

Testimony of Joyce Royster (Southwest Regional Hearing)

From the data that I have analyzed, it is evident that districts 17 & 18 can be smoothly consolidated. Our district 14 would suffer major setbacks, if eliminated. Fayette County has a population of 131,302 consisting of 66,467 females and 64,835 males. We have 92.5% white population, 4.2% Black, 3.3% biracial and 1.2% Hispanic. Our per capita income is \$43,835. Our unemployment rate is 8.4% in contrast with 6.9% for the State. WE NEED REPRESENTATION TO PROTECT OUR CONSTITUENTS. OUR VOICES NEED TO BE HEARD!!!
