(c.1) Minimum.--No local transportation organization shall receive financial assistance under this section in an amount less than the amount received in the previous fiscal year.

(d) Local match requirements.--

(1) For fiscal year 2007-2008 and each fiscal year thereafter, except as provided under paragraph (2), financial assistance provided under this section shall be matched by local or private cash funding in an amount not less than the greater of:

(i) 15% of the amount of the financial assistance being provided; or

(ii) the amount required under former section 1311(d) (relating to use of funds distributed) for fiscal year 2006-2007.

(2) Beginning in fiscal year 2007-2008 and each fiscal year thereafter, if the local matching funds provided are less than 15% of the amount of financial assistance received, the local transportation organization's required local matching funds shall increase annually in order to meet the 15% requirement set forth under paragraph (1)(i). The local matching funds shall be increased annually by a minimum of 5% above the amount of local matching funds provided in the previous fiscal year unless a lesser amount is necessary to meet the 15% requirement set forth under paragraph (1)(i).

(3) Eligible local matching funds shall consist only of cash contributions provided by one or more municipalities or counties. The amount of the match and the time period during which the match must continue to be available shall be specified in the financial assistance agreement. Funding provided by local and private entities, including advertising or naming rights, may qualify as local matching funds to the

extent they provide for the cost of transit service that is open to the public. The following shall not be considered local matching funds:

(i) Any form of transit operating revenue or other forms of transit income provided by the local transportation organization.

(ii) Funds used to replace fares.

(4) A municipality in a metropolitan area which is a member of a local transportation organization is authorized to provide annual financial assistance from current revenues to the local transportation organization of which it is a member or enter into a long-term agreement for payment of money to assist in defraying the costs of operation, maintenance and debt service of the local transportation organization or of a particular public transportation project of a local transportation organization. The obligation of a municipality under an agreement pursuant to this paragraph shall not be considered to be a part of the indebtedness of the municipality, nor shall the obligation be deemed to impair the status of any indebtedness of the municipality which would otherwise be considered self-sustaining.

(e) Performance reviews.--

(1) The department may conduct performance reviews of an award recipient under this section to determine the effectiveness of the financial assistance. Reviews shall be conducted at regular intervals as established by the department in consultation with the management of the award recipient. After completion of a review, the department shall issue a report that:

(i) highlights exceptional performance and identifies any problems that need to be resolved;

(ii) assesses performance, efficiency and effectiveness of the use of the financial assistance;

(iii) makes recommendations on follow-up actions required to remedy any problem identified; and

(iv) provides an action plan documenting who should perform the recommended actions and a time frame within which they should be performed.

(2) The department shall deliver the report to the Governor, to the chairman and minority chairman of the Transportation Committee of the Senate and to the chairman and minority chairman of the Transportation Committee of the House of Representatives. The department's regulations shall contain a description of the impact on both the amount of, and future eligibility for, financial assistance under this chapter based upon the degree to which the local transportation organization complies with the recommendations in the report. The department shall develop a list of best practices revealed by the reports issued under this subsection and shall post them on the department's Internet website.

(f) Performance criteria.--Criteria used for the reviews conducted under subsection (e) shall consist of passengers per revenue vehicle hour, operating costs per revenue vehicle hour, operating revenue per revenue vehicle hour, operating costs per passenger and other items as the department may establish. The department's regulations shall set forth the minimum system performance criteria based upon comparison of the award recipient to its past performance and to its peers that an award recipient must satisfy.

(g) Failure to satisfy minimum performance criteria.--

(1) If a performance review conducted under subsection (e) reveals that the performance of an award recipient's transportation system has decreased compared to performance determined through a prior review, the department may, upon the written request of an award recipient, waive any requirement for a reduction in the amount of financial assistance to be awarded under this section for a reasonable time period to allow the award recipient to bring the system back to the required performance level. The award recipient shall provide written justification for providing a time period longer than two years. In order to obtain the waiver for the period requested, the award recipient must do all of the following:

(i) Develop an action plan to improve system performance that contains key measurable milestones. The action plan must be acceptable to the department and must be approved by the department in writing.

(ii) Submit quarterly progress reports on the action plan to the department.

(2) The department shall review and evaluate the award recipient's progress to determine if the system has improved. If the system has improved, the award recipient will remain eligible for full formula funding as determined under subsection (c). If the system has not improved by the end of the waiver period, the waiver will be withdrawn. Expenses incurred by the award recipient as a result of the failure of the award recipient's system to meet the minimum performance criteria shall be borne by the award recipient.

(h) Adjustments to minimum performance criteria.--Upon written request of an award recipient, the department may adjust the minimum performance criteria described in subsection (g) in a given year if the performance of the award recipient's system is adversely affected by circumstances which are beyond the award recipient's control. Examples are labor strikes, infrastructure failures and natural disasters. The request must include the award recipient's reasons for seeking the adjustment.

(a) Creation and purpose.--There is hereby authorized the creation of a separate body corporate and politic in each metropolitan area, to be known as the transportation authority of that metropolitan area, extending to and including all of the territory in the metropolitan area. An authority shall in no way be deemed to be an instrumentality of any city or county or other municipality or engaged in the performance of a municipal function, but shall exercise the public powers of the Commonwealth as an agency and instrumentality thereof. An authority shall exist for the purpose of planning, acquiring, holding, constructing, improving, maintaining, operating, leasing, either as lessor or lessee, and otherwise functioning with respect to a transportation system in the metropolitan area and outside of such area, whether within or beyond the boundaries of this Commonwealth, to the extent necessary for the operation of an integrated transportation system and for the provision of all group and party services which can be provided by the existing transportation system or transportation systems subject to acquisition under this chapter. All services rendered by an authority outside the metropolitan area shall be pursuant to certificates of public convenience or other appropriate authorization issued to it by the Pennsylvania Public Utility Commission or other appropriate regulatory agency of the Federal Government or any state. Except as provided in subsection (c), an authority shall transact no business or otherwise become operative until and unless a majority of its board shall have been qualified in accordance with this subchapter.

(b) Certificate of incorporation.--

(1) The certification by the appointing power of each board member and the constitutional oath of office subscribed by each member shall be filed with the Department of State, and, except as provided in subsection (c), upon the receipt of initial certifications and respective oaths of a majority of the total number of board members appropriate to any metropolitan area, the Secretary of the Commonwealth shall issue a certificate of incorporation. Such authority established under the former provisions of Article III of the Pennsylvania Urban Mass Transportation Law or the former provisions of Chapter 15 shall be deemed to have satisfied the requirements of subsections (a) and (b) concerning the organization of an authority under this chapter. Nothing in this chapter shall be construed to alter or modify in any respect any contract or other obligation of such authority entered into prior to the effective date of this chapter.

(2) An authority created or existing under this chapter, including any authority established under the former provisions of Article III of the Pennsylvania Urban Mass Transportation Law or the former provisions of Chapter 15, shall, without the necessity of action or assignment by it or any other person:

(iii) continue to be obligated with respect to all debt and other contractual obligations of any authority existing under the former provisions of the Pennsylvania Urban Mass Transportation Law or the former provisions of Chapter 15.

(3) It is hereby declared to be the intent of the General Assembly that an authority created or existing under this chapter, including any authority established under the former provisions of Article II of the Pennsylvania Urban Mass Transportation Law or the former provisions of Chapter 15, and the members, officers, officials and employees of any of them, shall continue to enjoy sovereign and official immunity, as provided in 1 Pa.C.S. § 2310 (relating to sovereign immunity reaffirmed; specific waiver), and shall

remain immune from suit except as provided by and subject to the provision of 42 Pa.C.S. §§ 8501 (relating to definitions) through 8528 (relating to limitations on damages).

In case of failure to qualify within the time required or of abandonment of his office or in case of death, conviction of a felony or removal from office, that office shall become vacant.

(b) Abandonment.--A member shall be deemed to have abandoned his office upon failure to attend any regular or special meeting of the board, without excuse approved by resolution of the board, for a period of four months or upon removal of his residence from the metropolitan area.

(c) Filling of vacancy.--Each vacancy shall be filled for the unexpired term by appointment in like manner and with like regard as to the place of residence of the appointee as in case of expiration of the term of a member of the board.

(b) Other counsel.--The general counsel may, from time to time, with the approval of the general manager, retain such other legal counsel on such terms and for such purposes as shall be deemed by the general manager to be necessary or in cases where the needs of the authority would be better served. Nothing in this section or in section 1721 shall be construed so as to limit the power of the legal or other officers of the counties and municipalities comprising the metropolitan area to act in behalf of the general manager in their official capacities when requested to do so by the general manager.

§ 1723. Other employees.

(a) Collective bargaining.--The board acting through the general manager shall have the right to bargain collectively and enter into agreements with labor organizations. No person shall be released from service under this subsection if the person can be transferred:

(1) to another job classification at a lower grade in which job classification the person had previously served, for which that person is qualified and in which the incumbent is junior in seniority; or

(2) to a vacancy in another job classification for which that person is qualified.

(c) Pension system.--There shall be established and maintained by the authority a pension and retirement system to provide for payments when due under such system or as modified from time to time by resolution of the board. For this purpose, both the board and the participating employees shall make such periodic payments to the established system as may be determined by resolution. The board may provide for participation by its employees in the Social Security program or, in lieu of Social Security payments required to be paid by private corporations engaged in similar activity, shall make payments into such established system at least equal in amount to the amount so required to be paid by such private corporations or shall make such other arrangements as will accomplish the same purpose. Provisions shall be made by the board for all officers and employees of the authority appointed under this chapter to become, subject to procedures adopted by resolution of the board, members and beneficiaries of the pensions and retirement system with uniform rights, privileges, obligations and status as to the class in which the officers and employees belong. Members and beneficiaries of any pension or retirement system established by a transportation system acquired by the authority shall continue to have rights, privileges, benefits, obligations

and status with respect to the previously established system. To achieve the purposes set forth in this subsection, the board shall, by resolution, adopt appropriate procedures and from time to time shall obtain competent actuarial advice.

§ 1725. Public hearings.

§ 1726. Citizen advisory committee.

(a) Establishment and composition.--There is hereby established a citizen advisory committee. The committee shall consist of:

(1) an even number of members of the general public not fewer than 14 and not greater than 24, the exact number to be determined by the general manager, who shall be appointed by the county commissioners or the county council, as the case may be, of all counties of the third class and second class A who are involved with any city of the first class in the operation of a transportation system and by the mayor of any such city of the first class from residents of their respective municipalities who are regular users of mass transportation service; and

No member shall serve more than three consecutive terms. The committee shall select from among its number a chairman, vice chairman and a secretary. A majority of the members of the committee plus one shall constitute a quorum.

(d) Nature of committee's comments.--Although the general manager shall give careful and due consideration to the committee's comments prior to the taking of any final action, the comments shall be considered only advisory in nature.

All members of the committee shall continue in office and shall exercise the powers, functions and duties of members of the committee until the expiration of their respective terms of office in effect on the effective date of this chapter.

§ 1727. Investigations and subpoenas.

(a) Procedure.--The board may investigate all means of transportation and the management thereof, the enforcement of its resolutions, rules and regulations and the action, conduct and efficiency of all officers, agents and employees of the authority. In the conduct of investigations, the board may hold public hearings on its own motion and shall do so on complaint or petition of any municipality in the metropolitan area. Each member of the board shall have power to administer oaths, and the secretary, by order of the board, shall issue subpoenas to secure the attendance and testimony of witnesses and the production of books and papers relevant to investigations and to any hearing before the board or any member thereof, or any officers' committee or employees' committee, appointed by the board to hear any complaint of an officer or employee who has been discharged or demoted.

(b) Enforcement.--Any court of record of this Commonwealth or any judge thereof, either in term time or vacation, upon application of the board or any member thereof may, in his discretion, compel the attendance of witnesses, the production of books and papers and giving of testimony before the board or before any member thereof or any officers' committee or employees' committee appointed by the board by attachment for contempt or otherwise in the same manner as the production of evidence may be compelled before the court.

Members of the board, as well as officers and employees of the authority, shall not be liable personally on any obligations, including, but not limited to, bonds of the authority.
- (8) To enter into contracts of group insurance for the benefit of its employees or to continue any existing insurance and/or pension or retirement system and/or any other employee benefit arrangement covering employees of an acquired existing transportation system and/or to set up a retirement or pension fund or any other employee benefit arrangement for its employees.

(13) To acquire by eminent domain any real or personal property, including improvements, fixtures and franchises of any kind whatever, for the public purposes set forth in this chapter in the manner provided in this chapter.

(14) To acquire by purchase, lease or otherwise and to construct, improve, maintain, repair and operate passenger transportation facilities and a transportation system or systems or portions thereof and to pay all costs thereof, including, but not limited to, the costs of all work and materials incidental thereto and all amounts necessary to place any project into operation.

(15) To fix, alter, charge and collect fares, rates, rentals and other charges for its facilities by zones or otherwise at reasonable rates to be determined exclusively by it, subject to appeal, as provided in this chapter for the purpose of providing for the payment of all expenses and obligations of the authority, including the acquisition, construction, improvement, repair, maintenance and operation of its facilities and properties, the maintenance and operation of a transportation system, the payment of the principal and interest on its obligations, and to comply fully with the terms and provisions of any agreements made with the purchasers of bonds or obligees of the authority. An authority shall determine by itself, exclusively, the facilities to be operated by it, the services to be available and the rates to be charged therefor. Public hearings shall be held prior to such determinations when changes are proposed which would increase or decrease fares, establish new routes, eliminate routes, change routes or make substantial changes in the level of service scheduled. However, public hearings need not be held for route changes, fares or level of scheduled service in the case of temporary changes not exceeding 90 days caused by emergencies; promotional fares or services, or experimental services, adopted to increase revenue and ridership, subject to board resolution; or special events in which the authority participates as provided by board resolution. Notice of public hearings shall be published in two newspapers of general circulation and a publication specifically designed to reach minorities not fewer than 30 calendar days prior to such hearing. Any person aggrieved by any rate or service or change of service fixed by the authority may bring an appeal against the authority for the purpose of protesting against any such charge, service or change of service. The grounds for the suits shall be restricted to a manifest and

flagrant abuse of discretion or an error of law; otherwise, all actions by the authority shall be final. Upon the finding of an error of law or a manifest and flagrant abuse of discretion, the court shall issue an order setting forth the abuse or error and returning the matter to the authority for such further action as shall be not inconsistent with the findings of the court. No appeal from the action of the authority or from the decision of the court of common pleas shall act as a supersedeas, except when taken by the authority or, in other cases, when specially granted after a finding that irreparable and extraordinary harm will result. The courts shall give priority to all appeals, and no bond shall be required of any party instituting such an appeal under the provisions of this section.

(16) To fix rates, fares and charges in such manner that they shall be at all times sufficient in the aggregate, and in conjunction with any grants from Federal or other sources and any other income available to the authority, to provide funds for the payment of all operating costs and expenses which shall be incurred by the authority, for the payment of the interest on and principal of all bonds payable from the revenues and to meet all other charges upon such revenues as provided by any trust agreement executed by the authority in connection with the issuance of bonds.

(17) To enter into agreements with the United States Postal Service or any successor organization for the transportation of mail and payment of compensation to the authority in lieu of fares for the transportation of letter carriers in uniform at all times. The board may provide free transportation for firefighters in uniform and police officers when in uniform or when not in uniform upon presentation of identification as police officers. The board may provide free transportation for employees of the authority when in uniform or upon presentation of identification as such employees, provide free transportation to dependents of employees of the authority upon presentation of identification as provided by the board and enter into reciprocal arrangements to provide free transportation to employees and dependents of employees of other transportation agencies.

(18) To borrow money from any person for the purpose of paying the costs of any project or in anticipation of the receipt of income of the authority and to evidence the same; make and issue bonds of the authority; secure the payment of such bonds or any part thereof by pledge of or security interest, which may be a senior, parity or subordinated pledge or security interest, in all or any of its revenues, rentals, receipts and contract rights and all or any of its moveable equipment and other tangible personal property; to secure the payment of such bonds or any part thereof by a mortgage lien on real property of the authority or any interest therein, provided, however, that no such lien shall extend to real property of the authority comprising rights of way, easements or any other interests in real property used or useful for passage of transportation vehicles or necessary for the safe and sound routing or control of transportation vehicles; issue bonds on an unsecured basis; issue bonds on a limited recourse or nonrecourse basis; issue bonds under a master trust indenture; make agreements with the purchasers or holders of bonds or with other obligees of the authority in connection with any bonds, whether issued or to be issued, as the authority shall deem advisable, which

agreements shall constitute contracts with the purchasers or obligees of the authority; obtain credit enhancement or liquidity facilities in connection with any bonds as the authority shall determine to be advantageous; and, in general, provide for the security for the bonds and the rights of the obligees of the authority.

(19) To accept grants and to enter into contracts, leases, subleases, licenses or other transactions with any person on such terms and for such purposes as the authority shall deem proper.

(20) To negotiate and enter into arrangements, including futures contracts, forward contracts and cap, collar, corridor, floor or ceiling agreements, with respect to essential supplies and commodities for an authority for the purpose of reducing the risk to the authority of price fluctuations for the supplies and commodities.

(21) To make and execute all contracts and other instruments necessary or convenient to the exercise of the powers of the authority, and any contract or instrument when signed by the chairman or vice chairman and secretary or assistant secretary or treasurer or assistant treasurer of the authority shall be held to have been properly executed for and on its behalf. Without limiting the generality of the foregoing, the authority is also authorized to enter into contracts for the purchase, lease, operation or management of transportation facilities within or without the metropolitan area or within or without this Commonwealth. Whenever the facilities are located outside the metropolitan area, they shall be subject to the jurisdiction of the appropriate regulatory agencies.

(22) To enter into contracts with government agencies and Federal agencies on such terms as the authority shall deem proper for the use of any facility or other real or personal property of the authority, and fixing the amount to be paid therefor.

(23) To agree with the constituent municipalities in which it operates for the lease of present and future municipal property, where such a lease would be advantageous to the authority in the financing or the operation of improved passenger transportation service.

(24) To explore alternative means of raising revenue or reducing expenses, including, but not limited to, real estate leases and rentals, equipment leases and rentals, contracting of services, the solicitation of competitive bids and the awarding of contracts to the highest responsive, responsible bidder for both interior and exterior advertising on all authority equipment on which the public is charged a fare for riding. Nothing in this chapter or in any other law of this Commonwealth shall preclude the negotiation and execution of contracts with respect to real estate-related matters in accordance with and subject solely to the provisions of this paragraph. The general manager may recommend in writing that the board make a finding of special opportunity with respect to a real estate-related matter. The board shall consider the general manager's recommendation at a public meeting. The notice given in accordance with the provisions of 65 Pa.C.S. Ch. 7 (relating to open meetings), with respect to such meeting shall state that the board will consider making a finding of special opportunity at such meeting and shall describe the nature of the proposed finding of special opportunity. Any finding of special opportunity shall be approved by the board in accordance with the

provisions of section 1715 (relating to meetings, quorum, officers and records). The board shall adopt, by resolution, a process under which the authority shall enter into contracts needed to implement a finding of special opportunity. The process adopted by the board shall provide a method of prequalifying prospective contracting parties, where appropriate; for the reasonable notification of prospective contracting parties of the issuance of requests for proposals and the reasonable opportunity for qualified prospective contracting parties to submit proposals; for review of proposals from qualified prospective contracting parties; for the negotiation of contracts with one or more prospective contracting parties; for award of contracts on the basis of evaluation of the characteristics of the proposals; and for giving such weight to the various characteristics of any proposal as the board shall determine is in the best interest of the authority. The characteristics by which proposals may be evaluated under a finding of special opportunity may include the likely complexity of the transaction; the amount of investment any selected contracting party will be required to make or offers to make in the real estate-related matter; the experience and prior success of the proposed contracting party in other similar dealings with the same type of real estate-related matters or with the authority; the quality, feasibility and potential for economic success of the proposal; any cost or potential return to the authority; the economic reliability and financial viability of the proposed contracting party; the compatibility of the proposal with the authority's basic function as a public transportation provider; the date by which the proposed contracting party agrees to complete the real estate-related matter; and other factors which the board shall specify. The authority shall make available a copy of the process adopted by the board to any person requesting a copy of the process. The general manager may make a written recommendation to the board concerning the award of a contract under a finding of special opportunity. The general manager's recommendation shall include the identity of the prospective contracting party or parties, the purpose of the contract, the substance of the finding of special opportunity, the substance and term of the proposed contract, the identities of any other prospective contracting parties who submitted proposals and the criteria upon which the general manager's recommendation was made and the reasons for selecting the prospective contracting party. Upon the written recommendation of the general manager, the board may award contracts under this paragraph after approving the awarding of the contract by a resolution adopted at a public meeting. The notice given in accordance with 65 Pa.C.S. Ch. 7 with respect to such meeting shall state that the board will consider awarding a contract under a finding of special opportunity at such meeting and shall describe the subject matter of such proposed contract. The authority shall by April 15 of each year submit a report to the department. The report shall detail the actions of the authority in exploring alternate means of raising revenue and reducing expenses. The department shall review the report and issue its findings and recommendations to the Appropriations Committee and the Transportation Committee of the Senate and the Appropriations Committee and the Transportation Committee of the House of Representatives no later than 30 days after receipt of such report for review and consideration of future funding by

such committees. Where any alternate means have been rejected, the authority shall demonstrate that the feasibility and cost-effectiveness of that alternate means have been considered. As used in this paragraph, "finding of special opportunity" shall mean a written determination by the board that exclusion of a real estate-related matter from bidding procedures, as provided in this chapter or any other law, will be in the best interest of the authority and will be compatible with the authority's basic function as a public transportation provider, considering the nature of the real estate-related matter with respect to which the authority proposes to contract. Any finding of special opportunity shall include the basis on which the finding of special opportunity is being made.

(25) To lease property or contract for service, including managerial and operating service, whenever it can more efficiently and effectively serve the public by so doing, rather than conducting its own operations with its own property.

(26) To have the right to use any public road, street, way, highway, bridge or tunnel for the operation of a transportation system within the metropolitan area. In all cases involving the facilities of a railroad, any operations of which extend beyond the metropolitan area, the exercise of this right by the authority shall be subject to the jurisdiction of the Pennsylvania Public Utility Commission under Title 66 (relating to public utilities) only to the extent that the operations extend beyond the metropolitan area.

(27) To act as agent of any government agency or any Federal agency for the public purposes set forth in this chapter.

(28) To make available to any government agency the recommendations of the authority affecting any area in the authority's field of operation or property therein, which it may deem likely to promote the public health, morals, safety and welfare.

(29) To form plans for the improvement of mass transportation and the operation of a transportation system in order to promote the economic development of the metropolitan area in which the transportation authority operates, to make recommendations concerning mass transportation facilities which the authority does not own or operate, to make recommendations concerning thoroughways and arterial highway connections to the department and to other appropriate governmental bodies and otherwise to cooperate with all such governmental bodies. The authority shall give advance notice to the department of any plans which it may have for the occupation or use of any part of any State highway.

(30) To rehabilitate, reconstruct and extend as possible all portions of any transportation system acquired by the authority and to maintain at all times a fast, reliable and economical transportation system suitable and adapted to the needs of the municipalities served by the authority and for safe, comfortable and convenient service. To that end, the board shall make every effort to utilize high-speed rights-of-way, private or otherwise, to the maximum extent practicable to avoid air pollution by its vehicles, to abandon no physical property which the authority has determined retains continued usefulness to the authority and to extend its rail and highway services into areas which

have sufficient need for them to economically or strategically justify such extension.

(31) To adopt, consistent with the policies of this chapter, and from time to time amend a comprehensive transportation plan. A public hearing shall be conducted prior to adoption or amendment. Notice of the public hearing shall be published in two newspapers of general circulation and a publication specifically designed to reach minorities not fewer than 30 days prior to the hearing.

(32) To do all acts and things necessary for the promotion of its business and the general welfare of the authority to carry out the powers granted to it by this chapter or any other statute. Notwithstanding any other provision of law, the board shall adopt procedures and practices to implement the provisions of this chapter by resolution of the board.

(b) Public highways.--Private rights and property in the beds of existing public highways vacated in order to facilitate the purposes of the authority shall not be deemed destroyed or ousted by reason of the vacation, but shall be acquired or relocated by the authority in the same manner as other property.

(c) Certain powers denied.--The authority shall have no power, at any time or in any manner, to pledge the credit or taxing power of the Commonwealth or any other government agency, nor shall any of the authority's obligations be deemed to be obligations of the Commonwealth or of any other government agency, nor shall the Commonwealth or any government agency be liable for the payment of principal or interest on such obligations.

(d) No power to levy taxes.--The authority shall not have power to levy taxes for any purpose whatsoever.

(a) General rule.--

(1) The authority shall have power to acquire by purchase, condemnation, lease, gift or otherwise all or any part of the property of any public utility operating a transportation system within the metropolitan area, including, but not limited to, the plant, equipment, property rights in property reserve funds, employees' pension or retirement funds, special funds, franchises, licenses, patents, permits, operating rights and paper documents and records, which property shall be located within the metropolitan area and shall be appropriate for the purposes for which the authority is established, as well as all or any part of the right-of-way, equipment, fixed facilities and other property of any kind of any utility, extending beyond the boundaries of the metropolitan area and forming or capable of forming part of an integrated suburban rapid transit or rail transportation facility, connecting with rapid transit or electric railway lines of the authority in superhighways or elsewhere. No interest in the right-of-way of a railroad company the operations of which extend beyond the metropolitan area shall be acquired or occupied under the power of eminent domain under this section or any other section without the consent of the railroad.

(2) Such properties, upon acquisition by or lease to the authority, shall become and be operated as part of the

transportation system of the authority, and the authority shall have all powers in connection with such properties and such operations as are conferred by this chapter.

(3) The authority shall also have the power to enter into agreements to operate any lines located or extending beyond the boundaries of the metropolitan area, such agreements to be subject to all other provisions of this chapter. The authority shall have power to lease or purchase any municipally owned local transportation subways or other municipally owned local transportation facilities for operation and maintenance by the authority.

(b) Condemnation procedure.--

(1) Whenever the authority shall condemn all or substantially all of the property of a transportation system, it may elect to commence condemnation proceedings without immediate passage of title by inserting a provision to that effect in the declaration of taking. In that event, the provisions of section 402 of the act of June 22, 1964 (Sp.Sess., P.L.84, No.6), known as the Eminent Domain Code, shall not apply, and the title shall not pass to the authority and the authority shall not be entitled to possession until payment to the condemnee or into court of the amount of the just compensation payable for the property taken, determined as of the date of filing of the declaration of taking, as finally determined in accordance with the provisions of this article, provided that such payment occurs within one year of the final determination.

(2) From and after the filing of the declaration of taking until the payment to the condemnee of just compensation for the condemned property, the authority shall have the right to petition the court having jurisdiction of the proceedings to prevent waste, substantial disposition or any transaction with respect to the condemned property other than in the ordinary course of business without obtaining the prior written consent of the authority. The condemnee shall have no right to tender possession of the property or otherwise to demand payment of any compensation prior to the passage of title.

References in Text. The act of June 22, 1964 (Sp. Sess., P.L.84, No.6), known as the Eminent Domain Code, referred to in subsec. (b)(1), was repealed by the act of May 4, 2006 (P.L.112, No.34). The subject matter is now contained in Title 26 (Eminent Domain).

other public ways in which the authority has the right to own, construct, operate or maintain transportation facilities to remove the public utility structures and appliances from their locations. If any person or corporation owning or operating public utility structures and appliances fails or refuses to remove or relocate them, the authority may remove or relocate them. The authority shall provide the new location which the structures or appliances as relocated shall occupy, and to that end the authority is hereby authorized to acquire by purchase or by the exercise of the power of eminent domain any necessary land or right-of-way for such purpose if the new location shall not be in, on or above a highway, road or street. The exact new location shall be chosen by agreement of the authority and the utility. Upon the completion of the relocation, the authority shall reimburse the public utility for the cost of relocation which shall be the entire amount paid by the utility properly attributable to the relocation of the structure or appliance after deducting the cost of any increase in the service capacity of the new structure or appliance and any salvage value derived from the old structure or appliance.

(2) If an issue shall arise between the authority and the public utility as to the amount of the cost of relocation or the new location, either party may institute a proceeding by complaint before the Pennsylvania Public Utility Commission, which is hereby given exclusive jurisdiction to hear and determine the issue. § 1747. Acquisition of equipment.

(a) General rule.--The authority shall have power to purchase or otherwise acquire the ownership or use of or access to equipment, such as cars, trolley buses, street cars, buses, monorails, railroad motive power, trains, railroad passenger cars and equipment, subway passenger cars and equipment, elevated passenger or passenger and rail rolling stock, self-propelled and gallery cars, locomotives, rails, lines, poles and wires, as well as any equipment necessary for the improvement of or overhaul of any of the foregoing, and any other equipment which, in the judgment of the authority, may be useful in the operation of a transportation system. The authority shall have the power to execute agreements, leases and equipment trust certificates in a form satisfactory to the authority to effect the purchase or acquisition and may dispose of such equipment trust certificates, provided that the certificates shall be offered for sale in a manner similar to that provided for the sale of bonds in this chapter. simultaneously therewith to execute and deliver a lease of the equipment to the authority.

(d) Provisions of agreements.--The covenants, conditions and provisions of the agreements, leases and equipment trust certificates shall not conflict with any of the provisions of any trust indenture securing the payment of bonds of the authority.

(e) Filing.--An executed copy of each agreement and lease shall be filed in the Office of the Secretary of the Commonwealth who shall be entitled to receive \$1 for each copy filed. This filing shall constitute notice to any subsequent judgment creditor or any subsequent purchaser. Each vehicle so purchased and leased shall have the name of the owner and lessor plainly marked upon both sides thereof, followed by the words "Owner and Lessor."

§ 1748. Transfers of facilities or things of value to any authority.

The obligation incurred thereby shall be for the term as set forth in the compact without regard to the provisions of any law, ordinance or regulation to the contrary and shall constitute a commitment and obligation, binding and absolute, on the part of each signatory party to appropriate and pay over the necessary funds in accordance therewith. The operating budget shall include all sums of money necessary for the formation and organization of any authority and all items of operating expenses in connection with the authority, as well as necessary funds for planning and research appropriate and consistent with the purposes of this chapter and any compact entered into under this chapter.

Purchases shall be made from or the contract shall be awarded to the lowest responsive, responsible bidder. Sales shall be made to the highest responsive, responsible bidder. No purchase of any unique article or other articles which cannot be obtained in the open market shall be made without express approval of the board where the amount involved is in excess of \$25,000. The authority shall not be subject to 62 Pa.C.S. Ch. 39 (relating to contracts for public works). Nothing in this section or any other law of this Commonwealth shall require the authority to competitively bid architectural design, engineering, construction management or other professional services required by the authority.

(b) Procedure.--All purchases and sales in excess of \$25,000 shall be awarded after advertising in a local newspaper of general circulation in the metropolitan area at least two weeks prior to the bid opening. Bids shall be publicly opened and read aloud at a date, time and place designated in the invitation to bid. Invitations to bid shall be sent at least one week prior to the bid opening to at least three potential bidders who are qualified technically and financially to submit bids, or, in lieu thereof, a memorandum shall be kept on file showing that less than three potential bidders so qualified exist in the market area within which it is practicable to obtain bids.

(c) Qualified vendors.--(Deleted by amendment).

(d) Small purchases.--Except as set forth in 62 Pa.C.S. § 3742 (relating to procurement limits for mass transportation authorities), purchases or sales with a base price under \$18,500, subject to adjustment under subsection (1), may be negotiated with or without competitive bidding under sound procurement procedures as promulgated and established by the general manager.

(e) Waiver.--Competitive bidding requirements may be waived if it is determined by the general manager, or in such other manner as the board may provide, that an emergency directly and immediately affecting customer service or public health, safety or welfare requires immediate delivery of supplies, materials, equipment or services. A record of circumstances explaining the emergency shall be submitted to the board at its next regular meeting and thereafter kept on file.

(f) Sale or lease of real property.--Contracts for the sale or lease of real property owned by the authority shall be awarded after competitive bidding as shown in subsection (b), except as provided in section 1741(a) (22) where the contract is entered into with the Commonwealth or any government agency or with the United States government or any agency or instrumentality thereof or as provided in section 1741(a) (24).

(g) Property management contracts.--Contracts for the management of authority-owned property, such as bus routes or subway systems, may be negotiated and awarded by an affirmative vote of one more than a majority of all members of the board.

(h) Avoidance prohibited.--Requirements shall not be split into parts for the purpose of avoiding the provisions of this section.

(i) Rejection of bids.--The authority shall have the right to reject any or all bids or parts of any or all bids, whenever, in the opinion of the board, rejection is necessary for the protection of the interests of the authority. In every case, a record shall be made setting forth the reason for the rejection, which record shall thereafter be kept on file.

(j) Rules and regulations.--The board may by resolution adopt policies to effectuate the provisions of this section.

(k) Concessions.--All concessions granted by the authority for the sale of products or the rendition of services for a consideration on authority property shall be awarded only under written specifications after competitive bidding and to the highest responsive, responsible bidder in a manner similar to that required by subsection (b). This requirement for competitive bidding shall not apply to any concession which has been granted by a transportation system acquired by the authority and which by the terms of the agreement granting it will terminate within one year from date of the acquisition of the transportation system by the authority nor to any concession involving the estimated receipt by the authority of less than the base amount of \$18,500, subject to adjustment under subsection (l), over the period for which the concession is granted.

(l) Adjustments.--Adjustments to the base amounts specified under subsections (b), (d) and (k) shall be made as follows:

(1) The Department of Labor and Industry shall determine the percentage change in the Consumer Price Index for All Urban Consumers: All Items (CPI-U) for the United States City Average as published by the United States Department of Labor, Bureau of Labor Statistics, for the 12-month period ending September 30, 2012, and for each successive 12-month period thereafter.

(2) If the department determines that there is no positive percentage change, then no adjustment to the base amounts shall occur for the relevant time period provided for in this subsection.

(3) (i) If the department determines that there is a positive percentage change in the first year that the determination is made under paragraph (1), the positive percentage change shall be multiplied by each base amount, and the products shall be added to the base amounts, respectively, and the sums shall be preliminary adjusted amounts.

(ii) The preliminary adjusted amounts shall be rounded to the nearest \$100 to determine the final adjusted base amounts for purposes of subsections (b), (d) and (k).

(4) In each successive year in which there is a positive percentage change in the CPI-U for the United States City Average, the positive percentage change shall be multiplied by the most recent preliminary adjusted amounts, and the products shall be added to the preliminary adjusted amount of the prior year to calculate the preliminary adjusted amounts for the current year. The sums thereof shall be rounded to the nearest \$100 to determine the new final adjusted base amounts for purposes of subsections (b), (d) and (k).

(5) The determinations and adjustments required under this subsection shall be made in the period between October 1 and November 15 of the year following the effective date of this subsection and annually between October 1 and November 15 of each year thereafter.

(6) The final adjusted base amounts and new final adjusted base amounts obtained under paragraphs (3) and (4) shall become effective January 1 for the calendar year following the year in which the determination required under paragraph (1) is made.

(7) The department shall publish notice in the Pennsylvania Bulletin prior to January 1 of each calendar year of the annual percentage change determined under paragraph (1) and the unadjusted or final adjusted base amounts determined under paragraphs (3) and (4) at which competitive bidding is required under subsection (b) or (k) and the amount at which competitive bidding may apply to purchase sales under subsection (d), for the calendar year beginning the first day of January after publication of the notice. The notice shall include a written and illustrative explanation of the calculations performed by the department in establishing the unadjusted or final adjusted base amounts under this subsection for the ensuing calendar year.

(8) The annual increase in the preliminary adjusted base amounts obtained under paragraphs (3) and (4) shall not exceed 3%.

(Nov. 3, 2011, P.L.367, No.90, eff. imd.)

2011 Amendment. Section 4 of Act 90 provided that Act 90 shall apply to contracts and purchases advertised on or after January 1 of the year following the effective date of section 4.

At least 90 days prior to the beginning of the first full fiscal year after the creation of the authority and annually thereafter, the board shall cause to be prepared and submitted to it a tentative operating budget and a tentative capital budget for the ensuing fiscal year. The tentative budgets shall be considered by the board and, subject to any revision and amendments as may be determined, shall be adopted prior to the first day of the ensuing fiscal year as the budgets for that year. The board shall establish such rules as are necessary for proper observance of the budgets. Simultaneously with the adoption of the capital budget, the board shall adopt a tentative capital program covering the ensuing six years.

(b) Procedure.--A public hearing shall be conducted prior to the adoption of the final operating budget and tentative capital program. Notice of the public hearing shall be published in two newspapers of general circulation and a publication

specifically designed to reach minorities not fewer than 30 days prior to the hearing.

§ 1752. Financial statements and audit.

A reasonably sufficient number of copies of the report shall be printed for distribution to persons interested, upon request. A copy of the report shall be filed with the Secretary of the Commonwealth, the county clerk of each county in the metropolitan area and the clerk of each municipality which has granted rights to the authority by ordinance, and a copy of the report shall be addressed to and mailed to the mayor and city council or the governing body of the municipality. The board from time to time shall mail, to the persons and offices specified, copies of the interim financial reports as may be prepared by the authority, copies of all bylaws, rules and regulations and amendments thereto and copies of the annual financial budgets.

(b) Audit.--The board shall appoint in due time each year a firm of independent certified public accountants as auditors who shall examine the books, records and accounts, operations and assets and liabilities of the authority for the purpose of auditing and reporting upon its financial statements for such year. The auditors shall audit the books, records, accounts, operations and assets and liabilities of the authority in accordance with generally accepted auditing standards. The report of the auditors shall be appended to the financial statement.

§ 1753. Aid from Federal Government.

In addition to the powers conferred upon any authority by other provisions of this chapter, the authority is empowered to borrow or accept money or accept grants or other financial assistance from any Federal agency for or in aid of the authority's operations. It is the purpose and intent of this chapter to authorize the authority, and the authority is so authorized, to do any and all things necessary or desirable to secure the financial aid or cooperation of any Federal agency in any of the authority's operations. Refunding bonds shall mature at such time or times not exceeding 40 years from their dates of original issuance as the authority shall determine by resolution.

(f) Credit of Commonwealth and political subdivisions not pledged.--Under no circumstances shall any bonds issued by the authority or any other obligation of the authority be or become an indebtedness or liability of the Commonwealth or of any government agency, provided that any government agency may guarantee bonds of an authority to the extent and for the purposes for which the government agency may make loans or grants to an authority.

(2) If any notice shall at any time be published and if no action or proceeding questioning the validity or proper authorization of bonds provided for by the resolution or the validity of any covenants, agreements or contract provided for by such resolution shall be commenced within 20 days after the publication of the notice, then all residents, taxpayers and owners of property in the service area and users of the transportation system of the authority and all other persons whatsoever shall be forever barred and foreclosed from instituting or commencing any action or proceeding in any court or pleading any defense to any action or proceedings questioning the validity or proper authorization of such bonds or the validity of any such

covenants, agreements or contracts, and said bonds, covenants, agreements and contracts shall be conclusively deemed to be valid and binding obligations in accordance with their terms and tenor.

§ 1764. Contracts with obligees of an authority.

Except as otherwise provided in any resolution of an authority authorizing or awarding bonds, the terms thereof and of this chapter as in effect when the bonds were authorized shall constitute a contract between the authority and obligees of the authority, subject to modification in such manner as the resolution, the trust indenture securing such bonds or the bonds shall provide.

§ 1765. Commonwealth pledges.

(a) Limitation of powers.--

(1) The Commonwealth does hereby pledge to and agree with any person, firm or corporation, government agency, whether in this Commonwealth or elsewhere, or Federal agency subscribing to or acquiring the bonds to be issued by the authority that the Commonwealth will not limit or alter the rights hereby vested in the authority in any manner inconsistent with the obligations of the authority to the obligees of the authority until all bonds at any time issued, together with the interest thereon, are fully paid or provided for. The Commonwealth does further pledge to and agree with any Federal agency that, in the event that any Federal agency shall contribute any funds for the authority or any project, the Commonwealth will not alter or limit the rights and powers of the authority in any manner which would be inconsistent with the due performance of any agreements between the authority and any Federal agency.

(2) The Commonwealth does hereby pledge to and agree with any person who, as owner thereof, leases or subleases property to or from an authority that the Commonwealth will not limit or alter the rights and powers hereby vested in the authority or otherwise created by this chapter in any manner which impairs the obligations of the authority until all obligations of the authority under the lease or sublease are fully met and discharged.

(b) Tax proceeds.--If and to the extent that the authority pledges its share of the proceeds of a tax authorized by law to be levied for authority purposes or made available for use by the authority as security for the payment of bonds issued by the authority, the Commonwealth does hereby pledge to and agree with any person, firm or corporation, government agency, whether in this Commonwealth or elsewhere, or Federal agency subscribing to or acquiring such bonds to be issued by the authority that the Commonwealth itself will not, nor will it authorize any government entity levying such tax to, abolish or to reduce the rate of tax imposed for authority purposes or made available for use by the authority until all bonds so secured by the pledge of the authority, together with the interest thereon, are fully paid or provided for.

§ 1766. Provisions of bonds and trust indentures.

In connection with the issuance of bonds or the incurring of obligations under leases, and in order to secure the payment of the bonds and obligations, the authority, in addition to its other powers, shall have the power to:

(1) Pledge or grant a security interest, senior, parity or subordinated, in all or any part of its revenues, including, but not limited to, the proceeds of any tax levied for the purposes of or made available for use by the authority, to which its right then exists or may thereafter come into existence.

(2) Grant a lien on or a security interest in, senior, parity or subordinated, in all or any part of its real or personal property then owned or thereafter acquired, provided, however, that no such lien shall extend to real property of an authority comprising rights-of-way, easements or any other interests in real property used or useful for passage of transportation vehicles or necessary for the safe and sound routing or control of transportation vehicles.

(3) Provide for the issuance of unsecured bonds, limited recourse bonds or nonrecourse bonds.

(4) Enter into trust indentures securing bonds, including, but not limited to, master trust indentures.

(5) Covenant against pledging or granting a lien on or security interest in all or any part of its revenues or all or any part of its real or personal property to which its right or title exists or may thereafter come into existence, or against permitting or suffering any lien on the revenues or property, covenant with respect to limitations on its right to sell, lease or otherwise dispose of any of its real property and covenant as to which other or additional debts or obligations may be incurred by it.

(6) Covenant as to the bonds to be issued and as to the issuance of such bonds, in escrow or otherwise, and as to the use and disposition of the proceeds thereof, provide for the replacement of lost, destroyed or mutilated bonds, covenant against extending the time for the payment of its bonds or interest thereon and covenant for the redemption of bonds and provide the terms and conditions thereof.

(7) Covenant as to the amount of revenues to be raised in each fiscal year or other period of time by the authority, as well as to the use and disposition to be made thereof, create or authorize the creation of special funds for debt service or other purposes and covenant as to the use and disposition of the moneys held in such funds.

(8) Prescribe the procedure, if any, by which the terms of any contract with obligees of the authority may be supplemented, amended or abrogated, prescribe which supplements or amendments will require the consent of obligees of the authority and the amount of bonds to be held by obligees to effect such consent and prescribe the manner in which such consent may be given.

(9) Covenant as to the use of any or all of its real or personal property, warrant its title and covenant as to the maintenance of its real and personal property, the replacement thereof, the insurance to be carried thereon and the use and disposition of insurance proceeds.

(10) Covenant as to the rights, liabilities, powers and duties arising upon the breach by it of any covenant, condition or obligation, provided that the authority shall not be permitted to covenant that upon such breach any or all of its bonds or obligations the payment of which is secured solely by a pledge of or security interest in the proceeds of a tax authorized by law to be levied for authority purposes or made available by an authority shall become or may be declared due before the stated maturity thereof.

(11) Vest in the obligees of the authority or any proportion of them the right to enforce the payment of the bonds or any covenants securing or relating to the bonds; vest in a trustee the right, in the event of default by the authority, to take possession and use, operate and manage any real or personal property and to collect the rents and revenues arising therefrom and to dispose of such moneys in accordance with the agreement of the authority with such trustee; provide for the powers and duties of a trustee and to limit liabilities thereof; and provide the terms and conditions upon which the trustee or the obligees of the authority or any proportion of them may enforce any covenant or rights securing or relating to the bonds.

(12) Negotiate and enter into interest rate exchange agreements, interest rate cap, collar, corridor, ceiling and floor agreements, forward agreements, float agreements and other similar arrangements which, in the judgment of the authority, will assist the authority in managing the interest costs of the authority.

(15) Except as specifically authorized by this chapter, the real property of the authority shall not be mortgaged and shall not be subject to attachment nor levied upon by execution or otherwise. The revenues of the authority and the real and tangible personal property of the authority shall be pledged or otherwise encumbered only as expressly provided in this section and, except to the extent necessary to effectuate such pledge or encumbrance, shall not be subject to attachment nor levied upon by execution or otherwise.

§ 1767. Bonds to be legal investments.

Bonds issued under this chapter are hereby made securities in which all public officers and the instrumentalities and agencies of the Commonwealth and its political subdivisions, all insurance companies, banks, bank and trust companies, trust companies, banking associations, banking corporations, savings banks, investment companies, executors, trustees, the trustees of any retirement, pension or annuity fund or system of the Commonwealth and other fiduciaries may properly and legally invest funds, including capital, deposits or other funds in their control or belonging to them. These bonds are hereby made securities which may properly and legally be deposited with and received by any Commonwealth or municipal officer or any agency or instrumentality or political subdivision of the Commonwealth for any purpose for which the deposit of bonds or other obligations of the Commonwealth now or may hereafter be authorized by law.

§ 1768. Rights and remedies.

(a) **Additional rights.**--An obligee of an authority shall have the right, in addition to all other rights which may be

conferred on the obligee, subject only to any contractual restrictions binding upon the obligee:

(1) By mandamus, suit, action or proceeding at law or in equity, to compel the authority and the members, officers, agents or employees thereof to perform each and every term, provision and covenant contained in any bond or contract of the authority with or for the benefit of the obligee and to require the carrying out of any or all covenants and agreements of the authority and the fulfillment of all duties imposed upon the authority by this chapter.

(2) By proceeding in equity, to obtain an injunction against any acts or things which may be unlawful or the violation of any of the rights of the obligee of the authority.

(3) To require the authority to account as if it were the trustee of an express trust for the obligees of the authority for any pledged revenues received.

(4) To enforce a pledge of or security interest in revenues of the authority securing payment of the bonds against all Commonwealth and local public officials in possession of any revenues at any time, which revenues may be collected directly from such officials upon notice by the obligee of the authority or a trustee for application to the payment of the bonds as and when due for deposits in any sinking, bond or debt service fund established with the trustee at the times and in the amounts specified in the bonds or the resolution or indenture or trust agreement securing the bonds. Any Commonwealth or local public official in possession of any revenues shall make payment against receipt and shall thereby be discharged from any further liability or responsibility for the revenues. If the payment shall be to an obligee of the authority, it shall be made against surrender of the bonds to the payor for delivery to the authority in the case of payment in full; otherwise, it shall be made against production of the bonds for notation thereon of the amount of the payment. The provisions of this section with respect to the enforceability and collection of revenues which secure bonds of the authority shall supersede any contrary or inconsistent statutory provision or rule of law.

(b) Application of section.--This section shall be construed and applied to fulfill the legislative purpose of clarifying and facilitating the financing of the authority of the costs of its transportation system by assuring to the obligees of the authority the full and immediate benefit of the security therefor without delay, diminution or interference based on any statute, decision, ordinance or administrative rule or practice.
§ 1769. Additional remedies conferrable by an authority.

An authority shall have power, by its resolution, trust indenture or loan or lease agreement, to confer upon any obligees holding or representing a specified percentage of bonds, or upon any bond insurer or provider of a letter of credit or other credit or liquidity facility, the right, in addition to all rights that may otherwise be conferred, upon the happening of an event of default or such particular events of default as may be specified in such resolution or instrument, by suit, action or proceeding in any court of competent jurisdiction to obtain the appointment of a receiver of any real property or personal property or leasehold interest of the authority and of the rents and profits therefrom. If a receiver is appointed, the receiver may enter and take possession of such real property or any leasehold interest, operate the same

and collect and receive all revenues or other income thereafter arising therefrom and shall keep such moneys in a separate account and apply the same in accordance with the obligations of the authority as the court shall direct. Nothing in this section or any other section of this chapter shall authorize any receiver appointed under this chapter for the purpose of operating and maintaining any facilities of the authority to sell, assign, mortgage or otherwise dispose of any of the assets, of whatever kind or character, belonging to the authority, except for the sale or other disposition of moveable equipment or other tangible personal property in the ordinary course of business or the sale or disposition of real or personal property to the extent it is pledged to secure the authority's bonds. It is the intention of this chapter to limit the powers of the receiver to the operation and maintenance of the facilities of the authority as the court shall direct, and no obligee of the authority shall ever have the right in any suit, action or proceeding, at law or in equity, to compel a receiver, nor shall any receiver ever be authorized or any court be empowered to direct the receiver, to sell, assign, mortgage or otherwise dispose of any assets, of whatever kind or character, belonging to the authority, except for the expenditure of funds and the sale or other disposition of moveable equipment or other tangible personal property in the ordinary course of business or the sale or disposition of real or personal property to the extent it is pledged to secure the authority's bonds.

§ 1770. Validity of pledge.

Any pledge of or grant of a lien on or security interest in revenues of an authority or real or personal property of an authority made by an authority shall be valid and binding from the time when the pledge is made, the revenues or other property so pledged and thereafter received by the authority making such pledge shall immediately be subject to the lien of any such pledge, lien or security interest without any physical delivery thereof or further act, and the lien of any such pledge or security interest shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the authority irrespective of whether the parties have notice thereof. Neither the resolution nor any other instrument of the authority by which a pledge, lien or security interest is created need be recorded or filed to perfect such pledge or security interest.

§ 1771. Security interest in funds and accounts.

Any moneys deposited in any fund created by the authority pledged to be used to pay debt service on bonds of the authority, including any sinking fund or debt service reserve fund, and all investments and proceeds of investments thereof, shall, without further action or filing, be subjected to a perfected security interest for the obligees of the authority with respect to the bonds until such moneys or investments shall be properly disbursed in accordance with this chapter and subject to the terms of any trust indenture or other contract between the authority and the obligees of the authority with respect to the bonds.

§ 1772. Payment of proceeds of tax levied for authority purposes.

The proceeds of any tax levied for authority purposes or made available for use by the authority and collected by the Department of Revenue, which tax proceeds shall have been pledged by an authority to secure its bonds, shall be transferred by the State Treasurer to or upon the order of the

authority at the times provided by law, subject to any limitations set forth in the resolution of the authority authorizing the bonds.

§ 1773. Limitation on authority under Federal bankruptcy code.

So long as an authority shall have outstanding any bonds issued under this chapter, the authority shall not be authorized to file a petition for relief under 11 U.S.C. Chapter 9 (relating to adjustment of debts of a municipality), and no public officer or agency or instrumentality of the Commonwealth shall authorize the authority to become a debtor under 11 U.S.C. Chapter 9 so long as any bonds issued under this chapter are outstanding.

Sec.

- 5501. Ownership of space.
- 5502. Damage to persons and property on ground.
- 5503. Law applicable to crimes and torts.
- 5504. Law applicable to contracts.

Enactment. Chapter 55 was added October 10, 1984, P.L.837, No.164, effective immediately.

§ 5501. Ownership of space.

(a) General rule.--The ownership of the space over and above the lands and waters of this Commonwealth is declared to be vested in the owner of the surface beneath, but the ownership extends only so far as is necessary to the enjoyment of the use of the surface without interference and is subject to the right of passage or flight of aircraft. Flight through the space over and above land or water, at a sufficient height and without interference to the enjoyment and use of the land or water beneath, is not an actionable wrong unless the flight results in actual damage to the land or water, or property thereon or therein, or use of the land or water beneath.

(b) Penalty.--Except in an emergency, no aircraft may land on, taxi or maneuver upon, or take off from a public airport unless operated by a person possessing proof of having attained a national standard of competence in the operation of that aircraft. Any person violating any of the provisions of this part, unless the violation is by this title or other statute of this Commonwealth declared to be a misdemeanor, or any of the rules and regulations adopted by the department pursuant to this part, commits a summary offense and shall, upon conviction, be sentenced to pay a fine of not less than \$50 and not more than \$200 and, in default thereof, to undergo imprisonment for a period not exceeding 30 days.

§ 5502. Damage to persons and property on ground.

(a) General rule.--The owner and the pilot, or either of them, of an aircraft which is operated over the lands or waters of this Commonwealth shall be liable for injuries or damage to persons or property on or over the land or water beneath, caused by the ascent, descent or flight of aircraft or the dropping or falling of any object therefrom in accordance with the law applicable to torts on land in this Commonwealth.

(b) Definition.--As used in this section the word "owner" includes a person having full title to aircraft and operating it through agents and also includes a bona fide lessee or bailee of the aircraft whether gratuitously or for hire. It does not include a bona fide bailor or lessor of the aircraft, whether gratuitously or for hire, or a mortgagee, secured party, trustee for creditors of the aircraft or other persons having a security title only. The owner of the aircraft shall not be liable when the pilot of the aircraft is in possession thereof as a result of theft or felonious conversion. The person in whose name an aircraft is registered with the United States Department of Transportation is prima facie the owner of the aircraft within the meaning of this section.

§ 5503. Law applicable to crimes and torts.

(a) General rule.--All crimes, torts and other wrongs committed by or against a pilot or passengers, while in flight over or above the lands and waters of this Commonwealth, shall be governed by the law of this Commonwealth. The issue of whether damage occasioned by or to an aircraft, while over this Commonwealth, constitutes a tort, crime or other wrong by or against the owner of the aircraft shall be determined by the law of this Commonwealth.

(b) Liability for injury to passengers.--The liability of the owner or pilot of an aircraft carrying passengers, for injury or death to the passengers, shall be determined by the law applicable to torts on the lands or waters of this Commonwealth arising out of similar relationships.

(c) Liability for collision of aircraft.--The liability of the owner of one aircraft to the owner of another aircraft, or to pilots or passengers on either aircraft, for damage caused by collision, on land or in the air, shall be determined by the law applicable to torts on the lands or waters of this Commonwealth.

(d) Liability of insurer.--No insurer shall deny coverage under an exclusion in an agreement where there is no causal connection between the exclusion and any loss resulting from any accident.

(e) Rental insurance disclosure.--

(1) Every person who, in the ordinary course of his business, rents an aircraft to another person, shall deliver to such renter a written notice stating the nature and extent of insurance coverage provided, if any, for the renter against loss of or damage to the hull of the aircraft, or against liability arising out of the ownership, maintenance or use of the aircraft. The notice shall contain the name of the person giving the notice and shall be in such form as required by the department.

(2) Every person subject to the requirements of paragraph (1) shall, in addition thereto, conspicuously post in every place he conducts business, a statement setting forth the nature and extent of insurance coverage.

(3) Any person who fails to deliver the notice in accordance with paragraph (1) commits a summary offense and shall, upon conviction, be sentenced to pay a fine of not more than \$1,000.

(b) Structures in close proximity to airport.--A person who erects a new structure or adds to an existing structure in violation of guidelines or regulations adopted by the Federal Aviation Administration of the United States Department of Transportation, or who erects the structure with respect to the airport without, in either event, first obtaining prior approval from the department, commits a summary offense.

All fines forfeited, recognizances and other fines imposed, lost or forfeited, shall be payable to the airport authority.

References in Text. The act of June 18, 1974 (P.L.359, No.120), referred to as the Municipal Police Education and Training Law, referred to in this section, was repealed by the act of December 12, 1996 (P.L.1158, No.177). § 5905. Certain State-owned airport.

Notwithstanding any other provision of law to the contrary, all right, title and interest in the property known as Mid-State Airport located in Centre County, containing 496.68 acres, more or less, including the present access road from L.R.504 to and into Mid-State Airport, shall be transferred to and held within the jurisdiction and control of the Department of General Services for all purposes, and the Department of General Services shall have the same powers and duties with respect to Mid-State Airport as it has with respect to other real estate under its jurisdiction, with the exception that the facilities currently owned, used and operated at Mid-State Airport by the Department of Environmental Resources for wild fire attack operations and full access thereto by land and by air shall remain, without charge of any kind, in the Department of

Environmental Resources, it being intended that nothing herein shall diminish the ability of the Department of Environmental Resources to continue its wild fire air attack operations as conducted at and out of Mid-State Airport prior to the effective date hereof. Because this involves a transfer of State forest and State park lands, no future use of Mid-State Airport shall impair in any way the integrity of the adjacent State forest and State park lands and their ecosystems. If at any time the jurisdiction and control of the land herein transferred entails significant maintenance and operation responsibilities for the Department of General Services, then and thereafter the jurisdiction and control of the land shall be transferred to the Department of Transportation.

Transfer of Powers. Section 302(h) of Act 18 of 1995, which created the Department of Conservation and Natural Resources and renamed the Department of Environmental Resources as the Department of Environmental Protection, provided that the Department of Conservation and Natural Resources shall exercise the powers and duties conferred upon the Department of Environmental Resources by section 5905.

AIRPORT ZONING

Sec.

- 5911. Short title of subchapter.
- 5912. Power to adopt airport zoning regulations.
- 5913. Relation to other zoning regulations.
- 5914. Procedure for adoption of zoning regulations.
- 5915. Airport zoning requirements.
- 5916. Permits and variances.
- 5917. Administrative appeals.
- 5918. Judicial review.
- 5919. Notice to department.
- 5920. Acquisition of air rights.

Cross References. Subchapter B is referred to in section 14702 of Title 11 (Cities).

§ 5911. Short title of subchapter.

This subchapter shall be known and may be cited as the Airport Zoning Act.

§ 5912. Power to adopt airport zoning regulations.

(a) General rule.--In order to prevent the creation or establishment of airport hazards, every municipality having an airport hazard area within its territorial limits shall adopt, administer and enforce, under the police power and in the manner and upon the conditions prescribed in this subchapter and in applicable zoning law unless clearly inconsistent with this subchapter, airport zoning regulations for such airport hazard area. The regulations may divide the area into zones and, within the zones, specify the land uses permitted and regulate and restrict the height to which structures may be erected or objects of natural growth may be allowed to grow. A municipality which includes an airport hazard area created by the location of a public airport is required to adopt, administer and enforce zoning ordinances pursuant to this subchapter if the existing comprehensive zoning ordinance for the municipality does not provide for the land uses permitted and regulate and restrict the height to which structures may be erected or objects of natural growth may be allowed to grow in an airport hazard area.

(b) Joint airport zoning board.--Where any airport hazard area appertaining to an airport is located outside the territorial limits of the municipality encompassing the airport, all of the municipalities involved may, by ordinance or resolution, create a joint airport zoning board which shall have the same power to adopt, administer and enforce airport zoning regulations applicable to the airport hazard area in question as that vested by subsection (a) in the municipality within which the area is located. Each joint airport zoning board shall have as members two representatives appointed by each municipality participating in its creation and, in addition, a chairman elected by a majority of the members so appointed.

(c) Definition.--As used in this section the word "airport" does not include facilities designated as heliports and which can be used only by rotary wing aircraft, nor airports which are private airports.

Cross References. Section 5912 is referred to in section 5102 of this title.

§ 5913. Relation to other zoning regulations.

(a) Incorporation.--In the event that a municipality has adopted or hereafter adopts a comprehensive zoning ordinance regulating, among other things, the height of buildings, any airport zoning regulations applicable to the same area or portion thereof may be incorporated in and made a part of the comprehensive zoning regulations and be administered and enforced in connection therewith.

(b) Conflict.--In the event of conflict between any airport zoning regulations adopted under this subchapter and any other regulations applicable to the same area, whether the conflict be with respect to the height of structures or trees, the use of land or any other matter, and whether the other regulations were adopted by the municipality which adopted the airport zoning regulations or by some other municipality under this subchapter or otherwise, the more stringent limitation or requirement shall prevail.

§ 5914. Procedure for adoption of zoning regulations.

(a) Notice and hearing.--No airport zoning regulations shall be adopted, amended or changed except by action of the municipality or the joint airport zoning board after a public hearing in relation thereto at which parties in interest and citizens shall have an opportunity to be heard. The notice shall be published once each week for two successive weeks in a newspaper of general circulation in the municipality or municipalities affected. The notice shall state the time and place of the hearing and the particular nature of the matter to be considered at the hearing. The first publication shall not be more than 30 days or less than 14 days from the date of the hearing.

(b) Airport Zoning Planning Agency.--Prior to the initial zoning of any airport hazard area, the municipality or joint airport zoning board which is to adopt the regulations shall appoint a planning agency, to be known as the Airport Zoning Planning Agency, to recommend the boundaries of the various zones to be established and the regulations to be adopted therefor. The planning agency shall make a preliminary report and, after notice given in the same manner as is provided in subsection (a), shall hold public hearings thereon before submitting its final report. The municipality or the joint airport zoning board shall not hold its public hearings or take other action until it has received the final report of the

planning agency. Where a planning agency already exists, it may be appointed as the Airport Zoning Planning Agency.

§ 5915. Airport zoning requirements.

(a) **Reasonableness.**--All airport zoning regulations adopted under this subchapter shall be reasonable; none shall impose any requirement or restriction unless it is reasonably necessary to effectuate the purpose of this subchapter. In determining what regulations it may adopt, each municipality and joint airport zoning board shall consider, among other factors, the character of the flying operations expected to be conducted at the airport, the nature of the terrain within the airport hazard area, the character of the neighborhood and the uses to which the property to be zoned is put and adaptable.

(b) **Nonconforming uses.**--No airport zoning regulations adopted under this subchapter may require the removal, lowering or other change or alteration of any structure or any object of natural growth not conforming to the regulations when adopted or amended or otherwise interfere with the continuance of any nonconforming use, except as provided in section 5916 (relating to permits and variances).

(c) **Model ordinance.**--A municipality shall adopt, either in full or by reference, any provision of any model zoning ordinance or other similar guidelines suggested or published by the Federal Aviation Administration of the United States Department of Transportation regarding airport hazard areas.

§ 5916. Permits and variances.

(a) **Permit.**--Any airport zoning regulations shall require that a permit be obtained before any new use or structure may be established or constructed and before any existing use or structure may be substantially changed, but no permit may be required to make maintenance repairs to or to replace parts of existing structures which do not enlarge or increase the height of an existing structure. However, all regulations shall provide that before any nonconforming structure may be replaced, substantially altered or rebuilt or tree allowed to grow higher or replanted, a permit must be secured from the municipality authorizing the replacement or change. Applications for permits shall only be granted unless to do so would allow the establishment or creation of an airport hazard or permit a nonconforming structure or object of natural growth or nonconforming use to be made or become higher or become a greater hazard to air navigation than it was when the applicable regulation was adopted, or than it is when the application for a permit is made.

(b) **Variance.**--Any person desiring to erect any structure or increase the height of any structure or permit the growth of any object of natural growth or otherwise use his property in violation of airport zoning regulations may apply to the board for a variance from the zoning regulations in question. A variance shall only be granted after the requirements of section 5919 (relating to notice to department) are satisfied. A variance may be allowed where a literal application or enforcement of the regulations would result in practical difficulty or unnecessary hardship and the relief granted would not be contrary to the public interest but would do substantial justice and would be in accordance with the spirit of the regulations and this subchapter. Any variance may be granted subject to any reasonable conditions that the board may deem necessary to effectuate the purposes of this subchapter.

(c) **Hazard marking and lighting.**--In granting any permit or variance under this section, the board shall, if it deems the action advisable to effectuate the purpose of this

subchapter and reasonable in the circumstances, so condition the permit or variance as to require the owner of the structure or object of natural growth in question to permit the municipality, at its own expense, or require the person or persons requesting the permit or variance, to install, operate and maintain thereon such markers and lights as may be required by guidelines or regulations adopted by the Federal Aviation Administration of the United States Department of Transportation.

Cross References. Section 5916 is referred to in section 5915 of this title.

§ 5917. Administrative appeals.

(a) Right of appeal.--Any person aggrieved or taxpayer affected by any decision of the municipality or joint zoning hearing board may appeal to the board as provided by law.

(b) Stay of proceedings.--An appeal shall stay all proceedings in furtherance of the action appealed from unless the municipality or joint zoning hearing board certifies to the board, after the notice of appeal has been filed with it, that, by reason of the facts stated in the certificate, a stay would in its opinion cause imminent peril to life or property. In such cases proceedings shall not be stayed otherwise than by order of the board or notice to the municipality or joint zoning appeal board.

(c) Board of appeals.--All airport zoning regulations shall provide for a board to hear and decide appeals, special exceptions and requests for variances. Where a zoning board of appeals or adjustment already exists, it may be appointed as the board. Otherwise, the board shall consist of five members, each to be appointed for a term of three years by the authority adopting the regulations and to be removable by the appointing authority, for cause, upon written charges and after public hearing.

Cross References. Section 5917 is referred to in section 5102 of this title.

§ 5918. Judicial review.

Any person aggrieved or taxpayer affected by any decision of a board may appeal to the court of common pleas as provided by law. In cases where applicable law does not provide an appeal from a municipality to a board, a person or taxpayer may appeal from a decision of a municipality or joint airport zoning board, as provided by law for similar zoning proceedings.

Cross References. Section 5918 is referred to in section 5919 of this title.

§ 5919. Notice to department.

Notwithstanding any other provision of law, a municipality or board which decides to grant a permit or variance under this subchapter shall notify the department of its decision. This notice shall be in writing and shall be sent so as to reach the department at least ten days before the date upon which the decision is to issue. Nothing in this section shall be construed as impairing the rights of any person under section 5918 (relating to judicial review).

Cross References. Section 5919 is referred to in section 5916 of this title.

§ 5920. Acquisition of air rights.

In any case in which it is desired to remove, lower or otherwise terminate a nonconforming structure or use, or the

approach protection necessary cannot, because of constitutional limitations, be provided by airport zoning regulations, or it appears advisable that the necessary approach protection be provided by acquisition of property rights, rather than by airport zoning regulations, the municipality within which the property or nonconforming use is located, or the municipality or municipal authority owning the airport or served by it, may acquire by purchase, grant or condemnation, in the manner provided by the law under which municipalities are authorized to acquire real property for public purposes, such air right, aviation easement or other estate or interest in the property or nonconforming structure or use in question as may be necessary to effectuate the purpose of this subchapter. In the case of the purchase of any property or any easement or estate, or interest therein, or the acquisition thereof by the power of eminent domain, the municipality making the purchase or exercising the power shall, in addition to the damages for the taking, injury or destruction of property, also pay the cost of the removal and relocation of any structure or any public utility which is required to be moved to a new location.

Cross References. Section 5920 is referred to in section 206 of Title 26 (Eminent Domain).

(2) If a rental facility agreement is not executed within two years following the date a vehicle rental company is required to begin collecting the customer facility charge, a city may continue to impose and collect the customer facility charge authorized under this section after notice to the vehicle rental companies. (2) With any Federal agency that, if the Federal agency contributes funds to support any projects needed for the implementation of this subchapter, the Commonwealth will not alter or limit the rights and powers of the airport owner in a manner which would be inconsistent with the due performance of any agreement between the airport owner and a Federal agency of which the Commonwealth has knowledge.

§ 6121. Tax on aviation fuels.

(a) **Imposition.**--There is hereby imposed, effective July 1, 1984, an additional State tax of 1.5¢ per gallon, or fractional part thereof, on all fuels used or sold and delivered by distributors within this Commonwealth for use as fuel in propeller-driven piston aircraft or aircraft engines as provided for in the act of May 21, 1931 (P.L.149, No.105), known as The Liquid Fuels Tax Act.

(b) **Annual adjustment.**--Beginning on January 1, 1985, and each January 1 thereafter, the tax imposed under this section shall be adjusted annually and shall be set for that calendar year. The adjustment shall be based upon the percentage change of the Producer Price Index for Jet Fuel, as determined by the Bureau of Labor Statistics for the United States Department of Labor for the most recent 12-month period available as of the immediately preceding November 1. For every 10% increase or decrease in the Producer Price Index, there shall be a 0.1¢ per gallon, or fractional part thereof, increase or decrease in the rate of tax. The rate of tax shall be determined by the

Secretary of Revenue, who shall cause such rate to be published as a notice pursuant to 45 Pa.C.S. § 725(a)(3) (relating to additional contents of Pennsylvania Bulletin) in the Pennsylvania Bulletin on or before December 15 of each year. The tax, as adjusted, shall never exceed 6¢ per gallon, or fractional part thereof, nor shall it be less than 3¢ per gallon, or fractional part thereof.

(c) Construction of section.--This section shall be construed in conjunction with The Liquid Fuels Tax Act, which shall apply to the collection, administration and enforcement of the tax imposed under this section.

Effective Date of Tax. Section 4 of Act 164 of 1984 provided that, if Act 164 was not finally enacted on or before July 1, 1984, the tax imposed under section 6121 shall not be effective as of July 1, 1984, but shall be effective on the first day of the first month following final enactment (November 1, 1984).

References in Text. The act of May 21, 1931 (P.L.149, No.105), known as The Liquid Fuels Tax Act, referred to in this section, was repealed by the act of April 17, 1997 (P.L.6, No.3). The subject matter is now contained in Chapter 90 of Title 75 (relating to liquid fuels and fuels tax).

§ 6122. Allocation of funds.

(a) Grants.--Each year the owner of a public airport shall be eligible for a grant from the local real estate tax reimbursement portion of the Aviation Restricted Account. Except as otherwise provided in subsection (d), the grant shall be equal to the amount of local real estate tax paid on those portions of an airport which are aviation-related areas.

(b) Application form.--The owner of a public airport shall apply for the grant provided for in this section in the manner and on the forms as prescribed by the department.

(c) Notice to State Treasurer.--The department, following its review of each application for a grant, shall notify the State Treasurer of each applicant who qualifies therefor and the amount of the grant to which each applicant is eligible. Within 30 days of receiving the notification, the State Treasurer shall issue the grant to the qualifying applicant.

(d) Limit on grant.--The total grant of moneys in any one year shall not exceed a sum equal to the moneys collected on the sale of fuels sold for use in propeller-driven piston aircraft or aircraft engines for the previous year, plus any income earned on the fund. In the event that there are insufficient funds in the fund to meet the total annual grants provided for under this section, the department shall make such grants on a pro rata basis. In the event that there are surplus funds in the fund with which to meet the total annual grants provided for under this section, the department may make additional grants to public airport owners, which shall be used for airport development purposes.

(e) Administrative costs.--The costs of administering the grant program under this section shall be paid out of the revenues described in section 5103(c) (relating to Aviation Restricted Account). The costs of administering this program shall not exceed 10% of such revenues collected for that year.

References in Text. Section 5103(c), referred to in this section, is repealed. The subject matter is now contained in section 530 of the act of April 9, 1929 (P.L.177, No.175), known as The Administrative Code of 1929.

Any applicant found not eligible for a grant, or for any portion thereof, shall receive written notice that his application has been denied and the reason for the denial.

§ 6124. Agreement of maintenance.

(a) **Terms.**--Prior to applying for an appropriation under section 6122 (relating to allocation of funds), every public airport owner shall enter into an agreement with the department. This agreement shall specify that the owner shall continue to maintain the property for which the grant will be sought as an airport, at least equal in size and capacity to its size and capacity as of the owner's initial grant application, for a period of not less than ten years.

(b) **Covenant.**--The agreement specified under this section shall be a covenant which runs with the land and, upon the acceptance of any grant, the covenant shall be deemed extended for one additional year.

(c) **Violation.**--Any violation of the agreement shall make the owner liable for the repayment of the total appropriation for that year plus a penalty of two times the grant. The tax shall be collected by the distributor and shall be paid to the Commonwealth only once with respect to any fuels.

(b) **Annual adjustment.**--Beginning on January 1, 1986, and each January 1 thereafter, the tax imposed under this section shall be adjusted annually and shall be set for that calendar year. The adjustment shall be based upon the percentage change of the Producer Price Index for Jet Fuel, as determined by the Bureau of Labor Statistics for the United States Department of Labor, for the most recent 12-month period available as of the immediately preceding November 1. For every 10% increase or decrease in the Producer Price Index, as determined by comparing the index for the first month of the 12-month period with the index for the last month of the period, there shall be a 0.1¢ per gallon, or fractional part thereof, increase or decrease in the rate of tax. The rate of tax shall be determined by the Secretary of Revenue, who shall cause such rate to be published as a notice pursuant to 45 Pa.C.S. § 725(a)(3) (relating to additional contents of Pennsylvania Bulletin) in the Pennsylvania Bulletin on or before December 15 of each year. The tax, as adjusted, shall never exceed 2¢ per gallon, or

Upon the effective date of the tax imposed by this section upon jet fuels, such jet fuels shall not be subject to the tax imposed by the act of January 14, 1952 (1951 P.L.1965, No.550), known as the Fuel Use Tax Act, except that dealer-users shall remain liable to report and pay the fuel use tax on any jet fuels used thereafter upon which the tax provided by this section has not been imposed.

(d) Disposition of taxes.--All moneys collected under this section shall be deposited by the State Treasurer in the Aviation Restricted Account.

Effective Date of Tax. Section 4 of Act 164 of 1984 provided that, if Act 164 was not finally enacted on or before July 1, 1984, the tax imposed under section 6131 shall not be effective as of July 1, 1984, but shall be effective on the first day of the first month following final enactment (November 1, 1984).

In the event of a default, the security shall be utilized for the retirement of the bonds provided for in Subchapter E (relating to bond issuance).

(b) Lien.--Upon entering into an agreement with a loan applicant, the department may enter a lien against the property of the applicant. (c) Recording and priority.--The department shall record the lien provided for under this section with the office of the prothonotary of the county wherein the airport is located and the lien shall be given a priority exceeded only by claims of the Federal Government, insofar as the laws of the United States may give a prior claim to the Federal Government.

(d) Release and appeal.--The department shall release the lien upon a showing by the applicant that he has not violated the loan agreement. § 6504. Testing.

(a) Prearrest.--If a law enforcement officer has reasonable grounds to believe an individual has violated section 6502(a) (relating to offense), the officer may request that the individual submit to a preliminary test of blood, breath or urine on a device approved by the Department of Health for the purpose of assisting the officer in determining whether the individual is in violation of section 6502(a) and should be placed under arrest. It shall be the duty of the law enforcement officer to inform the individual at the time of the request of the penalties for refusal under subsection (c) and the reporting requirements under section 6505 (relating to reporting). If the individual after being notified of the penalties and reporting requirements refuses to submit to chemical testing, the test shall not be conducted. Nothing in this section shall be construed to require a law enforcement officer to request an individual to submit to a chemical test prior to placing the individual under arrest for a violation of section 6502(a).

(b) Postarrest.--If an individual is arrested for violation of section 6502(a), the individual shall submit to one or more chemical tests of breath, blood or urine for the purpose of determining the alcoholic content of blood or the presence of a controlled substance. It shall be the duty of the law enforcement officer to inform the individual at the time of the request of the penalties for refusal under subsection (c) and the reporting requirements under section 6505. If the individual after being notified of the penalties and reporting requirements refuses to submit to chemical testing, the test shall not be conducted.

(c) Refusal.--Notwithstanding section 6503(1) (relating to penalty), an individual who violates section 6502(a) and who refuses to submit to a test requested or required under subsection (a) or (b) shall be sentenced to pay a fine of not less than \$2,500 nor more than \$5,000.

(d) Test results admissible in evidence.--In a civil proceeding arising out of a violation of section 6502 or in a prosecution under section 6502, the amount of alcohol or the presence of a controlled substance in the individual's blood as shown by chemical testing, conducted by a qualified individual using approved equipment, of the individual's breath, blood or urine shall be admissible in evidence. The following apply:

(1) Chemical tests of breath must be performed on devices approved by the Department of Health using procedures prescribed jointly by regulations of the Department of Health and the Department of Transportation. Devices must have been calibrated and tested for accuracy within a period of time and in a manner specified by regulations of the departments. For purposes of breath testing, a "qualified individual" means an individual who has fulfilled the training requirement in the use of the equipment in a training program approved by the departments. A certificate or log showing that a device was calibrated and tested for accuracy and that the device was accurate shall be presumptive evidence

of those facts in every proceeding in which a violation of this chapter is charged.

(2) (i) Chemical tests of blood or urine, if conducted by a facility located in this Commonwealth, must be performed by a clinical laboratory licensed and approved by the Department of Health for this purpose using procedures and equipment prescribed by the Department of Health or by a Pennsylvania State Police criminal laboratory. For purposes of blood and urine testing, a "qualified individual" means an individual who is authorized to perform those chemical tests under the act of September 26, 1951 (P.L.1539, No.389), known as The Clinical Laboratory Act.

(ii) For purposes of blood and urine testing to determine blood alcohol or controlled substance content levels, the procedures and equipment prescribed by the Department of Health shall be reviewed within 120 days of the effective date of this subparagraph and at least every two years thereafter to ensure that consideration is given to scientific and technological advances so that testing conducted in accordance with the prescribed procedures utilizing the prescribed equipment will be as accurate and reliable as science and technology permit.

(3) Chemical tests of blood or urine, if conducted by a facility located outside this Commonwealth, must be performed:

(i) by a facility licensed and approved by the Department of Health for this purpose; or

(ii) by a facility licensed to conduct the tests by the state in which the facility is located and licensed pursuant to the Clinical Laboratory Improvement Amendments of 1988 (Public Law 100-578, 102 Stat. 2903).

(e) Refusal admissible in evidence.--In a civil action arising out of a violation of section 6502 or a prosecution under section 6502, the fact that the individual refused to submit to chemical testing as required by subsection (a) or (b) may be introduced in evidence along with other testimony concerning the circumstances of the refusal. No presumptions shall arise from this evidence, but it may be considered along with other factors concerning the charge.

(f) Other evidence admissible.--This section shall not be construed as limiting the introduction of any other competent evidence bearing upon the question of the amount of alcohol or the presence of a controlled substance in the defendant's blood.

(g) Test results available to defendant.--Upon the request of the individual tested or the individual charged under section 6502(b), the results of a chemical test shall be made available to the individual or the individual's attorney.

(h) Test by personal physician.--The individual tested shall be permitted to have a physician of the individual's choosing administer an additional breath, blood or urine chemical test, and the results of the test shall also be admissible in evidence. The chemical testing given at the direction of the law enforcement officer shall not be delayed by the individual's attempt to obtain an additional test.

(i) Request by individual.--An individual involved in an accident or placed under arrest for a violation of section 6502 may request a chemical test of the individual's breath, blood or urine. A request under this subsection shall be honored when it is reasonably practicable to do so.

(j) Immunity from civil liability and reports.--No physician, nurse or technician or hospital employing the

physician, nurse or technician, and no other employer of the physician, nurse or technician, shall be civilly liable for withdrawing blood or obtaining a urine sample and reporting test results at the request of a law enforcement officer pursuant to this section. No physician, nurse or technician or hospital employing the physician, nurse or technician may administratively refuse to perform a test and provide the results except for good cause.

Cross References. Section 6504 is referred to in section 6505 of this title.

§ 6505. Reporting.

(a) Security for bonds.--In the discretion of the commission, the bonds, notes or other obligations may be secured by a trust indenture by and between the commission and a corporate trustee, which may be any trust company or bank having the powers of a trust company, within this Commonwealth. The

trust indenture may pledge or assign tolls and revenue to be received but shall not convey or mortgage the Pennsylvania Turnpike System, including the turnpikes and toll road conversions provided for by this chapter.

(b) Rights of bondholders.--Either the resolution providing for the issuance of the bonds, notes or other obligations or the trust indenture may contain provisions for protecting and enforcing the rights and remedies of the bondholders or holders of notes or other obligations as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the commission in relation to the acquisition of properties and the construction, maintenance, operation and repair and insurance of the turnpikes and the custody, safeguarding and application of all money. It shall be lawful for any bank or trust company incorporated under the laws of this Commonwealth to act as a depository of the proceeds of bonds, notes or other obligations or revenues and to furnish the indemnity bonds or to pledge the securities as may be required by the commission. The trust indenture may set forth the rights and remedies of the bondholders or holders of notes or other obligations and of the trustee and may restrict the individual right of action of bondholders or holders of notes or other obligations as is customary in trust indentures securing bonds, debentures of corporations, notes or other obligations. In addition to the foregoing, the trust indenture may contain other provisions as the commission may deem reasonable and proper for the security of bondholders or holders of notes or other obligations. All expenses incurred in carrying out the trust indenture may be treated as part of the cost of maintenance, operation and repair of the turnpikes and toll road conversions provided for by this chapter.

§ 8115. Commission and obligations tax exempt.

The accomplishment by the commission of the authorized purposes stated in this chapter being for the benefit of the people of this Commonwealth and for the improvement of their commerce and prosperity, in which accomplishment the commission will be performing essential governmental functions, the commission shall not be required to pay any taxes or assessments on any property acquired or used by it for the purposes provided in this chapter, and the bonds, notes or other obligations issued by the commission, their transfer and the income therefrom, including any profits made on the sale thereof, shall at all times be free from taxation within this Commonwealth.

§ 8116. Collection and disposition of tolls and other revenue.

(a) Establishment and changes in toll amounts.--Subject to the terms of any trust indenture entered into by the commission or any resolution authorizing the issuance of any bonds, notes or other obligations of the commission, the commission is authorized to fix and to revise tolls for the use of the Pennsylvania Turnpike System and the different parts or sections of the system, including the turnpike, the turnpike extensions and improvements and the toll road conversions authorized by this chapter. The commission is further authorized to charge and collect tolls; to contract with any person, partnership, association or corporation desiring the use of any part thereof, including the right-of-way adjoining the paved portion, for placing thereon telephone, telegraph, electric light or power lines, gas stations, garages, stores, hotels, restaurants and advertising signs or for any other purpose, except for service plazas in the right-of-way along Interstate 80 and for tracks for railroad or railway use; and to fix the terms, conditions, rents and rates of charges for use. Tolls shall be fixed and

adjusted as to provide funds at least sufficient with other revenues of the Pennsylvania Turnpike System, if any, to pay all of the following:

(1) The cost of the turnpikes. This paragraph includes the cost of constructing, reconstructing, widening, expanding, extending, maintaining, repairing and operating the Pennsylvania Turnpike System and the different parts and sections of the system.

(2) Any of the following:

(i) The commission's bonds, notes or other obligations and the interest on them.

(ii) Sinking fund requirements of the commission.

(iii) Other requirements provided for by any resolution authorizing the issuance of the bonds, notes or other obligations by the commission, or by any trust indenture to which the commission is a party, as they become due.

(3) Amounts due to the department under 75 Pa.C.S. Ch. 89 (relating to Pennsylvania Turnpike) and pursuant to the lease agreement under 75 Pa.C.S. § 8915.3 (relating to lease of Interstate 80; related agreements).

(4) The cost of repayment to the Federal Government of funds required to be repaid pursuant to Federal legislation authorizing the conversion of toll-free roads to toll roads.

(5) Any other amounts payable to the Commonwealth or to the department.

(b) Restrictions on toll revenue.--Tolls shall not be subject to supervision or regulation by any other State commission, board, bureau or agency. Subject to the terms of any presently existing trust indenture entered into by the commission and any presently existing resolution authorizing the issuance of any bonds, notes or other obligations of the commission, the tolls and all other revenue derived from the Pennsylvania Turnpike System shall be set aside and pledged as may be provided in any resolutions, trust indentures or any other agreements that the commission may hereafter adopt or hereafter enter into with respect to the issuance of bonds, notes or other obligations of the commission.

Cross References. Section 8116 is referred to in section 1380 of Title 75 (Vehicles).

§ 8117. Electronic toll collection.

(a) Liability of owner.--

(1) If an operator of a vehicle fails to pay the prescribed toll at any location where tolls are collected by means of electronic toll collection, the owner of the vehicle shall be liable to the commission for failure of the operator of the vehicle to comply with this section if the violation is evidenced by information obtained from a violation enforcement system.

(2) If a violation of this section is committed, the registration plate number of the vehicle as recorded by a violation enforcement system shall establish an inference that the owner of the vehicle was then operating the vehicle. The inference shall be overcome if the owner does all of the following:

(i) Testifies that the owner was not operating the vehicle at the time of the violation.

(ii) Submits to an examination as to who at the time was operating the vehicle.

(iii) Reveals the name and residence address, if known, of the operator of the vehicle.

(3) If an action or proceeding is commenced in a county other than that of the residence of the owner, a verified written statement setting forth the facts prescribed under paragraph (2)(i), (ii) and (iii) shall suffice to overcome the inference.

(4) If the inference is overcome, the operator of the vehicle may be held liable under this section for failure to pay the prescribed toll in the same manner as if the operator were the owner of the vehicle.

(b) Imposition of liability.--Liability under this section shall be imposed upon an owner for a violation of this section or the regulations of the commission occurring within the territorial limits of this Commonwealth. If a violation is committed as evidenced by a violation enforcement system, the following shall apply:

(1) The commission or an authorized agent or employee must prepare and mail a notice of violation as follows:

(i) The notice of violation must be sent by first class mail to each person alleged to be liable as an owner for a violation of this section.

(ii) The notice must be mailed at the address shown on the vehicle registration or at the address of the operator, as applicable. Notice must be mailed no later than 60 days after:

(A) the alleged conduct; or

(B) the date the inference is overcome under subsection (a)(2).

(iii) Personal service is not required.

(iv) The notice must contain all of the following:

(A) Information advising the person charged of the manner and time in which the liability alleged in the notice may be contested.

(B) A warning advising the person charged that failure to contest in the manner and time provided shall be deemed an admission of liability and that a default judgment may be entered on the notice.

(1.1) A manual or automatic record of mailing prepared in the ordinary course of business shall be prima facie evidence of the mailing of notice.

(2) If an owner of a vehicle or an owner that is a lessor of a vehicle receives a notice of violation under this section for any time period during which the vehicle was reported to a police department as having been stolen, it shall be a defense to the allegation of liability that the vehicle had been reported to the police as having been stolen prior to the time the violation occurred and that the vehicle had not been recovered by the time of the violation. For purposes of asserting the defense under this paragraph, it shall be sufficient that a certified copy of the police report on the stolen vehicle be sent by first class mail to the commission within 30 days after receiving the original notice of violation. Failure to send the information within the time limit under this paragraph shall render the owner or lessor liable for the penalty prescribed by this section.

(3) An owner that is a lessor of a vehicle as to which a notice of violation was issued under paragraph (1) shall not be liable for a violation if the owner sends to the commission a copy of the rental, lease or other contract document covering the vehicle on the date of the violation, with the name and address of the lessee clearly legible to the commission, within 30 days after receiving the original notice of violation. Failure to send the information within

the time limit under this paragraph shall render the lessor liable for the penalty prescribed by this section. If the lessor complies with the provisions of this section, the lessee of the vehicle on the date of the violation shall be deemed to be the owner of the vehicle for purposes of this section and shall be subject to liability for the penalty under this section.

(4) A certified report or a facsimile report of an authorized agent or employee of the commission reporting a violation of this section or regulations of the commission based upon the recorded information obtained from a violation enforcement system shall be prima facie evidence of the facts contained in the report and shall be admissible as an official record kept in the ordinary course of business in any proceeding charging a violation of this section or the toll collection regulations of the commission.

(5) Notwithstanding any other provision of law, videotapes, photographs, microphotographs, other recorded images, written records, reports or facsimiles prepared pursuant to this section shall be for the exclusive use of the commission, its authorized agents, its employees and law enforcement officials for the purpose of discharging duties under this section and the regulations of the commission. The information shall not be deemed a public record under the act of June 21, 1957 (P.L.390, No.212), referred to as the Right-to-Know Law. The information shall not be discoverable by court order or otherwise; nor shall it be offered in evidence in any action or proceeding which is not directly related to a violation of this section, the regulations of the commission or indemnification for liability imposed pursuant to this section. The restrictions set forth in this paragraph:

(i) shall not be deemed to preclude a court of competent jurisdiction from issuing an order directing that the information be provided to law enforcement officials if the information is reasonably described and is requested solely in connection with a criminal law enforcement action;

(ii) shall not be deemed to preclude the exchange of the information between any entities with jurisdiction over or which operate an electronic toll collection system in this Commonwealth or any other jurisdiction; and

(iii) shall not be deemed to prohibit the use of information exclusively for the purpose of billing electronic toll collection account holders, deducting toll charges from the account of an account holder, enforcing toll collection laws and related regulations or enforcing the provisions of an account holder agreement.

(6) An imposition of liability under this section must be based upon a preponderance of evidence.

(7) An imposition of liability pursuant to this section shall not be deemed a conviction of an owner and shall not be made part of the motor vehicle operating record of the person upon whom the liability is imposed, nor shall it be considered in the provision of motor vehicle insurance coverage.

(8) An owner that admits, is found liable or fails to respond to the notice of violation for a violation of this section shall be civilly liable to the commission for all of the following:

(i) Either:

(A) the amount of the toll evaded or attempted to be evaded if the amount can be determined; or

(B) the maximum toll from the farthest point of entry on the Pennsylvania Turnpike to the actual point of exit if the amount of the toll evaded or attempted to be evaded cannot be determined.

(ii) A reasonable administrative fee not to exceed \$35 per notification.

(9) Nothing in this section shall be construed to limit the liability of the operator of a vehicle for a violation of this section or of the regulations of the commission.

(c) Placement of electronic toll collection device.--An electronic toll collection device which is affixed to the front windshield of a vehicle in accordance with the regulations of the commission shall not be deemed to constitute a violation of 75 Pa.C.S. § 4524 (relating to windshield obstructions and wipers).

(d) Privacy of electronic toll collection account holder information.--

(1) Except as set forth under paragraph (2), notwithstanding any other provision of law, all of the following apply to information kept by the commission, its authorized agents or its employees which is related to the account of an electronic toll collection system account holder:

(i) The information shall be for the exclusive use of the commission, its authorized agents, its employees and law enforcement officials for the purpose of discharging their duties pursuant to this section and the regulations of the commission. This subparagraph includes names, addresses, account numbers, account balances, personal financial information, vehicle movement records and other information compiled from transactions with the account holders.

(ii) The information shall not be deemed a public record under the Right-to-Know Law, nor shall it be discoverable by court order or otherwise or be offered in evidence in any action or proceeding which is not directly related to the discharge of duties under this section, the regulations of the commission or a violation of an account holder agreement.

(2) Paragraph (1) shall not be deemed to do any of the following:

(i) Preclude a court of competent jurisdiction from issuing an order directing that the information be provided to law enforcement officials if the information is reasonably described and is requested solely in connection with a criminal law enforcement action.

(ii) Preclude the exchange of the information between any entities with jurisdiction over or which operate an electronic toll collection system in this Commonwealth or any other jurisdiction.

(iii) Prohibit the use of the information exclusively for the purpose of billing electronic toll collection account holders, deducting toll charges from the account of an account holder, enforcing toll collection laws and related regulations or enforcing the provisions of an account holder agreement.

(e) Definition.--As used in this section, the term "owner" means any person, corporation, firm, partnership, agency, association, organization or lessor that, at the time a vehicle

is operated in violation of this section or regulations of the commission:

- (1) is the beneficial or equitable owner of the vehicle;
- (2) has title to the vehicle; or
- (3) is the registrant or coregistrant of the vehicle registered with the department or a comparable agency of another jurisdiction or uses the vehicle in its vehicle renting or leasing business. The term includes a person entitled to the use and possession of a vehicle subject to a security interest in another person.

**APPENDIX TO TITLE 74
TRANSPORTATION**

Supplementary Provisions of Amendatory Statutes

1994, FEBRUARY 10, P.L.20, NO.3

Preamble

The General Assembly finds and declares as follows:

(a) Findings.--

(1) There exists in the urban and suburban communities in metropolitan areas, traffic congestion and serious mass transportation problems because of underdeveloped mass transportation facilities resulting in inadequate or overcrowded high-cost conditions on Commonwealth highways and existing mass transportation facilities.

(2) Such conditions or a combination of some or all of them have made and will continue to result in making such communities economic and social liabilities harmful to the

social and economic well-being of the entire area, depreciating values therein, reducing the tax revenues, making the metropolitan areas and their constituent communities less desirable areas in which to live and work and thereby depreciating further the general community-wide values.

(3) The foregoing conditions cannot be effectively dealt with by private enterprise under existing law without the additional aids granted in this act and are beyond remedy or control by governmental regulatory processes.

(4) The sound planning and development of metropolitan mass transportation facilities in accordance with sound and approved plans for their promotion, development and growth will promote the public health, safety, convenience and welfare, and the public acquisition of existing mass transportation facilities in accordance with the sound plans for their redevelopment and promotion will promote the public health, safety, convenience and welfare.

(5) The well-being and economic health of the counties and other communities in the metropolitan areas require integrated systems of mass passenger transportation.

(6) It is desirable that the public transportation systems in the metropolitan areas be improved, extended and supplemented by the creation of authorities as provided in this act.

(7) The establishment of metropolitan transportation authorities as authorities of the Commonwealth and the continuance of the existing metropolitan transportation authorities will promote the public safety, convenience and welfare.

(8) It is intended that metropolitan transportation authorities cooperate with or acquire existing transportation operators or facilities so that private enterprise and government may mutually provide adequate transit facilities for the convenience of the public.

(9) It is intended that any authority created or continued under this act will cooperate with all municipalities and other public bodies in whose territories it operates so that the transportation system may best serve the interests of the residents thereof.

(10) It is intended that the operation of a transportation system will enhance the quality of the environment of the metropolitan area by relieving highway congestion and providing for multipassenger traveling patterns.

(11) It is intended that residents of the metropolitan area may be provided with access to transportation facilities and the ability to travel within the metropolitan area regardless of disability or handicap.

(b) Declaration.--Therefore, it is hereby declared to be the policy of the Commonwealth to promote the safety and welfare of its inhabitants by authorizing the creation or continuation of a body corporate and politic for each metropolitan area, to be known as the transportation authority of such area, which shall exist and operate for the purposes contained in this chapter as an authority of the Commonwealth. These purposes are hereby declared to be public uses for which public money may be spent and private property may be acquired by the exercise of the power of eminent domain.

Explanatory Note. Act 3 amended, added or repealed sections 1311, 1312 and 1313 and Chapters 15 and 17 of Title 74 and sections 1532, 1550, 6323 and 9511 of Title 75.

2013, NOVEMBER 25, P.L.974, NO.89

Preamble

The General Assembly finds and declares as follows:

(1) It is the purpose of this act to ensure that a safe and reliable system of transportation is available to the residents of this Commonwealth.

(2) The Commonwealth's transportation system includes nearly 40,000 miles of roads and 25,000 bridges owned by the Commonwealth, nearly 77,000 miles of roads and 12,000 bridges owned by counties and municipal governments, 36 fixed-route public transportation agencies, 67 railroads, 133 public-use airports, the Ports of Erie, Philadelphia and Pittsburgh and numerous bicycle and pedestrian facilities.

(3) The Commonwealth's transportation system provides for access to employment, educational services, medical care and other life-sustaining services for all residents of this Commonwealth, including senior citizens and people with disabilities.

(4) The Department of Transportation of the Commonwealth has indicated that 9,000 miles of roads owned by the Commonwealth are in poor condition and that 4,400 bridges owned by the Commonwealth are rated structurally deficient. The State Transportation Advisory Committee has indicated that 2,189 bridges exceeding 20 feet in length owned by counties and municipalities are rated structurally deficient.

(5) There is urgent public need to reduce congestion, increase capacity, improve safety and promote economic efficiency of transportation facilities throughout this Commonwealth.

- (6) The Commonwealth has limited resources to fund the maintenance and expansion of its transportation facilities.
- (7) The State Transportation Advisory Committee reported in 2010 that the Commonwealth's transportation system is underfunded by \$3,500,000,000 and projected that amount will grow to \$6,700,000,000 by 2020 without additional financial investment by the Commonwealth.
- (8) To ensure the needs of the public are adequately addressed, funding mechanisms must be enhanced to sustain the Commonwealth's transportation system in the future.
- (9) The utilization of user fees establishes a funding source for transportation needs that spreads the costs across those who benefit from the Commonwealth's transportation system.
- (10) Pursuant to section 11 of Article VIII of the Constitution of Pennsylvania, all highway and bridge user fees must be used solely for construction, reconstruction, maintenance and repair of and safety on public highways and bridges and costs and expenses incident thereto.
- (11) In order to ensure a safe and reliable system of public transportation, aviation, ports, rail and bicycle and pedestrian facilities, other transportation-related user fees must be deposited in the Public Transportation Trust Fund and the Multimodal Transportation Fund.
- (12) In furtherance of the Commonwealth's energy policy, which includes becoming independent from overreliance on foreign energy sources, programs must be established to promote reliance on or conversion to alternative energy sources, including the vast natural gas supply of this Commonwealth.
- (13) The Department of Transportation is responsible for the operation of the Commonwealth's transportation system, including administration, driver and vehicle services, highway administration, multimodal transportation and planning. To this end, the department is charged with the registration of vehicles, including the issuance and proper mounting of license plates and special registration plates and assessing those costs and financial impact and ensuring road safety and movement by the posting of maximum speed limits on highways.
- (14) Recognition and furtherance of all these elements is essential to promoting the health, safety and welfare of the citizens of this Commonwealth.

Explanatory Note.
