4 (d) Unless the board of commissioners of a county meeting
5 the requisite county population levels in section 210 enacts an
6 ordinance or adopts a resolution approving a change of
7 classification prior to February 22, 2022, as a result of the
8 delays in the 2020 Federal decennial census and the COVID-19
9 pandemic, the classification of all counties as of the effective
10 date of this subsection shall remain unchanged until the 2030
11 census, at which time the procedures established in subsections

13 whether a county has decreased in population so as to recede in
14 classification under subsection (b) following the 2030 decennial
15 census, both the 2020 and 2030 decennial censuses shall be
16 considered.
