LEGISLATIVE JOURNAL

TUESDAY, MARCH 23, 2021

SESSION OF 2021

205TH OF THE GENERAL ASSEMBLY

No. 18

HOUSE OF REPRESENTATIVES

The House convened at 11 a.m., e.d.t.

**THE SPEAKER (BRYAN CUTLER)
PRESIDING**

PRAYER

HON. JOHN A. LAWRENCE, member of the House of Representatives, offered the following prayer:

Let us pray:

Father, we are grateful for the opportunity to serve in this chamber this day, and humbled that You would give us the ability to make laws and set policies for the people of this State.

This day we thank You particularly for Your servant, Dave Reddecliff, and his decades of faithful service to this institution. We ask You to bless him and his family in the days ahead as he enjoys his retirement from the House of Representatives.

Guide our steps this day in service to those we are fortunate enough to represent.

I pray this in the name of the Father, the Son, and the Holy Spirit. Amen.

PLEDGE OF ALLEGIANCE

(The Pledge of Allegiance was recited by members and visitors.)

JOURNAL APPROVAL POSTPONED

The SPEAKER. Without objection, the approval of the Journal of Monday, March 22, 2021, will be postponed until printed.

On the question,
Will the House concur in the resolution of the Senate?
Resolution was concurred in.
Ordered, That the clerk inform the Senate accordingly.

FILMING PERMISSION

The SPEAKER. Permission is granted for Fox 43 to obtain video footage of the House floor during session proceedings for the next 10 minutes.

For the information of the members, there are still two committee meetings that are ongoing. We will proceed with some of our ceremony here this morning while they quickly wrap up, but we will be holding off doing the master roll call until their meetings conclude.

FORMER MEMBERS WELCOMED

The SPEAKER. I will take this break as an opportunity to welcome two former members back to the chamber. I would first like to recognize former House Speaker Mike Turzai, who is in the well of the House. Welcome, Mr. Speaker.

We would also like to welcome former Representative Curt Schroder, who is seated up in the gallery. Welcome.

RECOGNITION OF CHIEF CLERK DAVID REDDECLIFF

The SPEAKER. Members, please take your seats. Move any conversations off the back of the House. We will be moving to the special portion of our opening ceremonies here this morning. As many of you know, our Chief Clerk is retiring. I want to thank him. I have a couple remarks for him, and we also have a very special opportunity for some other individuals to also share remarks.

It is my great honor and pleasure to recognize and congratulate our Chief Clerk, Dave Reddecliff, on his retirement from the House of Representatives. Dave has served this institution loyally for 38 years. He is retiring with an exemplary record of service which began in 1982, when he was hired as a district staff assistant to Representative Paul Wass. Paul represented Indiana County and Dave was a recent graduate of the Indiana University of Pennsylvania. From there he would move to Harrisburg to continue building his distinguished career with the House. He worked with Representative George Hasay and the House Republican Conservation Committee, and then with a host of caucus leaders that included Representatives Harry Bowser, Howard Fargo, Dave Argall, and finally, Speaker Turzai.

The culmination of his career came on December 9, 2015, when Dave was sworn in as Chief Clerk and assumed the responsibilities for overseeing our daily operations here in this chamber. For the past 5 years he has held this position with distinction. He is well known for his outgoing personality and strong personal virtues. He assumed the role of Chief Clerk with a reputation for forging positive relationships with members and staff and managing operations efficiently and cost-effectively. I will let him share his own experiences on the cost-effectiveness. I saw a recent quote where he called himself the "Cheap Clerk," and I got a good chuckle when I saw that. If you know Dave, he is very approachable with a sense of humor like that.

You know his work ethic is impeccable and tireless and that he is always looking for ways to do things better, whether it is better utilization of space or more efficient light bulbs, Dave's mind is always working and focused on improving. He is a great collaborator. He welcomes ideas and suggestions from others and is receptive to outside-the-box thinking. These kinds of collaborations have resulted in improvements to our House chamber, to our committee rooms, to the technology that we use, and to the contracts that provide our services.

Dave worked long hours with the Bipartisan Management Committee to keep us safe during the pandemic. He led efforts to ensure that all members and staff had adequate personal protective equipment. Remote access capabilities were installed in the House chamber and in committee rooms. He was here each and every day the House was in session during the pandemic, and many other days when we were not.

Part of Dave's legacy will undoubtedly be the millions he saved the Commonwealth in contract, personnel, and operations costs. However, as Dave prepares to leave this institution – one that I know he loves dearly– I think he will be remembered most for his personal attributes. Dave has an extraordinary ability to connect with people. He has a remarkable rapport with staff, matching abilities to positions and bringing out the best in people throughout the process. His humble demeanor and broad and friendly smile immediately put you at ease. After a few minutes of conversation, Dave has discovered something you hold in

common, and he will be your friend forever. This is what makes Dave unique and what has made him especially well-suited and successful in the various positions that he has held here over the last 38 years.

Dave, as we bid you farewell, I want to sincerely and personally thank you, on behalf of all the members, for your outstanding and selfless service to the House of Representatives. Thank you for making this institution a better place and for positively impacting all of our lives. You will most assuredly be missed.

We wish you the very best as you enter the next phase of your life, which I understand will involve quite a bit of traveling to see your three children, and maybe a little bit of time on the golf course. You have earned it, my friend. We will miss you.

REMARKS BY MAJORITY LEADER

The SPEAKER. At this time I would like to recognize the majority leader for some remarks as well.

Mr. BENNINGHOFF. Thank you, Mr. Speaker.

I never like farewells or goodbyes, David, so bear with us. But, Mr. Speaker, we do appreciate the opportunity to share a couple comments.

I do rise with great pride to recognize our outgoing Chief Clerk, David Reddecliff, and we wish him and his family well in retirement. To the Speaker's comments, he is my favorite "Cheap Clerk," because he would always listen to my many suggestions, even when I was babbling at 30 miles an hour about different ways to save costs, and he never brushed anything off as though it was not important, because he cared.

When I thought about what comments I would write or what I would say about David, one thing to think about David Reddecliff and one word that really encapsulates our friend succinctly is the word "gentleman." David is a true gentleman, and I am going to share here a couple comments why. In the years that I have known him, in whatever capacity he was operating, David was always willing to work with anyone on an even playing field and without an ego or for self-gain or something to do just to get the job done.

The Speaker gave a little bit of background. As we know, David began his career in this building, or around this building, 38 years ago at a time when many of the staff and some of the members in this building were not even born. It is amazing, he is still 39 years old. He built what was to be a temporary job career into a great legacy, and he has truly left his mark on this institution, but more importantly, on many, many people. David has an unwavering passion for this institution and has taken each advancement in this building not with ambition, but with the heart of a true public servant. He treats every single person in this building with dignity, joy, and respect – again, the traits of a true gentleman. His passion, his excitement, and his genuine kindness are something we should all seek to emulate, both inside and outside the halls of this great Capitol, whether or not we are with members, staff, or everyday citizens.

If there is one thing David loved more than his career and us, his friends, it is his family, and still continues to be so. After 38 years, Dave, it is time for you to enjoy some of that time and energy with your family and your friends, and unfortunately, to leave your family here to others to take up the responsibility. Your mark on us and on this building will never be forgotten, and you will be cherished both collectively and individually.

On a personal note, I would have to say that my life is truly better because you were in it and being able to say that we have a friendship. So, Mr. Chief "Cheap" Clerk, you have my many thanks, as well as that of the chamber, and I wish you, your lovely wife, and your family the best in the future. Do not forget us; come back and visit. Thank you for your service. We are truly honored.

Thank you, Mr. Speaker.

The SPEAKER. The Chair thanks the gentleman.

REMARKS BY DEMOCRATIC LEADER

The SPEAKER. At this time the Speaker recognizes the Democratic leader, Representative McClinton.

Ms. McCLINTON. Thank you, Mr. Speaker.

Chief Clerk, is it okay if I take my mask off? It is a joke.

Now I know why the heat was never on in my office, because you are the "Cheap Clerk."

Thank you, Mr. Speaker. On behalf of the House Democratic Caucus, including our former retired members who are all very affectionate and fond of Dave Reddecliff, we are grateful for your service as our Chief Clerk. While this position is not well understood by people outside of our institution, it is a very important role for all of us who are so blessed and privileged to serve inside of this institution. The work done by our Chief Clerk is very important. It allows all of us to do our work as legislators, and when done right, it should not be an office that pushes a partisan agenda; rather, it is the job of the Chief Clerk to protect and advance the House as an institution and to provide all of us the tools that we need to fulfill our constitutional duty.

Dave, you worked on the Republican side of the House staff for many years before becoming our Chief Clerk, but when you took this job, you took it very seriously. You accepted the responsibilities that are very special that came with it, and you were in fact very fair across the board. You managed the bipartisan CORE staff in the House; you improved the facilities that we have here at the Capitol, including the addition of several new committee meeting rooms; and you treated most of us Democrats fairly – except for the ones you would not turn the heat up in our offices, wanting us to wear sweaters in the summer and spring. But you treated us fairly. Even though we are in the minority while you have been the Chief Clerk, you have been the voice for every single one of our members and you make sure that each of us feels as if we count equally and that we deserve to be heard.

And in this last year, in which we have celebrated essential workers, our Chief Clerk found a superhero's cape and came in taking this pandemic so very seriously. We spent many hours – with an "s" – up in my office, when I was our caucus chair, just talking about how we needed to take it seriously as a body and what we could do from each of our respective roles to keep our members, but most importantly, our staff safe, who work here on the floor and could never do their jobs, that are so significant, remotely. Thank you for your service. Thank you for ensuring that we have got these monitors on the floor. Your last big gesture was not a small one, but it is significant, and for that, our caucus will forever remember you not as the "Cheap Clerk," but as the one who ensured that we navigated through this pandemic very safely.

I have lost my page, Dave.

So each of us knows that being a legislator is a complicated job and we get pulled in many directions, and part of what the Chief Clerk does is watch our backs and keep this House in a state of readiness so that we can concentrate on our work without having to tend to many small details. One of the joys that we can all share is that you, Dave, made this job that you have done so well look so easy. We know it was not easy. We know you and your team spent hours working before the pandemic, but especially in this last year, and we are so grateful, not only for your hard work, but for the fact that you have always been consistently you: a friendly, authentic, and caring person. That is more than we can say about some. But you have looked out for us in many ways, and for that, we will be grateful. And you have made my transition – which has been very swift and brief – very easy into this role as Democratic leader.

So speaking for our entire caucus, we salute you, we congratulate you, and we thank your family – who has had to make many sacrifices, because we used to have lots of long nights with the gentleman from the 26th District – but we appreciate your hard work.

Thank you very kindly, and congratulations on your retirement. Endless blessings.

The SPEAKER. The Chair thanks the lady.

REMARKS BY MR. HICKERNELL

The SPEAKER. The Chair recognizes the gentleman, Representative Hickernell.

Mr. HICKERNELL. Thank you, Mr. Speaker.

Good morning. With the exception of Dave's parents, who I believe are here today, I have probably known Dave longer than anyone in this room. You see, we both started as staff people with the House of Representatives in May of 1983; it is hard to believe. I am proud to say that I have called Dave my friend for all of those 38 years.

One of my most memorable days here in the House of Representatives as a member was when I got to cast a vote for Dave Reddecliff to be the Chief Clerk of this House of Representatives. I knew then that Dave's experience, work ethic, professionalism, and personality made him a perfect fit to be the Chief Clerk of the House of Representatives. I think you all agree – and from what we have already heard from the two leaders – that Dave was an outstanding choice and he served us all quite well.

Dave is probably one of the most positive individuals that I have ever met in my life, and I do not believe I have ever heard a single person say a bad word about Dave Reddecliff – and of course, in the business that we are all in, that is pretty rare. I think we would all agree. Dave Reddecliff is one of the best staffers that I have ever known, and I have known quite a few in the 38 years that I have had the pleasure to work here. He is a role model for other staff, and I know many staff people who currently work here have gone to Dave for counsel and advice over the years, and if you have taken it, you have become better staffers because of it.

Dave, this House of Representatives is truly a better place because you have chosen to work here as your career, and as you know, because we have talked about it, I have very mixed

feelings today about your retirement. And although I am happy for you as you join Carole in retirement, I am very sad because this place just will not be the same for me without you, where we have worked together now for nearly four decades.

My good friend, I will miss you, I wish you well, and please keep in touch. God bless.

Thank you, Mr. Speaker.

The SPEAKER. The Chair thanks the gentleman.

REMARKS BY MS. HELM

The SPEAKER. The Chair recognizes the gentlewoman, Representative Helm.

Ms. HELM. Thank you, Mr. Speaker.

Today is a bittersweet day for the House of Representatives as we say goodbye to our Chief Clerk and friend, Dave Reddecliff. An employee of the Commonwealth since 1982, Dave's steadfast commitment to his role has shone through the multiple positions he has held during his career. I first had the pleasure of meeting Dave in 1988 when he came to work for me at my real estate office. From day one his dedication and work ethic were clear, and I knew he would be an asset to any team lucky enough to have him. And while Dave never worked for me personally during my time in government, I have been fortunate to call him a friend and colleague. In fact, I would say that Dave has played a large part in the fact that I am standing here today.

When I was running for my first elected position in 1988, I had a scheduling conflict for the day that the candidates draw for ballot position. Knowing the situation, Dave volunteered to draw my number on my behalf. I still remember seeing the look of dread on his face later that day when he told me he drew last ballot position. He knew – but this being my first election, he did not know if I knew – if you cannot be first, it is best to be last. I won that election, and that was the start of my political career. Over the next few years I made countless friends and connections thanks to Dave, one of whom became chief of staff for Governor Ridge. Through that connection, I was able to gain my footing in Pennsylvania politics.

When Dave first met with me about selling real estate on a part-time basis, he made it a point to tell me that when he and Carole had their first child, he would not continue with real estate. True to his word, Dave chose to leave real estate in 1992 after the birth of his first child, Andrew.

Dave is exactly the type of colleague you hope to have: intelligent, honest, and dedicated. He helped me navigate my way through my early days in Pennsylvania politics, and I thank him for that.

I would like to tell one funny story. Dave and several of his neighbors were unhappy with the builder/developer of their community. I got this call from the builder asking me to have Dave remove the signs he placed in his yard. I said, "Oh, Dave wouldn't do that. I know Dave wouldn't do that." So I called Dave and I asked him if he really does have signs in his yard, and his reply was "Yes, I do." That is our Dave, as honest as they come. And he not only removed the signs, but he and his wife, Carole, purchased a second home from that same builder. I called the builder to refresh my memory as to what those signs said, and the builder's reply was, "I can't remember. All I remember are good things about Dave Reddecliff."

And now, Dave, it is time for you to enjoy the fruits of your labor. We will certainly miss seeing you on the House floor and around the Capitol, but you have more than earned your retirement. Thank you for your friendship and for your many years of service to our wonderful Commonwealth of Pennsylvania.

The SPEAKER. The Chair thanks the lady.

REMARKS BY CHIEF CLERK DAVID REDDECLIFF

The SPEAKER. At this time we will invite the Chief Clerk to make his comments.

Mr. REDDECLIFF. Thank you very much.

Speaker Cutler, Leader Benninghoff, Leader McClinton, members, staff, family, friends:

The book of Ecclesiastes teaches us that "there is a time for everything...a time to weep and a time to laugh...a time to be silent and a time to speak..." It is now my time to say goodbye to a career that began just 13,993 days ago. I started on the same day as two dear friends, Tony DeLuca and Bob Freeman. Here I am hanging it up and the two of you are still going strong and anxious for another term. I wish you the best, my dear friends.

When the three of us officially reported to work on December 1, 1982, there was only one other person in this chamber that greeted us at the door, and that is my good friend and our outstanding Parliamentarian, Clancy Myer. Clancy and I have often discussed the idea of retiring but agree that it is not easy to leave an institution that you love and people whom you consider family. He asked me to go first so I can let him know in 10 years just how difficult it really is to say goodbye. Clancy, I will miss your wise counsel, our daily chats, and your wonderful wit.

As a kid growing up in Soap Hollow, Conemaugh Township, Somerset County, I never imagined that one day I would be standing before you to say farewell and thank you for the opportunity to serve the Pennsylvania House of Representatives.

This is a special place to me for many reasons. Many of you may not know that I met my wife, Carole, at work when she was working for Speaker Matt Ryan and I was staffing the Conservation Committee, as it was known then. It seemed like everyone in the building wanted to take credit for getting us together. Turns out we are a perfect match. She understood the uncertainty that surrounds session. I never had to explain why we were working on the Fourth of July or until 2 in the morning in the old days. She knew it was impossible to make plans on session days or in the summer during a budget impasse. I am thrilled to say that in August, we will celebrate our 35th wedding anniversary and have three terrific children. In fact, when people ask for my proudest accomplishment, I tell them, more than anything, it is my independent, successful, and loving kids.

Although they cannot be here in person today, our son, Andrew, and his girlfriend, Veronica; our youngest child, Hannah; my sister, Luann, and her friend, Karl; my brother, Scott; my mother-in-law, Shirley Seigler; my sister-in-law, Rhonda Seigler; and my favorite uncle and his wife, David and Patty McDaniel, are all watching the livestream of today's ceremony.

Joining us today are my beautiful wife, Carole, and our middle child, Maggie; my mom and dad, Sally and Bill Reddecliff; and my youngest sister, Heidi Faust, who just happens to be

celebrating her birthday today. Happy birthday, Heidi. And thanks to all of you for being here. Would you just stand up for a moment.

To my entire family, thank you for your love and support over the years. I hope you know how much I look forward to spending more quality time with each of you. I warn you now, Carole and I plan to travel a great deal after the COVID restrictions are lifted, so you never know when we might show up at your front door.

We all define success in different ways. I truly believe that much of my success stems from the exemplary institutional employees in CORE. I want to say thank you to every Chief Clerk and Comptroller employee who works tirelessly behind the scenes to make this place operate so efficiently. For the Journal, I am providing a list of all names, all of the talented people who have made me look good over the past several years. I know most of you do not know all the departments that fall under the Clerk, so I thought I would identify each. They include Archives, Benefits, Broadcasting, Custodial, Health Services, CORE IT, Legal and HR, Legislative Services, Postal Services, Publications and our own Messengers, Print Shop Maintenance, Purchasing, the Reporters, Security, and the Storeroom. Because of COVID, we could not have everyone on the floor today, but for those who are here today, please stand to represent our entire team, and please give them a hearty thanks for their outstanding efforts. It is a great team.

One person that I will single out is Tammy Neidlinger Neupauer, who has been my executive assistant and good friend during my tenure. Today, after more than 29 years of dedicated service, she, too, is retiring. Tammy, thank you for your hard work and friendship. I will miss you, and I wish you the very best in your new endeavors. Tammy, please stand up.

As you would imagine, in 38 years I have met and interacted with many fine individuals – friends, mentors, bosses, and coworkers – from across the Commonwealth, several that have impacted my life. The late K. Leroy Irvis, an outstanding man who was the Speaker when I first arrived in Harrisburg, said, and I quote, "I feel blessed in many ways that I am able to disagree with a man or woman without disliking him or her. There is no one in the Hall of the House to whom I will not talk and to whom I will not listen...I will talk and I will listen and I will learn." In my own career, I have purposefully attempted to abide by rules like this each and every day. I talk and listen to all. I stay positive, regardless of the circumstances, and I treat everyone with respect. Another verse from Ecclesiastes that I embrace reminds us all that "there is nothing better for people than to be happy and to do good while they live."

The first former member that had an enormous impact on me was Representative Paul Wass. He was my first boss; a very caring, generous man of faith who hired me as a recent IUP grad in the 62d Legislative District office to get my foot in the door. Ironically, his was the final condolence resolution that I had the honor to read just last week. Over the years I called and visited Paul regularly, so he knew how much our friendship meant to me.

In 1983 I met Sam Hayes, the former majority leader and minority whip, who assigned me to the research staff. Sam is a smart, straightforward, and focused guy. He saw something in me when I was just a young man. I am forever grateful for his willingness to take a chance on me. Sam, if you are watching, thank you.

My first chairman, George Hasay, was kind and decent and got along with everyone. Unfortunately, he, too, recently passed away.

Harry Bowser, a grape farmer, barber, and an outstanding boss and good friend, was the first to give me a shot working in leadership. He could be gruff on the outside, but I saw a compassionate and fun-loving person on the inside who loved to take his staff to the Carsonville Hotel, a little town in northern Dauphin County.

From 1988 to 2000 I worked for Howard Fargo, another wonderful mentor, close friend, and golfing buddy. Howard and I developed a close bond almost immediately, even though we were over three decades in age apart. We had many things in common, but most of all I enjoyed golfing with him more than anyone else on the Harrisburg scene. I still visit him and his wife, June, when we travel to Florida.

I spent the next 8 years with Dave Argall's team before he abandoned us for the other chamber. Interestingly enough, Dave and I became friends much earlier when we both served in the Research Department. I felt a little guilty at first not going with him to the Senate, but my heart has always been in this chamber, and upon further reflection, things turned out pretty well.

In 2010 I got the infamous call from Mike Turzai when I was in Phoenix, Arizona, shortly after he became majority leader. I say infamous because he mistakenly called me the next day to ask when I would be back in Pennsylvania. At that point, not telling me what he wanted, I thought perhaps he was getting rid of all the old guys. Little did I know that a new and exciting adventure was around the corner. Mike, along with his former top advisers and good friends, Sara Kennedy, Krystjan Callahan, Neal Leshner, and Steve Miskin, are with us today, and I cannot express enough what it means to me to have you folks join us. Thank you.

As I reflect on the years I have served, today may be the most difficult day of my career. Saying goodbye is never easy, especially when I have thoroughly enjoyed the tasks and challenges of each and every day and consider you all such good and great friends. While I may soon be forgotten – after all, I do know how this place works – each of you and my time here will be on my mind for quite a while. Someone once said that you never really leave a place you love, you take part of it with you and leave part of you there. I knew from the very beginning that I would never be perfect in this job, but what I did recognize immediately was this position was perfect for me.

It has truly been my honor and privilege to serve this institution and the citizens of our Commonwealth in this historic role that dates back to 1682. I am blessed in so many ways and cannot thank you enough for providing me the career of a lifetime. I sincerely hope our paths cross again soon. Thank you.

The SPEAKER. Thank you, Mr. Chief Clerk.

As a tribute to Dave's outstanding service, we are going to now play a short video that will be shown on the monitors here in the chamber. We asked him to take a seat down front so he could get a good view. I want to thank everybody on the media crew who worked on this, and I hope everybody enjoys it.

(Video tribute to Chief Clerk David Reddecliff.)

CEREMONIAL GAVEL AND MEDAL OF SERVICE PRESENTED

The SPEAKER. At this time we will invite the Chief Clerk to come to the rostrum for a presentation of a ceremonial gavel as well as a medal of service.

Dave, on behalf of the House, we want to thank you for your years of service, your dedication, and all the hard work that you put in. I also, personally, as someone who always tries to give credit where credit is due, appreciate your recognition of all the staff who work for you, because it is our staff that day in and day out make us look wonderful, and that is a huge testament to your character and your dedication to this institution. We greatly appreciate it and we will mostly assuredly miss you.

We were going to have him read his own citation but thought better of it.

That will conclude the ceremonial part of the opening here today. Upon the break, on the balcony outside of the House chamber in front of the Lieutenant Governor's Office, there will be a reception location there.

LEAVES OF ABSENCE

The SPEAKER. At this time, knowing that the committee meetings are concluded and prior to the break, I will ask, are there any requests for leaves of absence?

The Chair recognizes the majority whip, who indicates that there are none. The Chair thanks the lady.

The Chair recognizes the Democratic whip, who indicates that there are none. The Chair thanks the gentleman.

GAMING OVERSIGHT COMMITTEE MEETING

The SPEAKER. Prior to the break, we are going to move to committee announcements.

The Chair recognizes the gentlewoman, Representative Helm, for a committee announcement.

Ms. HELM. Thank you, Mr. Speaker.

The House Gaming Oversight Committee will conduct a voting meeting tomorrow, Wednesday, March 24, at 10 a.m., in room 60, East Wing. Thank you.

The SPEAKER. The Chair thanks the lady.

The Gaming Oversight Committee will meet tomorrow at 10 a.m. in room 60, East Wing.

REMARKS BY MR. SAYLOR

APPROPRIATIONS COMMITTEE MEETING

The SPEAKER. The Chair recognizes the gentleman, Representative Saylor, for a committee announcement.

Mr. SAYLOR. Thank you, Mr. Speaker.

Before we announce the committee meeting, I did want to thank the Chief Clerk as well. I think Chairman Bradford and I and the Appropriations Committee, we had our Appropriations Committee meetings here on the House floor, and Dave Reddecliff made that go so easy. We even heard from the administration, the Governor's Office, how much they

appreciated the Chief Clerk and the way he made our hearings so safe during this COVID experience. And I concur, David is going to be very much missed here.

But with that, I would like to announce a committee meeting of the Appropriations Committee in the majority caucus room at 12:15, Mr. Speaker.

The SPEAKER. The Chair thanks the gentleman.

The Appropriations Committee will meet in the majority caucus room at 12:15.

REPUBLICAN CAUCUS

The SPEAKER. The Chair recognizes the gentleman, Representative Dunbar, for a caucus announcement.

Mr. DUNBAR. Thank you, Mr. Speaker.

Republicans will caucus at 12:30 in the majority caucus room, as well as virtually; that is 12:30 in the majority caucus room. We will be prepared to be back on the floor at 1:30. Thank you.

The SPEAKER. The Chair thanks the gentleman.

DEMOCRATIC CAUCUS

The SPEAKER. The Chair recognizes the gentleman, Representative Dan Miller, for a caucus announcement.

Mr. D. MILLER. Thank you, Mr. Speaker.

The Democrats will caucus at 12:30.

The SPEAKER. The Chair thanks the gentleman.

RECESS

The SPEAKER. This House will stand in recess until 1:30, unless sooner recalled by the Speaker.

RECESS EXTENDED

The time of recess was extended until 2 p.m.; further extended until 2:18 p.m.

AFTER RECESS

The time of recess having expired, the House was called to order.

On the question,
Will the House agree to the amendment?

The SPEAKER. On that question, the Chair recognizes the gentleman, Representative O'Neal.

Mr. O'NEAL. Thank you, Mr. Speaker.

Mr. Speaker, my amendment will provide for continuity in the operations of the program and will ensure adequate oversight of the funding for the program by the General Assembly by simply amending the bill to transition the Keystone State Challenge Academy Fund to a restricted receipts account within the General Fund. I ask the members for an affirmative vote.

Thank you, Mr. Speaker.

The SPEAKER. The Chair thanks the gentleman.

The Speaker recognizes the gentleman, Representative Sainato, on the amendment.

Mr. SAINATO. Thank you, Mr. Speaker.

I rise today to support the O'Neal amendment. I think this is a commonsense amendment. Our committee has been working very diligently in a very bipartisan way to get this bill going and moving, and I encourage all my colleagues to support this. It is supported by the National Guard. And I think that we need to get this done and this is a great program and I support this amendment.

The SPEAKER. The Chair thanks the gentleman.

Members, please take your seats. Move any conversations off the aisle. We are debating a very important bill regarding the National Guard.

On the question of the amendment, the Chair recognizes the gentlewoman, Representative Boback.

Ms. BOBACK. Thank you, Mr. Speaker.

In my capacity as the majority chair of the House Veterans Affairs and Emergency Preparedness Committee, I rise in support of amendment A00526, sponsored by Representative O'Neal. This agreed-to amendment has the support of the DMVA (Department of Military and Veterans Affairs), our Pennsylvania National Guard, and the Pennsylvania National Guard Associations. It creates a secure fund that will draw a 75-percent match from the Federal government, as well as donations from private sectors, therefore making this program for at-risk youth a very successful endeavor. Similar to programs that other National Guards across the country have undertaken, this will make Pennsylvania a partner in this great success.

I ask for your support of the O'Neal amendment. Thank you.

Thank you, Mr. Speaker.

The SPEAKER. The Chair thanks the lady.

On the question recurring,
Will the House agree to the amendment?

(Members proceeded to vote.)

The SPEAKER. On that question, the Chair recognizes the gentlewoman, Representative Oberlander.

Ms. OBERLANDER. Thank you, Mr. Speaker.

The electronic board is accurate.

The SPEAKER. The Chair thanks the lady and recognizes the gentleman, Representative Harris.

Mr. HARRIS. Thank you, Mr. Speaker.

The electronic board is accurate.

The SPEAKER. The Chair thanks the gentleman.

Amend Bill, page 5, line 4, by striking out the bracket after "independent"

On the question,

Will the House agree to the amendment?

The SPEAKER. On the question, the Chair recognizes the gentlewoman, Representative Keefer, on the amendment.

Mrs. KEEFER. Thank you, Mr. Speaker.

This amendment would add some fiscal accountability here. It would create a restricted account versus another special fund so that it would remain in the General Fund and under the purview of the General Assembly. And I would appreciate my colleagues' support.

The SPEAKER. The Chair thanks the lady and recognizes the gentleman, Representative O'Neal, on the amendment.

Mr. O'NEAL. Thank you, Mr. Speaker.

Mr. Speaker, my amendment, which we just adopted into the bill, actually changes the process from a special fund to a restricted account within the General Assembly. To the lady's comments – and I certainly respect what she is trying to do – her amendment would actually make it a lapsing fund, which completely, completely makes the bill worthless and it undermines the bill altogether. So I would ask for a "no" vote on the amendment. Thank you.

The SPEAKER. The Chair thanks the gentleman and recognizes the gentlewoman, Representative Boback.

Ms. BOBACK. Thank you, Mr. Speaker.

With due respect to my colleague, I do rise in opposition to this amendment, A00511. This amendment would strip the bill of its nonlapsing funds, thereby directly jeopardizing Federal matching funds, as well as private donations. I ask the members for a negative vote on this amendment. Thank you.

Thank you, Mr. Speaker.

The SPEAKER. The Chair thanks the lady and recognizes the gentleman, Representative Saylor.

Mr. SAYLOR. Thank you, Mr. Speaker.

I, too, rise to oppose the amendment. I think Representative O'Neal and Representative Boback have spoken to the reasons for the defeat of this amendment. I appreciate what the lady is trying to do, but this is critical for the success of the program that this amendment be defeated.

Thank you, Mr. Speaker.

The SPEAKER. The Chair thanks the gentleman and recognizes the gentleman, Representative Sainato, on the amendment.

Mr. SAINATO. Thank you, Mr. Speaker.

I, too, want to echo the comments of the majority Appropriations chairman and my majority chairman of the Veterans Affairs Committee. We worked very hard on this legislation. With the O'Neal amendment going in, we believe that was a compromise to make it right for all stakeholders, so I would encourage a negative vote on this amendment.

The SPEAKER. The Chair thanks the gentleman.

On the question recurring,

Will the House agree to the amendment?

(Members proceeded to vote.)

Less than the majority having voted in the affirmative, the question was determined in the negative and the amendment was not agreed to.

On the question recurring,

Will the House agree to the bill on second consideration as amended?

Bill as amended was agreed to.

The SPEAKER. The bill as amended will be reprinted.

* * *

The House proceeded to second consideration of **HB 63, PN 937**, entitled:

An Act relating to the administration and distribution of COVID-19 vaccinations in this Commonwealth.

On the question,

Will the House agree to the bill on second consideration?

Mr. **LAWRENCE** offered the following amendment No. **A00535**:

Amend Bill, page 1, lines 8 through 18, by striking out all of said lines and inserting
Section 2. Definitions.

The following words and phrases when used in this act shall have the meanings given to them in this section unless the context clearly indicates otherwise:

"COVID-19." The novel coronavirus as identified in the Governor's Proclamation of Disaster Emergency issued on March 6, 2020, published at 50 Pa.B. 1644 (March 21, 2020).

"COVID-19 vaccine." A vaccine for COVID-19 that has received an emergency-use authorization from the United States Food and Drug Administration.

Section 3. Administration.

Notwithstanding any other act to the contrary, an individual authorized to administer a COVID-19 vaccine by the United States Department of Health and Human Services under the Seventh Amendment to Declaration Under the Public Readiness and Emergency Preparedness Act for Medical Countermeasures Against COVID-19 shall be permitted to administer vaccines in this Commonwealth, including:

(1) A midwife, paramedic, advanced or intermediate emergency medical technician, physician assistant, respiratory therapist, dentist, podiatrist, optometrist or veterinarian licensed, registered or certified to practice under the laws of this Commonwealth.

(2) A physician, advanced practice registered nurse, registered nurse, practical nurse, pharmacist, pharmacy intern, midwife, paramedic, advanced or intermediate emergency medical technician, respiratory therapist, dentist, physician assistant, podiatrist, optometrist or veterinarian who has held an active license, registration or certification under the laws of this Commonwealth within the last five years, which is inactive, expired or lapsed, if the license, registration or certification was active and in good standing prior to the date it went inactive, expired or lapsed and was not revoked by the licensing authority, surrendered while under suspension, discipline or investigation by a licensing authority or surrendered following an arrest, and the individual is not on the List of Excluded Individuals/Entities maintained by the Office of Inspector General.

(3) A medical, nursing, pharmacy, pharmacy intern, midwife, paramedic, advanced or intermediate emergency medical technician, physician assistant, respiratory therapy, dental, podiatry, optometry or veterinary student with appropriate training in administering vaccines as determined by his or her school or training program, and under the direct supervision of a currently practicing health care professional who is licensed,

registered or certified in this Commonwealth and who is experienced in administering intramuscular injections.

Section 4. Requirements.

Individuals who gain authorization to administer COVID-19 vaccines under this act are subject to the following requirements:

- (1) Individuals must have documentation showing:
 - (i) Current basic life support certification, commonly known as basic cardiopulmonary resuscitation or CPR.
 - (ii) Completion of an immunization training program endorsed or provided by the Centers for Disease Control and Prevention, the Accreditation Council for Pharmacy Education or any similar training approved by the Secretary of Health that, at a minimum, includes:
 - (A) Hands-on injection technique.
 - (B) Clinical evaluation of indications and contraindications of vaccines.
 - (C) Recognition and treatment of emergency reactions to vaccines.
- (2) (Reserved).

Section 5. Observation period.

Health care professionals and students who gain authorization to administer COVID-19 vaccines under this act must have documentation of an observation period by a currently practicing health care professional experienced in administering intramuscular injections, and for whom administering intramuscular injections is in their ordinary scope of practice, who confirms competency of the health care provider or student in administration of COVID-19 vaccines.

Section 6. Recordkeeping.

Health care professionals and students who gain authorization to administer COVID-19 vaccines under this act must comply with recordkeeping and reporting requirements as determined by the Secretary of Health.

Section 7. Expiration.

This act shall expire 60 days after the termination of the Governor's COVID-19 emergency declaration order, or December 31, 2022, whichever is earlier.

Section 8. Effective date.

This act shall take effect immediately.

On the question,
Will the House agree to the amendment?

The SPEAKER. On that question, the Chair recognizes the gentleman, Representative Lawrence.

Mr. LAWRENCE. Thank you, Mr. Speaker.

Mr. Speaker, this amendment, A00535, brings the underlying bill into conformance with the guidance issued by the Federal Department of Health and Human Services. I would appreciate an affirmative vote.

The SPEAKER. The Chair thanks the gentleman.

The majority having voted in the affirmative, the question was determined in the affirmative and the amendment was agreed to.

On the question recurring,

Will the House agree to the bill on second consideration as amended?

Mr. C. WILLIAMS offered the following amendment No. A00566:

Amend Bill, page 2, by inserting between lines 46 and 47 (A00535)

Section 6.1. Vaccine distribution plan.

No later than 14 days after the effective date of this section, the Department of Health shall submit a report to the President pro tempore of the Senate, the Majority Leader of the Senate, the Minority Leader of the Senate, the Speaker of the House of Representatives, the Majority Leader of the House of Representatives, the Minority Leader of the House of Representatives, the chairperson and minority chairperson of the Health and Human Services Committee of the Senate and the chairperson and minority chairperson of the Health Committee of the House of Representatives. The report shall describe the means by which the Department of Health will provide sufficient doses of COVID-19 vaccine to counties that have requested more doses of COVID-19 vaccine than the county received from the Department of Health.

On the question,

Will the House agree to the amendment?

The SPEAKER. On that question, the Chair recognizes the gentleman, Representative Craig Williams.

Mr. C. WILLIAMS. Thank you, Mr. Speaker.

Sound policymaking requires accurate and timely information. For weeks many of us have demanded information and a plan about the equitable distribution of vaccine to counties across the Commonwealth. As legislators, the effectiveness of our efforts to vaccinate Pennsylvanians as efficiently as possible depends on good, reliable data and information from the Department of Health. My amendment simply requires the department to inform us via legislative leaders about their plans to provide a sufficient number of doses for the COVID-19 vaccine to those counties which have requested them. That plan would necessarily include information about the number of vaccine doses already administered in our counties.

During the most significant health challenge of our lifetime, the need for high-quality information and a plan is even more pronounced, and I respectfully ask for an affirmative vote.

The SPEAKER. The Chair thanks the gentleman and recognizes the gentleman, Representative Lawrence, on the amendment.

Mr. LAWRENCE. Thank you, Mr. Speaker.

I appreciate the gentleman from Delaware County offering this amendment and I encourage an affirmative vote. Thank you.

On the question recurring,

Will the House agree to the bill on second consideration as amended?

Mrs. **SCHROEDER** offered the following amendment No. **A00538**:

Amend Bill, page 1, by inserting between lines 6 and 7 (A00535) "Affected county." Any of the following:

(1) A county of the second class A.

(2) A county of the third class which has entered into an intergovernmental cooperation agreement to oversee the COVID-19 response in a county of the second class A.

Amend Bill, page 1, by inserting between lines 12 and 13 (A00535)

"Mass vaccination site." Any of the following:

(1) A location in an affected county designed to quickly and efficiently provide COVID-19 vaccinations on a mass scale to the general public.

(2) The term includes a location under paragraph (1), including a gymnasium, shopping center, parking lot, senior center, house of worship, library, fire station or other facility not typically utilized for the delivery of medical services.

(3) The term does not include the following:

(i) A location under paragraph (1) which is a hospital, nursing home, assisted living facility, skilled nursing facility, pharmacy or other facility where the delivery of medical services is typically performed or an auxiliary location utilized by a hospital, health care system or pharmacy to provide COVID-19 vaccinations with COVID-19 vaccines obtained by the respective hospital, health care system or pharmacy.

(ii) A location under paragraph (1) primarily or exclusively providing COVID-19 vaccinations to individuals at their own place of employment, or to individuals in a specific field of employment, including teachers, agricultural workers, grocery store employees or other individuals deemed as essential workers.

(iii) A location under paragraph (1) primarily or exclusively providing COVID-19 vaccinations to individuals covered under a collective bargaining agreement.

Amend Bill, page 2, by inserting between lines 46 and 47 (A00535)

Section 6.1. Distribution of COVID-19 vaccines to a mass vaccination site.

The Department of Health shall deliver COVID-19 vaccines intended for use at a mass vaccination site in an affected county to the health department of the affected county, or the county health department overseeing the response to the COVID-19 pandemic for the affected county. The governing board of each affected county shall have sole authority to designate a location or locations to be utilized as a mass vaccination site or sites within the county and shall coordinate with the appropriate county health department for the delivery and administration of COVID-19 vaccines at each mass vaccination site.

On the question,

Will the House agree to the amendment?

The **SPEAKER**. On that question, the Chair recognizes the gentlewoman, Representative Schroeder.

Mrs. **SCHROEDER**. Thank you, Mr. Speaker.

This amendment deals with our county boards of health. I ask for an affirmative vote.

The **SPEAKER**. The Chair thanks the lady and recognizes the gentlewoman, Representative O'Mara, on the amendment.

Ms. **O'MARA**. Thank you, Mr. Speaker.

I also rise today to support the gentlewoman from Bucks County's amendment. In the southeast, our commissioners in all four collar counties have been working very hard to distribute vaccines when they get them, and they are asking to have these allocations instead of setting up mass sites. So I support this amendment and ask my colleagues to do the same.

Thank you, Mr. Speaker.

The **SPEAKER**. The Chair thanks the lady and recognizes the gentleman, Representative Lawrence, on the amendment.

Mr. **LAWRENCE**. Thank you, Mr. Speaker.

I rise to support the amendment offered by the lady from Buckingham and would appreciate an affirmative vote. Thank you.

The SPEAKER. On that question, the Chair recognizes the gentlewoman, Representative Rapp.

Ms. RAPP. Thank you, Mr. Speaker.

This amendment is agreed to with the minority chairman. It addresses some of the concerns that were raised by the Health Committee members when the legislation came out of committee. This amendment will clarify the length of time that a facility can be closed to essential caregivers. It also clarifies that the essential caregivers may bear the costs associated with visiting their loved one and allows for updates of the protocol by the department as the disaster emergency progresses. Additionally, the amendment removes the requirement that staff also remain in the facility for lengthy, for lengthy facility closures. And the adoption of this amendment is supported by LeadingAge, the Pennsylvania Health Care Association, SEIU (Service Employees International Union), and others. I please ask you for an affirmative vote on this amendment so that family members will not have to be separated from their loved ones in a congregate care setting during another pandemic.

Thank you, Mr. Speaker.

The SPEAKER. The Chair thanks the lady.

On the amendment, the Chair now recognizes the gentleman, Representative Frankel.

Mr. FRANKEL. Thank you, Mr. Speaker.

I just want to thank the gentlelady, the majority chair of the Health Committee, for working together on this amendment to improve this piece of legislation, and it is an agreed-to amendment. Thank you.

The SPEAKER. The Chair thanks the gentleman.

On the question recurring,
Will the House agree to the amendment?

(Members proceeded to vote.)

The SPEAKER. On that question, the Chair recognizes the gentlewoman, Representative Oberlander.

Ms. OBERLANDER. Thank you, Mr. Speaker.

The electronic board is accurate.

The SPEAKER. The Chair thanks the lady and recognizes the gentleman, Representative Harris.

Mr. HARRIS. Thank you, Mr. Speaker.

The majority having voted in the affirmative, the question was determined in the affirmative and the amendment was agreed to.

On the question,

Will the House agree to the bill on second consideration as amended?

Bill as amended was agreed to.

The SPEAKER. The bill as amended will be reprinted.

* * *

The House proceeded to second consideration of **HB 334**, **PN 308**, entitled:

An Act amending Title 75 (Vehicles) of the Pennsylvania Consolidated Statutes, in registration of vehicles, further providing for display of registration plate.

On the question,

Will the House agree to the bill on second consideration?

Bill was agreed to.

* * *

The House proceeded to second consideration of **HB 606**, **PN 941**, entitled:

An Act amending Title 75 (Vehicles) of the Pennsylvania Consolidated Statutes, in rules of the road in general, further providing for speed timing devices.

On the question,

Will the House agree to the bill on second consideration?

Mr. **HEFFLEY** offered the following amendment No. **A00471**:

Amend Bill, page 2, line 30; page 3, lines 1 and 2; by striking out all of line 30 on page 2, all of line 1 and "~~(2)~~ (3)" in line 2 on page 3 and inserting

(2)

Amend Bill, page 3, line 4, by striking out "(4)" and inserting

(3)

Amend Bill, page 3, line 5, by striking out "(5)" and inserting

(4)

Amend Bill, page 4, line 6, by striking out "FROM A STATIONARY POINT"

Amend Bill, page 9, line 12, by inserting after "equipment" used from a stationary point

On the question,

Will the House agree to the amendment?

The SPEAKER. On that question, the Chair recognizes the gentleman, Representative Heffley.

Mr. **HEFFLEY**. Thank you, Mr. Speaker.

Amendment A00471 would remove language that was put in through an amendment that would have to do with moving radar. While I fully support our men and women in uniform and I think that the Pennsylvania State Police is probably the finest law enforcement agency in the nation, and at a time when so many have been berating law enforcement and putting them down,

I think it is just great that we have such great men and women who are putting their lives on the line every day to protect us.

However, the reason for this amendment is because I do not think that the residents of the Commonwealth are ready for or need moving radar to keep them safe on the highways. I think that the underlying bill dealing with getting radar in the hands of our local law enforcement officers could provide them opportunities to provide public safety in their communities – I think that is a noble bill and I fully support it – however, I feel that if this amendment goes in, that bill will have a better opportunity of making it to the Governor's desk. So I would ask for an affirmative vote on this amendment. Thank you.

The SPEAKER. The Chair thanks the gentleman and recognizes the gentleman, Representative Rothman, on the amendment.

Mr. **ROTHMAN**. Thank you, Mr. Speaker.

Mr. Speaker, with all due respect to my good friend and colleague, I am opposed to this amendment. Our State Police have used radar for 50 years, and if you could imagine, the roads that they are patrolling are the roads where people are really speeding. So imagine being on the Pennsylvania Turnpike or 81 or 78 and a car – the State Police officer is sitting on the side of the road and a car goes by at 90 miles an hour. That police officer has to then get onto the road, causing danger, potential danger to other people in traffic, and chase down this person speeding. Right now a police officer tailing a speeder can use his speedometer or her speedometer to figure out whether or not the person is speeding. Why not let them use the technology that exists?

This underlying bill and part of the problem with this amendment is we need to give technology to the people that keep us safe. That is what this is about. This is about changing behavior, slowing people down. We lose 40,000 people a year on our highways to deaths and 4 million to injuries. So I would ask my colleagues to vote "no" on this well-intentioned amendment.

The SPEAKER. The Chair thanks the gentleman and recognizes the gentleman, Representative Carroll, on the amendment.

Mr. **CARROLL**. Thank you, Mr. Speaker.

Mr. Speaker, I, too, rise to oppose this amendment. Mr. Speaker, the language in the bill with respect to moving radar was inserted in the committee level at the request of the Pennsylvania State Police, and their support for this bill evaporates if this amendment, 471, were to be included in the bill.

Mr. Speaker, nearly every other State allows their State Police, their State troopers and State highway patrol to use moving radar. This is nothing new. And in fact, in Pennsylvania currently, the State Police can enforce speed by tailing a vehicle and measuring their speed on the calibrated speedometer of the police vehicle.

So, Mr. Speaker, I ask for a negative vote on this amendment. If we are serious about getting radar to local police officers, this amendment must be defeated. Thank you.

The SPEAKER. The Chair thanks the gentleman.

The Chair recognizes the gentleman, Representative Heffley, for the second time.

Mr. **HEFFLEY**. Thank you, Mr. Speaker.

I just am very concerned that the residents of this Commonwealth are not going to support radar. What is going to happen is, if you are going westbound, and maybe you are going a little bit over the speed limit, a vehicle coming at you, you are

going to get a ticket, officers are going to get a call, people are going to be discouraged. We did a lot of work and did a lot of research when we put cameras in work zones, and I think that is tremendous for public safety and also for those workers in those areas. There has been a lot of research done on this. I just I think this— Maybe it is a good idea, but at this time I think it is premature. I do not think we have done enough research. I do not think there has been a single hearing on this issue. And I believe the residents of this Commonwealth do not want this legislation passed. So I would ask for an affirmative vote on this amendment. Thank you.

The SPEAKER. The Chair thanks the gentleman.

The Chair recognizes the gentleman, Representative Jozwiak.

The Chair would simply remind the members, it is typically a courtesy to allow the prime sponsor of the amendment to speak immediately prior to the prime sponsor of the bill; however, the gentleman, Representative Jozwiak, was seeking recognition so I will recognize him. I would just ask the members to please make an effort to be recognized prior to the prime sponsors of the amendments and bills speaking their final time generally as a courtesy of the House.

The gentleman is in order and may proceed.

Mr. JOZWIAK. Thank you, Mr. Speaker.

While in talking with the State Police on this moving radar, I just want to point out a couple things. You know, in the world today – in the United States, police officers are being attacked all over the country. They are being shot, they are in their cars, they are parked, there are different things. Today when a police officer runs radar, he is parked and everybody gets on their cell phone and they get on their Waze and they show right where the police officer is sitting. If somebody wants to injure that police officer or attack him, they know exactly where he is. With the moving radar, it is a safety factor for them. And by the way, Pennsylvania is the only State in the United States that the troopers do not have the moving radar. So I would ask you to keep the moving radar in this bill and vote "no" on this amendment.

And thank you, Mr. Speaker, for indulging me.

The SPEAKER. The Chair thanks the gentleman.

The Chair recognizes the gentleman, Representative Lawrence, on the amendment.

Mr. LAWRENCE. Thank you, Mr. Speaker.

Will the maker of the amendment stand for interrogation?

The SPEAKER. The gentleman indicates he will, and you are in order and may proceed.

Mr. LAWRENCE. Thank you, Mr. Speaker.

Mr. Speaker, it was just stated here on the House floor that if your amendment goes in that the support of the Pennsylvania State Police for moving forward with municipal radar, quote, "evaporates." That is what was just said here on the floor. Now, this is interesting, Mr. Speaker, because I recall from Appropriations hearings last year, the State Police said they were supportive of moving forward with municipal radar and I did not recall any conditions being put upon that support. So I wanted to ask the maker of this amendment if he had any thought on that, because I have not heard anything like that. That is new information to me.

Mr. HEFFLEY. I would just say that it is my understanding that has been said from time to time. However, I think it is important that we would provide our local law enforcement every opportunity so they can safely patrol their streets; at the same time, I do not think we should pit one agency against another. So I would ask for an affirmative vote on this amendment.

The SPEAKER. The Chair thanks the gentleman.

Has the gentleman concluded his interrogation? The Chair thanks the gentleman.

The Chair recognizes the gentleman, Representative Rothman, for the second time on the amendment.

Mr. ROTHMAN. Thank you, Mr. Speaker.

I know I was not being interrogated, but I feel like I need to answer the question. At 3:45 on Monday – I am sorry, the day before our last Transportation meeting where we voted on this, a letter went out from the State Troopers Association saying that they were opposed to the underlying bill. At 8:45 in the morning before our 9 o'clock meeting, we received another e-mail – or another letter stating that with the Carroll amendments dealing with the moving radar and lidar, they would go from opposing to supporting the bill. So the Representative who spoke on the State Police's position was absolutely right. And that is the Troopers Association, which may be different than the official State Police officers, but they will go from supporting this bill to opposing this bill if this amendment passes.

Thank you, Mr. Speaker.

The SPEAKER. The Chair thanks the gentleman.

On the question recurring,

Less than the majority having voted in the affirmative, the question was determined in the negative and the amendment was not agreed to.

On the question recurring,
Will the House agree to the bill on second consideration?

Mr. **EMRICK** offered the following amendment
No. **A00472**:

Amend Bill, page 3, lines 5 through 11, by striking out all of said lines

On the question,
Will the House agree to the amendment?

The SPEAKER. On that question, the Chair recognizes the gentleman, Representative Emrick.

Mr. EMRICK. Thank you, Mr. Speaker.

My amendment removes the Delaware River Port Authority and the Delaware River Joint Toll Bridge Commission from the ability and power to use radar for speed enforcement. There are a number of reasons why this amendment is proposed. First and foremost is the issue of safety as motorists cross the bridges – cross the Delaware trying to navigate tollbooth lanes, E-ZPass lanes, exits – and so that is one reason. I do not know where in many cases over the bridges the law enforcement would have the ability to pull cars over, so that adds another safety issue. And there is no reason to give these two bistate compacts another excuse to charge people and raise revenues. So with that, I ask for an affirmative vote.

Thank you, Mr. Speaker.

The SPEAKER. The Chair thanks the gentleman.

On the amendment, the Chair recognizes the gentleman, Representative Carroll.

Mr. CARROLL. Thank you, Mr. Speaker.

Mr. Speaker, if the underlying sponsor of the amendment is not for radar for police and speed enforcement, I understand that. But, Mr. Speaker, in terms of safety, I would offer that having vehicles' speed monitored going across the Walt Whitman Bridge or the Commodore Barry Bridge is important. And it is especially important because on the New Jersey side, as you approach the bridge and come up to the approach ramps on the New Jersey side, there is speed enforcement; however, on the Pennsylvania side, the Pennsylvania State Police cannot and the DRPA Police cannot use radar to enforce speed on the Walt Whitman, the Commodore Barry Bridge, and others.

Now, in effort to try and strike middle ground, Mr. Speaker, I filed amendment A540, which would have given the speed enforcement authority to the DRPA folks in southeastern Pennsylvania and exempted the bridges into New Jersey from the Lehigh Valley to the New York State line, but the adoption of this amendment will make that amendment out of order. So if we are indeed interested in making sure that the safety of the traveling public on the bridges, including the Walt Whitman Bridge, does not have vehicles traveling at excessive speeds because of the lack of speed enforcement by the Pennsylvania State Police and the DRPA on those bridges, then I suppose you will support this amendment. But if we are truly interested in safety and advancing Pennsylvania into the 21st century, I think that is fair to say that we ought to have speed enforcement on bridges like the Walt Whitman Bridge to make sure the traveling public is safe.

The SPEAKER. The Chair thanks the gentleman.

Those in favor of the amendment will vote "aye"; those opposed, "no." Members will proceed— Oh, I apologize. I did not see the whip seeking recognition.

Mr. HARRIS. Thank you, Mr. Speaker.

Mr. Speaker, I am concerned about the expansion of who can use radar in the Commonwealth of Pennsylvania. My reasoning for that is because while we have made some, made some progress and had some success on what we do with regards to police reform, we have not, we have not gotten to a place where we have trust between police and community. And my concern with this is that this is giving police more of an opportunity to pull people over and increase the interaction that police have with the public.

If you look at the Inquirer in Philadelphia, it showed an article that said that police stops have become the new stop-and-frisk in the city of the first class. It talked about how police stops are being used as an additional way to racially profile in the city of the first class.

So while I am concerned about safety, we also have to – unless we are going to actually deal with police reform and grab it by the horns and get to a place where we can address all of those issues, I am cautious about increasing the opportunity for police and community to interact.

Thank you, Mr. Speaker.

The SPEAKER. The Chair thanks the gentleman.

The majority having voted in the affirmative, the question was determined in the affirmative and the amendment was agreed to.

On the question,

Will the House agree to the bill on second consideration as amended?

Ms. DeLISSIO offered the following amendment No. A00484:

Amend Bill, page 1, line 3, by inserting after "devices" and for pilot program for automated speed enforcement system on designated highway

Amend Bill, page 9, line 23, by striking out all of said line and inserting

Section 2. Section 3370(a)(2) of Title 75 is amended to read:
§ 3370. Pilot program for automated speed enforcement system on designated highway.

(a) General rule.—A pilot program is established to provide for an automated speed enforcement system on the designated highway.

* * *

(2) This section shall only be applicable in a city of the first class in areas agreed upon by the system administrator and the Secretary of Transportation using the automated speed enforcement system on:

(i) U.S. Route 1 (Roosevelt Boulevard) between Ninth Street and the Philadelphia County line shared with Bucks County.

(ii) Henry Avenue between Hunting Park Avenue and Port Royal Avenue.

* * *

Section 3. This act shall take effect as follows:

(1) This section shall take effect immediately.

(2) The amendment of 75 Pa.C.S. § 3370(a)(2) shall take effect in 60 days.

(3) The remainder of this act shall take effect in 180 days.

On the question,

Will the House agree to the amendment?

The SPEAKER. On that question, the Chair recognizes Representative DeLissio.

Ms. DeLISSIO. Thank you, Mr. Speaker.

Mr. Speaker, I would like to fill in my colleagues with a little of the history on this amendment. This amendment successfully went out of the House about 2 years ago when former Representative John Taylor from Philadelphia was doing the Route 1 (Roosevelt Boulevard) speed camera as a pilot project. For those of you who do not know, that particular arterial is a 12-mile, 12-lane thruway that traverses the city of Philadelphia where there had been an unbelievably high rate of speeding accidents and accompanying fatalities. Representative Taylor had agreed to put this amendment in. Henry Avenue, located in the 194th, has very similar issues, although it is a four-lane arterial running for just under 5 miles in the 194th Legislative District, through numerous residential neighborhoods where property destruction and occasionally fatalities have occurred, all due to speed. The highway cannot be, or the thruway – the street cannot be reengineered.

This amendment somehow found its way out when it got to the Senate, although nobody was clear as to the reason why even though I had talked to some of the Senators about the amendment. And then Senator John Rafferty had agreed to help me get it

through on a subsequent session. Senator Rafferty lost his general election, so here is this opportunity to put this back in.

I am very grateful for the gentleman from Cumberland County, the prime sponsor of the bill, who is supportive of the amendment, and both the majority and minority Transportation Committee chairs, and I am happy to answer any questions.

The SPEAKER. The Chair thanks the lady and recognizes the gentleman from Cumberland County and prime sponsor of the bill, Representative Rothman.

Mr. ROTHMAN. Thank you, Mr. Speaker.

And thank you to my colleagues from Philadelphia. I support this amendment.

The SPEAKER. The Chair thanks the gentleman.

Chairman Hennessey, you are recognized to speak on the amendment.

Mr. HENNESSEY. Thank you, Mr. Speaker.

I rise in support of amendment 484. As we heard from one of our speakers, maybe 20 minutes ago, the camera enforcement in speed zones, work construction zones seems to be working. The pilot program on Roosevelt Boulevard in Philadelphia, which we heard dire warnings about before it went into effect, that pilot program in Philadelphia seems to be working and the dire warnings seem to have petered out. There has not been a lot of complaint about that. It seems to me that this is a section of Henry Avenue in Philadelphia which does have a high incidence of speeding and we ought to give the pilot program a chance to work in Henry Avenue as well. Thank you.

The SPEAKER. The Chair thanks the gentleman.

RESOLUTION

Ms. RAPP called up **HR 68, PN 691**, entitled:

A Resolution directing the Legislative Budget and Finance Committee to conduct a study to review the availability of dental services in rural areas of this Commonwealth and to provide a report detailing the options for improving access to oral health care services.

On the question,
Will the House adopt the resolution?

The SPEAKER. On that question, the Chair recognizes the gentlewoman, Representative Rapp.

Ms. RAPP. Thank you, Mr. Speaker.

This resolution directs the Legislative Budget and Finance Committee to conduct a study to review the availability of dental services in rural areas of the Commonwealth. Mr. Speaker, this really is a challenge in rural Pennsylvania, the lack of access to dentists for the entire population in rural Pennsylvania, from children to middle age to seniors, and it is really critical. And I think if any of you were here last session – I believe it was in last session – we had a member here who passed away from a heart attack, but that started because of an abscess. So you know, it is critically important for our children across this Commonwealth to have good access to dental care, but not just our children, for everyone. So I kindly request that you give me an affirmative vote on this resolution.

Mr. Speaker, I thank you for the opportunity for speaking on this issue, and again I request an affirmative vote.

The SPEAKER. The Chair thanks the lady.

On the question recurring,
Will the House adopt the resolution?

(Members proceeded to vote.)

The SPEAKER. On that question, the Chair recognizes the gentlewoman, Representative Oberlander.

Ms. OBERLANDER. Thank you, Mr. Speaker.

The electronic board is accurate.

The SPEAKER. The Chair thanks the lady and recognizes the gentleman, Representative Harris.

Mr. HARRIS. Thank you, Mr. Speaker.
