AS AMENDED IN THE HOUSE OF REPRESENTATIVES, APRIL 26, 1977

---

In the House of Representatives, March 28, 1977

1 Cheap labor and government subsidies in foreign countries  
2 makes it possible to produce various goods and commodities there  
3 and sell them here at prices lower than the price required for  
4 those produced in Pennsylvania and her sister states. Flooding  
5 of the markets of the United States with such foreign made items  
6 results in the loss of jobs for our workmen. The only effective  
7 way to prevent such harmful activities is to establish and  
8 enforce import quotas; therefore be it

9 RESOLVED, That the House of Representatives of the  
10 Commonwealth of Pennsylvania calls on the President of the  
11 United States to direct his special representative for trade to  
12 develop voluntary trade restraints in the various goods and  
13 commodities, including, but not limited to shoes, textiles,  
14 wearing apparel, mushrooms and steel. Should this fail, the  
15 House of Representatives calls on the President of the United  
16 States and the Congress of the United States to establish quotas

1 on the importation of the aforementioned goods and commodities  
2 into this Nation and strictly enforce the application of the  
3 quotas set for the protection of the welfare of the citizens of  
4 the United States and its industries engaged in the manufacture  
5 and production of the various goods and commodities under such  
6 quotas; and be it further

7       RESOLVED, That copies of this resolution be transmitted to  
8 the President of the United States, the presiding officers of  
9 the Senate and House of Representatives of the Congress of the  
10 United States and each of the Senators and Congressmen from  
11 Pennsylvania for their review and comment.
