2 Section 601. Definitions and Reports.--(a) The following

17 year, or if no such return is made, as would have been set forth
18 had such a return been made, subject, however, in either case to
19 any correction thereof, for fraud, evasion or error[.] and

27 another corporation, the net income or loss shall be computed on
28 an unconsolidated basis exclusive of the net income or loss of
29 such other corporation.

23 number of shares.

24 It shall be the duty of every such company, at the time of
25 making every report required by this section, to compute the tax
26 and to pay the amount of said tax to the State Treasurer,
27 through the Department of Revenue, either from its general fund,
28 or from the amount of said tax collected from its shareholders:
29 Provided, That for the calendar years beginning January 1, 1971
30 through January 1, 1991, every such company shall, at the time

2 1971 through January 1, 1991, compute the tax and pay to the
3 State Treasurer, through the Department of Revenue, either from
4 its general fund, or from the amount of said tax collected from

7 remaining tax due shall be paid at the time when the report
8 herein required for the year next succeeding is made: Provided,
9 That upon the payment of the tax fixed by this act into the
10 State Treasury, through the Department of Revenue, the shares
11 and so much of the capital stock, surplus, profits, and deposits
12 of such company as shall not be invested in real estate, shall
13 be exempt from all other taxation under the laws of this

18 Section 7 6. Section 801.1 of the act, amended July 1, 1989 <—
19 (P.L.95, No.21), is amended to read:

20 Section 801.1. Ascertainment of Taxable Amount; Exclusion of
21 United States Obligations.--(a) The taxable amount of shares
22 shall be ascertained and fixed by adding together the value
23 determined under subsection (b) for the current and preceding
24 five years and dividing the resulting sum by six. If a company
25 has not been in existence for a period of six years, the taxable
26 amount of shares shall be ascertained and fixed by adding
27 together the value determined under subsection (b) for the
28 number of years the company has been in existence and dividing
29 the resulting sum by such number of years.

30 (b) The value for each year required by subsection (a) shall

1 be determined by adding together the book value of capital stock
2 paid in, the book value of the surplus, the book value of
3 undivided profits and the book value of the unearned premium
4 reserve with a deduction from the total thereof of an amount
5 equal to the same percentage of such total as the book value of
6 obligations of the United States bears to the book value of the
7 total assets. For purposes of this subsection, in the case of
8 banks and bank and trust companies, book values and the
9 deduction for United States obligations for each year shall be
10 determined by the Reports of Condition made in each calendar
11 quarter in the preceding calendar year in accordance with the
12 requirements of the Board of Governors of the Federal Reserve
13 System, the Comptroller of the Currency, the Federal Deposit
14 Insurance Corporation or other applicable regulatory authority
15 and in the case of [title insurance and] trust companies which
16 do not file such Reports of Condition, book values and the
17 deduction for United States obligations for each year shall be
18 determined by generally accepted accounting principles as of the
19 end of each calendar quarter in the preceding calendar year and
20 book values shall in all cases be averaged as calculated by
21 averaging book values as determined by such Reports of Condition
22 or as determined at the end of each calendar quarter in the case
23 of [title insurance and] trust companies which do not file such
24 Reports of Condition. For the purposes of this article, United
25 States obligations shall be obligations coming within the scope
26 of 31 U.S.C. § 3124. For any year in which a bank or bank and
27 trust company does not file four quarterly Reports of Condition,
28 book values and deductions for United States obligations shall
29 be determined by adding together the book values and deductions
30 for United States obligations from each quarterly Reports of

1 Condition filed for such year and dividing the resulting sums by
2 the number of such Reports of Condition. For any year in which a
3 [title insurance company or] trust company is not in existence
4 for the full year, book values and deductions for United States
5 obligations shall be determined by adding together the book
6 values and deductions for United States obligations as of the
7 end of each calendar quarter in which the company was in
8 existence at the end of such calendar quarter and dividing the
9 resulting sums by the number of such calendar quarters. For
10 purposes of this section, a partial year shall be treated as a
11 full year.

12 (c) For purposes of this section:

13 (1) a mere change in identity, form or place of organization
14 of one company, however effected, shall be treated as if a
15 single company had been in existence prior to as well as after
16 such change; and

17 (2) the combination of two or more companies into one shall
18 be treated as if the constituent companies had been a single
19 company in existence prior to as well as after the combination
20 and the book values and deductions for United States obligations
21 from the Reports of Condition or as determined by generally
22 accepted accounting principles as of the end of each calendar
23 quarter of the constituent companies shall be combined. For
24 purposes of the preceding sentence, a combination shall include
25 any acquisition required to be accounted for by the surviving
26 company under the pooling of interest method in accordance with
27 generally accepted accounting principles or a statutory merger
28 or consolidation.
