

“HACC, Central Pennsylvania’s Community College, supports LGBTQ inclusion in all areas, including athletic programs, and is opposed to any action that would discriminate against transgender students. I urge members of the Pennsylvania House of Representatives to vote against advancing HB 972: Protect Women’s Sports Act, which would ban transgender student athletes from sports activities in public institutions of higher education and public-school entities.”

— President John J. “Ski” Sygielski, MBA, Ed.D.
