INTRODUCED AS NONCONTROVERSIAL RESOLUTION UNDER RULE 35,
MAY 13, 1997

A RESOLUTION

1 Designating the week of June 2 through 8, 1997, as "Electric
2 Technologies Week" in Pennsylvania.

3 WHEREAS, Innovative electric technologies can and must play a
4 vital role in Pennsylvania's energy, environmental and economic
5 strategies and policies; and

6 WHEREAS, Advanced electric technologies save total energy,
7 increase productivity and reduce emissions for cleaner air; and

8 WHEREAS, Electric technologies can power this Commonwealth's
9 business and industry, from small to large-scale, and can
10 attract clean new development and technologies to Pennsylvania
11 for economic prosperity and environmental benefit; and

12 WHEREAS, Electric technologies are playing a key role in
13 national policy for advancing technology development, saving
14 energy and reducing emissions to the environment; and

1 WHEREAS, The Commonwealth, through its Technology 21
2 initiative, in providing leadership in the development and
3 transfer of new technologies for the purpose of promoting energy
4 efficiency, increasing business productivity and achieving a
5 cleaner environment; and

6 WHEREAS, On June 2 and 3, 1997, the Pennsylvania Electric
7 Association and its member companies are sponsoring the
8 Electrotechnology Expo at the State Capitol Building to showcase
9 the many uses of electric technologies for Statewide economic
10 and environmental enhancement; therefore be it

11 RESOLVED, That the House of Representatives designate the
12 week of June 2 through 8, 1997, as "Electric Technologies Week"
13 in Pennsylvania in recognition of the very positive economic and
14 environmental benefits these technologies can produce in this
15 Commonwealth.
