A CONCURRENT RESOLUTION

1 Establishing the Joint Legislative Commission on Public School
2 Finance and providing for the powers and duties of the
3 commission.

4 WHEREAS, Section 14 of Article III of the Constitution of
5 Pennsylvania clearly gives the General Assembly sole authority
6 to "...provide for the maintenance and support of a thorough and
7 efficient system of public education to serve the needs of the
8 Commonwealth"; and

9 WHEREAS, The General Assembly, as part of Act 114 of 2006,
10 amended the Public School Code of 1949 to direct the State Board
11 of Education to "...conduct or provide for a comprehensive
12 Statewide costing-out study to arrive at a determination of the
13 basic cost per pupil to provide an education that will permit a
14 student to meet the State's academic standards and assessments"

1 with a final report to be presented to the General Assembly one
2 year from the date the contract to conduct the study was signed;
3 and

4 WHEREAS, The Commonwealth of Pennsylvania spends in excess of
5 \$14 billion on education in grades kindergarten through 12.
6 According to the National Education Association, in 2004-2005
7 Pennsylvania ranked 14th in expenditures per student at \$9,638
8 per pupil, well above the national average of \$8,618; and

9 WHEREAS, The Individuals with Disabilities Education Act
10 places strict provisions for identification and services for
11 children with special needs. Federal funding for the Individuals
12 with Disabilities Education Act has historically been severely
13 underfunded; and

14 WHEREAS, The No Child Left Behind Act of 2001, which focuses
15 on accountability, requiring states to close any existing
16 achievement gaps and assure students are proficient in basic
17 core academic subjects, is underfunded by the Federal
18 Government; and

19 WHEREAS, The Commonwealth has established academic standards
20 and Statewide assessments in order to move Pennsylvania's
21 students toward defined proficiencies in core academic subjects;
22 and

23 WHEREAS, Over the past three decades, efforts have been made
24 throughout the nation to revise state systems for funding public
25 schools; and

26 WHEREAS, Both Federal and State courts have increasingly been
27 asked to review the constitutionality of educational funding
28 systems that rely on local property taxes; and

29 WHEREAS, Opposition to existing State funding systems has
30 centered on the argument that dependence on local property taxes

1 yields disparities in funding between school districts that
2 violate constitutional provisions regarding equal protection, as
3 well as State constitutional obligations with regard to
4 education; and

5 WHEREAS, Pennsylvania currently ranks 11th in the nation in
6 the number of individual school districts; and

7 WHEREAS, Concerns have been raised that this large number of
8 administrative units is not cost effective and the merging of
9 some districts or regionalization of services would be more
10 efficient both economically and educationally; therefore be it

11 RESOLVED (the Senate concurring), That the General Assembly
12 establish the Joint Legislative Commission on Public School
13 Finance as a means of analyzing the results of the State Board
