No. 30

HOUSE OF REPRESENTATIVES

The House convened at 11 a.m., e.d.t.

THE SPEAKER (MIKE TURZAI) PRESIDING

The SPEAKER. My apologies. We were in attendance at the 2019 civic commemoration of the Holocaust in the Governor's Reception Room, and I am very sorry that I am delayed, but it was a powerful and moving ceremony.

PRAYER

HON. WILLIAM C. KORTZ II, member of the House of Representatives, offered the following prayer:

Please bow your heads.

Lord, it is always springtime in the heart that loves You. Springtime is a season of optimism and hope, reflected in the new life springing up around us. May we be alive to the gentle influences of the May Day, which brings new experiences to all who may receive them. Thank You, Lord, for the hope that You bring, the renewal that You bring both to this world and to our hearts and into our lives, for You are the creator, the alpha and the omega.

We humbly ask for Your blessing and Your guidance as we make very important decisions today. In Your name, Amen.

PLEDGE OF ALLEGIANCE

(The Pledge of Allegiance was recited by members and visitors.)

The SPEAKER. Representative Gregory, if you will please come to the rostrum. Let us bring down the Bellwood-Antis High School Girls Basketball Team. We have a lot to cover here today. Could we bring the team down to the well of the House and onto the rostrum.

Representative McCarter will follow. Representative McCarter, you will be next.

Would the rest of the team come down to the well of the House, please. All members, please take your seats. Sergeants at Arms, please close the doors of the House. If members do need to get onto the floor, that is fine, but right now we are going to have everybody take their seats.

These young ladies have traveled quite some distance to be with us today. Representative Gregory, how far have they traveled? A good 2-hour drive to and from, 2 hours each way. So we are just so honored to have them with us. Everybody, please take your seats.

Again, I do apologize for the delay, but we were at the Holocaust memorial service in the Governor's Reception Room, which was quite moving.

Representative Jim Gregory is called upon to begin a recognition of these outstanding young ladies. Please take your seats.

BELLWOOD-ANTIS HIGH SCHOOL GIRLS BASKETBALL TEAM PRESENTED

The SPEAKER. Representative, you may begin.

Mr. GREGORY. Thank you, Mr. Speaker.

I am honored to have with me today members of the Bellwood-Antis Girls Basketball Team. Recognizing those to the left of us, here in front are two seniors, Riley D'Angelo and Ali Wagner; if you could raise your hands. Also to the left is head coach Jim Swaney, as well as his assistant coaching staff, Kyley Longo-McGarvey and Ryan McGarvey.

Colleagues, as a sportscaster in Blair County in the eighties and nineties, I have to tell you that we were the center of the high school girls basketball universe back in those days, featuring two straight USA Today National Champions from the Altoona Lady Lions. However, during those days, there was always a sleeping giant just down the road on I-99 waiting to explode, and boy, have the Bellwood-Antis Lady Blue Devils exploded on the scene in State high school girls basketball. This team culminated their season with a State championship, placing first in the PIAA State Class AA Girls Basketball Championship.

They are very good shooters. In the championship game win over West Middlesex High School, they shot 12 for 24 from 3-point range. That was the deciding factor. They finished their season with 27 wins and 3 losses. I am so impressed by this program, but equally impressed by the Bellwood-Antis School District. It is a great school district.

So with me today I have a citation to recognize the players, the managers, and the coaching staff. And no pressure, ladies, because you are now two-time State defending champions; enjoy the accolades. But I already know that you are focused on next year, and I hope we have a chance to do this again to celebrate a three-peat.

Please join me today in congratulating the Bellwood-Antis Lady Blue Devils for their accomplishment as State champions.

The SPEAKER. Outstanding. Thank you so much. We are going to take a photo here on the rostrum. Please stay there, we are going to bring down Representative Gregory and the rest of the team and coaches.

If we could bring, just while we are going to get the photo in the well of the House, if we could bring the championship hockey team from La Salle. And the captains and seniors can come up to the rostrum now.

Sergeants at Arms, if you will let the team exit at this time. All members, please take your seats. We are going to let the champion ladies from the Bellwood-Antis High School team exit, and then we will begin our next presentation. Thank you.

LA SALLE COLLEGE HIGH SCHOOL ICE HOCKEY TEAM PRESENTED

The SPEAKER. Representative McCarter.

Mr. McCARTER. Thank you very much, Mr. Speaker.

Today I rise with immense pleasure to honor the La Salle College High School Ice Hockey Team and their coaches, head coach Wally Muehlbronner and assistant coaches P.J. Quinn, Bud Lipski, and Chuck Cirelli.

The Explorers captured the 2019 Class AAA Pennsylvania Cup. They clinched their sixth – sixth – Class AAA hockey title by defeating North Allegheny 6 to 3 at the Robert Morris University Island Sports Center in Pittsburgh on March 23. The final score does not really reflect how close this game was, but the game was tied 3-3 after two periods. In the third period, the Explorers stepped it up, scoring three unanswered goals and showing great character in the clutch.

Mr. Speaker, I am incredibly proud of this young team and their coaches. They continue a long tradition of ice hockey success at La Salle High School.

As I said earlier, La Salle College High School has now won six ice hockey titles. Six. That is four more than the Philadelphia Flyers, that is one more than the Penguins, and ties the Pittsburgh Steelers. Mr. Speaker, I am sure that one or more of these fine young men up here may be our next Bobby Orr, Bobby Clarke, or Sidney Crosby.

Representing the team to left of the Speaker today are head coach Wally Muehlbronner – raise your hands, please – and the team's four seniors, Zach Baker, Bryan Evans, Sean Keaveney, and Brandon Leer. And assistant coaches, down in the well here, coaches P.J. Quinn, Bud Lipski, and Chuck Cirelli; and players Fabrizio Mazzarelli, Sam Lipkin, Michael Casey, Eric Ford – raise your hands, guys, when we call – Collin Kleiser, Max Levenberg, David Brunner, Daniel Sambuco, Nolan Woudenberg, Ryan Walsh, Ryan Ferry, Jan Olinginski, Andrew Budzynski, David Kimmel, Nathan Benner, Liam Gross, and Aidan McCabe.

Mr. Speaker, I would like to ask the members to join me in honoring these exemplary young high school athletes for their stellar performances on the ice. They are tremendous ambassadors for Springfield Township in particular, but also for the Commonwealth of Pennsylvania as a whole. I am very honored to host them on the floor today of this chamber.

Thank you so much, Mr. Speaker.

The SPEAKER. Representative McCarter, that is quite a championship team – six championships. Congratulations, young men, coaches, and to your parents as well. Thank you.

James Fata's grandson is on this team; Liam, right? Liam, where are you? Is he here? Liam, good to see you. We are sorry your grandpa cannot be here today.

Representative Topper, if you will come to the rostrum, you will be next. Representative Topper has brought to us winners of the Pennsylvania State Interscholastic Rifle Championships in Smallbore for the third consecutive year. If they will come down, please. And while they are coming down – we are having them in the well of the House – I am just going to say a few words about them.

GUESTS INTRODUCED

The SPEAKER. In the rear of the House, we have Representative Jesse Topper's Bedford district office staff. As I say your name, please stand: Tammie Hess, Karen Novak, Erin Weyant; and from the McConnellsburg district office staff, Bonnie Keefer and Whitney Kipp. We are so honored to have you here today. Thanks for traveling to come be with us. Thank you.

And we have, in the rear of the House, Jeremiah Eyer. Jeremiah, will you stand. Thanks, buddy. He is a junior at New Oxford High School and he is with Representative Torren Ecker for today. Thanks very much for being with us.

In the rear of the House is Eric Schulden, who is a senior at Kutztown University. Where is Eric? Thanks, Eric. He is with Representative Zach Mako and Representative Russ Diamond today. Thanks so much for being with us, Eric.

STATEMENT BY MR. TOPPER

The SPEAKER. I am going to turn it over to my good friend, Representative Jesse Topper. You may proceed, sir.

Mr. TOPPER. Thank you, Mr. Speaker.

It is my pleasure today to welcome to the floor of the House the Everett Rifle Team, which is a group of students from Everett High School and Bedford High School, both located in the 78th District. They are celebrating their third consecutive State championship, and we are so honored to have them here. I ask if you could all give them a round of applause.

Thank you, Mr. Speaker.

The SPEAKER. Stay right there, Representative Topper is going to be with you, team. And thanks so much for joining us. I know that is quite a drive.

This esteemed group – we have two esteemed groups with us today in the back of the House. As soon as the team exits, I am going to introduce those groups.

Members, please take your seats. We have some other guests that have traveled some distance to be with us.

GUESTS INTRODUCED

The SPEAKER. In the rear of the House, I am pleased to welcome – and if they will stand – members of the Pennsylvania chapter of the National Coalition of 100 Black Women. The group's "...mission is to advocate on behalf of black women and girls to promote leadership development and gender equality in the areas of health, education and economic empowerment." And we are so honored to have them. They are guests of Representative Joanna McClinton, Representative Morgan Cephas and Representative Patty Kim. And in addition, I believe amongst the team that is here are Latifah Fields, who is the Pennsylvania chapter president, and Tiffany Brown, who is the Harrisburg chapter president.

STATEMENT BY MS. McCLINTON

The SPEAKER. The Chair is going to call on Representative Joanna McClinton, on unanimous consent.

Ms. McCLINTON. Thank you, Mr. Speaker.

Mr. Speaker, in 1970, 24 visionary Black women began meeting in their homes in New York City to assess the problems and the opportunities that were left behind in the wake of the very turbulent 1960s. Their mission was simple: to build partnerships that would serve and make a difference in their communities, and to mobilize their emerging stature as a visible force of influence promoting gender and racial equality. As a result of their efforts,

the National Coalition of 100 Black Women was established. And today, along with Representative Patty Kim and Representative Morgan Cephas, we are proud to welcome them.

Among the ranks, we have the first national vice president, Dr. Gina Charles; we have the Harrisburg president, Tiffany Brown; and we have April Everett, the chair of public policy back in the Philadelphia chapter. We work together closely on safe harbor legislation. Many of you received postcards from these ladies, and, Mr. Speaker, we passed that bill out of the House last November. That is effective action.

Please, colleagues, welcome these distinguished women.

The SPEAKER. Thank you so much for being with us, and I will come down and get a photo. We are so honored to have you.

GUESTS INTRODUCED

The SPEAKER. Representative Dave Hickernell has some special guests for us as well, if they will stand. It is a delegation from Russia. And if they will all stand, please. They are right in the back. This group, as you know, has traveled from around the world to be with us, so I would ask all members to listen to this, about this organization, I should say.

They have traveled to the United States through an organization called the American Council of Young Political Leaders. And the goal is that every year since 1966, with the support of the United States Department of State, the American Council of Young Political Leaders has conducted exchange programs for rising political leaders from all over the world. These programs are designed for bipartisan groups of emerging leaders under the age of 40 – we have a good number that are actually elected officials here in the State House of Representatives in Pennsylvania – and they visit each country's capital city and they meet with government officials, policy experts, and business leaders. Since 1971 there has been an exchange between the United States and Russia. This year's exchange is for the students that have come over, or the young leaders that have come over from Russia. They are visiting Washington, DC, but also many places in Pennsylvania.

As I call out your name, please raise your hand: the Honorable Egor Anisimov, the Honorable Diana Iakovleva, Mr. Oleg Korniyakov, Mr. Grigori Mikhailov, Ms. Valeriia Sharko, and Ms. Irina Zaitseva. And they are escorted today by Mr. Alexander Solovyev. Thank you so much for being with us today. We are so honored to have you.

We have a guest page, Casey Helmeczi. Casey is a guest of Representative Gillespie.

Representative Parke Wentling has some guests from his district. That means they have traveled a good 4 1/2 hours to be with us. Gary Dovey of Penn-Northwest Development, please stand; Jim Lowry, Greenville Area Economic Development; Brad Gosser, Greenville-Reynolds Development Corp.; Ellen Pardee, Greenville-Reynolds Development Corp.; and Todd Hittle from Hempfield Township. Thank you so much for being with us today. Great to have you here. Thank you, Representative Wentling, for bringing them.

DR. BRENDA ALLEN PRESENTED

The SPEAKER. We have a very special guest, a very special guest. I always love to, as you do, love to honor the heads of our private universities and public universities and colleges and schools in the Commonwealth of Pennsylvania. Would Dr. Brenda Allen, the president of Lincoln University, please stand and come on up to the rostrum. We are so honored to have you, Dr. Allen. Representative John Lawrence and Representative Steve Kinsey have brought Dr. Allen to us as a guest.

Dr. Allen was named the 14th president of her alma mater, Lincoln University, on May 11, 2017; began her tenure on July 1, 2017. Previously, she served for quite some time, July of 2009 until June of 2017, as the provost and vice chancellor at Winston Salem State University. She has also held academic positions at Brown University, Smith College, University of Massachusetts, and Yale University. She holds a bachelor's from Lincoln University and a master's and doctorate from Howard University in Washington, DC.

Dr. Allen, we do not have a lot of time, but we would love it if you wanted to – it is extempore – but if you wanted to say a few words to our distinguished body. We are honored that you would be here. And just give me a moment until I get everybody seated.

Everybody, if you could please take your seats, staff included. If everybody could please take their seats.

Dr. Allen, thank you so much.

Dr. ALLEN. Thank you, Mr. Speaker.

And I want to thank Representative Lawrence for the invitation. We have several students and staff up in the balcony, so we are so pleased. I bring you greetings from the entire Lincoln University community. We want to say thank you to the House of Representatives for your continuous support in bringing State appropriations to Lincoln University that allow us to help discount tuition for our instate students as well as provide great funding for some of the academic opportunities that we are able to offer.

I think if I were to say two things that are important about Lincoln University right now, number one is that Lincoln University is the first degree-granting historically Black institution in this country. Pennsylvania has the distinct honor of being the home of the first two historically Black institutions dedicated to educating African-Americans. And what is so important about that statistic is that these two institutions were established well before the emancipation of African-Americans in this country. And so because of that, I think Pennsylvania is the home of two national treasures.

I think the second thing that is important to say about Lincoln University is that continuing through today, we have been successful in creating individuals who have gone on to lead and change the courses of society. I think the most important statistic today is that we rank number one among 4-year colleges in Pennsylvania for moving individuals from the lowest economic ladder to the top fifth, and so we are grateful to be able to provide that social mobility for our students. As you all know, if you can transform the life of an individual, that can relate to transforming the lives of their communities and the nation and the world.

And so again we thank you for helping to bring to us the resources that allow us to do that job and to change the State of Pennsylvania by the individuals that we produce, and by that distinction, also change the country and the world. So thank you, and thank you for the opportunity to be here.

The SPEAKER. Thank you, Dr. Allen. Thank you so much. We are really honored that you would come.

The SPEAKER. A number of members are going to speak on resolutions at the end of the session date. They do not have guests.

STATEMENT BY MR. GABLER

The SPEAKER. Representative Matt Gabler and Representative Stan Saylor do have some guests on HR 204. If they could please come up to the front podium.

Members, please take your seats.

Representative Matt Gabler, Representative Stan Saylor, the floor is yours.

Mr. GABLER. Thank you very much, Mr. Speaker.

I rise to thank the members for their support of HR 204, which recognizes the 80th anniversary of the Pennsylvania Jaycees, an organization whose members and alumni have greatly contributed to our communities and our Commonwealth. I am very honored to introduce to you some of the distinguished guests who have joined us for today's session.

My constituent from DuBois, Neil Hanes, currently serves as the 83d State president of the Pennsylvania Jaycees. He is also joined by the Pennsylvania Jaycees State treasurer, Sheri Price, who is also from our DuBois chapter; and also, past presidents Colleen Witman and Peter Urscheler. They are in the rear of the House. I would like to ask the members to please welcome our guests.

Originally founded on May 1, 1939, in Wilkes-Barre, Pennsylvania, as the Pennsylvania Junior Chamber of Commerce, the Pennsylvania Jaycees, as it is now known, is composed of 19 chapters across the Commonwealth. Their mission is to empower young people to create positive change. Jaycees members are leaders and rising stars in their communities who give of their time, talent, and treasure to make their community and our Commonwealth a better place. In fact, we are also joined today and every day by the 54th State president, who you are all very familiar with as our majority Appropriations chairman, Stan Saylor.

As a native of DuBois, I would like to note how very proud the DuBois Jaycees are to be the home chapter of our 83d State president as well as our current State treasurer. And we are also so proud to commemorate the 80th anniversary of the Pennsylvania Jaycees. In recognition of the contributions and accomplishments of all of the Jaycees members and alumni across the past eight decades, I am proud to offer HR 204 and to thank the members of this body for your support. Thank you all so very much.

STATEMENT BY MR. SAYLOR

The SPEAKER. Representative Stan Saylor, our majority Appropriations chair.

Mr. SAYLOR. Thank you, Mr. Speaker.

I rise today to make you aware of this organization. The Pennsylvania Jaycees and the United States Jaycees is the number one—

The SPEAKER. Please suspend, sir. My apologies.

Members, please take your seats. Sergeants at Arms, you can open the doors of the House, but please take your seats. It is the 80th anniversary of the Jaycees. We have guests with us today and we are so honored that they could take the time to be with us.

Chairman Saylor, please continue.

Mr. SAYLOR. Thank you, Mr. Speaker.

The Jaycees is the number one youth training organization for young men and women throughout the world. Many of you know many of their projects that they raise for charity – millions of dollars every year for St. Jude Children's Hospital, millions of dollars a year for MDA (Muscular Dystrophy Association), and just locally, right in Gettysburg, over in Adams County, the Jaycees have what they call the Upper Adams Harvest Festival. It is one of the largest apple harvest festivals in the country, raising hundreds of thousands of dollars to support the youth of Adams County.

Throughout this country, there are many projects go on by Jaycee chapters throughout who raise money to help their local communities. I am very proud to have been a part of their past, and I want to congratulate the Jaycees for what they continue to do to help our youth and our families and our communities to be better places to live in.

Thank you, Mr. Speaker.

The SPEAKER. Thank you, sir.

REMARKS SUBMITTED FOR THE RECORD

The SPEAKER. Representative Frank Farry of Bucks County is recognized on HR 265.

Mr. FARRY. Thank you, Mr. Speaker.

I would like to submit comments for the record on skin cancer and melanoma awareness. Thank you.

The SPEAKER. Thank you, Representative Farry.

Mr. FARRY submitted the following remarks for the Legislative Journal:

Today I would like to bring awareness to a very serious medical issue that takes hundreds of lives every year. Skin cancer is the most common form of cancer in the United States, with current estimates that one in five Americans will develop it in their lifetime. With summer quickly approaching and people spending more time out in the sun, it is very important and timely to bring awareness to the risk factors, prevention tips, and screening practices.

Each year in the U.S. over 5.4 million cases of nonmelanoma skin cancer are treated in more than 3.3 million people. And it is estimated that 192,310 new cases of melanoma, the deadliest form of skin cancer, will be diagnosed in the U.S. in 2019. The good news is that with early detection and treatment, melanoma and other skin cancers are highly treatable. Regular skin self-examinations to check for signs of skin cancer and doctor visits or screenings are key to early detection.

If you have time today, I encourage you to stop by the Pennsylvania Academy of Dermatology and Dermatologic Surgery's station in the East Wing Rotunda, where they are offering free skin cancer screenings and instruction on skin self-examinations.

Mr. Speaker, I would like to thank my colleagues for their support of HR 265, which designates May 2019 as "Melanoma and Skin Cancer Detection and Prevention Month" in Pennsylvania, and for their help in raising awareness of this important issue.

Thank you, Mr. Speaker.

The SPEAKER. We are going to take announcements. We are not going to be recessing; we are only going to be at ease.

And I always invite those who are speaking on the resolutions, it is best if you come up to the podium so that everybody can see you, either to my left or to my right.

STATEMENT BY MR. MURT

The SPEAKER. And at this time I am going to ask everybody to please give attention to Representative Tom Murt on HR 291.

Mr. MURT. Thank you, Mr. Speaker.

Mr. Speaker, our Commonwealth is known as the Keystone State in part because of its key role in the birth of the United States. Everyone is well aware of the historical role Philadelphia played in the conception of American independence, and as the birthplace of the Declaration of Independence and the U.S. Constitution. What is often unappreciated, Mr. Speaker, is the pivotal role played by those who lived in the countryside surrounding the city.

On the evening of April 30, 1778, the British, in control of Philadelphia at the time, marched out of the city with 850 men on foot and on horseback. Their destination was the Billet, what is known today as Hatboro, Pennsylvania. Their mission was to stop the American Militia from disrupting the British supply lines into Philadelphia. Their other objective was to capture the leader of the militia, Gen. John Lacey, and decimate the 300 militiamen encamped with Lacey at the Billet.

Mr. Speaker, the British marched through the Fox Chase area of Philadelphia – now part of Representative Kevin Boyle's district – down Huntingdon Pike where they split up. The Queen's Rangers, a loyalist regiment, marched down Second Street Pike and the 500 British regulars went left towards Old York Road. The plan was to have the British regulars wait in ambush along the Horsham Meeting Road near the Old Mill Inn in Hatboro. The Queen's Rangers were to drive the militia into the waiting British troops.

The militia was expected to retreat along Horsham Meeting Road, which leads to Valley Forge, and would have exposed the entire Continental Army. Mr. Speaker, General Lacey, the youngest appointed general under Washington's command, was a native of Bucks County and knew the area better than any of the British soldiers. During the battle that commenced on May 1, 1778, 26 militiamen were killed, 9 wounded, and 58 captured.

But most importantly, General Lacey saved hundreds of lives by moving his united militia north into Bucks County – away from General Washington's men.

While the British reported no casualties, they never achieved their objectives, nor completed their mission. The militia continued disrupting supplies and General Lacey was never captured. While the British would claim this as a military victory, it was clearly a British failure, thanks to the quick thinking and leadership of Gen. John Lacey. He is truly one of the unappreciated heroes of the American Revolution, and the Battle of the Crooked Billet is one of the turning points.

I thank my colleagues for recognizing the Battle of the Crooked Billet Day with this resolution.

REMARKS SUBMITTED FOR THE RECORD

Mr. MURT. In addition, Mr. Speaker, I would like to submit remarks for Shaken Baby Syndrome and Cushing's Syndrome Awareness Day.

Thank you, Mr. Speaker.

The SPEAKER. Thank you, sir.

Mr. MURT submitted the following remarks for the Legislative Journal:

It is estimated that in the United States every year as many as 4,000 infants and young children suffer from shaken baby syndrome. One-fourth of these children will die, while 80 percent of survivors will suffer from permanent injury.

Make no mistake, shaken baby syndrome is a form of child abuse. When a baby is shaken hard by the shoulders, arms, or legs, it can cause blindness, hearing loss, and speech issues. It can also lead to seizures, cerebral palsy, and serious brain disorders. Today, by declaring it "Shaken Baby Syndrome Week" in Pennsylvania, we can educate parents, extended family members, and babysitters on how delicate young children are.

A baby's head and neck are especially vulnerable to injury because the head is so large and the neck muscles are still weak. In addition, the baby's brain and blood vessels are very fragile and easily damaged by whiplash motions such as shaking, jerking, and jolting.

Some experts believe that the shaking is primarily the result of an angry adult who loses self-control and that the perpetrator is aware of the potential harm to the child. Others believe a lack of knowledge about the dangers of shaking is a contributing factor and most people do not intend to harm or kill children by shaking them.

That is why physicians, social workers, educators, attorneys, families, and others should collaborate to educate the public about preventing shaken baby syndrome. By recognizing shaken baby syndrome, we are drawing attention to the hundreds of children hurt or killed by parents and guardians.

This is an injury that can be avoided. I thank my colleagues for their support.

* * *

Today as many as 15 million people are suffering from the endocrine disorder known as Cushing's Syndrome, and complicating the problem, many suffer without knowing treatment is available and critical to preventing further complications.

Cushing's Syndrome is an endocrine disorder that most commonly affects people between the ages of 20 and 50. It occurs when the body's tissues are exposed to excessive levels of cortisol for long periods of time. The symptoms of the illness arise when they take hormones to fight asthma, rheumatoid arthritis, lupus, and other inflammatory diseases.

The most common signs and symptoms involve progressive obesity and skin changes. Those afflicted will notice weight gain and fatty tissue deposits, particularly around the midsection and upper back. Their face will grow thicker, and they will notice purple stretch marks on the skin of the abdomen, thighs, and arms. They will be slow to heal from cuts and infection. If those affected do not receive prompt treatment, they can experience bone loss and unusual fractures, high blood pressure, diabetes, frequent or unusual infections, and loss of muscle mass and strength.

By declaring it "Cushing's Syndrome Awareness Day" in Pennsylvania, we are drawing attention to those suffering in silence. They must know that treatment is available to reduce serious injury. The best weapon against this illness is education. We must make the public aware of the disease's symptoms to increase the chances of a successful treatment.

I thank my colleagues for their support on this measure.

STATEMENT BY MS. O'MARA

The SPEAKER. Representative O'Mara, on HR 278.

Ms. O'MARA. Thank you, Mr. Speaker.

I am introducing HR 278 to designate May 4, 2019, as "Forgotten Cemetery Day." This day would encourage people to be aware of the hundreds of forgotten cemeteries that are across the Commonwealth.

Forgotten cemeteries came to my attention thanks to the American Legion Post 805 in Broomall. A member of the legion told me about Hayti Cemetery, an abandoned cemetery in my district that is home to African-American Civil War veterans. And the cemetery is in complete disarray. After doing research, I found that Hayti Cemetery is only one of hundreds of forgotten cemeteries in the Commonwealth.

The derelict conditions of these cemeteries do not reflect how any of us would want our loved ones' final resting place to be treated. These cemeteries, many of which fell into disrepair when the churches that cared for them closed, include historically significant gravestones that date back hundreds of years, and many boroughs and townships lack the necessary funding to properly care for these sites – if they even know they exist.

We must put forth an effort to preserve these tangible links to our past. With that in mind, I respectfully ask for you to join me in designating May 4, 2019, as "Forgotten Cemetery Day" in Pennsylvania to offer a necessary reminder that these sites exist and deserve our attention and our care.

Thank you, Mr. Speaker.

BILLS ON SECOND CONSIDERATION

The House proceeded to second consideration of **HB 1058, PN 1609**, entitled:

An Act requiring that information on the option of perinatal support care programs be given to a woman after diagnosis of a life limiting condition; and imposing penalties.

On the question,

Will the House agree to the amendment?

The SPEAKER. On the amendment, the Chair recognizes Representative Kathy Rapp.

Ms. RAPP. Thank you, Mr. Speaker.

On the question recurring,

Will the House agree to the amendment?

(Members proceeded to vote.)

The SPEAKER. Representative Frankel.
Mr. FRANKEL. Thank you, Mr. Speaker.

Palliative care is delicate and sensitive patient-centered care. The job of these providers is to understand patients' values and help them clarify their hopes and support them in reaching their goals. They ask questions like do you want your baby to receive oxygen when he cannot breathe? Do you want your baby baptized, if possible, before death, and in what faith tradition? Do you want to know if we stop hearing the fetal heartbeat during the birth process? Do you want to keep a lock of hair and get foot and hand prints of your baby before he or she dies? Do you want your baby to get standard newborn vaccines against adult diseases? Would you like to be able to hold your baby in your arms while she is dying?

This care is the ultimate and sensitive patient-centered care. My amendment was crafted with that concept, patient-centeredness, in mind. I worked with those providers who evangelize this service. They want to expand information about the incredible work they do, but through collaboration, not through force.

My amendment removes completely the penalties for doctors and expands palliative care access by requiring that we commit as a State to providing information about this wonderful program to all of those providers who work with patients at this most delicate time. After all, there is no evidence that doctors who know about palliative care would not offer it to patients. We have heard that this service is not offered enough, but not from a lack of will. We have heard doctors do not know about it. We have heard services are not available in some areas of the State. What we have not heard is that providers know about this service but refuse to talk about something so beneficial to patients.

I share the majority chair's intent to expand information about palliative care. Almost a decade ago I introduced legislation to do exactly this through medical education. Therefore, the intent of my legislation is the same, it is just the mechanism is different. My amendment would ensure that doctors and patients learn about palliative care, but my amendment focuses on education, not on punishing. Maybe there are some situations where punishing people gets them to perform the way we want, but if we are asking providers to have a delicate conversation with patients who are in perhaps the most tragic situation of their lives, another tack is needed. We do not want to punish physicians into talking about palliative care. These conversations should be open and thoughtful and sensitive, and they should not be begrudging or resentful or a checklist on a box – yet another mandate in the exam room.

We have heard endlessly that mandates on physicians impact doctors' decisions to practice in Pennsylvania. Talking to patients about their dying child should never be one in a long list of mandates. We want all providers to know what we have learned, that this is a wonderful, high-quality care that can support them and their patients through pain and grief. So this amendment changes the way information is disseminated. It removes the physician penalty entirely.

It also makes what I consider a technical amendment by removing definitions in language related to abortion that do not relate to anything at all in this bill. These unnecessary definitions are actually different from those in existing law, and that is extremely problematic. The gentlelady from Warren has stated that this legislation has nothing do with abortion care. This amendment simply makes sense to remove unnecessary and inconsistent language.

But most importantly, this amendment provides education and information about palliative care by working with providers, not against them. We cannot punish our way into quality care. I ask for your support for my amendment. Thank you.

The SPEAKER. Representative Rapp.

Ms. RAPP. Thank you, Mr. Speaker.

Mr. Speaker, I rise, respectfully, I am asking for a vote against the amendment. With all due respect to my colleague, the amendment that we just passed unanimously, Mr. Speaker, dealt with the penalties of the physicians. So that is what the amendment that we just passed was all about. And we drafted that amendment and just passed it because of the concerns that were raised in the committee. We already dealt with that after much discussion with the other side of the aisle, and we agreed to take away those severe penalties for the physicians in the amendment that we just passed unanimously.

Again, the maker of the amendment wants to gut and replace the intent of the bill, which is narrowly focused, Mr. Speaker, on our vulnerable women expecting to have a child, to be able to love that child, and only to find out that child is going to be terminal, and to allow that woman to have compassionate and supportive care. This bill is narrowly focused, Mr. Speaker, on the unborn and birth to approximately 3 months. The sponsor's amendment greatly expands the bill, and while I appreciate what he is trying to do, this bill, my intent with this bill was to have a very narrow focus on women who need that supportive care when they are looking at having to deal with a child's birth and a possible miscarriage in pregnancy for that supportive, compassionate care. It is very narrowly focused to that group of women.

This bill has absolutely nothing to do with abortion or birth control. The underlying bill is not looking at penalizing physicians. It is not looking at taking away any form of birth control. It is simply compassion and care for medically challenged pregnancies.

And I truly would appreciate if you could stand with me and support the underlying bill, and I ask for a "no" vote on this amendment.

Thank you, Mr. Speaker.

The SPEAKER. This is Representative Frankel's amendment and it is Representative Rapp's bill, so I would leave them to be the last two, but does anybody else want to speak before I call on Representative Frankel?

Representative Daley, you are welcome to speak; that way I can save Representative Frankel until last. Representative Daley, you are welcome to speak.

Ms. DALEY. Thank you, Mr. Speaker.

Mr. Speaker, words matter. Chairman Frankel's amendment, A0955, clarifies the language and legislative intent for HB 1058. The language of HB 1058 states that it "...shall be known and...cited as the COMPASSION AND CARE FOR MEDICALLY CHALLENGING PREGNANCIES Act."

During the Health Committee meeting this past Monday, and just now, the prime sponsor clearly stated that HB 1058 is not about abortion, and yet the language includes a new definition of "abortion," different than that of the Abortion Control Act.

The Frankel amendment, A0955, removes all references to abortion that are currently in the bill. As policymakers, we must be aware that every word in a bill will be scrutinized, and inclusion of the word "abortion" creates confusion and lack of clarity about what the prime sponsor tells us this bill is all about. If this bill is truly about compassion and care for medically challenging pregnancies, then the language should be clear and should not include confusing, misleading, divisive words. Let us clean up the language and focus on the comprehensive support to the pregnant woman and her family from the time of diagnosis through the time of birth, the death of the infant and through the postpartum period.

Mr. Speaker, words matter. Chairman Frankel worked with doctors who specialize in palliative care to construct the language of amendment A0955. This amendment adds a definition of "palliative care" that addresses the type of care services that doctors actually provide and would want to provide. These doctors attend to the physical, functional, psychological, practical, and spiritual consequences of a serious illness. They provide care that is person-centered and family-centered. These doctors attend to the physical, functional, psychological, practical, and spiritual consequences of a serious illness, providing care that is person-centered and family-centered and provide people living with serious illness and the stress of heart-wrenching situations, like a diagnosis of fatal fetal anomaly, with relief and compassion. Legislative intent will be judged on the words we use, so it matters what words are in the bill.

Mr. Speaker, words matter. As it stands, and has just been amended, HB 1058 still includes a violation section because it still includes administrative penalties. Physicians who violate would have to defend themselves by a preponderance of evidence that furnishing information would have a severely adverse effect on the physical or mental health of the patient. Chairman Frankel's amendment, A0955, removes the violation section with

good reason. Why include penalties for physicians who are compassionate, caring professionals doing their job as they have been trained and as they practice medicine? Why should the State interfere in the relationship between physician and patient?

Mr. Speaker, words matter. In the Health Committee discussion of the bill, the prime sponsor referenced a Nebraska bill on providing perinatal hospice for pregnancies with a fatal fetal anomaly. That bill from Nebraska does not include the term "abortion," does not—

The SPEAKER. Members, please, please, please take your seats. We have three speakers – well, two speakers remaining on the amendment, perhaps a third, but members need to take their seats. So right now what we have is, Representative Daley is going to finish her remarks, so I need people to take their seats. Representative Frankel wishes to speak a second time, and then the majority leader is going to speak. I do not see anybody else raising their hands to speak. If you wish to speak, please raise your hand now.

And all members, I am going to ask you to take your seats. Sergeants at Arms, ask people to take their seats. If you need to sit down in a seat nearby, please do so. Please close the doors of the House until we get everybody seated. And as I said, it will be Representative Daley will finish her remarks, Representative Frankel, and then the majority leader. If you have to have a discussion, please just go off the House floor, which is perfectly fine.

Representative Daley, please conclude; I mean, take your time, but finish your remarks. Thank you.

Ms. DALEY. Thank you, Mr. Speaker.

In the Health Committee discussion of HB 1058, the prime sponsor referenced a Nebraska bill that provided for perinatal hospice for pregnancies with a fatal fetal anomaly. The Nebraska bill does not include the term "abortion," does not include physician sanctions, fines, or fees, or the need to defend their care of their patient. It simply provides for health-care practitioners the option to provide information to the pregnant woman about hospice resources that are available. It also requires the Department of Health and Human Services to create and geographically organize a list of perinatal hospice programs available in the State.

This bill is different, so I am asking that you please vote "yes" for the Frankel amendment, A0955. This amendment fulfills what the primary sponsor tells us is the admirable purpose of the bill, amendment A0955 removes ambiguity, respects the relationship between a doctor and a patient, and shines a light on palliative care.

Today we have an opportunity to act in a truly bipartisan manner that would provide a pregnant woman and her family with compassion and empathy in a truly difficult time. Words matter, and it is up to us, the lawmakers, to ensure that we use words as the true indicators of our legislative intent.

Thank you, Mr. Speaker. Words matter.

The SPEAKER. Representative Dan Frankel, for the second time on the amendment.

Mr. FRANKEL. Thank you, Mr. Speaker.

The majority chair indicated that the prior amendment, which we supported in a bipartisan basis, solved the issue of penalizing providers. It does not solve that issue. It improved it. So it took away license revocation, for instance, but there are still administrative penalties or fines that can be levied against providers – or must be; excuse me – must be levied against providers under this bill. My amendment takes that out. We do

not think that that is appropriate. And I would say to you that the Palliative Care Coalition, which is a coalition of providers and bereaved parents and families, supports this amendment. And I think it is still consistent with what the prime sponsor is trying to do, and it removes all the penalties. I think we do not want to be in a position of penalizing providers here at any level. And it also removes language that really – if truly this is not about abortion, and I take the prime sponsor's word for it – we should not include language that is inconsistent with the existing definition under established law. I think that could potentially be a slippery slope.

So with respect to trying to get something done here that I think is really going to be helpful for Pennsylvania families, particularly those families facing some of the most difficult issues with problematic pregnancies and fetuses that may be born with serious illness and very short lifespans, this amendment really fulfills, I think, the vision behind what this bill is trying to do. So I would ask all of my colleagues here to support this amendment, which is consistent with what those families and those providers are looking for as expressed in their association's support for this amendment. Thank you.

The SPEAKER. Does anybody else wish to speak before the majority leader speaks?

The majority leader, Bryan Cutler, on the amendment.

Mr. CUTLER. Thank you, Mr. Speaker.

Mr. Speaker, I understand the gentleman's intent regarding the amendment, but I think it is also important to understand the reason for the bill. I think we all agree that you should have quality access to hospice care. That is a natural starting point and one that I think we would all agree on.

One of the goals of the underlying bill, as drafted, was an attempt to also very specifically limit the impact and the future cost. While the goals stated by the gentleman offered in the amendment are very noble, and I can agree with many of them, I am not sure that we should include that in its entirety in this form. And to that end, I would encourage a further discussion on its own merits specific to pediatric access as well. And the gentleman asked, regarding the definition of "abortion," and I would like to provide some additional reasons as to why this has been included.

To use the definition that is currently in the Abortion Control Act would include IUDs (intrauterine devices) and forms of birth control, which would simply be further expansive than what is here. And if you read the definition in the bill, this is not about changing the definition of "abortion." It is talking about the intended medical result. Because "The use of any means to terminate the clinically diagnosable pregnancy of a woman with knowledge that the termination...will, with reasonable likelihood, cause the death of the unborn child...."

Mr. Speaker, the difference between what is included in this bill versus what is included in the underlying Abortion Control Act is the intent at the time at which you are seeking the service. The gentlelady, and I believe she is correct, is attempting to carve out those areas where we have pioneered technology on intrauterine surgery. We have all seen or can see on the Internet those areas and those videos of babies that have been operated on in the womb, and, Mr. Speaker, when that occurs, the intent is to save the unborn child. The intent is to correct a medical abnormality or other possible complication with pregnancy, and therefore, the intent is not to go through with an abortion. And by defining it such as this in the bill, what we were able to do is clearly delineate the intended outcome. We allow for intrauterine

surgery. We do not mean to impact the definition of other abortions as included by the Abortion Control Act, and therefore, there must be a distinction made. In fact, if you turn to the next page of the bill, we do contain the three exceptions that have always been included and are consistent with existing law. Subsection "(1) save the life or preserve the health of an unborn child even if the unborn child does not survive." That also captures the intrauterine surgery. "(2) remove a dead unborn child caused by spontaneous abortion; or (3) remove an ectopic pregnancy." These are written in this way because of the way that they are medically coded.

Mr. Speaker, that is important because it is important that our laws reflect what happens clinically, and that is why this definition must be included. Furthermore, I appreciate the gentleman's desire to expand the services, but since the bill came out as is, I would encourage it to go forward in that manner, and I would be happy to continue the conversation to further expand services in a separate discussion.

Thank you, Mr. Speaker.

Amend Bill, page 4, by inserting between lines 14 and 15 (9) The legislative representative for collective bargaining appointed under 71 Pa.C.S. § 2205 (relating to legislative representation for collective bargaining).

Amend Bill, page 4, line 25, by striking out "523" and inserting 523(a)

On the question, Will the House agree to the amendment?

The SPEAKER. Representative Fritz, on the amendment, sir. Mr. FRITZ. Thank you, Mr. Speaker.

Amendment A00808, the first portion is a rather small, but important, technical change, and the second one really just adds an (a) to 523 for correct referencing. We appreciate your support. Thank you.

The SPEAKER. Thank you, sir. Representative Boyle, on the amendment.

Mr. BOYLE. Thank you, Mr. Speaker.

I just wanted to let members know that this is an agreed-to amendment, and it actually really improves the bill. It deals with the main concern that the Wolf administration has about this bill; namely, as currently written, we believe that it would prohibit students from participating in radio programs and also TV programs. But with the amendment, it fixes that problem, so I urge support for the amendment. Thank you.

The SPEAKER. Thank you, sir.

Amend Bill, page 5, by inserting between lines 15 and 16 (l) Board composition.—The board composition provided for under subsection (a) shall apply only as long as the authority receives money under 4 Pa.C.S. § 1407 (relating to Pennsylvania Gaming Economic Development and Tourism Fund). (d) Auditor General audit of airport authority.—The Auditor General, through agents as the Auditor General may select, shall perform an audit of an airport authority operating in a county of the second class. The audit shall be a thorough review of all financial information and examine the effectiveness, economy and efficiency of the authority, including, but not limited to, a review of billing systems, contract processes and transparency, management practices, conflicts of interest and compliance with relevant Federal and State statutes by the authority, its board members and its contractors. For the purpose of this subsection, the Auditor General may employ consultants, experts, accountants or investigators as the Auditor General deems advisable and conduct the audit independently of any other audits. The audit shall be concluded by December 31, 2020, and may include recommendations on how to improve procedures and activities to enhance economy, efficiency and effectiveness in any areas covered by the audit.

Amend Bill, page 5, line 16, by striking out "2" and inserting 3

On the question,
Will the House agree to the amendment?

The SPEAKER. On the amendment, the majority leader, on the amendment 00939, and then Representative Ryan, we will call on you first.

The majority leader is recognized on the amendment.

Mr. CUTLER. Thank you, Mr. Speaker.

Mr. Speaker, it is my understanding this is an agreed-to amendment, and I will defer to the gentleman for the description.

The SPEAKER. Representative Frank Ryan, on the amendment.

Mr. RYAN. Mr. Speaker, thank you very much.

This amendment is designed to put all of the municipal authorities under the same type of auditor controls that we are trying to do throughout the Commonwealth of Pennsylvania. It is consistent with some of the things that we are doing with the Auditor General reform to give it greater capability and oversight throughout the Commonwealth.

The SPEAKER. Representative Mike Carroll. Oh, I am sorry. Representative Carroll, I thought you were speaking.

Representative Frank Dermody, the minority leader.

Mr. DERMODY. Thank you, Mr. Speaker.

Mr. Speaker, I believe the members mentioned that it was agreed to. It may have been agreed to amongst yourselves – that is, the Republicans – the Democrats have not agreed to this. We ask for a "no" vote.

The SPEAKER. Thank you, Leader.

On the question recurring,
Will the House agree to the amendment?

On the question,

Will the House agree to the amendment?

The SPEAKER. On the amendment, the Chair recognizes Representative Brett Miller, on amendment 00928.

Mr. B. MILLER. Thank you, Mr. Speaker.

Mr. Speaker, in the original draft of this bill, there was a potential that each of the appointees could come from the same party, so what the amendment does is allows for an appointee from the majority and minority of both parties to be represented as members of the board. So I would ask the members for an affirmative vote.

Thank you, Mr. Speaker.

The SPEAKER. The majority leader, on Representative Miller's amendment, which is 00928.

Mr. CUTLER. Thank you, Mr. Speaker.

Mr. Speaker, it is my understanding that this amendment is agreed to by the prime sponsor.

The majority having voted in the affirmative, the question was determined in the affirmative and the amendment was agreed to.

On the question recurring,

The SPEAKER. I just need to clarify certain amendments that have been withdrawn. As I ask the member if it has been withdrawn or not withdrawn, please just tell me. My understanding is it has been withdrawn; if I am incorrect, just tell me that, and of course the amendment will stay on.

My understanding is amendment 00906 by Representative Austin Davis has been withdrawn; 00906. Yes, that is withdrawn.

The next one is 00902 by Representative Miller, Dan Miller. Is that withdrawn, sir? If not, it is fine. Is that withdrawn? That is gone. Okay. Amendment 00930 is filed by Representative Dan Miller. Sir, is that withdrawn? No, we are not going to do it yet, I am going to go through and find out which are withdrawn or not. So 00930 is still to be called up. Representative Miller, 00932 is one of your amendments. Is that withdrawn? That is withdrawn. Okay, so 00932 is withdrawn.

Representative Davis, 00895, is that withdrawn? Okay. Fine. Amendment 00896, is that withdrawn? Okay. Representative Davis, 00897? That is withdrawn. Amendment 00898 is that withdrawn? Amendment 00899? Okay.

Amendment 00900 is offered by Representative Dan Miller. Is that withdrawn, amendment 00900? Withdrawn. Representative Dan Miller offers 00901. Is that withdrawn? No, that is not. Okay. Amendment 00903, is that withdrawn? Okay. Not withdrawn.

Representative Austin Davis, 00909, is that withdrawn? Not withdrawn. Amendment 00910, Representative Davis? Not withdrawn. Representative Davis, 00911? That is withdrawn. Amendment 00912? That is withdrawn. Amendment 00912 is withdrawn. Amendment 00913, Representative Davis, withdrawn? That is withdrawn. Okay.

Amendment 00914, withdrawn? That is withdrawn. I am sorry. That is Representative Dan Miller. I apologize. Representative Miller, 00915 withdrawn? No, check. That is on. Okay. That is still on. Amendment 00916? Still on. Amendment 00917? Withdrawn. Amendment 00918? That is on. Amendment 00919? Withdrawn. Amendment 00920? Withdrawn. Amendment 00921? Withdrawn. Amendment 00922? Withdrawn. Amendment 00923? Withdrawn. Amendment 00924? Withdrawn. Amendment 00925? Withdrawn. Amendment 00926? Withdrawn.

Representative Brett Miller, Brett Miller has 00927. That is withdrawn? Withdrawn.

Representative Hanbidge, you have a second amendment, 00945. Is that withdrawn? Withdrawn.

And then Representative Dan Moul has 00949. It is out of order, I understand. Then there are two late-filed amendments; that is separate. Okay. So we have an accurate record of what amendments are withdrawn and what amendments are on.

BILL PASSED OVER TEMPORARILY

The SPEAKER. We are going to go over HB 1086 briefly.

STATEMENT BY MR. EMRICK

The SPEAKER. At this time I call Representative Joe Emrick to the front podium. He has some special guests to introduce. My apologies; I should have called earlier.

Representative Joe Emrick, the floor is yours.

Mr. EMRICK. Thank you, Mr. Speaker.

Fellow members, please join me in welcoming to the hall of the House an outstanding young woman and no doubt one of our future leaders. Alysse Danyi is a senior at Nazareth Area High School who will be attending Franklin and Marshall College in Lancaster next year.

To say that Alysse is involved in her community would be quite an understatement. She is a distance runner for the Blue Eagles track and cross-country teams, and is a two-time East Penn Conference first team all-star. But her athletic accomplishments are a small part of what she does for those around her. As a youngster, Alysse became involved with the Cops 'n' Kids Children's Literacy Program, a national initiative founded by a Wisconsin police officer. It provides a place for children and families to read together, share stories, and select a free book to take home. Police officers, high school and college students, community volunteers, and various community organizations are part of the program. In 2003 a similar program was created in the Lehigh Valley.

A few years later, while about to celebrate her 10th birthday, Alysse asked party guests to bring books as gifts. In fourth grade, it took Alysse just 3 months to accumulate more than 1,000 books, which she then donated to the Cops 'n' Kids Program. To date Alysse has donated more than 28,000 books,

which are kept in the Cops 'n' Kids Reading Room at Northampton Community College.

In addition to being a Visions of Eagles scholarship recipient, Alysse was recently named one of the top youth volunteers in Pennsylvania for 2019 at the 24th annual Prudential Spirit of Community Awards. As a distinguished finalist in this year's program, Alysse was awarded an engraved bronze medallion. Alysse Danyi is a shining example of hope for our future.

With her today are her very proud parents – and very good friends of my wife and I – Michelle and Garen Danyi. Would you guys please stand up; to the left of the Speaker.

Thank you very much for that greeting, and thank you, Mr. Speaker, for this opportunity.

The SPEAKER. Thank you, sir.
