10 The General Assembly of the Commonwealth of Pennsylvania
11 hereby enacts as follows:

12 Section 1. Section 6.1 of the act of August 10, 1951
13 (P.L.1189, No. 265), entitled, as amended, "An act regulating
14 the appointment, promotion, suspension, reduction, removal and
15 reinstatement of employes (except superintendents, assistant
16 superintendents, inspectors, chief clerks and school guards) in
17 bureaus of police in cities of the second class; and defining
18 the powers and duties of civil service commissions in such
19 cities for such purposes," amended July 9, 1963 (P.L.217,
20 No.124), is amended to read:

21 Section 6.1. [In addition to existing powers of promotion in

1 the bureau of police, cities of the second class are hereby
2 authorized to create such additional classes of detectives as
3 they shall determine to be designated as Detective Class I,
4 Detective Class II and Detective Class III. Such classes of
5 detectives shall carry salaries which shall not be less than the
6 maximum of salaries of patrolmen and not greater than the
7 minimum salaries of detectives presently existing in cities of
8 the second class, and shall consist of members of the police
9 bureau who have been assigned to such additional classes of
10 detectives because of a particular aptitude for investigation,
11 outstanding meritorious service, or unusual and exceptional
12 bravery.

13 Assignments to the several additional classes of detectives
14 shall be made in the following manner. Whenever a member of the
15 police bureau is recommended by his superior officer for
16 assignment to one of the additional classes of detectives
17 authorized in this section a police merit board shall be
18 convened.

19 The board shall be constituted in each instance in the same
20 manner as police trial boards authorized by law. The police
21 merit board shall hear such evidence as may be pertinent to the
22 case and shall thereafter make its recommendation. Such
23 recommendation shall then be forwarded to the superintendent of
24 police who shall endorse thereon his approval or disapproval of
25 the board's finding. Thereafter the said report with the
26 endorsement of the superintendent of police shall be submitted
27 to the director of the department of public safety who shall
28 take such action thereon as in his discretion he deems proper.
29 In case of such assignments to an additional detective
30 classification the member of the bureau of police so assigned

1 shall retain his civil service status under the civil service
2 laws then in effect. Whenever for any reason within the
3 discretion of the director of the department of public safety it
4 is deemed necessary or desirable to reassign any such member to
5 his former position the said director of the department of
6 public safety shall have the right to make such reassignment.
7 Civil service commissions of cities of the second class may, in
8 their discretion, make such rules and regulations for grades,
9 merits, or credits, concerning the positions authorized by this
10 section and relating to promotional examinations for such
11 positions in the bureau of police as they may see fit. Rules and
12 regulations relating to promotional examinations shall not
13 require as a condition of taking any such examination that the
14 applicant have any experience or service other than the
15 completion of four years of service in the bureau of police.]

16 (a) Cities of the second class are hereby authorized to
17 create the classification of detectives. Detectives shall be
18 paid salaries which shall not be less than the maximum of
19 salaries of patrolmen. Vacancies in detectives' positions shall
20 be filled pursuant to the competitive testing requirements set
21 forth in section 6 and the civil service rules and regulations
22 governing promotion to positions of rank within the police
23 bureau.

24 (b) In any case in which a city of the second class has
25 prior to the effective date of this subsection assigned
26 policemen to the classification of detective but not through the
27 competitive testing requirements of this act, such assignment
28 shall be deemed to have been a valid exercise of the legislative
29 power of the city for all purposes the same as though an
30 ordinance has been enacted, and all policemen appointed

1 thereunder shall occupy the same status and shall have the same
2 rights and privileges as in the case of policemen appointed
3 under authority of an ordinance.

4 Section 2. This act shall take effect immediately.
