Dear Representative Galloway and Representative Mackenzie:

The International Union of Operating Engineers Local 66 applauds your efforts to advance legislation to expand E-Verify and address misclassification. We appreciate your consideration of the relationship between these two issues.

We support the subject matter of the proposed package and look forward to working with you to ensure enforcement provisions and penalties are strong enough to deter illegal activities. We stand together against fraudulent employment, tax evasion and unsafe construction practices.

We look forward to watching the House Labor & Industry Committee hearing later this month. Moving forward, if we can be of any assistance, please do not hesitate to contact us.

Sincerely,

James T. Kunz, Jr.
