

COMMONWEALTH OF PENNSYLVANIA

LEGISLATIVE JOURNAL

MONDAY, OCTOBER 1, 2018

SESSION OF 2018

202D OF THE GENERAL ASSEMBLY

No. 39

HOUSE OF REPRESENTATIVES

The House convened at 11 a.m., e.d.t.

**THE SPEAKER (MIKE TURZAI)
PRESIDING**

PRAYER

HON. THOMAS P. MURT, member of the House of Representatives, offered the following prayer:

Thank you, Mr. Speaker.
Please bow your heads.

Heavenly Father, before we pray this morning, we thank You for the many gifts You have already given to us. We humbly thank You for the honor of being elected officials in this great Commonwealth of ours. Let us never fail to have compassion for the Pennsylvanians who sent us here, nor the ones who struggle to support themselves, feed their children, educate their loved ones, care for a loved one with special needs, or provide shelter for their families. These constituents, whom we all serve, deserve our very best efforts.

Heavenly Father, today we respectfully ask for a better understanding of one another. In Proverbs 17:27 You tell us, "...a man or woman of understanding is of an excellent spirit." And in Timothy 2:7 You tell us, "...the Lord will give you understanding in everything."

We humbly ask that You empower us to seek and to manifest a better understanding of one another in this esteemed chamber. This understanding for which we pray will help us work together and restore the faith and trust we seek in one another and in You.

We also ask You to give us the wisdom and strength to put friendships ahead of politics, and personal relationships ahead of partisanship. Political goals and partisan aspirations should never take precedence over relationships built upon mutual respect, regard, and admiration.

We ask this in Your name. Amen.

PLEDGE OF ALLEGIANCE

(The Pledge of Allegiance was recited by members and visitors.)

JOURNAL APPROVAL POSTPONED

The SPEAKER. Without objection, the approval of the Journal of Wednesday, September 26, 2018, will be postponed until printed.

ANNOUNCEMENT BY SPEAKER

The SPEAKER. Members, for some housekeeping. As you know, we do not have session on the 2d or the 3d. We do not have session on Monday, October 8, because that is Columbus Day. We are in on October 9 and 10. We will be discussing with the leaders some additional days. These are days that we would ask you to please hold on your calendars because we have a lot of legislation to get through and we also have a lot of final remarks for those members that are retiring. Please make sure that you hold October 11, which is a Thursday, and please hold October 22 and 23, which are Monday and Tuesday; October 11, which is a Thursday, and October 22 and 23, which are a Monday and a Tuesday. We have not sent out notices. We will be talking to leaders on both sides of the aisle, but be looking at October 11 and October 22 and 23.

INSURANCE COMMITTEE MEETING

The SPEAKER. At this time, Chairman Pickett, the chair of the Insurance Committee.

Ms. PICKETT. Thank you very much, Mr. Speaker.

The House Insurance Committee will be holding a voting meeting immediately at this first break. The committee will meet in B-31. We will be considering SB 1205; B-31, at the first break, the House Insurance Committee. Thank you.

The SPEAKER. Thank you.

The House Insurance Committee will be holding a voting meeting immediately at the first break. The committee will meet in B-31.

AGRICULTURE AND RURAL AFFAIRS COMMITTEE MEETING

The SPEAKER. Representative Marty Causer, the chair of the Agriculture Committee, is recognized for a committee announcement.

Mr. CAUSER. Thank you, Mr. Speaker.

Mr. Speaker, the House Agriculture and Rural Affairs Committee will have a voting meeting at the call of the break in room 60, East Wing; voting meeting, House Agriculture and Rural Affairs Committee, to consider SB 1171.

Thank you, Mr. Speaker.

The SPEAKER. The House Agriculture and Rural Affairs Committee will have a voting meeting at the call of the break in room 60, East Wing.

Look, I apologize, I do not have Leader Dermody's letter in hand, but we can move forward. We are going to do a report of committees.

The chair of the Labor and Industry Committee, Representative Kauffman, reports the following five bills from Labor and Industry, which the clerk will now read. Just read all five bills, please.

BILLS REPORTED FROM COMMITTEE

HB 297, PN 291 By Rep. KAUFFMAN

An Act amending the act of August 15, 1961 (P.L.987, No.442), known as the Pennsylvania Prevailing Wage Act, further providing for definitions.

LABOR AND INDUSTRY.

HB 861, PN 4131 (Amended) By Rep. KAUFFMAN

An Act amending Title 53 (Municipalities Generally) of the Pennsylvania Consolidated Statutes, in preemptions, providing for employer mandates by municipalities.

LABOR AND INDUSTRY.

HB 1781, PN 4130 (Amended) By Rep. KAUFFMAN

An Act amending the act of June 2, 1915 (P.L.736, No.338), known as the Workers' Compensation Act, in liability and compensation, providing for registration of status as independent contractor.

LABOR AND INDUSTRY.

HB 2571, PN 3883

By Rep. KAUFFMAN

An Act amending the act of July 23, 1970 (P.L.563, No.195), known as the Public Employe Relations Act, in preliminary provisions, further providing for definitions; in employee rights, providing for payments to employee organizations; in scope of bargaining, providing for collection of payments from nonmembers; and making related repeals.

LABOR AND INDUSTRY.

HB 2593, PN 3905

By Rep. KAUFFMAN

An Act amending the act of July 23, 1970 (P.L.563, No.195), known as the Public Employe Relations Act, in definitions, further providing for definitions; and, in employee rights, providing for notice of right to resign membership.

LABOR AND INDUSTRY.

OBJECTION TO COMMITTEE REPORT

The SPEAKER. Representative Dermody submitted a letter on September 24, 2018, that said: "Dear Speaker Turzai: Please know that pursuant to Mason's Manual Section 676, I object to the report," meaning these five bills, "of the Committee on Labor and Industry...." Oh, I apologize. It is only to HB 861, containing HB 861. It is just one of the five bills. "As such, I request to be recognized prior to the acceptance of the report pursuant to Rule 10, Mason's Manual Section 132, and the customs and precedents of this House, to debate the validity of the report.... Sincerely, Frank Dermody."

So at this time let me have the clerk read every bill except HB 861, and then I will come to that last and I will say, "Will the House agree to the bill? It is agreed to."

BILLS REPORTED FROM COMMITTEE, CONSIDERED FIRST TIME, AND TABLED

By Rep. KAUFFMAN

An Act amending the act of August 15, 1961 (P.L.987, No.442), known as the Pennsylvania Prevailing Wage Act, further providing for definitions.

LABOR AND INDUSTRY.

HB 2593, PN 3905

By Rep. KAUFFMAN

An Act amending the act of July 23, 1970 (P.L.563, No.195), known as the Public Employe Relations Act, in definitions, further providing for definitions; and, in employee rights, providing for notice of right to resign membership.

LABOR AND INDUSTRY.

The SPEAKER. Representative Dermody has raised an objection to the report of the committee on HB 861. Pursuant to the provisions of section 676 of Mason's Manual, the House shall decide whether a committee report is properly reported.

On the question,

Shall the House accept the report of the Labor and Industry Committee?

The SPEAKER. On that question, the Chair recognizes Representative Dermody first because it is his motion, and then I will call on the majority leader.

And, Representative Dermody, the floor is yours.

Mr. DERMODY. Thank you, Mr. Speaker.

Yes, Mr. Speaker, I rise to object to the report from the Labor and Industry Committee, of the report containing HB 861. Mr. Speaker, on September 24 a motion to move the previous question was made in the Labor and Industry Committee to cut off debate and consideration of Democratic amendments to HB 861.

Mr. Speaker, any motion to cut off debate in committee is explicitly prohibited by Mason's Manual, and as such, violates our House rules. Mason's Manual section 632 provides that: "No motions to close or limit debate are allowed" in committee. I repeat: "No motions to close or limit debate are allowed" in committee.

Nevertheless, Mr. Speaker, even with such a patently clear rule, a motion to cut off debate was made in committee to prevent a thorough discussion of the legislation and consideration of Democratic amendments.

Mr. Speaker, this not only expressly violates our rules, but it is contrary to the democratic process and the constitutionally required committee process that is designed to require a thorough consideration of legislation prior to it coming to the floor of the House for consideration.

As such, Mr. Speaker, I move to object to the report of the Labor and Industry Committee and send HB 861 back to committee so that we can enforce our rules so that we can undo a wrong and so that the members of the Labor and Industry Committee can have a full, transparent, intelligent debate on HB 861.

Thank you, Mr. Speaker.

The SPEAKER. Leader Reed, on the objection to the committee report.

Mr. REED. Thank you very much, Mr. Speaker.

I would ask the members to oppose the objection to the committee report on HB 861. Prior precedent, namely SB 1 of 2015, showed that this body upheld the ability for committees to limit debate within the committee. Although I will freely admit I do not think it should be a common practice within this body or our committee structure, there is prior precedent throughout the last couple terms specifically that this body upheld the ability for committee chairmen to limit debate within the committee as part of our House rules structure.

So I would ask the members to vote against the procedural motion to object to the reporting of HB 861 from committee. Thank you.

The SPEAKER. Thank you, Leader.

LEAVE OF ABSENCE CANCELED

The SPEAKER. Representative Ward is on the House floor and should be placed on the master roll.

LEAVE OF ABSENCE

The SPEAKER. Representative SOLOMON has requested to be placed on leave. Without objection, that will be granted.

**OBJECTION TO COMMITTEE REPORT
CONTINUED**

The SPEAKER. Members, we are going to proceed to vote, but let me just explain how the vote will be. If you believe that the committee report is properly reported, you will be voting "aye." So if you think it is properly reported, you will be voting "aye." Those who do not believe it is properly reported, you will be voting "nay."

So those that are in agreement with the objection, then you will be voting "nay." If you believe that the committee report is properly reported based on precedent as set forth by the leader, you will be voting "aye."

Representative Neilson.

Mr. NEILSON. Thank you, Mr. Speaker, on the motion.

I must disagree with the previous speaker on limiting debate. Limiting debate is one thing; that is not what happened in this meeting. They would not let us talk about anything and they would not let us bring up our amendments. That is not limiting debate. Limiting debate is something we do at budget time. At budget time, we limit to 5 minutes, this way to keep the meeting moving. They made a motion, previous question, to knock all our amendments off and it is just not right. This is not how this body should operate. It is bad precedent and we should send this back to committee where it belongs. This way we could have a fair, fair hearing. We understand that we are in the minority. It does not mean you can shut us up all the time. Let us have our voices; let us have our votes.

I ask everybody to support Frank's motion. Thank you, Mr. Speaker.

The SPEAKER. Thank you, sir.

Just procedurally, so if the majority vote "aye," then the bill is reported. All members of course would have time to file amendments for the House floor. You will be able to file House amendments if the bill comes out of committee based on this vote. So I just want to make that clear that amendments will be able to be filed should the report be accepted by this body. Members may only speak one time on this particular objection, but Leader Dermody can, of course, go again. The leader certainly can.

Leader, please proceed.

Mr. DERMODY. Thank you, Mr. Speaker.

Mr. Speaker, thank you. I agree with the majority leader that it is not good practice to limit debate. It certainly is not good practice and does violate Mason's rules to move the previous question and limit debate in committee. So let us take this

opportunity to change that precedent. Let us take this opportunity to make sure that you cannot move the question. We will follow the rules. We will follow Mason's, and we will allow an open debate in consideration of amendments in committee.

Thank you, Mr. Speaker.

The SPEAKER. Thank you, sir. Does anybody else wish to speak on the objection? That is what is in front of us, the objection.

Okay, so if you believe the committee report is properly reported, you will be voting "aye." If you do not believe that the committee report was properly reported, you will be voting "nay."

On the question recurring,

Shall the House accept the report of the Labor and Industry Committee?

An Act amending the act of March 10, 1949 (P.L.30, No.14), known as the Public School Code of 1949, in preliminary provisions, further providing for Keystone Exams.

On the question,
Will the House agree to the bill on second consideration?

Mr. **LAWRENCE** offered the following amendment No. **A09422**:

Amend Bill, page 1, line 6, by inserting after "Exams" and providing for exemption from Keystone Exams

Amend Bill, page 25, by inserting between lines 17 and 18 Section 2. The act is amended by adding a section to read:

Section 121.1. Exemption from Keystone Exams.—(a) Within one hundred eighty (180) days of the effective date of this section, each governing authority of a school entity shall meet and determine whether to adopt a policy to excuse a student from Keystone Exam testing if the student's parent or guardian submits an objection based on philosophical grounds in writing to school officials.

(b) If a governing authority of a school entity fails to make a determination as prescribed under subsection (a), the school entity shall excuse a student from Keystone Exam testing if the student's parent or

guardian submits an objection based on philosophical grounds in writing to school officials.

(c) If a school entity adopts a policy allowing for excusal from Keystone Exam testing based on philosophical grounds under subsection (a), or if the school entity fails to make a determination within the prescribed one hundred eighty (180) days and the default applies under subsection (b), the following shall apply:

(1) A student shall not be given negative consequences, including, but not limited to, the denial of a high school diploma, based solely on the student's parent or guardian utilizing the provisions under subsection (a) or (b).

(2) A school entity, including, but not limited to, the administration, chief school officer, temporary professional employes, professional employes and other school employes, may not:

(i) solicit a student or student's parent or guardian to utilize the provisions under subsection (a) or (b); or

(ii) be penalized for a student's parent or guardian utilizing the provisions under subsection (a) or (b).

(3) Nothing in this section shall prohibit a school entity, including, but not limited to, the administration, chief school officer, temporary professional employes, professional employes and other school employes, from communicating with students, parents or guardians regarding the utilization of the provisions under subsection (a) or (b) which are not intended to solicit such utilization.

(d) As used in this section, the following words and phrases shall have the meanings given to them in the subsection unless the context clearly indicates otherwise:

"Governing authority." A local board of school directors, or the equivalent, of a school entity.

"School entity." A school district, intermediate unit, joint school, area vocational-technical school, charter school, regional charter school or cyber charter school.

An Act limiting assignment of State-owned vehicles.

On the question, Will the House agree to the bill on third consideration? Bill was agreed to.

(Bill analysis was read.)

The SPEAKER. This bill has been considered on three different days and agreed to and is now on final passage.

The question is, shall the bill pass finally?

Representative DeLuca, you are recognized.

Mr. DeLUCA. Thank you, Mr. Speaker.

I am a little hoarse today, but I would just like to interrogate the maker of this bill.

Mr. Speaker, I would imagine that, in my own mind, that this bill was put in to save the taxpayers money. Am I correct? Is that correct?

Mr. ROAE. Thank you. This legislation will save the taxpayers money. That is one reason why the legislation was introduced.

Mr. DeLUCA. Thank you.

Mr. ROAE. There is more than one reason, but that is one of the reasons.

Mr. DeLUCA. But that is—

The SPEAKER. Please, if you will both suspend for just a second, just for a second.

Representative Tobash, if you could stop up at the rostrum, please.

Representative DeLuca, you want to do interrogation?

Mr. DeLUCA. I am done. He answered my question.

The SPEAKER. So, sir, you are going to be on the bill, sir?

Mr. DeLUCA. Speak on the bill.

The SPEAKER. Okay. So on the bill, Representative DeLuca.

Mr. DeLUCA. Thank you, Mr. Speaker.

Now, Mr. Speaker, I know this is an election time, and I know that we try to all do different things, and I would not be speaking out on this bill because, in my personal opinion, everyone here has to answer to their constituents.

But let me give you— When the maker of the bill says we are going to save money; unfortunately, DGS (Department of General Services) has stated that by using a fleet car, the taxpayers would save \$173,998 in the past year. That is a lot of taxpayers' money.

Let me also state, I never thought that I should be using my own car so that the taxpayers every 2 years could buy me a new car. I do not think that is what the taxpayers want.

But it certainly, when you put it out there that the taxpayers are paying for a fleet lease, paying for the insurance, sounds good. We are doing something for the taxpayers. They have found out the most efficient way to save money for the taxpayers is by the GPS (global positioning system) using the fleet lease — not only for us, for all vehicles in the government.

We all know that you get reimbursed 53.5 cents a gallon when you have your own mileage. Now, I do not think, you know, if somebody ever questioned this, I do not think that this would pass muster, that every time you go to a committee meeting outside your district more than 50 miles — go to Philadelphia, go to Erie, go to all over the State — that the taxpayers said you should get an increase in your salary. I do not think that is what they want.

So today I am voting against this. And I want the taxpayers to know that this bill will not save you money, it would cost you more money. Start looking at some of the reimbursements on mileage for this House. I just hate the fact that we use taxpayers all the time for the wrong reasons, and the fact is that we, you know, I have been here long enough to know about this stuff. And if I wanted to take advantage of the taxpayers, I would use my own car coming from Pittsburgh, but I do not think that is what my constituents voted for me to do when I came up here.

Thank you, Mr. Speaker.

The SPEAKER. Representative Roae, you will be able to speak twice. We were rolling with the vote and Representative DeLuca was there to speak. Do you want to speak now? You will be able to speak a second time too.

Yes, you may proceed. Thank you, sir.

Mr. ROAE. All right. Thank you, Mr. Speaker.

Yeah, HB 482 actually does save money. The State of California actually already did this. The last year that California had State cars for legislators, it cost them \$1.4 million. After they stopped doing that, the cost went down to about \$750,000. So in California this has already worked.

But there is one important thing that I do want to point out; actually, several things. The actual cost for leases and gasoline, insurance, things like that, that is easy to calculate. What is not as easy to calculate is the negligent entrustment issue. Mr. Speaker, normally when there is a vehicle provided for somebody, most organizations take a little bit of effort to make sure that the drivers have a good driving record, that they have a valid driver's license, that their driving record is clear of moving violations, at-fault accidents, DUIs (driving under the influence), things like that. That is pretty lax in the legislature, Mr. Speaker, and it creates a negligent entrustment issue.

Imagine for a moment that there is a lawsuit. Imagine somebody wrecks a car that is provided by their employer. If the employer tells the jury that before they let that person drive, they pulled their driving record, they verified they had a valid license, they saw there were not any moving violations, there were not any at-fault accidents, and there were not any DUIs and they let that person drive the car. If that person is involved in an accident and somebody gets hurt, there are probably going to be damages that are awarded. But, Mr. Speaker, during the same situation, if it comes out during the trial that the employer did not really monitor driving records — the owner of the car, I should say — did not monitor the driving records, did not have criteria of what is a qualified driver, if people were driving without driver's licenses, multiple DUIs, multiple tickets, if a driver such as that is involved in an accident, the lawsuit is a lot larger of damages, Mr. Speaker.

So the way we are doing this currently under current State law, you could have three at-fault accidents and still have a State car — if you are a legislator under current State law — you can have three DUIs and have a State car. You can have multiple tickets and have a State car. It is a huge negligent entrustment issue, Mr. Speaker.

Another thing that comes into play too, last week it was brought up that the State owns thousands and thousands of vehicles. A lot of those vehicles are absolutely critical to core government functions. The State Police, they obviously have cruisers. They respond to emergency situations. That would be pretty unreasonable to ask a State trooper to use their own car to go on emergency calls. PennDOT has a whole fleet of trucks they use to plow and maintain the roads. That would be pretty unreasonable to tell a PennDOT employee they had to buy a dump truck in order to work there.

Mr. Speaker, the cars that legislators use, we haul ourselves to this building along with our briefcase. It is not to the same level, Mr. Speaker. There is no reason why all of us cannot use our own vehicles to come here. We do not need specialized equipment like snowplows and salt spreaders. You know, we are not transporting people that just got arrested. You know, we are not doing anything, Mr. Speaker, that would warrant having specialized State-owned vehicles.

Now, as far as the cost goes, when you look at the actual costs that are easy to calculate, I ran the numbers for myself, Mr. Speaker. I live a greater distance away from this building than almost everyone in this room. If I look at my 2017 mileage reimbursement and then I compare that to what it would cost if I took a State-leased vehicle at \$628 a month, and if I claim that only 10 percent of the usage was for business use, that the cost of the lease, the gasoline, and all the incidentals like car washes, tires, oil changes, things like that, that is actually a higher number than what my mileage reimbursement was last year. So it is a myth, Mr. Speaker, that it actually costs more money to pay people mileage.

Mr. Speaker, in the event that somebody is driving a really, really, really high number of miles, there can be situations where it does make sense to have a leased vehicle, but in our situation, Mr. Speaker, almost everybody, all the legislators, almost all of them that have State-leased vehicles, they live close to the Capitol. So I ran the numbers again, and I said, okay; what if my district was only 100 miles away instead of 240 miles away from here, and what if my district was only several miles from top to bottom rather than the 40 miles that it is now, what if I only drove about half as many miles as I do now? When I do the math that way, Mr. Speaker, a car lease through the State lease program would end up costing approximately \$1 per mile. The current IRS (Internal Revenue Service) mileage rate is 54.5 cents per mile.

So it is a myth, Mr. Speaker, that it saves money having State-leased vehicles. And it is a fact, Mr. Speaker, that having legislators, you know, with what most would consider to be unacceptable driving, have unacceptable driving records is a huge negligent entrustment issue that can come up in a lawsuit.

So to protect the taxpayers, Mr. Speaker, I urge a "yes" vote on my legislation.

The SPEAKER. Representative DeLuca, for a second time.

Mr. DeLUCA. Thank you, Mr. Speaker.

First of all, I take issue with the gentleman talking about bad driving records for the people that have fleet leases. I know the majority, I would bet the majority do not have bad driving records. Now, if you have a couple people that have bad driving records, then we should take the cars off of them.

But let me say this – I am going to enter it into the record. First of all, Mr. Speaker, from DGS I have a – which I want entered into the record – just on you, Mr. Speaker, you travel 500 miles round trip, your personal automobile. You get reimbursed \$272.50—

The SPEAKER. Sir—

Mr. DeLUCA. What is that?

The SPEAKER. Are you referring to the—

Mr. DeLUCA. Not you.

The SPEAKER. You are referring to the maker of the bill?

Mr. DeLUCA. Yes.

The SPEAKER. Okay. Even so, sir, I am not sure that— I know you are not referring to me as the Speaker, but you are referring to the maker of the bill? Okay. Can we approach the bench, or approach the rostrum? I apologize.

Mr. DeLUCA. I will leave that out. I will leave it out.

The SPEAKER. Okay. I just—

Mr. DeLUCA. I will leave it out.

The SPEAKER. I just— The only reason is just I do not think—

Mr. DeLUCA. I will leave it out, Mr. Speaker.

The SPEAKER. Okay. I just do not think that is appropriate.

Mr. DeLUCA. No. No. I will leave it out, but I am going to put into the record, though. I will hand it to you to put in the record.

DGS, I have something here from DGS, and I imagine they are the ones that should know. The least expensive to them are agency pool vehicles; the total cost would be \$125. The second option would be Enterprise Rent-A-Car, which would be \$127.32. And the third option would be personal autos, standard rate of \$272.50. Now, this is from DGS. Now, I am going enter this into— I did not make this figure up; I did not do that. By their own admission, they are saying, with all you have talked about, about this and that and everything else you talked about, the Commonwealth would save \$173,998. Now, if you are arguing with this, I want you to give this body the evidence that they are wrong and you are right.

Thank you, Mr. Speaker.

And I would like to put this in the record.

The SPEAKER. Sir, if you would not mind just providing it to the Parliamentarian.

DOCUMENTS SUBMITTED FOR THE RECORD

Mr. DeLUCA submitted documents for the Legislative Journal.

(For documents, see Appendix.)

The SPEAKER. Representative Bradford.

Mr. BRADFORD. Thank you, Mr. Speaker.

I rise in opposition to HB 482 for one simple reason: math. I had the great privilege of sitting through a very long hearing on this issue – and let me preface my remarks by one simple statement: I do not have a State-leased vehicle. I do not have one of the fleet vehicles. I do not have one of the DGS vehicles that is at issue here. But I do have the ability to understand an Excel spreadsheet, and what I see, in many cases, are members submitting for mileage in excess – in many cases, in multiples of excess – beyond the cost of these fleet vehicles.

When one considers that this is very good politics before an election. But I would ask is it very good economics after that election? One might wonder why we are not doing a study deciding which members should probably be looking at fleet vehicles and which members should probably not have fleet vehicles; which members should be having their record scrutinized and which members should not.

Now, I realize this is not politically popular every day, especially 4 weeks before an election, but I would just tell people to check out the numbers, look at the costs, and do not play politics with the people of Pennsylvania's money.

I believe this is a bill best suited for an election campaign mailer and not for the laws of the Commonwealth, and with that, I ask for your opposition to HB 482.

Thank you, Mr. Speaker.

The SPEAKER. Representative Daryl Metcalfe, on the bill, please.

Mr. METCALFE. Thank you, Mr. Speaker.

Mr. Speaker, before I was elected to the legislature, I worked for a large corporation based out of Delaware. And I remember one of our, one of our national managers telling a lot of the younger employees that worked under him, because they provided corporate company vehicles for us to do business on

behalf of the company, and they changed those vehicles out pretty much every 2 to 3 years; I think when they went to minivans, they started trying to stretch them out to 3 years or 70,000 miles. But they kept a company vehicle program, fleet vehicle program in place for the many employees that worked across the nation on their behalf with their customers. And I remember our national manager telling us that he would discourage all of his employees from trying to get the company to give us mileage reimbursement for use of our own private vehicles while we were on company business, because from the numbers that he had seen and from the research that he had done as a national manager with people working for him across the country, that ultimately, his employees would be having a higher cost as a result of using their own vehicle than what they were being reimbursed by from the IRS mileage reimbursement rate. And that rate fluctuates up and down. It has over the years, and it has crept up as the dollar has lost value and as cost of living has gone up. But I have always remembered that conversation that we had had so many years ago prior to my coming to the legislature and had recalled it again while we started into this debate.

I know there is a small number of individuals in this General Assembly that are still taking the lease vehicles; they want to still hold on to that what they see as a benefit. Today they are trying to argue that it is a benefit on behalf of the taxpayers. I think they are totally 100 percent wrong. I agree with the gentleman who has sponsored this, the gentleman from Meadville, that at the end of the analysis, at the end of the cost analysis, I think that you would find that the higher cost is being borne by the taxpayer through the Commonwealth of Pennsylvania for the use of these types of fleet vehicles, that it is actually going to cost the individual that is taking mileage reimbursement; actually, the wear and tear on their car and the long-term impact on their finances ends up being greater when they are trying to use their own vehicle and be reimbursed under the IRS mileage reimbursement than using a fleet vehicle.

So these arguments by the minority of members that are still clinging to this extra benefit as they see it, to hold onto these fleet vehicles, because the majority of members in this body do not use the fleet vehicles that are provided by the Commonwealth. They do not use them. They are getting mileage reimbursement or not. But I think the gentleman's bill is a good piece of legislation. I do not think that any member should be taking a fleet vehicle any longer because I think that ultimately, it costs the taxpayers more. And as the gentleman argued, with the members that are driving without licenses or getting DUIs and not being policed in the right way by the policies of this administration and by the policies of this body, I think that we need to protect the taxpayers from that liability and we should end the use of these fleet vehicles, because I think ultimately, it costs the taxpayers more to provide them than it will to provide mileage reimbursement.

Thank you, Mr. Speaker.

BILL PASSED OVER TEMPORARILY

The SPEAKER. We are going to briefly go over the bill, briefly. I have some other bills that we need to get through. We are going to come back to 482. I know Representative Paul Costa and Representative Margo Davidson wish to speak. Representative Roae, you will be speaking; you will close discussion. But right now we are just going to get to some other bills.

BILL ON SECOND CONSIDERATION

The House proceeded to second consideration of **HB 1822, PN 4045**, entitled:

An Act amending Title 24 (Education) of the Pennsylvania Consolidated Statutes, providing for suicide prevention in institutions of higher education.

On the question,

Will the House agree to the bill on second consideration?

Bill was agreed to.

CONSIDERATION OF HB 2638 CONTINUED**BILL PASSED OVER**

The SPEAKER. On HB 2638, PN 4047, there are two Representative Maher amendments. We are going to go over that bill. Representative Maher is on leave today.

SUPPLEMENTAL CALENDAR B CONTINUED**CONSIDERATION OF HB 482 CONTINUED**

The SPEAKER. We are back on HB 482.

Representative Paul Costa, followed by Representative Margo Davidson.

Mr. P. COSTA. Thank you, Mr. Speaker.

I really did not plan on getting up to speak today but I kept hearing the debate on both sides about it is going to save money, it is not going to save money, and I felt it was important to explain my situation.

Several years ago I used to have a fleet-leased car, and every month I would have my secretary do a comparison about using the fleet lease and using my own vehicle. Now, I realize that people live different mileage away from the Capitol. I personally live 200 miles. And when my secretary did the calculations and she subtracted the amount that I actually paid for personal use it was a savings of \$200 a month to use the fleet-lease program as opposed to using my own. That is \$2400 a month from someone who lives 200 miles away. Now, again, you vary, but figure it out, the impact on your district. At the end of the day, I think for most of us it will actually save you money for using the fleet-leased program, and I would be opposed to this bill.

Thank you, Mr. Speaker.

The SPEAKER. Thank you, sir.

Representative Davidson.

Mrs. DAVIDSON. Thank you, Mr. Speaker.

Again, as we debated this bill previously and as the eloquent speakers spoke prior to me, it is clear that mileage reimbursement is a benefit that affects the majority of legislators in this House. It is a benefit that, according to the vote, the majority of legislators would like to keep.

If we do not want taxpayers to pay the costs of State-related travel – because that is what we are talking about; whether it is a State lease or mileage, we are talking about State-related travel that is being reimbursed. The State would not have to pay reimbursement if we all submitted reimbursement at the end of the year to the IRS just like most companies do and most drivers, most taxpayers do if their company does not provide a fleet vehicle from the company nor do they reimburse for mileage but that employee does travel for their work.

As stated previously, Mr. Speaker, the Commonwealth has a very large fleet of cars that are regularly used by State employees, and as a matter of fact, it is 14,674 vehicles. It was mentioned by a previous speaker and the maker of the bill that those cars are used by police officers and snow plows. That is just a small fraction of the use of these cars. As a matter of fact, out of the 14,000, over 14,000 State vehicles, only 2,670 are individually assigned, so that is a mere fraction of the total number of vehicles. Those are the vehicles that we are talking about that are assigned to police officers and the like. As a matter of fact, many other

State employees use fleet vehicles, including human services workers that see about children, human services workers that see about the elderly, and many administrators use State vehicles. In the legislature – remember, the State leases 14,000 State vehicles – in the legislature, only 42 legislators – that is in both bodies, both the House and the Senate – use State vehicles.

And as my colleagues have eloquently said, it saves money. DGS has done an analysis. Now, you can, you can quote all the anecdotal evidence that you want, the one business owner that you talk to or your own experience, but DGS says that it saves taxpayers money, and they should know because they manage the fleet.

When you talk about liability, the State is self-insured. There were 128,000 accidents reported in Pennsylvania in 2017; 702 involved State vehicles. The State has the advantage of not going up on its own rates. So those accidents are paid by insurance just like if you took mileage, the 54 cents that is paid out from the IRS includes and factors in all of those things – the insurance, the upkeep of the car, the repair – all of those items are included in the calculated mileage that is set aside by the IRS.

This is nothing more than political theater, Mr. Speaker, but it is not economic realities. So I urge the members to please vote "no" and let us legislate in a way that truly, truly saves taxpayers money, and it is not by eliminating the few State vehicles that legislators use. I personally do not have one at this time.

Thank you, sir.

The SPEAKER. Representative Roae. I do not see anybody else speaking. I do not see anybody else so Representative Roae will be the last speaker.

Representative Roae.

Mr. ROAE. Thank you, Mr. Speaker.

The SPEAKER. Members, this is the last speaker, and I think we only have one other bill so far to run, or two more, two more bills to run.

Go ahead, Representative Roae.

Mr. ROAE. Thank you, Mr. Speaker.

Whether a current legislator has a State vehicle right now or they do not is not really material. This legislation actually grandfathered the vehicles that are currently issued, so we are not talking about anybody in this room. We are talking about people who, by current law, might walk in tomorrow and say they want a State-issued vehicle. So when you have legislation like this, you are not talking about, you know, it is not targeting anybody, it is not political, it is not political theater, it is not election-related. This is moving forward. We are saying people who are elected to this body, you know, 6 weeks from now, when they come down here, are they going to sign out a State-leased car or are they going to use their own car? So we are talking about them, not ourselves, here.

And one other thing I do want to bring out, earlier when I was talking, I do not know if everybody was paying attention, but I talked about the issue of negligent entrustment, and that is a very important issue. It is easy to look at lease payments and gasoline expenses and things like that, but when you look at that negligent entrustment issue, when you are in a lawsuit and the lawyer looks at you, looks at the jury, rather, and tells the jury they did not check the driving record – the driver had three accidents or the driver had three DUIs or the driver has a whole string of tickets or the driver does not even have a valid driver's license – the jury is going to issue damages that are a lot larger than if the drivers were properly underwritten.

As far as the State being self-insured so the insurance is not a big deal, well, it is a huge deal, because when the State is self-insured, that means the State taxpayers are paying all of the costs. So if legislators are elected in the future that have bad driving records and they have accidents, taxpayers are going to pay more money than if that was not the situation.

And I do, not to be tedious here, but I just want to reiterate what I said before. I calculated the math. I am not sure how DGS calculated the math, because I calculated the math for myself, and when I look at a State lease, when I look at the gasoline and all the incidentals like car washes, tires, oil changes, you know, repairs and maintenance that are not covered by the lease, for myself – and I live farther away than almost everybody in here – my cost, if I would have signed out a State-leased vehicle on January 1, 2017, and used it until December 31, 2017, the cost would have been 59 cents per mile.

Now, Mr. Speaker, I said, okay, what if I lived near where most of the people do that currently do have State cars? If I was only 100 miles away from this building instead of the 240 miles I am away – somebody earlier said I live 250 miles away. It is actually 240 miles. You can look at my mileage log for 12 years. It clearly shows 240 miles here and 240 miles home, not 250. But anyways, if I only lived 100 miles away from here, Mr. Speaker, and then I used obviously less gas to get here, and if you look at the cost of that gasoline, if you still factor in the cost of the lease, all the expenses, I calculated the math for my own situation, Mr. Speaker, it would be about \$1 per mile. The mileage rate is 54 cents, I think it is 54 1/2 cents per mile. So clearly, Mr. Speaker, members using their own vehicles, getting mileage, even for me, it is cheaper for the taxpayers. Now, people that live considerably closer, it is even more of an issue.

So I urge a "yes" vote, Mr. Speaker, for this good piece of government reform legislation. Thank you.

On the question recurring,
Shall the bill pass finally?

The SPEAKER. Agreeable to the provisions of the Constitution, the yeas and nays will now be taken.

ANNOUNCEMENT BY SPEAKER

The SPEAKER. Members, we are going to keep the desk open because some Senate bills are coming over, so we are not going to formally adjourn at this time. There are no further votes for today.

We will be back on Tuesday, October 9, at 11 a.m. We will start promptly; Tuesday, October 9. I am asking you to keep the 11th open. We are likely in session for the 11th. We are definitely here the 9th and 10th; we are likely here for the 11th. If we are able to do the 11th, there would be less likelihood to be in on the 22d and 23d.

And tomorrow is a nonvoting session day. Tomorrow is a nonvoting session day. Those are just some calendars.

So the desk is going to remain open at this time. We are not formally adjourned. We will be back Tuesday, October 9, at 11 a.m. Tomorrow is a nonvoting session day. I know there are some committee meetings tomorrow.

THE SPEAKER PRO TEMPORE (JESSE TOPPER) PRESIDING

The SPEAKER pro tempore. The House will come to order.

BILL REPORTED FROM COMMITTEE, CONSIDERED FIRST TIME, AND TABLED
