7 The General Assembly of the Commonwealth of Pennsylvania
8 hereby enacts as follows:

9 ~~Section 1. Findings and declaration of policy.~~ <—

10 ~~The General Assembly finds as a fact that there is in~~
11 ~~prospect for the indefinite future a shortage of all forms of~~
12 ~~energy, including oil, natural gas and other fuels and the~~
13 ~~electricity into which such fuels are sometimes converted; and~~
14 ~~that such shortage is likely to curtail industrial activity,~~
15 ~~increase unemployment and threaten the health, welfare and~~
16 ~~comfort of citizens of the Commonwealth.~~

17 ~~The future well being of Pennsylvania makes it imperative~~
18 ~~that the Commonwealth pursue a policy that will result in an~~
19 ~~energy program that will provide adequate supply of power for~~
20 ~~Pennsylvania.~~

21 ~~The General Assembly declares that it is the policy of the~~
22 ~~Commonwealth of Pennsylvania to make plans that will encourage~~
23 ~~the future growth of power supplies and the development of our~~
24 ~~natural resources so that the Commonwealth will progress~~
25 ~~economically, ecologically and socially.~~

26 ~~Because of the complexity of the problem, the diverse factors~~
27 ~~that make up the solution and the need for a coordinated policy~~
28 ~~that crosses departmental authority and local government~~
29 ~~boundary lines, the General Assembly creates the Pennsylvania~~
30 ~~Energy Council as the one authority that has jurisdiction over~~
31 ~~the study of the development and growth of energy resources.~~

32 ~~The council has authority to predict future energy needs of~~

~~the Commonwealth, to outline the course that needs to be pursued to keep needs and available supply in balance, to enlist the aid of the most competent persons in the energy field and maintain continuous surveillance of energy conditions and to make recommendations for legislation that would ameliorate or avert future energy shortages.~~

~~The Pennsylvania Energy Council shall formulate a comprehensive, integrated, long range energy plan for the Commonwealth and a program for the utilization of the Commonwealth's fuel supplies that will meet the present and future energy needs of the people of the Commonwealth.~~

~~Further, it is the policy of the Commonwealth of Pennsylvania that individuals, interested groups, representatives of governmental bodies, utility representatives and experts in the field of energy participate in timely and meaningful public hearings as part of the decision making process in the formation of such a program and in the selection of sites for facilities and transmission routes.~~

~~It is further the policy of the Commonwealth of Pennsylvania that every effort be made to make coal the primary source of energy in Pennsylvania.~~

~~Section 2. Council established.~~

~~There is hereby created as an arm of the General Assembly a Pennsylvania Energy Council composed of 15 members, consisting of the Secretary of Commerce, the Secretary of Environmental Resources, the Chairman of the Public Utility Commission or their respective designees, two members of the State Senate who shall be from different political parties and appointed by the President pro tempore of the Senate, two members of the House of Representatives, who shall be from different political parties~~

1 ~~and appointed by the Speaker of the House and the following to~~
2 ~~be appointed by the Governor: eight citizens, at least two of~~
3 ~~which must be members of consumer or environmental groups and~~
4 ~~four who shall be persons possessing knowledge and experience in~~
5 ~~the supply and use of oil, gas, coal and electricity~~
6 ~~respectively and two from the academic community who have~~
7 ~~expertise in energy related fields. The terms of the members~~
8 ~~appointed by the Governor shall be for three years each. Terms~~
9 ~~of members of the General Assembly will be for two years each,~~
10 ~~except that they shall not serve on the council if their term of~~
11 ~~office has expired.~~

12 ~~The Secretary of Commerce shall serve as temporary chairman~~
13 ~~of the council and shall call the first meeting within 30 days~~
14 ~~after this legislation shall become law. At the initial meeting~~
15 ~~and at the first meeting each year thereafter the commission~~
16 ~~shall elect one of its members as chairman, another as vice~~
17 ~~chairman and a third as secretary. Members shall be reimbursed~~
18 ~~for actual and necessary expenses. The commission may retain and~~
19 ~~fix the salary and compensation for an executive director and~~
20 ~~such professional, clerical and stenographic personnel as it may~~
21 ~~require in accordance with the act of April 9, 1929 (P.L.177,~~
22 ~~No.175), known as "The Administrative Code of 1929" and within~~
23 ~~budgetary limitations.~~

24 ~~Vacancies shall be filled for unexpired terms in the same~~
25 ~~manner as original appointments.~~

26 ~~Section 3.— Compensation.~~

27 ~~None of the members of the council shall receive a salary.~~
28 ~~Expenses actually incurred shall be reimbursed by warrant,~~
29 ~~signed by the executive director or the chairman of the council.~~

30 ~~Section 4.— Planning requirements.~~

1 ~~(a) The council shall prepare, maintain and publish a~~
2 ~~comprehensive, long range and integrated energy resources plan~~
3 ~~for the Commonwealth designed to meet the present and future~~
4 ~~energy needs of the Commonwealth pursuant to this act, as~~
5 ~~follows:~~

6 ~~(1) The council shall deliver such a plan annually to~~
7 ~~the General Assembly of the Commonwealth with the first such~~
8 ~~plan being presented not more than one year from the~~
9 ~~effective date of this act and such additional plans being~~
10 ~~presented on or before the anniversary date of the first~~
11 ~~plan.~~

12 ~~(2) The plan shall include energy supply projections,~~
13 ~~fuel supply projections, fuel supply locations and the need~~
14 ~~for development of energy and fuel supplies in a timely,~~
15 ~~efficient, ecological and economical manner.~~

16 ~~(3) The plan shall include an inventory of potential~~
17 ~~energy sites.~~

18 ~~(4) The council shall, as part of its annual report,~~
19 ~~recommend such legislation to the General Assembly as it~~
20 ~~deems necessary.~~

21 ~~(5) In order to formulate the plan the council may~~
22 ~~require such information as necessary from such corporations,~~
23 ~~cooperatives and municipal corporations as are active in the~~
24 ~~field of power supply, energy or supply of fuel for power~~
25 ~~supply as it may deem necessary and that the office may~~
26 ~~prepare and distribute forms upon which such information~~
27 ~~shall be produced.~~

28 ~~(6) In order to formulate the plan, the council may~~
29 ~~order such public hearings as it may deem necessary, but not~~
30 ~~less than three in different parts of the Commonwealth each~~

1 ~~year, take testimony, issue subpoenas under the seal of the~~
2 ~~director commanding any person to appear at the hearings and~~
3 ~~answer questions touching matters properly being inquired~~
4 ~~into and to produce such books, papers, records and documents~~
5 ~~as deemed necessary.~~

6 ~~(7) In recognition of the diverse factors that enter~~

9 ~~subdivisions and others interested to participate in the~~
10 ~~public hearings.~~

11 ~~(8) The council may request and shall receive from any~~
12 ~~unit of local government or any department, board, bureau,~~
13 ~~commission, office or other instrumentality of this~~
14 ~~Commonwealth such assistance and data as it determines is~~
15 ~~necessary or desirable in carrying out this act.~~

16 ~~(9) In order to formulate such plan, the council shall~~
17 ~~be authorized and empowered to undertake any studies,~~
18 ~~inquiries or analysis as it may deem necessary through its~~
19 ~~own personnel, in cooperation with any other private agency~~
20 ~~or through such contracts with such outside experts as it may~~
21 ~~deem necessary, provided that such contracts are made in~~
22 ~~accordance with the act of April 9, 1929 (P.L.177, No.175),~~
23 ~~known as "The Administrative Code of 1929" and within~~
24 ~~budgetary limitations.~~

25 ~~(b) The council may assist in the development of new methods~~
26 ~~of using the energy and fuel resources available within the~~
27 ~~Commonwealth. Special emphasis shall be placed on the~~
28 ~~development of coal as a fuel supply.~~

29 ~~(c) The council shall coordinate programs and plans of~~
30 ~~corporations, cooperatives and municipal authorities in~~

1 ~~conjunction with power supplies and fuel resources.~~

2 ~~(d) The council shall receive from the Council of Civil~~

4 ~~of emergency with special emphasis on plans to supply hard to~~
5 ~~reach areas. In the event of such an emergency, the Council of~~
6 ~~Civil Defense, under the direction and control of the council,~~
7 ~~shall distribute emergency fuel supplies in accordance with said~~
8 ~~plan.~~

14 ~~The council shall cooperate with Federal and interstate~~
15 ~~authorities and is empowered to act as a coordinating agency~~
16 ~~with Federal and interstate authorities in planning for the~~
17 ~~future energy needs of the Commonwealth.~~

18 ~~In the formulation of the plan, the council shall meet the~~
19 ~~requirements of the Federal Energy Policy and Conservation Act~~
20 ~~(Public Law 94 163), and the Energy Conservation and Production~~
21 ~~Act (Public Law 94 385), including the following:~~

16 PROSPECT FOR THE INDEFINITE FUTURE A SHORTAGE OF ALL FORMS OF
17 ENERGY, INCLUDING OIL, NATURAL GAS AND OTHER FUELS AND THE
18 ELECTRICITY INTO WHICH SUCH FUELS ARE SOMETIMES CONVERTED; AND
19 THAT SUCH SHORTAGE IS LIKELY TO CURTAIL INDUSTRIAL ACTIVITY,
20 INCREASE UNEMPLOYMENT AND THREATEN THE HEALTH, WELFARE AND
21 COMFORT OF CITIZENS OF THE COMMONWEALTH.

22 THE FUTURE WELL-BEING OF PENNSYLVANIA MAKES IT IMPERATIVE
23 THAT THE COMMONWEALTH PURSUE A POLICY THAT WILL RESULT IN AN
24 ENERGY PROGRAM THAT WILL PROVIDE ADEQUATE SUPPLY OF ENERGY FOR
25 PENNSYLVANIA.

26 THE GENERAL ASSEMBLY DECLARES THAT IT IS THE POLICY OF THE
27 COMMONWEALTH OF PENNSYLVANIA TO MAKE PLANS THAT WILL ENCOURAGE
28 THE FUTURE GROWTH OF ENERGY SUPPLIES AND THE DEVELOPMENT OF OUR
29 NATURAL RESOURCES SO THAT THE COMMONWEALTH WILL PROGRESS
30 ECONOMICALLY, ECOLOGICALLY AND SOCIALLY.

1 BECAUSE OF THE COMPLEXITY OF THE PROBLEM, THE DIVERSE FACTORS
2 THAT MAKE UP THE SOLUTION AND THE NEED FOR A COORDINATED POLICY
3 THAT CROSSES DEPARTMENTAL AUTHORITY AND LOCAL GOVERNMENT
4 BOUNDARY LINES, THE GENERAL ASSEMBLY CREATES THE PENNSYLVANIA
5 ENERGY COUNCIL TO OVERSEE THE DEVELOPMENT AND GROWTH OF ENERGY
6 RESOURCES IN THE COMMONWEALTH.

7 FURTHER, IT IS THE POLICY OF THE COMMONWEALTH OF PENNSYLVANIA
8 THAT INDIVIDUALS, INTERESTED GROUPS, REPRESENTATIVES OF
9 GOVERNMENTAL BODIES, UTILITY REPRESENTATIVES AND EXPERTS IN THE
10 FIELD OF ENERGY PARTICIPATE IN THE DECISION-MAKING PROCESS OF
11 THE COUNCIL.

12 IT IS FURTHER THE POLICY OF THE COMMONWEALTH OF PENNSYLVANIA
13 THAT EVERY EFFORT BE MADE TO MAKE COAL THE PRIMARY SOURCE OF
14 ENERGY IN PENNSYLVANIA.
