

Testimony of Nick Flower (Allegheny Regional Hearing)

Partisan gerrymandering is a cancer on our democracy. I won't pretend to be an expert on how exactly they should be drawn, however I will say that there should be exactly zero consideration for drawing them with the intention to hold on to political power. This is the case no matter what party holds power. These lines should be drawn fairly. Again, I don't know how to do that exactly, I just know that they should be fair and devoid of political influences. I can prepare to speak longer on the topic if chosen but for now, these are my sentiments. My point is pretty simple: Draw them fairly, without political influence.
