The PRESIDENT pro tempore. The communication will be laid on the table.

**REMARKS BY MAJORITY LEADER**

Senator JUBELIRER. Mr. President, for the benefit of the Members, they may want to have some understanding of how we are going to try and manage the agenda today which is going to be a chore in and of itself.

We will call up five bills right now which have been dealt with on several occasions in both caucuses and on the floor, and run those bills forthwith. It will be at that point that I will ask for a Republican caucus to caucus on the remaining parts of today’s Calendar. At that point I would expect there will be a number of meetings of the Committees of Conference going on and we could have the General Appropriations budget probably sometime late this afternoon and, of course, we are going to need a caucus on that. I would expect, Mr. President, if the Members will be patient and flexible, we can get the process going today. Between today and tomorrow, it is our hope we accomplish all that needs to be done before a summer recess. I would ask the indulgence of the Chair and the Members of the Body for that purpose.

**PREFERRED APPROPRIATION BILL

Senator JUBELIRER. Mr. President, I move that the Senate do insist upon its amendments to House Bill No. 2114, and that a Committee of Conference on the part of the Senate be appointed.

On the question,  
Will the Senate agree to the motion?

The yeas and nays were required by Senator JUBELIRER and were as follows, viz:

NAYS—0

A majority of the Senators having voted “aye,” the question was determined in the affirmative.

Ordered, That the Secretary of the Senate inform the House of Representatives accordingly.

**LEGISLATIVE LEAVES**

Senator SCANLON. Mr. President, before there is another roll call, may I please obtain temporary Capitol leaves for Senator Lewis and Senator Lincoln, and legislative leave for the remainder of the day for Senator Bodack.

The PRESIDENT pro tempore. Is there objection to the granting of temporary Capitol leaves to Senators Lewis and Lincoln and a legislative leave for the balance of today’s Session for Senator Bodack? The Chair hears none and those leaves will be granted.

**LEAVE OF ABSENCE**

Senator JUBELIRER asked and obtained leave of absence for Senator SNYDER, for a portion of today’s Session, for personal reasons.

**REMARKS BY THE CHAIR**

The PRESIDENT pro tempore. For the information of the Members, at the beginning of the roll call or just prior to the calling of the first bill, Senator Jubelirer announced that the schedule for today will depend upon the preparation of the report of the Committee of Conference on the appropriations bill and a number of reports of the Committees of Conference which will be returned probably today.

I have ordered dinner for all of the Members of the Senate and all relevant support staff which will be served in the Senate dining room and in the conference room of the President pro tempore's office at 6:30 p.m. It will not be at a time when we are on the floor. It will be a planned time for dinner. It would be the probable course of the evening that we would not be off the floor for dinner for more than one hour's time, so those who are planning to eat elsewhere should be advised that we will probably be back on the floor voting by 7:30 this evening, at least that is the plan. It is the plan to attempt to deal with the General Appropriations bill today as well as any nonpreferred bills which remain to be dealt with, and to have a cleanup Session to take care of all matters which need to be dealt with tomorrow. Everybody should plan to be here for Session probably beginning at 11:00 tomorrow morning. It is that late because there will be time given to the Legislative Reference Bureau and Data Processing to have bills printed. When we try to start earlier than that it usually does not work anyway.

An Act amending Title 18 (Crimes and Offenses) of the Pennsylvania Consolidated Statutes, making it illegal to shoot insulators from electric power poles.

On the question,  
Shall the bill pass finally?

Senator ZEMPRELLI. Mr. President, I would like to interrogate the principal sponsor of this bill, the gentleman from Butler, Senator Shaffer.

The PRESIDENT. Will the gentleman from Butler, Senator Shaffer, permit himself to be interrogated?

Senator SHAFFER. I will, Mr. President.

Senator ZEMPRELLI. Mr. President, this was not an original thought of mine. However, the bill itself, in its caption, suggests something perhaps that may be different than what this bill is. Does this bill mean that you are not allowed to shoot insulators from electric power poles?

Senator SHAFFER. Mr. President, that is correct.

Senator ZEMPRELLI. Mr. President, does it make it a crime to shoot insulators from electric power poles?

Senator SHAFFER. Mr. President, it does.

Senator ZEMPRELLI. Mr. President, I would ask the gentleman if he would look at the language in the caption on the Calendar, and I would suggest he is thinking the insulators that are on the poles should not be shot. I would suggest to him also that the language would suggest, as a Member of my caucus pointed out to me, you should not be shooting insulators while standing on electric power poles or while being on electric power poles. I am sure the latter is not intended. If the

gentleman would reassure me that is what this language does not mean, I would be pleased to give him an affirmative vote.

Senator SHAFFER. Mr. President, I do not recall there being a question. I am certain the gentleman is correct.

Senator ZEMPRELLI. Mr. President, the question is, if he will reassure me that is not what this bill means, I will be pleased to give him an affirmative vote.

Senator SHAFFER. Mr. President, the gentleman should consider himself reassured, although I do not believe people should be shooting insulators from any place.

Senator ZEMPRELLI. Mr. President, I am satisfied that the gentleman's answer satisfies me, and I am going to give him an affirmative vote.

**REPORT OF COMMITTEE OF CONFERENCE**

**REPORT ADOPTED**

**SB 878 (Pr. No. 2218)** — The Senate proceeded to consideration of the bill, entitled:

An Act to provide from the General Fund for the expenses of the Executive, Legislative and Judicial Departments of the Commonwealth, the public debt and for the public schools for the fiscal year July 1, 1984 to June 30, 1985, and for the payment of bills incurred and remaining unpaid at the close of the fiscal year ending June 30, 1984; to provide appropriations from the Lottery Fund to the Executive Department; and to provide for the appropriation of Federal funds to the Executive and Judicial Departments of the Commonwealth and for the establishment of restricted receipts accounts for the fiscal year July 1, 1984 to June 30, 1985 and for the payment of bills incurred and remaining unpaid at the close of the fiscal year ending June 30, 1984.

Senator JUBELIRER. Mr. President, I move that the Senate adopt the Report of Committee of Conference on Senate Bill No. 878.

On the question,  
Will the Senate agree to the motion?

Senator LLOYD. Mr. President, in the budget that is before us one of the essential areas of contention is with regard to the use of lottery money and how those funds will be

utilized here in the Commonwealth of Pennsylvania. It has become apparent to me, Mr. President, over recent weeks and months, in spite of cries and pleas to the contrary, lottery money will be used for purposes other than those for which it has been traditionally designated, those being existing senior citizens programs and new initiatives for senior citizens.

During the course of those weeks and months, Mr. President, it has become completely clear to me, right up to the very moment in which we now stand, lottery money like any money in a governmental situation, is unable to exist without forces from all directions making an effort to sop it up as if it were so much extra gravy at the dinner table. If, Mr. President, in point of fact we are in a position that as a government we do not have the self-discipline not to utilize this money at this time, I think then it becomes our collective responsibility, and certainly my specific responsibility as the ranking Democrat of the Committee on Aging and Youth, to at least that those funds are used in the best possible fashion and to at least participate to shape the future of those funds to see that these monies can be used in a manner that best benefits Pennsylvania's elderly.

There are increasing needs of the elderly in Pennsylvania, Mr. President. In addition to nursing home money, we have Rent and Real Estate Tax Rebate programs that need to be funded, rural and mass transportation monies in substantial amounts, senior citizens centers that must be repaired, and, additionally, there are increasing evident needs for in-home services for the elderly and, of course, our ongoing expanding need for nursing home care. This is particularly evidenced, Mr. President, by a kind of dual generation phenomenon which has come to exist in our society and is most evidenced in Pennsylvania amongst the fifty states, in which many households in Pennsylvania today, and in many families, there are two generations of people above the age of sixty-five. It is not at all uncommon, Mr. President, for a sixty-five year old woman, for example, to be living with and caring for her eighty-five or eighty-six year old mother or aunt.

With regard to this same phenomenon, we also have increased pressure for nursing home money in the Commonwealth. Nursing home care, as most of us in this Chamber are aware of from dealing with our constituents, often costs in the area of \$24,000 per year, a tremendously expensive item for any family or, for that matter, any government agency. Since, Mr. President, lottery funds would have been subjected to use for purposes other than for the elderly, I think it is important for us to participate in how those monies are used, to make sure they are used for our senior citizens in a responsible and reasonable fashion if, in fact, as I believe is the case, they are going to be used anyway.

The Governor suggested several months ago that the Mortgage Foreclosure program be funded from the lottery. The Governor recommended, for example, that aid to the visually handicapped and other social service programs be funded from the lottery. Those programs are valuable, decent, appropriate programs and I have supported them. However, they are clearly programs that should be funded from General

Fund monies. In order to not set a precedent, an inappropriate precedent of using these monies for purposes other than for the elderly, I encourage my colleagues here this evening to take part in shaping Pennsylvania's future in the use of this lottery money on behalf of our senior citizens.

We have increasing nursing home needs and this budget document contains some \$140 million for that purpose. We have increasing Medicare and SSI needs for the elderly and this budget document contains \$25 million for that purpose. We have increasing administrative needs for the elderly and we have \$1.5 million in this document for that purpose.

Mr. President, we also have another very clear need. Pennsylvania's senior citizens were most pleased to see the passage of the Prescription Drug program during the course of the last year. One of the very practical problems, Mr. President, has been that our senior citizens have been in a very difficult position in that so many of them are just above the income levels that program now meets. In my own district, for example, Mr. President, the establishment of that program in the first instance did not really meet the very pressing need that our senior citizens have in Northeast Philadelphia, because so many of them are in a higher income bracket than that which is currently the law. The budget document before us affords us the opportunity to increase those eligibility limits to \$12,000 for an individual and \$15,000 for a couple. This is an important and appropriate initiative for us to take here today on behalf of the people in that income category who are struggling so severely to meet the needs of real estate taxes, of utility costs and of trying to deal with the pressures of day-to-day life.

For my own city, Mr. President, I am pleased that for our district there is substantial mental health and mental retardation money in this budget document that is of utmost importance that it be funded. Additionally, this budget package contains, as you well know, initiatives in the area of economic development that will help put our Pennsylvanians back to work, help streamline our corporate structure so that we can take people off the welfare rolls, off the unemployment rolls and, in fact, put them on the payroll.

Additionally, Mr. President, for our city, the city where I live, there are other substantial initiatives that are important for us in terms of education and other areas that will help us function on a solid fiscal basis.

For these reasons and others, Mr. President, I intend to enthusiastically vote for the budget document before us and encourage others to do likewise.

Senator FUMO. Mr. President, I rise to speak not as much about the budget document as about the process. I feel the money in here that has been taken from senior citizens is probably not a good thing to do. I also feel, and I know that no matter what I do tonight, that money will be taken out. Given that reality and the very real threat that if enough votes are not provided by my delegation, the City of Philadelphia will be deprived of \$27 million in other monies somewhere else. That will result in increased taxes for my taxpayers back home, not only senior citizens but everyone else. I have an

obligation tonight to do something that I am not happy about and that is to vote for this budget document. I intend to do that because that is my job. But my message tonight is to my colleagues who dreamed up this scheme, and that is we had better damn well look to the future because I see this Lottery Fund today and all the fine programs we have in it will not be able to be funded again even next year. I fully submit to you that next year we will be here trying to figure out how to do that and I just hope you realize that as well. We, in Philadelphia, will provide the votes necessary tonight because we have to because, if we do not, we will not be able to change the course of this history and all we can do is hurt people back home. We do not like this posture. We have been put in it before, but I tell you tonight we will not forget it and someday the tables will be turned and I can turn screws a lot harder than anybody else here today.

I will vote for this tonight, Mr. President, and urge my fellow Members in my delegation to do likewise, but this is only round one.

Senator STAUFFER. Mr. President, the hour is late and I am going to be very brief because of that. I would like to make a few comments. We are in the finale of a budget process which has taken many long and difficult hours. It has been a process this year, in my judgment, which has been one of general cooperation, one that has been eminently fair in an attempt to divide the resources available in this Commonwealth for the coming fiscal year in order that the needs of the people of the Commonwealth are met in as fair and equitable a manner as possible. I believe every Member of this Senate can vote for this budget with the full assurance and understanding that we have done as much to fund the vital programs of this Commonwealth in as equitable a manner as possible and go home and face anyone with the knowledge that we have done everything that could be expected for all of the elements that make up the many divisions that take place in the budgetary process. With that, Mr. President, I would hope we could put a very strong vote up because we have had a bipartisan process which, in my judgment, has worked very, very well.

And the question recurring,  
Will the Senate agree to the motion?

The yeas and nays were required by Senator JUBELIRER and were as follows, viz:

CONSIDERATION OF CALENDAR RESUMED

HB 1310 CALLED UP

HB 1310 (Pr. No. 3333) — Without objection, the bill, which previously went over in its order temporarily, was called up, from page 4 of the Third Consideration Calendar, by Senator JUBELIRER.

BILL REREPORTED FROM COMMITTEE AS AMENDED ON THIRD CONSIDERATION AMENDED

HB 1310 (Pr. No. 3333) — The Senate proceeded to consideration of the bill, entitled:

An Act amending the "Tax Reform Code of 1971," approved March 4, 1971 (P. L. 6, No. 2), further providing for a reduction in the rate of corporate net income tax, credits and interest on underpayments and payment of interest, additions and penalties.

Considered the third time,

On the question,

Will the Senate agree to the bill on third consideration?

Senator TILGHMAN, by unanimous consent, offered the following amendment:

Amend Title, page 1, line 10, by inserting after "providing":  
for the rate of taxation imposed on personal income and

Amend Bill, page 1, by inserting between lines 13 and 14:

Section 1. Section 302 of the act of March 4, 1971 (P.L.6, No.2), known as the Tax Reform Code of 1971, amended July 21, 1983 (P.L.63, No.29), is amended to read:

Section 302. Imposition of Tax.—(a) There is hereby imposed a tax to be paid by resident individuals, estates or trusts at the annual rate of two and two-tenths per cent for taxable years up to and including the taxable year commencing on or after January 1, 1982, and at the annual rate of two and forty-five hundredths per cent for the taxable year commencing on or after January 1, 1983, and for the first six months of the taxable year commencing on or after January 1, 1984, and at the annual rate of [two and thirty-five hundredths] two and three hundred twenty-five thousandths per cent for the second six months of the taxable year commencing on or after January 1, 1984, and for each taxable year thereafter on the privilege of receiving each of the classes of income hereinafter enumerated in section 303.

(b) There is hereby imposed a tax to be paid by nonresident individuals, estates or trusts at the annual rate of two and two-tenths per cent for taxable years up to and including the taxable year commencing on or after January 1, 1982, and at the annual rate of two and forty-five hundredths per cent for the taxable year commencing on or after January 1, 1983, and for the first six months of the taxable year commencing on or after January 1, 1984, and at the annual rate of [two and thirty-five hundredths] two and three hundred twenty-five thousandths per cent for the second six months of the taxable year commencing on or after January 1, 1984, and for each taxable year thereafter on the privilege of receiving each of the classes of income enumerated in section 303 from sources within this Commonwealth.

Amend Sec. 1, page 1, line 14, by striking out "1" and inserting: 2

Amend Sec. 1, page 1, lines 15 and 16, by striking out "of March 4, 1971 (P.L.6, No.2), known as the Tax Reform Code of 1971"

Amend Sec. 2, page 2, line 20, by striking out "2. THIS" and inserting:

3. Section 2 of this

Amend Sec. 3, page 2, line 22, by striking out "3" and inserting: 4

On the question,

Will the Senate agree to the amendment?

Senator TILGHMAN. Mr. President, this July 1st the personal income tax in Pennsylvania drops from 2.45 percent to 2.35 percent. This amendment on July 1st would reduce it from 2.35 percent to 2.325 percent, or a reduction in percentages of .025 percent. This amounts to \$25 million. I believe that the public deserves a break. Some people have said this is a very small amount of money per person; two or three cents per \$100 worth of taxable income. That is true, it is not an awful lot of money per person but it amounts to \$25 million. A couple of years ago, if we had discussed putting \$25 million additional back into the economy during the recession, I think people would have said that is indeed a large amount of money, so it is still \$25 million.

Where is the money going to come from? There are two sources for this money. One of them is a change in a federal program in the Department of Welfare where the federal program will put \$27.7 million into the programs previously funded from the Welfare Department, so that money is available. That more than covers the \$25 million. If that does not happen, it is estimated by all of the staff of the Committee on Appropriations that the amount of money to come in this year, ending in a few days above the projected revenues, will be some \$60 million, of which approximately \$33 million was expended in the appropriations bill that was just passed by Committee of Conference vote. I would also remind my colleagues that I was one who stood on this floor and voted for an increase in my salary. I felt it was justified. I felt it was justified for the Members of the House and I felt it was justified for the Members of the Senate. We voted \$10,000 for 253 people, or \$2,530,000. I beg you tonight to give back to the public of Pennsylvania ten times that amount of money, namely, \$25 million. I urge your affirmative vote on this amendment.

Senator JUBELIRER. Mr. President, with all due respect to my distinguished friend, the gentleman from Montgomery, Senator Tilghman, the Chairman of the Committee on Appropriations, I reluctantly must ask my colleagues to vote against the amendment.

I recognize the expertise the gentleman from Montgomery, Senator Tilghman, has developed, but I think there is a difference of opinion as to what monies are available from the Governor's Office and from the Budget Secretary as to what Senator Tilghman's staff has developed. I would think, Mr. President, if the case be that the gentleman from

Montgomery, Senator Tilghman, is correct, that that opportunity will come in the future. Last year we passed an automatic reduction from 2.45 percent to 2.35 percent. This bill, on its merits, will reduce the corporate net income tax from 10.5 percent to 9.5 percent. I believe the taxpayers of Pennsylvania have been well served by this budget, and I believe that to do anything further could potentially jeopardize some of the programs which are justly needed by the citizens of Pennsylvania. Again, Mr. President, with all due respect to my colleague, I would hope that we could vote "no" on the amendment.

Senator WILLIAMS. Mr. President, I, too, oppose the proposition. The theory is something like, since we are going to have a war, we should have all star war kinds of defensive and offensive weapons. The proposition the gentleman from Montgomery, Senator Tilghman, offers says to take the welfare money and to reduce taxes by 0.025. I do not believe it is fiscally appropriate to do that. I would suggest to the gentleman that we have said there was no money to take care of the copay propositions and all the needs in welfare. Now this money comes into welfare and I do not think the taxpayers of Pennsylvania want to get a reduction in name only and take money away from the backs of the poor people in doing so. I, therefore, urge defeat of the amendment.

Senator KELLEY. Mr. President, I would like to suggest a viewpoint on this amendment of fiscal responsibility. It seems to me rather imprudent for anyone or any organization, particularly the government in the Commonwealth of Pennsylvania in this instance, to borrow \$190 million today for the purpose of the economic revitalization of our Commonwealth and then turn around and say we have \$25 million to give back to the people. The fiscal responsibility would be if we have the \$25 million and then do not borrow \$190 million or, more importantly, add it on to the \$190 million to further revitalize the economy of this Commonwealth.

If we truly believe in the revitalization of the economy of this Commonwealth and we have this money, let us put it where it can do the most for the people and not give it back to them in the sense of a few pittance of pennies in every pocket but, rather, with some concentrated investment to develop and stimulate the economy and give people an employment opportunity. I urge a negative vote.

Senator STREET. Mr. President, I rise in support of the amendment. I have to—and I think this may be the first time since I have been here—disagree with my Majority Leader, and this is the first time I have had to really vigorously disagree. The gentleman from Montgomery, Senator Tilghman, is the Chairman of the Committee on Appropriations. He is the expert for the Senate, he is the one who tells us in what direction we should go. We do not always get information from the Office of the Budget. How can we sometimes depend on the Office of the Budget and then other times depend on our Chairman of the Committee on Appropriations? If he says we should do this, we should do it. If he says the money is there to do it, it is there. Business needs the break. The people need the break. We need to stimulate business in this state.

I say to the gentleman from Westmoreland, Senator Kelley, that it is consistent with the economic development program, even though it is a little bit. We will take it a little bit at a time and pretty soon we will be encouraging businesses, corporations and conglomerates to come back to the State of Pennsylvania and provide employment for our people. I urge a "yes" vote on the amendment, immediately.

Senator BELL. Mr. President, the hour is late and I have been here for thirty years, and I think this is the second tax reduction in my thirty years. God bless America.

And the question recurring,  
Will the Senate agree to the amendment?

(During the calling of the roll, the following occurred:)

The PRESIDENT. House Bill No. 1310 will go over, as amended.

CHAIR REVERSES DECISION

Senator ZEMPRELLI. Mr. President, I would ask the Chair to reverse its decision by which House Bill No. 1310 went over in its order for the purpose of consideration of other amendments which were indicated would be offered.

The PRESIDENT. Without objection, the Chair reverses its decision by which House Bill No. 1310 went over in its order.

And the question recurring,  
Will the Senate agree to the bill on third consideration, as amended?

Senator ZEMPRELLI, by unanimous consent, offered the following amendment:

Amend Title, page 1, line 14, inserting after "PENALTIES": ; and providing for an investment credit against the corporate net income tax

Amend Sec. 3 (Sec. 402), page 8, lines 7 through 11, by striking out "THROUGH THE" in line 7, all of lines 8 through 10, and "THE CALENDAR YEAR 1985"

Amend Bill, page 9, by inserting between lines 10 and 11:

Section 4. The act is amended by adding an article to read:

ARTICLE IV-A  
CREDITS

Section 401-A. Credit Against Corporate Net Income Tax.—

(a) A corporation shall be entitled to, as a credit against the tax liability imposed pursuant to Article IV, an amount equal to the costs it incurs to:

(1) Modernize or increase the productivity of its facilities and equipment within Pennsylvania;

(2) Retrain its employees who are employed in Pennsylvania or to upgrade their education in order to make them more productive; and

(3) Provide onsite day care centers in Pennsylvania for its employees.

(b) The amount of the credit for any one tax year may not exceed ten per cent of the corporation's corporate net income tax liability for such year.

(c) Any unused credit may be carried forward for a period of five years.

Amend Sec. 4, page 9, line 11, by striking out "4" and inserting: 5

Amend Sec. 5, page 10, line 3, by striking out "5" and inserting: 6

Amend Sec. 6, page 10, line 5, by striking out "6" and inserting: 7

On the question,  
Will the Senate agree to the amendment?

Senator ZEMPRELLI. Mr. President, I know the hour is late and I will be very brief. Simply, the amendment replaces the corporate net income tax reduction with a corporate net income tax credit. It would allow a 10 percent credit on the payment of a corporate net income tax provided the corporation did one of three things: modernize or increase the productivity of its facilities; retrain its employees who are employed in Pennsylvania; or provide an on-site day care center on a dollar-for-dollar basis with the right to project the use of the funds of a five-year period prospectively.

Mr. President, the purpose of these tax credits is to avoid corporations, particularly those that are multi-national and

multi-international, from taking these tax credit funds and reinvesting in other states in the Sunbelt and the like. It has been a matter of contention that we do not oppose the granting, as a caucus, of the corporate net income tax. We do, however, think it is important that it be rolled into our local economy and invested in one of the ways stipulated in this amendment in the economy of Pennsylvania rather than enhancing the economy of other states, which seems to be the practice.

Mr. President, just by way of additional comment, I do not know of any area that has been harder hit than the Mon Valley area of western Pennsylvania where the steel industry has been so severely affected. There are a litany of corporations that have left the area and this would simply just enhance their leaving the area. I ask for the adoption of the amendment in the best interest of the economy of Pennsylvania.

Senator JUBELIRER. Mr. President, I would ask that the Members of the Senate consider very carefully the amendment offered by the gentleman from Allegheny, Senator Zemprelli. I think if they do, they can come to no other conclusion than this will not work. I think the signal we are trying to send to the business community, assuming that a reduction at some point in the corporate net income tax would, indeed, come, will be totally missed by an amendment of this kind.

Mr. President, I do not think it is a workable solution. I do not think it is the perception that we are trying to create for the Commonwealth of Pennsylvania that we, indeed, are trying to reach out to not only our own business community in Pennsylvania, but also to the business communities outside of Pennsylvania and, indeed, outside this country. We want them to invest in Pennsylvania and show them we, indeed, are a friend in Pennsylvania. With this kind of amendment, I do not think it does that and do not think it works, and would hope we could defeat the amendment.

Senator EARLY. Mr. President, I rise to urge the Members to vote against this particular amendment and I think the maker of this amendment is being shortsighted. First of all, the larger corporations of which he speaks would have the ability to go into multiple states. We will find the majority of them have shown no profit, especially in the area the gentleman has indicated. The steel industry in the valley, no doubt, has not been paying corporate net income tax to this state or to any other state. We are not going to prevent what he has indicated, but he is doing something else that I think would be a great disservice to the business community. There are many more corporations, smaller corporations, that are having a difficult time staying afloat. We are telling them that this one percent decrease in the corporate taxes they will enjoy through this bill, they will not enjoy. We are telling corporations which are just hanging on by a thread that this particular amendment would prevent them from enjoying this profit. We are saying to them, "You must take this money and reinvest it." What they are saying is, "We need this money to survive."

It is no secret, Mr. President, that most of our constituents are employed by smaller corporations and not by these larger corporations that are in many states. I think it would be a disservice to the business community if this amendment should pass.

Senator ANDREZESKI. Mr. President, I would like to commend the gentleman from Allegheny, Senator Zemprelli, for offering this amendment as an alternative to an idea whose, in many opinions, time has come and gone. With the 1980 election and the subsequent passage of the Federal Tax and Reconciliation Act, the ideal is brought forth that if we, as a governing Body, put forth a series of corporate tax cuts, the resultant good of this will trickle down and trickle out to all of those beneath us or beneath these corporations.

I would like to talk about a couple of examples of the effects of the 1980 Tax and Reconciliation Act. The United States Steel Corporation was at one time thinking of closing down some of its facilities in, perhaps, the Mon Valley and the Pittsburgh area, which some of our Senators represent, and moving to a Greenfield plant in northwestern Pennsylvania on the Pennsylvania-Ohio border. With the Tax and Reconciliation Act of 1980 it was able to buy an oil company for cash. We created, through a trickle-down theory of saying let us reduce corporate taxes, a market of buys and sells at the top and literally nothing at the bottom, we have created a market in which quick cash is used for stock buys at the top which is used for mergers and acquisitions in which the new capitalists on Wall Street are those who run the green letter campaigns of buys and sells of corporations back and forth. In fact, we are also at the point of having General Motors renamed "General Toyota."

When people refer to reaching out beyond our borders, I would like to point out that perhaps reaching out is not offering a \$16 million tax reduction on corporate income tax. Maybe reaching out involves addressing with our federal officials an almost \$3 billion unemployment compensation debt which anyone who moves into this state buys a piece of and which our federal officials, when questioned at public hearings in Harrisburg, have said, "Well, what do you want us to do about it? We have to deal with other states that have solved their problem as they have taken our industry from us."

It is not a perfect solution, but it is an alternative to watching our capital, in one way, march out of this state. I urge adoption of this amendment.

And the question recurring,  
Will the Senate agree to the amendment?

The yeas and nays were required by Senator ZEMPRELLI and were as follows, viz:
