly.

I ask the members for an affirmative vote on HB 1646. Thank you, Mr. Speaker.

On the question recurring,

Shall the bill pass finally?

The SPEAKER. Agreeable to the provisions of the Constitution, the yeas and nays will now be taken.

On the question,
Will the House agree to the bill on second consideration?

The SPEAKER. We do have an amendment that is filed. There is an amendment, and the amendment is A03639 by Representative Petrarca.

On the question recurring,
Will the House agree to the bill on second consideration?

Mr. **PETRARCA** offered the following amendment No. **A03639**:

Amend Bill, page 1, line 18, by inserting after "AMENDED" and subsection (a) is amended by adding a paragraph
Amend Bill, page 2, line 1, by striking out all of said line and inserting

(a) General rule.—

* * *

(3) Beginning July 1, 2018, fines, fees or costs which are allocated by law or otherwise directed to the Department of Agriculture under the act of December 7, 1982 (P.L.784, No.225), known as the Dog Law, shall not be affected by this subchapter.

On the question,
Will the House agree to the amendment?

The SPEAKER. On the question, the Chair recognizes Representative Petrarca. Representative Petrarca, on the amendment.

Mr. PETRARCA. Thank you, Mr. Speaker.

As stated, this amendment seeks to remove the cap of moneys that can be used and kept in the Dog Law Restricted Account on a yearly basis. Right now moneys that go into the Dog Law Restricted Account are used for a number of things: shelter reimbursements, kennel inspections, maintenance of the dangerous dog registry, reimbursements for livestock damage from dogs and coyotes, investigating dog bite incidents, also apprehending dogs that run at large, maintenance on vehicles, some equipment, things such as that. Money that goes into the Dog Law Restricted Account comes from three sources: individual license fees, kennel license fees, and also from fines from violations.

In 2008, \$4 million was diverted – or in 2008 we passed a dog law in Pennsylvania which gave enforcement personnel additional responsibilities. In 2009, \$4 million was taken out of that fund to help balance the budget. Still in 2010, in that fund was about \$7 million, and since then, there has been a decline, a steady decline. And how the law works today, the first \$250,000 that goes into that account is retained for Dog Law enforcement actions. All moneys on top of the \$250,000 go to the judicial computer system augmentation fund, and the moneys that have gone to the computer fund average over \$210,000 a year.

So from the late nineties when the Dog Law Restricted Account was enacted, over \$4 million have gone to the judicial computer fund. The problem is that this fund, by next fiscal year '17-'18, is projected to be \$1.6 million in the red. So again, what my amendment does is simply allows all moneys collected to stay in the Dog Law Restricted Account. Unlike the courts, unlike the Pennsylvania courts, from what I mentioned earlier, those are the only areas where money can come into this Dog Law account.

I would like to thank Representative Kathy Watson, who worked on this and introduced legislation last session, and Representative/Chairman Eddie Pashinski, who has introduced legislation that included this provision in this session. We have made great strides with Libre's Law that we passed this session and also the other companion bills along with that. I think by changing this and allowing the money collected in the Dog Law account to remain there to allow enforcement personnel to do what they do is certainly the right thing to do, and I ask for your affirmative support. Thank you.

The SPEAKER. Does anybody else wish to speak on the amendment?

On the question recurring,
Will the House agree to the amendment?

The majority having voted in the affirmative, the question was determined in the affirmative and the amendment was agreed to.

On the question,
Will the House agree to the bill on second consideration as amended?

Bill as amended was agreed to.

The SPEAKER. The bill as amended will be reprinted.

* * *

The House proceeded to second consideration of **HB 444, PN 460**, entitled:

An Act amending the act of June 3, 1937 (P.L.1333, No.320), known as the Pennsylvania Election Code, in nomination of candidates, further providing for number of signers required for nomination petitions of candidates at primaries.

On the question,
Will the House agree to the bill on second consideration?

The SPEAKER. There are a number of amendments filed. I believe a number of them will be withdrawn. Representative Evankovich has withdrawn all of his amendments. These would include 3649, 3651, 3652, 3653, and 3642. So those are all withdrawn.

Representative Rabb is recognized. He has amendment 3670. Sir, the floor is yours.

Mr. RABB. Thank you, Mr. Speaker,
I understand that this amendment has been ruled out of order. Is that accurate?

While you confer, I just wanted to—

The SPEAKER. We had not made any ruling, but I can make a ruling.

Mr. RABB. Oh, did I say something?

The SPEAKER. But, sir, you may proceed.

My understanding is, the underlying bill amends the Pennsylvania Election Code to clarify the number of signatures school directors would need to get on their nomination petitions. My understanding is that your amendment repeals the School Reform Commission in Philadelphia, and it is arguable that that is not germane. Now, my understanding is, you were going to withdraw the amendment. If not, I will make a ruling.

Mr. RABB. Oh, well, in that case— I am just a freshman here, Mr. Speaker. I am working on this as best I can. But I brought this up because, while I support the intention of this bill wholeheartedly, I live in the colony known as Philadelphia County, where we do not have an elected school board, and so this reform that I fully support is not germane to the county in which I live and I represent, in the 200th Legislative District, and for all the legislative districts that have any part of

Philadelphia County, and so I thought the easiest thing to do to make this uniform was just to dissolve the School Reform Commission. So I thought it was germane and relevant, but I will defer to you.

The SPEAKER. Sir, if you are withdrawing the amendment – I do think that there is probably a robust debate that needs to occur about the School Reform Commission, by the way.

Mr. RABB. Fair enough. I will have that robust debate at another time, and I will respectfully withdraw the amendment.

The SPEAKER. Okay. Thank you.

Representative Caltagirone has filed two amendments. They are both late-filed. And, Representative Caltagirone, you would have to move to suspend to be able to get consideration of those amendments. There is 3839 and, I believe, 3795, I believe.

Mr. CALTAGIRONE. I am withdrawing that amendment. Mr. Speaker; 3795 is withdrawn.

RULES SUSPENDED

Mr. CALTAGIRONE. I would like to offer 3839 after I make a motion to suspend the rules.

The SPEAKER. Yes, sir.

The good gentleman has asked the members to suspend the rules to consider amendment 3839.

On the question,

Will the House agree to the motion?

The SPEAKER. Representative Caltagirone, if you could please just tell us the amendment, a short summary of the amendment, so that everybody knows why they are suspending the rules and then talk about why the rules should be suspended.

Mr. CALTAGIRONE. Thank you, Mr. Speaker.

Basically, my amendment is simple and it provides clarity for the courts in determining valid addresses on nominating petitions, and I believe that the leaders on both sides of the aisle have agreed to the suspension.

The SPEAKER. Does anybody else wish to speak on the motion to suspend?

PARLIAMENTARY INQUIRY

The SPEAKER. Representative Metcalfe, I do apologize. On a motion to suspend, the only members that can speak are the maker of the motion, the leaders, and the maker of the bill.

Point of parliamentary inquiry, that is the correct—

Mr. METCALFE. So, Mr. Speaker, it would not be appropriate for me to say it is agreed to?

Thank you, Mr. Speaker.

The SPEAKER. I am sorry, you cannot. Yes. Thank you.

Representative Reed, on the motion to suspend, sir.

Mr. REED. Thank you very much, Mr. Speaker.

I would ask the members to support the motion to suspend the rules. Thank you.

The SPEAKER. Thank you, sir.

On the question recurring,

Will the House agree to the motion?

On the question,
Will the House agree to the amendment?

The **SPEAKER**. Representative Caltagirone, on the amendment, sir.

Mr. **CALTAGIRONE**. Thank you, Mr. Speaker.

It was recently brought to my attention that the courts have not been consistent in its interpretation of valid addresses on nominating petitions. My amendment will make it clear that in order to be a valid signature on a nomination petition, the address must match the address on a voter's registration card. I would like to leave no doubt what our intent is and provide clear direction to the courts.

I ask my colleagues to support the legislation so it clarifies this misinterpretation. Thank you, Mr. Speaker.

The **SPEAKER**. Representative Metcalfe, on the amendment, sir.

Mr. **METCALFE**. Thank you, Mr. Speaker.

Mr. Speaker, now it is appropriate for me to say that this is an agreed-to amendment?

The **SPEAKER**. You may proceed.

Mr. **METCALFE**. Thank you, Mr. Speaker.

Mr. Speaker, this is agreed to.

On the question recurring,
Will the House agree to the amendment?
