30 county medical examiner shall also have the power to appoint,

1 remove and supervise all employes of the office of county
2 medical examiner.

3 (b) The county medical examiner may appoint one person,
4 learned in the law, as his solicitor. The solicitor shall advise
5 the county medical examiner upon all legal matters that may be
6 submitted to him and shall conduct any litigation in connection
7 with the coroner's office when requested to do so by him. The
8 salary of the solicitor shall be determined by the salary board.

9 (c) If the county medical examiner shall be legally removed
10 from office or shall die or resign, the chief deputy medical
11 examiner, where one exists, shall execute the office of county
12 medical examiner and perform all things thereunto appertaining
13 until another county medical examiner is appointed and notice
14 thereof is given to such chief deputy medical examiner.

15 (d) The county commissioners shall make available, according

30 shall be accounted for and paid to the county treasurer pursuant

1 to sections 1801 and 1802.

2 (2) Payment for examinations or professional services shall
3 be the responsibility of the county or person requesting such
4 services.

5 (g) The county medical examiner shall make general rules and
6 regulations for the government and control of county morgues,
7 and shall, where such staff is necessary, appoint suitable
8 persons for such morgues so established to have charge of the
9 same, and who shall be removable at the pleasure of the county
10 medical examiner. The number of such persons and the salary of
11 each shall be fixed by the salary board.

12 (h) The county medical examiner shall establish, and revise
13 when necessary, guidelines relative to the qualifications and
14 responsibilities of his employees.

15 (i) The office of the county medical examiner shall be
16 available for official business twenty-four hours a day, seven
17 days a week.

18 Section 1263. Removal of Bodies to Morgue.--Whenever the
19 body of any deceased person who is unidentified, or which body
20 is unclaimed by proper persons, has been found within the
21 county, it shall be removed to the county morgue. The county
22 medical examiner shall, if he deems it necessary, cause any such
23 body to be properly embalmed or prepared for preservation for
24 such length of time as he may think proper. Any such body shall
25 be examined or inspected only by such persons as the county
26 medical examiner authorizes in writing or who are admitted in
27 his presence. No such body shall be removed from any such morgue
28 except upon the certificate of the county medical examiner.

29 Section 1264. Ambulances.--In the county, the county
30 commissioners shall furnish and maintain, from the general funds

1 of the county, ambulances for the removal of bodies of deceased
2 persons to and from the morgue and for the burial of unclaimed
3 bodies. The county medical examiner may provide rules and
4 regulations for the use and maintenance of the ambulances.

5 Section 1265. Unclaimed Property of Deceased; Sales.--(a)
6 The county medical examiner shall safely keep in his charge all
7 personal effects and property which appear to have been on or
8 about the person at the time of his death, or being found on any
9 decedent whose body is received at the county morgue, and all
10 such effects and property which are delivered to him according
11 to law. The county medical examiner shall hold such property for
12 one year, unless sooner claimed by legal representatives of the
13 deceased or otherwise duly and lawfully claimed or disposed of.

14 (b) After one year, the county medical examiner shall cause
15 such property remaining unclaimed, or so much thereof as remains
16 undisposed of according to law except moneys and such properties
17 as securities which may not be subject to such a sale, which
18 shall be turned over to the county commissioners for proper
19 disposition or use, to be sold at public sale.

20 (c) Notice of any such public sale shall be published in at
21 least one newspaper of general circulation in the county once a
22 week for three successive weeks. The proceeds of all such sales
23 shall be paid immediately into the county treasury, and the
24 county medical examiner shall make a written report thereof to
25 the county commissioners, under oath, at the same time. If the
26 body has been buried at the expense of the institution district,
27 the county shall pay the proceeds of the sale, of such property
28 as was not subject to sale, as hereinbefore provided, less
29 costs, over to the institution district. The foregoing
30 provisions shall be in lieu of escheat to the Commonwealth.

1 Section 1266. County Medical Examiner's Investigations.--The
2 county medical examiner having a view of the body shall
3 investigate the facts and circumstances concerning deaths which
4 appear to have happened within the county, regardless where the
5 cause thereof may have occurred, for the purpose of determining
6 whether or not an autopsy should be conducted or an inquest
7 should be held, in the following cases:

8 (1) sudden deaths not caused by readily recognizable
9 disease, or wherein the cause of death cannot be properly
10 certified by a physician on the basis of prior (recent) medical
11 attendance;

12 (2) deaths occurring under suspicious circumstances,
13 including those where alcohol, drugs or other toxic substances
14 may have had a direct bearing on the outcome;

15 (3) deaths occurring as a result of violence or trauma,
16 whether apparently homicidal, suicidal or accidental (including
17 those due to mechanical, thermal, chemical, electrical or
18 radiational injury, drowning, cave-ins and subsidences);

19 (4) any death in which trauma, chemical injury, drug
20 overdose or reaction to drugs or medication or medical
21 treatment, was a primary or secondary, direct or indirect,
22 contributory, aggravating or precipitating cause of death;

23 (5) operative and peri-operative deaths in which the death
24 is not readily explainable on the basis of prior disease;

25 (6) any death wherein the body is unidentified or unclaimed;

26 (7) deaths known or suspected as due to contagious disease
27 and constituting a public hazard;

28 (8) deaths occurring in prison, penal institution or while
29 in the custody of the police;

30 (9) deaths of persons whose bodies are to be cremated,

buried at sea or otherwise disposed of so as to be thereafter
unavailable for examination; and
(10) sudden infant death syndrome.

The purpose of the investigation shall be to determine the cause
of any such death and to determine whether or not there is
sufficient reason for the county medical examiner to believe
that any such death may have resulted from criminal acts or
criminal neglect of persons other than the deceased.

Section 1267. Sudden Deaths Defined.--The county medical
examiner shall regard any death as sudden if it occurs without
prior medical attendance by a person who may lawfully execute a
certificate of death in this Commonwealth, or if, within twenty-
four hours of death, the decedent was discharged from such
medical attendance if a change of such medical attendance had
occurred, or if such medical attendance began within twenty-four
hours of death and the medical attendant refuses or is unable to
certify the cause of death. Medical attendance includes
hospitalization. The provisions of this section shall not be
construed to affect the medical examiner's discretion as to
whether or not any death was suspicious, nor shall they be
construed to authorize the county medical examiner to
investigate a sudden death any further than necessary to
determine the cause and manner of death.

Section 1268. Bodies not to be Moved.--In all cases where
the county medical examiner has jurisdiction to investigate the
facts and circumstances of death, the body and its surroundings
shall be left untouched until the county medical examiner has
had a view thereof or until he shall otherwise direct or
authorize, except as may be otherwise provided by law, or as
circumstances may require. Bodies upon a public thoroughfare or

1 in other places may be removed so much as is necessary for
2 precaution against traffic accidents or other serious
3 consequences which might reasonably be anticipated if they were
4 left intact.

5 Section 1269. County Medical Examiner's Investigation,
6 Autopsy; Inquest; Records.--(a) If, upon the investigation by
7 the county medical examiner, he shall be unable to determine the
8 cause and manner of death, he shall perform an autopsy on the
9 body.

10 (b) If the county medical examiner is unable to determine
11 the cause and manner of death following the autopsy, he shall
12 proceed to conduct an inquest upon a view of the body, as
13 provided by law. At the inquest, the county medical examiner's
14 duty shall be to ascertain the cause of death and to determine
15 whether any person other than the deceased was criminally
16 responsible therefor by act or neglect, and if so, the identity
17 of the persons, and any further evidence and witnesses regarding
18 the crime.

19 (c) The proceedings at the inquest shall be recorded, at the
20 expense of the county, in a manner to be provided by the county
21 commissioners, and any salary that may be required for this
22 purpose shall be fixed by the salary board.

23 (d) The county medical examiner may, in his discretion,
24 admit or exclude members of the public from any inquest or part
25 thereof, and admit or exclude any person interested or suspected
26 from such inquest or any part thereof. No person excluded may
27 appear by attorney, but any person required to attend may have
28 benefit of counsel at such attendance.

29 Section 1270. Inquests; Juries.--(a) The county medical
30 examiner may at his discretion summon a jury of six to be

1 selected from the jury panel in the criminal division, court of
2 common pleas.

3 (b) The function of such jury shall be to determine the
4 manner of death and whether any criminal act of persons known or
5 unknown caused such death. Such jury shall be paid as provided
6 by law as if they were serving the court of common pleas.

7 Section 1271. Power of Subpoena and Attachment.--The county
8 medical examiner shall have power to issue subpoenas to obtain
9 the attendance of any person whom it may be necessary to examine
10 as a witness at any inquest, and to compel attendance by
11 attachment in like manner and to the same extent as any court of
12 common pleas of this Commonwealth may or can do in cases pending
13 before it, and also to compel in like manner the production of
14 all papers and other things relative to such inquest. Such
15 subpoena and attachment shall be served and executed by the
16 sheriff or by the medical examiner himself or his deputy, as the
17 case may require.

18 Section 1272. Power to Administer Oaths.--The county medical
19 examiner shall have power to administer oaths and affirmations
20 to all persons brought or appearing before him, and any person
21 swearing or affirming falsely on such examination shall be
22 guilty of perjury.

23 Section 1273. Commitment to County Prison.--If any person
24 appearing before the county medical examiner for examination
25 shall refuse to take oath or affirmation, or after having been
26 sworn or affirmed shall refuse to make answer to such questions
27 as shall be put to him by the county medical examiner touching
28 the matters of the inquest, such person so refusing may be held
29 for contempt before the court of common pleas.

30 Section 1274. Cooperation with District Attorney.--In the

exercise of his duties as contained in this subdivision, the county medical examiner shall, so far as may be practicable, consult and advise with the district attorney.

Section 1275. Release of County Medical Examiner's Jurisdiction.--Whenever the county medical examiner assumes jurisdiction of a body pursuant to the provisions of this subdivision or of any other law, the body shall not be released or removed from his jurisdiction except upon his direction and consent, in accordance with law.

Section 1276. Certificate of Cause of Death.--The county medical examiner shall issue a certificate of cause of death in all cases referred to him by the local registrar of vital statistics, pursuant to the provisions of the act of June 29, 1953 (P.L.304, No.66), known as the "Vital Statistics Law of 1953," and in all other cases of which he has jurisdiction, if no person duly authorized by that act certifies the cause of death.

Section 1277. Pituitary Glands.--(a) The county medical examiner performing an autopsy otherwise authorized by law may remove the pituitary gland of the decedent and dispose of it pursuant to subsection (b) if:

(1) the decedent by his will or other document authorizes the removal; or

(2) any of the persons listed in 20 Pa.C.S. § 8602(b) (relating to persons who may execute an anatomical gift) authorizes its removal and no person in a higher class, as provided in 20 Pa.C.S. § 8602(b), overrules the person's permission.

The pituitary glands may not be removed, as provided for in this section, if the removal would interfere in any way with an

1 anatomical gift made pursuant to 20 Pa.C.S. Ch. 86 (relating to
2 anatomical gifts).

3 (b) Pituitary glands removed pursuant to this section shall
4 be delivered to the National Pituitary Agency for use in
5 research and manufacturing of hormones necessary for the
6 physical growth of hypopituitary dwarfs, or to such other agency
7 or organization for similar purposes as authorized by the
8 Humanity Gifts Registry.

9 (c) Any moneys payable for the delivery of pituitary glands
10 as provided in subsection (b) may be waived by the county
11 medical examiner. If such moneys are not waived, the proceeds
12 shall be payable directly to the county treasury and no officer
13 or employe of the county medical examiner's office shall receive
14 any compensation for such removal or disposition except the
15 salaries or fees otherwise payable by law.

16 (d) Nothing in this section shall be construed to prohibit
17 or regulate the removal of pituitary glands when such removal is
18 deemed necessary for the purposes of the autopsy.

19 Section 1278. Anatomical Gifts.--The county medical examiner
20 may order the removal of parts of a decedents body for donation
21 purposes in accordance with Chapter 86 of Title 20 (relating to
22 anatomical gifts).

23 Section 6. The heading of subdivision (c) of Article XII and
24 sections 1260, 1261 and 1262 of the act are amended to read:

25 [(c)] (d) Provisions Relating to Sheriffs [and],

26 Coroners and Medical Examiners

27 Section [1260] 1290. Not to Exercise Office Until Commission
28 Granted and Recorded; Penalty.--No person elected or appointed
29 to the office of sheriff or coroner shall execute any of the
30 duties of such office before a commission shall have been duly

1 granted to him by the Governor and recorded in the recorder of
2 deeds office, under a penalty of imprisonment for a term not
3 exceeding six months, at the discretion of the court of quarter
4 sessions. Such person shall nevertheless be liable to any person
5 injured by any acts done by him under color of such office.

6 Section [1261] 1291. Recognizances of Sheriffs [and],
7 Coroners and Medical Examiners.--(a) Every sheriff, whether
8 elected, reelected or appointed to fill a vacancy, not including
9 any coroner temporarily acting as sheriff, and every coroner and
10 medical examiner, before he is commissioned or executes any
11 duties of his respective office, shall execute and duly
12 acknowledge before the recorder of deeds a proper recognizance,
13 without any surety, to the Commonwealth of Pennsylvania for the
14 faithful discharge of all of his official duties, in like manner
15 as that of his official bond required by law and in a form
16 containing like conditions as such bond. The recognizance shall
17 be immediately recorded in said county, at the expense of said
18 sheriff or coroner or medical examiner, and when so recorded
19 shall be transmitted to the Secretary of the Commonwealth with
20 said recorder's certificate endorsed thereon of its having been
21 duly recorded and with a reference to the place of record
22 thereof.

23 (b) Every such recognizance hereafter executed shall
24 continue to be a lien on the real estate owned by the sheriff or
25 coroner or medical examiner at the date of such acknowledgment
26 for a period of six years from that date. Every recognizance
27 heretofore executed by any sheriff or coroner or medical
28 examiner shall continue to be a lien on the real estate owned by
29 the sheriff or coroner or medical examiner at the time the
30 recognizance was dated for a period of six years after that

1 date, but in every case where the period of six years has
2 already expired, the lien of such recognizance shall continue
3 for a period of two years after the twenty-ninth day of
4 September, one thousand nine hundred fifty-one, or to the end of
5 the lien term fixed by law at the time the recognizance was
6 executed, whichever date shall first occur.

7 (c) The Secretary of the Commonwealth shall have and keep
8 the custody of every such recognizance, and any copy thereof and
9 of said endorsements certified to by the Secretary of the
10 Commonwealth shall be competent evidence of the execution,
11 delivery and recording thereof in any judicial proceedings, and
12 may be relied upon by any public officer to the same extent as
13 the original recognizance.

14 (d) The recorder of deeds may also certify copies of such
15 recognizance and the time and place of record thereof for like
16 purposes, upon receipt of his fees therefor, according to
17 existing laws.

18 (e) Such recognizance or any duly certified copy thereof may
19 likewise be recorded and indexed like a judgment in any other
20 county of this Commonwealth by any person or public officer,
21 upon payment of the usual fees to the recorder of deeds and
22 prothonotary of such county, respectively, for the purpose of
23 creating a lien on any real estate of the sheriff or coroner or
24 medical examiner obligated thereby lying in such other county.

25 (f) It shall be the duty of the recorder of deeds of the
26 county for which a sheriff or coroner or medical examiner is
27 elected or appointed, as soon as said sheriff or coroner or
28 medical examiner is commissioned, to certify the date, amount
29 and place of record of his recognizance, with the name and
30 address of said sheriff or coroner or medical examiner, to the

1 prothonotary of said county, who shall enter such information
