SESSION OF 2018

202D OF THE GENERAL ASSEMBLY

No. 25

HOUSE OF REPRESENTATIVES

The House convened at 1 p.m., e.d.t.

**THE SPEAKER (MIKE TURZAI)
PRESIDING**

PRAYER

The SPEAKER. The prayer today will be offered by Pastor Troy Howell. He is at Aldersgate United Methodist Church, Mechanicsburg, Pennsylvania. Troy actually worked for us in the House of Representatives prior to going to the ministry.

Thank you, Reverend.

REV. TROY HOWELL, Guest Chaplain of the House of Representatives, offered the following prayer:

Let us be in a spirit of prayer.

Creator God, we thank You for the gift of this day and for the breath of life that You give us without our earning and without our asking. We thank You, God, for the gift of intellect, for the human spirit, and especially, as we stand in this hall, for the spirit of William Penn and those who have gone before us envisioning a commonwealth, a commonweal, of innovation, of unity amidst diversity.

As we gather this day, Lord, I pray Your blessings upon those representing their districts today; the men, women, children, teens in those districts; and for the future of this Commonwealth and this nation. We pray a blessing upon our troops serving here and abroad on behalf of the United States, and for all serving in humanitarian relief places here and around the world.

We surrender these moments into Your care and invite Your wisdom and Your will to be our guide and our stay. Amen.

PLEDGE OF ALLEGIANCE

The SPEAKER. Representative O'Neill.

Mr. O'NEILL. Thank you, Mr. Speaker.

I would like to welcome them to the House and introduce them to you, as they will be spending the summer working for the Commonwealth.

The SPEAKER. Hey, as the good gentleman introduces you, please stand. Please stand as the Representative introduces you.

Mr. O'NEILL. They are in the back, and before I begin, I want to apologize for some of the readings of the names. I spoke to them prior to that and already gave them my personal apologies.

The first student we have is Eyrarn Amegashie, and I apologize if I pronounced it incorrectly. Please rise. She is a senior at Penn State University majoring in accounting.

Our second student is Andrew Bogdanovich. He is a sophomore at Penn State, also majoring in accounting.

The SPEAKER. Please suspend, just for a moment.

Members, please take your seats. These students have come from all over the Commonwealth. They are interning in the Treasurer's Office. Chairman O'Neill is reading each of the individual's names, and we would like to accord them the respect they deserve.

Also, once you stand, guests, please remain standing. If you have been called on, just remain standing until everybody has stood. Good.

Chairman O'Neill.

Mr. O'NEILL. Thank you, Mr. Speaker.

Our third student is Dante Bressi from Shippensburg University, who is a junior majoring in finance.

Our next student is Matthew Canis. He is from West Chester University, a sophomore majoring in finance. Now we have Thomas Creighton, who is from Gettysburg College. He is a freshman majoring in mathematics and economics.

Our next one is Anirudh – here is another one I messed up and I apologize – Narayanan. He is a freshman studying economics and he is from Carnegie Mellon.

Our next student is Manthan Patel from Penn State University, a junior studying economics.

And then we have Randy Nguyen, who is a senior at Penn State University studying accounting.

And the next student is Hoang Nguyen – I hope I pronounce it properly – from Penn State University, a senior studying accounting and finance.

And then our next is Evan Martin, a junior from Temple University studying economics.

Then we have Ashlyn Bloor from Slippery Rock University, a freshman studying political science.

And then, lastly, we have Sydney Brouger from Penn State University, who is a sophomore studying accounting/systems and management and marketing.

We want to welcome them all who are interning, again, this year for the Treasury, and I just wish everybody in the House would give them a nice House welcome. Thank you.

Again, I apologize for the names.

Thank you, Mr. Speaker.

The SPEAKER. Thank you, Chairman O'Neill, and welcome.

At this time I am going to call up Representative Harry Lewis to the rostrum, if we could clear the rostrum for Representative Lewis. Can we bring both the boys and girls relay teams from Bishop Shanahan High School to the rostrum here? Can we bring both of them? If there are too many, then the captains up here and the others in the well of the House.

The girls team, please come on down at this time, and then we will have the boys waiting in the wings.

COATESVILLE AREA HIGH SCHOOL GIRLS TRACK TEAM PRESENTED

The SPEAKER. Representative Lewis, the floor is yours.
Mr. LEWIS. Thank you, Mr. Speaker.

Today I would like to recognize two teams of State champions from the 74th Legislative District. Their wins represent more than simple athletic ability. Instead, their wins speak to both training and hard work in pursuit of excellence. The success these young men and women are enjoying now—

The SPEAKER. Representative Lewis, just suspend for a second.

Members, if you could please take your seats. All of us have had folks that have traveled a significant distance. These two championship relay teams have traveled some distance. If there is any need for a conversation, please take it off the House floor. All members, please take your seats.

You may proceed, sir.

Mr. LEWIS. Thank you.

The success these young men and women are enjoying now can inspire each of us and serve as a reminder of all that can be accomplished with dedication and hard work.

First is the women's track and field team from Coatesville High School. For those who do not know, that is my former high school that I was one of the administrators. Sammie Miller, Patty Rokins, Arianna Eberly, and Porsha Miles won the 1600-meter relay at the Pennsylvania State Track and Field Championships at Shippensburg. Not only was their time of 3:46.92 a school record, it is also one of the fastest times in Pennsylvania State history. All of these young women are juniors. We can look forward to what they will accomplish in the next track year.

With them today we have Coach Andrew, and I will call your names again. Raise your hands, ladies, so you can be recognized: Sammie Miller, Patty Rokins, Arianna Eberly, and Porsha Miles. Let us give these ladies a great round of applause.

Also accompanying these young ladies we have the superintendent of Coatesville schools, if she would stand; we have the athletic director in Coatesville; the principal, Michele Snyder; and some parents. We have Mrs. Eberly, one of the coaches and also the mother of Miss Eberly. Please stand. Let us give them a round of applause. Thank you very much.

The SPEAKER. Congratulations. We are going to take some photos. Outstanding. We appreciate your taking the time to be with us, young ladies.

So, members, this team here – we were relayed a little bit ago – no pun intended – incorrect information –but this team is from Coatesville High School, the girls relay team, 4-by-400 champs, and each one of these young ladies is a junior, so I am suspecting they are going to be back here next year. Keep up the great work. Thanks for being here.

Representative Lewis is now going to have the Bishop Shanahan High School boys relay team, I believe, and we will get the team up here, and then the floor is yours, Representative Lewis.

All members, please take your seats. These young people have traveled some distance to be with us.

BISHOP SHANAHAN HIGH SCHOOL BOYS TRACK TEAM PRESENTED

The SPEAKER. Representative Lewis, you may proceed.
Mr. LEWIS. Once again, thank you, Mr. Speaker.

I am also pleased to commend the Bishop Shanahan High School Boys Track Team. What a team it is and what a successful team in this past year. The team operates under the guidance of head coach Peter Uhlman and assistant coach Louis Corominas. It consists of Andrew Puz – those who are present today – Logan Yoquinto, and Rick Zink, who are representing this team today. Together, these young men won first place in the Class AAA boys 1600-meter relay event during the 2018 PIAA State Track and Field Championships. The team also won first place in the Class AAA boys team rankings during the championships.

Let us also take a moment to recognize a member of the team who took another win: Rick Zink won first place in the 400-meter dash during the championship, claiming the gold medal with a time of 47.92 seconds. Not bad and it is also one of the fastest times that has been run in the country this year by an east coast athlete.

Please join me in recognizing the dedication and impressive athleticism of these athletes and the support of their coaches and families. Let us give them a round of applause.

The SPEAKER. All right. The State championship track team and also the 400-meter individual champion as well. Amazing.

Representative Tarah Toohil is invited to the rostrum for the purpose of presenting a citation to another one of our championship teams. So I am asking everybody to please take their seats. Close the doors of the House. We will let our guests exit, if they are exiting at this time.

Will the rest of the team please come down to the well of the House.

This championship team has traveled almost 2 hours to be with us today one way, almost a 4-hour round trip, and Representative Tarah Toohil will be presenting these champions to us.

HAZLETON AREA HIGH SCHOOL BOYS BASKETBALL TEAM PRESENTED

The SPEAKER. Representative Toohil, the floor is yours.
Ms. TOOHIL. Thank you, Mr. Speaker.

I am extremely proud today to honor a very special group of young men. The Hazleton Area High School Cougars Boys Varsity Basketball Team is here with us. This team won the 2017-2018 PIAA District II/IV Subregional Class 6A Boys Basketball Championship and advanced to play Lincoln, after defeating Abington in the PIAA Class 6A semifinals in an overtime thriller back in March. The Cougars finished their outstanding season with a record of 26 and 2.

Please hold your applause until the end, as I am going to introduce the team and their coaches who have joined us today. On the rostrum, we have esteemed head coach Michael Joseph, assistant coach Nathan DeBalko and assistant coach Carlos Rivas, as well as team captains Joey Gula and Josh Samec. The

other members of the team are with us in the well of the House. If they can raise their hands when I say their names. We have senior Adrian Otero. Adrian is actually leaving us in Pennsylvania and going on a football scholarship to Maine. We have Scott Shamany, who is a graduating senior and he is going to stay here at Penn State. We have juniors Alex D'Angelo, Kyle Franek, Ramddy Melendez, Jecxander Moronta, Nik Norman, and Warren Seigendall; and we have sophomore Andrew Vayda. Unfortunately, three players were unable to be with us today; they are back in the classroom: Da'Mir Faison, Jeffrey Planutis, and Ryan Wolk.

These athletes are very gifted and talented. As I said, we have one going on a football scholarship, we have one going to Brown University for track and field, and also Josh Samec is going on a basketball scholarship. So he is going to continue his basketball career at West Chester.

These coaches have guided these fine athletes to do their best, game after game. Coach Joseph is in his 12th year leading the team. He is an alumnus of Hazleton Area High School and a former player. As Coach Joseph put it, the energy and excitement in the school and in the community gave him chills.

Well, team, as we sat with our family in the stands during many of your games, your coach's words are right on point. These players are honor-roll students, homegrown kids who have come up through this program, and they have taken Hazleton basketball to a whole new level. What this team accomplished is a historic level of achievement. This team plays the right way. They share the ball, playing as one, and they have great joy in seeing others succeed.

As our team advanced, I have to note, they helped to unite a community that can be very divided. Our ethnically diverse community, young and old, and people from all socioeconomic backgrounds fought to come and see the Hazleton Area Cougars. We also had our own television controversy when the PIAA was not going to allow our local channels to play these championship games, and we were able to work to make sure the people at home got to see everything on television. We were glad to see you win.

To our seniors, we want to say best wishes in all of your college academic pursuits, all the sports you are playing and your academics.

And to my colleagues, I would ask you to please join me in another round of applause to congratulate this fantastic team. Go Cougars.

The SPEAKER. Congratulations to each and every one of these champion players. Just an honor to have you here today. Thanks for making the trip.

We are going to take leaves of absence and a master roll call vote.

We have an announcement. We are going to be at ease. We are not breaking yet. We are just going to be at ease for Rules and Appropriations Committee meetings.

Let us vote on the master roll, and then we will do the announcements.

The SPEAKER. Members, please take your seats. This is a condolence resolution, so I am going to ask the Sergeants at Arms to close the doors of the House. The doors will not be opened again until after the condolence resolution is done.

It is a condolence resolution for a former member. All members and staff need to take their seats. If anybody else needs to step off the floor of the House for a conversation, now is the time to step off. We are going to close the doors of the House, and we cannot open them again until after the condolence resolution is finished.

CONDOLENCE RESOLUTION

The SPEAKER. The Chair calls upon Representative Marcy Toepel with respect to the condolence resolution.

Mrs. TOEPEL. Mr. Speaker, it is my honor to introduce a resolution along with my colleagues, Representative Robert Godshall and Representative Matt Bradford, in remembrance of the life and service of Jay R. Moyer.

Jay represented the 70th Legislative District and was elected to that position in 2006. Jay served in the United States Air Force during the Vietnam war, then received his bachelor's in political science from Syracuse University and did postgraduate studies at Temple University.

Jay served in a number of local, county, State, and Federal positions. He served as chair of the Montgomery County Investment Board, county treasurer, area operations director for the Pennsylvania Department of Revenue, Deputy Secretary for Local Government Affairs for the Pennsylvania Department of Environmental Protection, Delaware River Joint Toll Bridge Commission, regional representative to Deputy Secretary of the U.S. Department of Education, and most recently, Small Business Ombudsman for the Pennsylvania Department of Environmental Protection.

Jay was a lifelong resident of Lower Salford Township and he was committed to his community. He served on the board of supervisors, Souderton Area School Board director, Harleysville Jaycees, and Lions Club, and was the founder and chair of the Lower Salford Youth Association and a board director of the Harleysville Senior Center.

I have known Jay for many years. I first met him when he was serving as treasurer for Montgomery County. Jay was well known throughout the county, but certainly in Lower Salford Township. When I first started to represent Lower Salford, Jay was the first person I called. He went door-to-door with me, and I can tell you that everyone knew either Jay or his wife, or usually both of them. He was a great friend and supporter. Jay was dedicated to his family. Suzette, his wife, was always by his side, and she being no shrinking violet, Suzette was the perfect adviser to Jay on all issues, especially political ones.

I want to thank Suzette and their daughter, Christine Schmidt, along with her husband, Michael, and their children, Abra and Elliott, for being here today as we extend our heartfelt condolences and let you know that we appreciate Jay's service to our country and to the citizens of the Commonwealth of Pennsylvania.

The SPEAKER. The Chair calls upon our Chief Clerk, who will read the official resolution.

The following resolution was read:

Mr. LAWRENCE. Thank you, Mr. Speaker.

I apologize. I did not hear the question, Mr. Speaker.

Mr. VITALI. Could you explain what this bill does?

Mr. LAWRENCE. Mr. Speaker, the bill, HB 85, which is before the House today, prescribes that school boards would have 180 days to determine whether they would establish a policy to allow parents to opt their students or children out from Keystone

Exams for philosophical reasons. I believe it is a key parental control issue.

Mr. VITALI. Right. Could you tell us the position of the Pennsylvania School Boards Association on this?

Mr. LAWRENCE. Mr. Speaker, I would suggest that this is a bill that empowers school boards. The bill as it is envisioned would give school boards the direct— Mr. Speaker, may I have some order, please?

The House proceeded to third consideration of **HB 2420, PN 3516**, entitled:

On the question,
Will the House agree to the bill on third consideration?
Bill was agreed to.

(Bill analysis was read.)

The SPEAKER. This bill has been considered on three different days and agreed to and is now on final passage.

The question is, shall the bill pass finally?

Members, please take your seats.

The Chair is going to call on Representative Petrarca, the sponsor of the bill. It is a bill memorializing a bridge for 1st Sgt. Alexander Kelly. So I am asking everybody to be seated as Representative Petrarca will explain the naming of this particular bridge. So I am going to ask everybody to please take your seats.

Representative Petrarca, you may proceed.

Mr. PETRARCA. Thank you, Mr. Speaker.

I would like to note today that HB 2420 does designate a portion of State Route 286 between the borough of Saltsburg, Indiana County, and Loyalhanna Township, Westmoreland County, as the bridge to be named for Sergeant Kelly. Sergeant Kelly, who was born in Saltsburg, served with distinction as an American hero when he rose to the rank of sergeant in the United States Colored Troops during the Civil War. He helped fellow soldiers through his bravery and leadership, and it is only fitting that we name this bridge in his remembrance. He was awarded the Congressional Medal of Honor for his actions on September 29, 1864, during the Battle of Chapin's Farm in Virginia, where he gallantly raised the colors, which had fallen near the enemy lines of abatis, raised them and rallied the men at a time of great confusion and in a place of great danger.

Again, it is fitting that we name this portion of this highway, this bridge, in honor of the sergeant, and I ask for your affirmative vote.

Thank you, Mr. Speaker.

On the question recurring,
Shall the bill pass finally?

CONSIDERATION OF HB 85 CONTINUED

The **SPEAKER**. We are going to return to Representative Lawrence's bill, HB 85.

I am going to ask the clerk to once again read us a summary of the bill. It is page 1 of today's supplemental B House calendar, PN 3625. Please read a summary of that again.

And at this time where we left off was Representative Vitali had asked for interrogation of the prime sponsor. The prime sponsor had agreed.

I am going to ask all members to please take your seats during this question-and-answer about the bill. All members, please take your seats.

Representative Vitali, please proceed.

Mr. VITALI. I have concluded my interrogation.

I just would like to make brief remarks on the bill.

The **SPEAKER**. You may proceed, remarks on the bill.

Mr. VITALI. And in fact, I am going to support the bill. I got up for interrogation because I just did not want this to be one of those bills that was blindly voted on, "yes" or "no."

I will note that the Pennsylvania School Boards Association has some serious concerns with this bill. It is supported by PSEA (Pennsylvania State Education Association). But I just wanted to make sure that the members were aware that this bill does have strong views on either side of the issue.

Thank you, Mr. Speaker.

The **SPEAKER**. Representative Bloom, on the bill, sir.

Mr. BLOOM. Thank you, Mr. Speaker.

Mr. Speaker, I rise reluctantly in opposition to this bill, not because I question the purpose of the bill, which I believe is a valid purpose in making sure that parents do have the right to opt out of certain exams, but because of the potential impact of this bill on other measures that we have established over the last several years to protect the taxpayers of Pennsylvania by bringing accountability to our public education system, and part of that accountability, Mr. Speaker, comes from the testing that takes place in these statewide assessments. They form a key component of the evaluation matrix that we use for evaluating our teachers and then for other laws that are built upon those evaluations.

So for the purpose of protecting the measures we have undertaken over the last several years to bring more accountability to our public schools, I am going to be voting "no" on HB 85.

Thank you, Mr. Speaker.

The SPEAKER. Thank you, sir.

Representative Lawrence, on the bill.

Mr. LAWRENCE. Thank you, Mr. Speaker.

Mr. Speaker, I rise in support of HB 85.

Very briefly, this bill, the good gentleman from Delaware County brought up earlier with regard to the Pennsylvania School Boards Association, I would propose, Mr. Speaker, that the bill in front of us gives school boards the opportunity to directly speak into this issue. It prescribes that within 180 days of enactment, school boards would have to meet and decide, are we going to allow parents in this district to opt their children, opt their students out from exams for philosophical reasons? Do we want to allow that or not in this district? Now, in the absence of their action, if they fail to take action within 180 days, then the default would be that parents would be able to opt their children, their students, out from testing.

I would suggest, Mr. Speaker, that currently parents have this ability but only for religious reasons, and I would submit very humbly, Mr. Speaker, that there is nothing in the Bible with regard to the Keystone Exams. So I say this carefully, but to force people to lie about their religion as a State policy to get their children or their students out of an exam I believe is poor public policy. This bill in front of us would add philosophical reasons to the reasons that a parent could choose to opt their children out of an exam, and if they so choose, then there could not be negative consequences attached to that student, including the withholding of a high school diploma.

I believe, Mr. Speaker, it is time to address this issue. We have addressed this issue in a number of ways over the years, mostly by kind of kicking the can down the road, but it is time to, I believe, kind of go on record and move this ball down the field. I would encourage members to vote in the affirmative.

Thank you, Mr. Speaker.

The SPEAKER. Thank you, sir.

Typically, we ask members, which is fine, we ask members to allow the prime sponsor to be the last person to speak as well as the respective floor leaders. Representative DeLissio has requested to speak on the bill at this time. I am going to ask Representative Lawrence if he would like to speak for a second time after she speaks or if any other member wishes to speak. So if anybody else wishes to speak on this bill, please let us know.

Representative DeLissio, the floor is yours.

Ms. DeLISSIO. Thank you, Mr. Speaker.

Mr. Speaker, I concur with the remarks of my colleague from Cumberland County. We amended this bill last week to include PSSAs (Pennsylvania System of School Assessment) in it as well as any number of other testing elements that are currently in place or may come into place, and the entire system is built around a system of metrics and HB 85 does not address any of that.

So this comes across to me as a bit of a Pandora's box, and for those reasons I will be voting "no" on this bill.

The SPEAKER. I see that Representative Sturla wishes to speak and then Representative McCarter.

Representative Sturla, the floor is yours.

Mr. STURLA. Thank you, Mr. Speaker.

Will the maker of the bill rise for brief interrogation?

The SPEAKER. The good gentleman has indicated he will so stand.

Mr. STURLA. Thank you, Mr. Speaker.

Mr. Speaker, you indicated that school districts would have the opportunity to determine whether or not they wanted to allow their parents to opt out. In the case of charter schools, would it be

the charter school itself that made that decision or would it be the school district that granted the charter?

Mr. LAWRENCE. Thank you, Mr. Speaker.

Mr. Speaker, actually it would be the decision of a school entity, which is defined in the bill on page 3, lines 18 through 20, and I will just read it: " 'School entity.' A school district, intermediate unit, joint school, area vocational-technical school, charter school, regional charter school or cyber charter school." So it would be up to the board or its equivalent of a school entity to make the decision within 180 days for that entity. If they fail to take action within 180 days, then the default would be that parents have the ability to opt their child out of testing for philosophical reasons.

Mr. STURLA. Thank you, Mr. Speaker.

Mr. Speaker, if I could on the bill?

The SPEAKER. Yes, sir, you may proceed.

Mr. STURLA. Thank you, Mr. Speaker.

Mr. Speaker, what you have here is individual schools, in particular charter schools, being able to opt out. We know the statistics concerning the performance of charter schools and in particular cyber charter schools where none of them on average perform at the same rate as standard brick-and-mortar schools do. My guess is that should this unfortunate piece of legislation become law, that you would have every one of those that is a failing cyber charter school opting not to have their students and parents participate and in fact encouraging their parents then not to participate so that their test scores did not look as bad and abysmal as they currently do. Mr. Speaker, I think this is just a way to try and hide the reality of some failing schools.

Thank you, Mr. Speaker.

The SPEAKER. Representative McCarter, on the bill, please.

Mr. McCARTER. Thank you, Mr. Speaker.

Again, would the maker of the bill please stand for interrogation?

The SPEAKER. The good gentleman has indicated he will so stand.

Mr. McCARTER. Mr. Speaker, just a question. If I read through as we did the amendment in a sense that the assessment or the definition of "ASSESSMENT" where it states, "A TEST ESTABLISHED BY STATUTE OR ESTABLISHED OR APPROVED BY THE STATE BOARD OF EDUCATION...", including those, and then it goes, on established by "THE EVERY STUDENT SUCCEEDS ACT," would that also include, for instance, the measure that we just approved in the House here that has not yet been enacted dealing with a civics exam? Would that also be allowed to be opted out of?

Mr. LAWRENCE. Thank you, Mr. Speaker.

My understanding of the bill, sir, good sir, that you are referencing is that the way the Senate amended it, you actually do not have to pass it regardless, that particular civics exam. You just get a certificate if you pass it with a perfect score.

Mr. McCARTER. My question, though, was, Mr. Speaker, if parents opted to have their children not take it at all, could they so do that as a result of what we are passing today?

Mr. LAWRENCE. My understanding, Mr. Speaker, is that this bill is specific not to that localized test but it is specific to statewide tests such as PSSA and the Keystone Exams.

Mr. McCARTER. Would it also include, Mr. Speaker, then any other, again as the language states, "...APPROVED BY THE STATE BOARD OF EDUCATION..."? Now, my understanding is, and I am not 100 percent sure of this, but the State Board approves various career education testing that takes place in

school districts. They have to be approved in terms of what the formats are. Would that also be included in this because it is approved by the State Board?

Mr. LAWRENCE. So again, the premise of the underlying bill is that parents should have the ability to make decisions on behalf of their children. This is a parental control issue. It is also a local control issue because school boards have the ability whether to opt in, to speak to the issue as well. So in my view, parents should have the ability – who is in charge of a child's education? I believe it is the parent. Parents know what is best for their children and parents should have the ability to speak into the testing. So if the testing that you are speaking of – and candidly, I am not familiar with whether that complies with this or not – if it is, it is listed in section 2603-B, which I do not have in front of me, but if it does, then parents should have the ability to speak into that.

Mr. McCARTER. Thank you, Mr. Speaker.

It is the end of interrogation. Thank you.

The SPEAKER. Representative Mike Carroll.

Mr. CARROLL. If the maker would stand for just a question or two?

The SPEAKER. The good gentleman has indicated he will so stand, and you may proceed.

Mr. CARROLL. Thank you, Mr. Speaker.

Mr. Speaker, it is my understanding that the school districts and school entities in our Commonwealth have to have a 95-percent participation rate in these tests. Do you share that view?

Mr. LAWRENCE. I am sorry. I did not hear your question.

Mr. CARROLL. It is my understanding that the State plan and the Federal requirements insist on a 95-percent participation rate among the students with respect to PSSAs and other such tests.

Mr. LAWRENCE. Mr. Speaker, I am actually very glad that this question has been asked.

So the bottom line is this: No Child Left Behind, which has subsequently been replaced by ESSA, speaks to this 95-percent participation level. Now, it also speaks to the fact that if you do not make that, then the State gets to speak into what penalties there might be. But regardless of that, the point that I want to make very clearly to this chamber is this: There are a number of States that allow parental opt-out for these types of tests for any reason. The State of Oregon, which is controlled, candidly, by the Democrats with a Democratic Governor, passed legislation about a year ago mandating school districts provide every parent with a paper form, hand them a paper form on how to opt their child out of mandated testing.

Mr. CARROLL. Thank you, Mr. Speaker.

Mr. LAWRENCE. No – I am not done answering the question – no State has ever lost a dime in Federal funding. Do not let anyone say otherwise, including the State of Oregon. A number of other States, including California, have opt-out for any reason.

Mr. CARROLL. Thank you, Mr. Speaker.

It seems to me, Mr. Speaker, that there are some folks in the chamber that were around when we snubbed our nose at the Federal government with respect to REAL ID, and I was one of the ones that cast a vote—

The SPEAKER. Sir, is this in interrogation?

Mr. CARROLL. No, I think I will end the interrogation.

The SPEAKER. Okay. Then the interrogation is done and you may speak on the bill.

Mr. CARROLL. Thank you, Mr. Speaker.

The REAL ID provisions that we rejected during the prior administration, it turns out the Federal government was not

fooling around when it said it wanted folks to have REAL ID, and so we have to go back out to the fact and scramble around with PennDOT and others to try and get it right with respect to compliance with the Federal government.

I actually share the maker's opinion when it comes to standardized testing. I think there is far too much standardized testing. I, for one, would love to see a dial-back of PSSAs in a significant way. But what I am not interested in is having an exercise where we thumb our nose at the Federal government and the penalty that is inflicted on us, because we go well below 95 percent in terms of participation, results in one of two things happening, us coming back later on down the road to try and fix it and undo this or the schools having some detrimental financial impact because of the State's allowance to go below the 95-percent threshold.

So, Mr. Speaker, I share the view, as I said, of the maker with respect to standardized testing. There is too much, especially too much with PSSAs. But I have grave concerns when it comes to the Commonwealth taking the position that seems very, very similar to me with respect to what we did in the world of REAL ID and now here we are with respect to testing. My suspicion is, the Federal government is not fooling around. What they are doing to the State of Utah is real. I would prefer not to join the State of Utah in a wild scramble to save finances and the reputation of our school districts.

So despite my support for reduction in PSSAs and testing generally, I think the smart thing for me and for others is to reject HB 85.

The SPEAKER. We are going to wait until the applause dies down.

Representative Bryan Barbin.

Mr. BARBIN. Thank you, Mr. Speaker.

I just wanted to note for the record, we have a little over 10 percent of our school students in cybers and charters. If the cybers and charters decide under this bill that they are not going to participate anymore, then we do have a problem with the Federal government. I think that those issues need to be resolved. At this point I will be voting "no."

The SPEAKER. Does anybody else wish to be recognized?

Representative Kathy Rapp.

Ms. RAPP. Thank you, Mr. Speaker.

I rise in support of this piece of legislation.

I believe it is a piece of legislation that is long overdue, and I do believe that parents have a right in what their students do, what their children do during their school years. And I believe that most districts, classroom teachers already know how students, their students will perform. They already know which students are going to pass the PSSAs, the keystones, whatever test they have in their classroom.

But I have had parents in my office, my district office – I am sure most of my colleagues here have also experienced the same – parents coming in very upset. Their students have suffered from test anxiety. They want to please their teachers. Even good students, Mr. Speaker, they want to please their teachers. They want to do good on these tests. But many students, whether they are good students or not, they suffer from test anxiety. How many years do we have to endure, do our schools have to endure, our students have to endure these testings of what is supposed to be evaluating our school districts? And where is the outcome after all of these years? The outcome I see is more and more parents leaving public education and going to private schools, charter schools, and cyber schools.

I was a strong supporter of the PSSAs, definitely not a supporter of the Keystones being tied to a diploma. I am not supportive of that whatsoever. Schools have always tested and tested the performance of our students with quizzes, chapter tests, finals. I know that the PSSAs and down the road the Keystones, we are really testing the performance of school districts. But this bill is about a parent's rights, Mr. Speaker, and I support the parent having the right to opt out and exempt their children, not the school districts' children, but the children of the parents should have the right to opt out of this testing.

Thank you, Mr. Speaker, and I urge the support of this legislation.

The SPEAKER. Representative Bernie O'Neill, on the bill.

Mr. O'NEILL. Thank you, Mr. Speaker.

Mr. Speaker, I rise to support HB 85.

Everyone who has gotten up and spoken on the bill, their points are well taken and very true, and I absolutely agree with everyone.

My issue with this whole thing is we have been talking about Keystone Exams since the day they were enacted, and we have been kicking the can down the road, as Representative Lawrence said earlier. If you remember, they could not get, the administration, under the Rendell administration, could not get this bill or these Keystone Exams passed through the General Assembly, and this House was under Democratic control at that time with a Democratic Governor. So what they did is they went literally behind our backs and got the Board of Education to do this when they opened up the regulations.

So I really think we need to get the ball rolling and discuss this in a fair way, and I think if we pass this bill, although like I said I am in agreement with everybody what they said, it may force to bring people to the table to start discussing this and start talking about the Keystone Exams and testing in general. I really believe we need to get people to the table. So I would encourage a "yes" vote for those reasons alone. Thank you.

The SPEAKER. Before the Chair calls on the prime sponsor, does anybody else wish to be recognized?

Representative Aaron Bernstine.

Mr. BERNSTINE. Thank you, Mr. Speaker.

Mr. Speaker, I rise in support of this legislation today.

And I know that many of us in this room have received e-mails from interest groups. But I think it is important to understand that sometimes those interest groups are not always talking directly to their members. So I want to share quickly whom I reached out to. I reached out to numerous superintendents in the 10th Legislative District. Out of those superintendents, 100 percent of them were in support of this legislation. I reached out to educators and teachers. Out of those, 100 percent of them were in support of this legislation. And I did not talk about the legislation, Mr. Speaker, in a way to persuade them. I wanted to understand what their view was in the way that they viewed the piece of legislation. Most importantly, I reached out to several parents, and those parents, 100 percent of them were in support of this legislation.

This is an absolute no-brainer as we continue to talk about eliminating standardized testing from our schools. Let us give these teachers the opportunity to actually teach in school so they no longer have to worry about teaching to a test, these parents the opportunity to get their kids away from this testing culture that we have created here in the Commonwealth of Pennsylvania. We know that people in our districts know how to fix our education system. It is not done at the State level. We ought not to even

have the tests to begin with, but if we do, we absolutely should not be forcing them down the throats of students and down the throats of parents.

Thank you, Mr. Speaker.

The SPEAKER. Representative John Lawrence, unless anybody else wishes to be recognized.

Representative Lawrence.

Mr. LAWRENCE. Thank you, Mr. Speaker.

I appreciate the robust floor dialogue on this bill.

I would just like to make a couple points over some things that were said earlier. One of the points that was made by one of the previous speakers was that this bill will kind of mandate certain teachers to encourage certain students to opt out. That is actually specifically addressed in the bill. In line 21 on page 2, it says that a school entity, including the administration, teachers, etc., cannot "...solicit a student or student's parent or guardian to utilize the provisions..." to opt out. It has to be something that the parents approach the district about, and I think that is an important distinction to make.

I would also like to point out, if we had no ability to opt out today, then some of the comments that have been made I think would be more relevant, but the bottom line is that we do have an opt-out procedure today only for religious reasons. So parents who, for whatever reason, feel compelled that they would like to have their child opted out of this testing have to pursue that religious opt-out, and if they do not have a religious reason, they have to make one up. I would suggest that is never a good policy for the State government.

Thirdly, I would like to point out the Keystone mandate, which is not actually directly addressed in this bill but has been brought up several times in the floor debate, is a mandate that was never voted on by this chamber. We did not establish it. It was established by executive fiat during the Rendell administration. In fact, this chamber has voted to push off that mandate multiple times. The Keystone mandate has never actually gone into effect, and I would suggest it never will because we will continue to kick the can down the road in the future. I would suggest it is much better educational policy to establish what the policy should be rather than in a piecemeal fashion as we so typically do on so many issues in this building. We should take a vote on the underlying policy and allow parents to speak into the education of their own children.

Mr. Speaker, again I would just remind the members no State has ever lost a dime in Federal funding because of giving parents the ability to opt their children out of standardized testing.

I appreciate the members' consideration and would encourage an affirmative vote. Thank you, Mr. Speaker.

On the question recurring,

Shall the bill pass finally?

The SPEAKER. Agreeable to the provisions of the Constitution, the yeas and nays will now be taken.

The majority having voted in the affirmative, the question was determined in the affirmative and the resolutions were adopted.

The SPEAKER. There are some members who wish to speak on those resolutions. We will be doing those when we return to the floor at the end of session.

ANNOUNCEMENT BY SPEAKER

The SPEAKER. Members, the Republican members on the Committee on Committees, we would ask that you please stop by the Speaker's Office when we break. It will just be about a 5-minute meeting.

The Republican members on the Committee on Committees will meet in the Speaker's Office just as we break.

STATEMENT BY MR. METCALFE

The SPEAKER. Representative Metcalfe wishes to be recognized on unanimous consent.

Representative Metcalfe, you may proceed.

Mr. METCALFE. Thank you, Mr. Speaker.

Mr. Speaker, in 2016 I was blessed and honored to have the chance to stand on the floor and announce the birth of my first grandchild, Aviana Rose, and now today I am standing to announce the birth of my grandson, Lincoln Daniel. He was born on June 2 to my daughter, Lisa, and her husband, Pawel. My wife and I are excited to be grandparents for a second time and looking forward to spending a lot of time with both of our grandchildren as they grow up, as we are blessed to be able to do that.

But last week I was not here on Monday and Tuesday due to complications that arose for my daughter after giving birth to my grandson, Lincoln Daniel. After he was born – and my daughter expected to have a natural birth and ended up after many hours of labor being told that she had to have an emergency C-section – after the emergency C-section, she had major complications that resulted in her having to undergo about 6 hours of surgery and receive, receive many, many pints of blood through transfusions.

So on Saturday night, last Saturday night, my son-in-law had directed the doctor to call my wife and me as we were just coming home from the hospital, and the doctor was able to give us the good news that my daughter was stable but in the ICU (intensive care unit). We ended up ultimately being able to see her on Sunday. My son-in-law finally got to see her Sunday morning, and she finally was reunited with Lincoln Daniel Sunday evening, after being let out of the ICU Sunday late afternoon, early evening.

So now today they are both home. My daughter came home last week and Lincoln was able to come home with her. They allowed him to stay in the hospital even though he had been discharged prior to her being discharged. He was able to stay there with her and my son-in-law until she was discharged. So they are both home now. My daughter is doing great. A lot of healing ahead, but she is doing very well.

And we are just so, so thankful for God's sovereignty, for His providence in the whole process that the whole family has been through, especially my daughter and Lincoln, because my daughter had chosen this new practice because my daughter recently relocated, she and her family, and my daughter chose this practice for her new doctors. And on that weekend the lead physician for that practice, the lead doctor for that practice was on call, and that doctor had had a similar circumstance that had occurred about 10 years ago and through that developed some new protocols for a situation that might occur like this again, which did 10 years later.

And after all of the surgeries and the surgical team's efforts and the doctors' efforts and the nurses' efforts and the blood bank techs' efforts, many in the hospital were calling my daughter and the baby, referring to my daughter as the miracle mom and my grandson as the miracle baby. So we are thankful to God for not just the miracle of life that we see every day as children are given to us as a gift from God as we know from the Scriptures, but thankful to God for His miracle of providentially providing the resources and the people that were needed at that time they were needed to save my daughter's life after giving birth to Lincoln Daniel, whom we are so grateful for and so blessed today to be able to announce the birth of.

So thank you for this time, Mr. Speaker. I appreciate the members listening.

And once again thank you to the hospital's doctors, nurses, and mostly thank you to Almighty God for Lincoln Daniel and my daughter.

COMMITTEE MEETING CANCELED

The SPEAKER. Representative O'Neill, for a committee announcement, I believe.

Mr. O'NEILL. Yes. Thank you, Mr. Speaker.

I just want to remind the members of the House Finance Committee that tomorrow morning's meeting at 9 o'clock is canceled and it will be scheduled for a further date. Thank you.

The SPEAKER. Thank you, sir.

REMARKS SUBMITTED FOR THE RECORD

The SPEAKER. Representative Tom Murt.

Mr. MURT. Mr. Speaker, I would like to submit some remarks for the record. Thank you.

The SPEAKER. Yes, sir, you may so do.

Mr. MURT submitted the following remarks for the Legislative Journal:

I want to thank my colleagues for their support in drawing attention to this important issue. Spinal muscular atrophy is a rare genetically inherited disease affecting the area of the nervous system that controls voluntary muscle movement. But it is the leading genetic cause of death for infants and toddlers.

Among autosomal recessive disorders, spinal muscular atrophy is second in birth prevalence only to cystic fibrosis. This rare disorder can interfere with basic life functions, and there is no known cure for this disease.

It is my hope that by passing this resolution we can raise awareness about the consequences of this devastating illness. We must help families understand that 1 in every 50 Americans is a genetic carrier of this disease and it will impact as many as 1 in 10,000 people. Symptoms in the mildest cases include muscle weakness, muscle twitching, and lack of muscle tone. In the most severe cases, this rare disorder interferes with one's ability to sit unsupported and causes breathing and swallowing difficulties. Early detection is the key to managing symptoms and preventing the illness from progressing and interfering with one's basic life functions.

That is why it is so important that we declare August 2018 as "Spinal Muscular Atrophy Awareness Month" in Pennsylvania.

CHILDREN AND YOUTH COMMITTEE MEETING

The SPEAKER. Representative Kathy Watson, I believe, a committee announcement.

Mrs. WATSON. Yes, Mr. Speaker. Thank you very much.

The Children and Youth Committee has a meeting scheduled for 9 o'clock tomorrow. It is an informational meeting. However, please note, Children and Youth members, we will add a second meeting. It will be a voting meeting. It will be at the call of the Chair. We will be in touch to let you know, but there is some information coming to your e-mails this afternoon. So that will be a second meeting tomorrow, Mr. Speaker, at the call of the Chair, and the room number is B-31; different from the morning

SUPPLEMENTAL CALENDAR C

**BILL ON CONCURRENCE
IN SENATE AMENDMENTS**

The House proceeded to consideration of concurrence in Senate amendments to **HB 653, PN 3613**, entitled:

An Act amending Title 68 (Real and Personal Property) of the Pennsylvania Consolidated Statutes, in real property, providing for real estate foreclosure of vacant and abandoned property and for sheriff's commission and creditor attorney fees.

On the question,
Will the House concur in Senate amendments?

The SPEAKER. The Chair recognizes Representative Kurt Masser to outline for us the underlying bill and the amendments made to it by the Senate.

Mr. MASSER. The underlying bill reduces the timeframe for bringing foreclosed vacant and abandoned properties to sheriff sale. The Senate amendment is agreed to and tightens the criteria by which a property is declared vacant and abandoned and also extends the effective date of the act to 180 days.

Thank you, Mr. Speaker.
The SPEAKER. Thank you, sir.

On the question recurring,
Will the House concur in Senate amendments?

The SPEAKER. Agreeable to the provisions of the Constitution, the yeas and nays will now be taken.

BILL ON THIRD CONSIDERATION

BILL PASSED OVER

The SPEAKER. SB 776 is over for the day, not being called up.

We do not have any other votes for this day, but we are going to take some remarks. I believe some members want to speak on resolutions, and then, of course, we have housekeeping announcements as well.

Representative Boback and Representative Hennessey, I know, want to speak on HR 970, and we will do that here in just 5 minutes.

For those staying for the remarks, I would ask you to please take your seats; otherwise, I would ask you to exit from the rear of the floor.

I would ask Representatives Hennessey and Boback to come down to the front.

Representative Martina White wishes to be recognized on HR 972. If she could come down to the front as well.

Members, I would ask you to please be seated.

Representative Boback, the floor is yours.

Members, we do have two members who will be speaking on HR 970, and then a member speaking on HR 972.

Members, please take your seats; otherwise, quickly exit from the back.

STATEMENT BY MS. BOBACK

The SPEAKER. Representative Boback, the floor is yours.

Ms. BOBACK. Thank you, Mr. Speaker.

I rise today to thank my colleagues for their support on HR 970 to commemorate June 15, 2018, as "Elder Abuse Awareness Day" in the Commonwealth. Elder abuse comes in many forms, including physical abuse, mental abuse, sexual

abuse, neglect of care, abandonment, and becoming even more common, financial exploitation. We must protect the health, safety, and well-being of the seniors in Pennsylvania.

Financial exploitation is on the rise. It seems senior scams are an everyday news story. Part of our job here is to educate our constituents on elder abuse, and I hope we are all dedicated, especially this month, to do more education and outreach back in our districts and promote and advocate for justice for our senior population.

Mr. Speaker, for those watching at home and for my colleagues here in this chamber, I urge them to advertise and spread the word about the Pennsylvania Elder Abuse Hotline. It is open 24/7. If you or someone you know is being abused, please call 1-800-490-8505 or immediately contact your very well trained local area agency on aging.

Thank you, Mr. Speaker, and thank you to members for your support.

STATEMENT BY MR. HENNESSEY

The SPEAKER. Representative Hennessey, on the resolution. Mr. HENNESSEY. Thank you, Mr. Speaker.

Before I begin, I just ask those watching on PCN (Pennsylvania Cable Network) to please reach for a pen and paper. Representative Boback just gave you a toll-free number. I will give it to you again at the end of my very brief remarks.

Mr. Speaker, I rise today as chairman of the House Aging and Older Adult Services Committee to stand in support of HR 970, promoting elder abuse awareness in the Commonwealth of Pennsylvania. On our Aging and Older Adult Services Committee, our members are dedicated to working with the Department of Aging, the area agencies on aging, 52 of them across the Commonwealth, and the Temple Institute of Protective Services to ensure the health, safety, and well-being of our older adults and, further, to protect our residents from abuse, neglect, and exploitation.

There are vulnerable seniors out there who, out of the goodness of their hearts, trust the wrong people, those they think are caring for them or looking out for them. They sometimes find later on that was not the case at all. Sometimes it is even a family member or someone very close to the senior. In the Commonwealth, we try to look out for our seniors and protect them from harm, from telephone and Internet scams and from anyone who chooses to take advantage of them.

If you suspect a loved one, neighbor, or friend is in trouble or needs help or could be a victim of abuse, please call the elder abuse hotline. It is open 24 hours a day, 7 days a week, and the number is 1-800-490-8505. Again, 1-800-490-8505.

Thank you Mr. Speaker.

The SPEAKER. Thank you, sir.

STATEMENT BY MS. WHITE

The SPEAKER. Representative Martina White is recognized on HR 972.

Ms. WHITE. Thank you, Mr. Speaker.

From June 10 through 16 we celebrate "State Veterans' Homes Week." According to the Veterans' Administration, our World War II vets are passing away at a rate of more than 300 per day. As of 2017, only 558,000 of the 16 million Americans who

served in World War II are alive. Of the 5.7 million men and women who served during the Korean war, less than half are still with us. While these Americans deserve our honor and respect, it is just as important that we give them our time and care. The stories they have to share are the stories of the American experience and lessons we should take to our hearts in understanding the human cost of war.

HR 972 was introduced to encourage Pennsylvanians to visit these heroes currently being cared for in the State's six veterans' homes. For more than a century, the Commonwealth has tended to the needs of the aging, ill, and injured veterans in these State-supported homes. Under the auspices of the Department of Military and Veterans Affairs, the staff provides personal care, skilled nursing care, domiciliary care, and dementia care to more than 1,500 veterans and their spouses in Erie, Hollidaysburg, Philadelphia, Pittsburgh, Scranton, and Spring City. The veterans in these homes have lived lives of honor and sacrifice. We must not let their stories slip away without hearing their historical accounts and sharing them with others. When you do visit them, please thank them for their sacrifices and service and thank the staff and volunteers who provide exceptional care at our veterans' nursing homes every day. Thank you.

The SPEAKER. Thank you, Representative White.
