20 Section 2. Subdivision of construction.

21 The Department of General Services is hereby empowered to  
 22 subdivide and assign to the appropriate departments having  
 23 jurisdiction, upon mutual agreement, design and construction of  
 24 certain portions of the itemized projects where it is determined  
 25 that such assignment is in the best interests of the  
 26 Commonwealth to insure timely compliance with the requirements  
 27 of section 504 of the Rehabilitation Act of 1973. Such  
 28 subdivision of construction shall be limited to those  
 29 improvements which can be accomplished through the purchase of  
 30 equipment and materials with construction and/or installation by

1 institutional personnel.

2 Section 3. Debt authorization.

3 The Governor, Auditor General and State Treasurer are hereby  
4 authorized and directed to borrow, from time to time, in  
5 addition to any authorization heretofore or hereafter enacted,  
6 on the credit of the Commonwealth, subject to the limitations  
7 provided in the current capital budget, money not exceeding in  
8 the aggregate the sum of \$29,717,000 as may be found necessary  
9 to carry out the acquisition and construction of the public  
10 improvement projects specifically itemized in a capital budget.

11 Section 4. Issue of bonds.

12 The indebtedness herein authorized shall be incurred from  
13 time to time and shall be evidenced by one or more series of  
14 general obligation bonds of the Commonwealth in such aggregate  
15 principal amount for each series as the Governor, Auditor  
16 General and State Treasurer shall determine, but the latest  
17 stated maturity date shall not exceed 30 years from the date of  
18 the bond first issued for each such series.

19 Section 5. Estimated useful life of projects.

20 The General Assembly states the estimated useful life of the  
21 public improvement projects heretofore itemized is not less than  
22 30 years from the date of completion thereof, which period is  
23 hereby stated to be the maximum term of the debt to be incurred.

24 Section 6. Appropriation.

25 The net proceeds of the sale of the obligations herein  
26 authorized are hereby appropriated from the Capital Facilities  
27 Fund to the Department of General Services in the maximum amount  
28 of \$29,717,000 to be used by it exclusively to defray the  
29 financial cost of the public improvement projects specifically  
30 itemized in a capital budget. After reserving or paying the

1 expenses of the sale of the obligation, the State Treasurer  
2 shall pay to the Department of General Services the moneys as  
3 required and certified by it to be legally due and payable.

4 Section 7. Federal funds.

5 In addition to those funds appropriated in section 6, all  
6 moneys received from the Federal Government, if any, for the  
7 construction of the public improvement projects specifically  
8 itemized herein are also hereby appropriated for those projects.

9 Section 8. Allocation of funds.

10 Whenever, as determined by the Department of General  
11 Services, the full estimated financial cost of the public  
12 improvement projects itemized in section 1 hereof are not  
13 necessary for the proper design, acquisition or construction of  
14 the projects, the excess funds no longer required may be  
15 allocated to increase the estimated cost of any one or more of  
16 the public improvement projects specifically itemized in a  
17 capital budget.

18 Section 9. Effective date.

19 This act shall take effect immediately.
