PRAYER

The Chaplain, The Reverend Father JOHN SZADA, JR., Pastor of Saint Theresa's Catholic Church, New Cumberland, offered the following prayer:

In the Name of God, most gracious, most merciful.

Praise be to God, the Cherisher and Sustainer of the world, most gracious, most merciful; Master of the day of judgment.

You do we worship and Your aid we seek.

Show us the straight way, the way of those on whom You have bestowed Your Grace, those whose portion is not wrath, and who go not astray.

Lord God, grant to the President of the United States, to the Congress and to all law officials on the National, State and local levels, and especially to this, the Senate of the Commonwealth of Pennsylvania, wisdom and justice, the gifts of counsel and fortitude, to conduct Your affairs and that of man with righteousness. May they realize that all authority comes from God and use it as Your representatives. May men respect all lawful authority justly exercised.

May our governing officials bring us to true peace and to a prosperity that will be our eternal salvation. Amen.

LOUIS J. TULLIO, MAYOR OF ERIE, PRESENTED TO SENATE

Senator ORLANDO. Mr. President, it is not very often that I have an opportunity to introduce distinguished people from my section of the State. I do represent the third largest city in Pennsylvania, the City of Erie. In our audience today we have our very aggressive, personable Mayor of the third largest city of the Commonwealth, Erie. At the present time he has the longest term of any mayor in the Third Class League of Cities. I also had the pleasure back in 1967, 1968, 1969 and 1970 to serve under the Mayor as a Republican city councilman.

Mr. President, it gives me great pleasure to introduce Mayor Louis J. Tullio from the City of Erie, who is presently in our audience and I ask that my colleagues give him the usual warm welcome of the Senate.

The PRESIDENT. Would Mayor Tullio please stand so the Senate may give him its usual warm welcome?

SENATE RESOLUTION

DIRECTING SENATE INSURANCE COMMITTEE TO INVESTIGATE 1978 INCREASE IN WORKMEN'S INSURANCE COMPENSATION PREMIUM RATES

Senators BELL, MOORE and GEKAS offered the following resolution (Serial No. 28), which was read and referred to the Committee on Insurance:

In the Senate, March 12, 1979.

In the fall of 1978 the Insurance Commissioner granted an increase in premium rates to insurance companies providing workman's compensation insurance to employers in the Commonwealth. It has now been questioned whether these rate increases were proper and reasonable.

It has also been questioned whether the insurance laws of the Commonwealth need an amendment so that insurance companies would have the burden of proof in justifying increased workman's compensation insurance premium rates; therefore be it

RESOLVED, That the Insurance Committee of the Senate of Pennsylvania be directed to investigate the legality and propriety of the 1978 increase in the workman's compensation insurance premium rates and the need of an amendment to the insurance laws that would place the burden of proof upon insurance companies to justify increased premium rates; and be it further

RESOLVED, That the committee may hold hearings, take testimony, and make its investigations at such places as it deems necessary within this Commonwealth. It may issue subpoenas under the hand and seal of its chairman commanding any person to appear before it and to answer questions concerning matters of proper inquiry by the committee and to produce such books, papers, records and documents as the committee deems necessary. Such subpoenas may be served upon any person and shall have the force and effect of subpoenas issued from courts of this Commonwealth. Any person who willfully neglects or refuses to testify before the committee or to produce any books, papers, records or documents shall be subject to the appropriate penalties provided by the laws of the Commonwealth. Each member of the committee shall have the power to administer oaths and affirmations to witnesses appearing before the committee; and be it further

RESOLVED, That the committee shall report its findings, together with its recommendations for appropriate legislation, or otherwise, to the Senate as soon as possible.

CALENDAR

THIRD CONSIDERATION CALENDAR

BILL ON THIRD CONSIDERATION AND FINAL PASSAGE

SB 3 (Pr. No. 3) — Considered the third time and agreed to,

On the question, Shall the bill pass finally?

Senator O'PAKE. Mr. President, I would urge my colleagues to support and adopt this resolution. This is the second leg in a constitutional amendment and I feel very strongly that the voters of Pennsylvania should be given the choice in November as to whether or not the Constitution of Pennsylvania should be amended to expand the size of the Superior Court.

I have a few statistics to share with my colleagues. The Superior Court was created in 1895 with seven members. In 1953, with seven members, 503 appeals were filed in the Pennsylvania Superior Court. In 1978 almost ten times as many appeals were filed in the Superior Court. The exact number was 4,606 cases. Still the number of judges remains the same at seven. As of July there were 1,140 undecided cases before the Superior Court. Since that time, it is true, the Superior Court has been sitting in panels of three judges and they have substantially reduced that backlog. However, as long as the total number of judges is kept at seven, they will never be able to keep pace with the backlog. Many of these people are criminals who are spending time in jail appealing a sentence. Of course, if they have the sentence reversed they have spent time in jail improperly.

Mr. President, I urge my colleagues to approve this resolution, send it to the House, get it approved there and give it to the voters in November. Perhaps we will then be able to expand the number of judges. I want to emphaszie all this does is lift the lid at seven. We will then be able to legislate the specific number of needed judges next year to make sure that justice is properly administered in the Appellate Courts of Pennsylvania.

Senator KELLEY. Mr. President, I join with the gentlemen from Berks, Senator O'Pake, in asking for the affirmative consideration of my colleagues on this bill. However, I would like to point out that part of the difficulty in the separation of powers is that the Superior Court, while operating on its own breakdown of panels, the specific authority to do so has never been identified. Presently pending before the Supreme Court of this Commonwealth is an attack upon that procedure. We may well have an even more complicated backlog of lists because those cases which are being disposed of through the panel system may be held unconstitutional by adding to it.

Therefore, Mr. President, I would urge an affirmative vote.

Senator HAGER. Mr. President, I am going to be voting for this measure merely to keep it moving through the legislative and electoral process. However, I must tell the Members that I think the idea of increasing the size of the Superior Court and then going to three-man panels is a mistake.

Within the last month I introduced a bill creating a criminal court of appeal which would certainly clear the dockets of both the Superior Court and the Supreme Court and I would ask all my colleagues, who are joining in moving this legislation along, to keep an open mind because I believe the solution, as joined in by Judge Robert Woodside, is in a separate court which handles only criminal appeals.

And the question recurring, Shall the bill pass finally?

The yeas and nays were taken agreeably to the provisions of the Constitution and were as follows, viz:

YEAS-47

Andrews, Arlene, Bell, Bodack, Coppersmith, Corman, Dwyer, Early, Fumo, Gekas, Greenleaf,	Hankins, Hess, Holl, Hopper, Howard, Kelley, Kury, Kusse, Lewis, Lincoln, Loeper,	Manbeck, McKinney, Mellow, Messinger, Moore, Murray, O'Connell, O'Pake, Orlando, Pecora, Price,	Romanelli, Ross, Scanlon, Schaefer, Smith, Snyder, Stapleton, Stauffer, Stout, Tilghman, Zemprelli,
Hager,	Lynch,	Reibman,	Lionipi om,

NAYS-0

A constitutional majority of all the Senators having voted "aye," the question was determined in the affirmative.

Not being present at the time of roll call, Senator GURZENDA announced his vote in the affirmative.

Ordered, That the Clerk present said bill to the House of Representatives for concurrence.

Senator BELL. Mr. President, I rise to debate this bill under the Rules of the Senate which permits debate on a bill on second consideration. If any of the Members would like to check the Rule, it is on page 12.

The PRESIDENT. To what bill does the gentleman refer? Senator BELL. Mr. President, it is the bill under discussion. The PRESIDENT. Is that Senate Bill No. 281, Senator? Senator BELL. That is correct. Mr. President.

CHAIR REVERSES DECISION

The PRESIDENT. The Chair reverses its decision that the Senate Bill No. 281 was agreed to.

And the question recurring,

Will the Senate agree to the bill on second consideration?

Senator BELL. Mr. President, when this bill came before the Committee on State Government, I pointed out that there is a serious deficiency in the bill as written. At the time the Committee on State Government considered this bill, we were given a handout which indicated that the Alcoa Plant at Cressona contained thirty-two acres or thirty-three acres of land in toto.

Senator ZEMPRELLI. Mr. President, would the gentleman yield for just a moment until I have an opportunity to talk with him?

The PRESIDENT. Would the gentleman yield?

The Senate will be at ease.

(The Senate was at ease.)

Senator ZEMPRELLI. Mr. President, as a result of the side bar conference, I would request that Senate Bill No. 281 go over in its order.

PETITIONS AND REMONSTRANCES

Senator COPPERSMITH. Mr. President, on this occasion I would like to thank the Attorney General's office and the Governor for having declared that payments can be made to the people of the Johnstown area under Act 51. In an opinion dated March 9th, the Attorney General stated that an Act of Assembly enjoys a presumption of constitutionality and cannot be declared unconstitutional unless it clearly, palpably and plainly violates the Constitution.

I welcome this return to basic constitutional principles. It has overturned the opinion of the prior Attorney General, Gerald Gornish, and I believe the Attorney General and the Governor are to be commended. The people of Johnstown are very grateful for this reversal which has been made in the position concerning Act 51. It will give very desperately needed assistance to those who suffered so much in the July 1977 flood. It also represents a reassertion of some very important basic constitutional principles.

Senator STAUFFER. Mr. President, I believe the General Assembly of Pennsylvania won a great victory in the last few days and it is one of which I feel we should take note.

Some years ago some of us were very interested in making a change in the laws of the Commonwealth to provide that all the vast amounts of Federal moneys which are budgeted through the State would go through the budgeting process of the General Assembly. We introduced legislation to do so and although we were fought hard by the Administration—I believe two Administrations, really—we succeeded in enacting the legislation. Challenges as to the constitutionality of that act were then made and, as the Members know, within the past few days, the courts, including the highest Court of the land, have upheld our right to that type of legislation. It has been declared fully constitutional and I feel it has been a great victory for the General Assembly that we now have, without challenge, full control over the full budgeting process.

Senator BELL. Mr. President, this morning in the rotunda there was a historical celebration of the one hundredth birthday of the 28th Infantry Division, Pennsylvania National Guard. Those of my colleagues who were present I know enjoyed seeing the massed colors of the 28th Infantry Division. Not only were the Division colors there but also the colors of the various battalions. If one is able to read the ribbons on the battalions, one could see ribbons all the way back to the Revolutionary War.

Although the 28th Division is one hundred years old and is the oldest Division of any type of the United States Army—it is much older than the regular Army Divisions—its ancestry actually goes back to 1755 when the original Associators were formed by Benjamin Franklin to protect the Commonwealth against the French and Spanish pirates who were coming up the Delaware River and Delaware Bay.

The 28th Division represents a lot to this Commonwealth. I would say there are probably 300,000 to 400,000 people in the Commonwealth who are members or former members of the 28th Keystone Division. Since its inception one hundred years ago, the Division has participated not only in the Spanish American War, but also in the Philippine Insurrection. The folks from southwestern Pennsylvania may know this: The regiment from that part of Pennsylvania went to the Philippines and was very active in the occupation after the Spanish American War.

The Division then participated in the Mexican Border expedition, in World War I, World War II, Korea and, although none of its units participated in the Vietnam War, many of its present members wear Vietnam service ribbons.

The Senators and House Members will be contacted by repre-

sentatives of the 28th Division—that is, those who have units in their Districts—inviting them to participate in this centennial observation. I strongly urge the Members to get to know the people of the Pennsylvania National Guard. These are Pennsylvania's troops. They are our neighbors; their sons are our neighbors; their daughters are our neighbors. I believe for too long the Pennsylvania National Guard has not been as close as it should be to the Members of the Legislature. Perhaps in the next few weeks, the Members will be able to participate with their home District units in celebrating their one hundredth anniversary.

Mr. President, I have served for a long time in the Armed Forces and I am convinced, from my observation, that the 28th Division is as good as anything the United States Army has to offer. I know ex-Sergeant Bob Mellow from the 109th Infantry will concur with me and that former 108th Field Artilleryman Senator Lynch will concur with me and I imagine there are some more 28th Division people in here.

Senator SNYDER. Mr. President, I believe in connection with the 28th Division it would be interesting to note that I believe two former Lieutenant Governors who presided over this Body were either Commanders of the Division or Commanding Generals in it. They are General Edward Shannon of Columbia who served in both the Spanish American War and World War I and General Daniel B. Strickler who still lives in Lancaster and served in both World War I and World War II.
