Dear Representative Galloway and Representative Mackenzie:

The Keystone Mountain Lakes Regional Council of Carpenters (KML) applauds your efforts to advance legislation to expand E-Verify and address misclassification. We appreciate your consideration of the relationship between these two issues.

We support the subject matter of the proposed package and look forward to working with you to ensure enforcement provisions and penalties are strong enough to deter illegal activities.

KML will have representation at the hearing on Monday, April 29th to testify in support of this package. We stand together with our fellow trades against fraudulent employment, tax evasion and unsafe construction practices.

We look forward to seeing you at the hearing later this month. In the meantime, if we can be of any assistance, please do not hesitate to contact us.

Sincerely,

William C. Sproule
Executive Secretary-Treasurer
