LEGISLATIVE JOURNAL

SESSION OF 2018

202D OF THE GENERAL ASSEMBLY

No. 32

HOUSE OF REPRESENTATIVES

The House convened at 10 a.m., e.d.t.

THE SPEAKER (MIKE TURZAI) PRESIDING

PRAYER

HON. PAMELA A. DeLISSIO, member of the House of Representatives, offered the following prayer:

Good morning. This is the day that the Lord has made. Let us be glad and rejoice.

I am thankful today for the privilege of working side by side with colleagues who are focused on the greater good of the citizens in this Commonwealth. These citizens, our constituents, represent a rich diversity of cultures, ethnicity, experiences, and expertise. It is inherent upon all of us to be good listeners to their respective needs and to work diligently to reconcile these many, and often diverse, needs, particularly when confronted with legislation that causes impassioned debate.

Many of us are guided by our own experiences and expertise, and it is incumbent upon us to recognize the experience and expertise of all of our colleagues to achieve an outcome that is thoughtful and balanced. Our work today will impact every citizen in this Commonwealth. Please let us be guided by thoughtful debate and dialogue.

This is the day the Lord has made. I am truly glad and joyful.

PLEDGE OF ALLEGIANCE

(The Pledge of Allegiance was recited by members and visitors.)

ANNOUNCEMENT BY MS. DeLISSIO

Ms. DeLISSIO. And just a shout-out to someone at home, today is my Aunt Emma's 99th birthday. She hails from Bristol, PA. Happy birthday, Aunt Emma, from all of us.

JOURNAL APPROVAL POSTPONED

The SPEAKER. Without objection, the approval of the Journal of Thursday, June 21, 2018, will be postponed until printed.

STATEMENT BY MR. WHEATLEY

The SPEAKER. Representative Wheatley, on unanimous consent.

Mr. WHEATLEY. Thank you, Mr. Speaker.

Mr. Speaker, before we begin today, I wanted to be acknowledged because my heart is really heavy right now. I know that we have some more important business to get done today, but as we probably all have seen over the last few days, there have been public outcries and protests in my city and my county, and I cannot continue to pretend that the lives that we are so casual about in this continual epidemic is normal. It is not a normal day anymore for me. And what I realize as a parent of three, the hardest thing that one could ever receive is a call that your young one will not ever return back. And in this past week, we have celebrated Juneteenth, which was the freedom day and the recognition of independence of former enslaved people in this country. And on that same day, we lost a young, talented 17-year-old African-American male, Antwon Rose, and a day later we lost an aspiring, up-and-coming African-American artist to street violence named Jimmy Wopo. Now, these are just two examples of stuff that happens all over this Commonwealth – all over, in every city and borough and all over this country. And both of them, I call them two tips of a very dangerous spear, and that is black-on-black crime and violence, and blue-on-black crime and violence, and both of them need to be addressed and stopped, because there are far too many wasted lives that are never reaching their full potential because of these things.

And the fact of the matter is, Mr. Speaker, I think what we do here in this hall, in this Capitol, matters tremendously what happens on the ground with these things stopping. And it is not just a financial thing; it is a change in culture. It is a value set, that lives matter no matter who they are and what race they come from and what community they come from. And we cannot casually keep closing our eyes and ears to the fact that there is a group of people whose lives seemingly do not matter.

And when I look at my 12-year-old, I look at my 6-year-old, and my 3-year-old, I believe their lives are just as important as any other life. But every time they leave my house, I worry about if they are going to lose their life, lose their life by somebody who looks like them or somebody who is afraid of what they think they are or will be.

So as we make these final decisions today, what I want to also encourage us to do is to look around our communities, question the fact that this system that we currently have is not working for all of our citizens, that something really needs to change. The conversation itself needs to change. This is about life and death for a group of people who, for some reason, are dying and perishing at far too great a number than what they should be.

And so before we begin our work today, I had to get that off my chest, because I am at a point now where I am at a loss for words and actions and I am trying to keep myself together. Because when I leave up out of this building, I could be the next victim. And all I am trying to challenge us to do is, when we have these conversations, know that there is a problem in our Commonwealth – in our cities and our boroughs and our municipalities – and we cannot be silent about it anymore.

So thank you, Mr. Speaker, for giving me a couple moments this morning.

The majority having voted in the affirmative, the question was determined in the affirmative and the amendment was agreed to.

On the question recurring,

Will the House agree to the bill on second consideration as amended?

Ms. **TOOHIL** offered the following amendment No. **A02657**:

Amend Bill, page 2, line 6, by inserting after "Except"
as set forth in paragraph (2.1) or
 Amend Bill, page 2, by inserting between lines 21 and 22
(2.1) Paragraph (2) does not apply if the plaintiff is an
unemancipated minor.

On the question,

Will the House agree to the amendment?

The **SPEAKER**. Representative Toohil, on the amendment.

Ms. **TOOHIL**. Thank you, Mr. Speaker.

This amendment is important language that would apply to members in your community who are children and minors. These children say, you know, many times there are car accidents in your community, there are traumatic brain injuries, and there are times that people become debilitated, and if they end up in an assisted care facility, we want to make sure that we would not be capping damages on those individuals if they are then injured in that facility. This language protects those children.

Thank you, Mr. Speaker, and I ask my colleagues for an affirmative vote on this amendment.

The **SPEAKER**. Representative Kampf, on the amendment.

Mr. **KAMPF**. Mr. Speaker, this is an agreed-to amendment. Please vote "yes."

The majority having voted in the affirmative, the question was determined in the affirmative and the amendment was agreed to.

On the question recurring,
Will the House agree to the bill on second consideration as amended?

The SPEAKER. Yesterday an amendment passed. There was a motion for reconsideration. It can be called up. It is amendment 2605. It is sponsored by Representative Pam Snyder.

On the question recurring,
Will the House agree to the bill on second consideration as amended?

The clerk read the following amendment No. **A02605**:

Amend Bill, page 2, by inserting between lines 24 and 25
(4) A punitive damage award shall not be reduced as
provided under paragraphs (1) and (2) if the plaintiff suffered
battery or sexual or physical abuse.

On the question recurring,
Will the House agree to the amendment?

The SPEAKER. Representative Snyder, you may speak on the amendment.

Mrs. SNYDER. Thank you, Mr. Speaker.

Just as I stated yesterday, I believe this is a very important amendment. If one of your loved ones is in a nursing home and that nursing home does not adhere to background checks for their employees, and someone that could be on the Megan's Law list is working there and could sexually or physically abuse our loved ones, there should be no cap on the penalties.

Thank you, Mr. Speaker.

The SPEAKER. Thank you.

Representative Kampf, on the amendment.

Mr. KAMPF. Mr. Speaker, on this amendment, although I read the amendment differently than the gentelady, it is a good amendment. Please vote for it.

The majority having voted in the affirmative, the question was determined in the affirmative and the amendment was agreed to.

On the question recurring,

Will the House agree to the bill on second consideration as amended?

The SPEAKER. Representative Christiana, I have you for five amendments. I have you for five amendments, Representative Christiana: 2618, 2628, 2629, 2632, and 2633. I believe two of them were withdrawn, but I could be wrong about that. Just let me know which ones you still wish to vote on and which ones have been withdrawn. I have five: 2618, 2628, 2629, 2632, and 2633.

Mr. CHRISTIANA. Thank you, Mr. Speaker.

You are correct; 2628 and 2629 were withdrawn yesterday.

The SPEAKER. Say them again.

Mr. CHRISTIANA. Amendments 2628 and 2629 were withdrawn yesterday on the floor.

And, Mr. Speaker?

The SPEAKER. Yes.

Mr. CHRISTIANA. I would like to withdraw the remaining three amendments.

Thank you, Mr. Speaker.

The SPEAKER. Thank you very much. Thank you, Representative Christiana.

All five amendments are withdrawn. Thank you, sir.

Okay. I know that the Democratic amendments were withdrawn yesterday, other than Representative Snyder's. Are any other amendments – we do not see any amendments. That does not mean – there were so many amendments filed on this – does not mean we always have them correct. So if anybody else has an amendment on this bill, will you please alert us now. Will you please alert us now.

I do not see anybody standing, so there are no other amendments.

Representative Ellis, could you tell us the amendment number, sir?

We do not have it in front of us. I am sorry, we do not. Yes; we do not see it.

Representative Ellis is recognized.

Mr. ELLIS. Thank you, Mr. Speaker.

The amendment is A2707. It for some reason does not appear in the system on the Republican side, but I believe it is in the system on the Democratic side.

The SPEAKER. We are going to need to hear from the clerks, because we do not have it. We do not have it. We do not have amendment 2707.

None of us – on both sides, the Republican and the Democratic side, nor the clerk – we do not have it listed, nor does the Judiciary Committee chair, executive directors.

Okay. We do not see amendment 2707.

We do not have 2658 on the list either, and there is no 2707. There is none in the system.

The gentleman has indicated he is fine and is ready to move forward and intimates that there is not an amendment.

The good gentleman who says that he sponsors the amendment has not been able to identify it or locate it, so we do not see an amendment.

On the question recurring,

Will the House agree to the bill on second consideration as amended?

Bill as amended was agreed to.

The SPEAKER. The bill as amended will be reprinted.

GUESTS INTRODUCED

The SPEAKER. Representative David Zimmerman has some special guests for us. To our left, Philip and Linda Beiler, and their children, Zachary, Jewel, and Abigail. Please stand. We are so honored that you would take the time to be with us today. Thank you so much to the Beiler family. God bless you and your family. We are so happy to have you here.

The Sergeants at Arms will open the doors of the House.

BILL PASSED OVER TEMPORARILY

The SPEAKER. We are going to temporarily go over SB 1056.

* * *

The House proceeded to third consideration of **HB 2211, PN 3665**, entitled:

An Act providing for consumer prescription drug pricing disclosure.

On the question,
Will the House agree to the bill on third consideration?
Bill was agreed to.

(Bill analysis was read.)

The SPEAKER. This bill has been considered on three different days and agreed to and is now on final passage.

The question is, shall the bill pass finally?

The Chair recognizes Representative Judy Ward, on the bill.

Representative, take your time. Members are still being seated. Just take your time and we are going to wait until everybody is seated. Members, please take your seats.

Mrs. WARD. Thank you, Mr. Speaker.

HB 2211 is a consumer protection bill and it will allow pharmacists to consult and let consumers know that a prescription that might be cheaper for them, or less expensive, possibly even a generic, would be available to them, maybe, if they did not use their health insurance.

But it is a consumer protection bill and it will allow consumers and our constituents to save money on their health-care costs, so I would appreciate an affirmative vote.

Thank you so much.

On the question recurring,
Shall the bill pass finally?

BILL ON THIRD CONSIDERATION

The House proceeded to third consideration of **SB 1142, PN 1911**, entitled:

An Act amending the act of March 10, 1949 (P.L.30, No.14), known as the Public School Code of 1949, in school finances, further providing for intergovernmental agreements for school security and safety; in grounds and buildings, further providing for school police officers; in safe schools, further providing for the Office for Safe Schools; providing for school safety and security and for school police officers and school resource officers; establishing the School Safety and Security Fund; establishing the Safe2Say Program; and providing for methods of anonymous reporting concerning unsafe activities in schools.

On the question,
Will the House agree to the bill on third consideration?

The SPEAKER. Now, there is an amendment that was filed on third consideration. Of course, we do not allow in our rules for amendments on third consideration without a motion.

Representative Kortz filed amendment 8916.

You are recognized on that motion, sir. You may proceed with your motion.

Mr. KORTZ. Thank you, Mr. Speaker.

Mr. Speaker, I will be pulling this amendment, but I would like to make a few comments on it, if I may, sir.

The SPEAKER. Yes, you may speak on it.

Mr. KORTZ. Mr. Speaker, I want to commend the Speaker and the leadership from the House and Senate and the Governor for addressing this very serious problem in our Commonwealth and our nation, as it relates to school safety and the violence that we have seen. I also want to thank the many colleagues in the House and Senate. Many of us have put forth bills to try to increase funding to help address this issue, Mr. Speaker. Upwards of \$50 million has been requested, which, divided evenly, would give each public school district approximately \$100,000. As I understand the new budget, Mr. Speaker, the plan seeks to provide \$60 million in the school and community safety program: \$50 million for schools, \$10 million for communities. And again I want to thank the Speaker and the leaders from both chambers.

SB 1142 is a step in the right direction to address the safety and security of our schools, but, Mr. Speaker, as I read the bill, I have some concerns. It only allots \$25,000 to each public school district out of the \$50 million, Mr. Speaker; \$25,000, 25 percent. The remaining 75 percent of the money, or \$37.5 million, will be allocated by a 17-member commission. That was very concerning to me. That is why I wanted to put forth the amendment.

My concern, Mr. Speaker, is that our public schools in our rural areas and our urban-poor areas may get shortchanged when it comes to money for safety and security. That is why I wanted to offer this amendment, so that we could see an even distribution of the funds. But in an effort to keep the budget moving, Mr. Speaker, and going forward, Mr. Speaker, I will be withdrawing that amendment, as I mentioned earlier, and I would request that the Speaker and the leaders from the House and the Senate please work towards that end of a more even distribution.

Thank you, Mr. Speaker.

The SPEAKER. Thank you, sir.

Okay, so the amendment would have required a motion. The good gentleman is withdrawing the amendment, so we do not need a motion. We are going to be voting on this bill on third consideration.

On the question recurring,
Will the House agree to the bill on third consideration?
Bill was agreed to.

(Bill analysis was read.)

The SPEAKER. This bill has been considered on three different days and agreed to and is now on final passage.

The question is, shall the bill pass finally?

Representative Margo Davidson I know wants to be recognized on the bill. Does anybody else want to be recognized on this bill?

Representative Davidson.

These are budget-related bills that we are going to be doing here, so this is a 5-minute clock.

Mrs. DAVIDSON. Thank you, Mr. Speaker.

This bill, Mr. Speaker, is virtually identical to my school safety hotline bill that was passed unanimously by this chamber in two legislative sessions. In 2011 when I first brought this idea

and this concept to the legislature under HB 1078, it passed unanimously and was stalled in the Senate. In the 2013 session, similarly, HB 1801 passed unanimously in this House and passed unanimously out of the Senate Education Committee, but the clock ran out before a full Senate vote. In the last session in 2015, the same language in then HB 943, which I offered, was amended into the Fiscal Code and became law, albeit with no budget to enact it with the diminished Department of Education school safety department.

So today, Mr. Speaker, I want to thank Senator Browne and Representative Farry in not only moving this legislation forward to the finish line, but with real teeth and dollars to properly enact this vitally important legislation and to partner with the Attorney General's Office and the school safety office to provide additional resources to the hotline and investigative functions to keep our kids safe. Though it may seem obvious now, it really has taken us 8 years to get to this point, but it is just as important today as it was then, when I first introduced this legislation to the Pennsylvania Legislature. The goal is to improve school safety. We should be doing all we can to make our schools safer, because students cannot learn, obviously, in an unsafe environment.

The bill is straightforward. It gives students and members of the community an anonymous way to report dangerous situations in their schools. This legislation was originally recommended by the Columbine Commission, and it was, sadly, not the last school shooting our nation has witnessed. The bill provides for anonymous reporting and gives the State Department of Education office of school safety additional dollars in order to execute this program and to investigate calls that come in. While it is not uncommon for students to know about the potential for violent events, we know that the students are usually the first to know that something is going on awry in their schools, but they are often too afraid to call the police, and so this allows them a safe way to get the information to the proper authorities.

In Colorado, where this bill was first enacted, this legislation produced dramatic results: 84 arrests—

The SPEAKER. Representative, if you could, just a second, just please suspend.

Members, please take your seats. Thank you. Please take your seats. Let us close the doors of the House. We have a lot of important legislation to move forward on. The good lady is entitled to be heard. As she indicated, legislation passed this chamber that is substantially similar and is covering much of the public policy points. So please take your seats. Any other members will be entitled to speak on it as well.

Representative Davidson, you may proceed.

Mrs. DAVIDSON. Thank you very much, Mr. Speaker.

In Colorado, where this legislation was first enacted, we saw dramatic results, including 84 arrests, 382 counseling referrals, 457 investigations, 328 prevention/intervention plans, and 343 school disciplinary actions. The hotline in Mississippi resulted in the recovery of 14 illegal guns. Similar reports are reported in Missouri, Oklahoma, and other States. We need to make sure that every child feels safe when they go to school, and no parent should have to fear that when they send their child to school in the morning, that will be the last time they see their child.

So I want to thank this chamber and urge your unanimous support for this legislation and the funding that goes along with it. Thank you very much.

The SPEAKER. Does anybody else wish to be recognized on the legislation?

On the question recurring,
Shall the bill pass finally?

The SPEAKER. Agreeable to the provisions of the Constitution, the yeas and nays will now be taken.

SUPPLEMENTAL CALENDAR D

BILL ON CONCURRENCE IN SENATE AMENDMENTS AS AMENDED

The House proceeded to consideration of concurrence in Senate amendments to the following **HB 1448, PN 3811**, as further amended by the House Rules Committee:

An Act amending the act of March 10, 1949 (P.L.30, No.14), known as the Public School Code of 1949, in preliminary provisions, further providing for Keystone Exams; in organization meetings and officers of boards of school directors, providing for executive sessions; in duties and powers of boards of school directors, providing for third-party services; in grounds and buildings, further providing for limitation on new applications for Department of Education approval of public school building projects and providing for lead testing; in books, furniture and supplies, further providing for time and manner of adopting and furnishing textbooks and supplementary books; in professional employees, further providing for persons to be suspended; in certification of teachers, further providing for provisional vocational education certificate; in pupils and attendance, further providing for definitions, providing for attendance policy at nonpublic schools and further providing for excuses from attending school, for penalties for violating compulsory school attendance requirements and for nonprofit school food program; in Drug and Alcohol Recovery High School Pilot Program, further providing for term of program and for reporting; in terms and courses of study, further providing for fire and emergency evacuation drills; in community colleges, further providing for financial program and reimbursement of payments; in educational tax credits, further providing for definitions, for qualification and application by organizations, for application by business firms, for tax credits and for limitations; providing for higher education accountability and transparency; in funding for public libraries, providing for State aid for fiscal year 2018-2019; and, in reimbursements by Commonwealth and between school districts, further providing for payments to intermediate units, for assistance to school districts declared to be in financial recovery status or identified for financial watch status and for Ready-to-Learn Block Grant.

On the question,

Will the House concur in Senate amendments as amended by the Rules Committee?

The SPEAKER. The bill left the House as HB 1448; went to the Senate. There were Senate amendments; came back to the House, and the House amended the bill again in the Rules Committee today.

The question is, will the House concur in the amendments inserted by the Senate as further amended by the House? Moved by the gentleman, Representative Cutler, that the House concur in all these amendments.

The Chair recognizes him for a brief description of the underlying bill, the Senate amendments, and the House amendments. Representative Cutler.

Mr. CUTLER. Thank you, Mr. Speaker.

Mr. Speaker, many folks might remember that the underlying bill dealt with information contained on the College Navigator Web site and high priority occupations so that our students in the Commonwealth can access information regarding possible employment and degree opportunities and that they are to annually provide this information to high school students. It also provides for the creation of a comparison search tool for institutions of higher education if the College Navigator Web site is ever discontinued by the Federal government. The Senate did change this underlying portion of the bill to also include rural regional college and for-profit institutions so that we would have parity across all educational facilities in the Commonwealth.

Additionally, the bill was further amended to become the School Code vehicle for the budget. These items are as follows: There is a distribution language for the libraries, community colleges, IU (intermediate unit) percentages, and Ready to Learn Block Grants. There is a 1-year extension of the Keystone Exams graduation requirements, as in prior years. It also allows public school entities to hold an executive session to plan, review, or discuss matters related to school safety.

Additionally, there were other agreed-to components contained in the bill and I would be happy to answer any questions if the members have them.

I would urge a "yes" vote. Thank you, Mr. Speaker.

The SPEAKER. Representative Jamie Santora, on the bill. It is concurrence in Senate amendments and then House amendments.

Jamie Santora, and then Jim Christiana.

Mr. SANTORA. Thank you, Mr. Speaker.

I rise in support of this bill. Moving the requirement for the Keystone Exams is just one reason that I could support this bill, but there are so many others. There is so much good in this bill for both public and nonpublic schools – the expansion of our EITC (educational improvement tax credit) program and many other different aspects.

I encourage all the members to support this bill. Thank you.

The SPEAKER. Thank you, Representative.

Representative Jim Christiana.

Mr. CHRISTIANA. Thank you, Mr. Speaker.

Mr. Speaker, I rise in support of HB 1448. And as the previous speaker mentioned, there are a tremendous amount of great things in this bill that we can all be very proud of. There are two that I would like to pay particular attention to this afternoon, and the first is that we continue to expand educational opportunities here in Pennsylvania. We continue to evolve our education system away from a one-size-fits-all approach to an approach that allows an education—

The SPEAKER. Sir, please suspend for just a moment. Please suspend for a moment.

Members, please take your seats. Members, please take your seats. The Sergeants at Arms will close the doors of the House. I would ask the Sergeants at Arms to ask members and staff to please take their seats or to take the conversations off the back of the House floor. Members, please take your seats. I would ask all members to please take their seats. Any conversations, if you could take them off the House floor.

And, Representative Christiana, you can start. Thank you.

Mr. CHRISTIANA. Thank you, Mr. Speaker.

As I was saying, Mr. Speaker, we continue to evolve our education system that was once predominately a one-size-fits-all approach to one that meets the individual needs and provides individual options for families to meet each individual child's specific needs rather than provide a one-size-fits-all approach.

And the budget that we are supporting and the bill before us, HB 1448, is providing even more opportunity for families to find the right education setting for their son or daughter. We are providing \$50 million for the OSTC (opportunity scholarship tax credit) program in this bill, and we are expanding the EITC program to help even more families have more opportunities in the Commonwealth to find the right education setting for their son or daughter. We are allocating \$160 million to the EITC program. We are raising the scholarship organizations line item from where it sits now at \$135 million; so we are raising the EITC program to \$160 million, and of that \$160 million, we are giving \$110 million to scholarship organizations to help provide tuition for our sons and daughters.

Mr. Speaker, the fact that today we are taking that program to \$110 million is the product of a lot of people's work, a lot of effort by many individuals. A lot of people deserve thanks for that. The EITC program was here before me and it will be here after I leave. But I do just want to say thank you to a few members in particular who have championed that program over the years, people like Sam Smith, people like Mike Vereb, people like Mike Gerber – Democrats and Republicans – and people like yourself, Mr. Speaker. Mr. Speaker, this bill, this bill provides a tremendous amount of language that was included in two of the bills that you introduced that I worked with you, and, Mr. Speaker, I just wanted to say thank you to you and to the others that helped raise this allocation to a historic amount.

More families will benefit from these programs today because of the efforts of many of us in this room, and I just wanted to take a second and say thank you, Mr. Speaker, to all those who helped get this bill and this program to this point and to urge a concurrence on HB 1448.

Thank you, Mr. Speaker.

The SPEAKER. Thank you, Representative Christiana.

Does anybody else wish to be recognized?

On the question recurring,

Will the House concur in Senate amendments as amended by the Rules Committee?

The SPEAKER. Agreeable to the provisions of the Constitution, the yeas and nays will now be taken.

BILL ON SECOND CONSIDERATION

The House proceeded to second consideration of **HB 2060, PN 3754**, entitled:

An Act amending Titles 18 (Crimes and Offenses) and 23 (Domestic Relations) of the Pennsylvania Consolidated Statutes, in firearms and other dangerous articles, further providing for persons not to possess, use, manufacture, control, sell or transfer firearms and providing for relinquishment of firearms and firearm licenses by convicted persons and for abandonment of firearms, weapons or ammunition; and, in protection from abuse, further providing for definitions, for commencement of proceedings, for hearings, for relief, for return of relinquished firearms, other weapons and ammunition and additional

relief, for relinquishment for consignment sale, lawful transfer or safekeeping and for relinquishment to third party for safekeeping and providing for order to seal record from public view.

On the question,
Will the House agree to the bill on second consideration?

Mr. **PETRARCA** offered the following amendment
No. **A07865**:

Amend Bill, page 58, lines 4 through 7, by striking out all of said lines and inserting

(4) The individual has not been convicted of one of the following offenses where the victim is a family or household member:

(i) An offense set forth in 18 Pa.C.S. § 2711 (relating to probable cause arrests in domestic violence cases).

(ii) An offense equivalent to subparagraph (i) under the laws of the United States or one of its territories or possessions, another state, the District of Columbia, the Commonwealth of Puerto Rico or a foreign nation.

On the question,
Will the House agree to the amendment?

The **SPEAKER**. On the amendment – that is the question, will we agree to this amendment? – Representative Joe Petrarca. It is Representative Petrarca's amendment. Please proceed.

Mr. **PETRARCA**. Thank you, Mr. Speaker.

The aim of HB 2060 is to amend the Uniform Firearms Act. The bill does a number of things; among them, it permits records to be sealed from public view regarding individuals who have entered into consent agreements approved by the court if certain conditions are met. One condition is that it must be 10 years since expiration of a consent agreement and that the defendant has not been subject to another PFA (protection from abuse) order or convicted of related offenses.

My amendment, 7865, makes a person who is convicted of an offense in another jurisdiction, such as under Federal law or a U.S. territory or another State – which is equivalent to offenses under our Crimes Code related to domestic violence – ineligible for an order to be sealed from public view. Crimes that happen in other jurisdictions, especially those involving domestic violence, should absolutely be relevant in Pennsylvania, and this amendment assures that they will be.

I would appreciate an affirmative vote. Thanks.

The **SPEAKER**. Representative Marguerite Quinn, on the amendment.

Ms. **QUINN**. Thank you, Mr. Speaker.

This is an agreed-upon amendment and I encourage members to vote in favor of it. Thank you.

The question is, shall the bill pass finally?

On the bill, Representative Frank Ryan is recognized.

Mr. RYAN. Mr. Speaker, thank you very much.

And, Mr. Speaker—

The SPEAKER. Please suspend.

Members, please take your seats. Members, please take your seats. The Sergeants at Arms will open the doors of the House, but please take your seats.

Representative Ryan, you may proceed.

Mr. RYAN. Mr. Speaker, thank you so much.

Mr. Speaker, you are about to consider one of the most important bills that we could take a vote on in the next couple of months, and candidly, this entire year. In December of 2017, revenue bulletin 2017-02 was placed into effect, which substantively eliminated the ability of any business operating in the Commonwealth of Pennsylvania from depreciating an asset until it is sold. That action single-handedly and overnight made Pennsylvania the least tax-advantaged State in the nation.

I am a certified public accountant. I have been in business and have worked in my own small consulting firm as well as been a chief financial officer for over 40 years. And right after that happened, I began to work with the Finance staff – and I want to thank Chairman O'Neill and Jeremy Kiehl, the executive director – as we worked to craft a bill. And our initial language in the bill would have restored full bonus depreciation, as happened under the new tax law that was signed by the Federal government, which allowed us to reinforce the value of growing our economy. We negotiated. We worked with the Department of Revenue. We worked with members on the Democratic side, and we made an amendment that put Pennsylvania instead in full compliance with what most other States do. We can depreciate our assets. We can restore our competitiveness.

We may not think this is particularly important, but let me put an example. Pennsylvania's unemployment rate is about eight-tenths of 1 percent higher than the national average, and as such, that costs us approximately \$92 million in revenue. We recently just had a budget that was passed, and thanks to the tremendous work of leadership, this provided an opportunity in which the economic framework can be established to have no new taxes and restore our Commonwealth.

If this bill is not passed today and our companion bill you passed, HB 2017, with the great effort of the other C.P.A.s in the caucus, passed this chamber by 183 to 7 in April, as of right now every entity in the Commonwealth of Pennsylvania has had to make two tax payments based upon something that has actually hurt their ability to grow. We need to pass this bill now, and it is an identical bill to what we passed in April. And I ask you, please, let us send this message loud and clear before Amazon makes a decision, before other employers make a decision that Pennsylvania is not the place to operate. The budget that was just put into effect is dependent upon the resolution of this bill and a favorable vote we absolutely have to have, and I encourage a "yes" vote.

Mr. Speaker, thank you.

The SPEAKER. Representative John Maher.

Mr. MAHER. Thank you, Mr. Speaker.

I want to take a brief moment to congratulate the true author of the legislation which is now before us. Representative Frank Ryan, a C.P.A., identified this rogue behavior by the Department of Revenue, immediately worked about developing a solution, worked about gathering an understanding by so many of us on both sides of the aisle, did everything he needed to do. And it is important legislation to pass today.

But there is a little extra good news, because as now SB 1056, it gives us reliable information that in the Senate, their photocopiers are working just fine.

Thank you, Mr. Speaker.

The SPEAKER. Representative Jake Wheatley.

Mr. WHEATLEY. Thank you, Mr. Speaker.

Essentially, I just wanted to thank my colleague, chairman of the Finance Committee, the majority chairman of the Finance Committee, because without his help moving this bipartisan piece of legislation through our committee, we would have never gotten it over the finish line. So I just wanted to say that I definitely support this bill, would love for us all to support this bill, and definitely want to say thanks to the chairman of the Finance Committee for helping work this issue through. So thank you.

On the question recurring,
Shall the bill pass finally?

The SPEAKER. Agreeable to the provisions of the Constitution, the yeas and nays will now be taken.

AMENDMENT WITHDRAWN

The SPEAKER. Representative Cruz, on the amendment, please.

Mr. **CRUZ**. Thank you, Mr. Speaker.

Mr. Speaker, I will be withdrawing this amendment with the understanding that we will come back and follow through. We have major lead problems here in the Commonwealth of Pennsylvania, and all the different things that we can do to help our constituency are of great importance. So I will withdraw this amendment, Mr. Speaker. Thank you.

The SPEAKER. Thank you, sir.

My understanding is there are no other amendments in front of us, that all other amendments have been withdrawn. I was informed of that by leadership. If I am mistaken, please correct me. I do not see any other amendments. So there are no amendments.

On the question recurring,
Will the House agree to the bill on second consideration?
Bill was agreed to.

* * *

The House proceeded to second consideration of **HB 2473**,
PN 3777, entitled:

An Act amending Title 53 (Municipalities Generally) of the Pennsylvania Consolidated Statutes, in taxicabs and limousines in first class cities, establishing a Taxicab Medallion Account and Limousine Account within the Philadelphia Taxicab and Limousine Regulatory Fund; and further providing for budget and assessments and for funds.

On the question,
Will the House agree to the bill on second consideration?

PARLIAMENTARY INQUIRY

The SPEAKER. Representative Godshall, we do have some amendments. But, Representative Taylor, the Chair will recognize you, I think on unanimous consent, for the time being.

Mr. **TAYLOR**. Parliamentary inquiry, Mr. Speaker?

The SPEAKER. Yes, sir. You may proceed.

Mr. **TAYLOR**. Mr. Speaker, I just need a ruling from the Chair. I am of counsel to a law firm that does work for this entity, and I would like to know not only if I am permitted to vote but permitted to engage in the debate?

The SPEAKER. Sir, you are a member of a class. You can vote and you can participate in debate.

Mr. **TAYLOR**. Thank you, Mr. Speaker.

On the question recurring,
Will the House agree to the bill on second consideration?

Mr. **GODSHALL** offered the following amendment
No. **A08888**:

Amend Bill, page 7, line 23, by striking out "180 days" and
inserting

15 months

On the question,
Will the House agree to the amendment?

The SPEAKER. On the amendment, Representative Godshall is recognized.

Mr. **GODSHALL**. Thank you, Mr. Speaker.

Amendment 08888 changes the time period for completion of the audit to be done by the Attorney General from 180 days to 15 months. This was done at the Attorney General's request. And the original date that was in there of 180 days was passed unanimously in a bipartisan way when we passed the bill. So we are changing that from 180 to 15 months.

On the question recurring,
Will the House agree to the amendment?

The majority having voted in the affirmative, the question was determined in the affirmative and the amendment was agreed to.

On the question,
Will the House agree to the bill on second consideration as amended?

The SPEAKER. Representative Donatucci has five amendments. I believe she is going to withdraw four of them and just wishes to have one.

Representative Donatucci, what amendments are you withdrawing?

Ms. DONATUCCI. I am withdrawing amendments 8898, 8900, 8903, and one I am not sure about.

The SPEAKER. Okay. At this time those are withdrawn.

On the question recurring,
Will the House agree to the bill on second consideration as amended?

Ms. DONATUCCI offered the following amendment
No. A08902:

Amend Bill, page 8, line 15, by striking out "60 days" and inserting
one year

On the question,
Will the House agree to the amendment?

The SPEAKER. Representative Donatucci, on the amendment.

Ms. DONATUCCI. So this pushes back the effective date from a year from passage, depending upon the other amendment, because it is like a package amendment. So this would just extend the passage to a year.

The SPEAKER. Representative Godshall, on the amendment, sir.

Mr. GODSHALL. Thank you, Mr. Speaker.

Delaying implementation would result in an additional assessment year under the per vehicle formula. This is extremely unfair, especially since Act 164 of 2016 requires the PPA (Philadelphia Parking Authority) assessment for taxis and transportation network companies be based upon a percentage of the operators' annual gross income.

I just want to mention the fact that this fee 2 years ago was \$350. That was changed last year – or it started at \$415, went to \$550, and this year it was increased to 800-some dollars and resulted in a Federal lawsuit.

I oppose this amendment and ask for a negative vote.

The SPEAKER. Representative Taylor, on the amendment, please.

Mr. TAYLOR. Mr. Speaker, I will be brief.

The amendment to this bill is just trying to really address the bill in general. The Parking Authority's dilemma is that it is obligated by us – the Commonwealth, the legislature – to oversee a very large network of transportation vehicles in Philadelphia. It does not have the resources to properly so do. We need eventually to either give them the resources or relieve them of the obligation. In the meantime, I do not think there is anything particularly egregious about any of the language in this bill or the amendments, but it seems to me that it is not prudent to go forward just with this without having the overall solution.

With that, I will refer to the maker of the amendment.

The SPEAKER. Representative Donatucci, for the second time. Waives off.

Representative Godshall. Waives off.

Less than the majority having voted in the affirmative, the question was determined in the negative and the amendment was not agreed to.

On the question recurring,

The SPEAKER. We have amendment 8897. Representative Donatucci, are you offering that amendment? Withdrawn? You want to offer it?

Ms. DONATUCCI. Yes, sir.

The SPEAKER. Okay.

On the question recurring,
Will the House agree to the bill on second consideration as amended?

Ms. DONATUCCI offered the following amendment No. A08897:

Amend Bill, page 1, lines 9 and 10, by striking out all of said lines and inserting

Section 1. Sections 5707(c)(2) of Title 53 of the Pennsylvania Consolidated Statutes is amended and the section is amended by adding a subsection to read:

Amend Bill, page 3, by inserting between lines 19 and 20
(e) Study.—The Legislative Budget and Finance Committee shall conduct a study on the fiscal impact of the assessment under subsection (c)(vi). The Legislative Budget and Finance Committee shall report to the General Assembly by December 31, 2018. The Legislative Budget and Finance Committee shall transmit notice of the report to the Legislative Reference Bureau for publication in the Pennsylvania Bulletin.

Section 1.1. Section 5708 of Title 53 is amended to read:
Amend Bill, page 7, lines 13 through 18, by striking out all of said lines

Amend Bill, page 8, line 15, by striking out "in 60 days" and inserting
upon publication of the notice under 53 Pa.C.S. § 5707(e)

On the question,
Will the House agree to the amendment?

The SPEAKER. Representative Donatucci, you may speak on the amendment, please.

Ms. DONATUCCI. Thank you, Mr. Speaker.

Amendment 8897 would conduct a study on the fiscal impact of the assessment by the legislative budget review committee.

The SPEAKER. Representative Robert Godshall, who is the maker of the bill.

Mr. GODSHALL. Thank you, Mr. Speaker.

I rise to oppose the amendment for the same reasons we had before. An audit is done on a yearly basis, and the Philadelphia — if there is anything that they want to point out, they can.

So I ask for a negative vote on the amendment. Thank you.

The SPEAKER. Representative Neilson wishes to be recognized.

Mr. NEILSON. Thank you, Mr. Speaker.

I rise in support of this legislation, this amendment, because we have to see what it is going to do to the department. We just cannot go cutting funding to a department, the Parking Authority, without looking at the impact of the jobs within. By not putting this amendment in we could jeopardize jobs in the city of Philadelphia, and it has an economic impact to it. And for us not to at least look at that before even considering this legislation would be irresponsible for all of us.

Thank you, Mr. Speaker.

The SPEAKER. Representative Donatucci, for the second time.

Ms. DONATUCCI. Thank you, Mr. Speaker.

My concern is that if there are not enough resources to regulate the industry, the safety of consumers is at risk, so I am asking for a positive vote. Thank you.

The SPEAKER. Representative Godshall.

Mr. GODSHALL. Thank you, Mr. Speaker.

All we are asking here is a level playing field and that the limo services in Philadelphia be treated exactly the same as the limo services in all of your counties. That is all we are saying: treat everybody equal, level playing field, and transparency.

Thank you, Mr. Speaker.

The SPEAKER. Thank you.

CALENDAR CONTINUED

CONSIDERATION OF HB 2060 CONTINUED

The SPEAKER. Representative Metcalfe, and I know others, want to discuss the amendments for HB 2060.

In speaking to the Parliamentarian – whom we consulted with respect to all the amendments, of which there were amendments, of course, of varying nature – it is a two-title bill. And the Supreme Court opinions with respect to two-title bills are that they have to be very strictly construed. The titles are Titles 18 and 23. The exact provision in front of us and objective in front of it was designed to strengthen the Protection From Abuse Act. The amendments that were ruled out of order, of a varying nature, did not fit the tight relationship as required by our rules and the Supreme Court and the Constitution because it is a two-title bill, 18 and 23, designed to strengthen the Protection From Abuse Act.

I am glad to entertain any appeals from the ruling of the Chair. Just tell us the amendment that you are going to rule – that you seek a vote on.

And, Representative Metcalfe, you may proceed.

I think Representative Dean wants to be recognized as well. Okay. So, Representative Dean, you are now not going to do an appeal from the ruling of the Chair?

Representative Metcalfe, you may proceed.

Mr. METCALFE. Thank you, Mr. Speaker.

Mr. Speaker, just to clarify that ruling on amendment A08014. Now, it deals with the transportation of firearms—

The SPEAKER. Hold on; we will pull that up. Just give me a second.

You may proceed.

Mr. METCALFE. The amendment deals with the transportation of firearms and trying to close some loopholes that are in that law currently, and because this law is going to require the individual who is ordered to relinquish the firearms to transport them to law enforcement or to their attorney, I think if we do not, if we do not address this in the law, then we are setting those individuals up to be in violation of this problem that is currently in the law that we have been trying to fix. I think it certainly fits with the legislation. It is dealing with a situation created by the legislation, because the firearms will have to be transported, Mr. Speaker.

The SPEAKER. My understanding is, that particular language is not in the PFA. If I am mistaken about that, correct me. My understanding is that language in that amendment, 8014, deals with transporting firearms not within the PFA and is not within the PFA statute, which this particular bill is about. It is a two-title bill. If I am mistaken in my reading of the amendment, please tell me so.

Mr. METCALFE. Thank you, Mr. Speaker.

My understanding is, it is a two-title bill, Title 18 also, which, I believe, this should be in Title 18.

The SPEAKER. But it deals— The bill itself is about protection from abuse.

Mr. METCALFE. Correct.

The SPEAKER. And it deals with that particular section and it is two titles.

Mr. METCALFE. And the—

The SPEAKER. I think what you are referencing— Is that just Title 18? Yeah. It is just Title 18.

Mr. METCALFE. Well, the language in this legislation is going to require the individual that has to relinquish their firearms to transport those firearms somewhere, which under the current law, unless they are a concealed carry permit holder, they could be in violation of the law.

So, Mr. Speaker, I know the gentleman from Bucks County had an amendment yesterday that was ruled out of order and then ruled in order today. I was hopeful that even if we slept over the weekend on it, maybe we could find this one in order on Monday, if we just held off the vote?

The SPEAKER. No.

Mr. METCALFE. Well, I appreciate—

The SPEAKER. There is a process. I am not offended by the process. If you want to appeal the ruling of the Chair, you certainly have the right to do it. The good gentleman could have done that yesterday too.

RULING OF CHAIR APPEALED

Mr. METCALFE. Thank you, Mr. Speaker.

I would like to appeal the ruling of the Chair, Mr. Speaker, because I think that this language is needed to protect the individuals who will be forced under this new provision to transport these firearms. Unless we fix this, I think we are setting them up to be in violation of yet another law, Mr. Speaker.

The SPEAKER. When an appeal is taken, when an appeal is taken, the Speaker needs to clearly state the decision which is being appealed. I have already done that.

When the debate is concluded, we will be very clear as to the issue in front of us. And here it is, and let me do it now and I will do it again before the vote. The good gentleman from Butler County is challenging the ruling with respect to amendment 8014. We ruled it out of order.

And so the decision of the Chair, should it stand as the judgment of the House, is the question. If you are in favor of sustaining the Chair's decision, you will be voting "aye"; if you are opposed to the Chair's decision, you will be voting "nay."

On the question,

Shall the decision of the Chair stand as the judgment of the House?

The SPEAKER. And, Representative, you may speak further on it before I take it to a vote.

Mr. METCALFE. Thank you, Mr. Speaker.

Mr. Speaker, as I had already stated, I will not go on at length, but I believe that the legislation that is drafted is going to require individuals to transport their firearms, and the current law has some problems in it that we have been trying to fix for many years, and this language, I believe, will help to resolve that problem.

And I would, I would appreciate, instead of having to appeal the Chair's ruling, to just be able to sleep on this for a couple of days so we can get a new ruling like the gentleman from Bucks got today. But I would appreciate a vote that would help us to consider this language, Mr. Speaker.

The SPEAKER. Thank you, sir.

If either of the leaders wish to speak on that.

Representative Reed, the majority leader, on the appeal of the ruling of the Chair.

Mr. REED. Thank you very much, Mr. Speaker.

I would ask the members to uphold our Speaker's ruling from the Chair. Thank you.

The SPEAKER. Representative Dermody.

Mr. DERMODY. I also would urge the members to uphold the ruling of the Chair.

The SPEAKER. Now, here is the vote: shall the decision of the Chair stand as the judgment of the House? Those in favor of sustaining the Chair's decision will vote "aye"; those opposed, "nay."

On the question recurring,

Shall the decision of the Chair stand as the judgment of the House?

On the question,
Will the House agree to the bill on third consideration?
Bill was agreed to.

(Bill analysis was read.)

The SPEAKER. This bill has been considered on three different days and agreed to and is now on final passage.

The question is, shall the bill pass finally?

Representative Dush, you are recognized on the bill, sir.

Mr. DUSH. Thank you, Mr. Speaker.

On March 13 this body passed my bill, HB 1881, honoring Spc. Christine L. Mayes. She is a native of Rochester Mills and a graduate of Marion Center High School who was killed in a scud missile attack in Saudi Arabia. And Senator White has rolled this bill in with several others, three of my constituents and two of Representative Reed's, and I would just like to go through the names as we honor all five of these people who have actually paid the ultimate price.

The SPEAKER. Okay. Members, please suspend.

As you know, these are either road or bridge designations. They are honoring Pennsylvania citizens, so I would ask you to take your seats. Representative Dush is going to go through, succinctly, each of these five individuals, I understand, and just tell us where they are located and about, you know, a little bit about their lives and what is the designation. So we are going to move through those, but I would ask everybody to please take your seats.

Mr. DUSH. Thank you, Mr. Speaker.

I have already mentioned Spc. Christine L. Mayes.

Also Sgt. Edward John Parada, who was born and raised in Montgomery Township, Indiana County, and graduated from Purchase Line High School. On August 27, 1970, Sergeant Parada was killed in action in Vietnam while serving with the United States Army Company E, 327th Infantry Regiment, 101st Airborne Division.

We would also like to recognize Cpl. Louis R. Tate, who was born October 22, 1906, in Arcadia and attended Clymer High School. Corporal Tate entered the service on March 17, 1943, with the Headquarters Company of the 304th Infantry Anti-Tank Battalion. He was killed on February 7, 1945, in action in the Battle of the Bulge in Luxembourg.

The fourth individual, LCpl. Joshua T. Twigg. He was born on October 1, 1988, in Indiana, and grew up in Clymer, where he attended Penns Manor High School. Corporal Twigg served his country honorably in the United States Marine Corps 2d Battalion, 9th Marine Regiment, 2d Marine Division. On September 2, 2010, Lance Corporal Twigg was killed in action in Helmand Province, Afghanistan.

The fifth and final is Cpl. Milford H. Wensel, born December 2, 1948, to Walter and Beatrice Wensel in Howard, Pennsylvania. Corporal Wensel graduated from Lock Haven High School in 1966. In 1969 Corporal Wensel was deployed to Vietnam where he served in the 3d Squadron, 4th Cavalry, 25th Infantry Division as a half-track operator. And on June 5, 1969, at 20 years of age, Corporal Wensel was killed while going out at night for his half-track.

Mr. Speaker, our area of the country has paid the ultimate price repeatedly, and I would appreciate a unanimous vote in recognizing these brave individuals. Thank you.

On the question recurring,
Shall the bill pass finally?
The SPEAKER. Agreeable to the provisions of the
Constitution, the yeas and nays will now be taken.

(Members proceeded to vote.)

LEAVE OF ABSENCE CANCELED

The SPEAKER. Representative Benninghoff is on the House
floor and is on the master roll.

The House proceeded to third consideration of **HB 2488, PN 3709**, entitled:

An Act providing for the annual designation and holiday observance June 19 as "Juneteenth National Freedom Day" in this Commonwealth.

On the question,
Will the House agree to the bill on third consideration?
Bill was agreed to.

(Bill analysis was read.)

The SPEAKER. This bill has been considered on three different days and agreed to and is now on final passage.

The question is, shall the bill pass finally?

On the bill, the Chair recognizes Representative Sue Helm.
Ms. HELM. Thank you, Mr. Speaker.

I rise to ask my colleagues for their support of HB 2488, legislation that would designate the annual observance of Juneteenth National Freedom Day in the Commonwealth of Pennsylvania. Under the bill, the day of June 19 would be set aside every year as a time to commemorate the end of slavery in the United States, a celebration of the triumph of hope and the human spirit over oppression and despair.

Mr. Speaker, Juneteenth Day has its roots in the Texas city of Galveston. News of President Abraham Lincoln's Emancipation Proclamation was slow to reach what was at that time a western outpost. Consequently, slaves languished in bondage for more than 2 years after the landmark Federal edict had mandated their liberation. It was Maj. Gen. Gordon Granger who led Union troops into Galveston on June 19, 1865, and issued the proclamation that all slaves were free. That evening thousands of former slaves filled into Galveston's streets to celebrate their freedom on what was the very first Juneteenth 153 years ago.

Over the years, the tradition spread through the African-American community with observances held across the country. Mr. Speaker, today Juneteenth is regarded as the oldest African-American holiday in the nation. The Juneteenth movement gained great momentum in 1980, when Texas made it an official State holiday. Thirty-seven other States have done the same. Congress has voted to recognize Juneteenth as the independence day for Americans of African descent, and recently, we here in the House unanimously adopted a resolution, sponsored by Representative Stephen Kinsey, designating June 19, 2018, as "Juneteenth Independence Day" in our Commonwealth.

Mr. Speaker, it is certainly warranted that governments and communities should officially acknowledge Juneteenth every year. The day symbolizes the plight, the perseverance, and the ultimate liberation of African-Americans. Juneteenth is part of the American fabric. Juneteenth commemorates African-American freedom and achievement, while encouraging continuous self-development and respect for all cultures. It is time for the Commonwealth of Pennsylvania to officially join in the celebration.

Mr. Speaker, I look forward to the unanimous approval of HB 2488 today, and I would urge the Senate to do the same. I thank my colleagues for their support.

Thank you, Mr. Speaker.

The SPEAKER. Representative Kinsey.

Mr. KINSEY. Thank you, Mr. Speaker.

Mr. Speaker, I want to thank the gentledady from Dauphin County for her courage, her vision, and her undertaking and understanding of the importance of this legislation. As the gentledady mentioned, HB 2488 would commemorate the end date of those who were enslaved. Just 3 short days ago, this body unanimously passed HR 871, which also recognized June 19 as "Juneteenth Day" throughout the Commonwealth. HB 2488 is a bill that came out of the House Urban Affairs Committee by a vote of 22 to 0. It is a bill that just last session passed in this body 194 to 0.

Mr. Speaker, I urge all members to support the gentledady's legislation.

Thank you, Mr. Speaker.

On the question recurring,
Shall the bill pass finally?

The SPEAKER. Agreeable to the provisions of the Constitution, the yeas and nays will now be taken.

On the question,
Will the House agree to the amendment?

The SPEAKER. Representative Solomon, on the amendment, sir.

Mr. SOLOMON. Thank you, Mr. Speaker.

Mr. Speaker, I would like to first of all commend the author of the bill, the gentleman from Pike County, not only for his bipartisan work with me, but for his bipartisan work with the administration, as well as with DCED (Department of Community and Economic Development).

Mr. Speaker, this helps bring the bill in line with the fantastic work that DCED has been doing since February of 2018. In February of 2018, DCED released the one-stop shop portal for business. Since February of 2018, that site has had 30,000 visits, helping businesses each and every day in navigating what is a complex bureaucratic network.

It is clear that everyone thinks State government should have a better front door for new businesses who want to open here or for existing businesses hoping to move or expand here in the Commonwealth. It is also clear that we need to cut through the government red tape to put ourselves in the position of the citizen and help to be their concierge in navigating through government silos and bureaucracies of State government. Various versions of this idea have come in administration after administration, and every single time as that administration leaves – and they have already created a catchy name for a different Web site – as they leave, so does that Web site.

So what this does is it enshrines this idea in statute. By amending this bill today, and hopefully passing it soon, we will be ensuring that all administrations embrace the value of using this portal to enable business growth and job creation. I urge my colleagues to vote "yes" on this amendment.

Thank you so much, Mr. Speaker.

The SPEAKER. Representative Peifer.

Mr. PEIFER. Thank you, Mr. Speaker, and thank you for the kind words from the gentleman from Philadelphia.

I would agree and thank him for his work, and the administration, as well as DCED, in realizing that we had to better connect our business environment and business community with the many rules and regulations of this Commonwealth. I support this amendment which simply changes some of the verbiage to reflect what is actually happening today. So I would ask the members for an affirmative vote.

Thank you, Mr. Speaker.

On the question recurring,
Will the House agree to the amendment?

RESOLUTION

Mr. MACKENZIE called up **HR 992, PN 3733**, entitled:

A Resolution designating the Commonwealth of Pennsylvania as a Purple Heart State and recognizing August 7th as "Purple Heart Day" in Pennsylvania.

On the question,
Will the House adopt the resolution?

The SPEAKER. Representative Mackenzie, on the resolution.
Mr. MACKENZIE. Thank you, Mr. Speaker.

Today I rise to ask my colleagues to vote "yes" for HR 992, which would recognize August 7 as "Purple Heart Day" in Pennsylvania, as well as proclaiming Pennsylvania to be a Purple Heart State.

Since WWI, more than 32,000 Pennsylvania veterans were killed in combat and almost 60,000 were wounded in action, making each casualty eligible for the Purple Heart Medal. The Military Order of the Purple Heart was created in 1932 by an act of Congress for U.S. war veterans and promotes patriotism, supports legislative initiatives, and ensures that we never forget the sacrifices of veterans killed in action and wounded in combat.

In 1992 the Purple Heart Trail, running through all 50 States, was established by the Military Order of the Purple Heart. This trail is symbolic, commemorating and honoring all who have been wounded or killed in action. It begins at George Washington's burial site at Mt. Vernon in Virginia. In Pennsylvania, a 100-mile stretch of State Route 45, which crosses through five counties, is known as the Purple Heart Highway. Across the United States, 23 States have also proclaimed their States as Purple Heart States to remember their veterans.

Again I ask my colleagues to please vote "yes" on Resolution 992, to honor our combat wounded and who have been killed in action, and those veterans, to thank them for their service and sacrifice.

I would also like to thank the chairman of the Veterans Affairs and Emergency Preparedness Committee for his ability and willingness to move this so quickly so that, again, we can honor our veterans. I do want to thank all members of that committee for their support and would ask the members on the floor for an affirmative vote as well.

Thank you, Mr. Speaker.

The SPEAKER. Does anybody else wish to speak on the resolution?

On the question recurring,
Will the House adopt the resolution?

STATEMENT BY MR. MACKENZIE

The SPEAKER. Representative Mackenzie, on unanimous consent.

Mr. MACKENZIE. Thank you, Mr. Speaker.

I would just like to thank all the members for their affirmative vote. This was something that was brought to my attention by our local chapter of the Military Order of the Purple Heart. It was brought to both my attention and Senator Browne's attention, and we were both running resolutions in the House to recognize those Purple Heart veterans and do want to thank everyone again for their affirmative vote. Thank you.

A Resolution endorsing and encouraging participation in the Valley Forge Military College Legislative Appointment Initiative Program.

On the question,
Will the House adopt the resolution?

The SPEAKER. On the resolution, the Chair recognizes Representative Alex Charlton.

Members, please take your seats.

Mr. CHARLTON. Thank you, Mr. Speaker.

A little bit of background for the Valley Forge Military College Legislative Appointment Initiative Program. It was first introduced by the House of Representatives in 2009 as HR 565. The initiative program was codified by statute in SB 560 of 2011. The initiative was set to sunset on June 30, 2016. SB 1194 of 2015 attempted to repeal the sunset by a vote of 185 to 13 in the House of Representatives. While the Senate bill was approved by both the Senate and the House and presented to the Governor on June 30, 2016, the Governor did not sign the bill until July 8, 2016. Because of the late signature, the repeal of the sunset was not effective, thus the reason for HR 1002 today.

This initiative program is an important one and one that the members of the House of Representatives wish to continue. The initiative program serves to identify young men and women who possess or have demonstrated the highest physical, intellectual, moral, and leadership potential and service-to-country orientation who have an interest in attending the 2-year, postsecondary educational institution at Valley Forge Military College. The initiative program allows each member of the General Assembly to establish a State military college selection committee, and further allows each member of the General Assembly to appoint an eligible student who is a resident of their legislative district for guaranteed initial enrollment in a State military college on an annual basis. The guidelines for this program have been established by the State Ethics Commission so as to ensure that no conflicts of interest arise and to ensure no violations of the Legislative Code of Ethics. HR 1002 will ensure that, in accordance with the past practice of the House of Representatives and using the guidelines established by the State Ethics Commission, that this important initiative program will continue.

I would appreciate an affirmative vote on this. Thank you.

On the question recurring,
Will the House adopt the resolution?

BILL ON THIRD CONSIDERATION

The House proceeded to third consideration of **HB 1840, PN 3802**, entitled:

An Act amending the act of June 2, 1915 (P.L.736, No.338), known as the Workers' Compensation Act, in liability and compensation, further providing for schedule of compensation, for computation of benefits and for physical examination or expert interview.

On the question,
Will the House agree to the bill on third consideration?
Bill was agreed to.

(Bill analysis was read.)

The SPEAKER. This bill has been considered on three different days and agreed to and is now on final passage. The question is, shall the bill pass finally?

On the bill, Representative Rob Kauffman.
Mr. KAUFFMAN. Thank you, Mr. Speaker.

This week marks the 1-year anniversary of the Pennsylvania Supreme Court's decision in *Protz v. Workers' Compensation Appeal Board*, which invalidated one of the major workers' compensation cost controls that had been in law since the 1990s. The provisions that were thrown out by the courts after 21 years provided for predictability for all those operating within the workers' compensation system here in the Commonwealth. After this Supreme Court decision, the Pennsylvania Compensation Ratings Bureau took the unusual step of filing for a 6-percent increase in the middle of the policy year. Their filing was approved by the Pennsylvania Insurance Department and is estimated that this will represent a \$165 million cost to insured employers annually.

This legislation today represents countless stakeholder meetings, committee meetings and discussions with my colleagues, both here in the House and in the Senate. It also contains language that the Governor's Office has agreed that he will sign. HB 1840 will bring predictability back to Pennsylvania's workers' compensation system. It will enact many of the cost savings that were in place for 21 years. It will be good for injured workers, those who employ them, those that represent them, those that insure them, and the positive business climate that we want to foster here in the Commonwealth of Pennsylvania.

For those reasons I encourage you to support HB 1840 this afternoon. Thank you, Mr. Speaker.

The SPEAKER. Does anybody else wish to be recognized on HB 1840?

On the question recurring,
Shall the bill pass finally?

The SPEAKER. Agreeable to the provisions of the Constitution, the yeas and nays will now be taken.

**BILL ON CONCURRENCE
IN SENATE AMENDMENTS**

The House proceeded to consideration of concurrence in Senate amendments to **HB 1644, PN 3783**, entitled:

An Act amending Title 42 (Judiciary and Judicial Procedure) of the Pennsylvania Consolidated Statutes, in civil actions and proceedings, extensively revising statutory arbitration and providing for collaborative law process; and making editorial changes.

On the question,
Will the House concur in Senate amendments?

The SPEAKER. Moved by Representative Klunk that the House concur in the amendments inserted by the Senate.

The Chair calls upon her for a brief description of the underlying bill and the Senate amendments and her remarks on the bill and amendments.

Representative Klunk.

Ms. KLUNK. Thank you, Mr. Speaker.

HB 1644 creates a new chapter in the Judicial Code establishing a uniform standard of practice for collaborative law. The House passed this bill unanimously in December. As amended in the Senate, the bill also contains a substantial rewrite of the Pennsylvania Uniform Arbitration Act. The text of the Senate amendment is nearly identical to that of Representative Nesbit's HB 781, which in the previous session was HB 34. HB 34 passed unanimously in the House last session.

The arbitration provisions of the bill codify existing case law and provide guidance on a number of procedural issues that are not currently addressed in the PA Uniform Arbitration Act. I ask the members for an affirmative vote. Thank you.

The SPEAKER. Thank you, Representative Klunk.

On the question recurring,
Will the House concur in Senate amendments?
The SPEAKER. Agreeable to the provisions of the Constitution, the yeas and nays will now be taken.

On the question,

Will the House concur in Senate amendments?

The SPEAKER. Members, please take your seats. Members, please take your seats. We are going to need to have the clock. This is one of the Appropriations bills, HB 1677, PN 3809. The sponsor of the bill is Representative Jason Ortitay of Washington and Allegheny Counties.

Moved by the gentleman, Representative Ortitay, that the House concur in the amendments inserted by the Senate.

The Chair recognizes him to discuss both the underlying bill and the Senate amendments and his remarks on both.

Representative Ortitay, the floor is yours.

Mr. ORTITAY. Thank you, Mr. Speaker.

HB 1677 passed the House unanimously in December to update references to the Human Services Code from "child day care" to "child care." This bill was amended in the Senate with the 2018 Human Services Code language. The following changes were made.

It directs the Department of Human Services to work with the Department of Education to establish a coordinated care pilot program in schools to better serve children's human services needs.

It continues Medical Assistance Day-One incentive payments to those private nursing homes to take Medicaid eligible patients.

It also requires DHS to submit an amended State plan requesting the authority to provide nonemergency medical transportation services utilizing a statewide or regional full-risk brokerage model.

It directs DHS to establish Medicaid outcomes-based programs for hospitals and Medicaid managed-care organizations in an effort to put a higher emphasis on outcomes and care management in the Medicaid program.

It requires DHS to include information on the LIFE (Living Independence for the Elderly) program when educating or notifying an individual about long-term care services and supports.

It extends the requirement on providers to submit documentation of their costs for services which have been provided to children receiving out-of-home placement services.

Lastly, the bill extends the hospital assessment to June 30, 2023, and establishes separate assessment rates for both inpatient and outpatient revenue.

The bill passed the Senate by a vote of 49 to 0, and I ask my colleagues for an affirmative vote on concurrence.

Thank you, Mr. Speaker.

The House proceeded to consideration of concurrence in Senate amendments to **HB 159, PN 3607**, entitled:

An Act amending Title 42 (Judiciary and Judicial Procedure) of the Pennsylvania Consolidated Statutes, in juvenile matters, further providing for definitions, for summary offenses and for adjudication.

On the question,
Will the House concur in Senate amendments?

The SPEAKER. Moved by the gentleman, Representative Tedd Nesbit, that the House concur in the amendments inserted by the Senate.

The Chair recognizes Representative Nesbit for a description of the underlying bill, the Senate amendments, and any remarks.

Mr. NESBIT. Thank you, Mr. Speaker.

HB 159 clears up an ambiguity that was exposed in processing of summary offenses committed by minors, and as amended by the Senate, the bill also clarifies that after an adjudication of delinquency, it may be ordered by the court rehabilitation or supervision as established by the preponderance of the evidence.

On the question recurring,
Will the House concur in Senate amendments?

The SPEAKER. Agreeable to the provisions of the Constitution, the yeas and nays will now be taken.

The House proceeded to consideration of concurrence in Senate amendments to **HB 1124, PN 3730**, entitled:

An Act amending Title 18 (Crimes and Offenses) of the Pennsylvania Consolidated Statutes, in assault, further providing for the offense of neglect of care-dependent person and providing for the offense of abuse of care-dependent person.

On the question,
Will the House concur in Senate amendments?

The SPEAKER. Moved by the gentleman, Representative Cox, of Berks County that the House concur in the amendments inserted by the Senate.

The Chair recognizes the good gentleman, Representative Cox, for a brief description of the bill, the Senate amendments, and any remarks.

Mr. COX. Thank you, Mr. Speaker.

Currently section 2713 of the Crimes Code establishes criminal liability for a caretaker who intentionally, knowingly, or recklessly causes bodily injury or serious bodily injury to someone they have responsibility for by failing to take care of their health, safety, or welfare, or by intentionally or knowingly using restraints or isolation.

HB 1124 expands this offense to include neglect that results in death of a care-dependent person. It also adds a new subsection which addresses a caregiver who endangers the welfare of a care-dependent person. A violation of this subsection would be a misdemeanor of the second degree or a felony of the third degree if it was part of a course of conduct.

Amendments that were made in the Senate include requiring reports of possible abuse violations to local law enforcement or the Attorney General. They add that reporting requirement for a violation of section 2713. Other amendments adopted in the Senate are purely stylistic or technical.

On the question recurring,
Will the House concur in Senate amendments?
The SPEAKER. Agreeable to the provisions of the Constitution, the yeas and nays will now be taken.

The House proceeded to consideration of concurrence in Senate amendments to **HB 2468, PN 3803**, entitled:

An Act amending Title 26 (Eminent Domain) of the Pennsylvania Consolidated Statutes, in limitations on use of eminent domain, further providing for definitions and providing for eminent domain of land subject to conservation easement.

On the question,
Will the House concur in Senate amendments?

The SPEAKER. Representative Greg Rothman has been excused from voting on this particular bill. We made a prior ruling on that. Representative Greg Rothman has been excused from voting upon this particular bill.

Moved by the gentleman, Representative Kampf, that the House concur in the amendments inserted by the Senate.

The Chair recognizes Representative Kampf of Chester County for a brief description of the bill, the Senate amendments, and any remarks that he may have.

You may proceed, sir.
Mr. KAMPF. Thank you, Mr. Speaker.

Mr. Speaker, for the members, last week, I think by a vote of about 180 to 14, we passed this legislation. It requires where there is a conservation easement on a piece of land, that if an entity with eminent domain powers seeks to take that land, they would have to go to orphans' court and seek approval for that under certain conditions.

The Senate amendments do two things. Commonwealth agencies were within the scope of the bill and they have been removed, but they have not been given any additional eminent domain powers of any kind. As well with respect to utilities, the amendments now track what is in the existing Agricultural Security Law. Again, with respect to utilities, they have given no new or additional eminent domain powers.

So the bill with respect to conservation easements, if you want an additional layer of review for local school districts, authorities, and municipalities, before they can take land subject to a conservation easement, like Stoneleigh in Montgomery County, I urge the members to vote for the bill.

Thank you, Mr. Speaker.

The House proceeded to consideration of concurrence in Senate amendments to **HB 2477, PN 3804**, entitled:

An Act amending the act of April 17, 2016 (P.L.84, No.16), known as the Medical Marijuana Act, in academic clinical research centers, further providing for chapter heading, providing for legislative findings and declaration of policy, further providing for definitions, providing for academic clinical research centers, further providing for clinical registrants and for research study and providing for temporary regulations.

On the question,
Will the House concur in Senate amendments?

The SPEAKER. The prime sponsor is Representative Kathy Watson of Bucks County.

Moved by the gentlelady, Representative Watson, that the House concur in the amendments inserted by the Senate.

The Chair recognizes Representative Watson for a brief description of her bill, the Senate amendments, and any remarks that she may have.

Mrs. WATSON. Thank you, Mr. Speaker.

Mr. Speaker, the Senate made several minor technical changes to the legislation, again, to further clarify the original intent of chapter 20, as it was enacted in Act 16 of 2016.

But the amendment also made two substantive changes to the bill. First one: The entity seeking approval as a clinical registrant, who already holds a permit as a grower/processor or a dispensary permit, will not be required to go through another application process for a grower/processor or dispensary permit. The second change then was a grower/processor facility that is owned by a clinical registrant may only sell medical marijuana products to nonclinical registrant dispensary facilities, but with the approval of Department of Health. Applications to sell medical marijuana products must include a report of the clinical registrants' research findings. Department of Health shall approve the application upon showing that the products have a practical effect on patients, which changes the recommendation within the medical field, as indicated in the report that has been submitted by the clinical registrant.

Thank you, Mr. Speaker. Those are the changes that are there.

If this goes well, Mr. Speaker, am I allowed to say something after?

The SPEAKER. Absolutely.

Mrs. WATSON. Thank you.

Will the House concur in Senate amendments?

STATEMENT BY MRS. WATSON

The SPEAKER. Representative Kathy Watson is recognized on unanimous consent.

Mrs. WATSON. Thank you, Mr. Speaker.

I promised Representative Frankel that I would be brief – because he already yelled at me from the side – so let me be that.

Ladies and gentlemen, this is terribly important what you have done. I do not think I or you realize the full import, and we will not until years from now, but you will make a difference in the lives – particularly of children – of very sick patients, and they will make informed decisions on what would help them, what kind of medicine. That is really why we are here. I thank you for your vote.

I must single out – Representative Frankel, I have to do this – but I have to single out staff members who really helped to make this happen. There are others and they are around and they know who they are, but particularly Karen Dalton and Jim Mann. Without them, number one, they kept me calm; but number two, they have an expertise, and Karen Dalton, a drafting expertise like no one ever. We would not have a bill. I would also like to thank Senator Folmer in the Senate. He did a remarkable job and he spoke up for you and your wishes and mine today in the Senate on the Senate floor. Thank you all very much.

Thank you, Mr. Speaker.

The SPEAKER. Thank you, Representative Watson.

On the question,
Will the House agree to the bill on third consideration?
Bill was agreed to.

(Bill analysis was read.)

The SPEAKER. This bill has been considered on three different days and agreed to and is now on final passage.
The question is, shall the bill pass finally?

The Chair calls on Representative Bill Keller on SB 817.

Mr. W. KELLER. Thank you, Mr. Speaker.

Mr. Speaker, I have amended that bill in Appropriations. I would like to explain it to the people.

Just for everybody's knowledge, I will be done here December 1, so this will be the last Philadelphia Port story you will hear, forever probably.

I just want to explain what is going on in this bill. The Port of Philadelphia, as everybody knows, was a center of industrial cargo shipping. We had finger piers from Tioga Street to Packer Avenue. They are no longer functional. The ships are so much bigger; they cannot even get under the bridges anymore. So these piers have fallen into disrepair. They have no useful purpose anymore.

In fact, the pier I am talking about, Pier 55, burnt down over 40 years ago, burnt to the ground. That was the last pier I worked on; I think that is why it burnt down. But it has no functional use. Luckily, we have some developers that are willing to come into south Philadelphia and bring these vacant lands back to use. The problem we have is – well, it is not a problem because we are going to take care of it right now – that they could buy the land, they could buy the fastland, but these are piers. They go out into the water. And the State owns the riparian lands. Anywhere the river once flowed belongs to the State. They cannot develop this important economic development that is going create jobs. It is going bring people, I think a lot of people from outside the city in. It is going to create transfer taxes. It is going to be very, very helpful to the city, and especially this section of the city, but the State owns the riparian rights. There is not even a land; it is the riverbed, so the pier is on the riverbed. They own the pier, but they cannot develop because they do not have the riparian rights.

Most of the riparian bills are boilerplate. You can read this – it is metes and bounds, and DEP (Department of Environmental Protection) meets all their criteria, and the Department of General Services. They are mostly boilerplate. You know, the night I got elected, I became an expert in many things – I do not know how that happened – but I am not an expert in real estate development or real estate appraising, but you need an appraisal so they can get the lease off the State.

I just want to bring this to everybody's attention. This is very important. And I will be leaving, but you will be hearing much more about riparian rights, because as these old piers become more developed, every developer will need the riparian rights. So I will not be here to try to get you to understand it, but hopefully, we will, because it is very important to the development along the river in Philadelphia.

I would appreciate a positive vote on this. Thank you, Mr. Speaker.

The SPEAKER. Representative Cris Dush, on the bill.

Well, it will be Representative Dush first, then Representative Metcalfe.

Look, Representative Dush was asking for recognition. He will strike right now. We will go to Chairman Metcalfe, but we saw Representative Dush. I mean, nobody is being disrespected.

At this time we will call on Chairman Metcalfe, and then we will go to Representative Dush. I am glad to accommodate you.

Mr. METCALFE. Thank you, Mr. Speaker.

Mr. Speaker, I did not think you were being disrespectful to anybody. I just think you did not see me. I did not jump up quick enough.

So we had a pretty long caucus on this legislation because of the way that it came before us today. We have been working on the O'Brien bill in the committee – my staff and I have put more

time into it than probably all the time we have put for the whole session into all the Republican bills on land conveyances together – trying to find a way to gather the votes on our side that would support, support the O'Brien legislation, which was put into this bill, which we passed out of committee – the Rafferty bill. And then as I talked with Representative Keller, I was not even aware of the issue going on in his district. He said he would not introduce legislation on it, that this has kind of come about and we have this language.

So as we went to caucus, and even when we had Representative O'Brien talking to some of our caucus members about this issue many months ago, I think there was some information that was received by our members that was presented that was not accurate. And that information was that all we were talking about was mud. And we were not just talking about mud, but the new information that we have gathered since caucus this evening is that the State does not own the mud. The State does not own the riverbank. The State does not own the property under the water in the river that they are talking about dealing with, where these piers are that the investors, the developers have bought that property. They own the property, right, Representative Keller? You can just nod. Representative Keller is in agreement with me – a Democrat and Republican in agreement, especially with Representative Metcalfe.

So what we are talking about is not the riparian lands, which sometimes, my understanding is that the Commonwealth owns the riparian lands and riparian rights. What we are talking about in this legislation tonight is that we own the riparian rights, which, from my understanding, is essentially the ability to get to your land through the high and low tides, which changes the whole, changes the whole situation for I think many of us that are considering it.

So we had discussed at length the amount of money that we were being given to lease those rights, and from the discussions that we had with DGS, they thought that we could actually ask for more regarding the two parcels that were in the O'Brien legislation. And I did not ever have an opinion on what was in the Keller legislation.

So I had agreed with Representative Keller that I would stand up and try to clarify some of the information that the caucus received that the members of the State Government Committee had received, because after the caucus, new information has been gathered and we had some additional financial information that – my executive director is speaking with one of my colleagues who is talking to her about the same issue, I am sure – we have some additional financial information related to, that DGS had supplied us, I believe, tonight. So they gave us some information on the economic benefits of Pier 35 1/2 and Pier 53, which I believe were both the O'Brien parcels in the O'Brien bill.

So it says that, "The Pier 53 project is estimated to provide a minimum of \$34,135,522.80 in Philadelphia municipal real estate tax revenue across the lifespan of the proposed lease. The estimate is in present-value dollars (disregarding potential millage increases and reassessments). The Pier 35 1/2 project is estimated to provide a minimum of \$68,956,247.70 in Philadelphia municipal real estate tax revenue across the lifespan of the proposed lease. Combined, the leases proposed within HB 1569" – which was the O'Brien bill – "are estimated to generate a minimum of \$103,091,770.50 in property tax revenue...." That was one of the questions that was brought up during the time that we were talking was property taxes – what was the revenue and what piece of the property tax might they

not pay due to not fully owning the property? But, of course, what has come to light since caucus is that they fully own the property; they will pay 100 percent of the property taxes.

"Philadelphia's real estate transfer tax is estimated to generate a minimum additional \$2,565,250 in revenue for the city. Pennsylvania's real estate transfer tax is estimated to generate \$827,500 in revenue for the Commonwealth. Construction of the projects is estimated to generate employment of 80 people across their construction phases with an approximate total payroll of \$7,500,000."

So there is additional, as I said, additional information that we were given after caucus that my executive director was able to share with me and some of the members. I think that some of this has been sent out to the Republican Caucus members – correct, Susan? We have sent some of the financial information per the request in the caucus.

So Representative Keller is the best advocate for his project and Representative O'Brien's, so I will leave the advocacy to Bill. But I wanted to make sure that our caucus had up-to-date information to correct any misinformation that we might have received or any wrong information that we received because that was the information that I had that my executive director had that we had based on what we had been given over the course of trying to work through this legislation. And the collapsed timeline is not very helpful, of course, when you are trying to squeeze three bills, two of which we never considered by the committee, one of which we have been working on and we have had multiple discussions with my members on the Republican side about and had some resistance and we were trying to work through that. And I think we would have gotten there, but the timeline and tonight's late hour and all that we have already done is going to prevent us from getting to that point without Representative Keller asking for a vote prior to that if that is going to be considered by the members.

So any additional questions, if anybody would have, feel free to grab us on the side of the podium here. Thank you.

Thank you, Mr. Speaker.

The SPEAKER. Thank you, sir.

Representative Cris Dush.

Mr. DUSH. Thank you, Mr. Speaker.

Mr. Speaker, I have got great respect for you, always have, but I have to rise on this occasion because during the hearing that we had in State Government, a couple comments were made by the prime sponsor of the original bill talking about that he lives in a trendy area of the Commonwealth and that this particular area is just mud. What do you do with mud? What do you do with mud? Well, in this case, in this case, it is a tidal basin.

Now, these riparian lands – every time somebody in my district hears "riparian," they want to run for the hills; actually, we are already in the hills – because it is something that the DCNR (Department of Conservation and Natural Resources), the DEP, and everybody else in State government uses to stop development in our area. Again, this is a tidal basin.

I have a question. Has DCNR, has DEP gone in there and taken a look at this to find out if there are any mussels, any other plant life or animal life that is endangered? I do not think so.

The SPEAKER. Please suspend.

Members – please suspend – if you could take your seats. The good gentleman is entitled to be heard. This will be the last bill we are voting on this evening. So, Representative Dush, you are the last speaker, I believe, on the bill. And I would ask members to please take their seats. Members, please take your seats.

Mr. DUSH. I will say this: there is also the fact that we are leasing this land that is unstable on its face. What is the Commonwealth's liability if structures that are placed on those pilings are not done properly and something happens and shifts and these buildings come down? This is a lease.

If you are claiming to be an environmentalist and you are using that as a weapon to beat over the heads of people in my district who have been living around gas and oil wells, and to hear the language that comes out regarding all the deformities and everything else that everybody in my district should be looking like a bunch of deformed idiots, the way some of these comments are made. If you are going to use that kind of language and then turn around and forget about the environmental impacts of invading a tidal basin, I think you have got a problem with your arguments.

Mr. Speaker, I rise in opposition to this. I would prefer that we do something like table it and take a look, because there are some very good elements to some of the other things that are proposed in here, but I will leave that for somebody else. But I am rising in opposition. Thank you.

The SPEAKER. Representative Dan Moul.

Mr. MOUL. Thank you, Mr. Speaker.

The SPEAKER. Wait. Wait. Wait. Just suspend, sir, for a second.

Members, please take your seats. The good gentleman is entitled to be heard.

Representative Moul, please proceed.

Mr. MOUL. Thank you, Mr. Speaker.

I just wanted to make a point that maybe some people have overlooked. You know, I have been deeply involved with SRBC (Susquehanna River Basin Commission) and the way they run things; DRBC (Delaware River Basin Commission), the way they run things. It is just astonishing to me that we cannot drill for natural gas in the Delaware River Basin, but if the money and the deal is right, you can drill right in the middle of the river.

Thank you, Mr. Speaker.

On the question recurring,
Shall the bill pass finally?

The SPEAKER. Agreeable to the provisions of the Constitution, the yeas and nays will now be taken.

**MOMENT OF SILENCE
FOR CORNELIA WESTERMAN WOLF**

The SPEAKER. Members, I think it is important that we honor the Governor upon his mother's passing today, and I would ask everybody to please take their seats just briefly.

As many of you may know, the Governor's mom, Cornelia "Cornie" Wolf, 94 years old, died at her home in Mount Wolf. Governor Wolf is, of course, one of four children. So to him, to Andy, to Cornelia, to Hank, we are very, very saddened to hear about your loss. Although, she was certainly, from all reports – and we have met her here, of course, you know, on some of our, when the budget presentation remarks by the Governor – a remarkable woman. And she lost her husband, Bill, in 2016. She was really a business and civic leader in York. She herself was a native of Columbia, Lancaster County; became director of the

former Wolf Distributing Company, now Wolf, the largest supplier of kitchen and bath cabinetry in the United States. She served as the chair of the United Way of York County, was very involved in Girl Scouts, and was president of the Visiting Nurse Association of York County. She was certainly, as the Governor said, "a pillar of the York community" and a wonderful mother.

Governor, we are very, very sorry to hear about the loss of your mom. It is never easy, even for somebody who has lived such a rich and full life as your good mother. She was always so gracious to each and every member that she met on those particular dates.

I just ask everybody to stand in a moment of silence in remembrance of the passing of the Governor's mom, Cornelia Wolf.

(Whereupon, the members of the House and all visitors stood in a moment of silence in solemn respect to the memory of Cornelia Westerman Wolf.)

The SPEAKER. Members, you may be seated, and thank you very much.
