Dear Ms. Collins:

Thank you for your February 1, 1995 letter to Acting Secretary Mallory concerning the roadway construction on Route 30 (Lancaster Avenue) and Route 320.

As a result of your concerns and those expressed by others in the area, my staff and I met with you, other local business owners, township officials, and legislative leaders on February 16, 1995. We have attempted to schedule future work in a manner which will be least detrimental to businesses in the area. The project staging was discussed at the meeting and commitment regarding police operation of traffic signals was also discussed. I also committed to have representatives of our Traffic and Construction units meet with representatives of the business community on a regular basis to review progress and address any concerns.

I appreciate your concerns and this office will work with the community to complete the project in a timely manner.

Sincerely,

A handwritten signature in black ink, appearing to read "Harvey S. Knauer".
