The temporary authorization, when issued, shall provide a period of 120 days during which the physician assistant may practice under the terms set forth in the written agreement as submitted to the board. Within 120 days the board shall notify the supervising physician of the final approval or disapproval of the application. If approved, a final approval of the written agreement shall be issued to the supervising physician. If there are discrepancies that have not been corrected within the 120-day period, the temporary authorization to practice shall expire.** There shall be no more than four physician assistants for whom a physician has responsibility or supervises pursuant to a written agreement at any time. In health care facilities licensed under the act of July 19, 1979 (P.L.130, No.48), known as the "Health Care Facilities Act," a physician assistant shall be under the supervision and direction of a physician or physician group pursuant to a written agreement, provided that a physician supervises no more than four physician assistants at any time. A physician may apply for a waiver to employ or

supervise more than four physician assistants at any time under this section for good cause, as determined by the board. In cases where a group of physicians will supervise a physician assistant, the names of all supervisory physicians shall be included on the application.
