In Your blessed name, we ask these prayers. Amen.

We are going to hold off taking the master roll until some more members are on the House floor.

At this time we are going to introduce some guests.

Representative Mark Keller is going to come up to present a citation to a championship team. Could we please bring the West Perry Girls Softball Team to the well of the House. The whole team should come up. Coaches, please feel free. Administrators, feel free to come up. Thank you.

WEST PERRY HIGH SCHOOL SOFTBALL TEAM PRESENTED

The SPEAKER. Representative Mark Keller, you may proceed.

Mr. KELLER. Thank you, Mr. Speaker.

Mr. Speaker, today it is an honor for me to welcome the State Champion West Perry Girls Softball Team to the House chamber.

Last week, after a 7-hour-plus weather delay – they were to play at 1 o'clock and they never played until 8 o'clock that day – these fine student athletes and their coaches took home the gold in the PIAA Class 4A Championship tournament. The Mustangs defeated Elizabeth Forward 3-2 in a walk-off win for the first State softball title in school history.

Joining us here on the rostrum are the team's seven senior members and recent graduates. Raise your hand as I call your name: Morgan Ceprish, Gretchen Frederick, Tiara Johnson, Danielle Krasevic, Cheyenne Shughart, Kayla Weaver, and Katelyn Zeigler. And we also have with us the rest of the team down in the well of the House, and also their parents; some of their parents are up in the gallery. If you would please stand up there.

The Mustangs finished their championship season with a record of 24 and 5, scoring 262 runs and hitting 31 home runs, which again is a Perry County record. They were champs in the Mid-Penn Capital Division and then finished third in the District 3 playoffs before taking it all in the title game at State College.

Girls, your commitment to excellence is admirable. Your dedication of time, energy, and skill in the sport obviously paid off in a big way, and I know for a fact that over the years you worked very hard to make that happen.

However, as we all know, championship seasons are never solo accomplishments. It takes a unified effort to lead a team to the championships and bring home the victory. I also want to commend West Perry head coach John Zeigler, who is up here with us, and his assistant coaches for all their hard work and for serving as tremendous role models for these student athletes. We are "Perry County Proud" of each and every member of the West Perry High School Girls Softball Team and its coaching staff.

I want to again say congratulations on your State title, and thank you, Mr. Speaker, for allowing us to do this.

The SPEAKER. Thank you, Chairman Keller, and to the West Perry Girls Softball Team, congratulations. Thank you for being with us.

Representative Mike Tobash has a championship team now with us, and then we have Representative Warner and Representative Cook. So right now I believe we have Representative Tobash's championship team, and we will bring the seniors and the captains up here and then the rest of the team right to the well of the House, please.

Members, please take your seats. This team has traveled from Schuylkill County to be with us. We are so excited to have this championship team.

WILLIAMS VALLEY HIGH SCHOOL SOFTBALL TEAM PRESENTED

The SPEAKER. I turn the rostrum over to Representative Mike Tobash.

Mr. TOBASH. Thank you, Mr. Speaker.

I am so fortunate, I got to stand here yesterday and introduce a team of girls to my colleagues from the Pine Grove area. In fact, Pine Grove is really the next-door school district to Williams Valley, and they were the AAA champions this year at the State level for softball. And today it is the single A champions, the Williams Valley Lady Vikings, and I have to tell you, this has become a little bit of a habit with this team. I tell you, Mr. Speaker, I do not collect a lot of things, but I am a collector of Williams Valley championship title softballs because they have given me three in the last 7 years – really an incredible team.

The SPEAKER. Three in 7 years; that is outstanding.

Mr. TOBASH. I would like to introduce the team members that are behind me: Grace Hoffman, Jamie Neiman, Kenna Ferron, and Stevie Unger, along with their coach, Ryan Underkoffler.

As I mentioned yesterday on the House floor, I want them to hear, really, the same thing: sometimes there is a little bit of a difference between being good and being lucky. I can tell you, I am lucky, because these girls in this neck of the woods are so good. They are an example of outstanding young female athleticism. They represent their region and their school district extremely well. I am proud to represent them and I am thrilled that they were able to join us here today.

I just want to say one more thing. Yesterday a group of seniors visited me in the Capitol and I asked them to raise their hands, the number of people from Schuylkill County that had not been here before. And these were senior citizens, and quite a number of them did. With these girls, they get to the Capitol often because they get recognized as State champs.

So thank you very much, Mr. Speaker.

The SPEAKER. Thank you to the Williams Valley High School Girls Softball Team for being with us today and for your championship.

Representative Warner and Representative Cook, if you want to bring up the captains and seniors, that will be great, and then I will get the rest of the young ladies in the well of the House.

And here we have – wait until you hear this story for these champs – Frazier High School Girls Softball Team. They traveled all the way from Fayette County – almost a 4-hour drive here and then a 4-hour drive back – and Representative Ryan Warner and Representative Bud Cook are here to introduce you to them.

FRAZIER HIGH SCHOOL SOFTBALL TEAM PRESENTED

The SPEAKER. Representative, you may begin.

Mr. WARNER. Thank you, Mr. Speaker.

Mr. Speaker, I think that it is safe to say that as Representatives, we all take pride in the areas and the school districts that we represent, but I have to be honest with you and say that today I am extra proud to be up here to recognize this State championship team.

This team represents my alma mater. They represent the school that my children attend, they represent the small town where I live, and these young ladies and their families are my neighbors, they are my friends, and they are also members of my family. So, Mr. Speaker, it is a little extra special for me to be up here to welcome the Class AA State Champion Frazier Commodores Softball Team to the Capitol.

Mr. Speaker, the Lady Commodores had a fantastic season and brought home Fayette County's first team championship in more than a decade. But I believe what is more important, Mr. Speaker, is that not only is this the first State softball championship in school history, but it is the first team championship in Frazier High School history. Girls, congratulations.

Mr. Speaker, they did so in dramatic fashion too. Frazier was up one run heading into the bottom of the last inning. After an intentional walk to one of Brandywine Heights top hitters, the bases were loaded with just one out. In a made-for-TV moment – that nearly gave me a heart attack – the next batter up hit a fly ball to shallow right field. It was caught and the runner on third tagged for home to tie the game, but right fielder Mackenzie Kelly threw a frozen rope perfect strike to catcher Juliann Johnson for the final out of the game to win the State championship.

These young ladies demonstrated such poise and discipline under extreme pressure. They should be proud of themselves, just as I am proud of them, and I know their parents and our community are proud of them as well.

Team members with us here today are Kathryn Barch, Emi Curcio, Logan Hartman, Juliann Johnson, Mackenzie Kelly, Abigail Scott, Haley Somers, and Victoria Washinski, and coaches Don and Mandy Hartman. And we also have some parents as guests up in the gallery, if you want to stand up for a second too.

To Coach Hartman, who used to coach against me when I played for Frazier, I am proud of you. You have done an outstanding job with these young women. They are a talented group of athletes, and with your guidance and support, they worked together as a team to bring home this championship – not just for themselves, but for you and the entire Frazier community.

Colleagues, if you would, please join me in congratulating these young ladies as I present to you our 2019 Class AA Pennsylvania State Champion Frazier Commodores. Go Dores.

The SPEAKER. Representative Warner, I know you pointed the young ladies out, but the right fielder who caught that, raise your hand. She caught it, bases loaded, out to – and the catcher. Where is the catcher? She made the tag at home to get that double play and win the championship. Congratulations to the whole team; congratulations.

GUESTS INTRODUCED

The SPEAKER. In front of us right here are Representative Jenn O'Mara's husband, Brad Bitting, and her father-in-law, Joe Bitting. Joe, as you may know, is a retired Teamster, but Brad is a former sergeant in the United States Army, serving in the 101st Airborne Division. He earned two Purple Hearts and an Army Commendation Medal with "V" for valor during two tours of duty in Afghanistan. Sir, thank you for your service and thanks for being with us today. Thank you.

Thank you, sirs. Representative O'Mara, do want to say a few words?

Ms. O'MARA. I just want to thank you, Mr. Speaker, and thank you to all of my colleagues for recognizing the important work that our veterans do every single day. Thank you very much.

The SPEAKER. Thank you, Representative O'Mara. Thank you.

Where is Ken Aquiline? Ken is interning in Representative Innamorato's office. He is a junior at Duquesne University and a United States Marine Corps veteran, who served in two campaigns in Operation Iraqi Freedom. Thank you so much, Ken, for being with us today, and thank you for your service, too, my good friend. Thank you.

In the rear of the House, Representative Warren has brought a special guest, Paresh Birla. Paresh is president of the Council of Indian Organizations in Greater Philadelphia, and he is standing right there with Representative Perry Warren. Thank you so much for being with us, sir. Thank you.

Members, I have another special family guest. We have with us Tommy Schemel, the fifth of six children of Representative Paul Schemel. Let us give him a warm welcome today. He is interning today. Now, I know he has many outstanding siblings, but one of them is at the University of Notre Dame; I just had to put that plug in. Thank you, Representative Schemel, and, Tommy, thank you so much for being here.

In the rear of the House, we have students from the Neighborhood Academy in Pittsburgh. Representative Gainey, on unanimous consent. If you will come down and tell us about the Neighborhood Academy, and if all those students could please stand from the Neighborhood Academy. We are so honored to have you here today. Thank you for being here today.

STATEMENT BY MR. GAINEY

The SPEAKER. Representative Gainey, on unanimous consent, sir.

Mr. GAINEY. Thank you, Mr. Speaker.

You know how important it is that I believe that we bring our children to the Capitol. I believe when you expose the children to greater than what they see every day, then they can believe and achieve whatever it is they want to become, and these young men back here from the Neighborhood Academy are doing just that.

When I went to their school, they were asking me questions about mass incarceration, abortion, and how the State government works. So what I wanted to do is, I wanted to bring them to the Capitol, and if you get a minute, go back there and encourage them and just let them know why State government is so important. We have talked about gun violence, we have talked about a host of different issues, and I always tell them how diverse the State is. Please go back and say hello to them and just say a couple of encouraging words, because you always hear me say we understand that our children are our future, and if we expose them to a greater quality of life, then that is what they will live up to.

Thank you, Mr. Speaker.

The SPEAKER. Thanks, Representative Gainey. Thank you, sir.

At the break we will have the Neighborhood Academy students in the well of the House and we will get a photo. Thank you so much for being with us.

STATEMENT BY MR. KORTZ

The SPEAKER. Representative Kortz, the floor is yours.

Mr. KORTZ. Thank you, Mr. Speaker.

Mr. Speaker, today is National American Eagle Day, a day set aside each year to honor our national symbol, the bald eagle. It is a day also in which we raise awareness to protect this majestic animal.

Mr. Speaker, the bald eagle is both our national bird and our national animal of the United States of America, and it appears on the great seal of our great country.

Mr. Speaker, the American eagle has made a tremendous comeback in the United States and in Pennsylvania, and we have a set of eagles right here in Hanover, PA. And if you would like to see them live, we have a TV screen in our office here in Harrisburg, where the mother and father eagles are taking care of their two eaglets. It is something special to see.

So thank you, Mr. Speaker, for this opportunity.

On the question,
Will the House agree to the amendment?

The SPEAKER. On the amendment, Representative Solomon. Please clear the well of the House, and Representative Solomon, you may proceed.

Mr. SOLOMON. Thank you so much, Mr. Speaker.

This amendment expands preapprenticeship opportunities to young folks throughout the Commonwealth, allowing them to secure family-sustaining careers right in their local community.

Now, this amendment is based on the pioneering work that is going on in Hanover, Pennsylvania, in York County, that my cosponsor, coprime, the gentelady from York County is going to speak to in a moment.

Mr. Speaker, thank you so much, and I would appreciate an affirmative vote. Thank you.

The SPEAKER. Representative Kate Klunk.

Ms. KLUNK. Thank you, Mr. Speaker.

And thank you to my colleague from Philadelphia for his hard work on this issue with me. This amendment goes to a program that is near and dear to my heart in Hanover, Pennsylvania. Our Hanover Area Chamber of Commerce and our local school districts and local businesses have partnered together to create opportunities for our children to ensure that they have the skills necessary to take on the careers and jobs here in the 21st century. This is a great public-private partnership, and this particular amendment will help ensure that this type of program can spread throughout the Commonwealth and help our young people and keep children here in Pennsylvania, and I ask my colleagues for an affirmative vote. Thank you.

The SPEAKER. Representative Torren Ecker.

Mr. ECKER. Thank you, Mr. Speaker.

I also want to give my support for this amendment. I have a school district that will benefit directly from this program as being part of the Hanover Chamber of Commerce, and you know, I really support this amendment. I think this is modernizing our education system and encouraging folks to go into trades and careers that we desperately need right now.

So I appreciate the makers on this amendment and urge a positive vote. Thank you.

On the question,
Will the House agree to the amendment?

The SPEAKER. On the amendment, Representative Benninghoff.

Mr. BENNINGHOFF. Thank you, Mr. Speaker.

I would ask for members' support. This amendment has been talked about with many of the stakeholders. Essentially, if through the treatment on one of these other drug formularies you have adverse reactions, that they would cover them if they are a result directly of that drug or treatment secondary, basically – pardon me. We are allowing you to skip over the other prescribed

treatments, maybe drug one, two, and three, and go to number four. The amendment addresses if you had a side effect from that specific treatment that it would also be covered. I would ask for your support.

Thank you, Mr. Speaker.

The SPEAKER. Representative Tony DeLuca, on the amendment.

Mr. DeLUCA. Thank you, Mr. Speaker.

Mr. Speaker, I rise in support of the Benninghoff amendment, 427. I think this amendment makes the bill stronger and I want to commend him for coming up with this bill. There are too many people out there suffering who do not have access to some of this medication that probably could prolong their life or maybe have an easier life with this illness. So I would encourage everyone to support this amendment.

Thank you, Mr. Speaker.

The SPEAKER. Thank you, sir.

The majority having voted in the affirmative, the question was determined in the affirmative and the amendment was agreed to.

On the question,

Will the House agree to the bill on second consideration as amended?

Bill as amended was agreed to.

The SPEAKER. The bill as amended will be reprinted.

VOTE CORRECTION

The SPEAKER. Representative Roebuck, you are recognized on unanimous consent.

Mr. ROEBUCK. Thank you, Mr. Speaker.

I want to correct the record on the vote on amendment 2196 to SB 89. My vote was not recorded. That is in fact my amendment, and I am a "yes" vote on that.

The SPEAKER. Yes, thank you.

RESOLUTION

Mr. KELLER called up **HR 248, PN 1853**, entitled:

A Concurrent Resolution urging the Congress of the United States to ratify the United States-Mexico-Canada Agreement on Trade.

On the question,

Will the House adopt the resolution?

MOTION TO POSTPONE

Mr. DERMODY. Mr. Speaker?

The SPEAKER. Yes. The leader.

Mr. DERMODY. I would like to make a motion.

The SPEAKER. Yes, you may make a motion.

Mr. DERMODY. Thank you, Mr. Speaker.

Mr. Speaker, I would like to make a motion to postpone the vote on this HR 248.

On the question,

Will the House agree to the motion?

The SPEAKER. Okay. Representative Keller, on the motion.

Mr. DERMODY. On the motion, Mr. Speaker?

The SPEAKER. Yes.

Mr. DERMODY. On the motion?

The SPEAKER. Yes.

Mr. DERMODY. Thank you, Mr. Speaker.

I want to speak on the motion.

The SPEAKER. Yes.

Mr. DERMODY. All right.

Mr. Speaker, my colleagues across the aisle say we should not raise Pennsylvania's minimum wage, but I suspect if my motion to postpone fails, we will see overwhelming Republican support to urge Congress to ratify President Trump's NAFTA (North American Free Trade Agreement Treaty) lite, and with that support of an international trade agreement, these same House Republicans will be acting to raise the wages of workers abroad. House Republicans say that raising Pennsylvania's minimum wage for the first time in 12 years will cost the Commonwealth jobs.

The SPEAKER. Sir, on— No—

Mr. DERMODY. On the motion.

The SPEAKER. Leader, please suspend.

Mr. DERMODY. And yet they will be putting up votes to support sending manufacturing jobs abroad—

The SPEAKER. Sir, if you want to speak on the resolution—

Mr. DERMODY. I am speaking on the resolution.

The SPEAKER. No, you are speaking on a motion to postpone. This is not the resolution. If you want—

Mr. CUTLER. Point of order, Mr. Speaker?

The SPEAKER. Yes, Leader.

Mr. CUTLER. Mr. Speaker, I believe that the motion and the discussion thereafter should be limited to the reasons to postpone, not necessarily other policy issues that are being discussed.

The SPEAKER. Correct.

Mr. CUTLER. Is that correct?

The SPEAKER. That is correct.

Mr. CUTLER. Thank you, Mr. Speaker.

The SPEAKER. The leader—

Mr. DERMODY. I will get to the reasons why we should postpone.

The SPEAKER. Yes, you can talk on the motion to postpone. If you want to discuss the resolution, then withdraw the motion to postpone and you can discuss the resolution.

Mr. DERMODY. The reason we need to postpone this is because the agreement, this new NAFTA lite, raises the wages, the minimum wage for Canadian and Mexican autoworkers to \$16 an hour.

The SPEAKER. But that is on the resolution. Please suspend.

If you want to discuss the resolution, then we will vote on the resolution, and anybody can speak on the resolution and they can say what their merits are. This is a motion to postpone. You do not want to take a vote on it, so that is the argument. The prime sponsor or the leader can respond to why you do not want to vote on it today as opposed to arguing it, but right now you are making the case for not postponing it because you are discussing it on the merits.

Now, if you want to talk about a motion to postpone, say, "I don't want to vote it today," and we will turn it over to Representative Keller and he will say, "I want to vote it today,"

and we will take a vote. So on the motion to postpone, you can speak to that – period. If you want to discuss the merits, you are going to have to allow a vote.

Mr. DERMODY. I want to make a motion to postpone until we have a chance to vote on the Rabb-Kim minimum-wage bill.

The SPEAKER. Representative Keller, on the motion to postpone.

Mr. KELLER. Thank you, Mr. Speaker.

Mr. Speaker, we went through the committee process. It is time to vote on the bill.

The SPEAKER. Representative Bradford, on the motion to postpone.

Mr. BRADFORD. Thank you, Mr. Speaker.

I, too, believe it is appropriate that we postpone this resolution at this time. The simple reality is, if we are going to talk about living wages abroad, we should begin by starting here in Pennsylvania and begin a dialogue about raising the minimum wage.

The SPEAKER. All those in favor of the motion to postpone will vote "aye"; those opposed to the motion to postpone will vote "nay."

On the question recurring,
Will the House agree to the motion?

Less than the majority having voted in the affirmative, the question was determined in the negative and the motion was not agreed to.

On the question recurring,
Will the House adopt the resolution?

The SPEAKER. On the resolution, sir.

Mr. DERMODY. Thank you, Mr. Speaker.

Mr. Speaker, with a vote on this resolution, you will vote in support of an international trade agreement that will raise the wages of workers abroad, and House Republicans here are saying that Pennsylvania's minimum wage for the first time, that we have not raised it in 12 years, but it will cost the Commonwealth jobs, and yet you are about to put up votes for a resolution that is sending manufacturing jobs abroad under a plan that guarantees some autoworkers in Canada and Mexico \$16 an hour.

Mr. Speaker, the Democratic minimum-wage plan proposed by Representatives Kim and Rabb, supported by Governor Wolf, is being stopped as I speak by the House Republicans in this room. Republicans say it is too much, and yet it is not nearly as much as what the Republicans behind this resolution want to do for foreign workers abroad. Maybe the House Republicans refuse to support our plan to raise the wages of workers in Pennsylvania because we are not seeking \$16 an hour. Our plan only seeks to raise the minimum wage for Pennsylvania workers to \$12 an hour; that is \$4 an hour less than NAFTA lite; at \$12 an hour, Pennsylvania families have a chance anyway, a path to finally be able to support themselves.

I find it hard to reconcile the Republican refusal to stand up for Pennsylvania workers with their apparent support for this resolution that would guarantee \$16 an hour to foreign workers.

Mr. Speaker, I think it is much more likely that my Republican colleagues just have not thought this through. So I think it is best for all members of this House that we vote "no" on this resolution until we can consider a minimum wage of only \$12 an hour for Pennsylvania workers.

Thank you, Mr. Speaker.

The SPEAKER. Representative Mark Keller, on the resolution.

Mr. KELLER. Thank you, Mr. Speaker.

First of all, this resolution is not – it is sending our products that are done here in the United States and in Pennsylvania, being able to send them to Canada and Mexico. It has nothing to do

with what somebody is paid. It is good sustainable jobs and they are being able to be done and sent and have actual products going to these communities.

Also, I would like to say that groups like the PA Chamber, the PA Food Merchants Association, the PA Manufacturers, the PA Farm Bureau, PennAg Industries, and Center for Dairy Excellence are all in favor of this resolution.

Thank you, Mr. Speaker.

The SPEAKER. The majority leader.

Mr. CUTLER. Thank you, Mr. Speaker.

Mr. Speaker, there would be some in this room that would make you believe this is an argument regarding what other workers make. I think it is worth highlighting what our current workers make. Mr. Speaker, I do agree with the gentleman in regards to the discussions regarding minimum wage as they have been ongoing. I publicly said many times – I tend not to discuss private conversations in a public setting or negotiate through the media – but the truth is, there are some facts around this debate that I think are warranted to look at.

It was not a singular caucus that raised concerns about the costs related to minimum wage. It was the Independent Fiscal Office that said that we risk losing 30,000-plus jobs here in the Commonwealth with the prior minimum-wage proposal; the one that is currently being put forth across the aisle actually has a higher rate, which could potentially lose more jobs. But the truth of the matter is, what has occurred federally with the tax cuts and the regulatory reform has boosted our economy so that many workers are already earning far more than minimum wage.

Mr. Speaker, the Bank of America had announced that they are going to work towards a \$20 wage for all their employees. Different companies in the wake of that package passing said that they would have minimums of \$15 an hour. My own local bank said they were raising it to \$12, and recently our local hospital just e-mailed that they are moving all their employee's wages to \$13 an hour, with a goal of getting to \$15 in the near future. That is also happening in other cities all across the Commonwealth. Why? The reason is and continues to be, as we pointed out yesterday, that there continues to be more job openings than there are people. We are going to get more of whatever we focus our policies on. If we focus the policies and the discussions solely on minimum wage being an artificial floor, then that is what you will get more of.

Mr. Speaker, we have jobs, jobs that are supported by this trade agreement, that pay substantially more than minimum wage. That should be what we should be getting workers into; that is where we should be directing our budgetary money, our training programs, and encouraging people to get to those opportunities.

Mr. Speaker, many folks have the opportunity to earn far more. Do not be fooled. This is not a debate about minimum wage; this is about higher paying jobs here in the Commonwealth that are supported by a trade agreement. I urge support of the resolution and quick passage in Congress.

The SPEAKER. The leader, for the second time.

Mr. DERMODY. Thank you, Mr. Speaker.

Nevertheless, Mr. Speaker, the minimum wage in Pennsylvania is \$7.25 an hour. You are supporting a trade agreement that gets minimum wage to \$16 an hour in foreign countries. You could do that for Pennsylvania workers. You could do the same thing for—

The SPEAKER. Please suspend. The resolution in front of us is urging Congress of the United States to ratify the United States-Mexico-Canada Agreement, which changed the terms of the NAFTA agreement, which had been losing jobs.

Now, we can speak on this particular trade agreement. If there is going to be a debate on the minimum wage, I suspect that right now, since we do not have a bill in front of us on minimum wage, everybody go to PCN (Pennsylvania Cable Network). Please discuss the resolution in front of us as to whether or not the United States- Mexico-Canada Agreement is an improvement upon NAFTA. You may proceed.

Mr. DERMODY. This resolution urging us to support this NAFTA lite agreement, an agreement that contains language that increases the minimum wage for certain autoworker jobs in Canada and Mexico to \$16 an hour. That is what the resolution supports. That is the language in the NAFTA lite agreement.

So it is certainly relevant that we are here today suggesting that if we are going to support a resolution that increases the minimum wage for workers in Canada and Mexico to \$16 an hour, we can have a discussion about raising the minimum wage for Pennsylvania workers at \$12 an hour.

The SPEAKER. Representative Bradford, for the first time, I believe.

Mr. BRADFORD. Thank you, Mr. Speaker.

The SPEAKER. I think he spoke on the motion, right? Okay.

Mr. BRADFORD. Thank you, Mr. Speaker.

I want to congratulate workers in Tijuana and Toronto who will be joining with workers in Lancaster who are going to be paid a living wage, because the USMCA, as you direct us is to be discussed today, will provide a \$16 minimum wage for autoworkers to our neighbors to the north and to our south. One might argue that we could do something in the middle where we have slightly more jurisdiction here in the Commonwealth of Pennsylvania.

I believe the best way to make sure we protect jobs in our hemisphere is to make sure that we have good, strong labor agreements. Some of those labor agreements include a minimum wage. The USMCA does that: it sets it at \$16 an hour. One might argue why we would allow ourselves to say, you know what? Tijuana and Toronto have \$16 an hour, but we want to really fight for those \$7.25-an-hour jobs here in Pennsylvania. That is really what we want to attract. One might think that absurd. So yeah, we can debate USMCA, and that is what we are doing here today, but I think we might be better off talking about giving Pennsylvanians a wage commensurate to what you propose we give those in Toronto and Tijuana.

Thank you, Mr. Speaker.

The SPEAKER. Representative Mark Keller, on the resolution for the second time.

Mr. KELLER. Thank you, Mr. Speaker.

We have heard numbers, and as I have reviewed this resolution, I do not believe there is a number equated in it at all. If you want to use those numbers, that is fine, but this resolution does not state any numbers whatsoever in it. I just want to be clear to the members. Thank you.

The SPEAKER. Representative Bradford, for the second time.

Mr. BRADFORD. Thank you, Mr. Speaker.

I would direct the gentleman to an article by Jen Kirby, on June 20, 2019, "USMCA, Trump's New NAFTA deal, explained in 500 words." I would state it says, under "Labor provisions,"

that "...45 percent of automobile parts must" immediately "be made by workers who earn at least \$16 an hour by 2023. Mexico passed new labor laws to give greater protections to workers. Democrats still want tougher enforcement, though...." That would be where it is in the USMCA that you are proposing to support. Let us do it here in Pennsylvania.

Thank you, Mr. Speaker.

The SPEAKER. Representative Greg Rothman.

Mr. ROTHMAN. Mr. Speaker, my understanding is that the minimum wage for an autoworker in the United States is closer to \$28 or \$29 an hour. The understanding of the way trade agreements work, the reason you would want to raise a minimum wage for foreign workers is so that we stop sending our jobs to foreign countries. Mr. Speaker, I am pretty sure that when my colleague uses the term "NAFTA lite," that he is not saying we want to keep NAFTA. Is there anyone left in America that thinks we should keep NAFTA? The jobs that we lost, American jobs that we lost because of NAFTA – thank goodness we are replacing NAFTA. And it is not NAFTA lite; we are getting rid of NAFTA. We want to, as the chairman said, send our products that are produced in Pennsylvania to Canada and to Mexico and around the world, products that are made right here in central Pennsylvania. We want to bring the jobs back to the Commonwealth of Pennsylvania, and the way you do that is by making sure that our competitors, these foreign countries, do not have wages for a dollar an hour like they are paying in foreign countries to make our sneakers that our children buy here.

This trade agreement is going to keep the jobs here, bring the jobs back here. They are coming back to Pennsylvania. We should support this resolution, and Congress and the Senate should ratify the trade agreement.

Thank you, Mr. Speaker.

The SPEAKER. The majority leader.

Mr. CUTLER. Thank you, Mr. Speaker.

Mr. Speaker, very simply, support of this resolution and the trade agreement, as outlined by the prior speaker, supports Americans, supports Pennsylvanians, and supports our manufacturers and farmers that already are here and earning a wage significantly higher than the minimum wage. We should encourage everyone to have that opportunity. Please vote "yes."

The SPEAKER. Representative Krueger.

Ms. KRUEGER. Mr. Speaker, based on the logic we are hearing on the floor today, we are telling unscrupulous businesses to put their sweatshops right here in Pennsylvania because our labor is cheaper than Mexico. I oppose this resolution.

On the question recurring,

Will the House adopt the resolution?

Ordered, That the clerk present the same to the Senate for concurrence.

STATEMENT BY MR. MURT

The SPEAKER. The Chair recognizes Representative Tom Murt, on unanimous consent.

Mr. MURT. Thank you, Mr. Speaker. I will be brief.

Mr. Speaker, I want to thank my colleagues for their affirmative vote on HB 956. Mr. Speaker, with the senior tsunami quickly approaching, we are expecting a surge in the next 10 years of seniors desperately needing assistance and help. Many of these seniors are veterans, I might add. With that demand, we need to do everything we can to ensure that our Lottery Fund remains solvent.

Mr. Speaker, we are so fortunate to have the Lottery Fund dedicated to our senior programs, which generates over \$1 billion a year for our older adults, funding that goes to our area agencies on aging, PACE (Pharmaceutical Assistance Contract for the Elderly) and PACENET (Pharmaceutical Assistance Contract for the Elderly Needs Enhancement Tier) prescription drug program, shared-ride transportation, the very important property tax/rent rebate program, and other Medicaid long-term-care services and supports.

Finally, Mr. Speaker, HB 956 grants the Pennsylvania Lottery the authority to operate at an adjusted rate of return for the next 5 years. The bill allows flexibility to the lottery to adjust their marketing plan for the future game matrices and it allows them

to answer consumer demand to maximize profits, therefore maximizing their ability to increase funding for our seniors as well.

Thank you, Mr. Speaker.

The SPEAKER. Thank you.

Representative Mark Gillen is recognized on the bill.
 Mr. GILLEN. I wanted to commend the gentleman, first of all, in his attempt to honor the good Senator. I simply would encourage the Assembly to exercise restraint and caution in naming highways, interchanges, and bridges after members of the General Assembly.

Thank you, Mr. Speaker.
 The SPEAKER. Representative Jeff Pyle, on the bill.
 Mr. PYLE. Thank you, Mr. Speaker.
 The gentleman identifies a policy held by a past Transportation chairman, not an act ever moved by the legislature. I would encourage a positive vote.
 Thank you.

The House proceeded to third consideration of **HB 1609, PN 2083**, entitled:

An Act amending Title 75 (Vehicles) of the Pennsylvania Consolidated Statutes, in registration of vehicles, further providing for contributions to Veterans' Trust Fund.

On the question,
 Will the House agree to the bill on third consideration?
 Bill was agreed to.

(Bill analysis was read.)

The SPEAKER. This bill has been considered on three different days and agreed to and is now on final passage.
 The question is, shall the bill pass finally?

Representative O'Mara, on the bill.
 Ms. O'MARA. Thank you, Mr. Speaker.

And I want to thank Chairman Hennessey and the Transportation Committee for moving this bill so quickly. I introduced it on June 11, and I am really excited to see it moving today.

HB 1609 will raise the voluntary donation amount for the Veterans' Trust Fund from \$3 to \$5 for those applying for or renewing a driver's license, ID card, or vehicle registration and the amount online from \$6 to \$10.

On May 2 the Veterans Affairs and Emergency Preparedness Committee had a chance to hear from General Weller about funding at the DMVA (Department of Military and Veterans Affairs), and while the DMVA is doing a wonderful job, General Weller noted that there are some things that the DMVA does not have the resources to cover. These include things like veterans' homelessness, mental health issues, employment issues, aging issues, judicial issues, education, transportation, and training. These are some things that the Veterans' Trust Fund can address if the funds are there.

Over 95 percent of funding in the Veterans' Trust Fund comes from these \$3 checkoff amounts; therefore, if we raise the amount, we will nearly double revenue in this fund. As an

example, in 2017-2018 fiscal year, the Veterans' Trust Fund revenue was about \$1.7 million. If people were donating \$5, that revenue would have been \$2.9 million. That is a significant amount of money that our veterans can receive. And I know there was some concern in committee that by raising an amount from \$3 to \$5, we could potentially deter people from making a donation. We were able to see that it would actually take 40 percent of people to stop donating before the fund would lose money. So we are going to see huge increases every year, and over the last 5 years, this fund has received over \$1.5 million from generous people in Pennsylvania. So I have every reason to believe that people will continue to do so; \$2 will not scare them away, and we are going to provide our veterans with a tremendous resource.

Thank you, Mr. Speaker, and thank you, Chairman Hennessey.

The SPEAKER. Representative Jeff Pyle, on the bill.

Mr. PYLE. Mr. Speaker, I rise to support the lady's motion to move HB 1609. The bill she identifies, establishing the Veterans' Trust Fund, has been one of the more successful ones that this House has passed over the last 4 or 5 years. We worked extensively with the Senate, Senator Lisa Baker, to establish the trust fund and the "Honoring Our Veterans" plates – which if anybody watching is interested, any veteran that can produce a DD214 is entitled to this at no cost at the regular end of the expiration of their current license plate.

I would most wholeheartedly encourage a positive vote, and I thank you.

The SPEAKER. Representative Chris Sainato, on the bill.

Mr. SAINATO. Thank you, Mr. Speaker.

I, too, want to urge my colleagues to support this piece of legislation. I think this goes a long way, and anything we can do to help our veterans I think is a positive thing, and it generates extra dollars for these programs. It is a voluntary checkoff. People make their decision whether they want to do it or not. I think it is a good piece of legislation.

I commend the prime sponsor for doing this, and I urge my colleagues to vote "yes."

On the question recurring,

Shall the bill pass finally?

The SPEAKER. Agreeable to the provisions of the Constitution, the yeas and nays will now be taken.

GUESTS INTRODUCED

The SPEAKER. In the rear of the House, we are pleased to welcome some guests from the Christian Street YMCA, which serves south Philadelphia, center city, and other surrounding neighborhoods. With the group is executive director, Warren Brown, who began volunteering at the YMCA during his senior year in high school. So welcome, Warren, and welcome to all the guests here from the Christian Street YMCA who are with Representative Jordan Harris.

CONSIDERATION OF HB 305 CONTINUED

The SPEAKER. Members, we are going to return to HB 305, PN 1737. Please read a summary of the bill.

On the question recurring,

Will the House agree to the bill on third consideration?

The SPEAKER. This is a bill on third consideration. So there is an amendment that we have in front of us. It is amendment 02180, filed by Representative Jozwiak. To be able to vote on an amendment on third consideration, we have to have a motion to suspend. It should be on your screens. It should be on your screens.

RULES SUSPENDED

The SPEAKER. Representative Jozwiak, on the motion. Please state your motion and then your reasons for it.

Mr. JOZWIAK. Thank you, Mr. Speaker.

I make a motion that we suspend the rules so we can address amendment A02180, which is needed to fix this bill before we send it to the Senate.

The SPEAKER. My understanding is, given you have this amendment filed, that with the suspension, we can still vote the bill immediately. Just understand that should we have a motion to suspend and should it be passed, we can still vote the bill.

Mr. JOZWIAK. Yes, I needed to present my motion, Mr. Speaker.

The SPEAKER. Okay.

On the question,
Will the House agree to the motion?

The SPEAKER. Representative Snyder, on the motion.
Mrs. SNYDER. Thank you, Mr. Speaker.

This is an agreed-to amendment, and I would ask my colleagues to consider voting "yes" on the motion to suspend the rules.

The SPEAKER. Representative Dermody, the leader, on suspension, sir.

Mr. DERMODY. Thank you, Mr. Speaker.

I would also urge the members to support the motion to suspend the rules.

The SPEAKER. Thank you.

A majority of the members required by the rules having voted in the affirmative, the question was determined in the affirmative and the motion was agreed to.

On the question recurring,
Will the House agree to the bill on third consideration?

Mr. **JOZWIAK** offered the following amendment No. **A02180**:

Amend Bill, page 1, line 4, by inserting after "Commonwealth" and for the Statewide Mobile Radio and Microwave System

Amend Bill, page 7, line 1, by striking out "30" and inserting 90

Amend Bill, page 7, by inserting between lines 2 and 3 Section 7. Statewide Mobile Radio and Microwave System.

(a) Jurisdiction.—The Pennsylvania State Police shall have jurisdiction over the Statewide Mobile Radio and Microwave System described in the act of December 5, 1996 (P.L.921, No.148), known as the Capital Budget Project Itemization Act for 1996-1997.

(b) Allocation of proceeds.—Proceeds from the lease or licensing of a tower or other asset of the Statewide Mobile Radio and Microwave System shall be used for the purpose of maintaining and improving the system.

Amend Bill, page 7, line 3, by striking out "7" and inserting

8

Amend Bill, page 7, line 4, by striking out "This" and inserting Except as otherwise provided in section 7, this

Amend Bill, page 7, line 6, by striking out "8" and inserting

9

Amend Bill, page 7, line 7, by striking out "immediately" and inserting in 180 days

On the question,
Will the House agree to the amendment?

The SPEAKER. On the amendment, Representative Jozwiak.
Mr. JOZWIAK. Thank you, Mr. Speaker.

What this amendment does, it would exempt the Statewide Radio Network from the bill, and basically, what the bill says, it puts the Commissioner of the State Police in charge of the radio network. It also says that if any State Police towers are leased, that the State Police would receive the money for that for the purpose of maintaining the radio system and making improvements. Any leases that would be done – and by the way, they do have some leases right now – any leases that would be done, they would be given up to 90 days to create the lease, and the bill is in effect in 180 days. Thank you.

The SPEAKER. Representative Pam Snyder, on the amendment.

Mrs. SNYDER. Thank you, Mr. Speaker.

This is an agreed-to amendment, and I would ask everyone to please vote "yes."

The SPEAKER. Representative Barrar, on the amendment.

Mr. BARRAR. Thank you, Mr. Speaker.

May I ask the maker of the amendment to stand for interrogation, please?

The SPEAKER. Representative Jozwiak has said he will stand.

Mr. BARRAR. Thank you. Thank you, Mr. Speaker.

Mr. Speaker, do these current radio towers that were part of this discussion, do they have any current commercial use at this time?

Mr. JOZWIAK. Yes, they do.

Mr. BARRAR. When these contracts are negotiated for the use of these towers, who does the negotiations, and does your amendment change who is capable of negotiating a fee for the use of these towers? The use of the towers for broadband or radio use or cell phone use can be extremely profitable.

Mr. JOZWIAK. I do not know who does the negotiations for that, but the amendment does put the State Police in charge of it. They do have, some towers have extra space which is being leased out currently.

Mr. BARRAR. And right now any revenue being produced, do you know where that would go at this time?

Mr. JOZWIAK. I do not.

Mr. BARRAR. So the State Police then would get any revenue produced from these towers.

Mr. JOZWIAK. They would get it for the purpose of maintaining the radio system and improvements to the radio system.

Mr. BARRAR. It is probably going to be a large amount of money. I know what these towers are worth. I know in my own community what the telecom companies will pay to have an antenna on there. Is there any idea of an estimate of what could be generated in revenue from these current radio towers that we have?

Mr. JOZWIAK. As I said, not every tower has extra space on it, and I do not know what the leases—

Mr. BARRAR. And we do not know where the revenue goes at this time that it is producing.

Mr. JOZWIAK. I do not. I would like it to go to maintain the system and to make improvements in the system.

Mr. BARRAR. Okay.

Thank you, Mr. Speaker.

The SPEAKER. Anything else on the amendment, Representative Jozwiak?

Mr. JOZWIAK. No.

The majority having voted in the affirmative, the question was determined in the affirmative and the amendment was agreed to.

The SPEAKER. Now that the amendment has passed, we are going to go right to the bill.

On the question,
Will the House agree to the bill on third consideration as amended?

Bill as amended was agreed to.

(Bill analysis was read.)

The SPEAKER. Now, remember the bill has been amended with Representative Jozwiak's amendment.

This bill has been considered on three different days and agreed to and is now on final passage.

The question is, shall the bill pass finally?

On the bill, Representative Pam Snyder.

Mrs. SNYDER. Thank you, Mr. Speaker.

It is no secret that I have been working on this issue to expand rural broadband to all Pennsylvanians for 3 years. I did it in coordination with my former colleague, the good Representative from York County, the now sitting Senator from York County. This bill will allow the Department of General Services to identify all of the State assets in the Commonwealth of Pennsylvania so that we will be able to utilize those assets to push broadband out in rural areas and rural districts like mine and help our folks be connected.

Mr. Speaker, this is a very important issue. It is not just about getting on your device and pulling up your Facebook page or wanting to send out a tweet. This is about our farmers being able to be competitive in the agricultural community. This is about our students being able to do their homework assignments; many in my district cannot. This is about our adults being able to take online courses to advance their higher education needs. This is about rural Pennsylvanians who are critically ill having access to telemedicine, which they do not at this moment.

This is a step forward in this process, and I would ask all of my colleagues to please vote "yes" on HB 305.

Thank you, Mr. Speaker.

BILL ON SECOND CONSIDERATION

The House proceeded to second consideration of **SB 621, PN 1009**, entitled:

An Act amending the act of March 10, 1949 (P.L.30, No.14), known as the Public School Code of 1949, amending provisions relating to school police officers, school resource officers and school security guards; and imposing powers and duties on the Pennsylvania Commission on Crime and Delinquency.

On the question,
Will the House agree to the bill on second consideration?

The SPEAKER. So we have amendments from Representative Dan Miller. Representative Miller, are you withdrawing any of these amendments? Not any of them? Please? I am just kidding; just kidding.

On the question recurring,
Will the House agree to the bill on second consideration?

Mr. **D. MILLER** offered the following amendment No. **A02209**:

Amend Bill, page 12, by inserting between lines 12 and 13
(f) Firearm recertification.—Each armed school security guard shall complete firearm recertification every 12 months.

On the question,
Will the House agree to the amendment?

The SPEAKER. On the amendment, Representative Dan Miller.

Mr. D. MILLER. Thank you, Mr. Speaker.

Mr. Speaker, the underlying bill divides school security into several key important categories: school police, school resource officers, school security, and in some component of that, a type of independent contractor. The majority of the categories that I reference are going to have requirements that are going to deal with recertification of firearm training in a variety of ways. My concern and my reason for the amendment, Mr. Speaker, is that the security guard component to this bill may only be required to have recertification every 5 years. My belief is that while school districts may want to employ school security officers as they see fit, I am concerned that, given the climate as well as the need to provide for safety entirely in the school district, if school districts are going to use these personnel as an option, they should continue to have them certified at least the same as school police, or in particular, school resource officers would be.

So that is why my amendment, Mr. Speaker, requires armed school security guards to be recertified every 12 months.

The SPEAKER. Does anybody else wish to speak on the amendment?

Representative Ortitay.

Mr. ORTITAY. Thank you, Mr. Speaker.

Would the maker of the amendment please stand for brief interrogation?

The SPEAKER. He has agreed. He will so stand, and you may proceed, sir.

Mr. ORTITAY. Thank you, Mr. Speaker.

Can you describe what type of firearm certification you are referring to, if there is a specific certification program?

Mr. D. MILLER. Thank you, Mr. Speaker.

My intent with the amendment is to apply the firearms certification that would be applicable to anyone in a school resource officer position to be sure that they are having the same requirements across the board, given that they would be carrying a firearm into a school as a school resource officer otherwise would be. So by saying recertification or certifying a firearm, I am referring to the same recertification or certification process that a school resource officer, or for that regard, a municipal officer would go through.

Mr. ORTITAY. Thank you.

Thank you, Mr. Speaker.

The SPEAKER. Representative Sonney.

Mr. SONNEY. Mr. Speaker, I oppose this amendment. I believe, as a third-party vendor, that the responsibility will not lie with the school district, but the responsibility will lie with that vendor, and therefore, it is unnecessary, and I would ask to oppose this amendment.

The SPEAKER. Representative Dan Miller.

Mr. D. MILLER. Mr. Speaker, I want to thank the good chairman for always being willing to discuss with me issues of bills. I always appreciate his comments and his willingness to literally let me walk in the door uninvited.

That being said, I do want to note that I am not talking about the independent contractors. Especially, in my understanding of the underlying bill, these are going to be retired police officers of a variety of categories, who I believe are defined already in the independent contractor status. What I am talking about instead are the school security guards. So this, as defined, would have nothing to do with an independent contractor. Those are defined separately in the bill. So the school security, for example – I have one in one of my districts at home – we have a school police officer who oversees a staff of school security guards. The school police officer, of course, goes through their verification, their certification across the board, and then oversees these officers, these guards, who perform other functions at a cheaper rate of service than would more school resource or school police officers. My point is that it is actually those school security guards that I am talking about, to put them on equal footing to say, please, please, please recertify your school security guards. If you are going to give them a weapon, recertify them at least once a year, like you would any officer who has a gun.

Thank you, Mr. Speaker.

The SPEAKER. Representative Bill Kortz, on the amendment, sir.

Mr. KORTZ. Thank you, Mr. Speaker.

Mr. Speaker, I rise in support of amendment A2209.

Sir, currently under law for policemen, it is a recertification every 5 years. Every 5 years a policeman has to go through recertification. Now, if we are going to put some retired folks, retired police officers in schools, sir, we should err on the safe side. I recommend that we go along with this amendment. We want to make sure that they are certified and they are doing the right things year after year after year, not once every 5 years.

So I would recommend we vote "yes" to this.

Thank you, Mr. Speaker.

The SPEAKER. Representative Curt Sonney.
 Mr. SONNEY. Thank you, Mr. Speaker.
 Mr. Speaker, quite simply, this bill is trying to make corrective changes to existing policy and things that are happening today in our schools, and so these are simply making those corrective changes, and I would offer that this is not needed and I would encourage the members to vote "no." Thank you.

On the question recurring,
 Will the House agree to the amendment?

Less than the majority having voted in the affirmative, the question was determined in the negative and the amendment was not agreed to.

On the question recurring,
 Will the House agree to the bill on second consideration?

Mr. D. MILLER offered the following amendment
 No. A02210:

Amend Bill, page 12, by inserting between lines 12 and 13
(f) Certifications.—Each school security guard shall maintain valid certification in first aid, cardiopulmonary resuscitation and automated external defibrillator training.

On the question,
 Will the House agree to the amendment?

The SPEAKER. Representative Dan Miller, on the amendment.

Mr. D. MILLER. Thank you, Mr. Speaker.

Mr. Speaker, as we continue to struggle as a State and as a nation in relation to school security issues, we are seeing, of course, more and more districts relying on an expansive network of what they believe to be appropriate for their districts. Those are good things. That is a good discussion for them to have, and obviously, the underlying bill I do not believe is intended to tell any school district what type of security they should be deploying. By the same token, there are certain standards that I think we have to ensure to be certain that if something goes wrong, our security guards – in particular, in this amendment – have the skill set that we need for them in order to keep our kids safe and our teachers safe and everyone who is at the school at the time.

This amendment here makes sure that those security guards must keep updates with first aid, CPR (cardiopulmonary resuscitation), and AED (automated external defibrillator) certifications that are, generally speaking, across the board, again, in almost any police department you are going to find in the Commonwealth, something of which police officers, school resource officers, and firemen are all going to have. So this amendment is tailored, again, towards the school security guard component of the bill to just be certain that if a medical emergency occurs, that the security guards will continue and maintain to have certifications in these areas to provide the

basics of life support should an emergency situation of the medical nature arise.

The SPEAKER. Representative Curt Sonney, on the amendment.

Mr. SONNEY. Thank you, Mr. Speaker.

Mr. Speaker, quite frankly, this would be an unfunded mandate on our schools, and if they wish to apply this, they can do that on their own and we do not have to mandate this.

So I would encourage a negative vote. Thank you.

The SPEAKER. Yes, sir.

Representative Ciresi.

Mr. CIRESI. Thank you, Mr. Speaker.

I will be the first one to stand up about unfunded mandates, of which I am opposed to, but this is a security mandate that I think is one that we should put on the school districts. If we want to talk about unfunded mandates, we have \$440 million we could talk about. But this one here could save lives, and in today's environment, unfortunately, what we see across the nation, our security guards and our police officers need to be trained as best as they can, and I would think that our school boards – and I would hope that PSBA (Pennsylvania School Boards Association) would be one of the organizations that would support this – would say they would be willing to take this unfunded mandate on.

So I would urge all the members to vote for this. I do not think it would cost the districts that much, and they may be able to do a program with the local fire departments and EMS (emergency medical services).

The SPEAKER. Representative Mike Carroll.

Mr. CARROLL. Thank you, Mr. Speaker.

Mr. Speaker, it seems to me that sometime in the last month or two we passed a bill in this chamber that required the students to do this, and I am at a loss to understand why we cannot have the security officers and the resource officers provided with the same exact training that we are going to have our students learn. We have smartly required the students to have this training, and it seems to me we ought to have the resource officers have the same training.

The SPEAKER. Representative Sonney.

Mr. SONNEY. Thank you, Mr. Speaker.

The previous gentleman was correct, except for the fact that it was not a mandate. We were simply providing the option. Thank you.

Less than the majority having voted in the affirmative, the question was determined in the negative and the amendment was not agreed to.

On the question recurring,
Will the House agree to the bill on second consideration?

Mr. D. MILLER offered the following amendment
No. A02211:

Amend Bill, page 13, by inserting between lines 7 and 8
(5) Develop, adopt or otherwise make available within 180 days of the effective date of this section a training module for school police, school resource officers and school security guards related to children and adolescent development. The following shall apply:

(i) All school security personnel employed or assigned in this capacity shall be required to complete this training every three years from the date of curriculum adoption by the commission. The school entity may require additional training as needed.

(ii) The commission shall review the training module every two years at a minimum in order to update the training as needed.

(iii) The training shall be a minimum of eight hours and may be supplemented by additional training that the school entity deems necessary.

(iv) The training may be used for professional development requirements.

(v) At a minimum, the training must include instruction on:

(A) Cultural, racial, religious, ethnicity, sex, sexual orientation and identification, disability and mental health considerations consistent with school-aged students and building positive relationships with these students and the school community.

(B) The impacts of trauma, crisis intervention and de-escalation techniques specifically related to school-aged students, including methods for limiting the use of force and the deployment of physical, mechanical and chemical restraints.

(C) Emergency planning considerations and age-appropriate school safety instruction training, including for students with mental health, disabilities or other behavioral health needs.

(D) Positive behavioral interventions and supports, conflict resolution techniques and restorative justice practices.

On the question,
Will the House agree to the amendment?

The SPEAKER. Representative Dan Miller, on the amendment.

Mr. D. MILLER. Thank you, Mr. Speaker.

Mr. Speaker, as I have previously spoken, there is no doubt, again, that we are seeing a rise in school security of all types in a reaction, understandably in most scenarios, for where school districts believe that they need to take steps to safeguard their students and staff. Obviously, this legislature has taken some steps to try and be of some assistance, but we are having a variety of personnel that are being instilled into our school districts in a way that we have never done before. And as we are trying to strike the appropriate balance between safety, we also must be concerned about what it means to our environment for our kids to learn in and whether or not we are creating schools or whether or not we are creating some sort of compound for kids to seemingly be safe in in a way that is much different than the environment that any of us went to school in, learned in, developed and made friends in. And I say that with no disrespect to any of the good work that is being done by many of our school personnel and our safety personnel that are involved. And there is no doubt that whether you are talking school resource, school police, or school security, we have some fantastic professionals who are in there with great skill and fantastic ability to adapt to today's kids and the needs and issues to which they are facing.

By the same token, that is not always the case. In much of my communication and talk with law enforcement and school districts in my area, what they say is, look, not every person who, for example, is a police officer is particularly suited to be in a school. Not every person who applies or has the certifications to be a security guard is the right person to be in a school. And what we have noted in several studies in the last 18 to 24 months is that as more and more school safety personnel have been instilled, what we have seen is a concerning or questioning impact on what

those inputs have done to numbers – such as expulsions, suspensions, juvenile referrals – especially related to populations that are a minority population of any type, whether African-American, whether Latino, whether disability or mental health. The reality is that we are finding that the more security is being brought in, it is equating to more referrals for school districts as far as expulsions and suspensions, and more referrals into juvenile delinquency. Now, obviously, to a degree any of that could be noted, could be worth it, that those were the right things to occur. By the same token, it is of some concern, I find, that the populations that are seeing these disproportionate increases in referrals are the populations that are historically disadvantaged or discriminated against in almost any component that we see in relation to aspects of our schools' performances, discipline tactics, or anything to do with our criminal justice system.

So in order to address that, what my amendment does is it attempts to put in a training program designed specifically to assist our school police, school resource officers, school security, and everyone under this bill to be sure that they are getting extra training in relationship to these populations who, again, have historically been disadvantaged or discriminated against in other aspects of how we are performing our education or our criminal justice system. It will make sure that with just being able to do this here – and it is something that we are not looking to do once; it is something that is required every 3 years. The needs of our LGBT (lesbian, gay, bisexual, and transgender) kids, the needs of our kids with a mental health issue, those are changing and adapting as time goes. Our training requirements need to do that as well. It does us no good to make sure that we have a little extra security at the door, but by the same token, if you are African-American in our school districts, you are four times as likely to get expelled, three times as likely to get suspended, or two times as likely to get a juvenile referral than someone else.

Now, obviously, different States have different numbers, and while I am trying to raise a red flag as to this issue, my main point is that I believe that all of us recognize that we have had challenges in this State and country in relation to these populations in particular. So let us put in a program and be sure that as we are allowing school districts to raise and elevate their level of security professionals that are in the building, that we are being sure that those professionals are well tailored to deescalation tactics, are well tailored to positive behavioral supports, are well tailored to making positive relationships with kids instead of what historically may have been what people believed to be the relationship between law enforcement and kids. The right school resource officer, school police officer, or school security officer can make a fantastic difference, not only in a school community, but in an individual kid's life. Well, let us be sure that that can apply to every child in this Commonwealth regardless of their race, ethnicity, or religion, and regardless of their sexual identification or orientation, and regardless of whether or not they have a disability or mental health issue. We are going to be sure that you have trained professionals in your school doing the job that we need them to do.

The SPEAKER. Representative Curt Sonney.

Mr. SONNEY. Thank you, Mr. Speaker.

Mr. Speaker, under this bill, resource, police, or security officers all would be required to take the National Association of School Resource Officers training. And currently, under that training – this is just a partial list, not the full list of topics – some of those topics under this training are school safety and emergency operations plans, threats response, preventing

violence in school settings, violence and victimization, social media and cyber safety, understanding the teen brain, understanding special-needs students, school safety professionals as an informal counselor or mentor, developing and supporting successful relationships with diverse students, and effects of youth trends and drugs on the school culture and environment; again, that is a partial list.

I do not believe that this amendment is needed, and I would encourage a negative vote on the amendment.

Thank you, Mr. Speaker.

The SPEAKER. Representative Bill Kortz, on the amendment.

Mr. KORTZ. Thank you, Mr. Speaker.

I rise in support of this amendment and I commend the gentleman from Allegheny County for bringing it forward. I just wanted to remind all the members that when someone trains and goes into police training for their Act 235, and they go through all this training, they have a psychological test just at one time. They do not have to take another psychological test ever if they keep Act 235 going. I just want people to understand that, and I did not have enough time to get that amendment in to maybe require a psychological test every 3 years, but this is a good step forward. At least they are getting some training to it.

And again, I want to err on the side of the children. That is what is important here. We have to err on the side of safety for our children, so I recommend a "yes" vote.

Thank you, Mr. Speaker.

The SPEAKER. Representative Ciresi.

Mr. CIRESI. Thank you, Mr. Speaker.

Mr. Speaker, one thing I found interesting about the amendment – and correct me if I am wrong, Mr. Speaker – is we have seen a rise in student suicide, and especially in our districts, we have seen too many student suicides, and as we add these security officers and these police officers, it gives our children another opportunity for an adult to reach out to, to trust, to go to, to be a confidant, and I think that if we are able to implement this program – and I will refer back to the comment before about unfunded mandates; maybe in this budget we can fund this mandate, finally, for the school districts which we have an opportunity to do next week – this would give us another opportunity to reach these children, to possibly save lives that we were not able to reach in the past.

The SPEAKER. Representative Miller, for the second time.

Mr. D. MILLER. Thank you, Mr. Speaker.

Mr. Speaker, again, I thank the good chairman for his comments and his willingness to always talk about issues, and I appreciate the list that he mentioned. I would note that this legislation that I worked on was not done in a vacuum, and I do appreciate those from NASRO who assisted me in its design – not, again, to speak for the organization – but the members who helped me design it. The big point about this is, the good thing about the bill is it applies NASRO across the board when you walk in the door. That is a plus. The thing it does not do is it does not say, "Hey, listen, I don't know if you know this, but the mental health needs or the disability issues or how LGBT issues may be going may change over time, and in order to develop a skill set with it, you may want to have a refresher course, how about every 3 years?"

So I know when I go for my fire department training, I do not do my training and then walk out the door. That is not how our department works. In relation to our first aid, our CPR training, our AED training, we do not do it and then walk out the door and that is all it is. That is what NASRO in this bill is – it sets a very good foundation for people when they are just starting in the deployment.

Again, I appreciate the organization. What my bill does is it says, look, we want to develop professionals who stay in this line of work. The best school security guards, if they are to be used, are the ones who are properly trained and properly paid, and we want to be sure that if you are a school police officer, that you, again, are being properly trained and properly paid across the board. But that also means that you may need to have refresher courses along the path. Almost every type of licensing that we do in this State requires some type of updates, some type of continuing education to work across the board.

My point to you is that, as we are shoving school security guards – not school police, not school resource, but school security guards – into the mix in particular, I would like to be sure that they are getting this training. Now, obviously, school police and school resources are brought into my amendment as well, but again, my overall point is, it is an every 3-year type of change that just makes sure that, as the needs of the kids change, that we are going to be sure that those who are maybe carrying a weapon in our school are going to be as updated as we can make them on an 8-hour course, instead of saying, maybe you can do some reading or Google it and then see how you do, because the last time you had any training on it might have been X amount of years ago.

So again, I would urge everybody to adopt this amendment. I really believe that it is something to be sure that will keep our kids safe, work on a great positive community, and make sure that our school security officers have the training they need to do the job as we need them to do.
