LEGISLATIVE JOURNAL

SESSION OF 2022

206TH OF THE GENERAL ASSEMBLY

No. 10

HOUSE OF REPRESENTATIVES

The House convened at 11 a.m., e.s.t.

THE SPEAKER (BRYAN CUTLER) PRESIDING

PRAYER

HON. MATTHEW D. DOWLING, member of the House of Representatives, offered the following prayer:

Please bow your heads and join me in prayer as your specific faith background allows:

Creator, in the Judeo-Christian Bible, we hear in First Thessalonians, "Rejoice always, pray continually, give thanks in all circumstances; for this is God's will."

Today, creator God, I lift my voice in thanksgiving for the blessings You have shown upon me. I am thankful for my colleagues, who have been so supportive following my recent accident regardless of political affiliation. Proof, Father, that in Your presence, there are no R's or D's behind our names.

Grant us unity and help us eliminate our divisions – for when we work together for the good of Your people, we are most successful.

Father, we pray in thanksgiving for all those whom You have called to public service – not just those of us in this august body, but the doctors, nurses, firemen, police, first responders, our service men and women, and all those serving our communities back at home.

We pray in thanksgiving for the gift of human life, for we know that every life has dignity. Continue to guide us as we make decisions that affect so many of those lives.

It is in thanksgiving that we ask these things in Your good and holy name, and may the body say, Amen.

PLEDGE OF ALLEGIANCE

GUESTS INTRODUCED

The SPEAKER. Turning to visitor and guest recognition.

Located in the gallery, the Chair is pleased to welcome guests of Representative Craig Williams, the Garnet Valley Football Team. They are the 2021 District 1 Class 6A Champions, with a team record of 14 wins and 1 loss. Coach Mike Ricci is being honored upon his 2022 retirement after having served 35 years as the head coach of the team. Congratulations to the team for an outstanding season. I had the privilege of meeting them earlier. And to the coach, congratulations on a very meaningful and impactful career on all these young lives.

Located in the gallery, the Chair is pleased to welcome guests of Representative Emrick, the Nazareth Area High School Student Government. Representative Emrick's daughter, Zoey, is part of this group. She is currently a junior in high school. I had

the privilege of speaking with them earlier and thanked Zoey for sharing her dad with us. So welcome, everyone.

Members, if you would please take your seats. We are going to do some brief retirement remarks.

BRENDA ZABLOTSKY PRESENTED

The SPEAKER. We have already said it once this week, but it bears repeating. As elected members, our staff is what allows all of us to be successful and impact those in our communities, so it is my pleasure to recognize Brenda Zablotsky for 43 years of dedicated service to the House Republican Caucus.

For more than four decades, Brenda has served faithfully as an administrative assistant. During this time, remarkably, she has only worked for two legislators. She worked with former Representative George Hasay for 27 years, and has worked with Representative Boback, whom I came in with, for the past 16. Brenda, you have an impressive career. The fact that you worked with only two legislators in 43 years is a testament to your aptitude, your dedication, and your loyalty to this institution and its members.

On behalf of the House of Representatives, we wish you the very best in your retirement years. And I would like to recognize Representative Boback for some additional remarks.

STATEMENT BY MS. BOBACK

Ms. BOBACK. Thank you, Mr. Speaker.

Brenda was hired in February 1979 when she was 20 years old. She was assigned to work for William Foster – Monroe, Pike, Susquehanna, and Wayne Counties – where she worked for 3 days, Mr. Speaker. So she actually had three of us. She worked with him for 3 days, but then she was reassigned to work with Representative George Hasay, where she remained for 27 years until his retirement.

While working for Representative Hasay, she served as the administrative assistant to the Federal-State Relations Committee, the Conservation Committee, and the Business and Economic Development Committee, which we now know as Commerce. And this was over the course of 25 years. Brenda has worked with me for 16 years, and while working for me, she has served as the administrative assistant for the Children and Youth Committee, and now the Veterans Affairs and Emergency Preparedness Committee. She has served the House of Representatives and the residents of the 117th District, as Mr. Speaker said, for 43 years.

As an aside, I want to mention that when I was going door to door the first time I ran for office, there were so many residents that said, well, I will support you if you promise to keep Brenda Zablotsky. That is how well she was known. And I would say, well, if I get elected, and if she is willing to work with me, so be it. And that is how it happened. Because you have to know that during that time prior to when Speaker and I came, computer and e-mail were nonexistent. Legislative and constituent communications were done via letter, memo, or telephone.

On a personal note, Brenda grew up in Susquehanna County and attended the school in Mountain View called Mountain View School District. She is married to her high school sweetheart, Theodore "Teddy" Zablotsky, and they will be married for

46 years on October 16, 2022. She is the mother of two children, Stephen and Brandee; mother-in-law to Sherry Zablotzky; and grandmother to Aislynnne.

On behalf of the district staff – Carol, Leslie, Julie, Beth, and Ann – I say thank you, Brenda, for your mentorship, your professionalism, your kindness, your expertise, and all you have dedicated to the good people of House District 117. Thank you, Brenda.

Thank you, Mr. Speaker.

The SPEAKER. The Chair thanks the lady and congratulations again. What a wonderful career. And, Madam Chair, I would simply offer that I think with a career that long and noteworthy that 3 days is probably just a rounding error.

An Act amending the act of December 20, 1985 (P.L.457, No.112), known as the Medical Practice Act of 1985, further providing for definitions, for respiratory therapists, for perfusionist, for genetic counselor and for prosthetists, orthotists, pedorthists and orthotic fitters; providing for medical imaging professionals, radiation therapists and radiologist assistants; further providing for licenses and certificates and general qualification; repealing provisions relating to radiologic procedures and education and training required; and making related and inconsistent repeals.

On the question,
Will the House agree to the bill on third consideration?
Bill was agreed to.

(Bill analysis was read.)

The SPEAKER. This bill has been considered on three different days and agreed to and is now on final passage.
The question is, shall the bill pass finally?

On that question, the Chair recognizes the gentleman, Representative Millard.

Mr. MILLARD. Thank you, Mr. Speaker.

As our health-care industry evolves and technology advances, today we can provide patients with premier care opportunities that a decade ago would not have been possible. These advancements are helping to save lives and improve care for those in need. Medical imaging professionals have been, and continue to be, at the center of this evolution. The fundamental goal of this bill is quite simple: patient safety.

I would urge a "yes" vote. Thank you.

The SPEAKER. The Chair thanks the gentleman.

The Speaker recognizes the gentleman, Representative Lewis, on final passage.

Mr. LEWIS. Thank you, Mr. Speaker.

I am so grateful for the good chairman and his diligent work and advocacy for patient safety and his efforts on this bill. However, Mr. Speaker, I do have cautions on this bill, and today I do rise in opposition to the bill and here is why.

Number one, I think the bill is unnecessary. So currently there is a requirement for training to have these roles. A lot of these hospital systems are facing severe shortages in the workforce and so we are requiring another government mandate in order to practice their professional scope. And so what is going to happen as a result is instead of just being able to do their jobs, these folks in our hospital systems are now going to have to pay a fee, pay money, get a license. So they are not going to be better trained, they are not going to be better qualified, but they are just going to be more broke because they are giving more money to the government.

Secondly, I think it is unfair. It is unfair to these folks – they are not making a ton of money – to require them, in order to do their job which they have been doing for years, to pay money to the government for the luxury of continuing to do that job.

Finally, I think it is unjust. I think it is an overreach of government, and I just think that this is not our role to require people to have a license just to do their job. Nobody in this room has to have a license to be a legislator, and we vote on some pretty impactful legislation.

So I think that this is unfair, and I would urge a "no" vote.
Thank you, Mr. Speaker.

**THE SPEAKER PRO TEMPORE
(JOHN A. LAWRENCE) PRESIDING**

The SPEAKER pro tempore. The Speaker thanks the gentleman.

Will the House agree to the bill?

On that question, the gentleman from Lancaster, the Speaker, is recognized.

Mr. CUTLER. Thank you, Mr. Speaker.

Mr. Speaker, I do think there is an important component of this bill which we should discuss a little further. For those of you who may be unfamiliar with my own personal journey into the medical field, it involved being an x-ray tech, and I have talked to both the ARRT (American Registry of Radiologic Technologists) and the Pennsylvania society, or the PSRT (Pennsylvania Society of Radiologic Technologists), for those of us in the x-ray profession.

An important component that is included in this bill is actually for RAs (radiologist assistants), and an RA would essentially be a PA (physician assistant) for a radiologist. I can personally tell you that is something I would have done in place of law school, had that been an option under our current statutory construction. The truth is, this is already recognized under Federal law, specifically veterans law. So VAs (Veterans' Administrations) can already offer these extended services with RAs, and it is a service extension for, quite frankly, an industry that is sometimes hard to find individuals in. Just as PAs and other medical professionals have expanded their assistance to help patients, this includes a provision for RAs in it, which would have been very beneficial and influential in my own decisionmaking in terms of advancing my own career. And while I may have missed out on that opportunity, I do think it is a great opportunity for many of the other techs who are currently practicing in the Commonwealth and would urge a "yes" vote.

Thank you, Mr. Speaker.

The SPEAKER pro tempore. The Speaker thanks the gentleman.

Are there any other members seeking recognition on the bill?

On the question recurring,
Shall the bill pass finally?

The SPEAKER pro tempore. Agreeable to the provisions of the Constitution, the yeas and nays will now be taken.

STATEMENT BY MS. INNAMORATO

The SPEAKER. Moving to rule 17 speakers. The Speaker recognizes the gentlewoman, Representative Innamorato, to speak on the working families tax credit.

Ms. INNAMORATO. Thank you, Mr. Speaker.

For decades working families across Pennsylvania have watched the cost of living rise beyond their means while their wages have remained mostly stagnant. At the same time, corporations touted record profits, and Pennsylvania's ultrawealthy residents added \$4.3 billion to their personal wealth during the pandemic. As elected leaders, it is time to curb this ever-widening inequality, reduce the number of children in poverty, and provide a safeguard for our working families across Pennsylvania.

Tuesday, February 8, gave us the opportunity to uplift a piece of policy that has a proven track record at working towards these goals of equality with the Federal Child Tax Credit/Earned Income Tax Credit Day of Action. In 2020 the earned income tax credit brought over \$2 billion to 885,000 families in Pennsylvania. Still, nearly one in five people who qualify for the earned income tax credit do not claim this credit. Now is the time to remind families across the Commonwealth to make sure they do not leave any money on the table when it comes to filing their tax returns. There are many great organizations across Pennsylvania that will actually assist you with free tax prep and check to see if you qualify for the Federal earned income tax credit.

This day also reminds us that Pennsylvania does not offer its residents a State-level tax credit program like the Federal one. Thirty-one other States offer this program to their residents and it has proven to be effective at reducing poverty and providing targeted economic stimulus to help those States recover from the COVID-19 pandemic.

To this end, several of my House Democratic colleagues and I are introducing legislation to create Pennsylvania's own version of a State-level earned income tax credit called the working families tax credit. This program would directly help lift the financial well-being of working families by putting more money into the hands of working Pennsylvanians who make low to moderate income. This would bring Pennsylvania up to speed with the other States and the District of Columbia in offering this program to their residents. And this could not come at a better time, because in 2018, well before the COVID-19 pandemic hit, 39 percent of Pennsylvanians did not have enough income to cover the minimal cost of the five basic household necessities: housing, child care, food, transportation, and health care.

We are now entering our third year of this still ongoing pandemic, and it is extremely likely that well more than 39 percent of Pennsylvanians now fall into this category. They need our help, and they need our action, and this legislation is a step in the right direction. The working families tax credit could have a real impact toward alleviating hardships for those living paycheck to paycheck here in Pennsylvania. And it would have a tremendous positive impact on our State's economy, because when States offer this program, it increases the purchasing power of working families, and that creates a noticeable positive impact on our local economies, because taxpayers who receive this earned income tax credit will mostly likely spend that additional income on necessities like groceries, rent, and transportation.

There is abundant research on this topic, and one such research report shows that the Center on Budget and Policy Priorities studied the impact specifically of State-level earned income tax credits that were already in place, and they found that these programs cost less than any other tax credit program and offered more targeted economic stimulus to our local Main Streets.

This legislation is an essential step to helping people, families, and communities across Pennsylvania thrive. I look forward to continuing the conversation here in the House with my colleagues and hopefully considering this bill on the House floor one day.

Thank you, Mr. Speaker.

The SPEAKER. The Chair thanks the lady.

STATEMENT BY MR. SMITH

The SPEAKER. The Chair recognizes the gentleman, Representative Smith, to speak on Groundhog Day.

Mr. SMITH. Thank you, Mr. Speaker.

On Wednesday, February 2, 2022, the 136th annual trek of the Punxsutawney Groundhog Club was held to celebrate Groundhog Day. Punxsutawney Phil, the seer of seers, the prognosticator of all prognosticators, was gently lifted from his burrow at 7:25 a.m. and held high to see his faithful followers who had returned with glee. Placing Phil on top of the stump, where in Groundhogese he directed the president, Jeff Lundy, and the Inner Circle to his prediction scroll that read: "Hear ye, hear ye, hear ye, winter has been bleak and dark and bereft of hope.

Yet winter is just another step in the cycle of life. As I look out over the faces of the true believers from around the world, I bask in the warmth of your hearts. I couldn't imagine a better fate, with my shadow I have cast, than a long and lustrous 6 more weeks of winter."

Thank you, Mr. Speaker.

The SPEAKER. The Chair thanks the gentleman.
